

Clusters for Patient p10

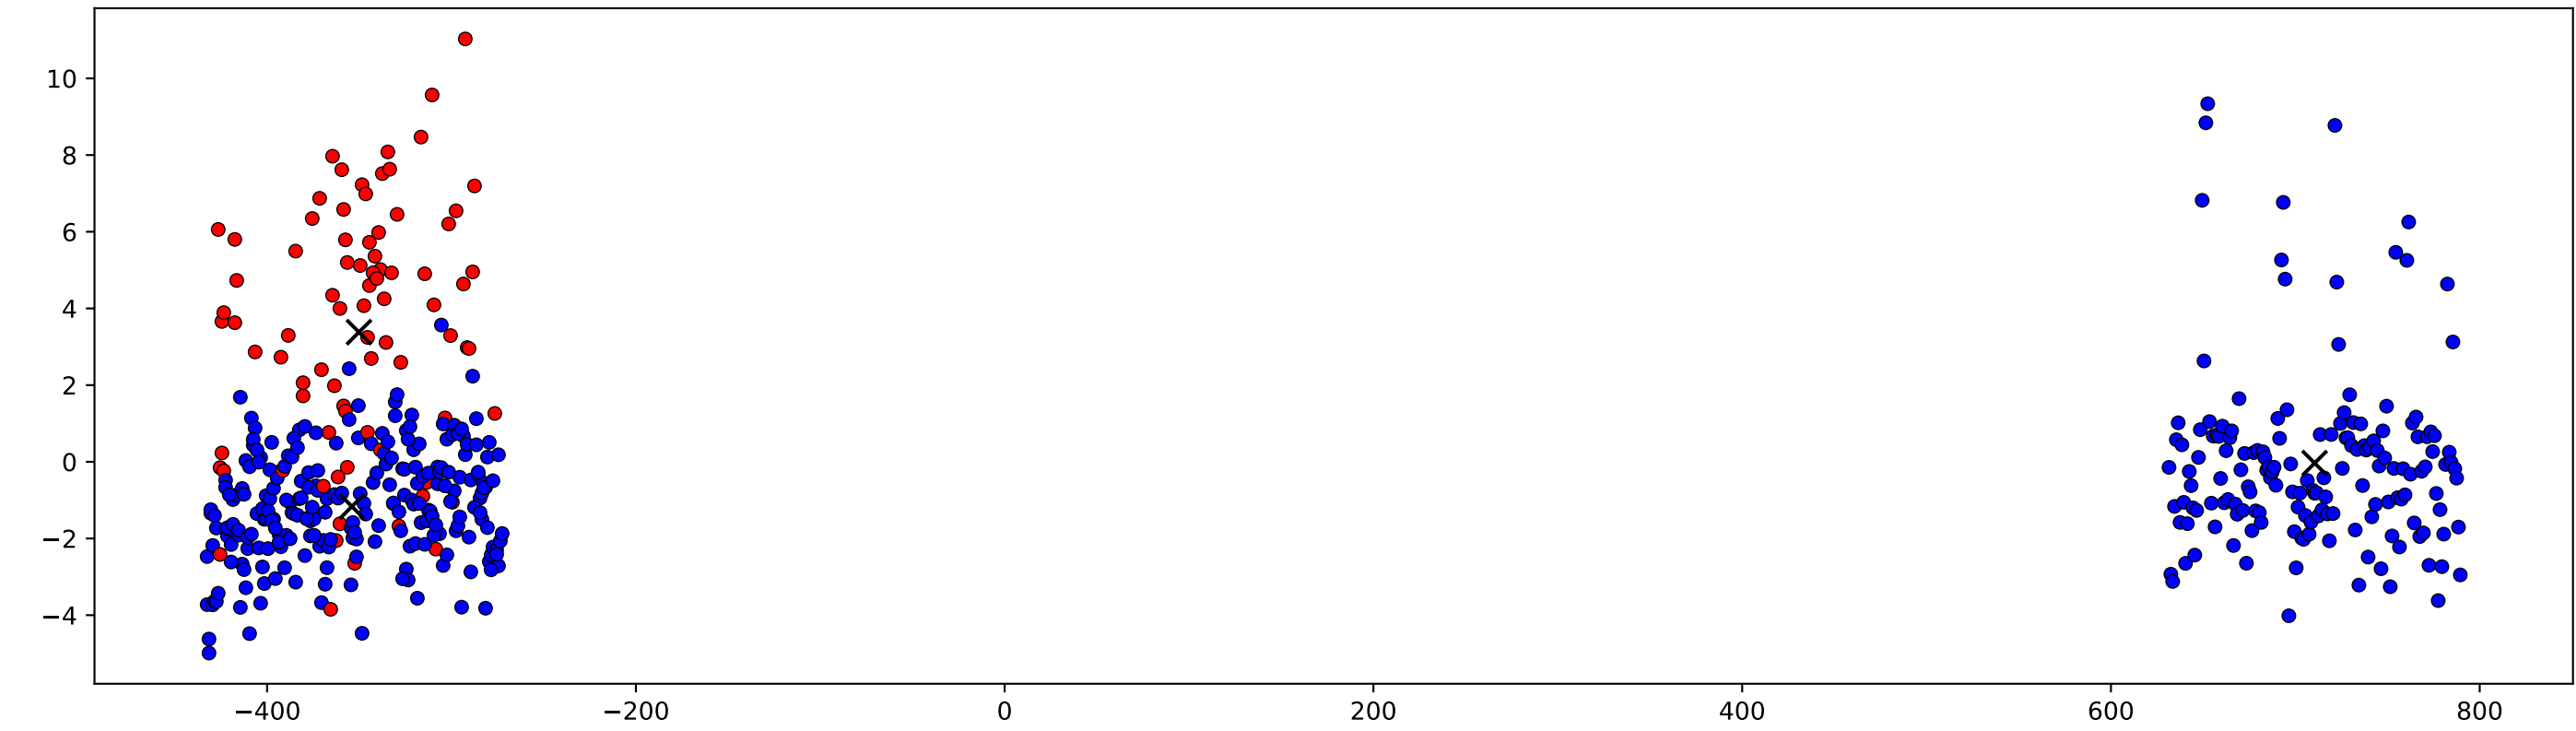

EEG Features with Clusters for Patient p10

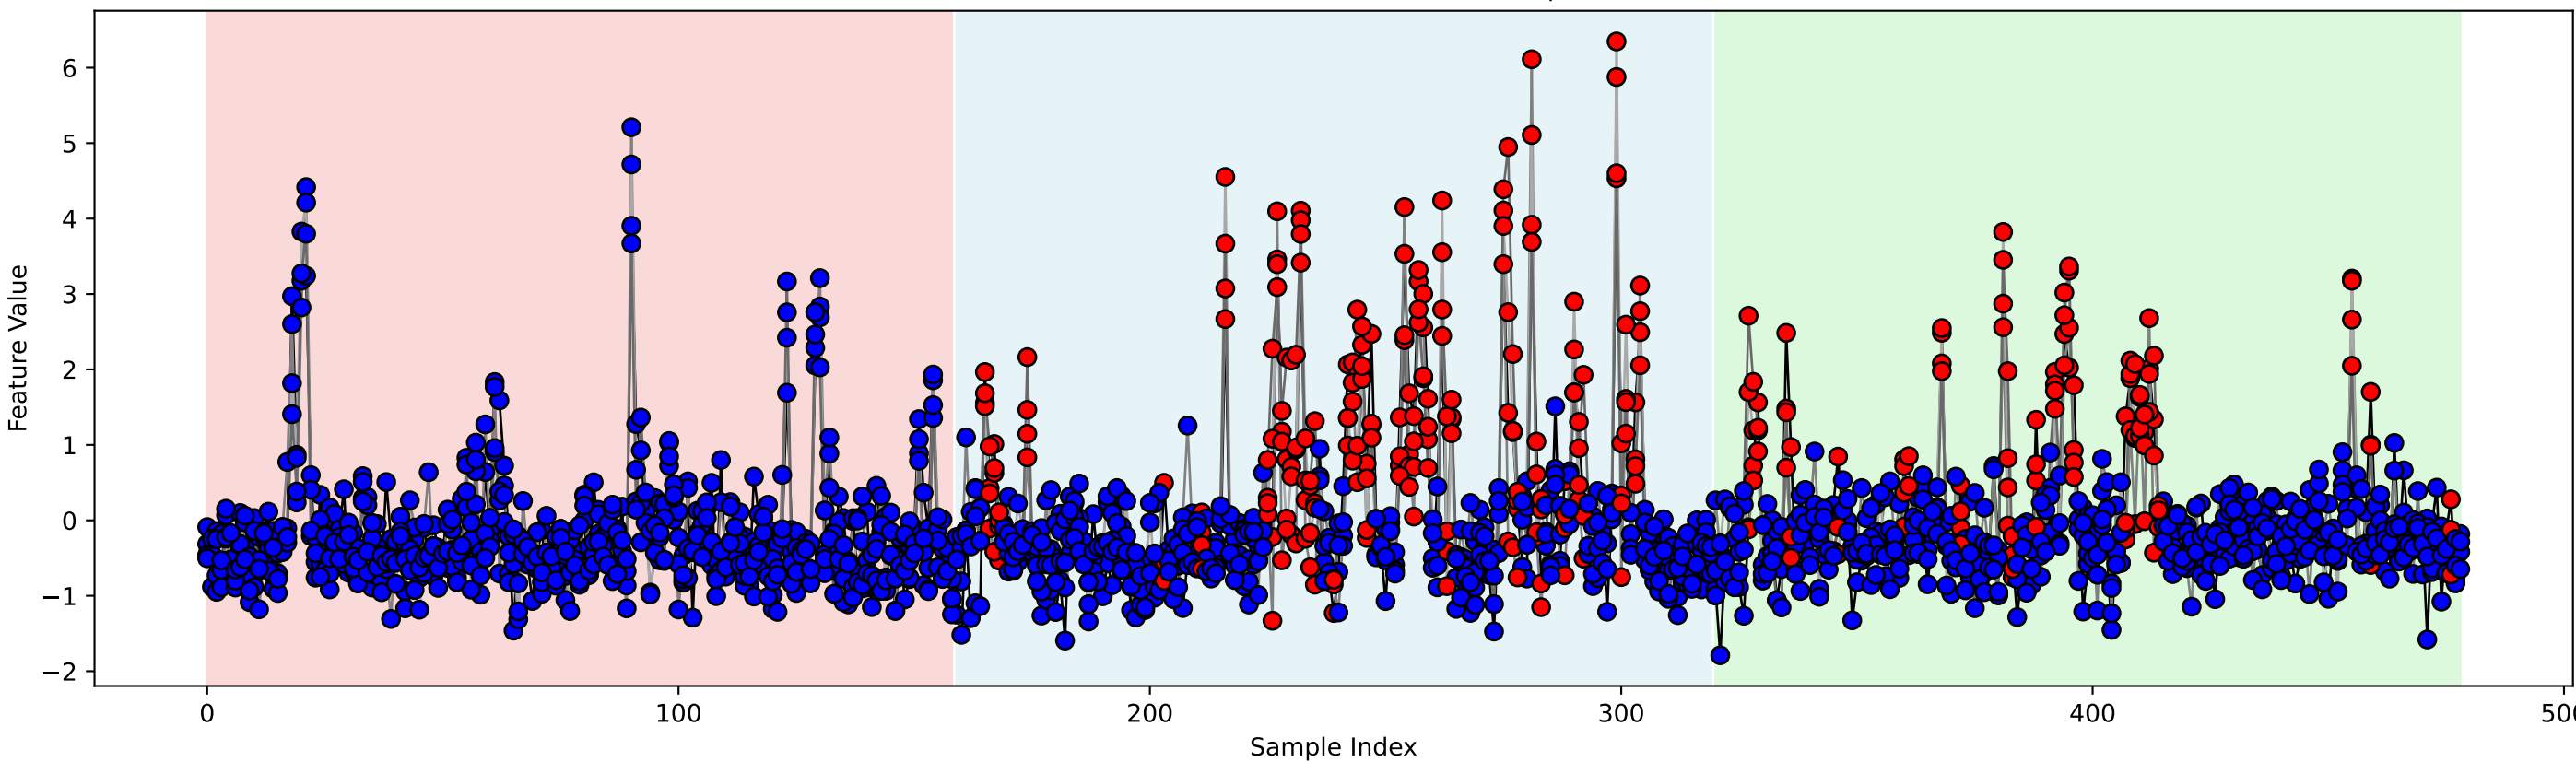

Feature Contribution for Patient p10 (PCA Loadings)

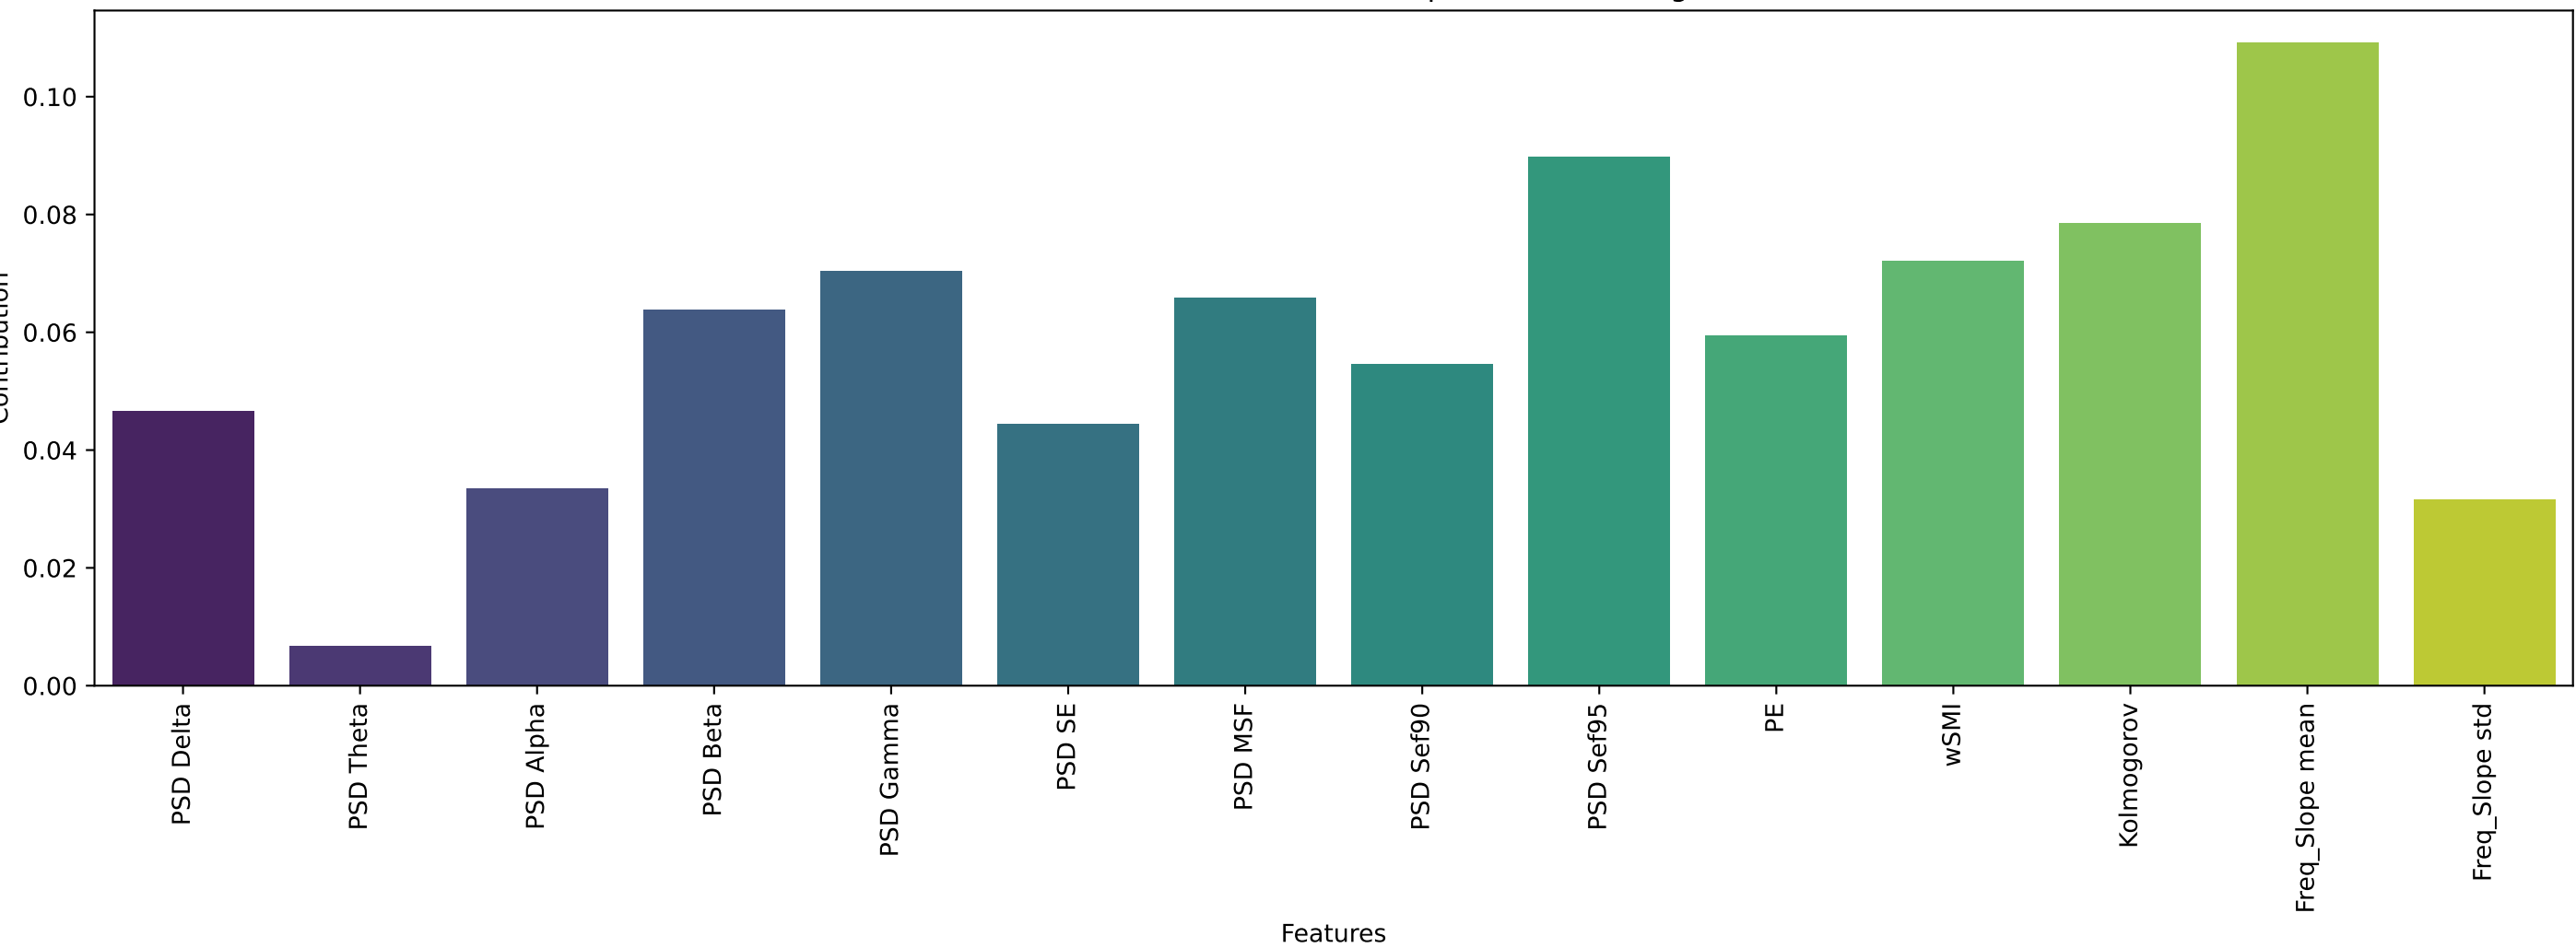

Clusters for Patient p11

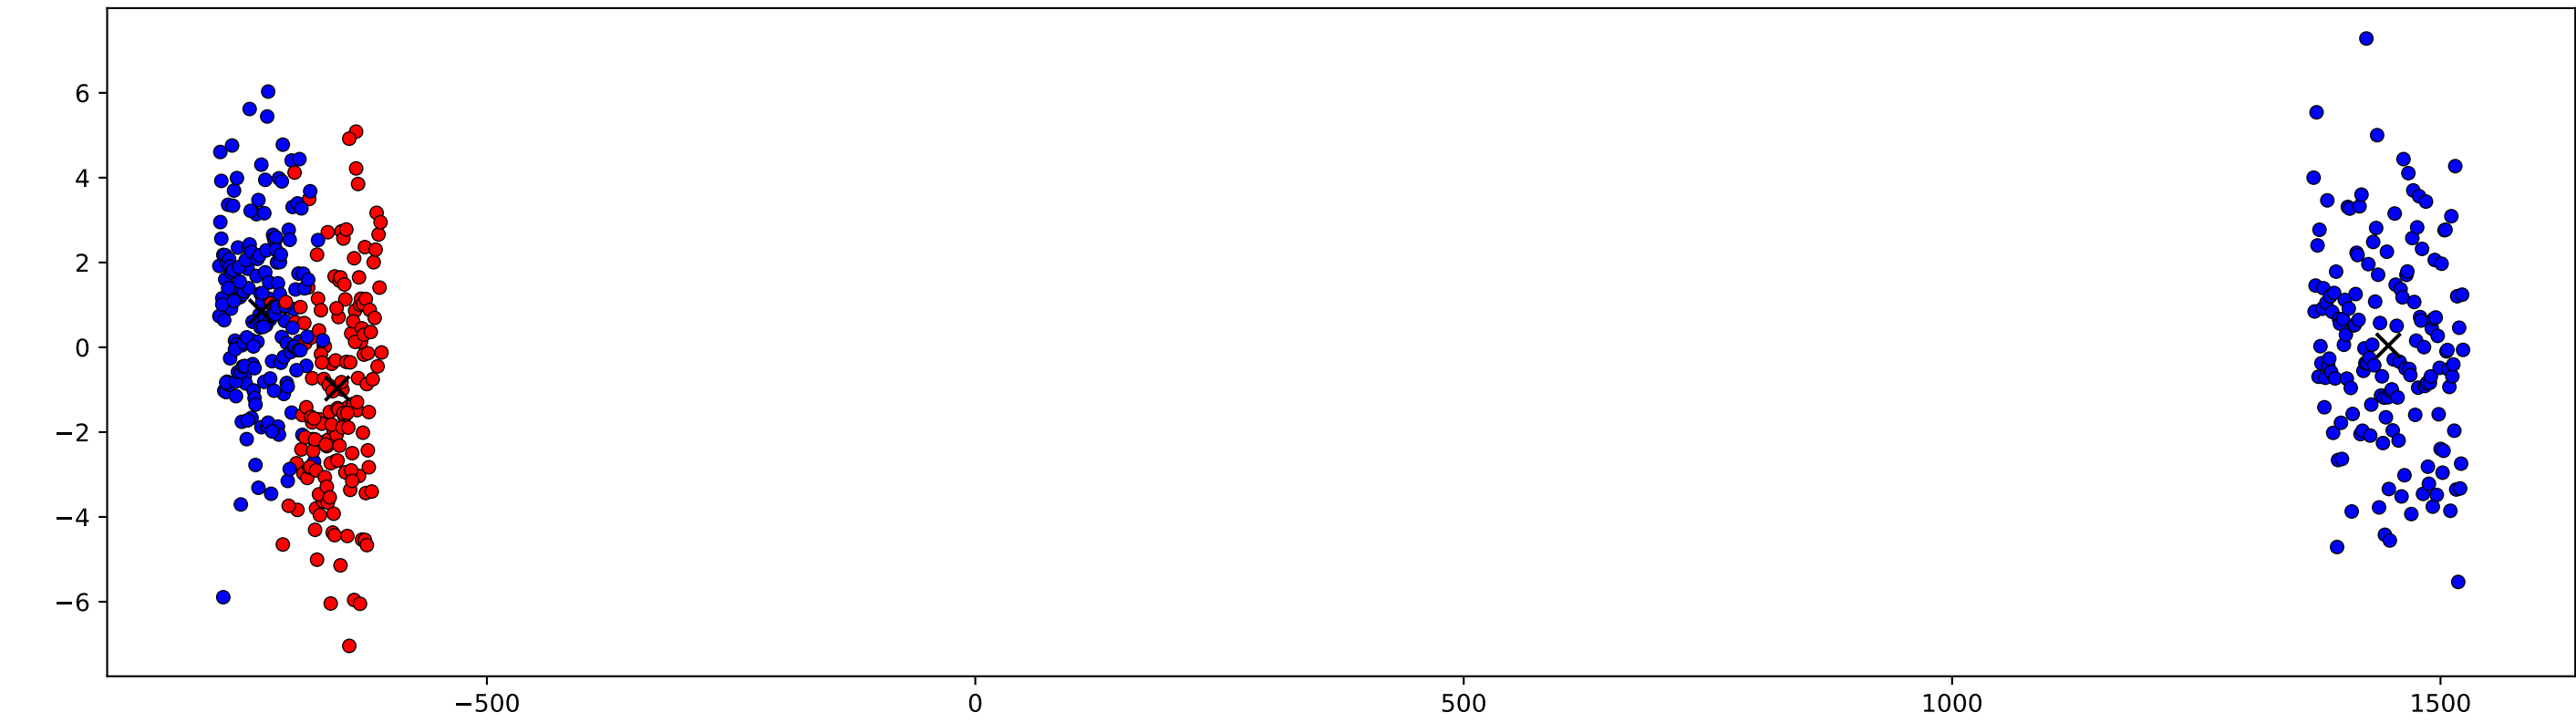

EEG Features with Clusters for Patient p11

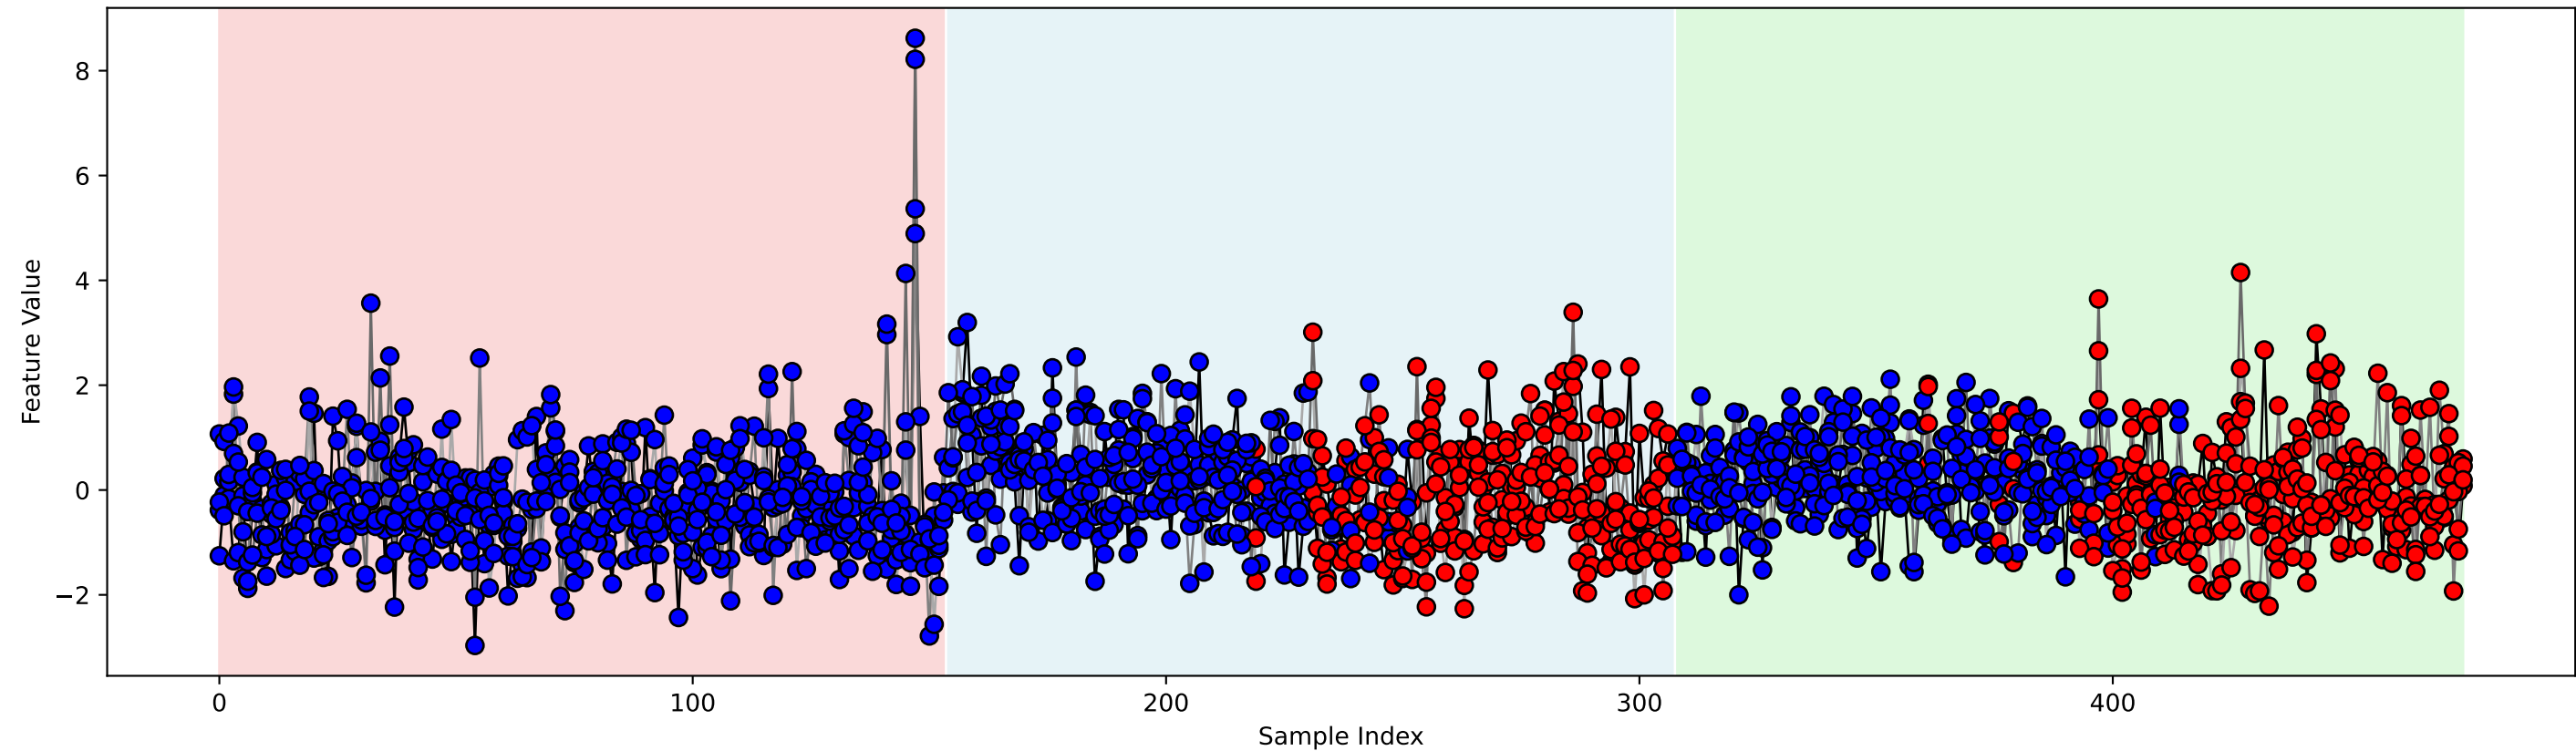

Feature Contribution for Patient p11 (PCA Loadings)

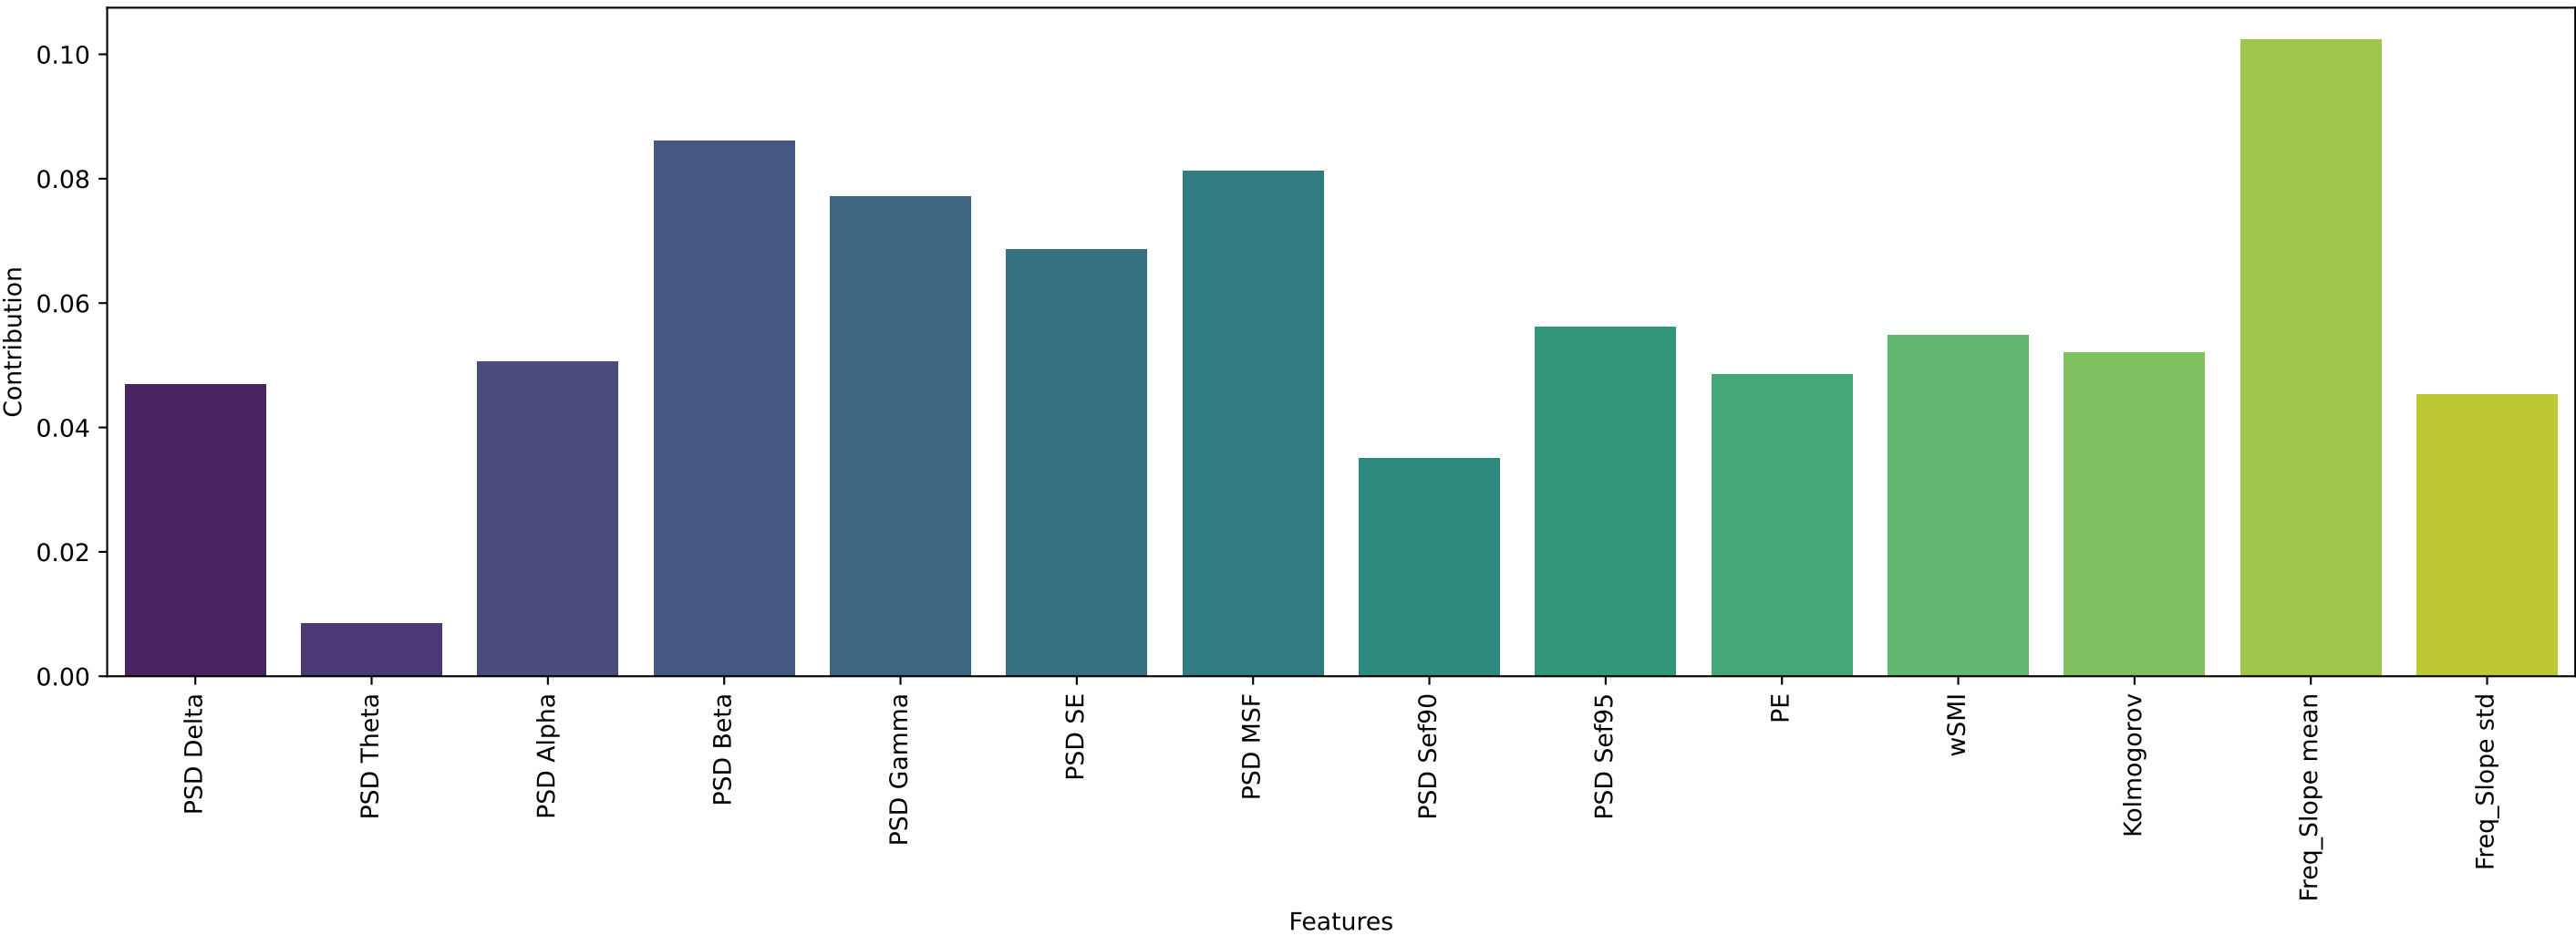

Clusters for Patient p12

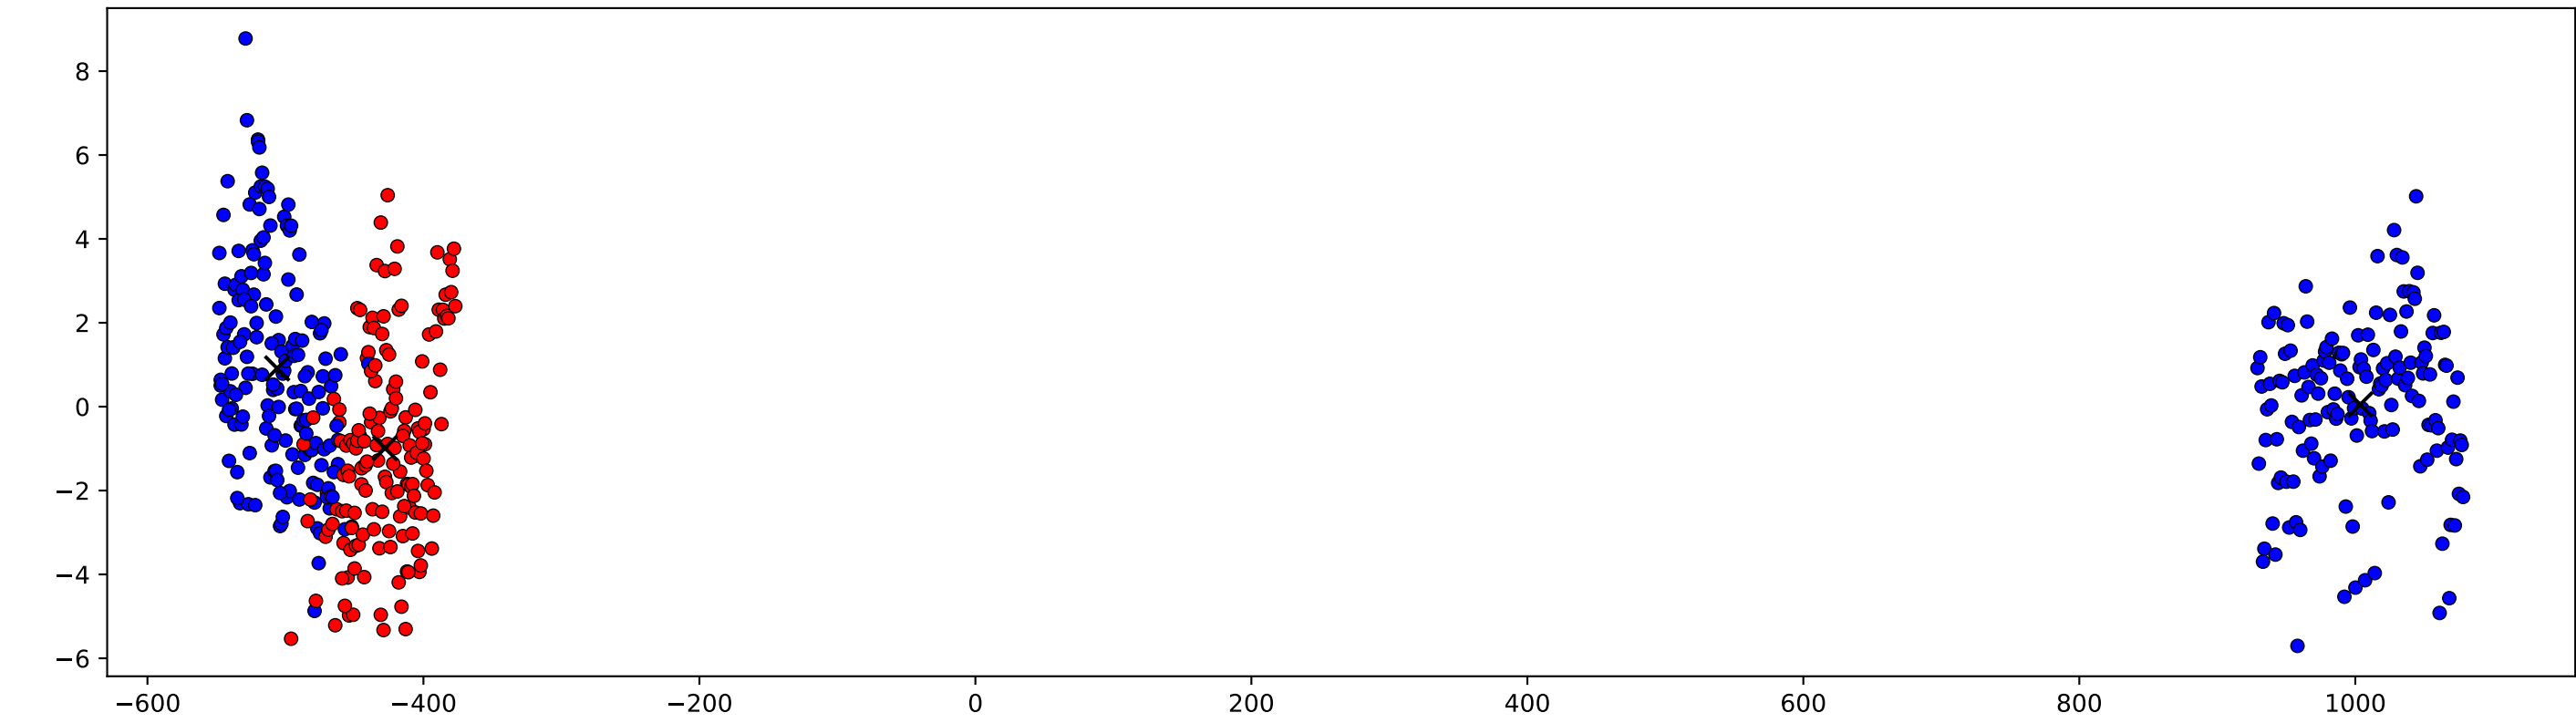

EEG Features with Clusters for Patient p12

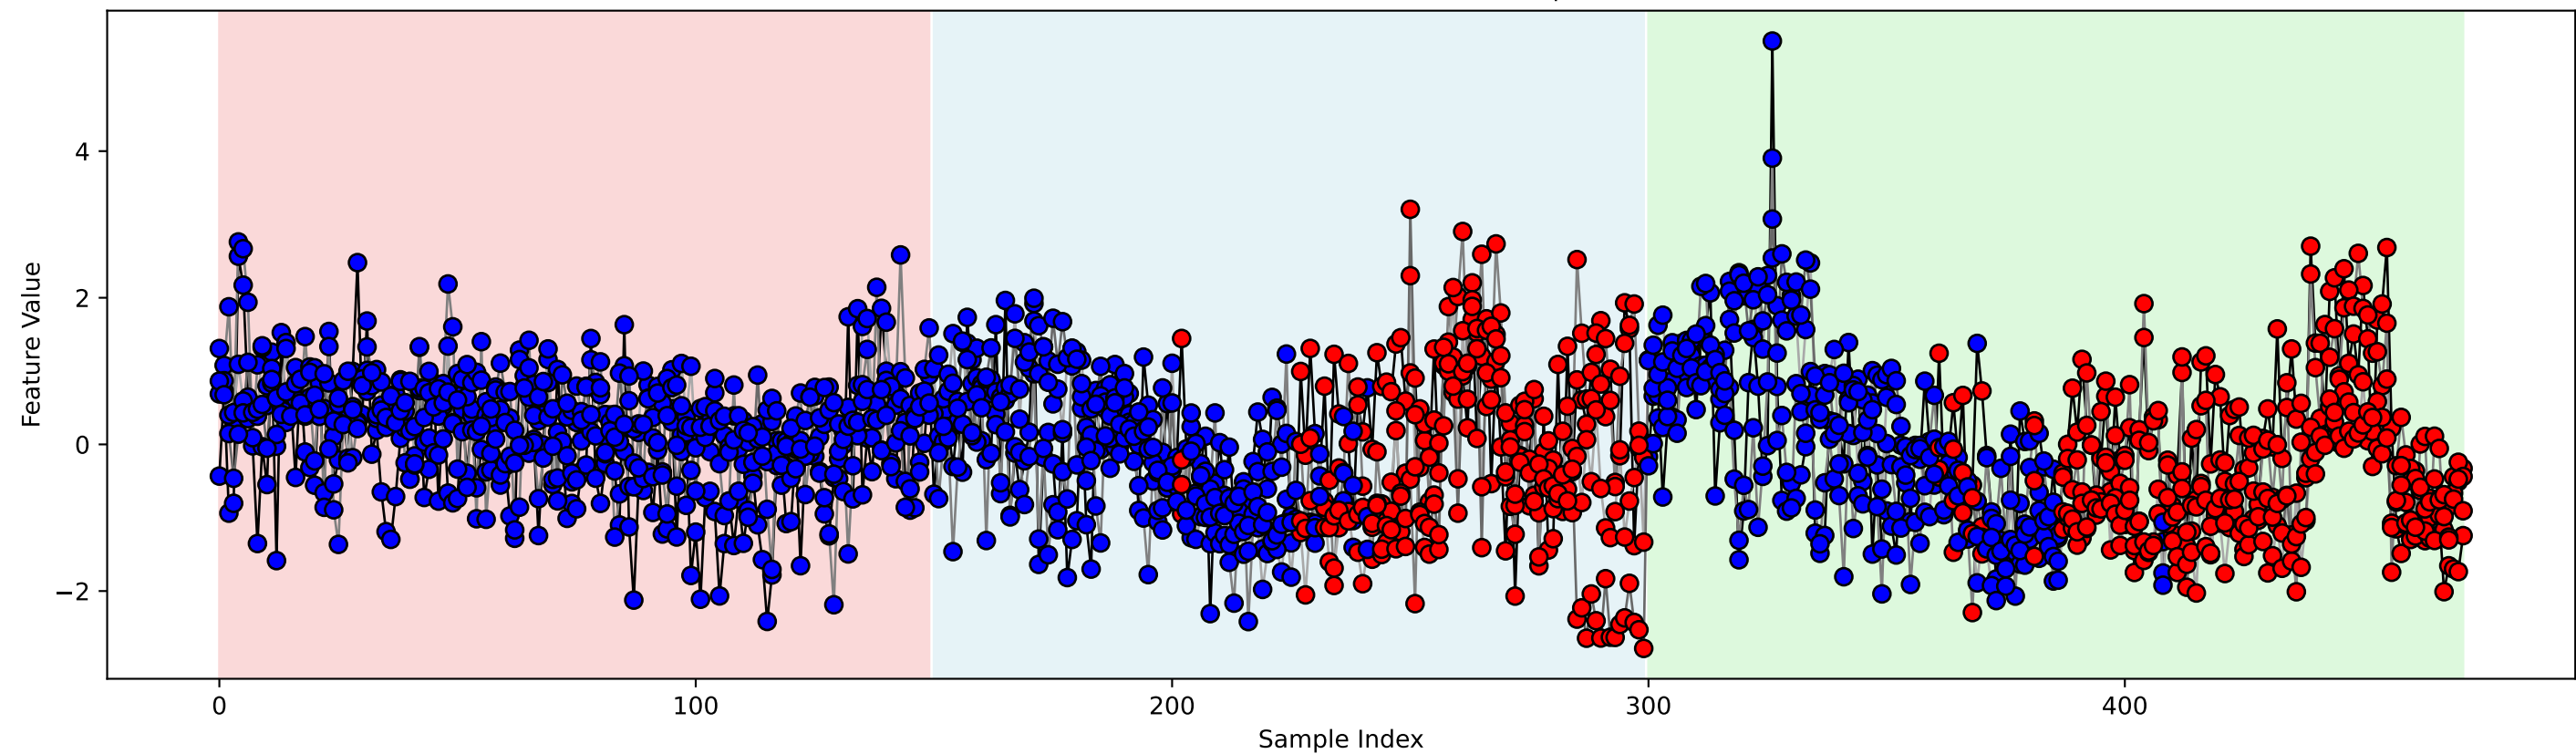

Feature Contribution for Patient p12 (PCA Loadings)

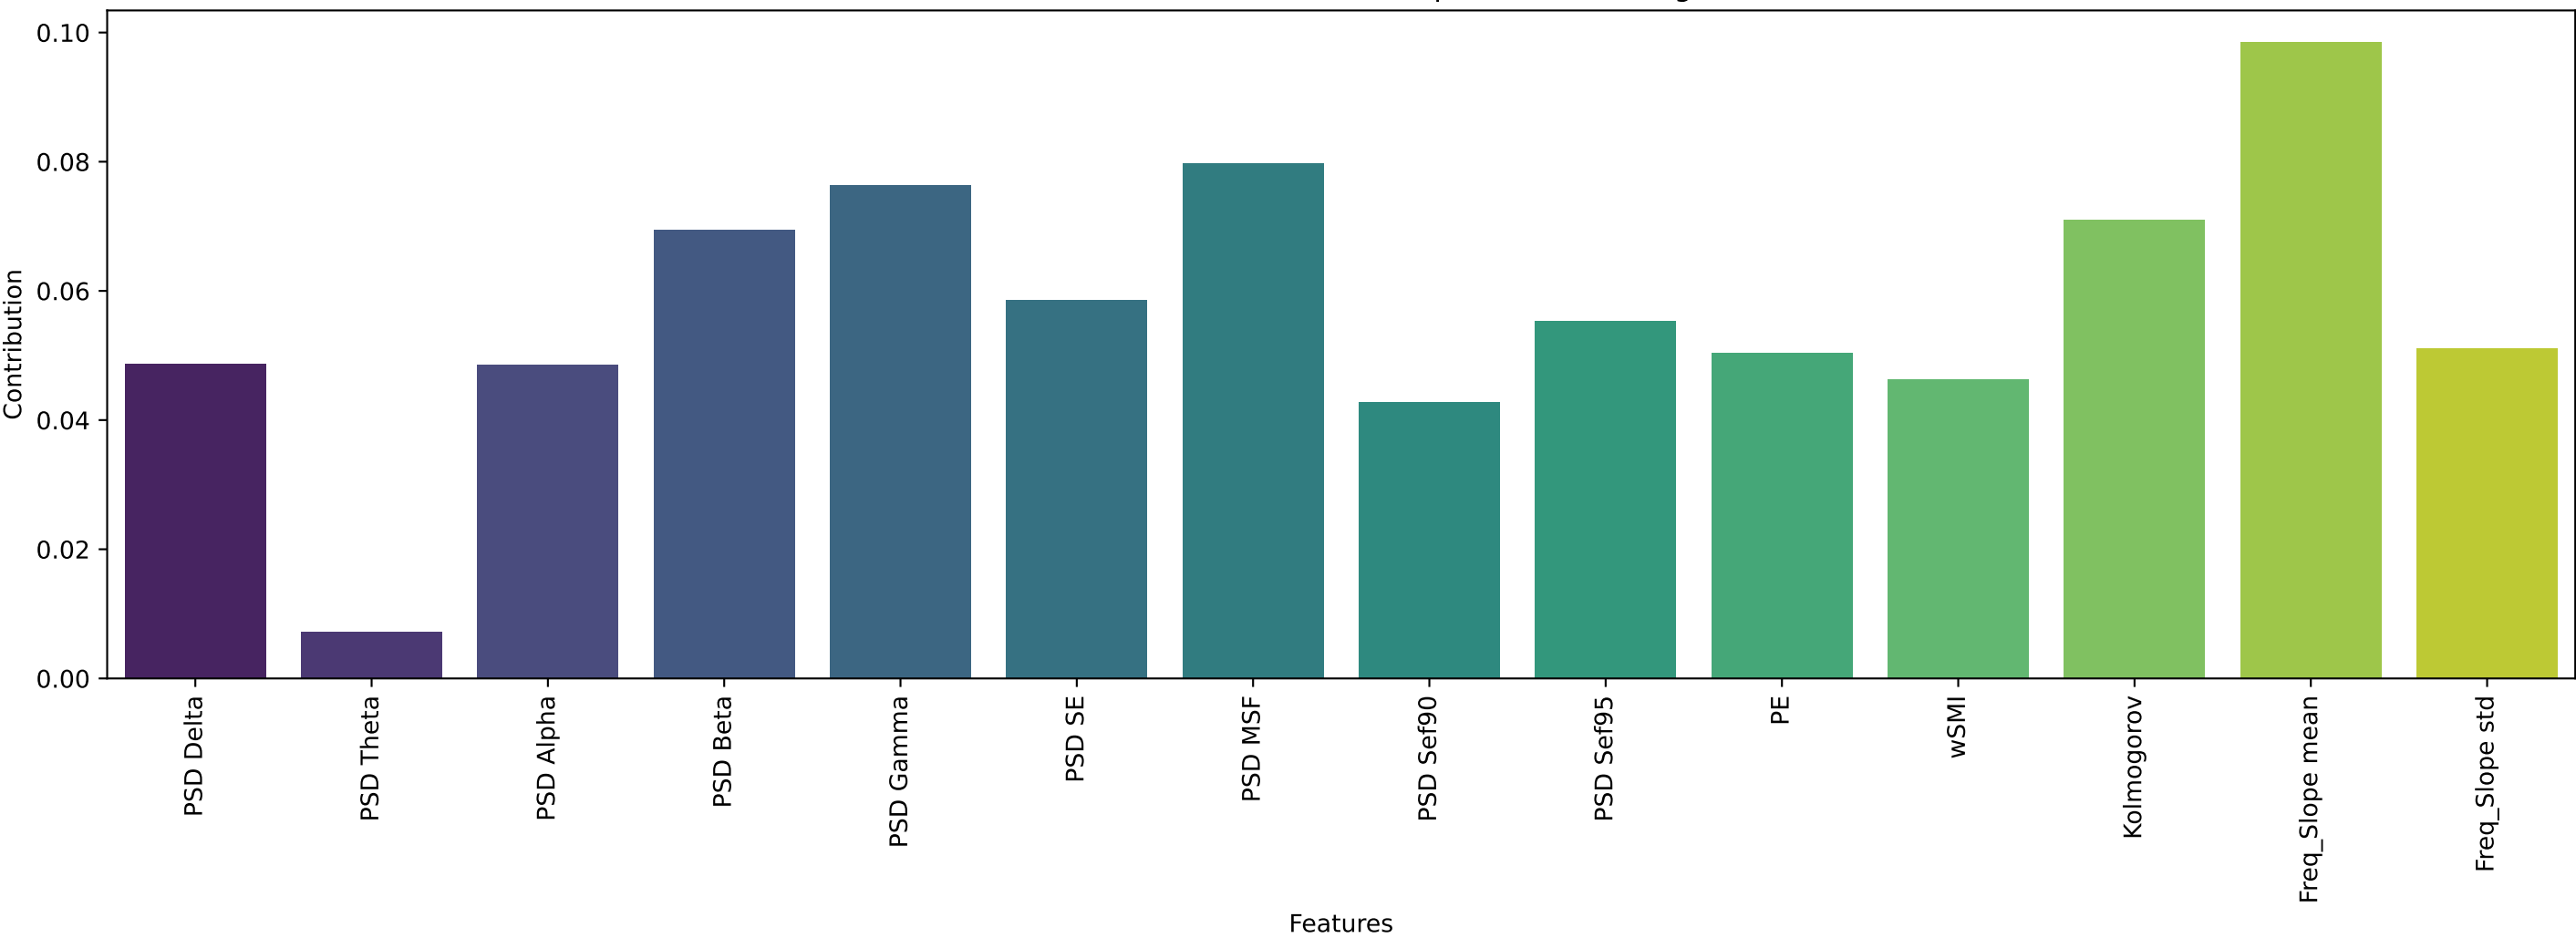

Clusters for Patient p13

EEG Features with Clusters for Patient p13

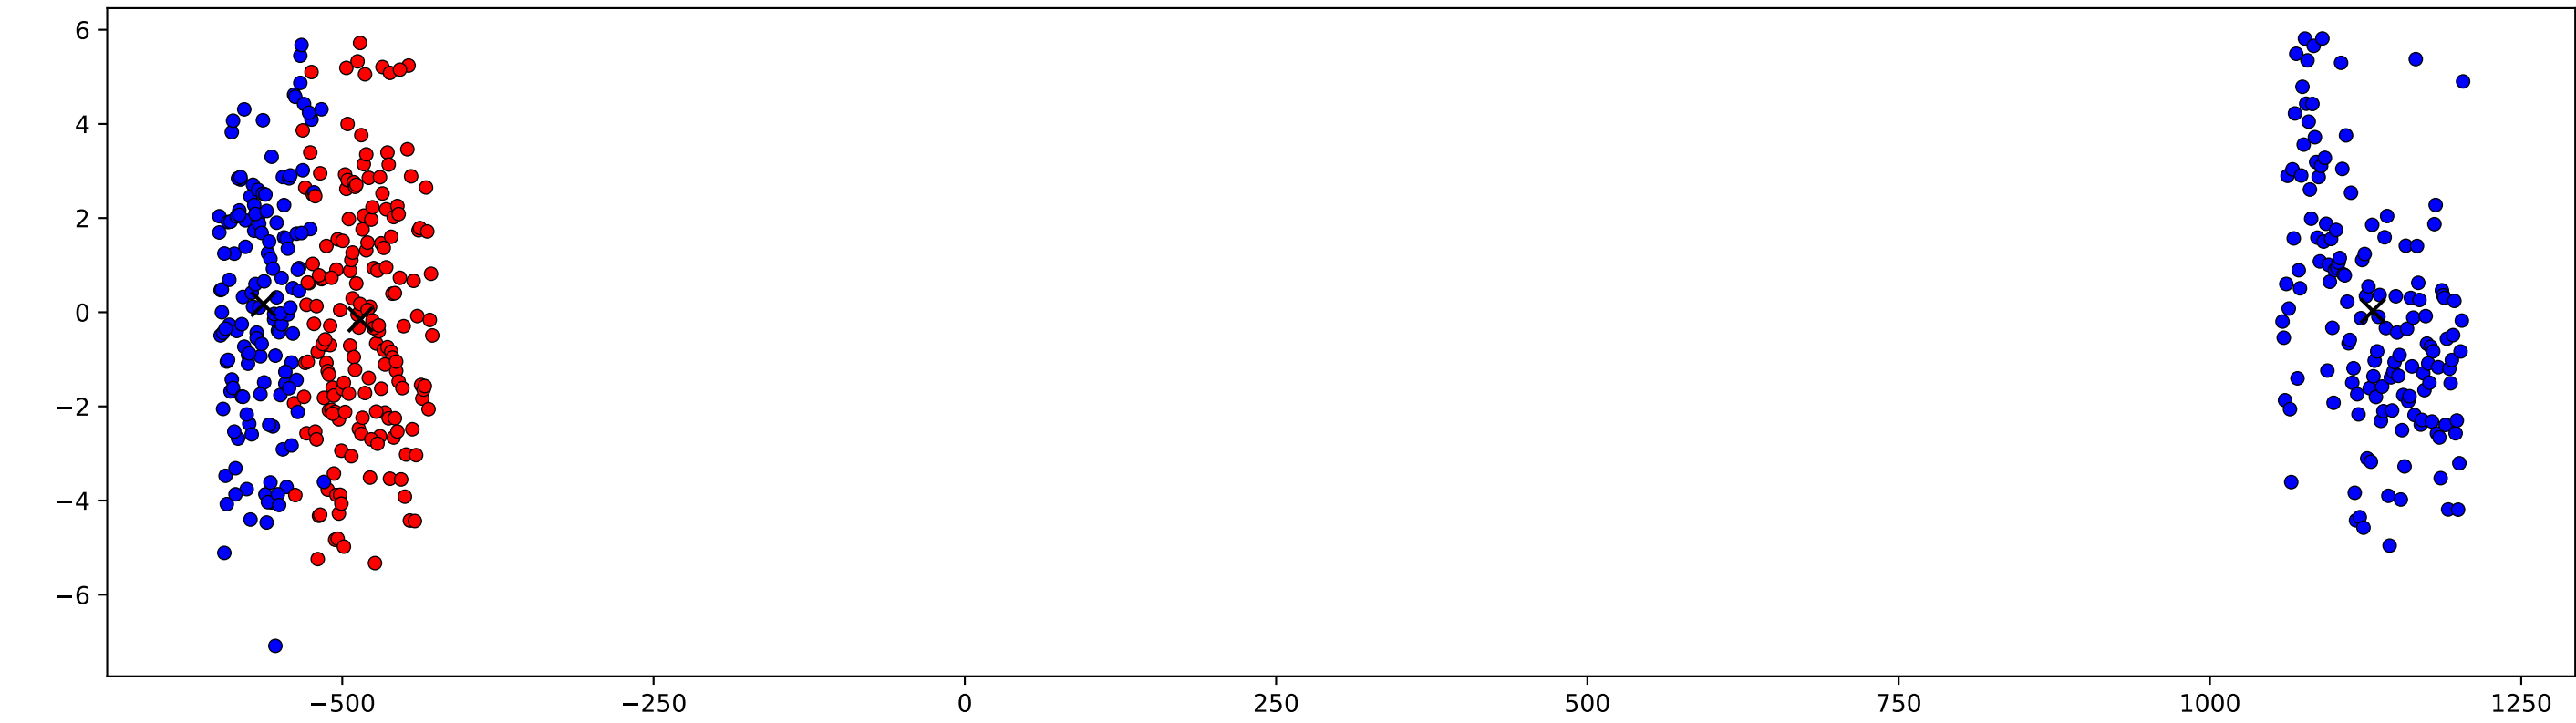

Feature Contribution for Patient p13 (PCA Loadings)

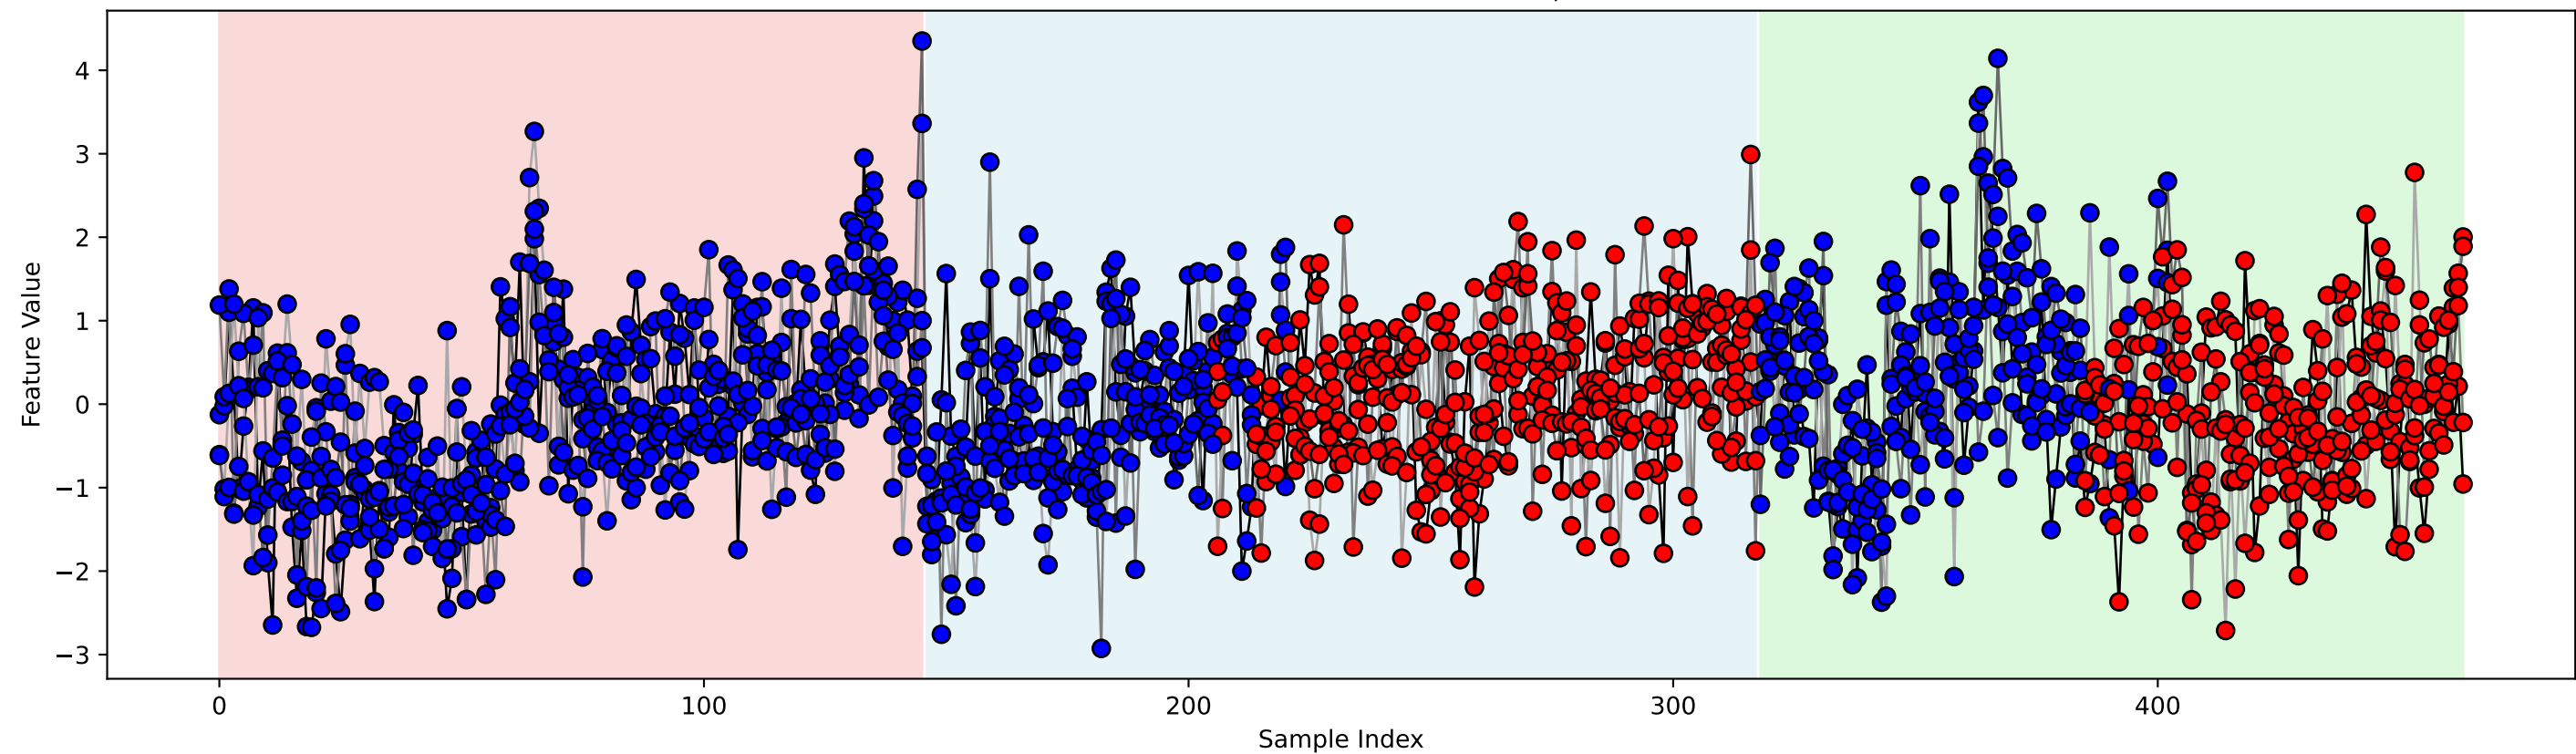

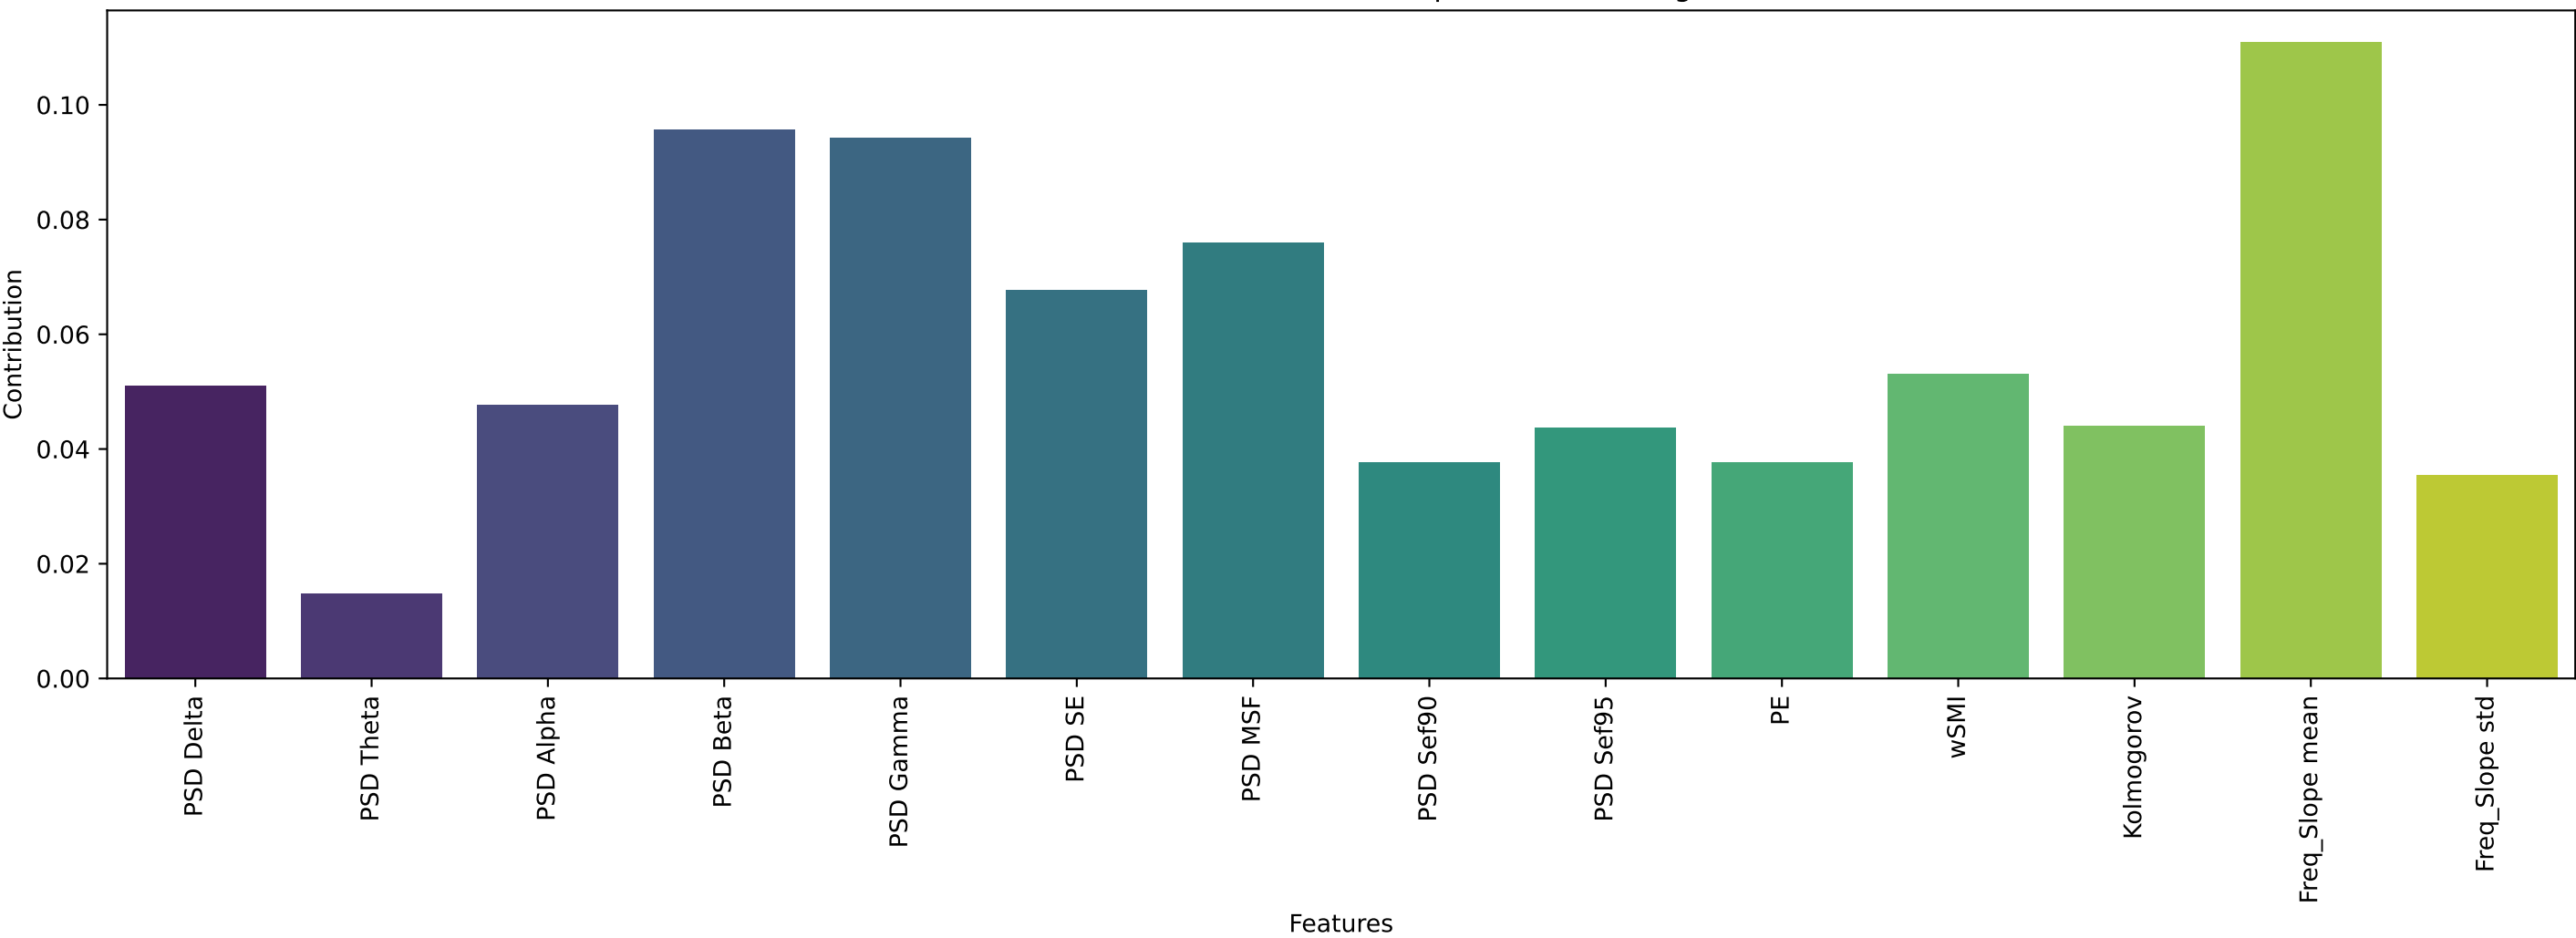

Clusters for Patient p14

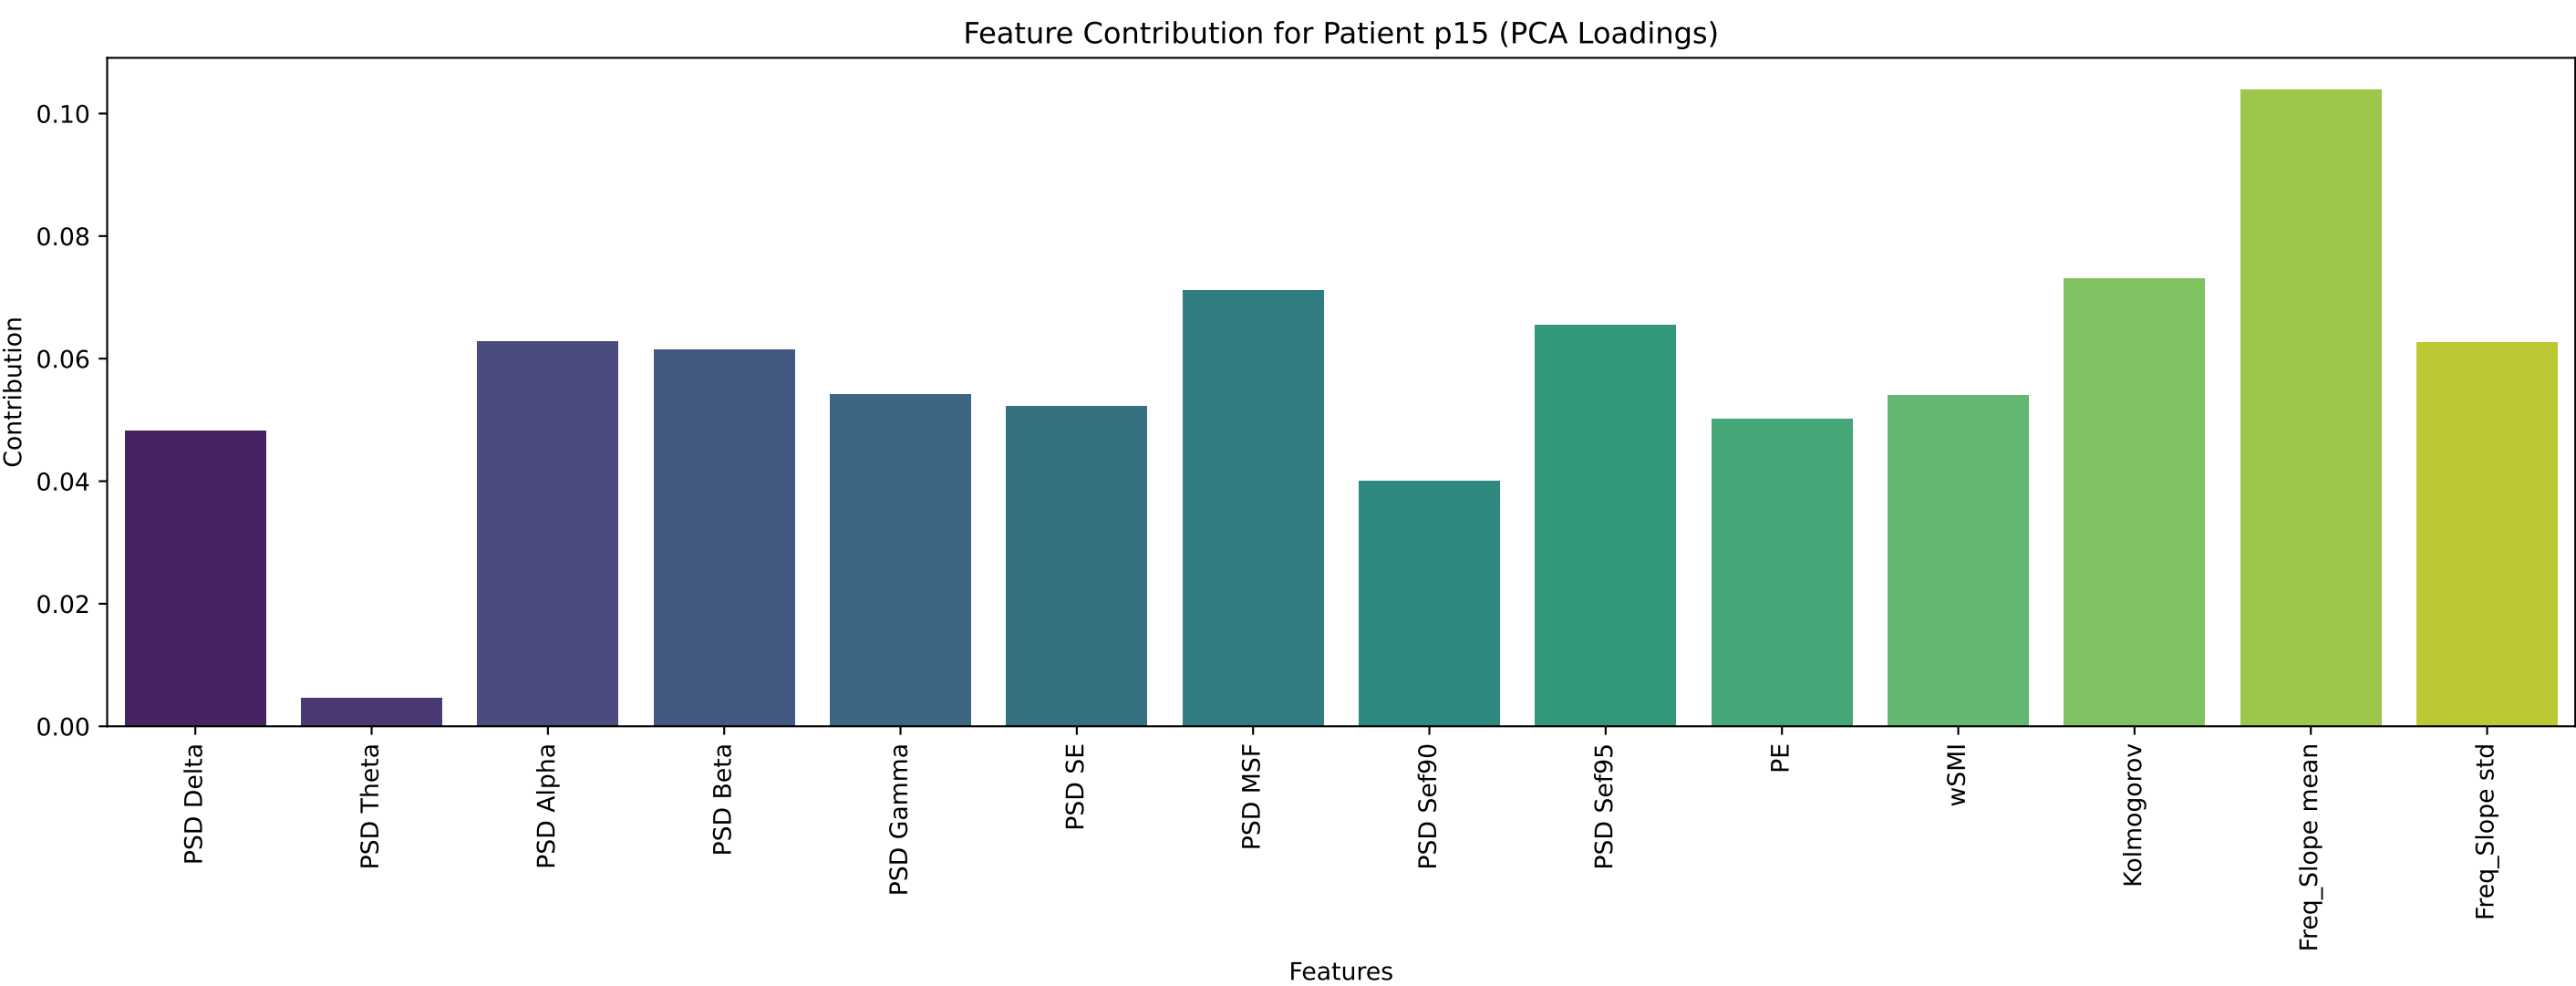

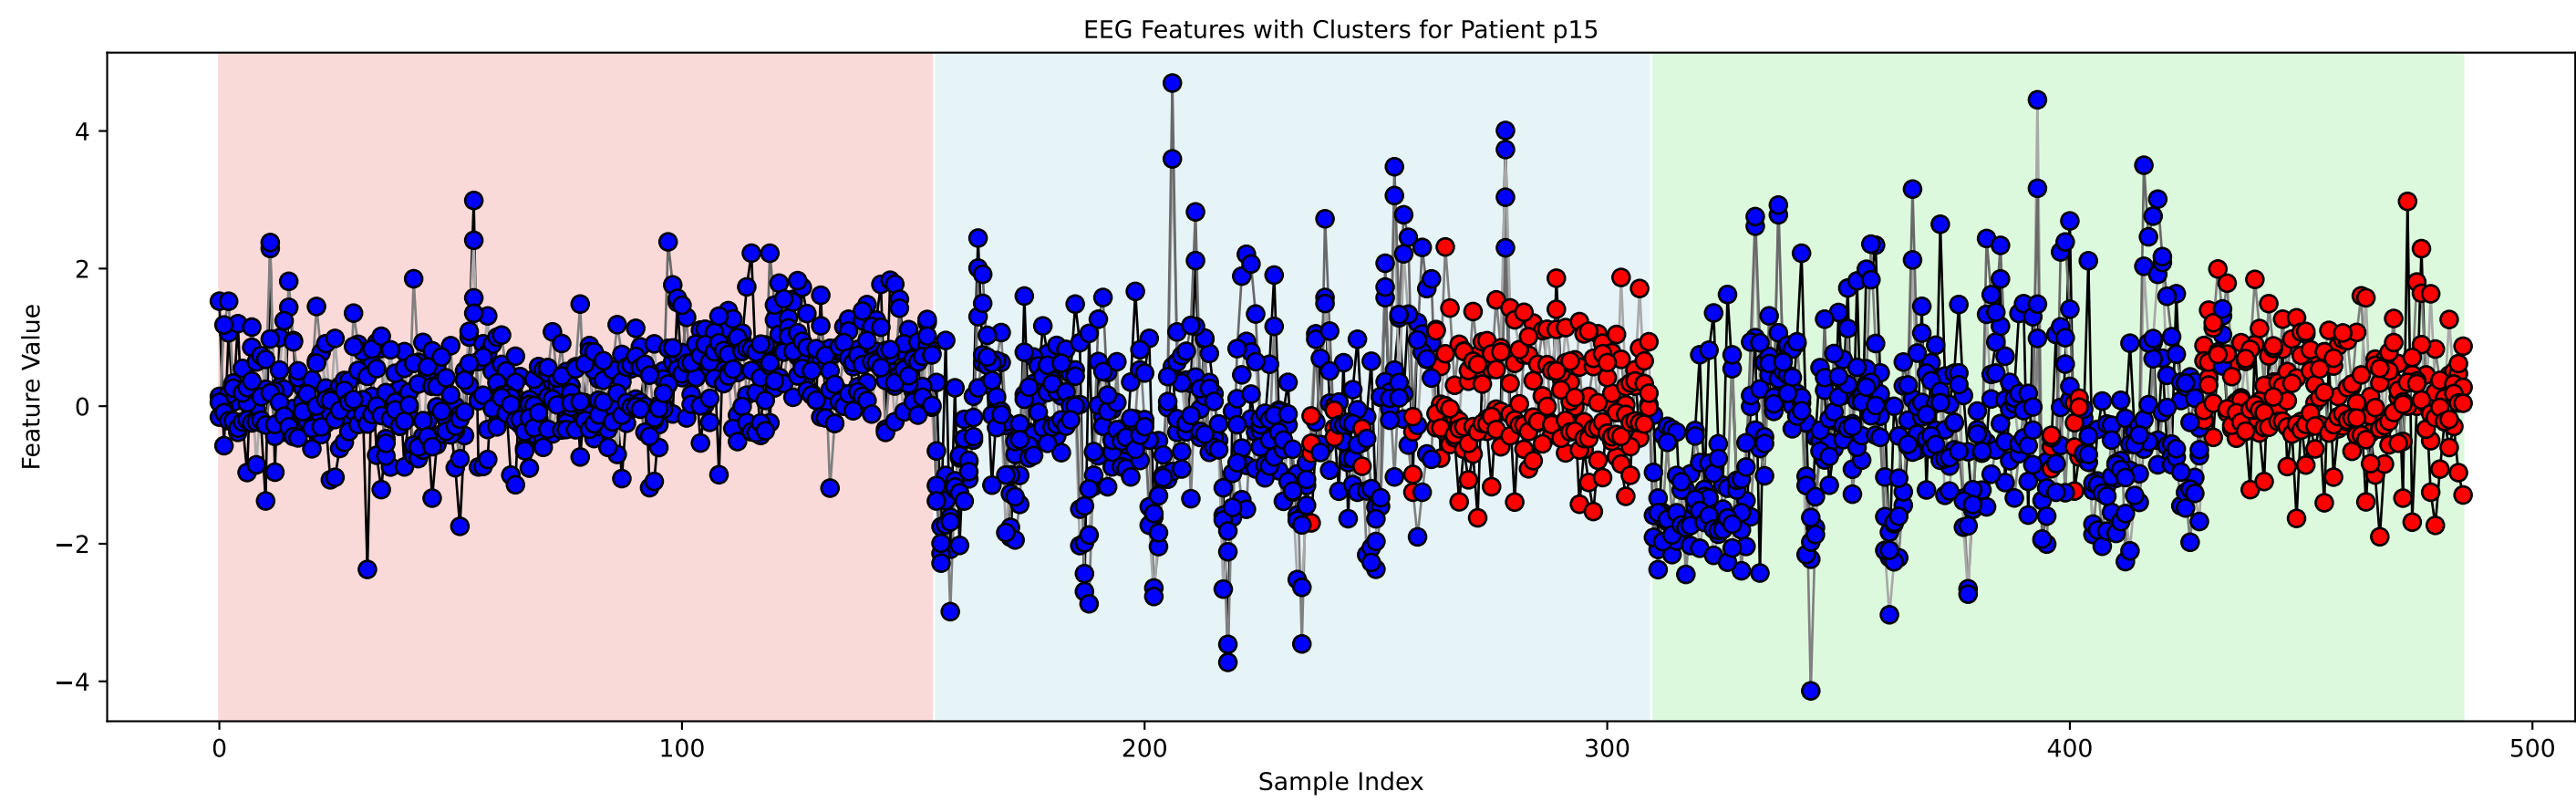

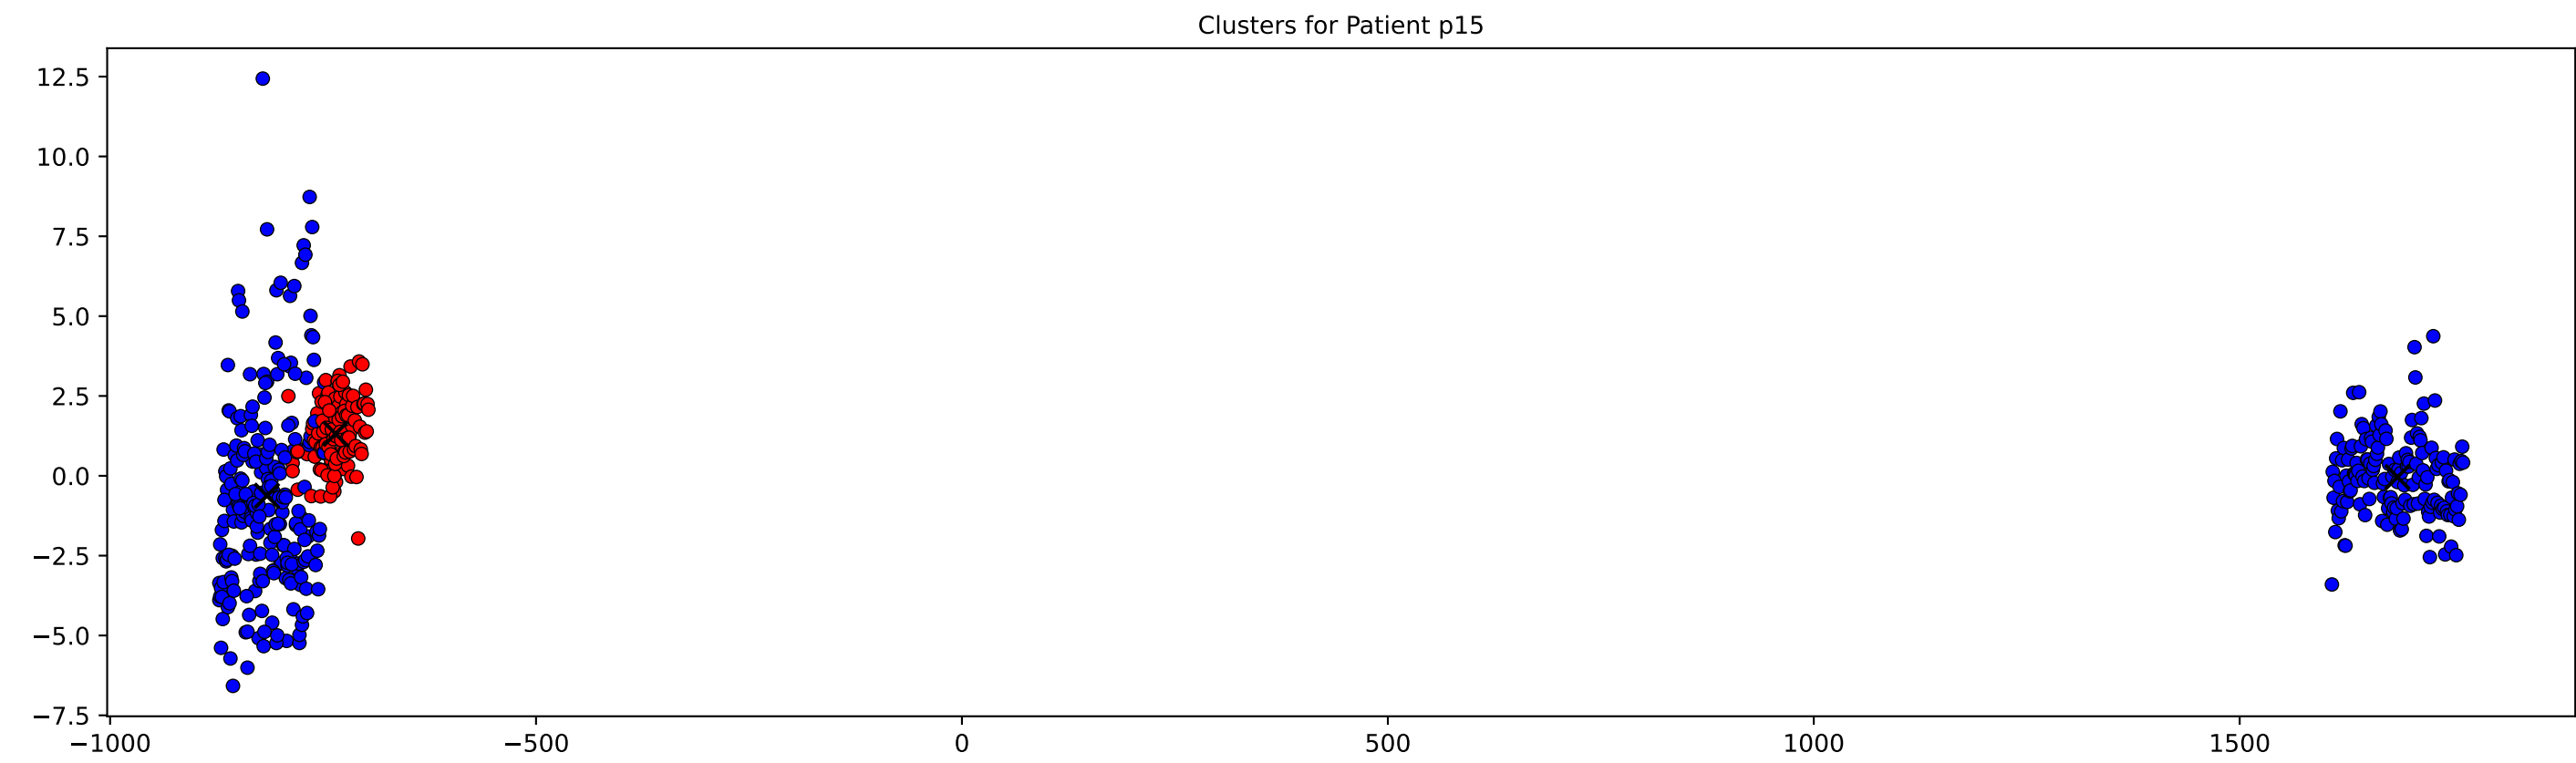

EEG Features with Clusters for Patient p14

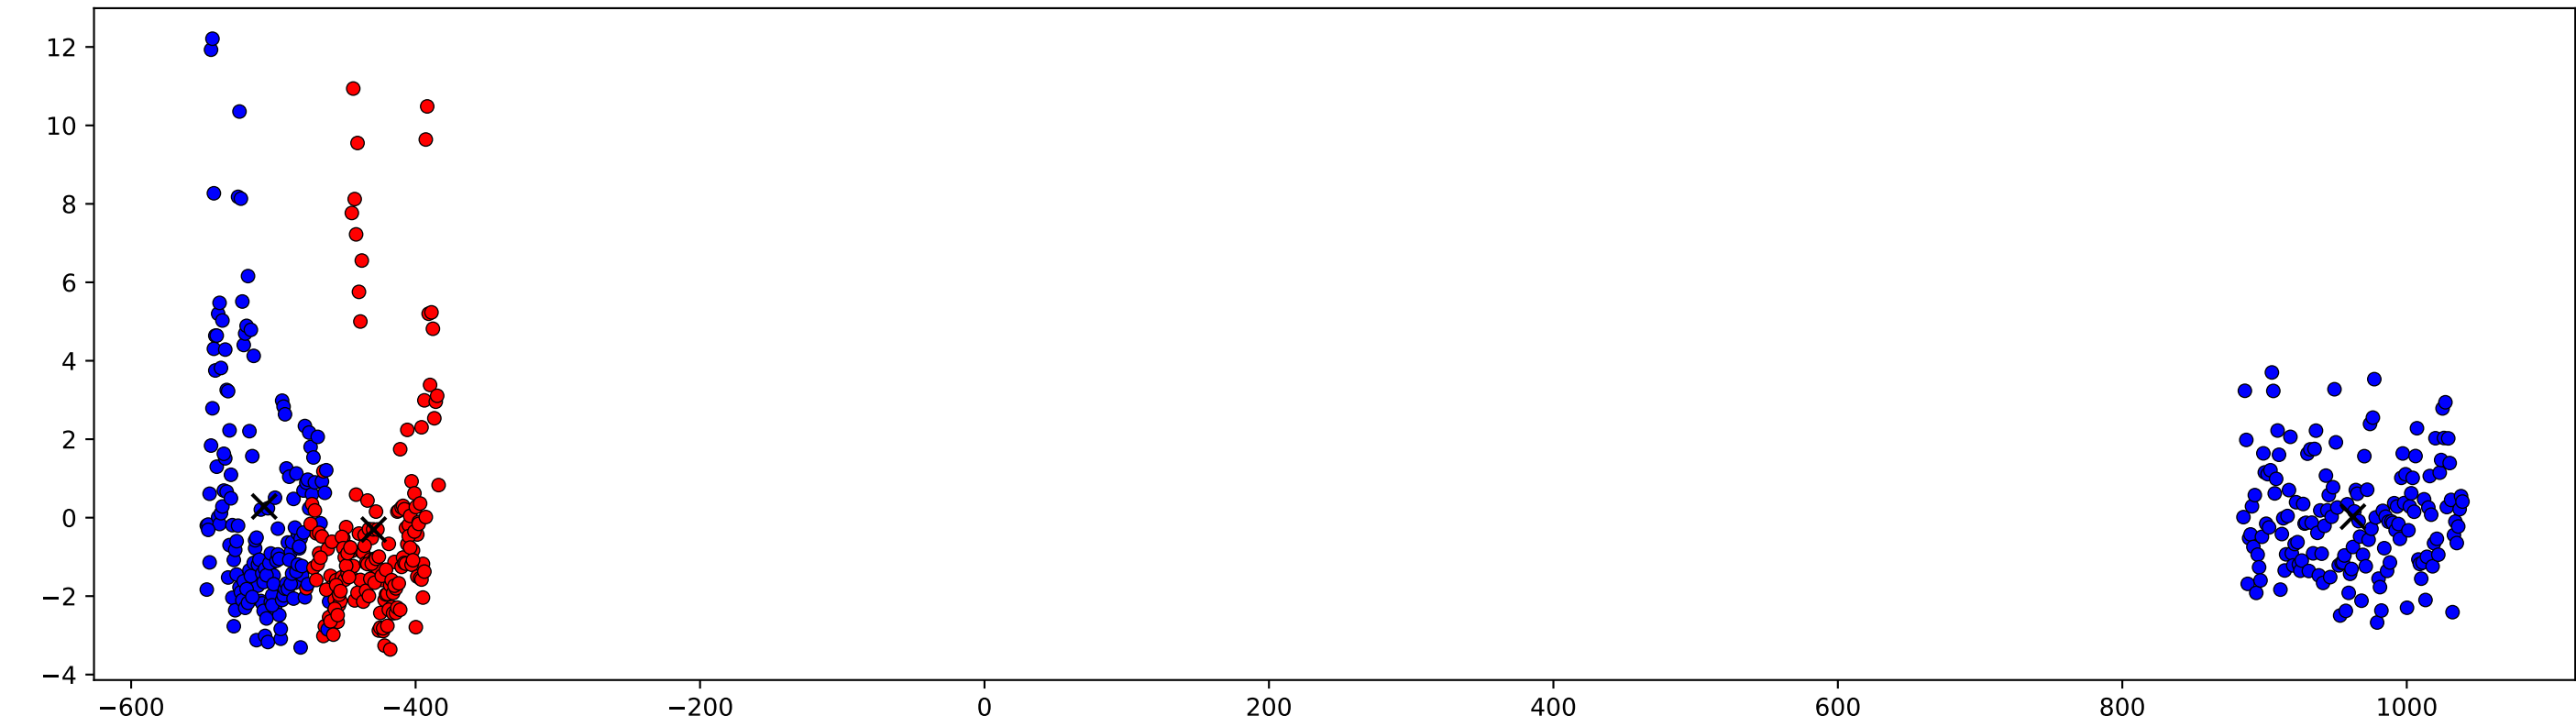

Feature Contribution for Patient p14 (PCA Loadings)

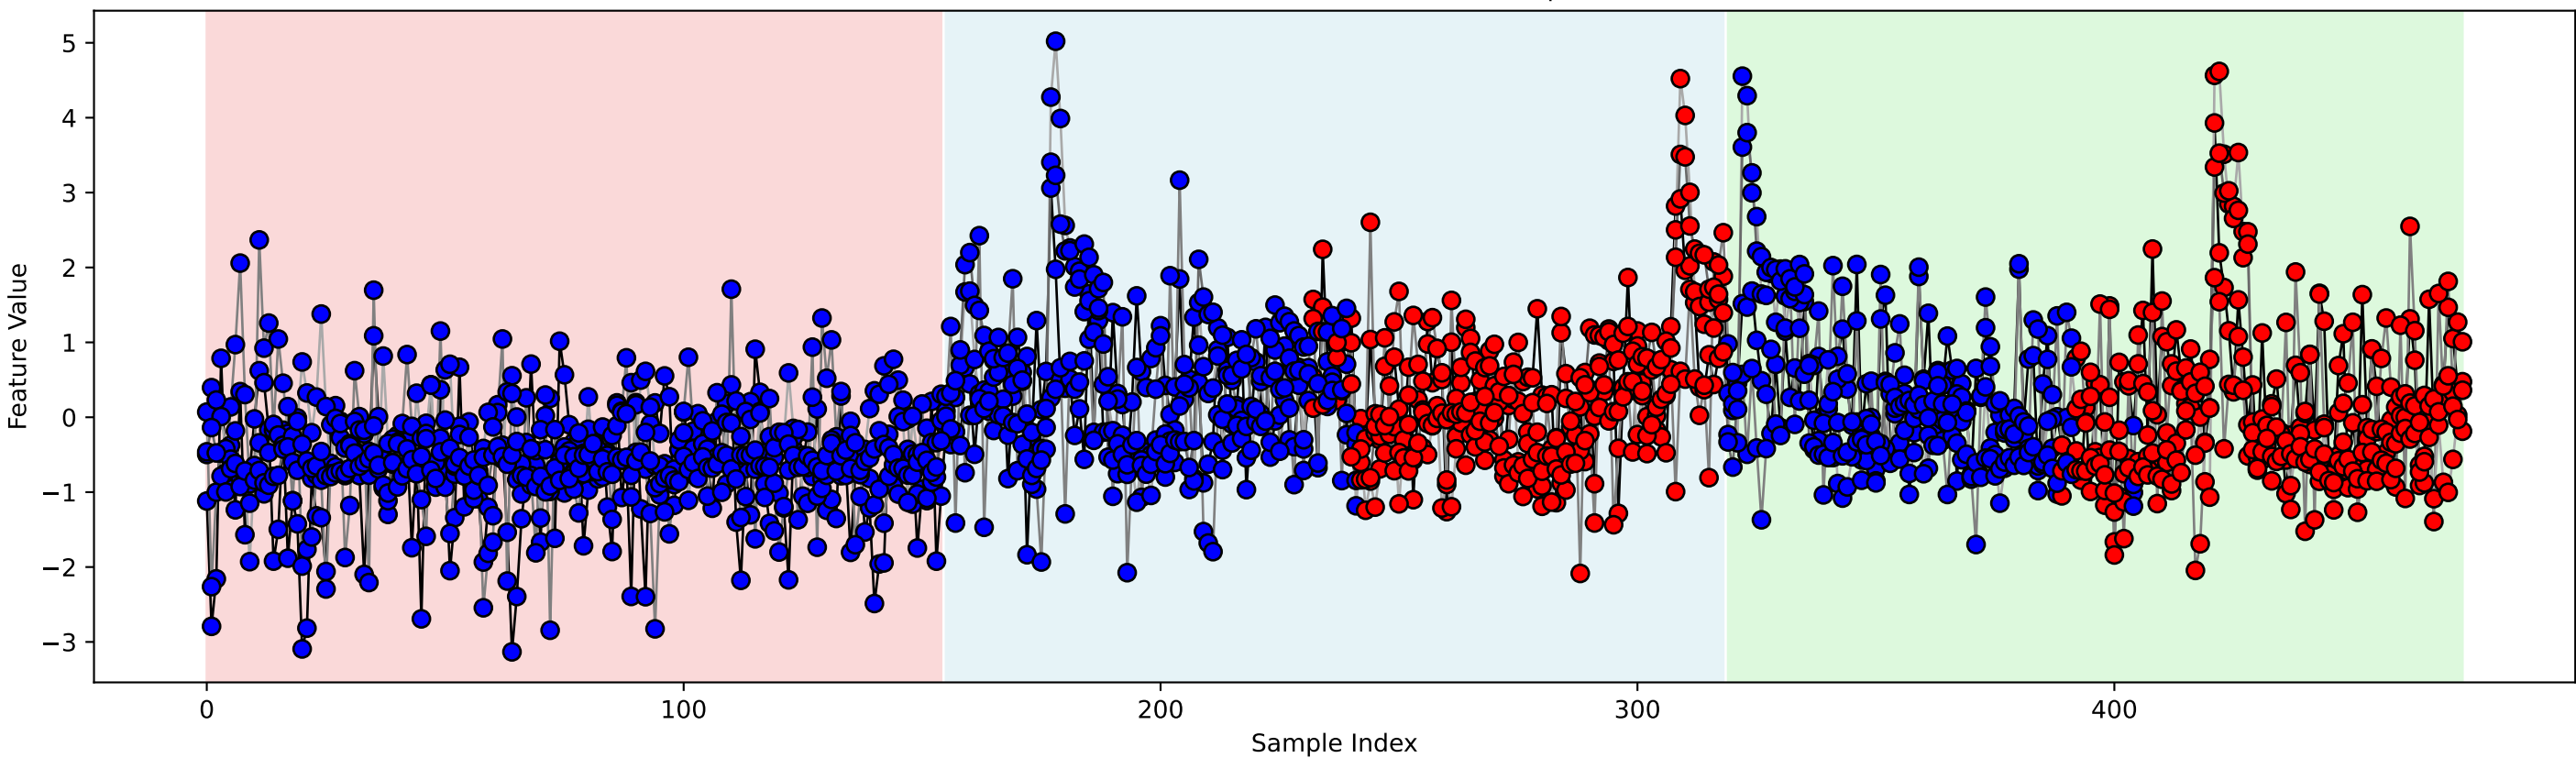

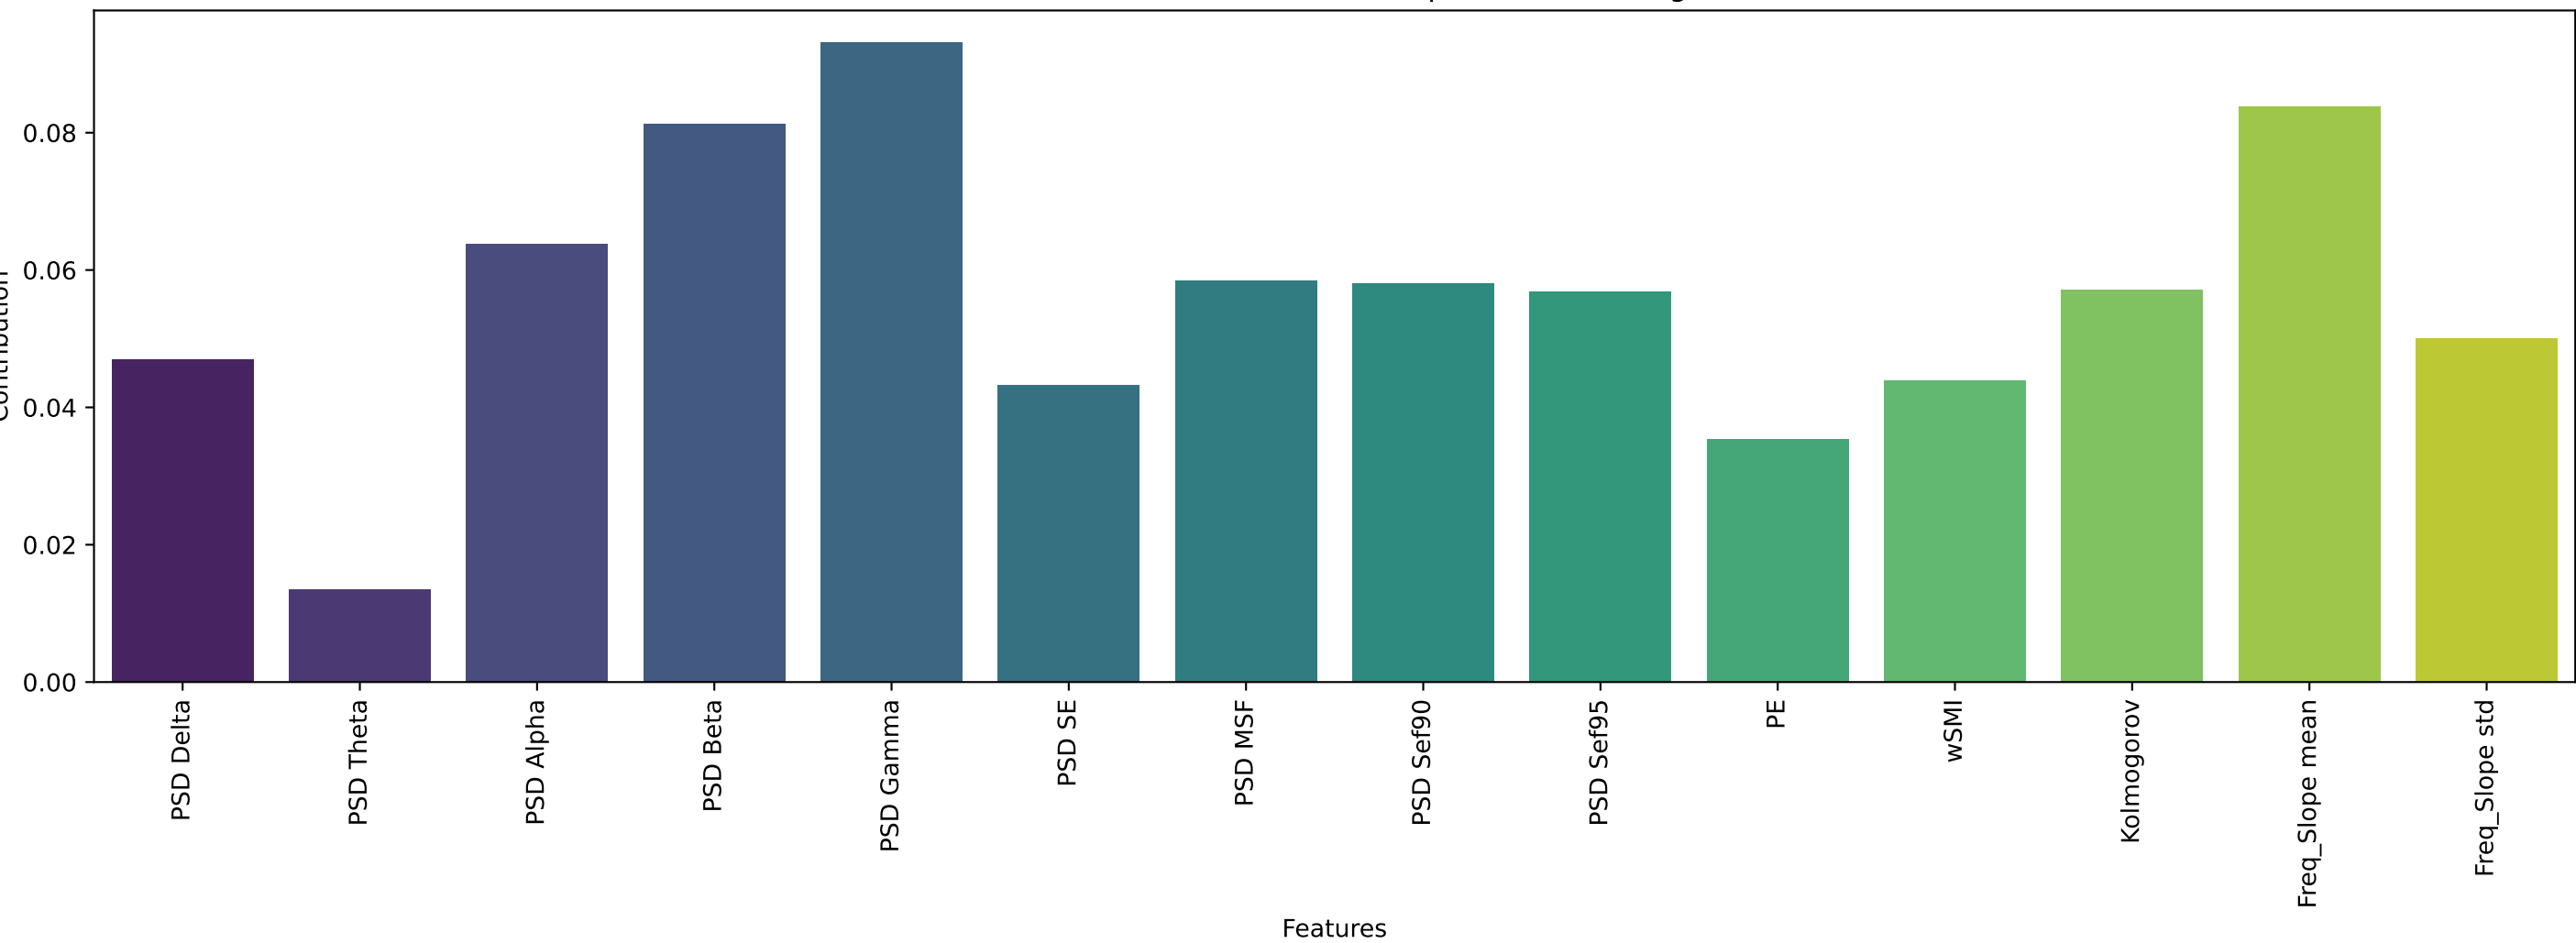

Clusters for Patient p16

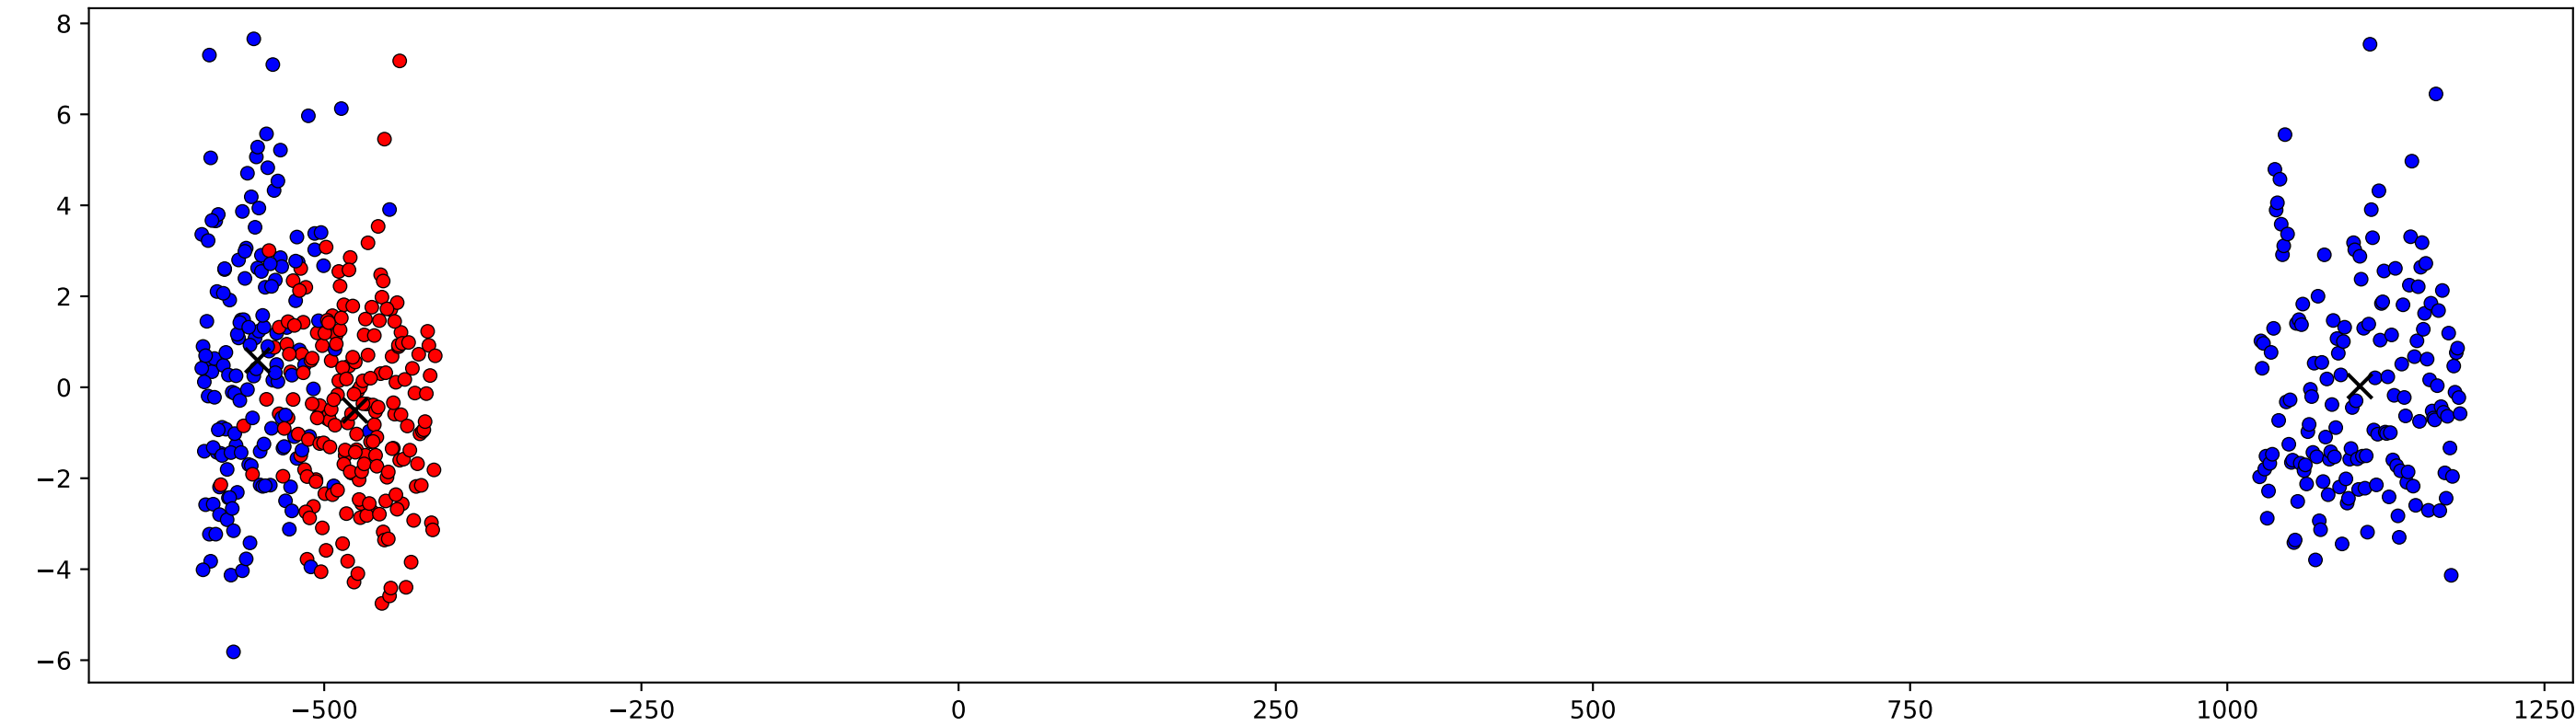

EEG Features with Clusters for Patient p16

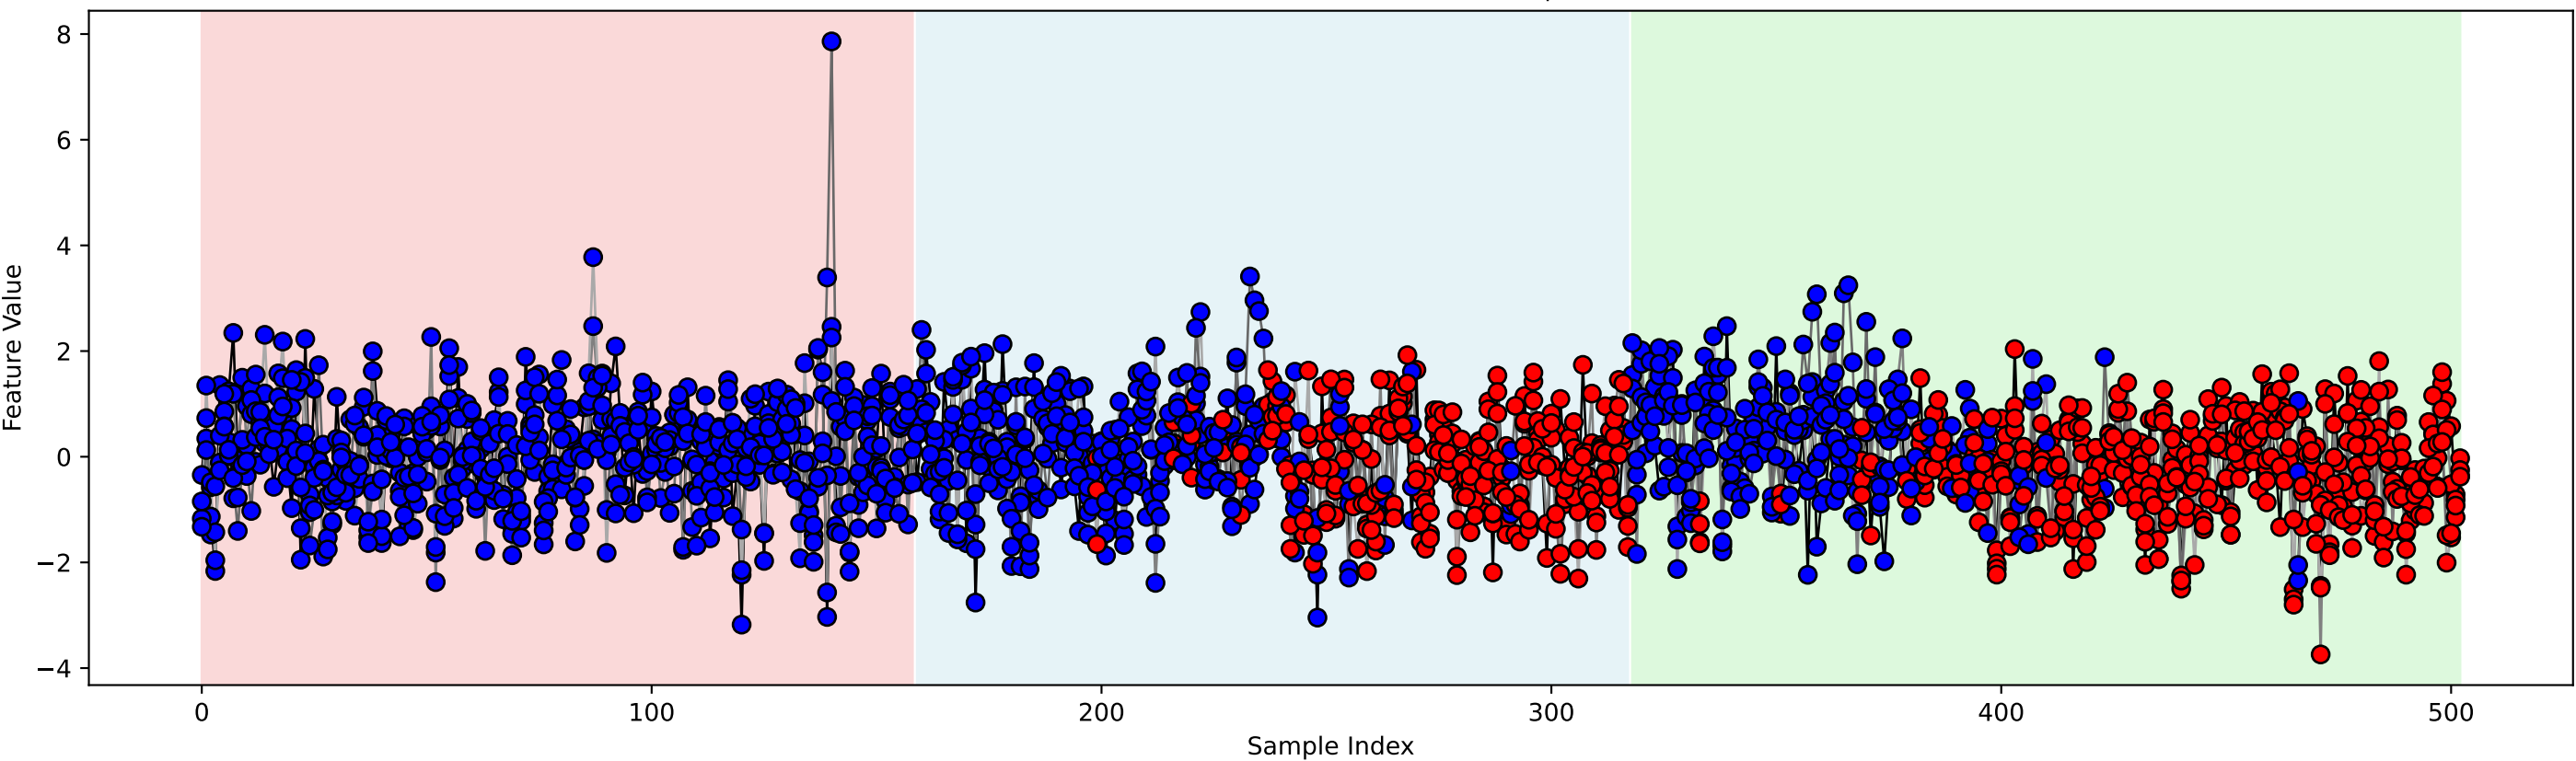

Feature Contribution for Patient p16 (PCA Loadings)

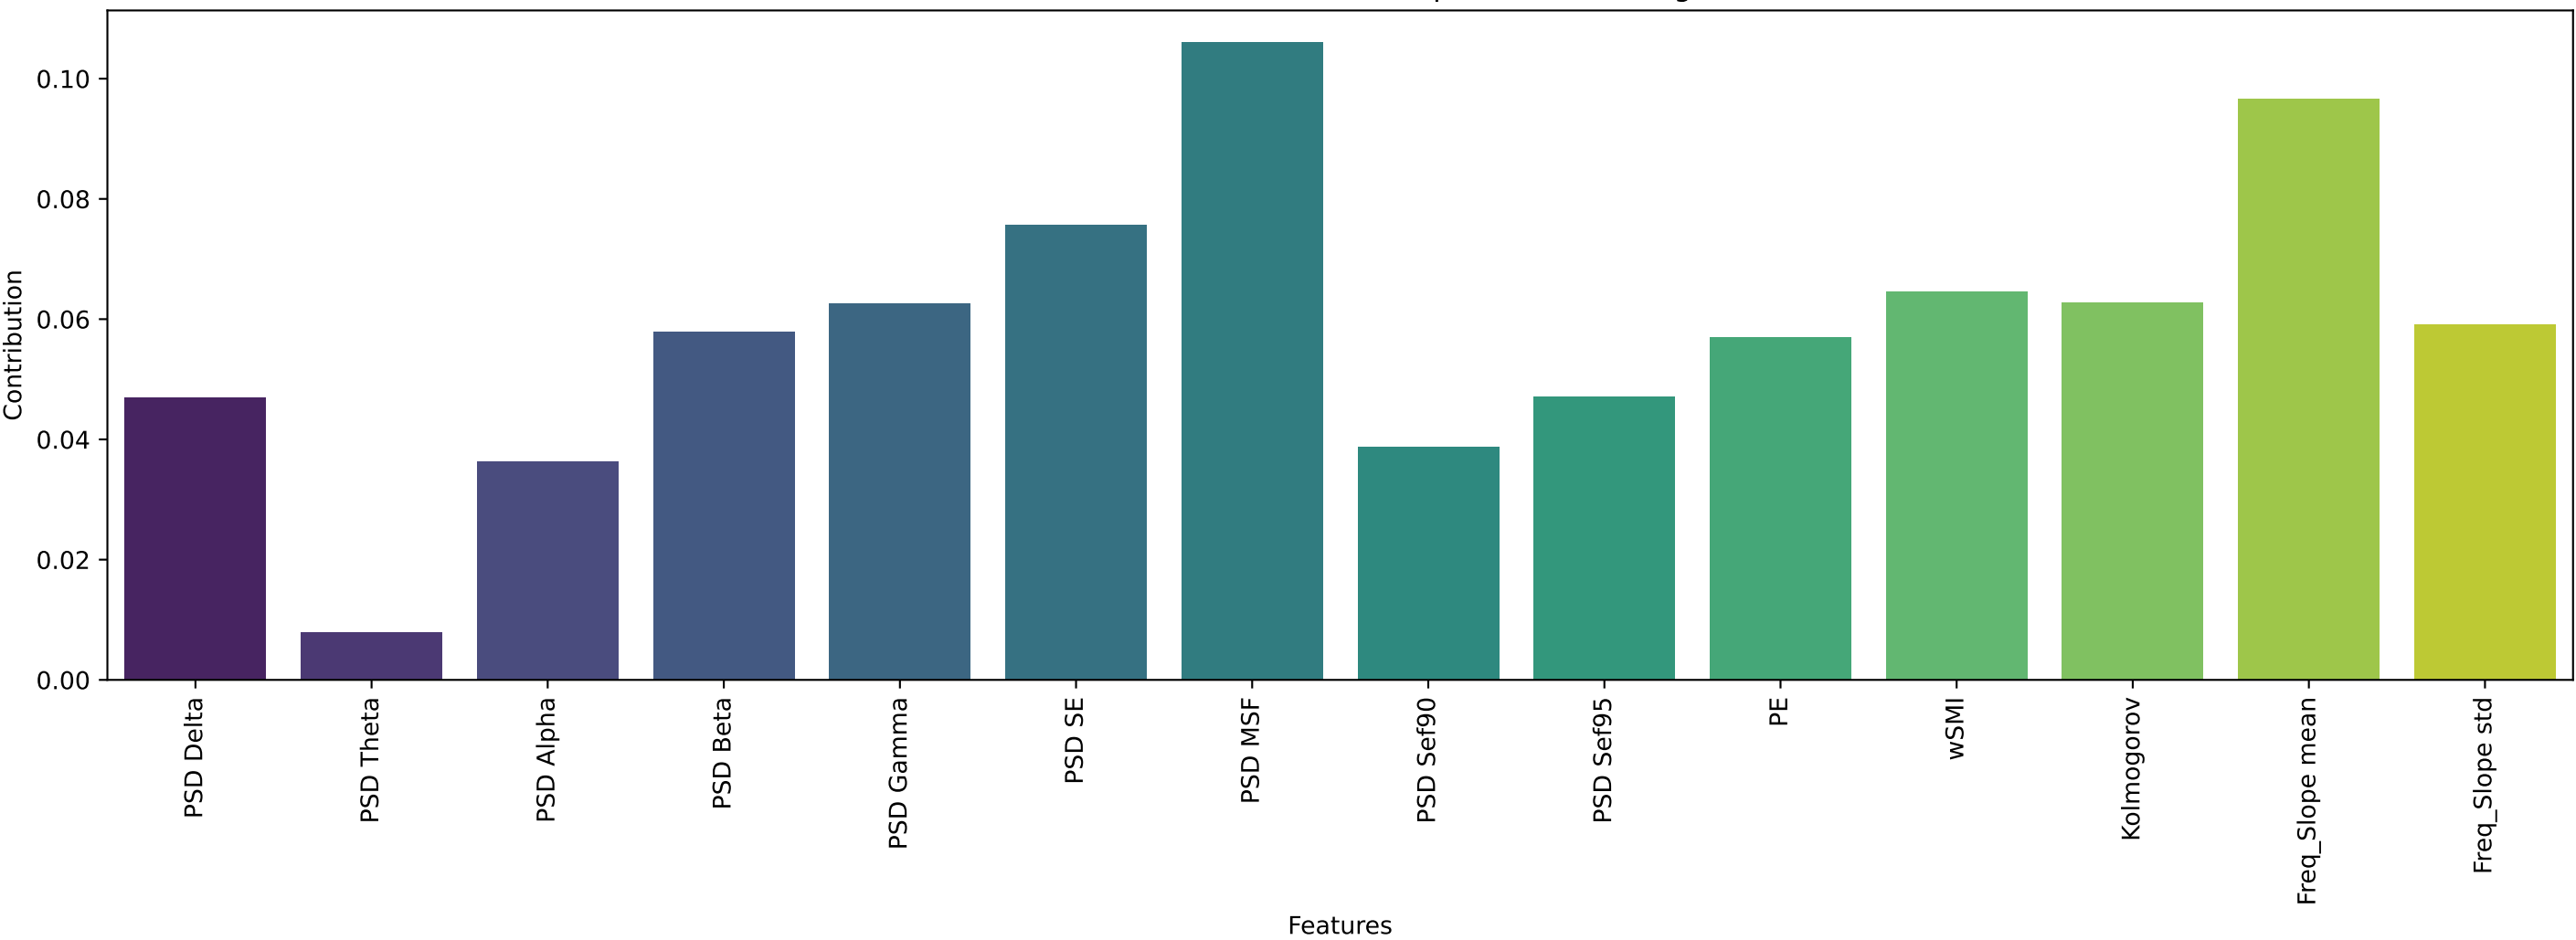

Clusters for Patient p17

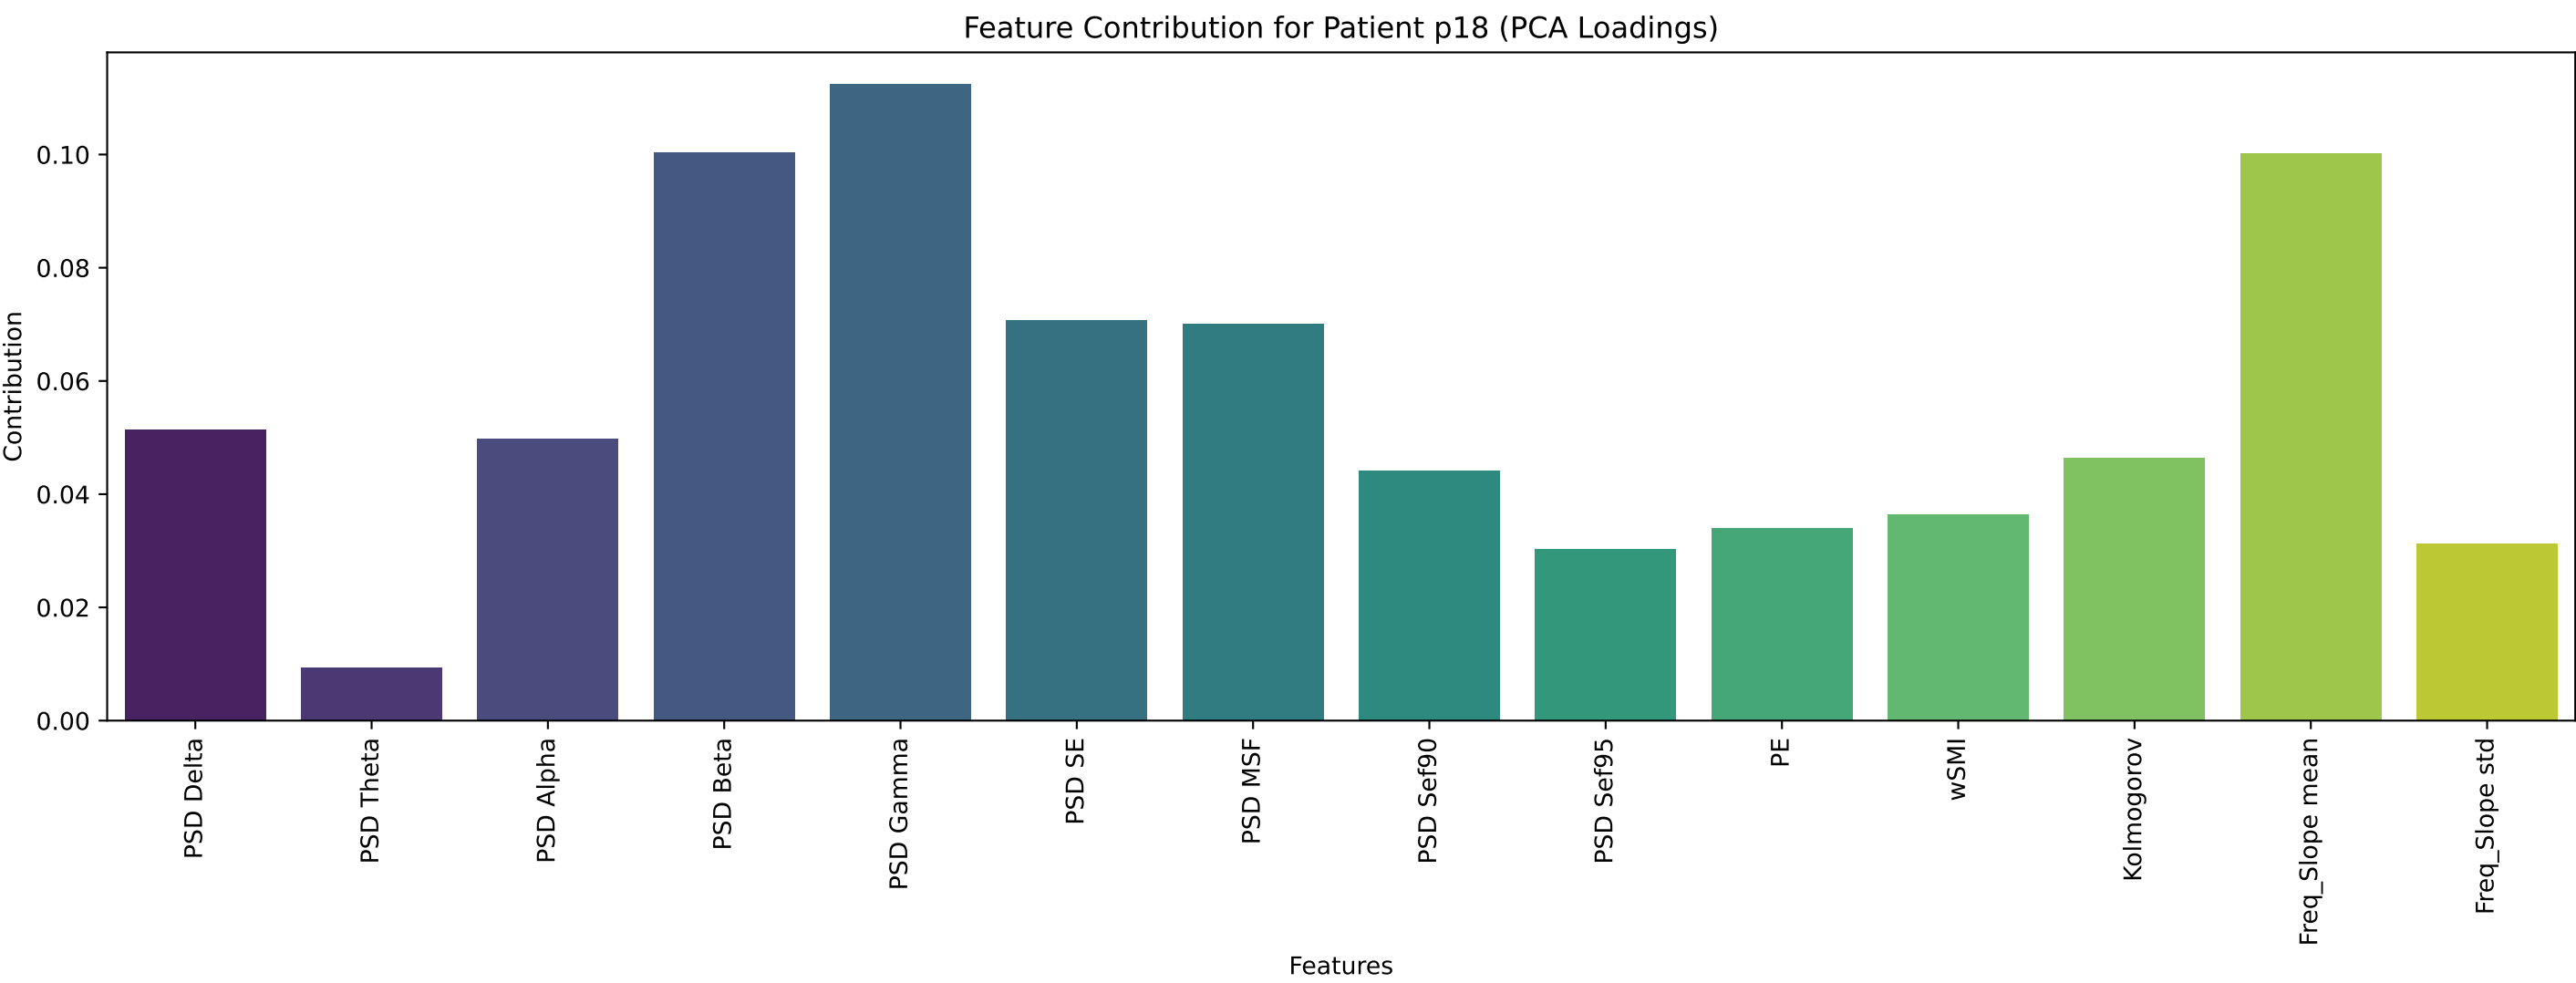

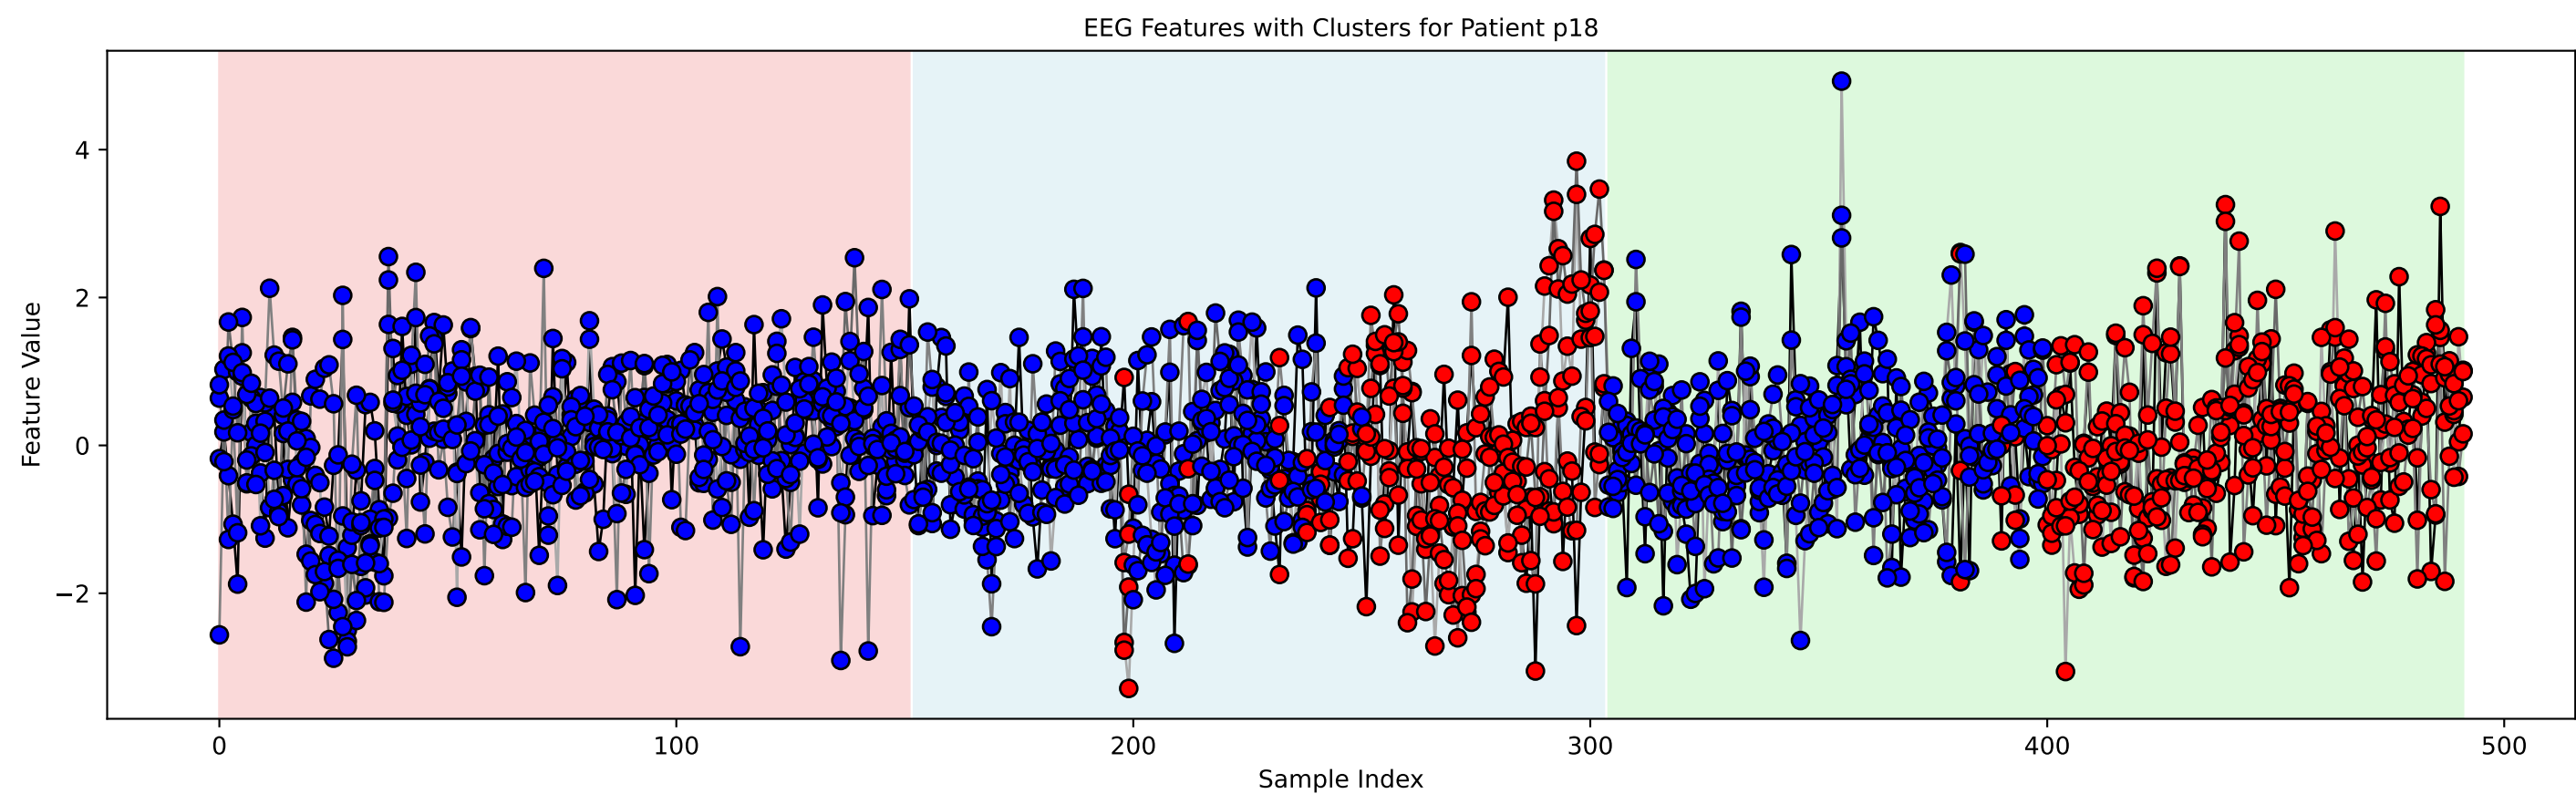

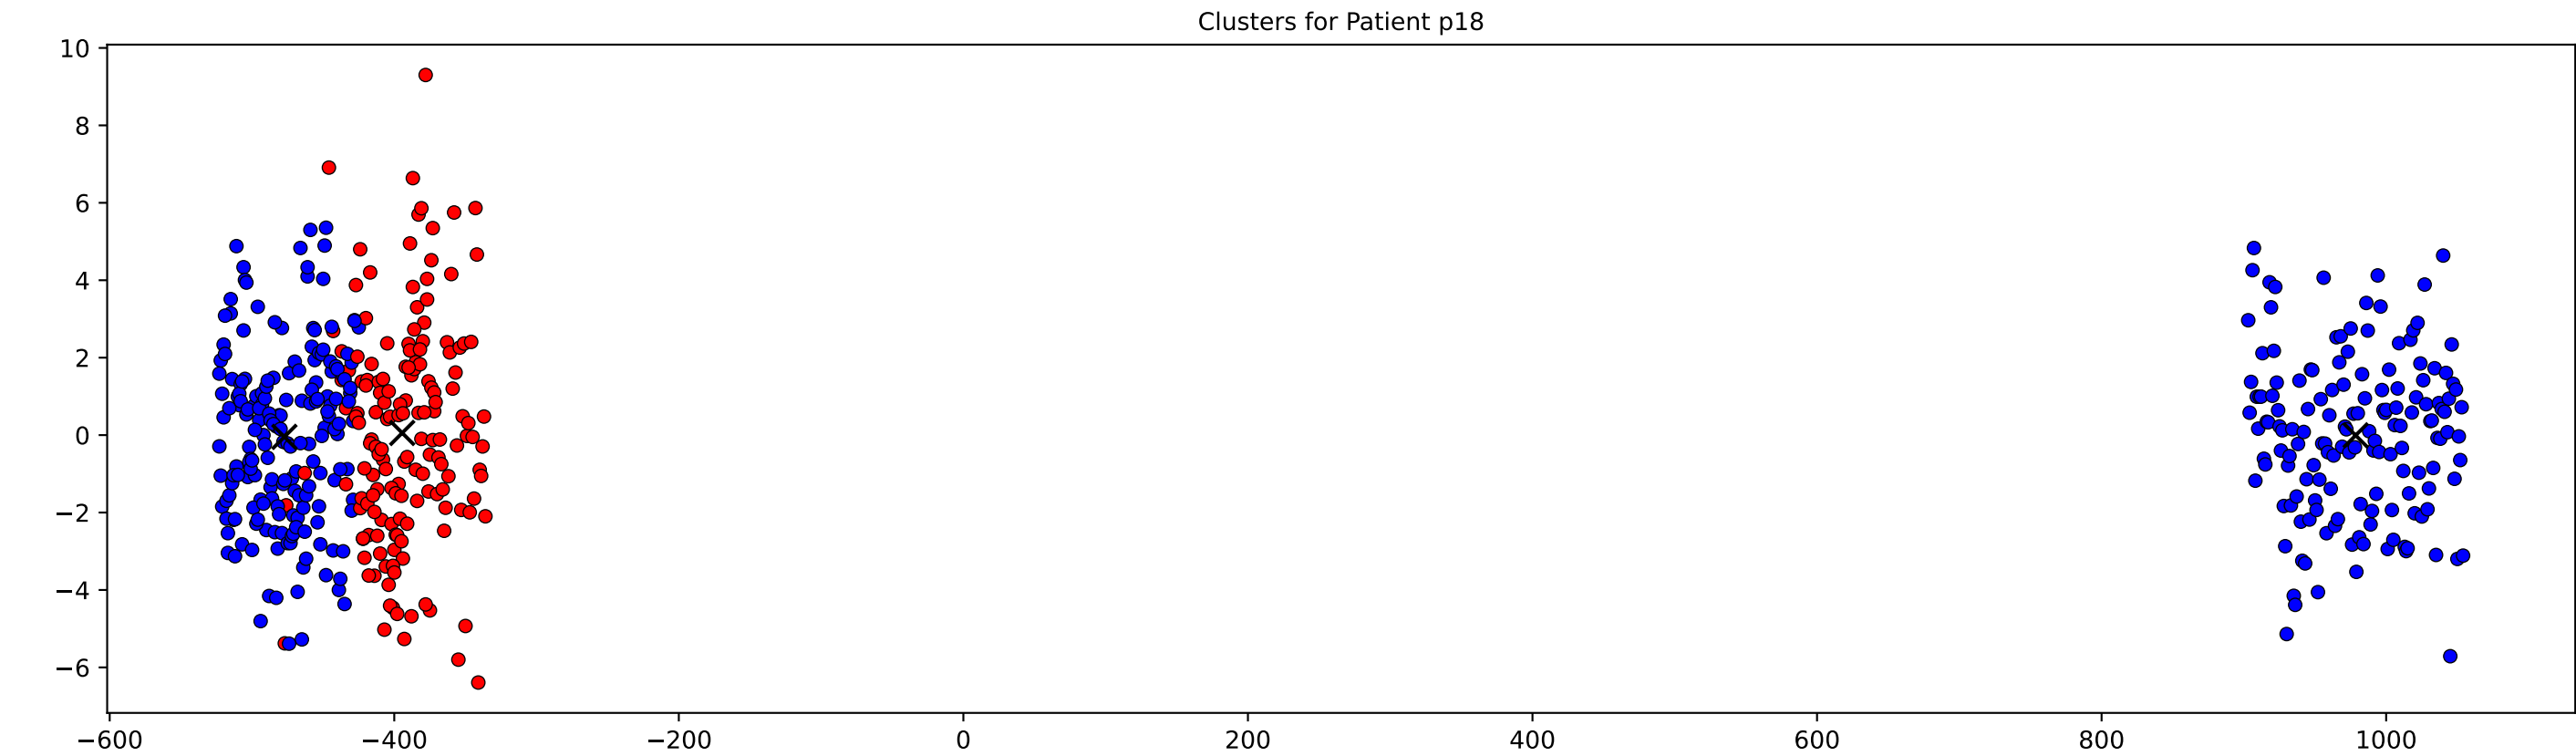

EEG Features with Clusters for Patient p17

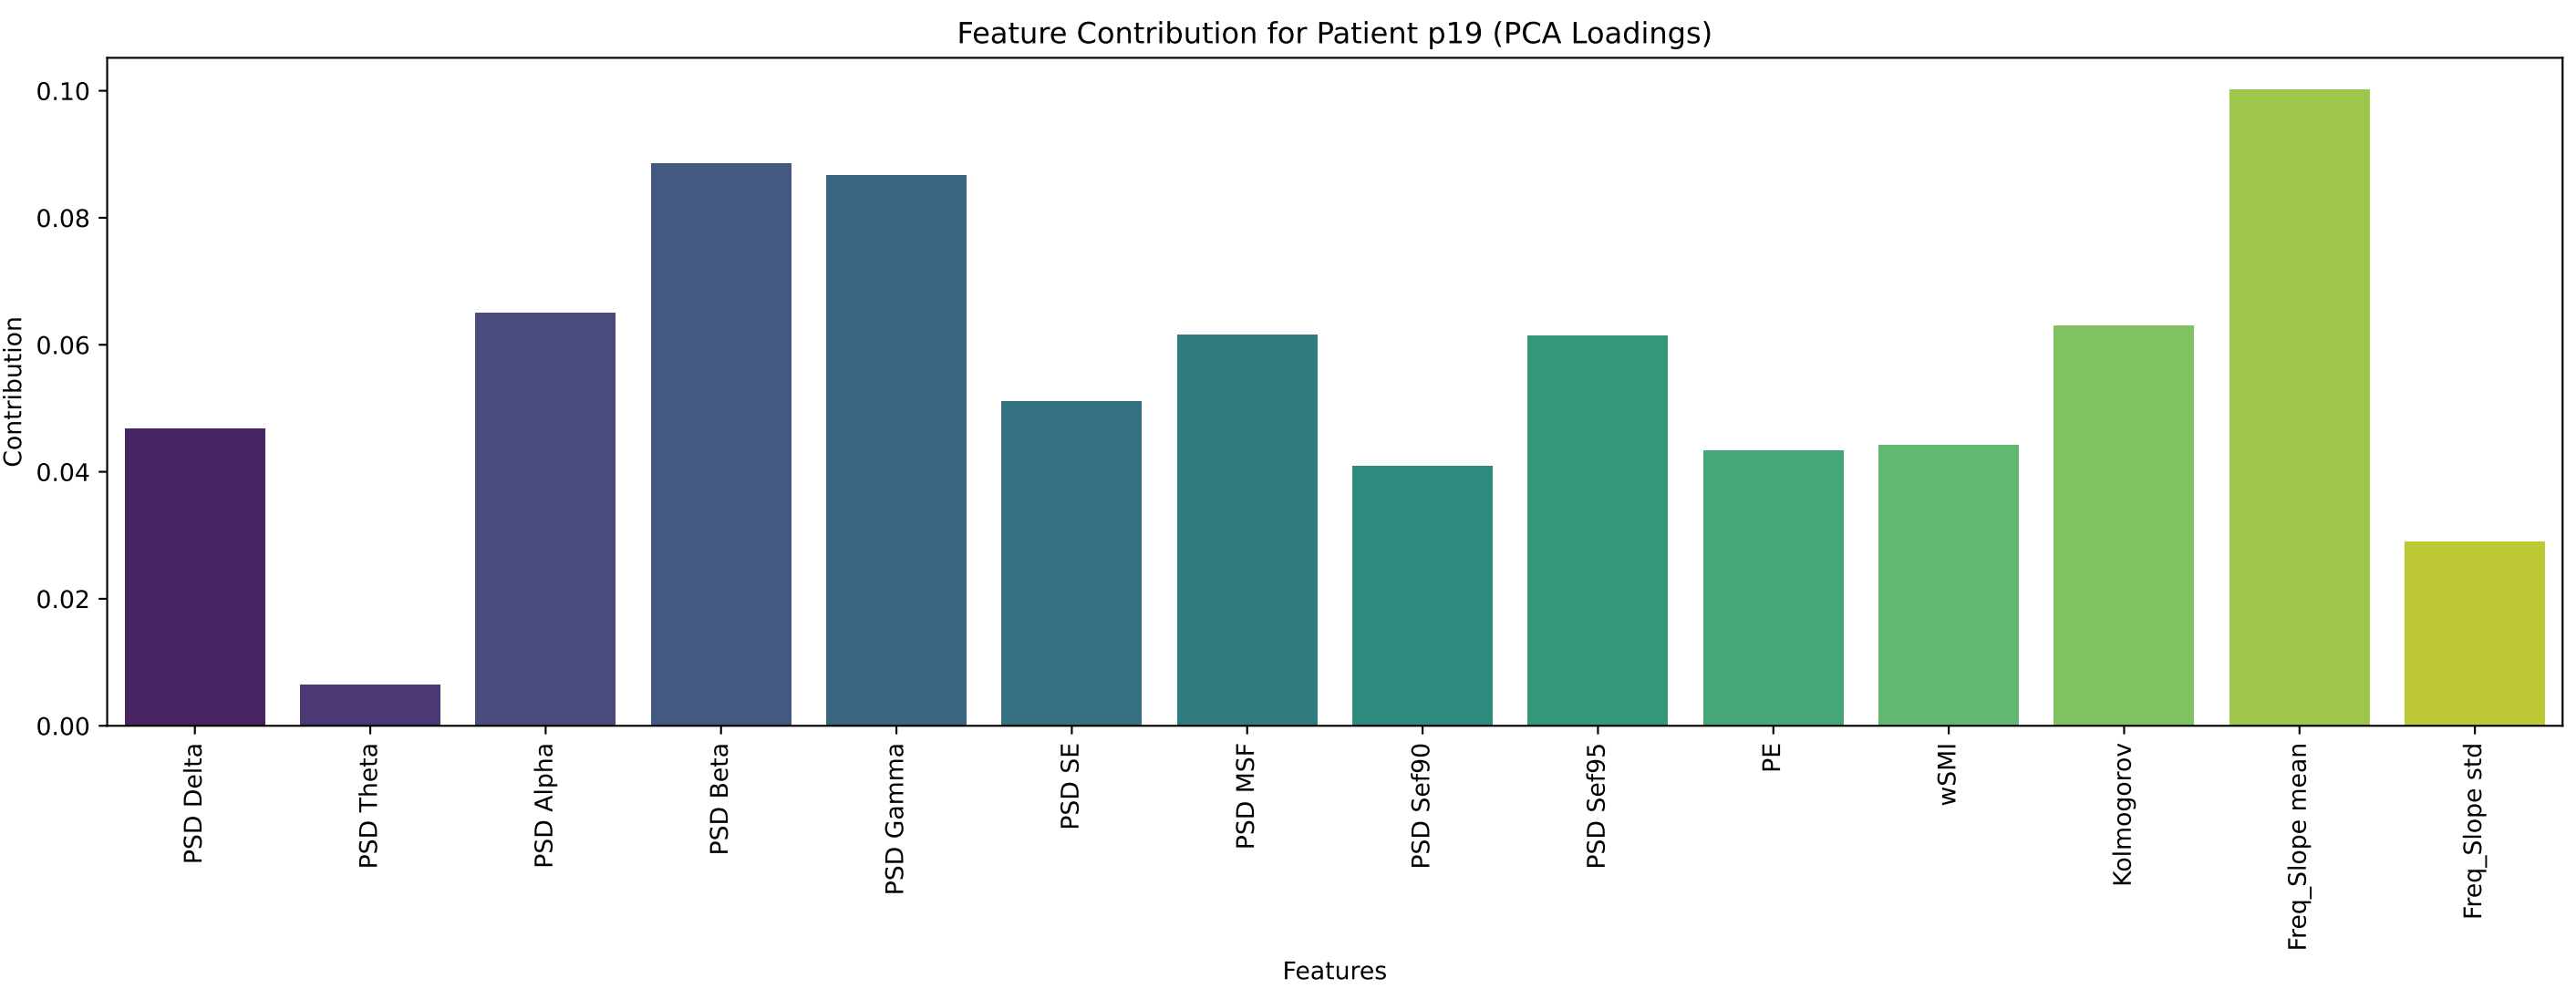

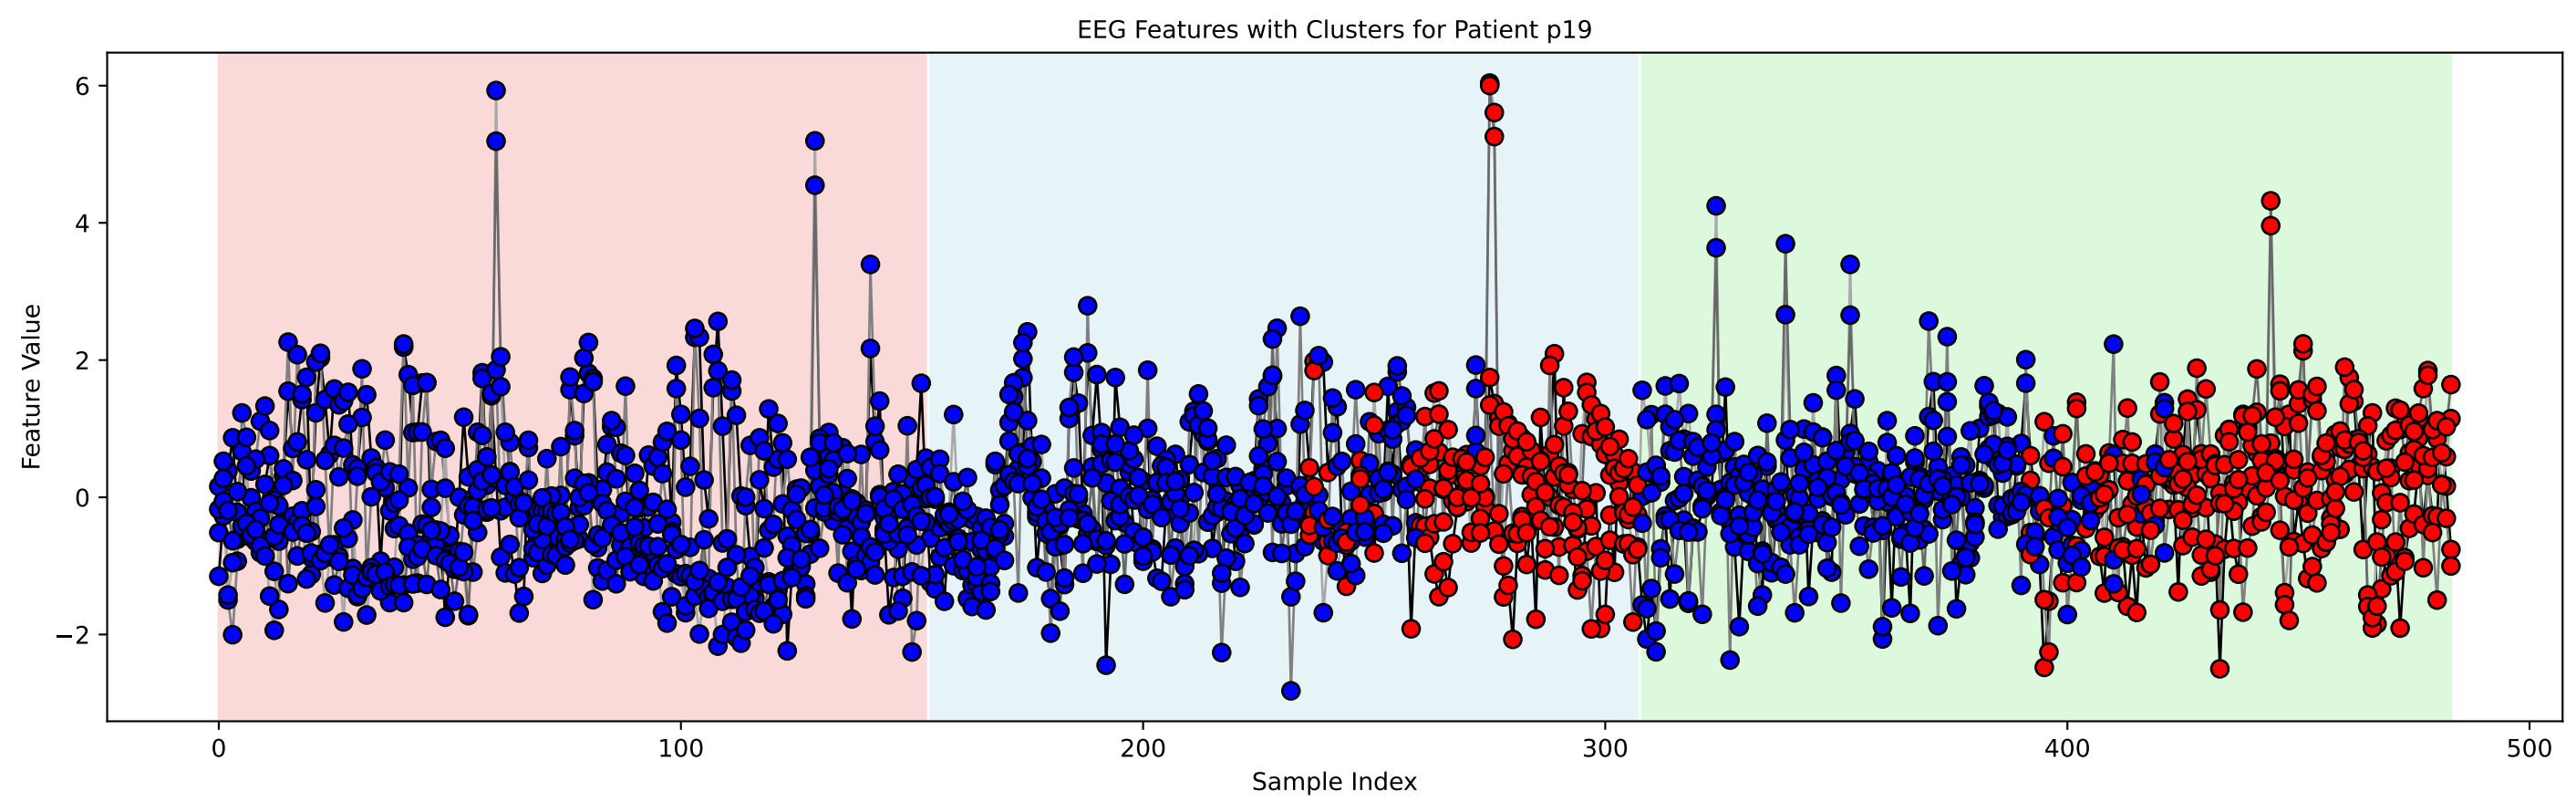

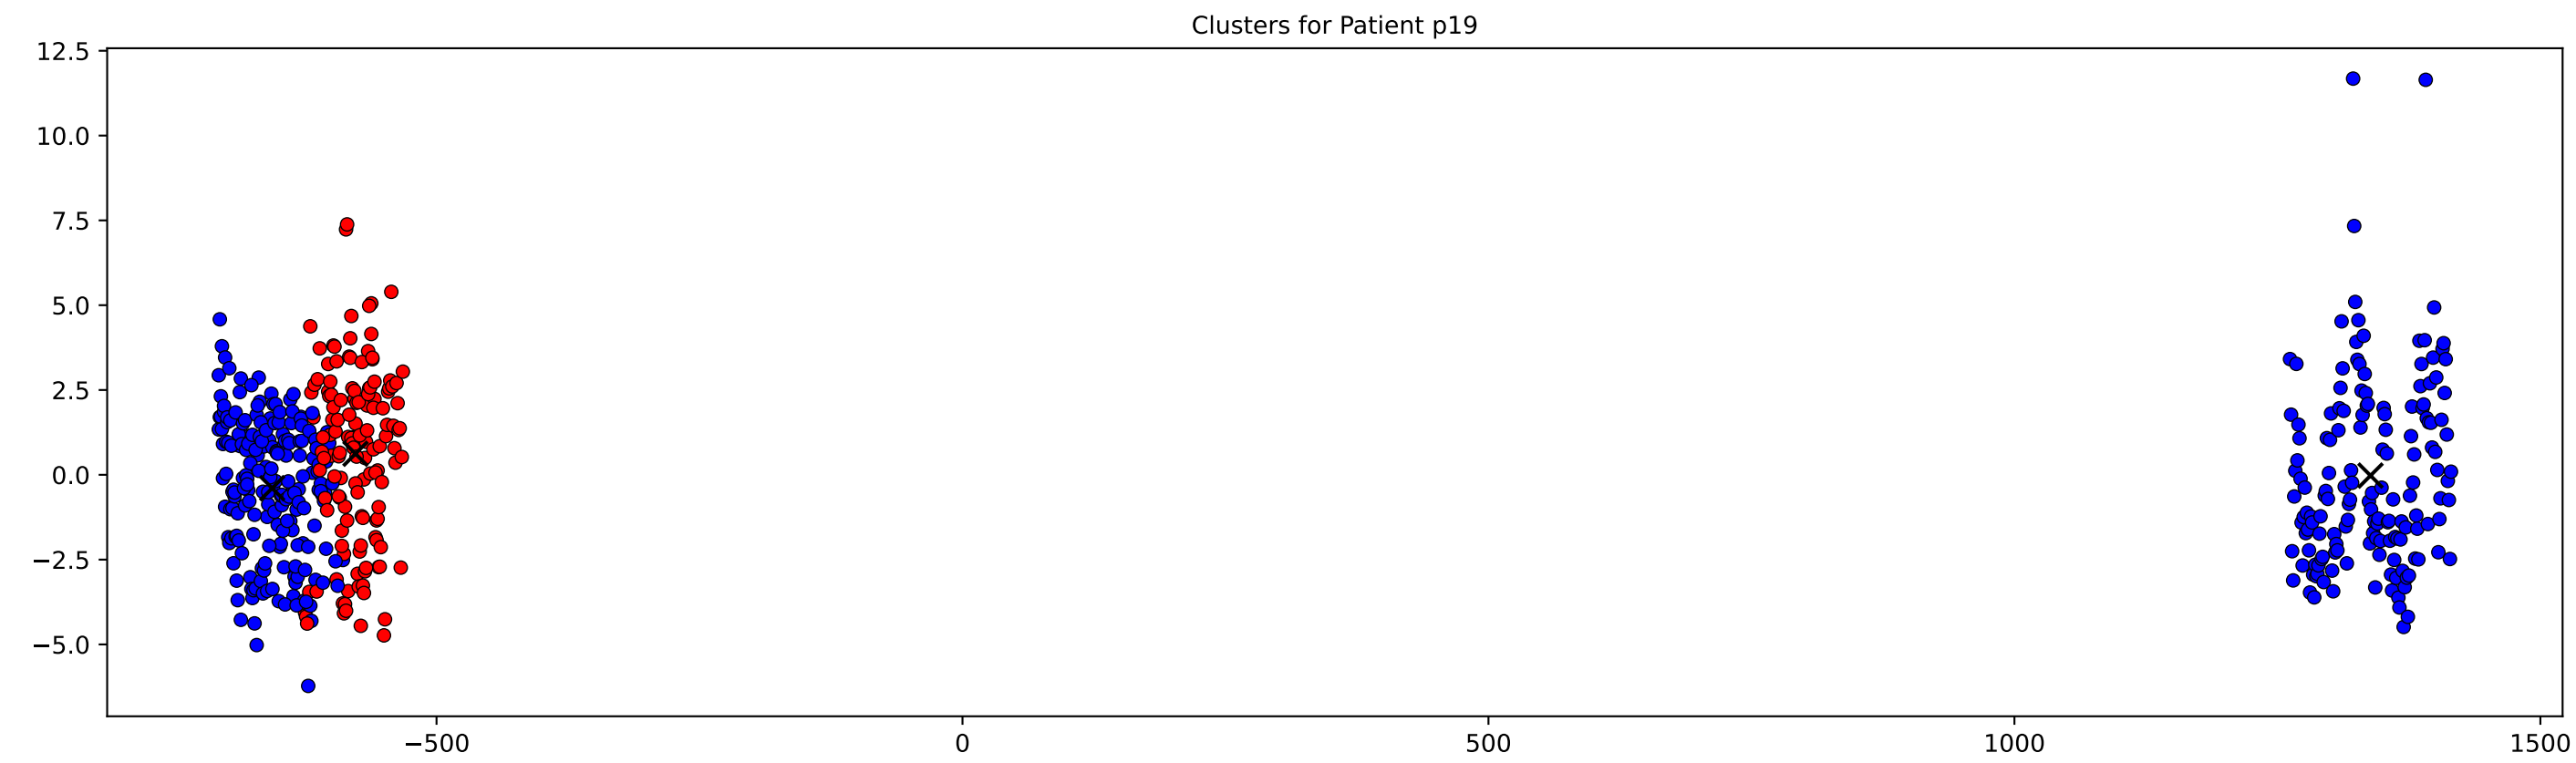

Feature Contribution for Patient p17 (PCA Loadings)

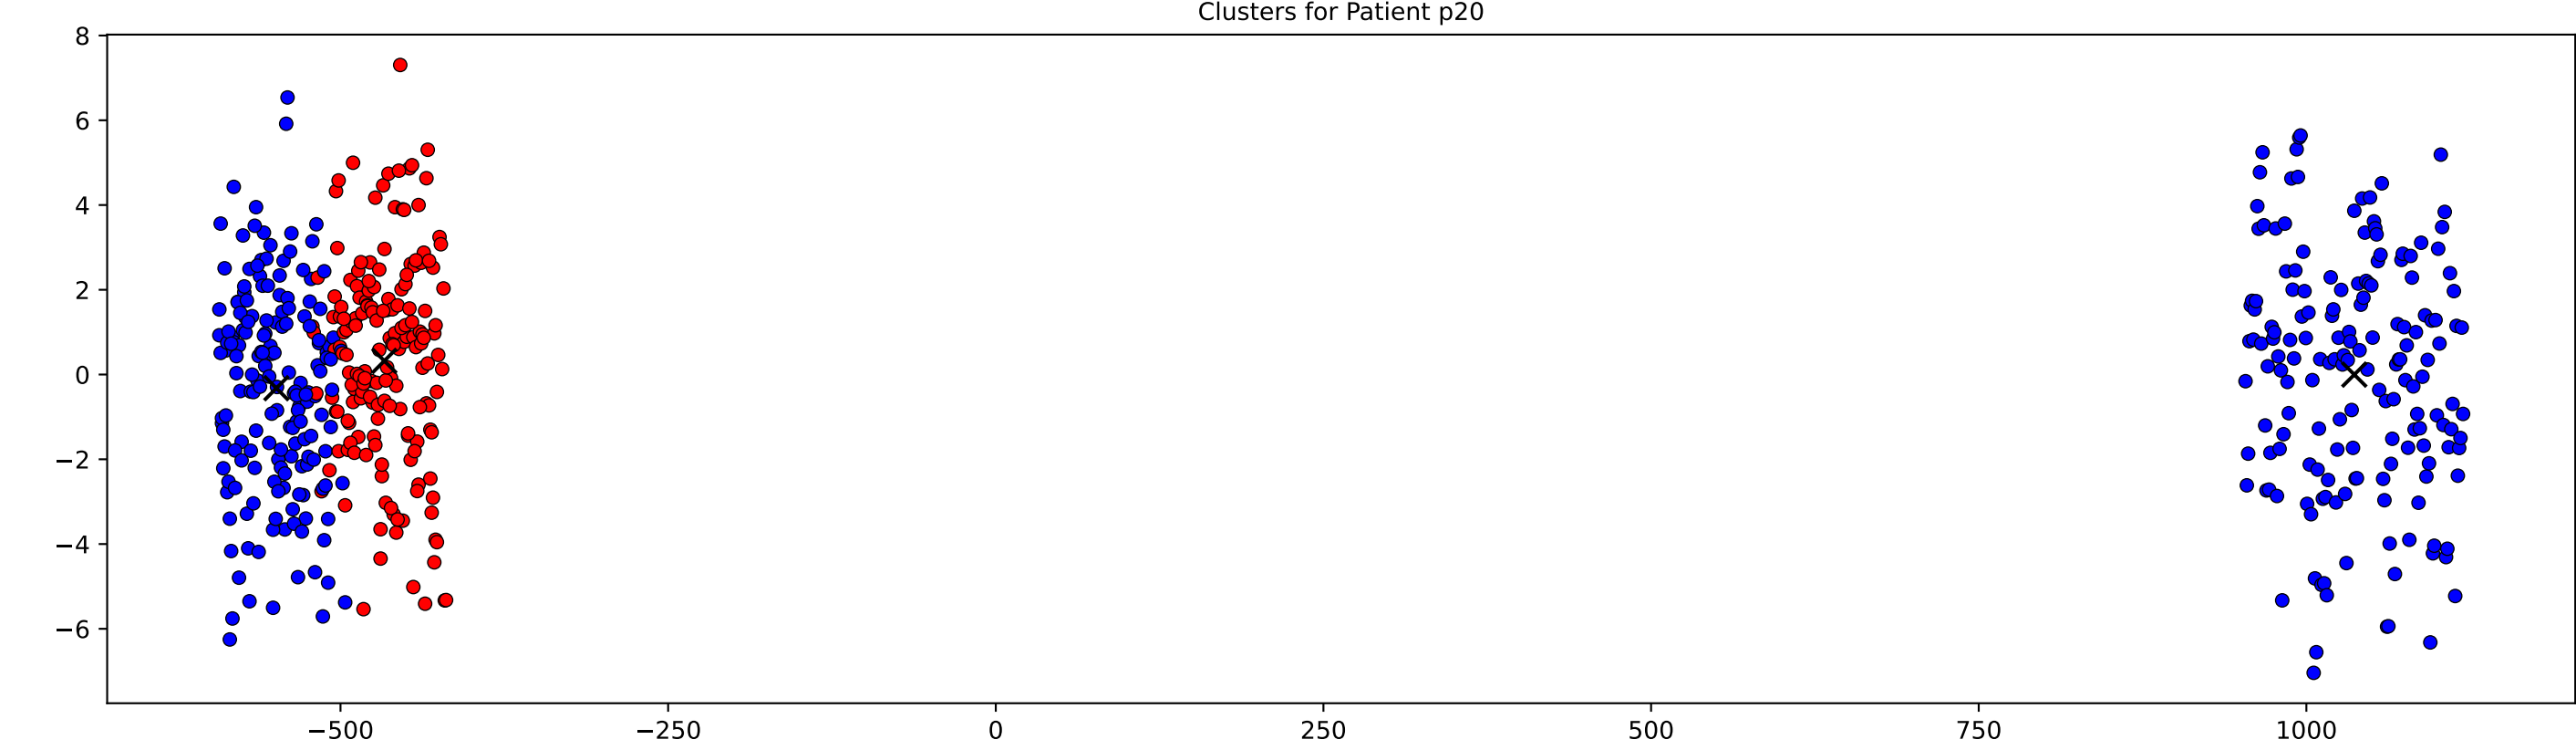

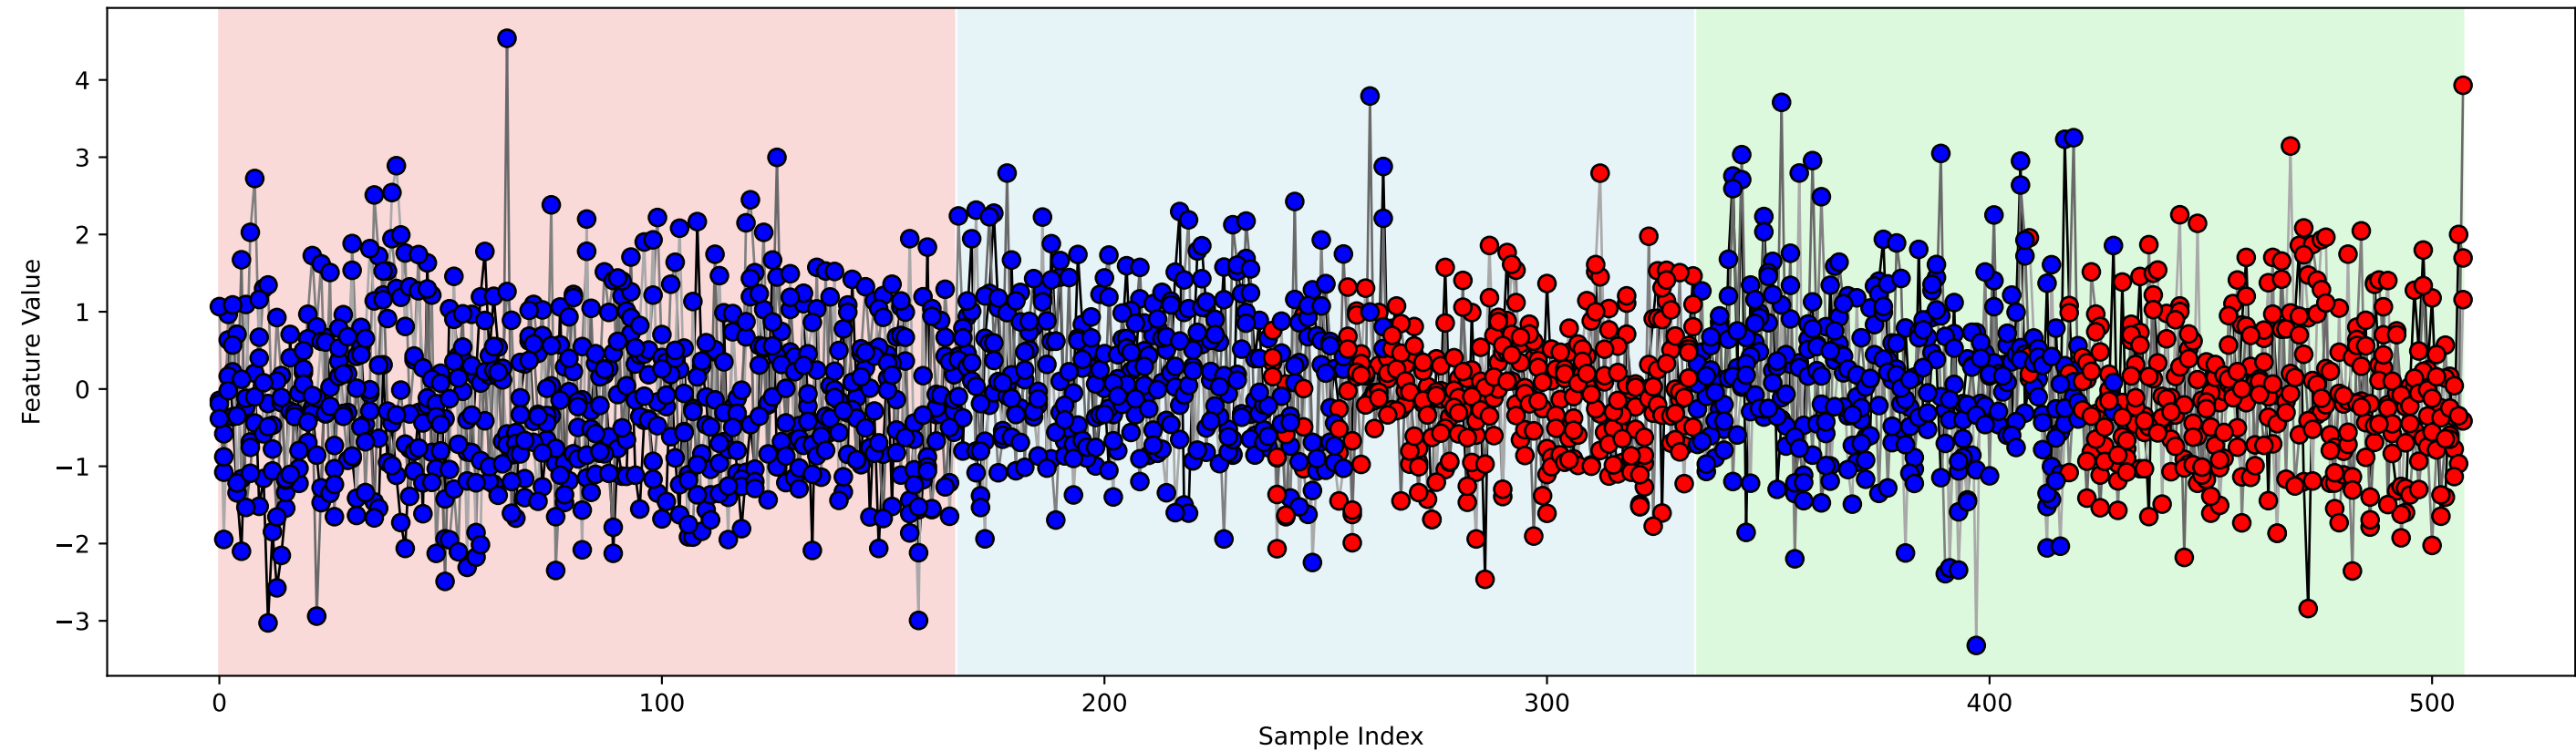

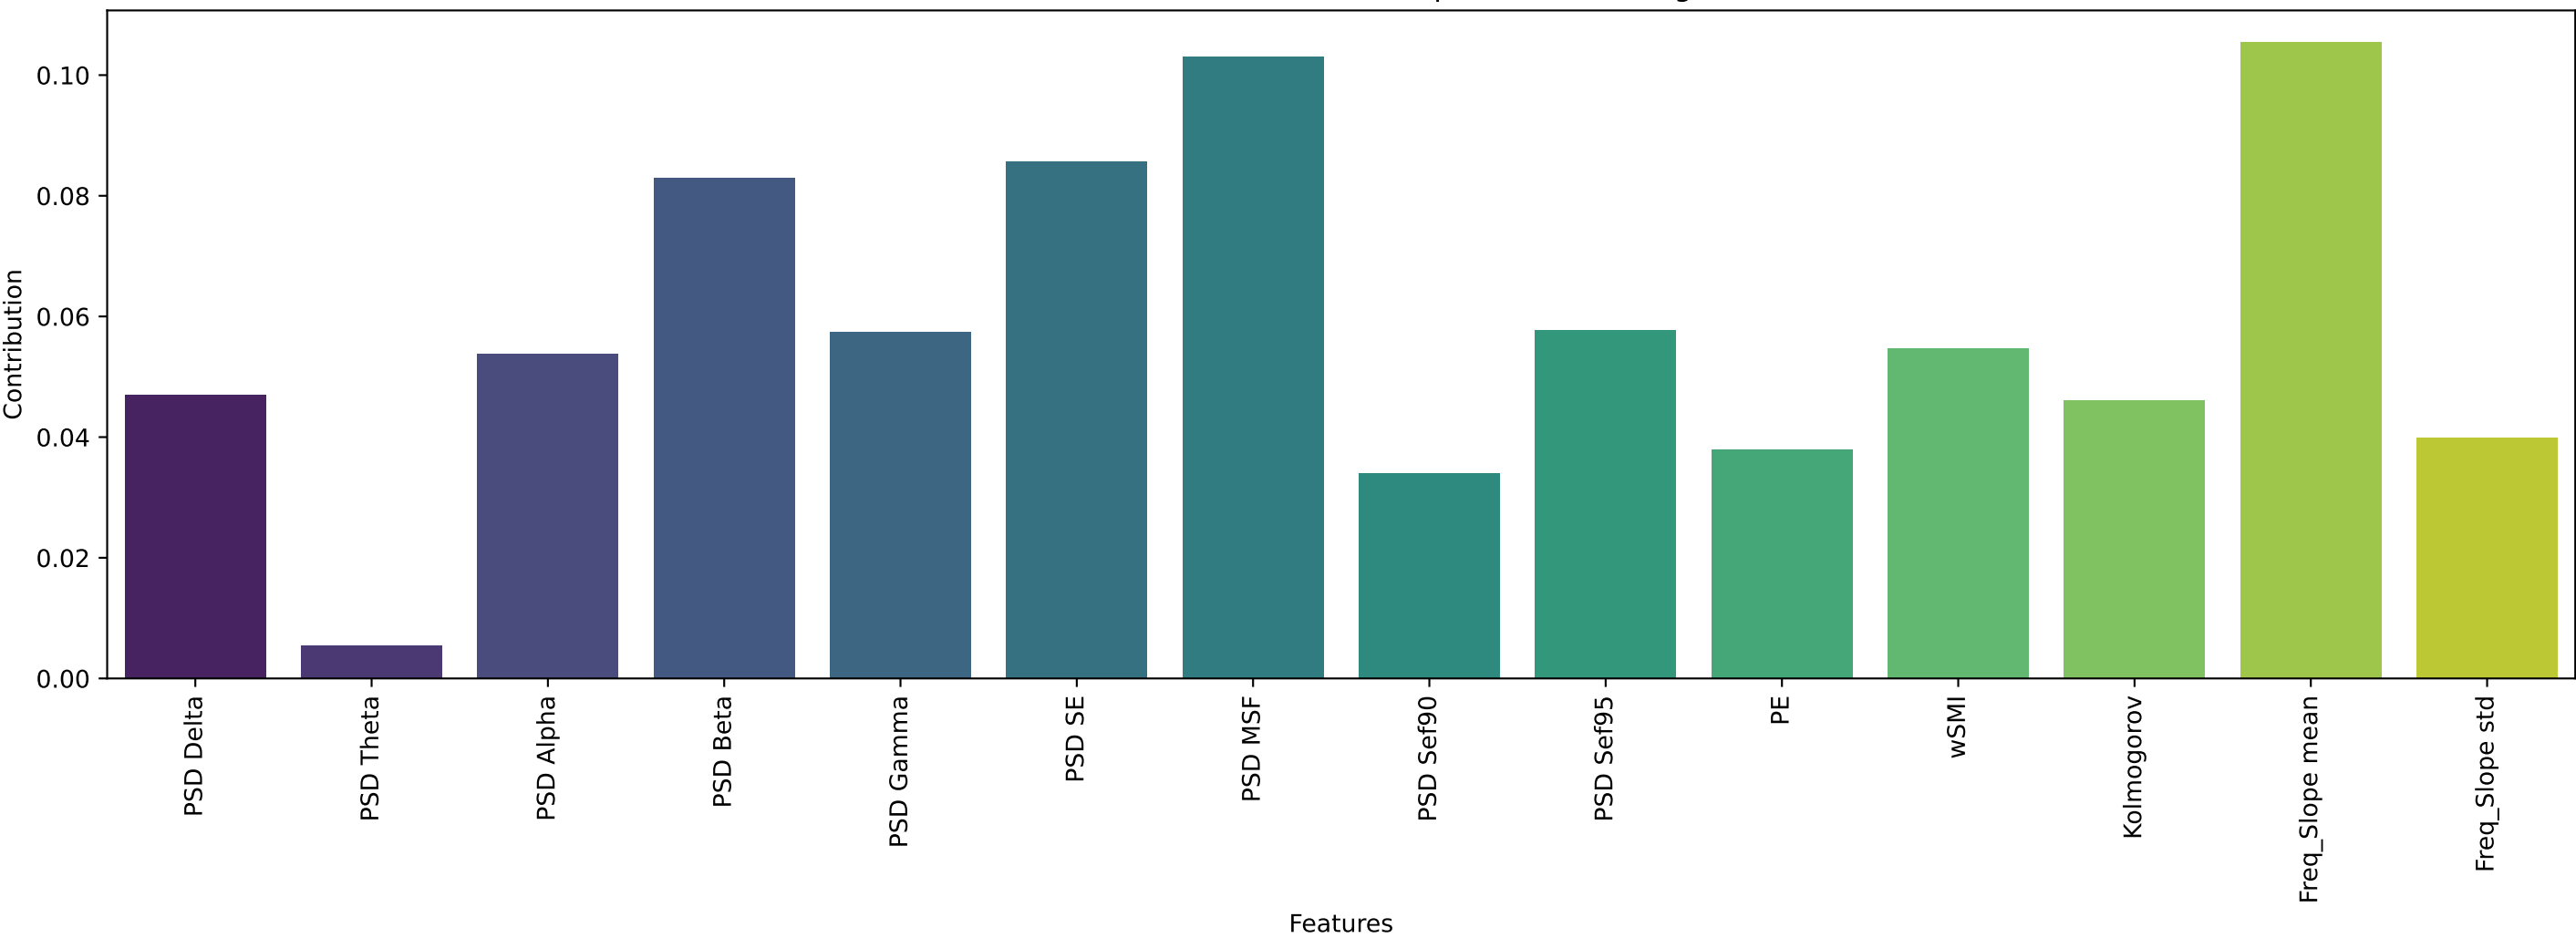

Clusters for Patient p20

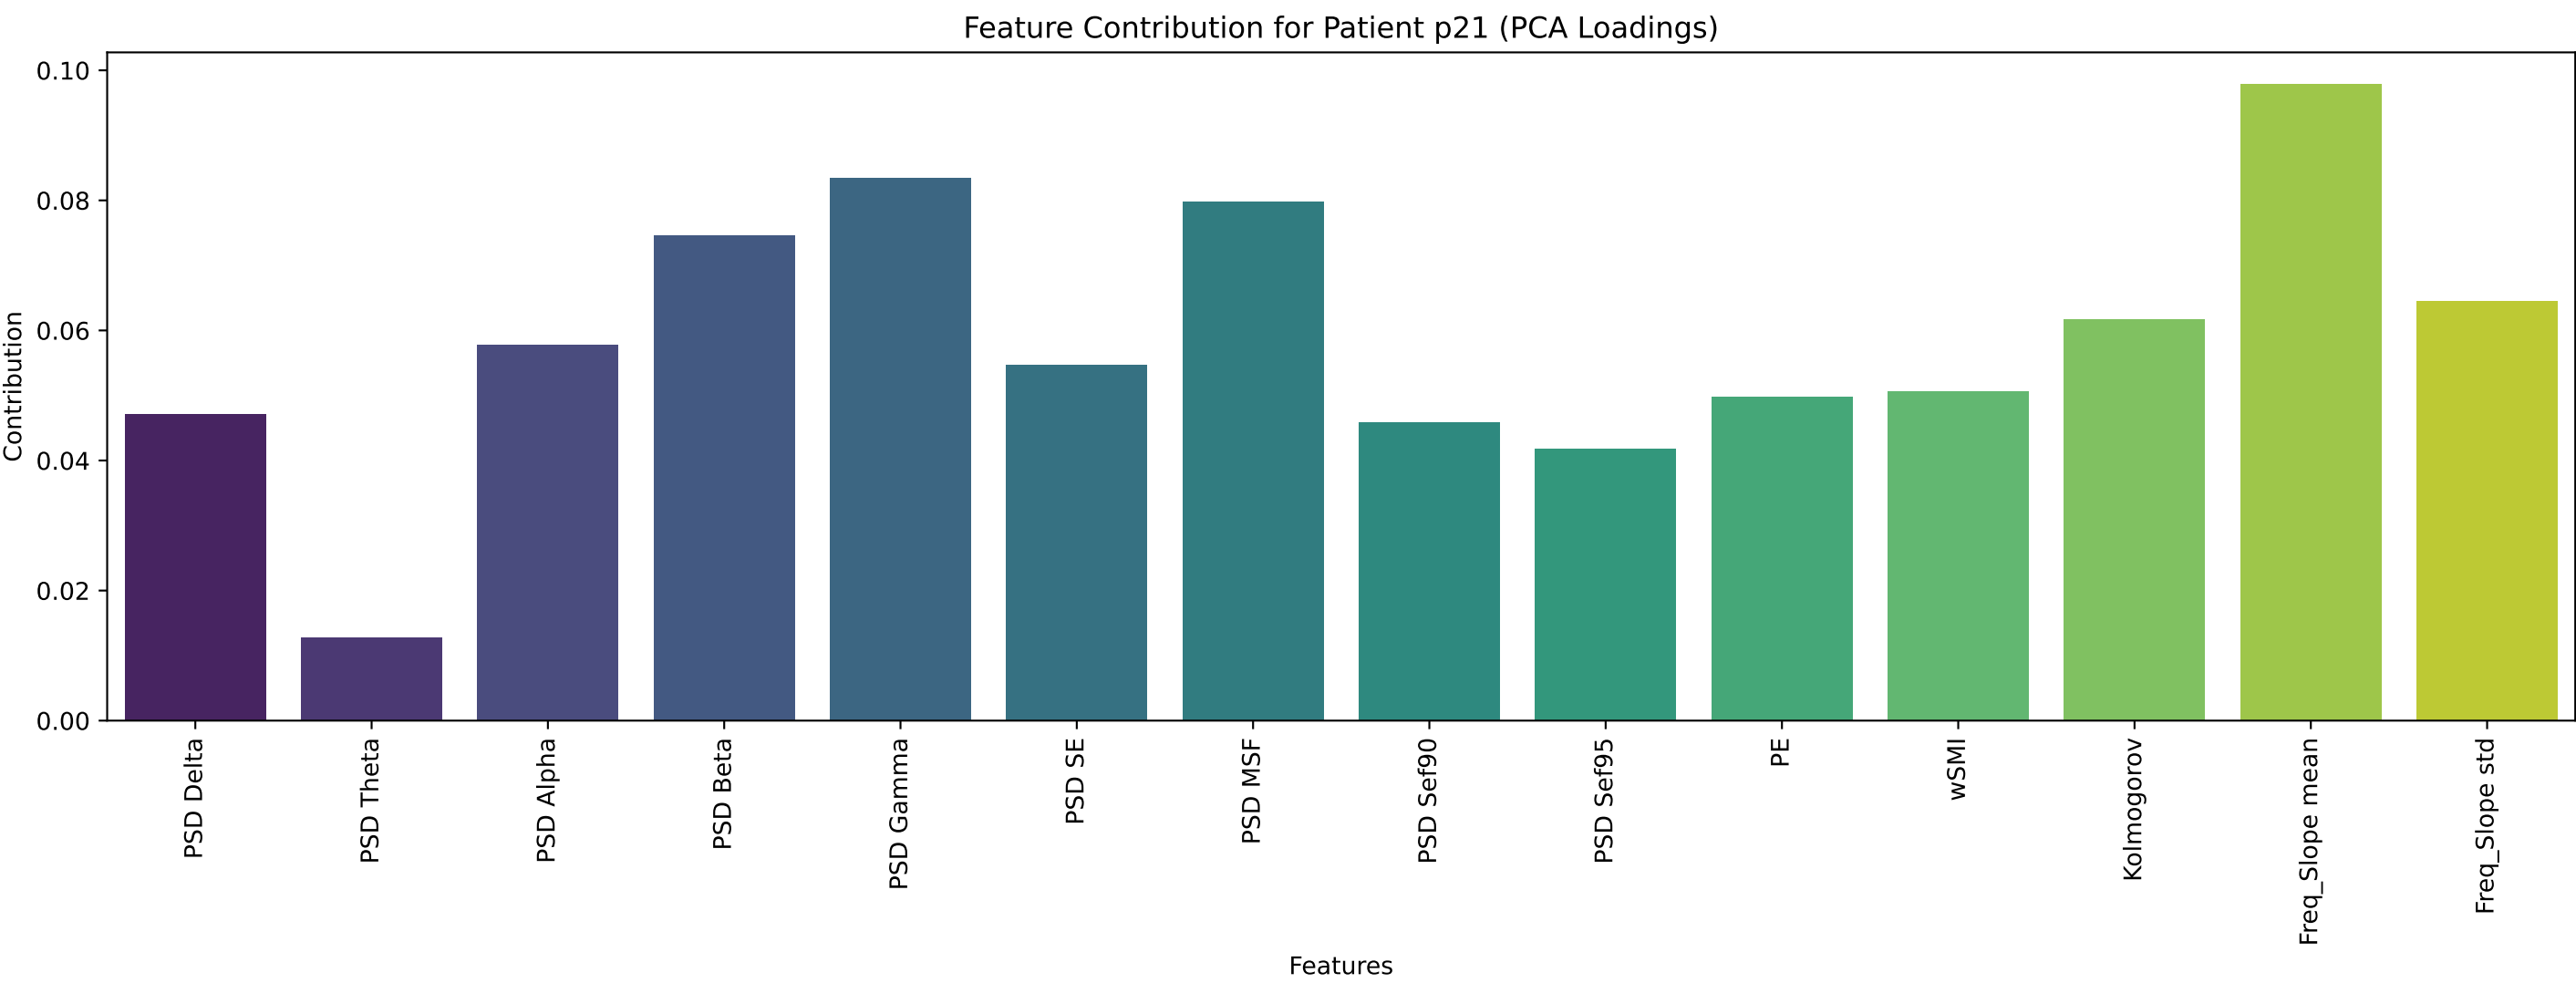

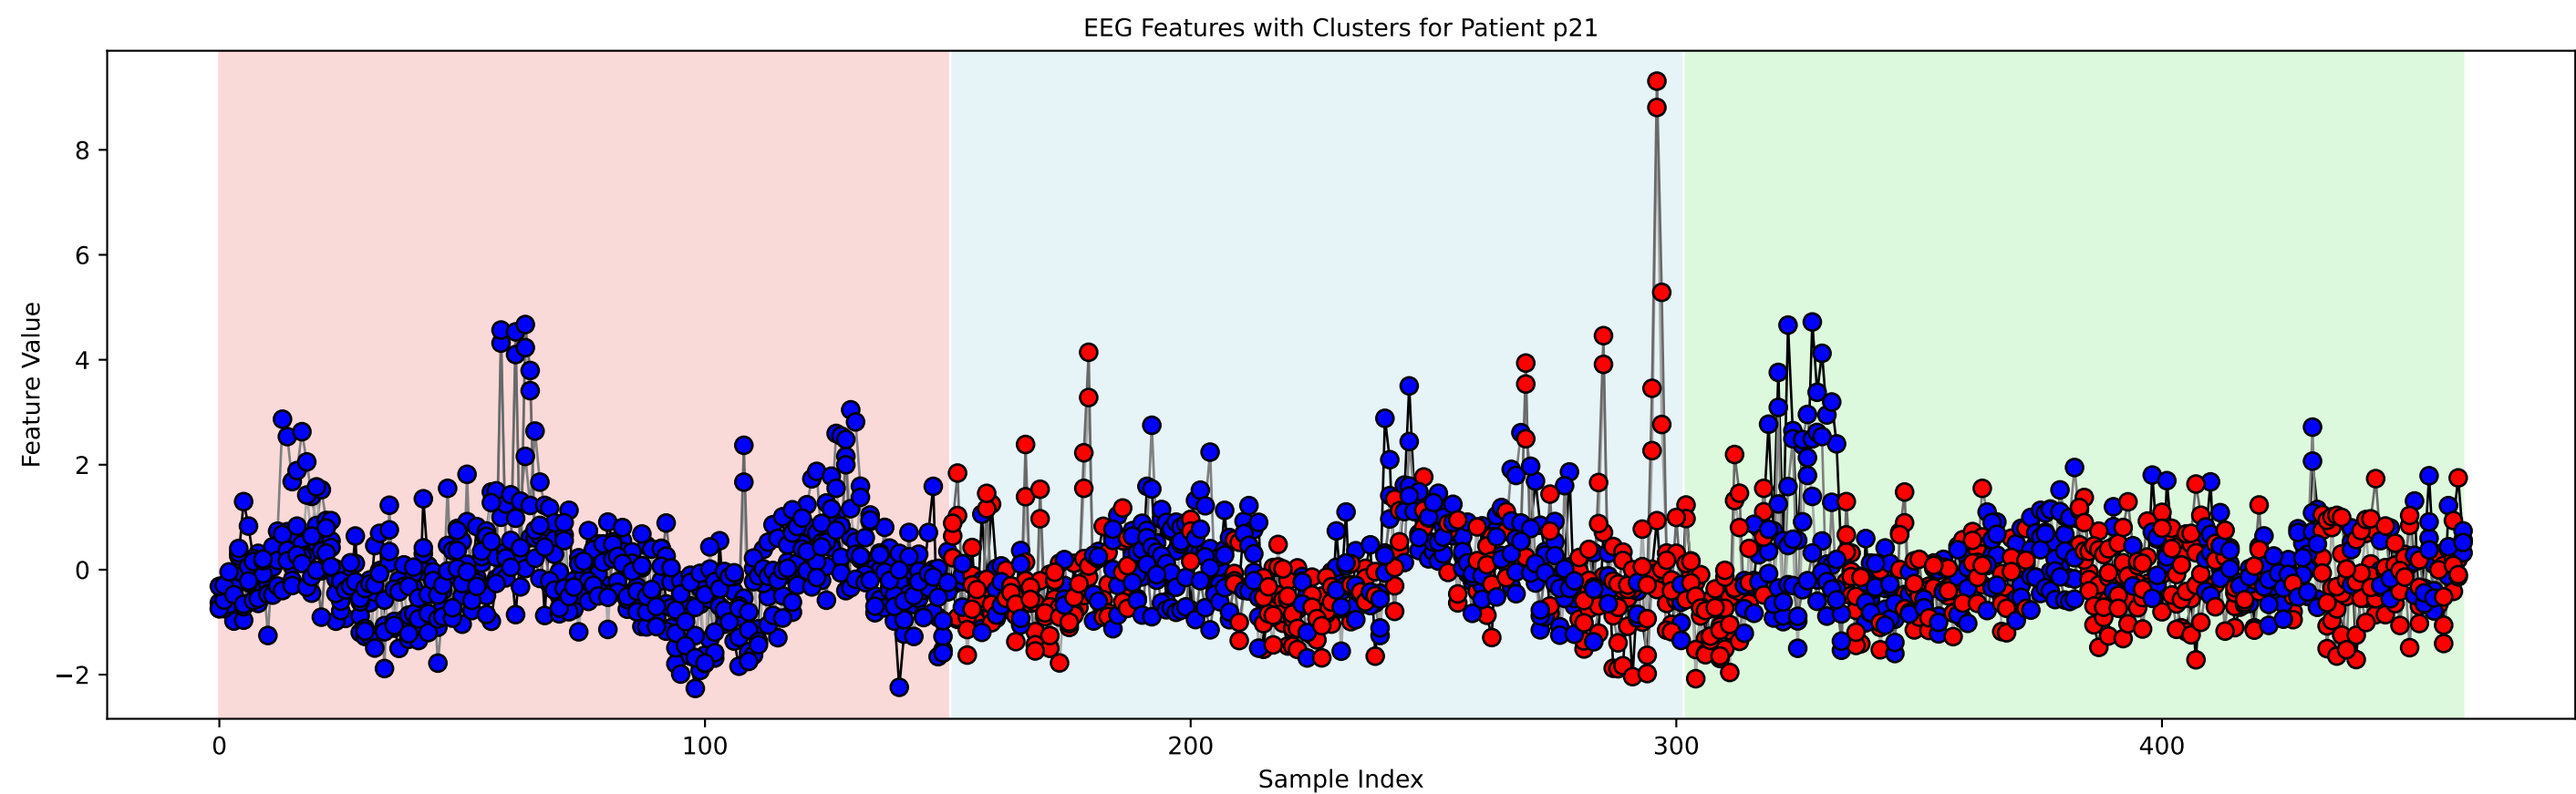

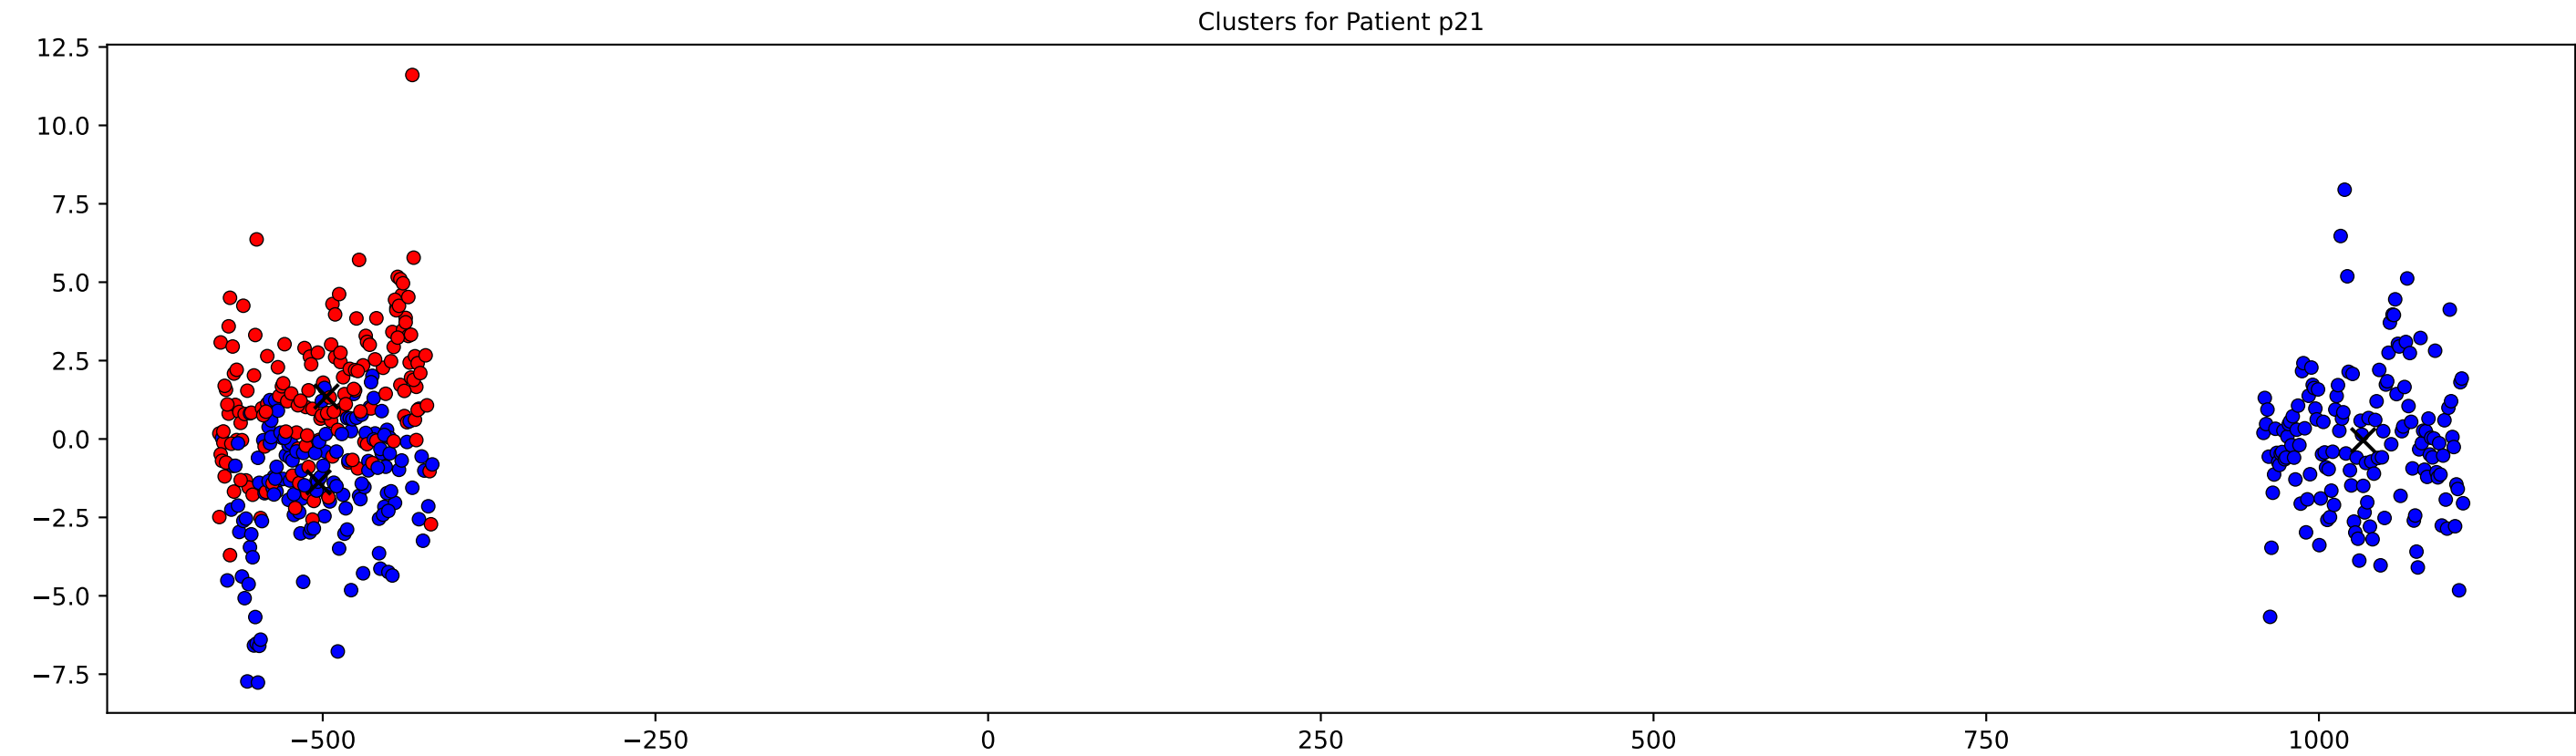

EEG Features with Clusters for Patient p20

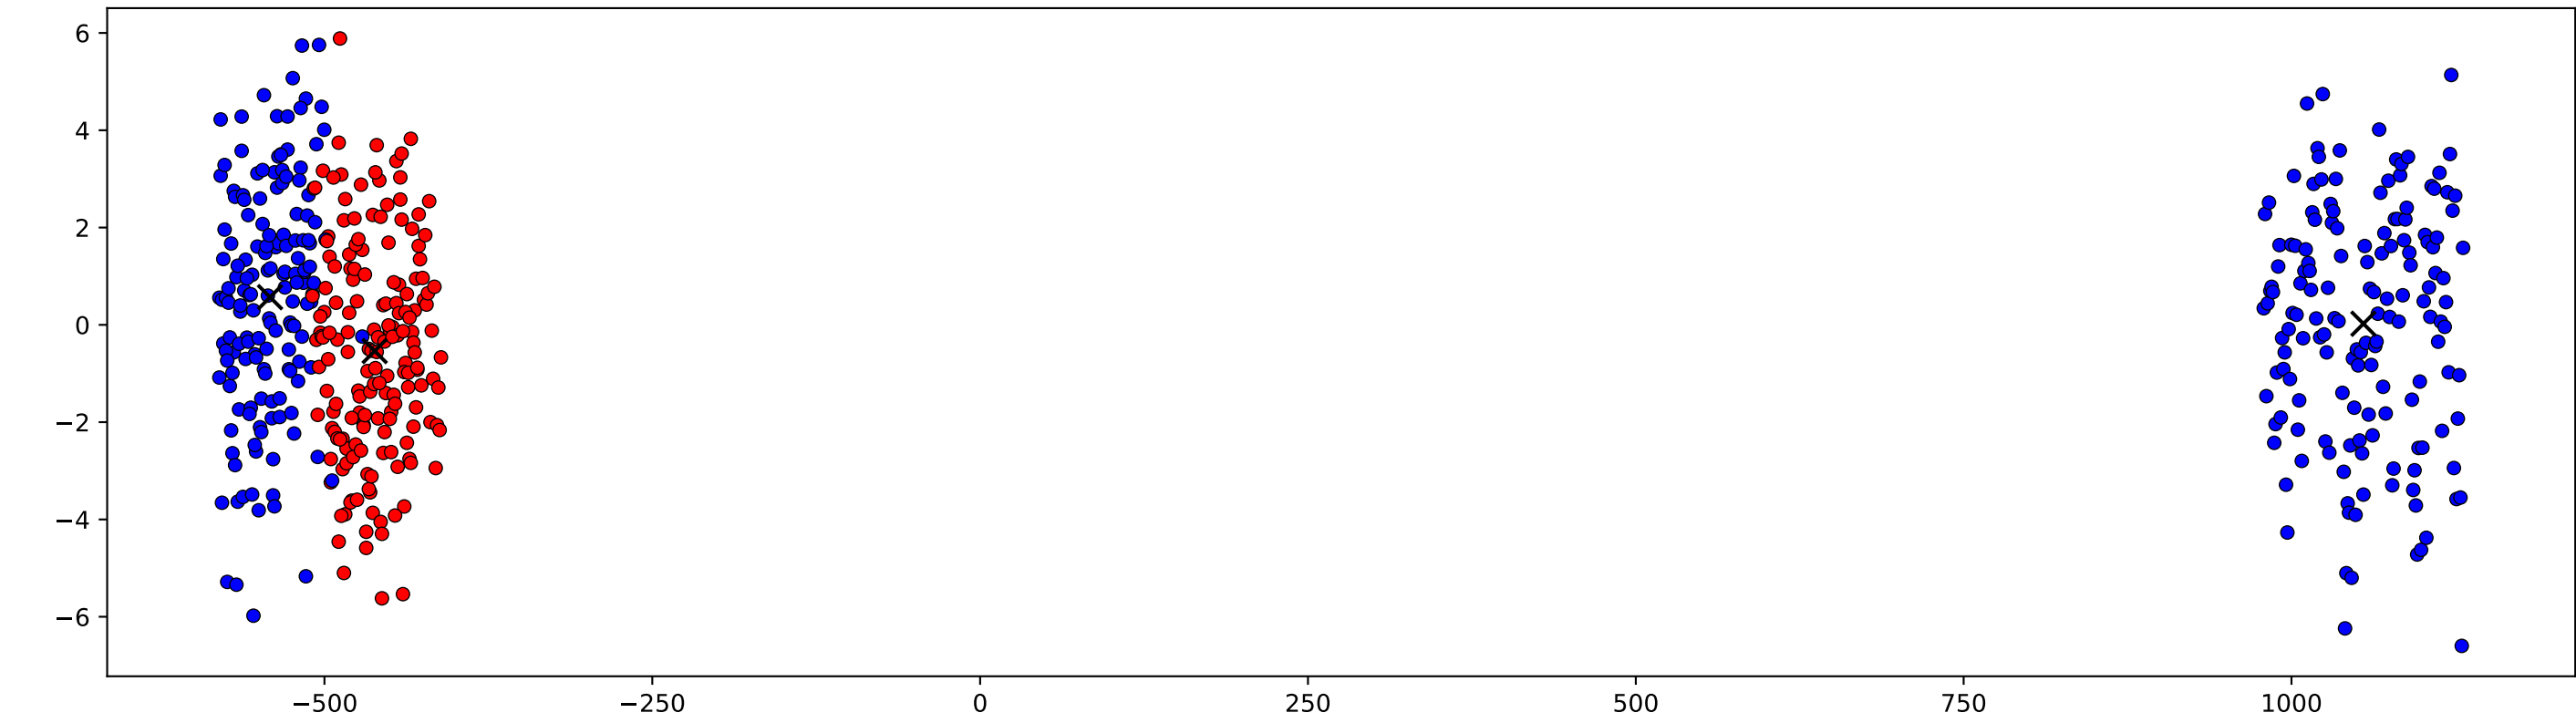

Feature Contribution for Patient p20 (PCA Loadings)

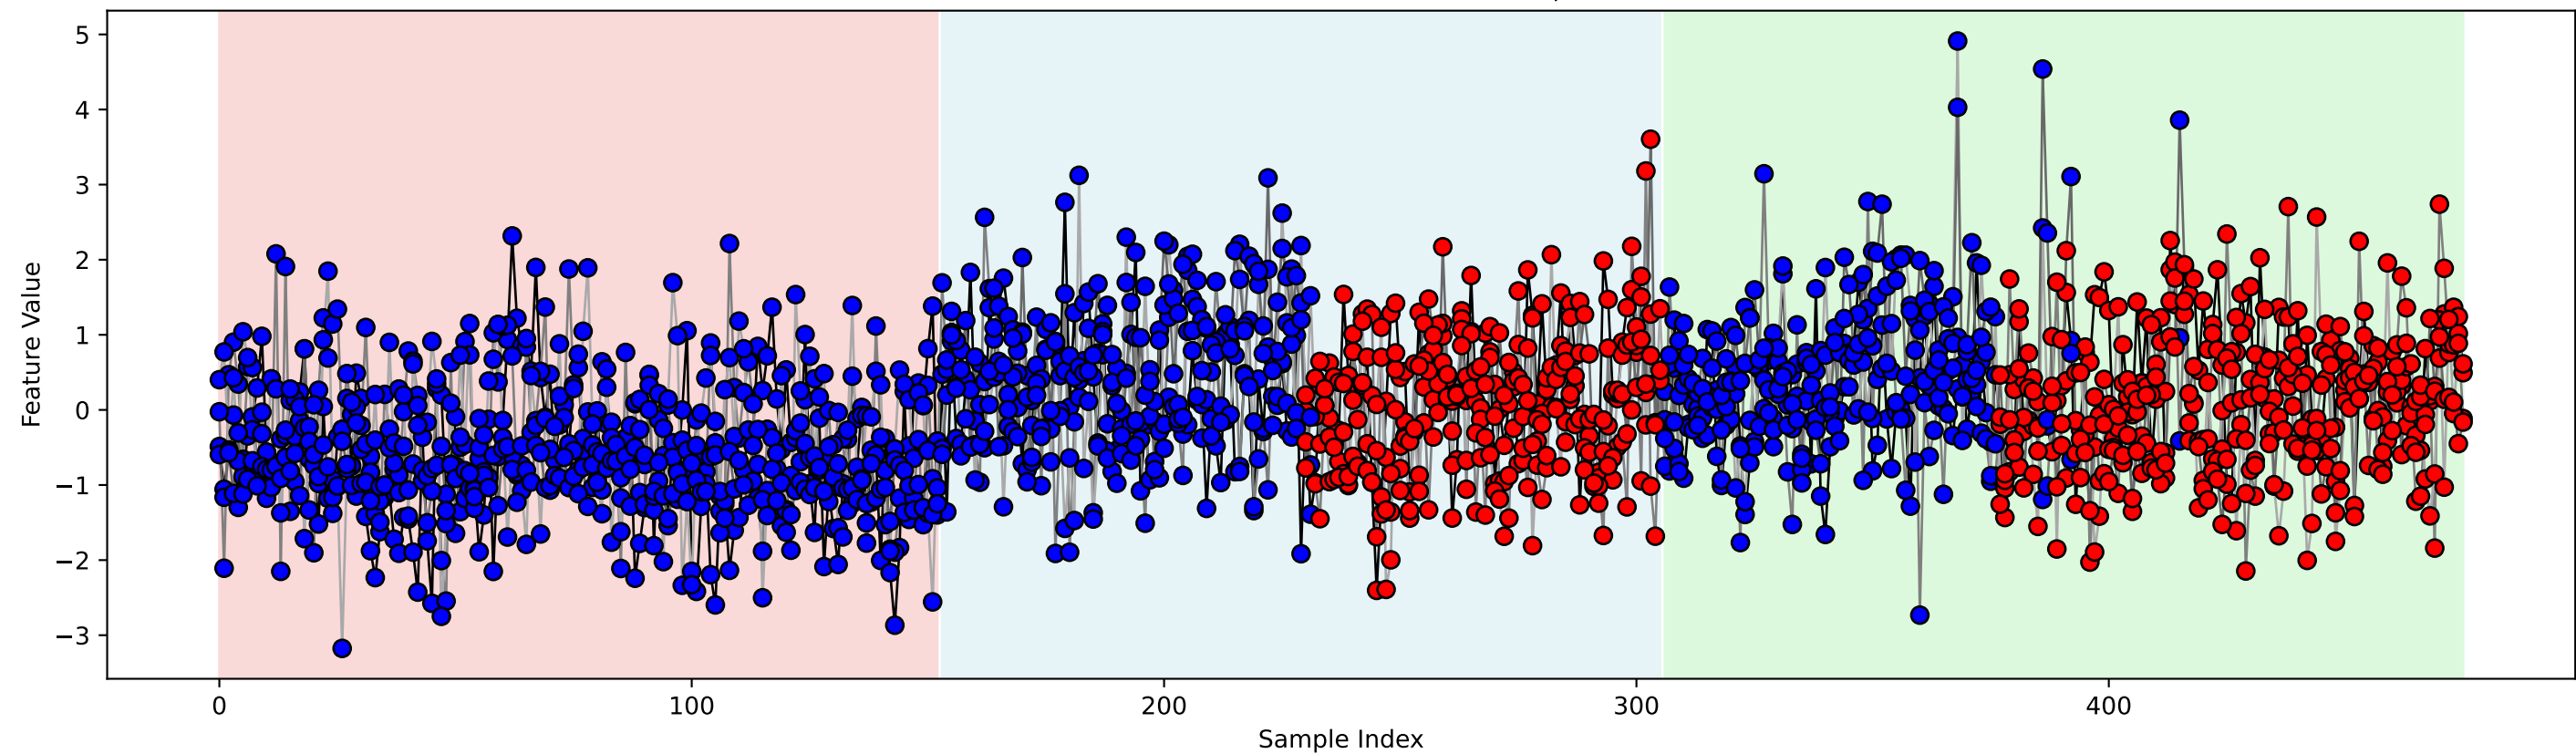

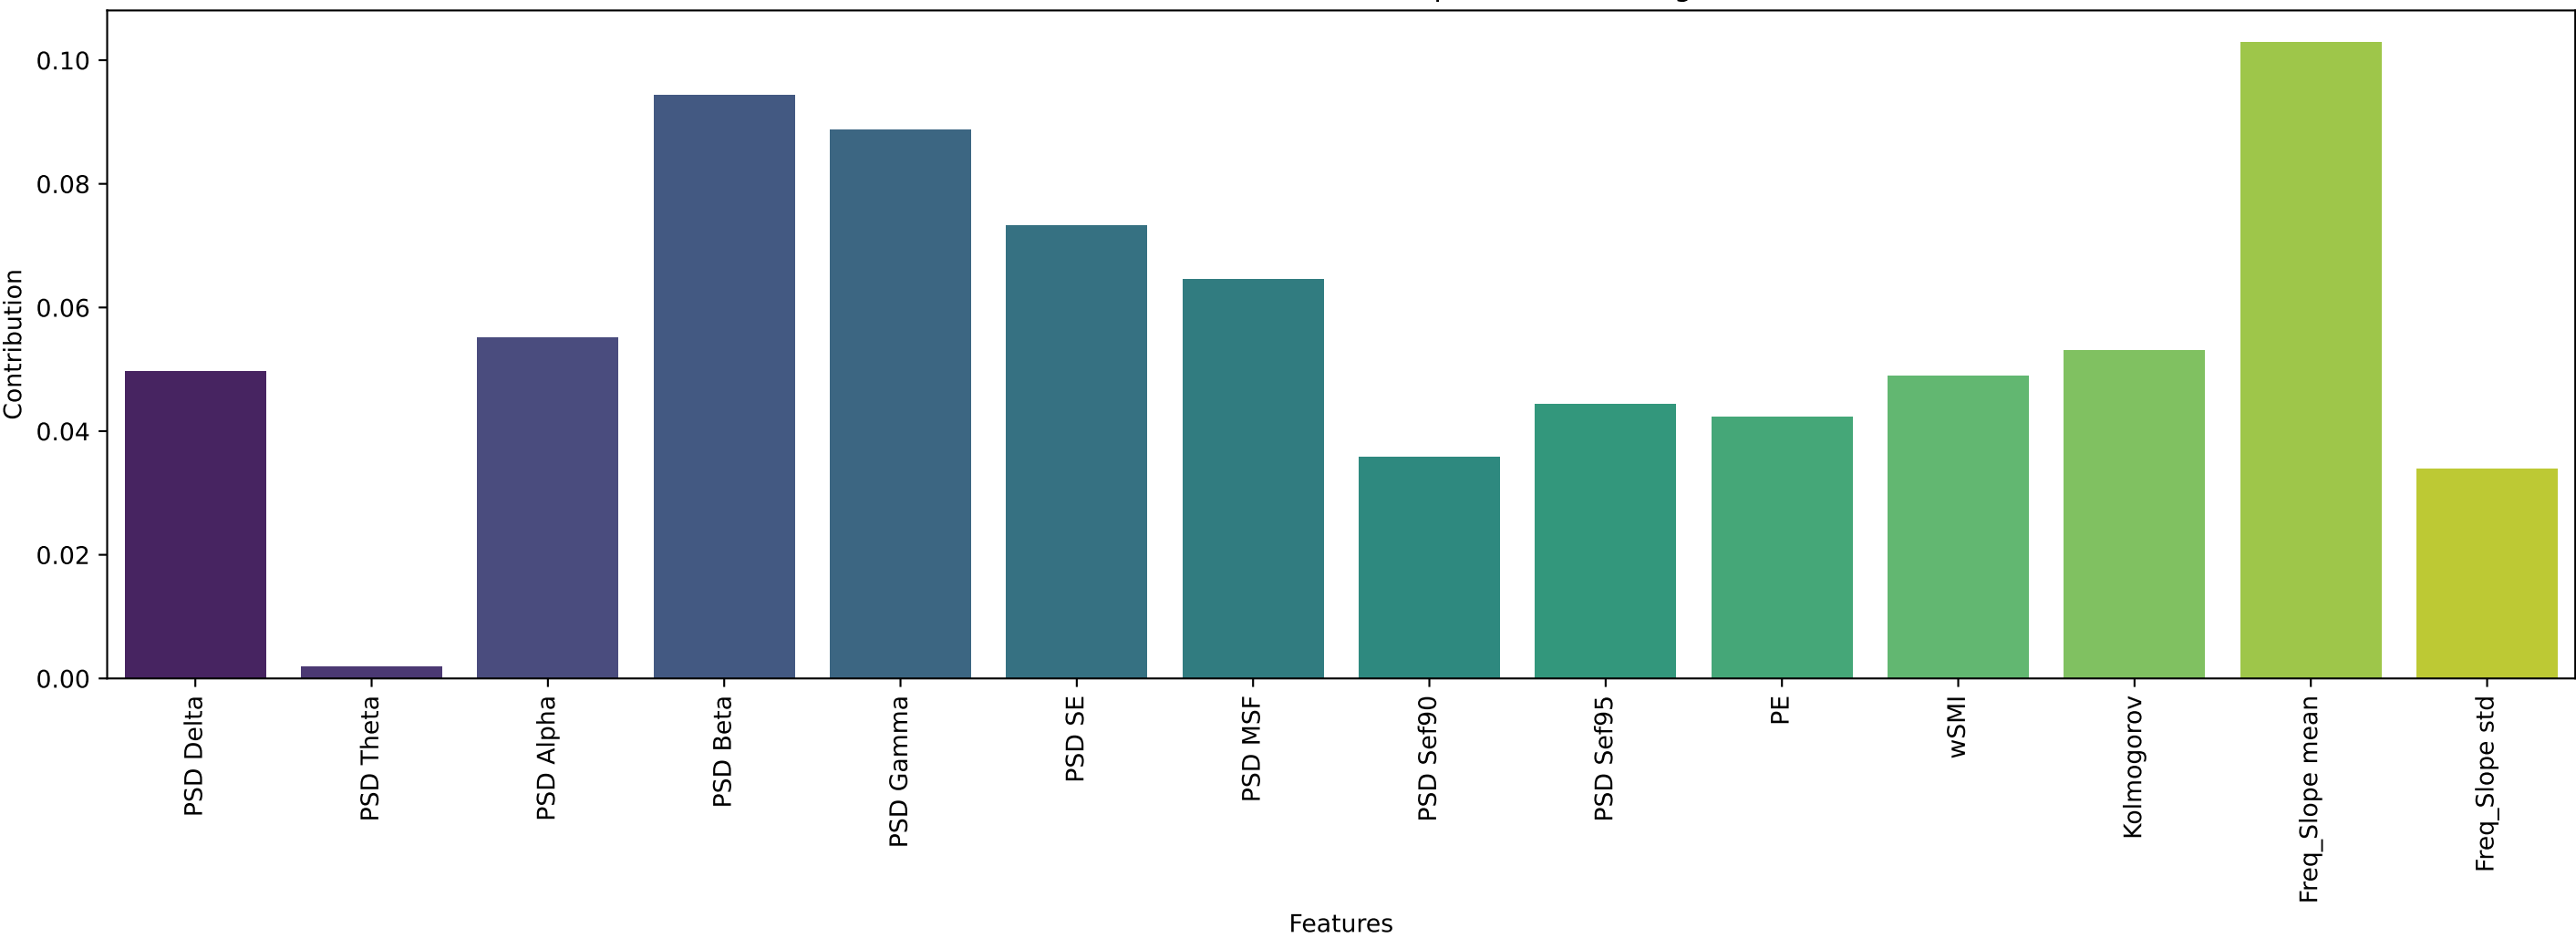

Clusters for Patient p22

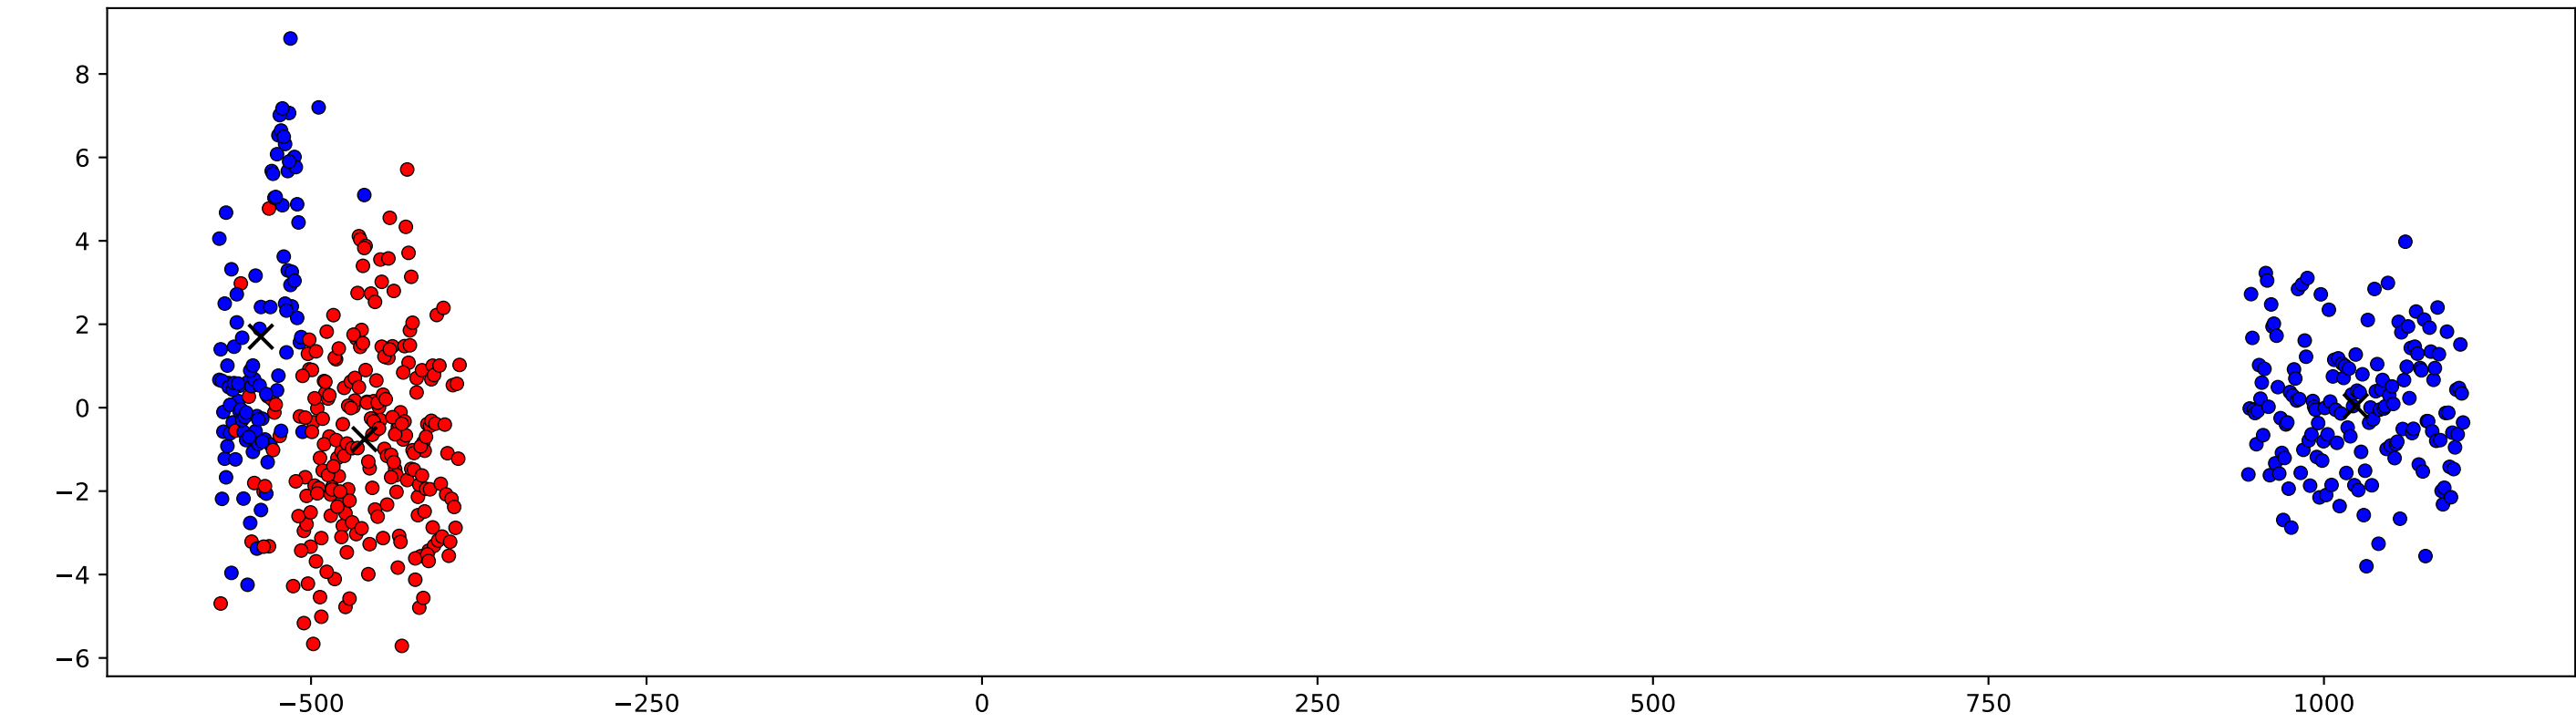

EEG Features with Clusters for Patient p22

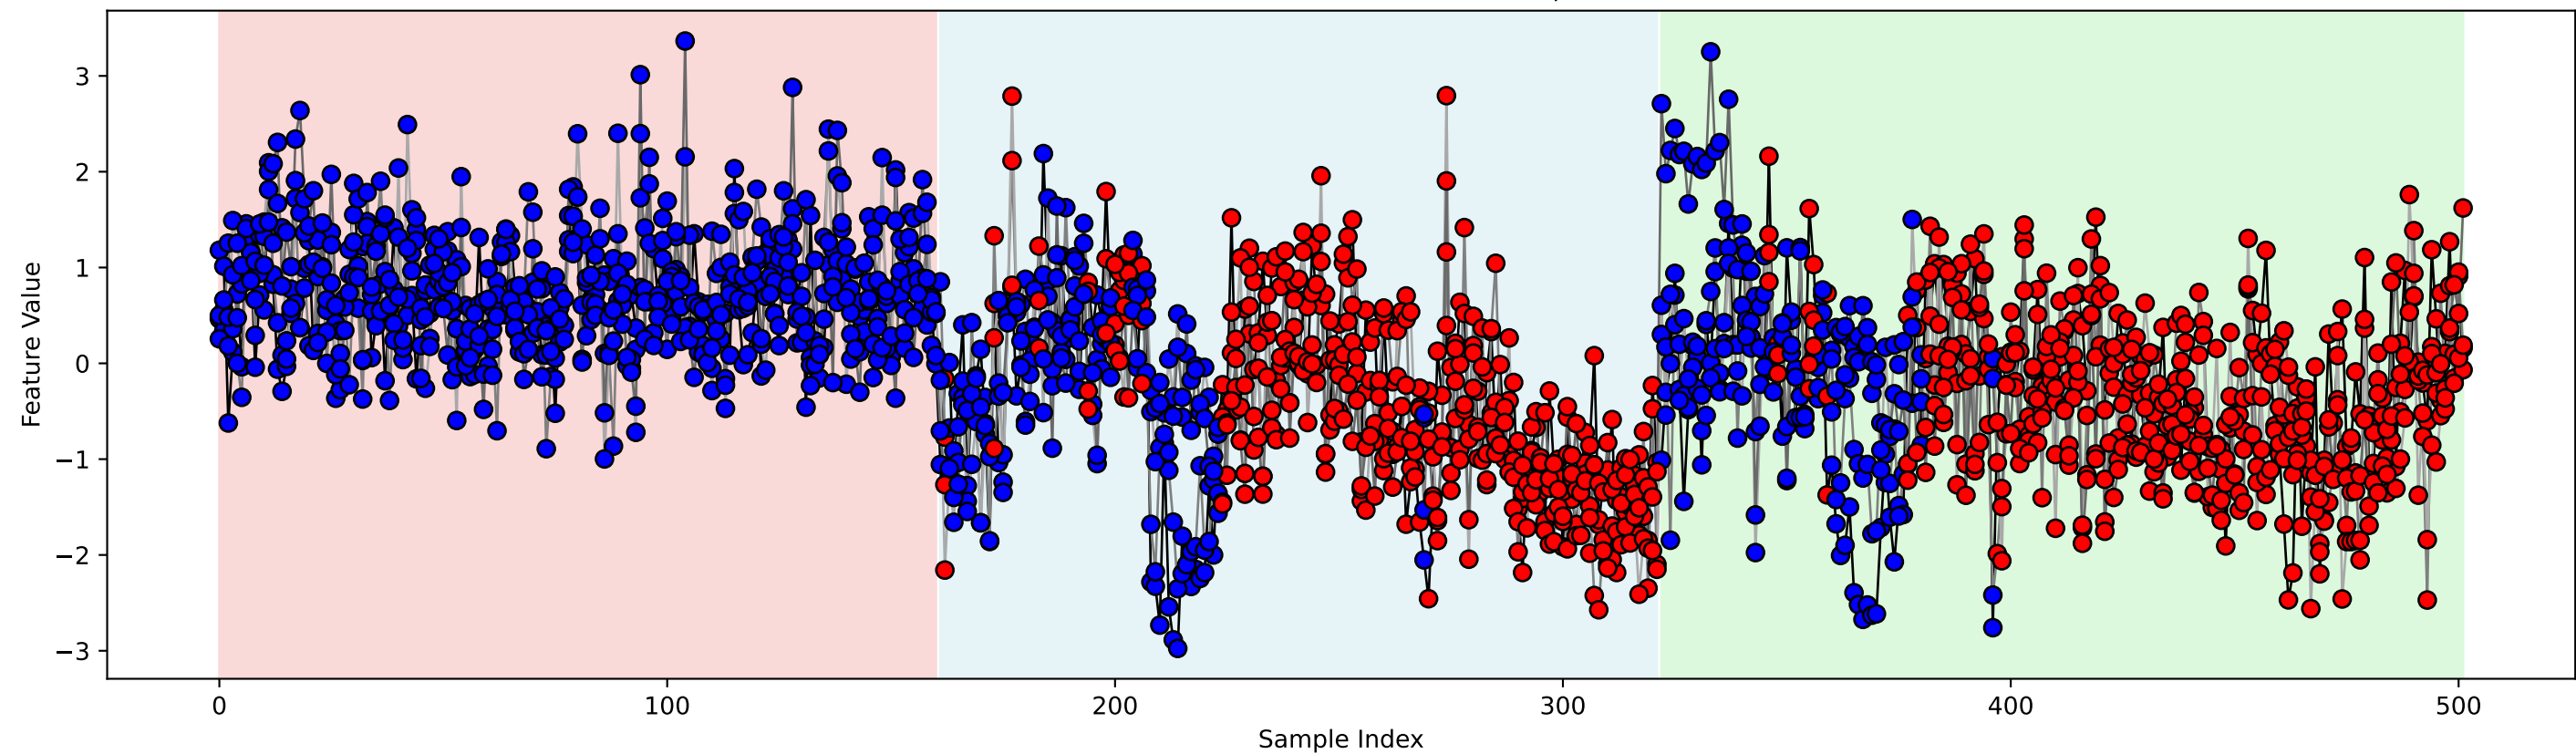

Feature Contribution for Patient p22 (PCA Loadings)

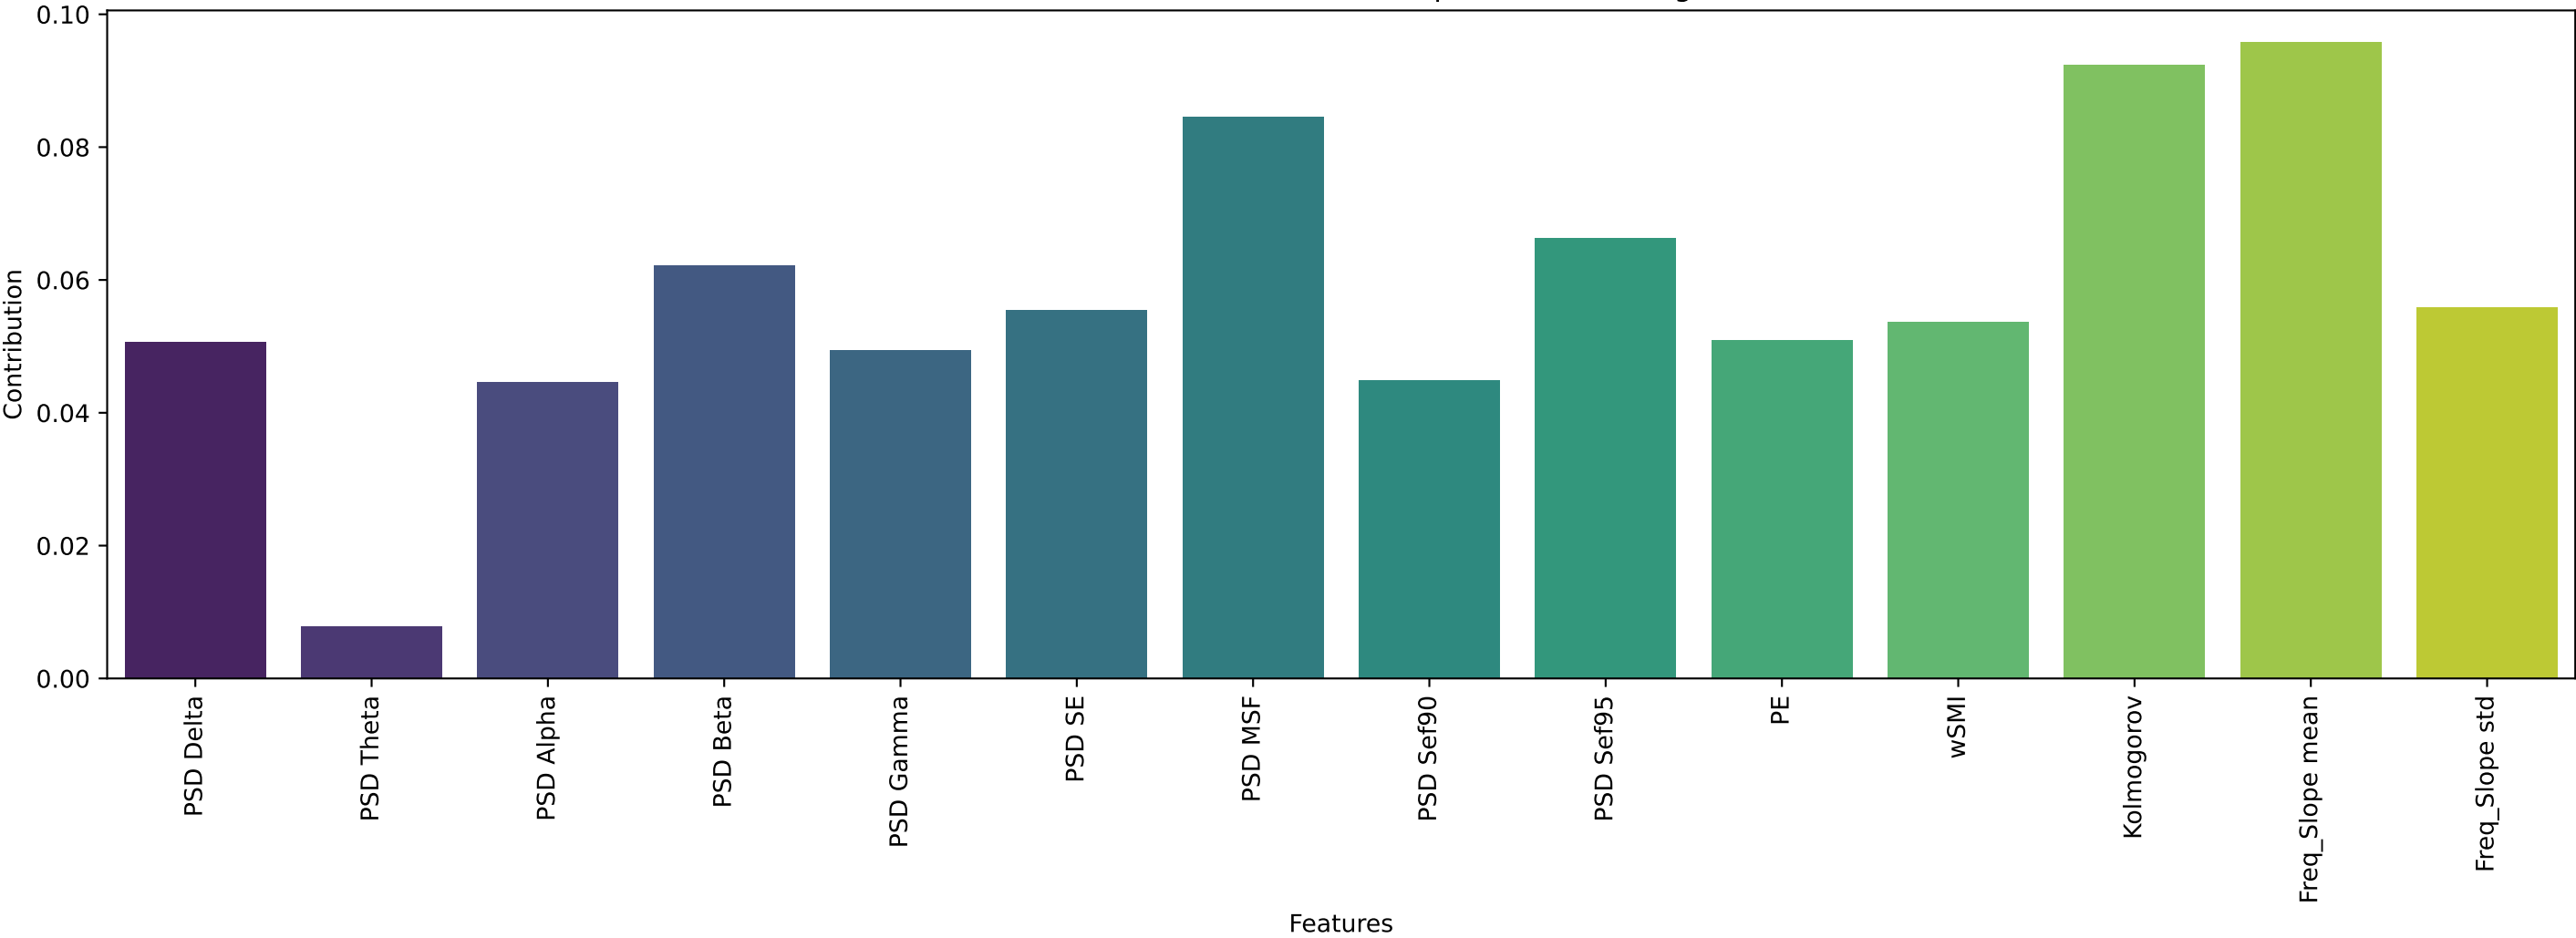

Clusters for Patient p23

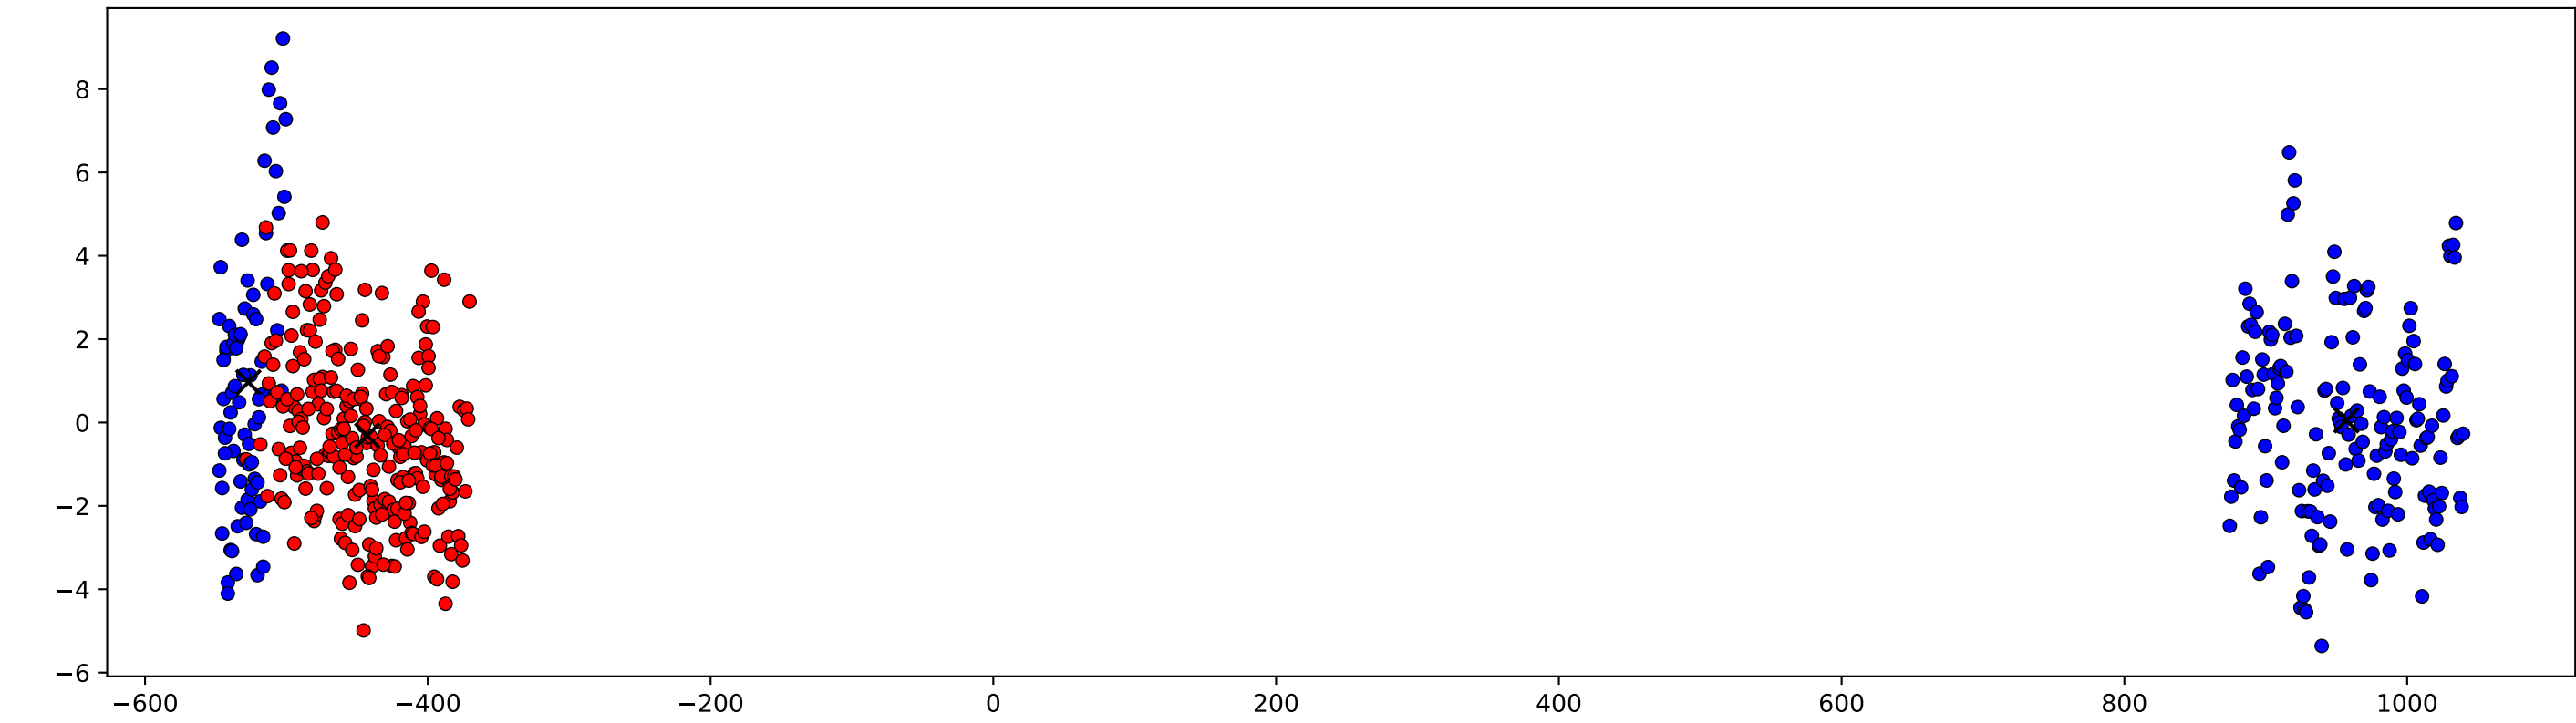

EEG Features with Clusters for Patient p23

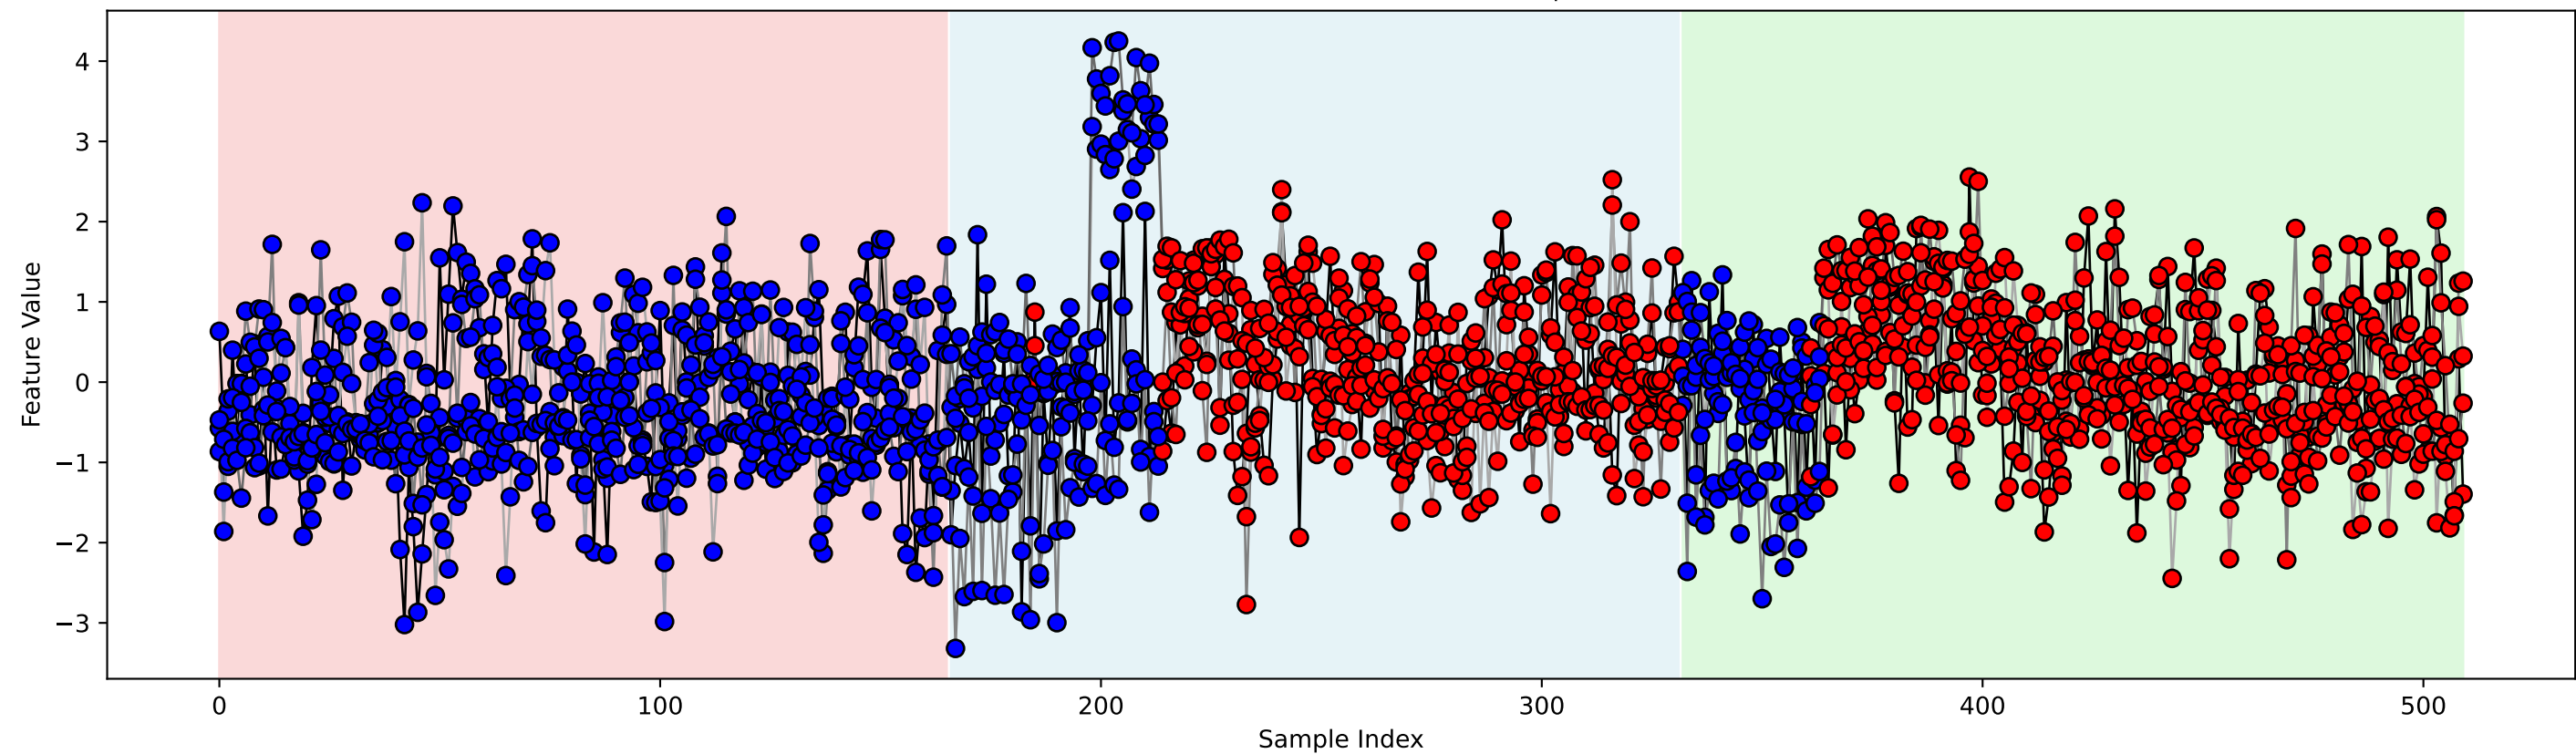

Feature Contribution for Patient p23 (PCA Loadings)

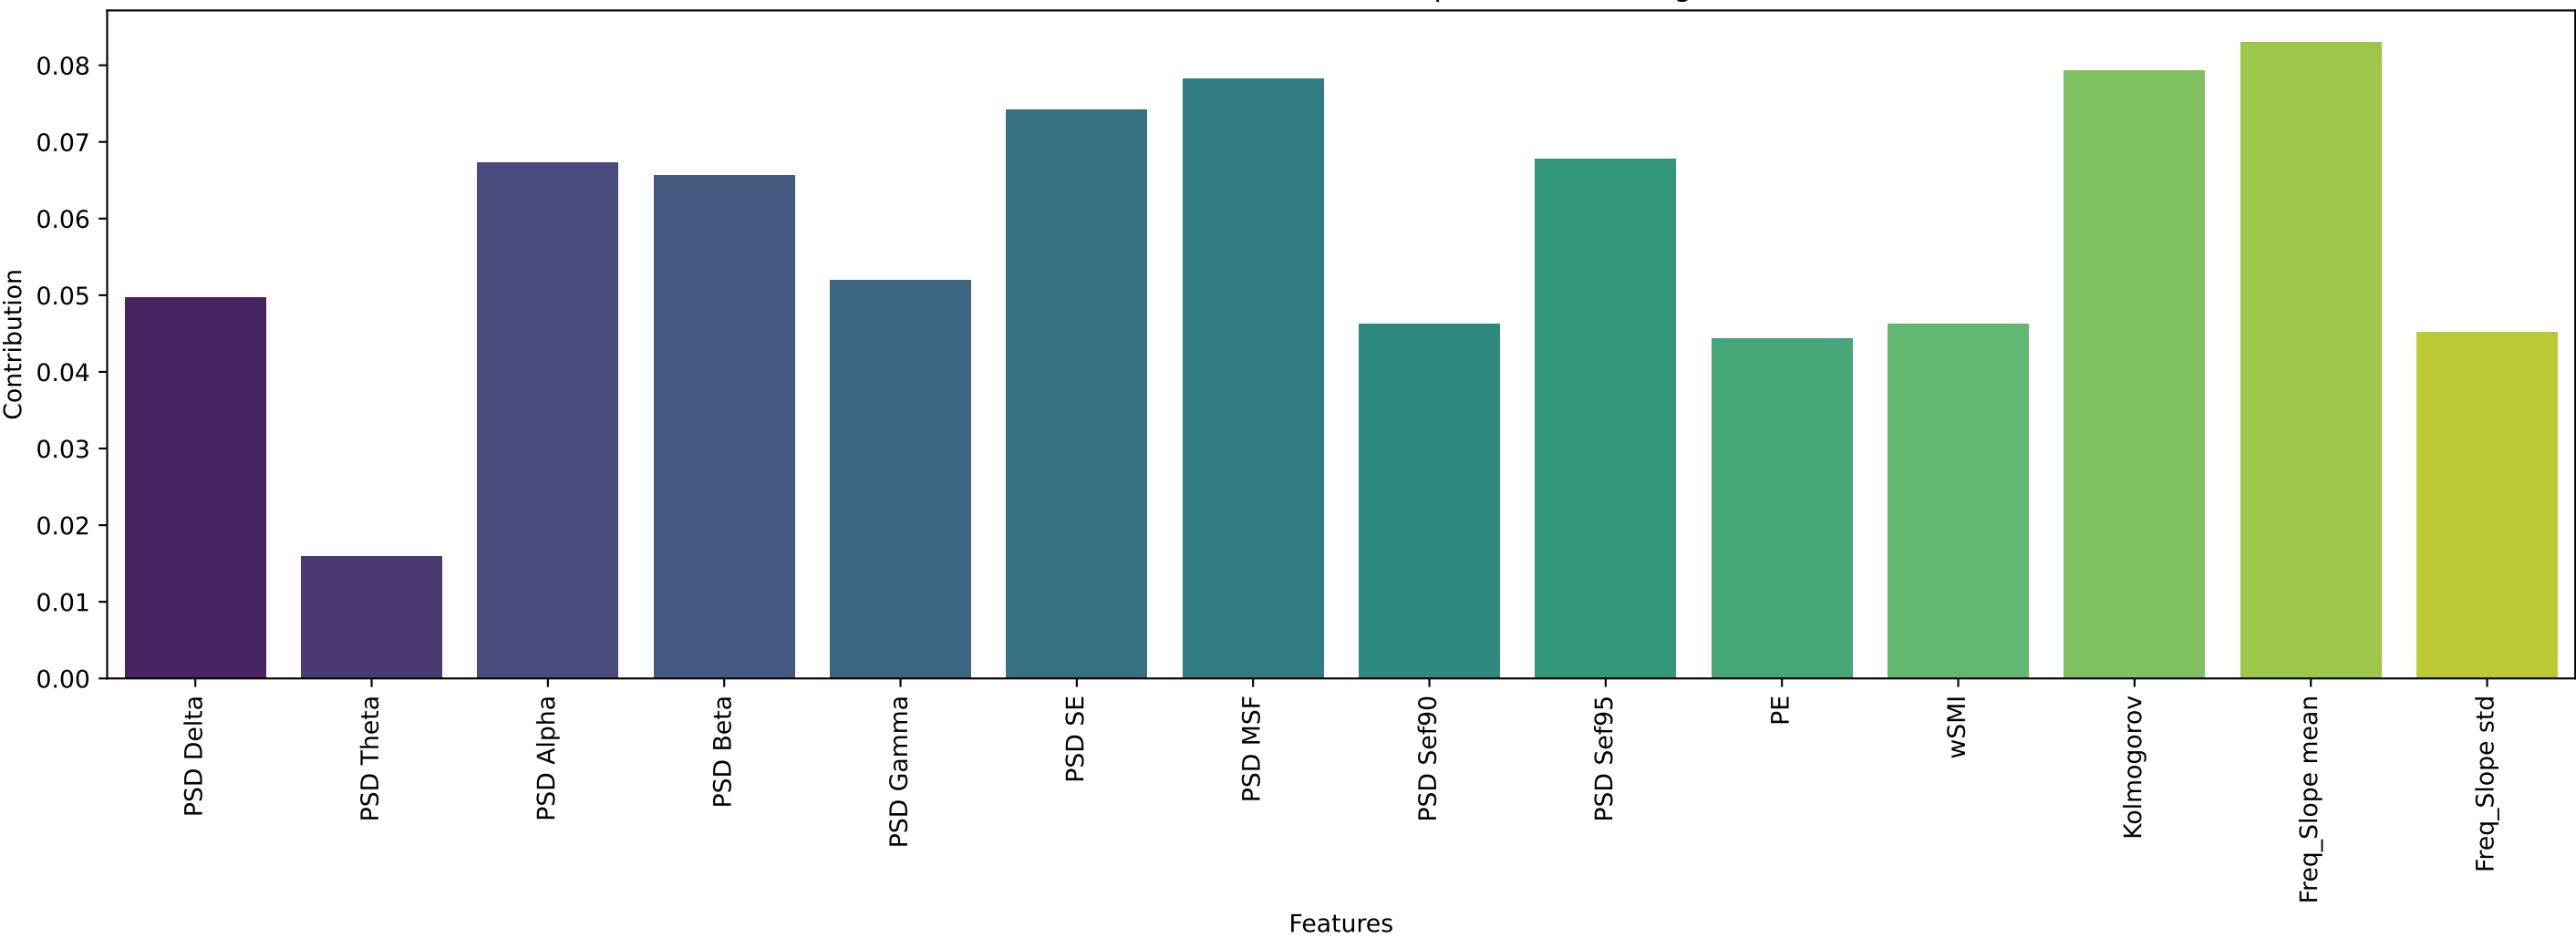

Clusters for Patient p24

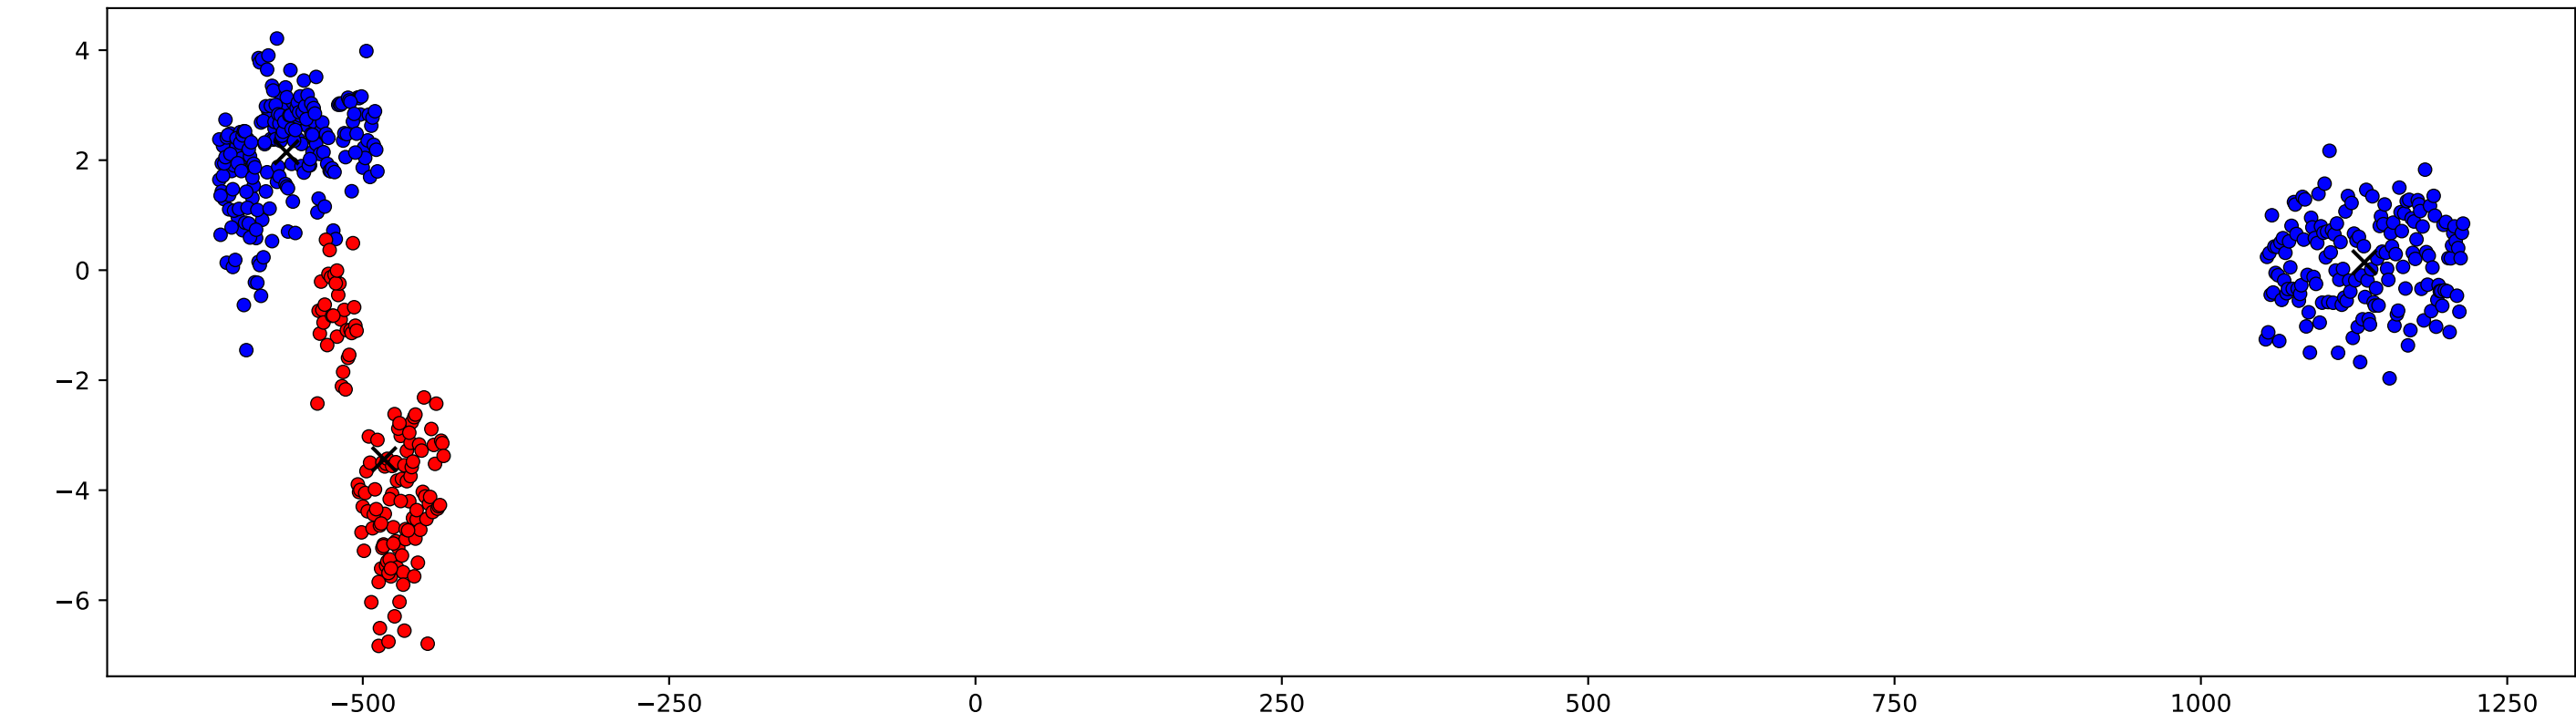

EEG Features with Clusters for Patient p24

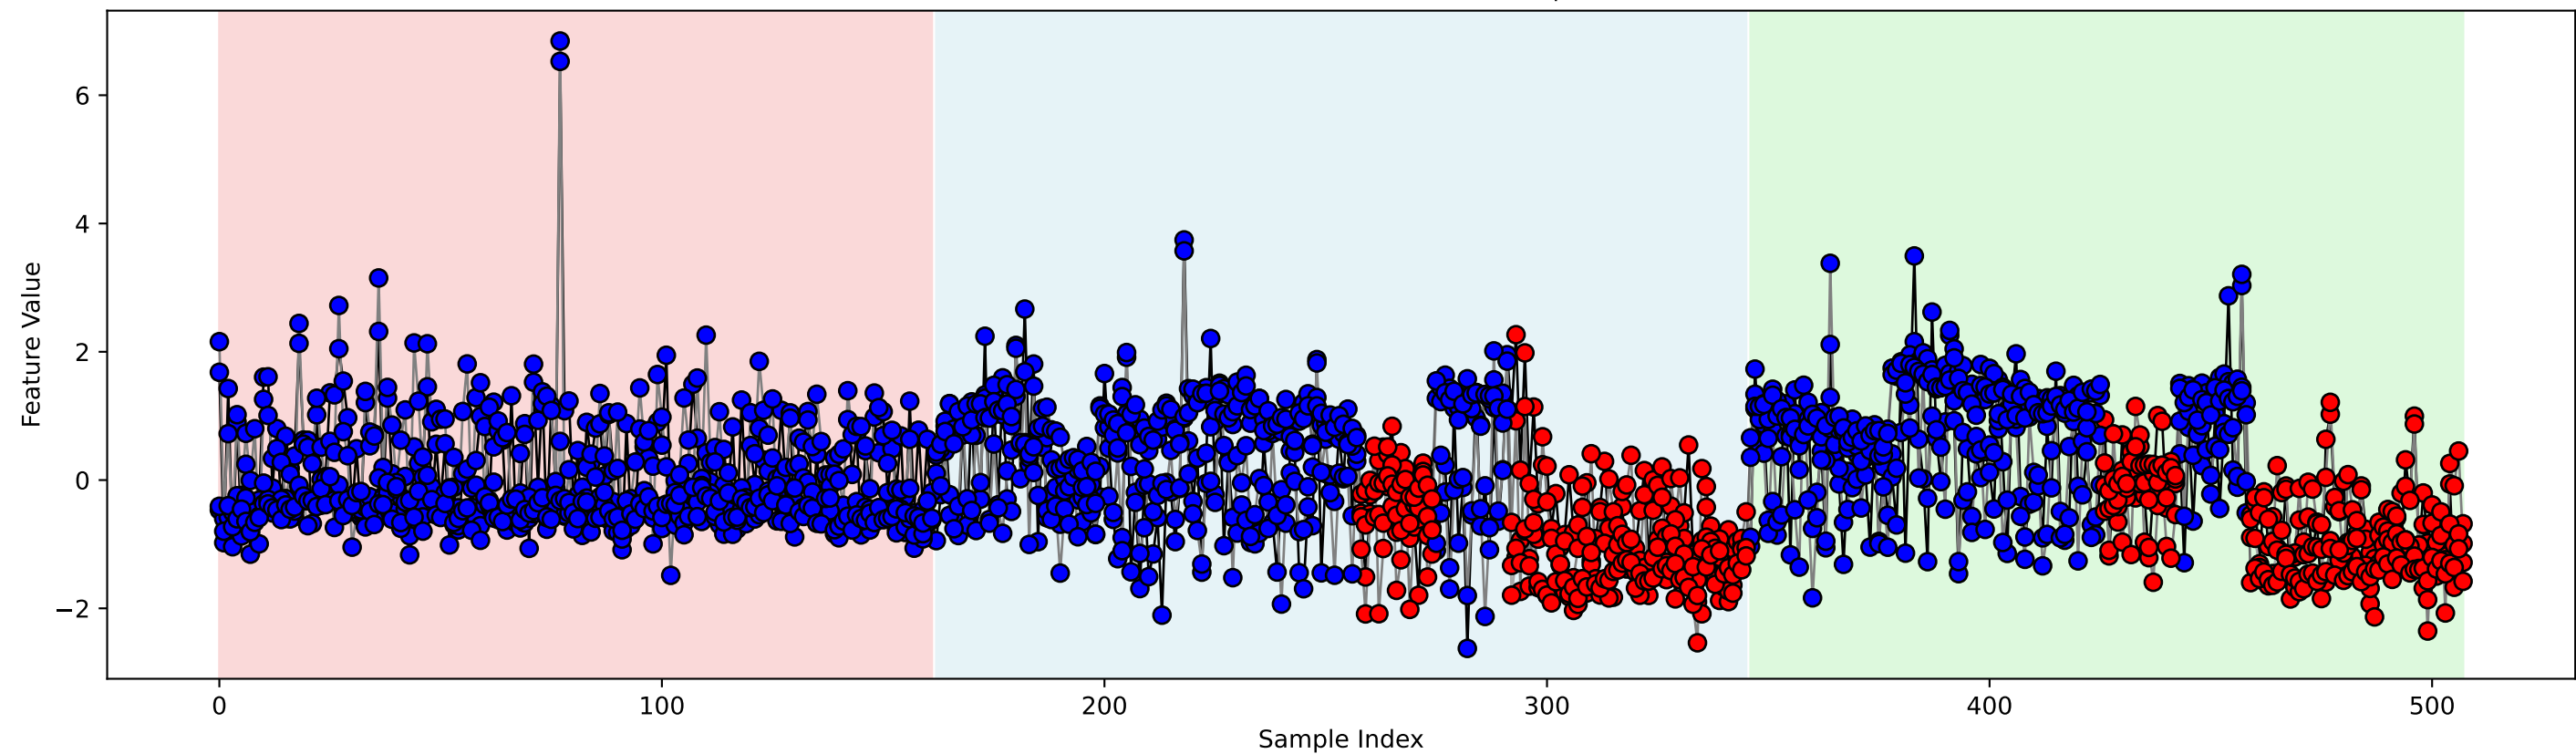

Feature Contribution for Patient p24 (PCA Loadings)

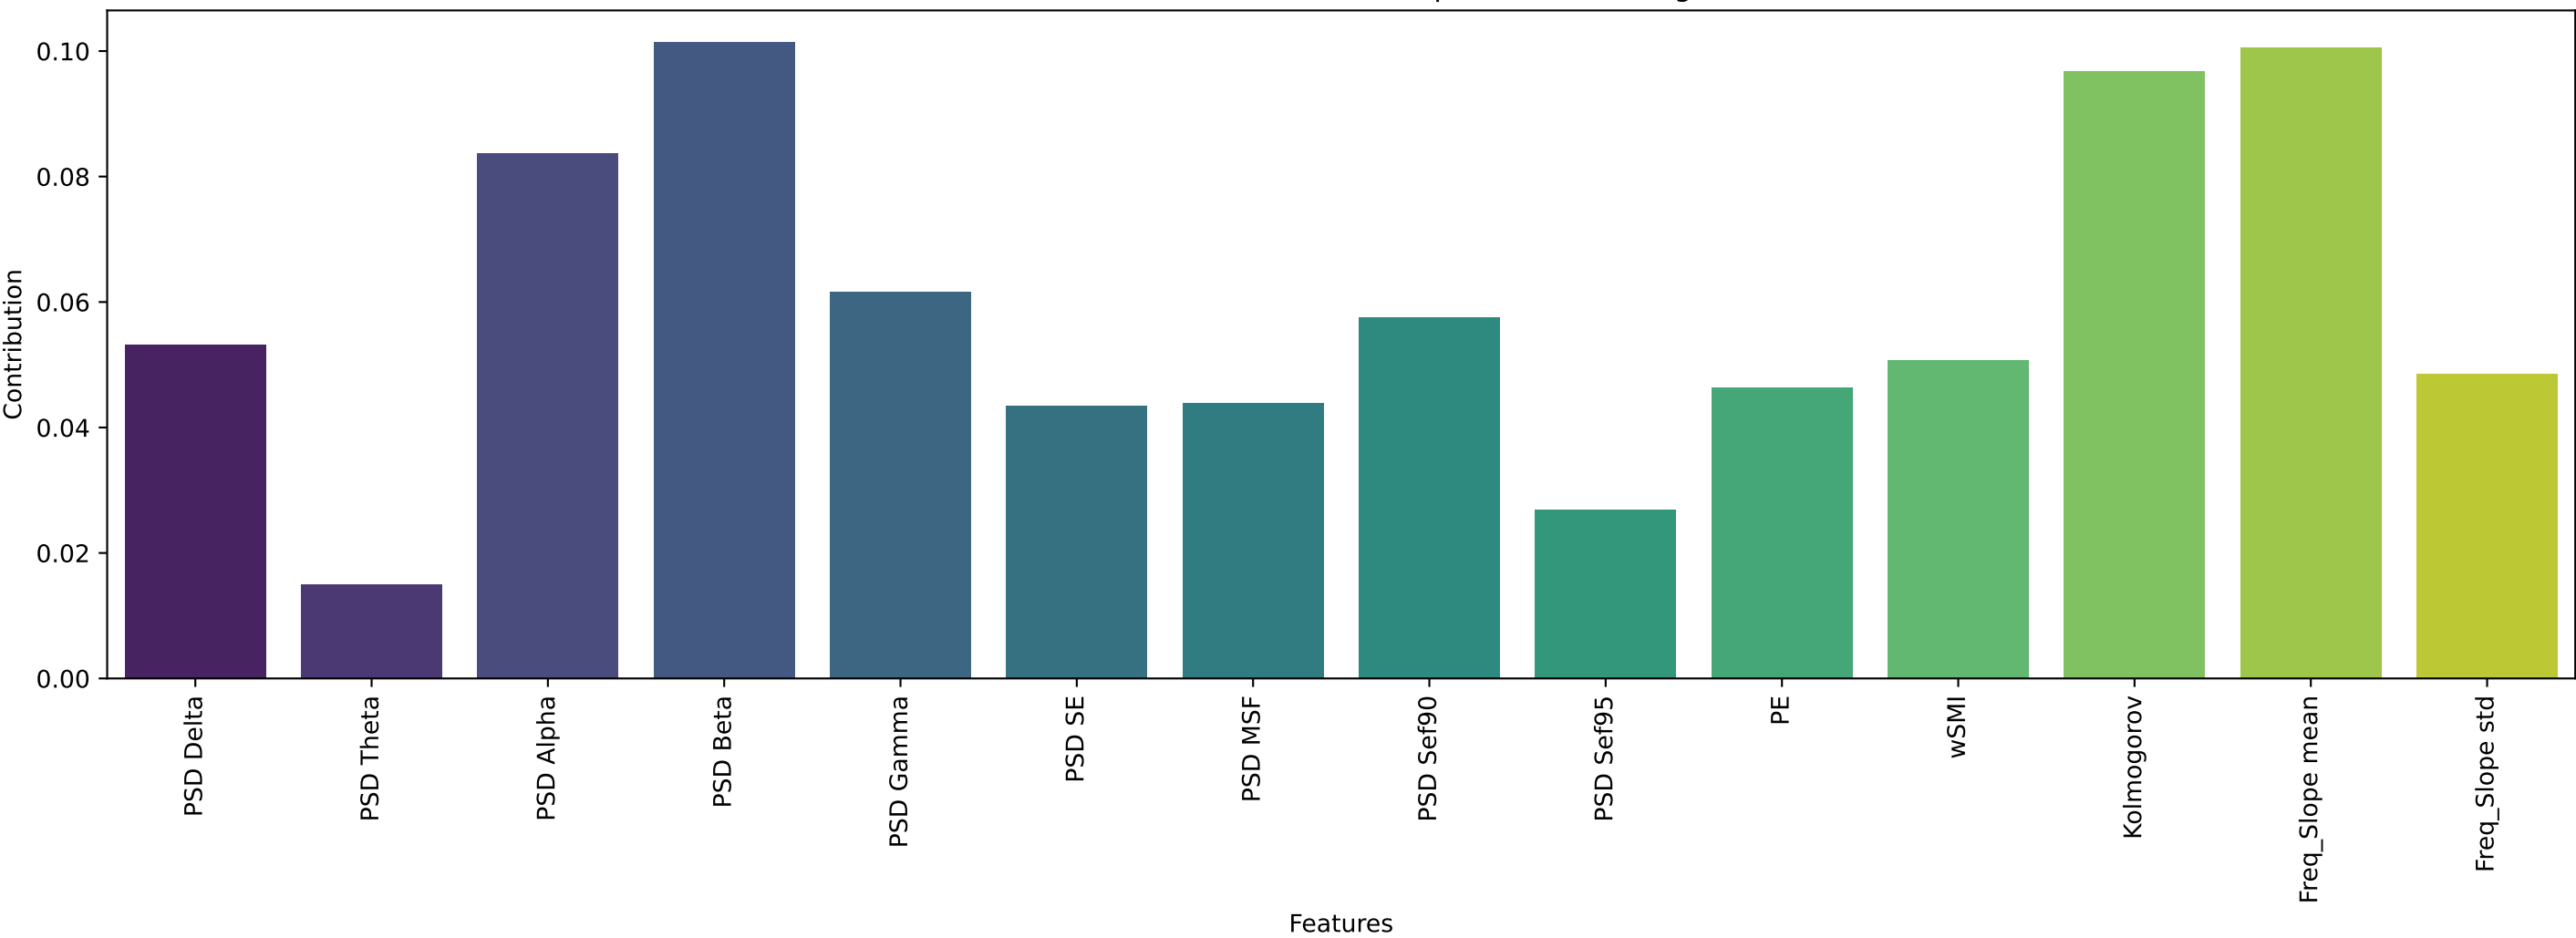

Clusters for Patient p25

EEG Features with Clusters for Patient p25

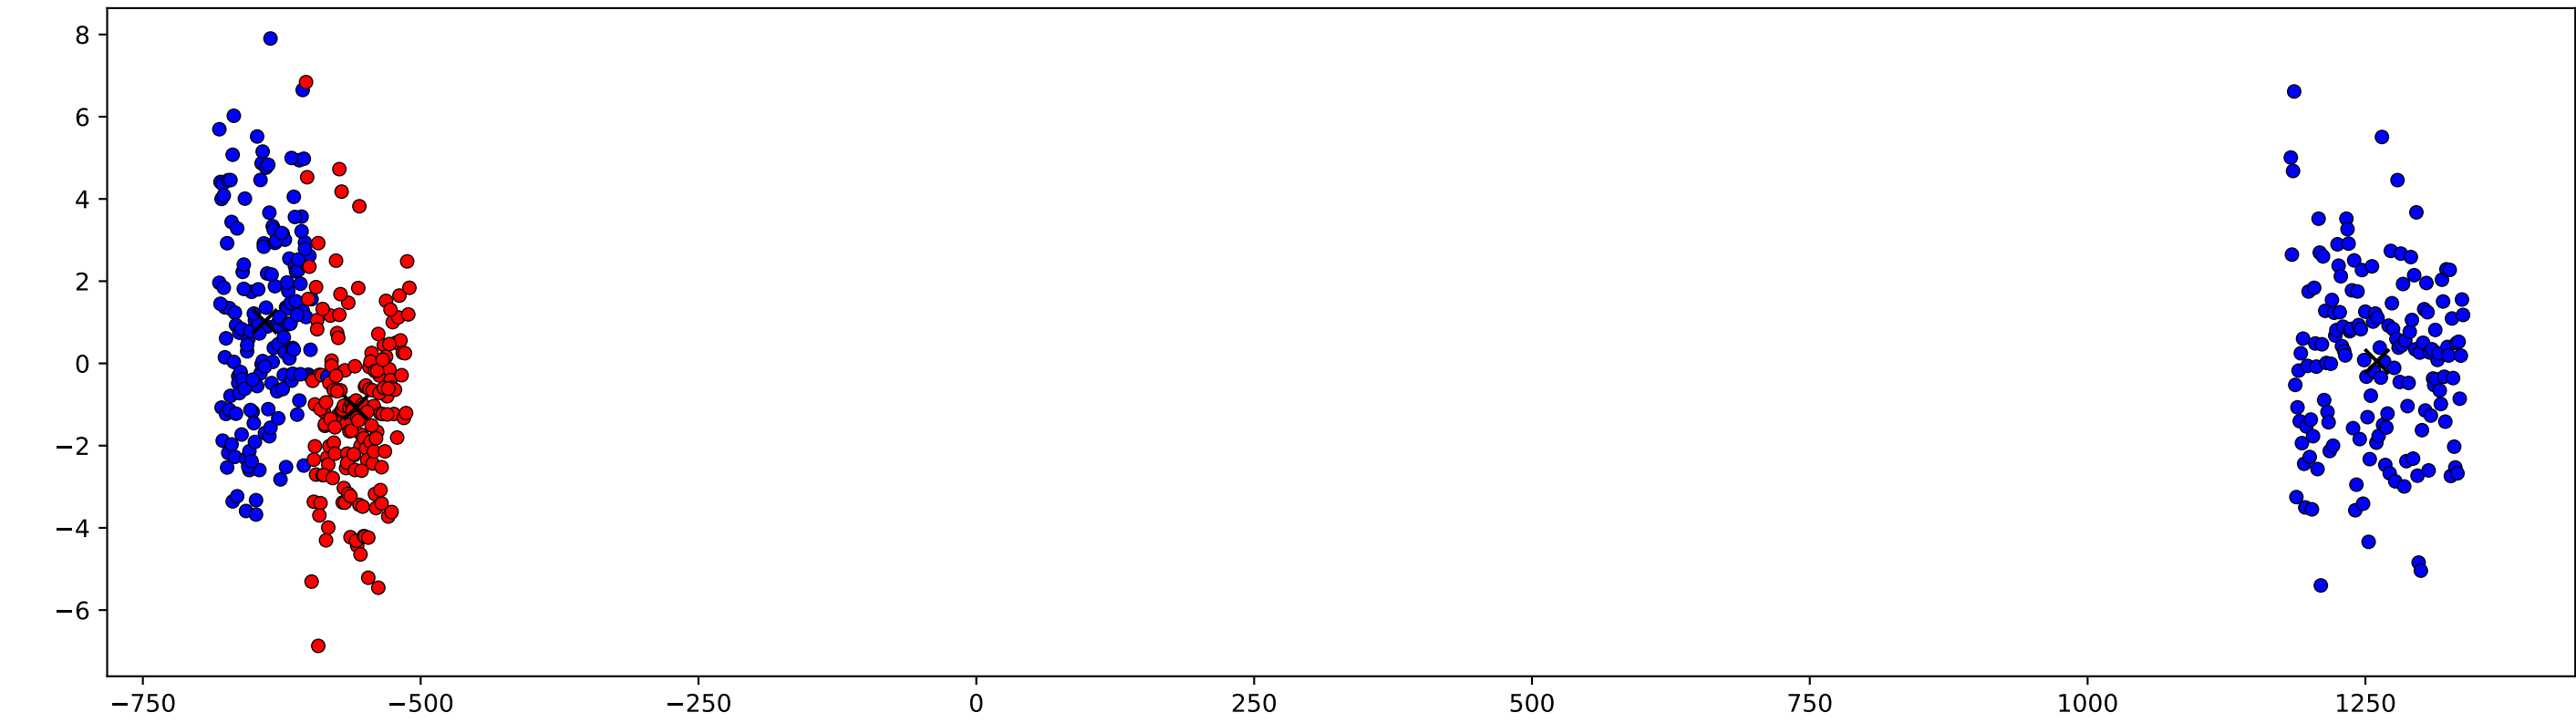

Feature Contribution for Patient p25 (PCA Loadings)

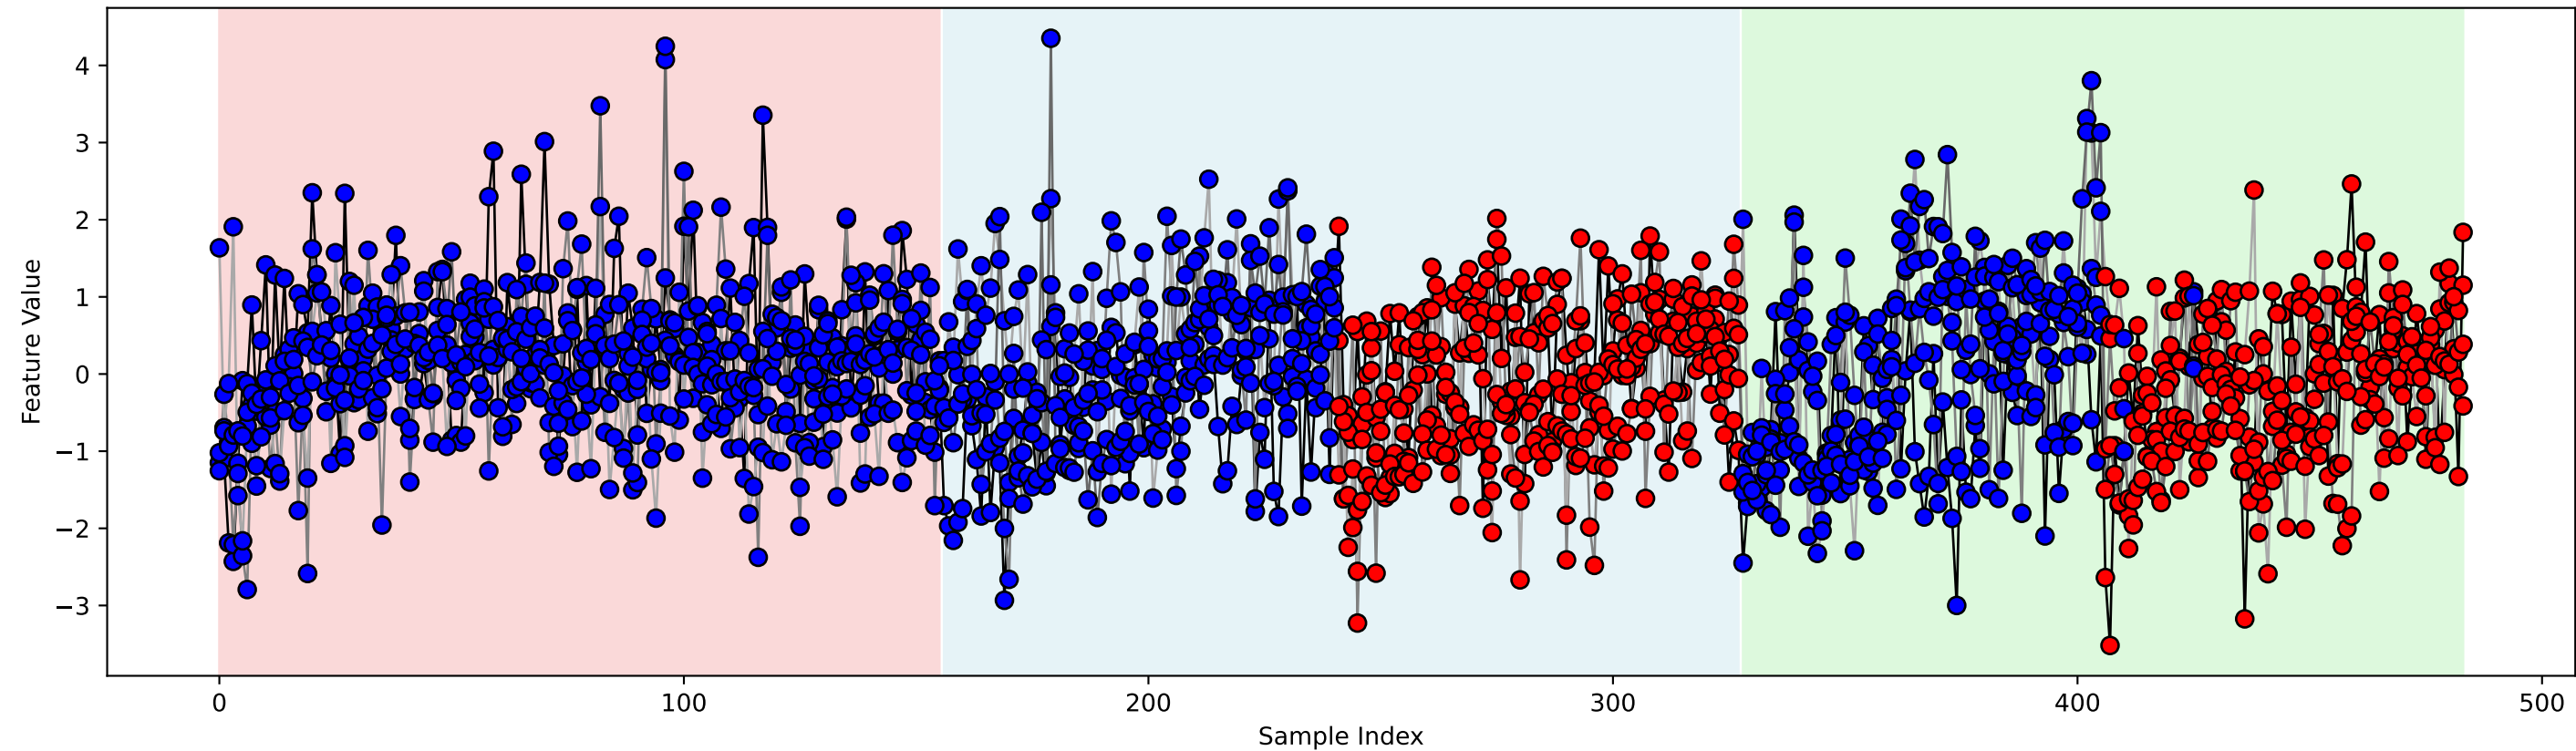

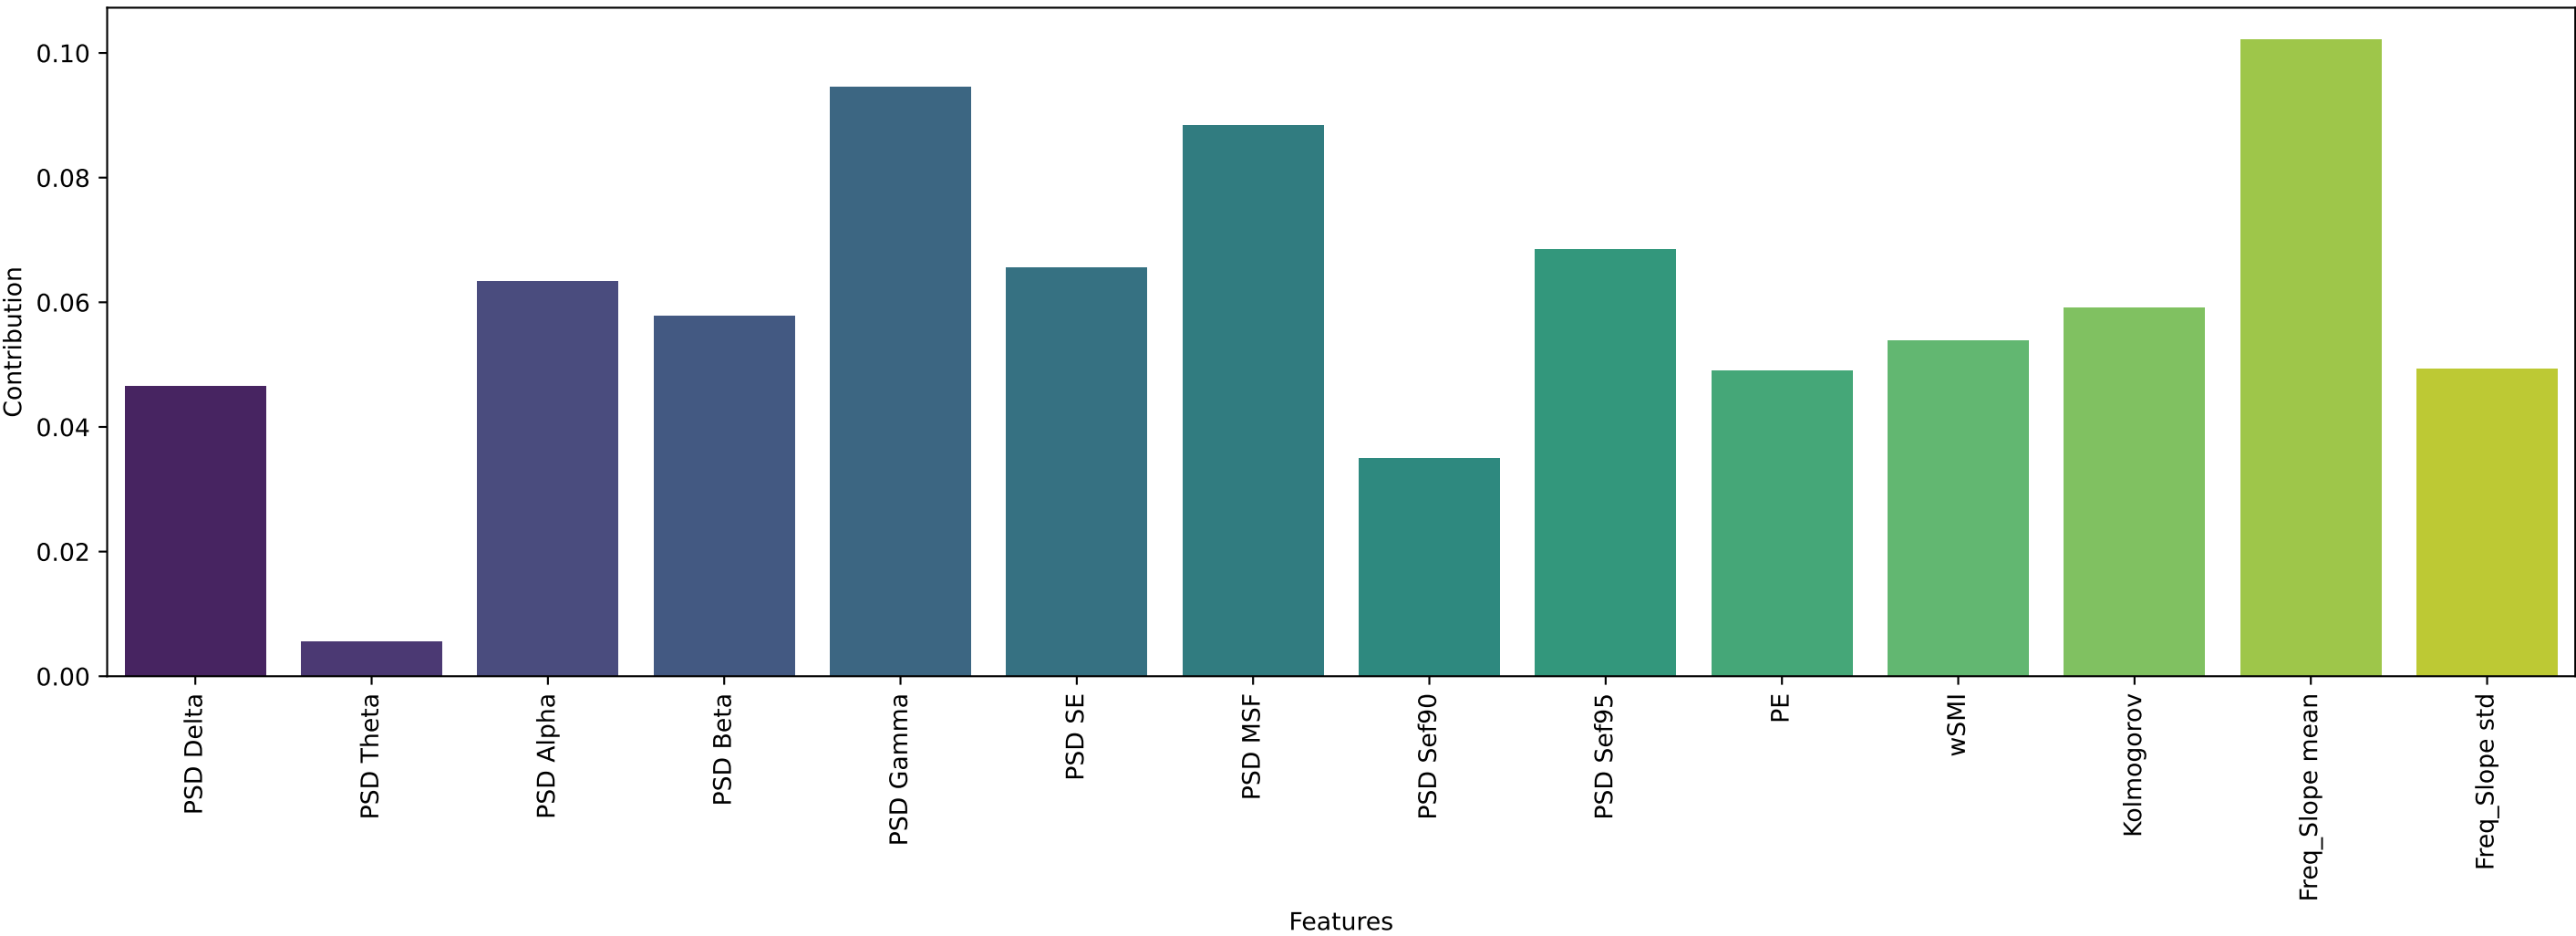

Clusters for Patient p27

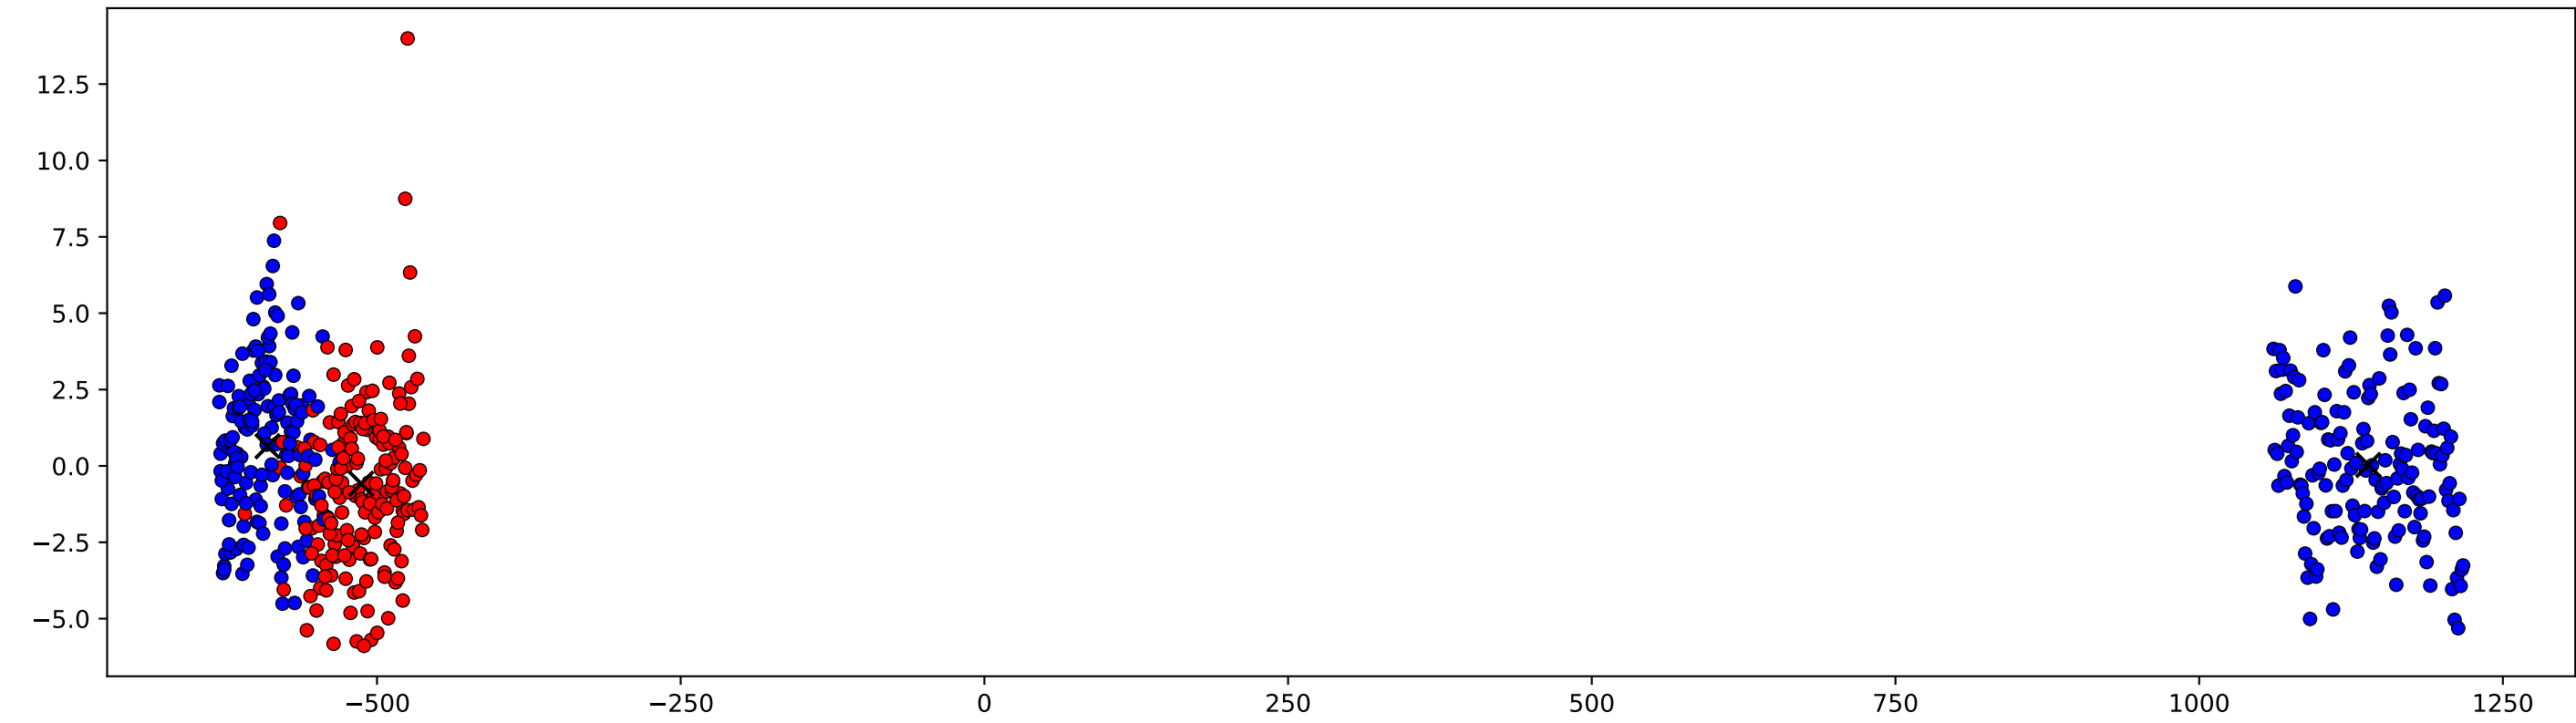

EEG Features with Clusters for Patient p27

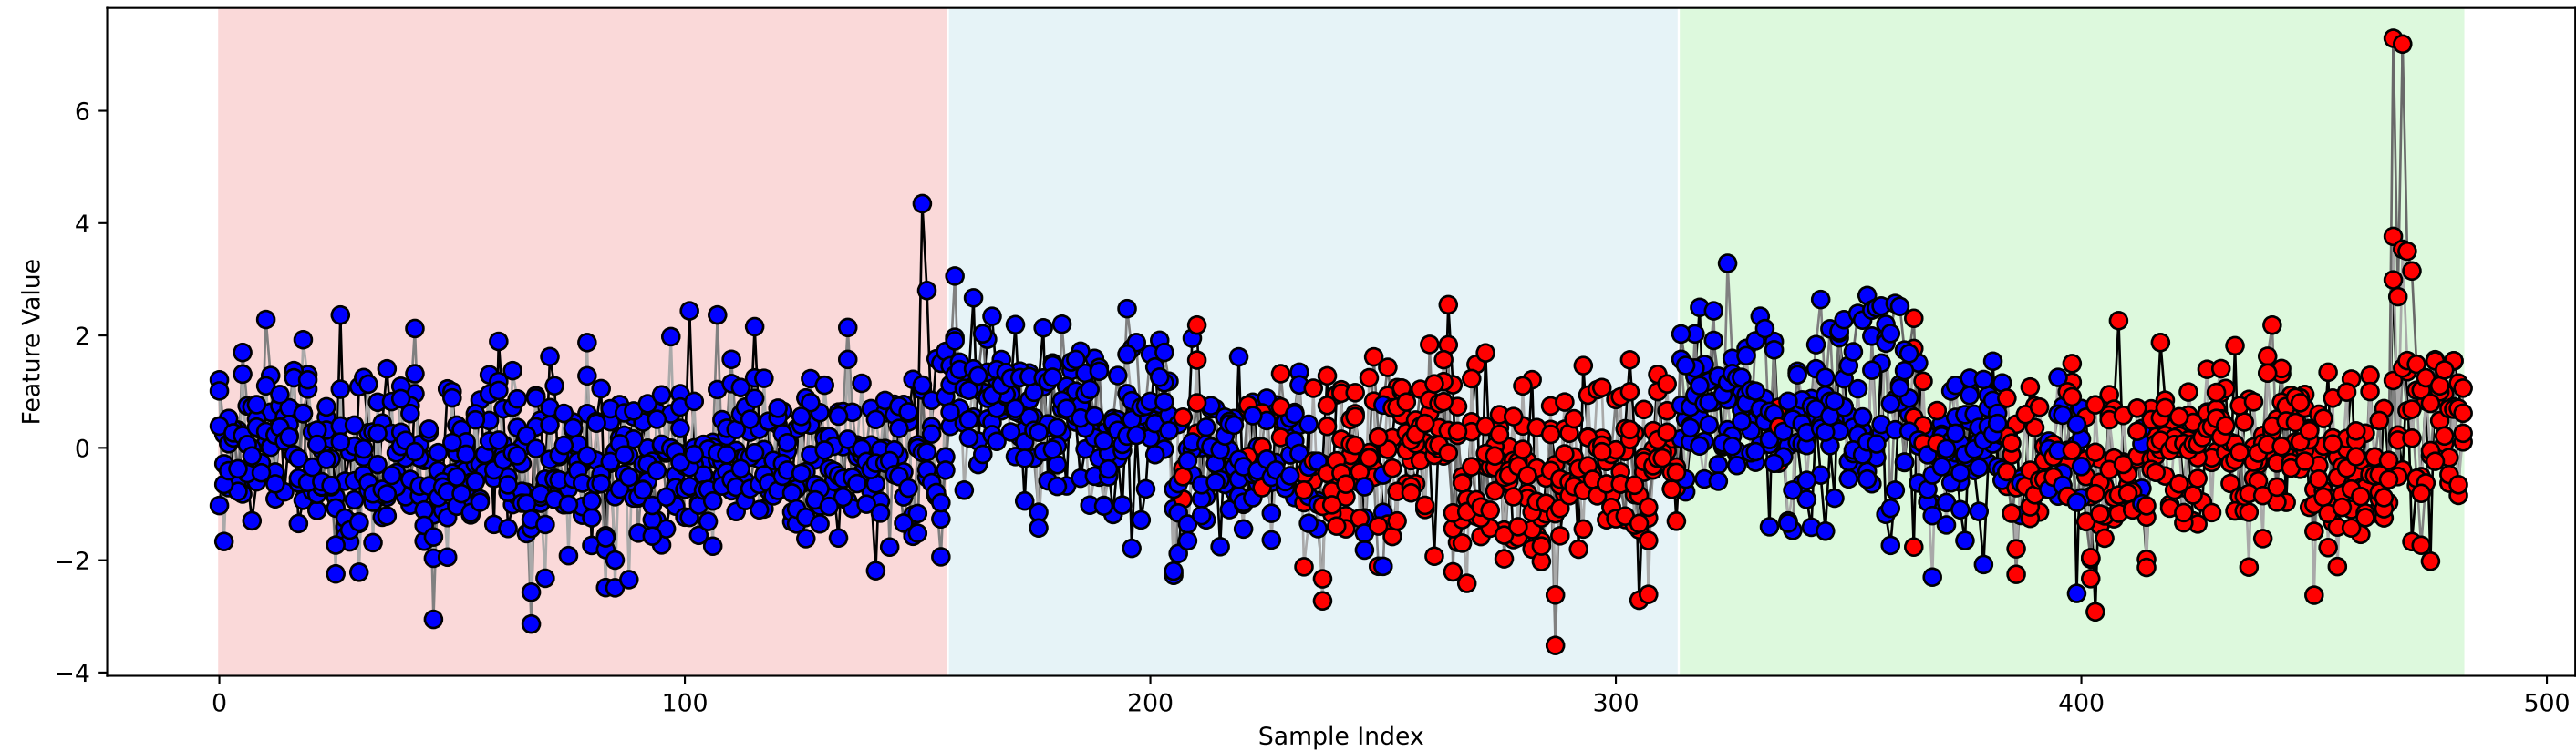

Feature Contribution for Patient p27 (PCA Loadings)

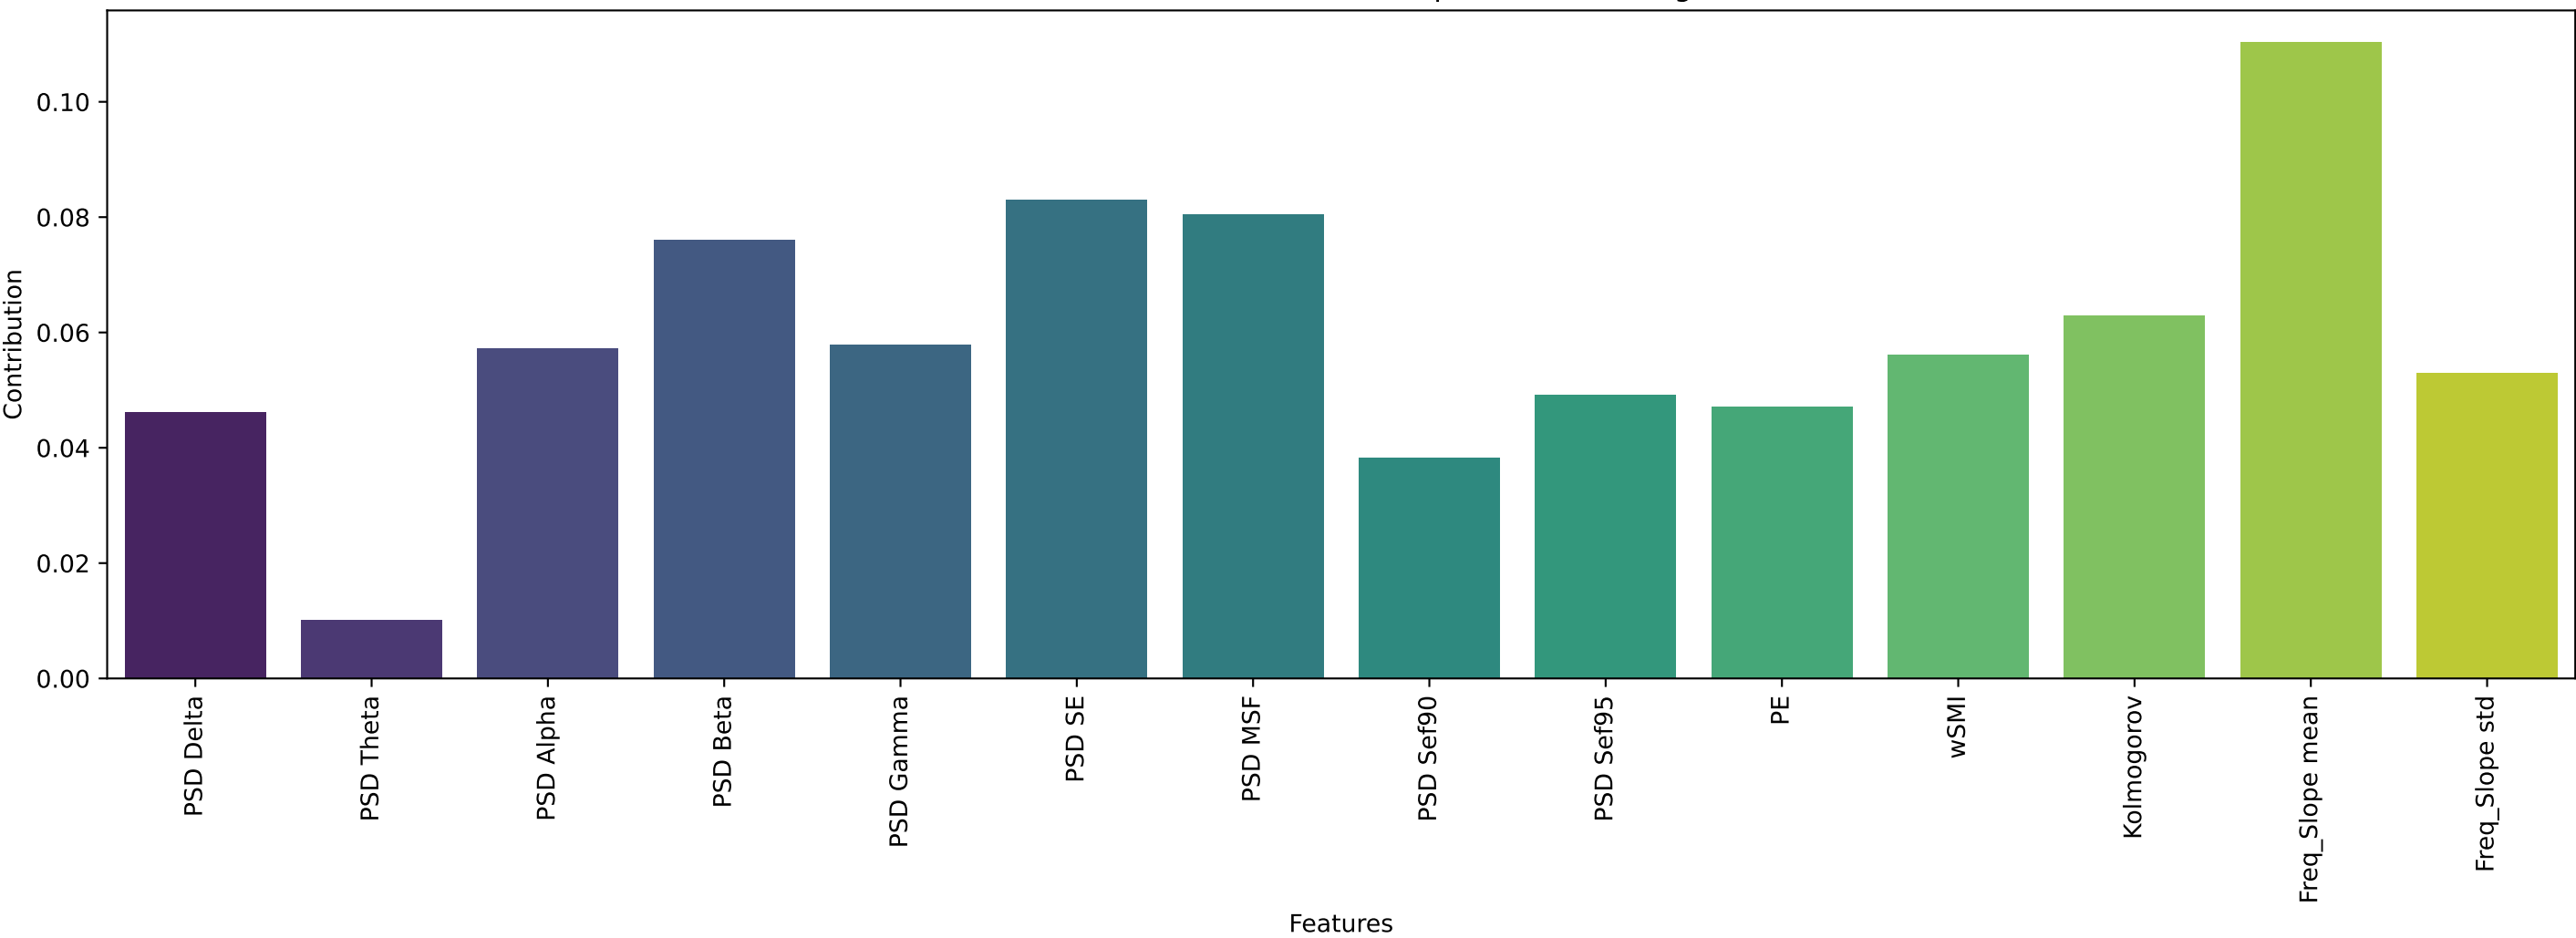

Clusters for Patient p28

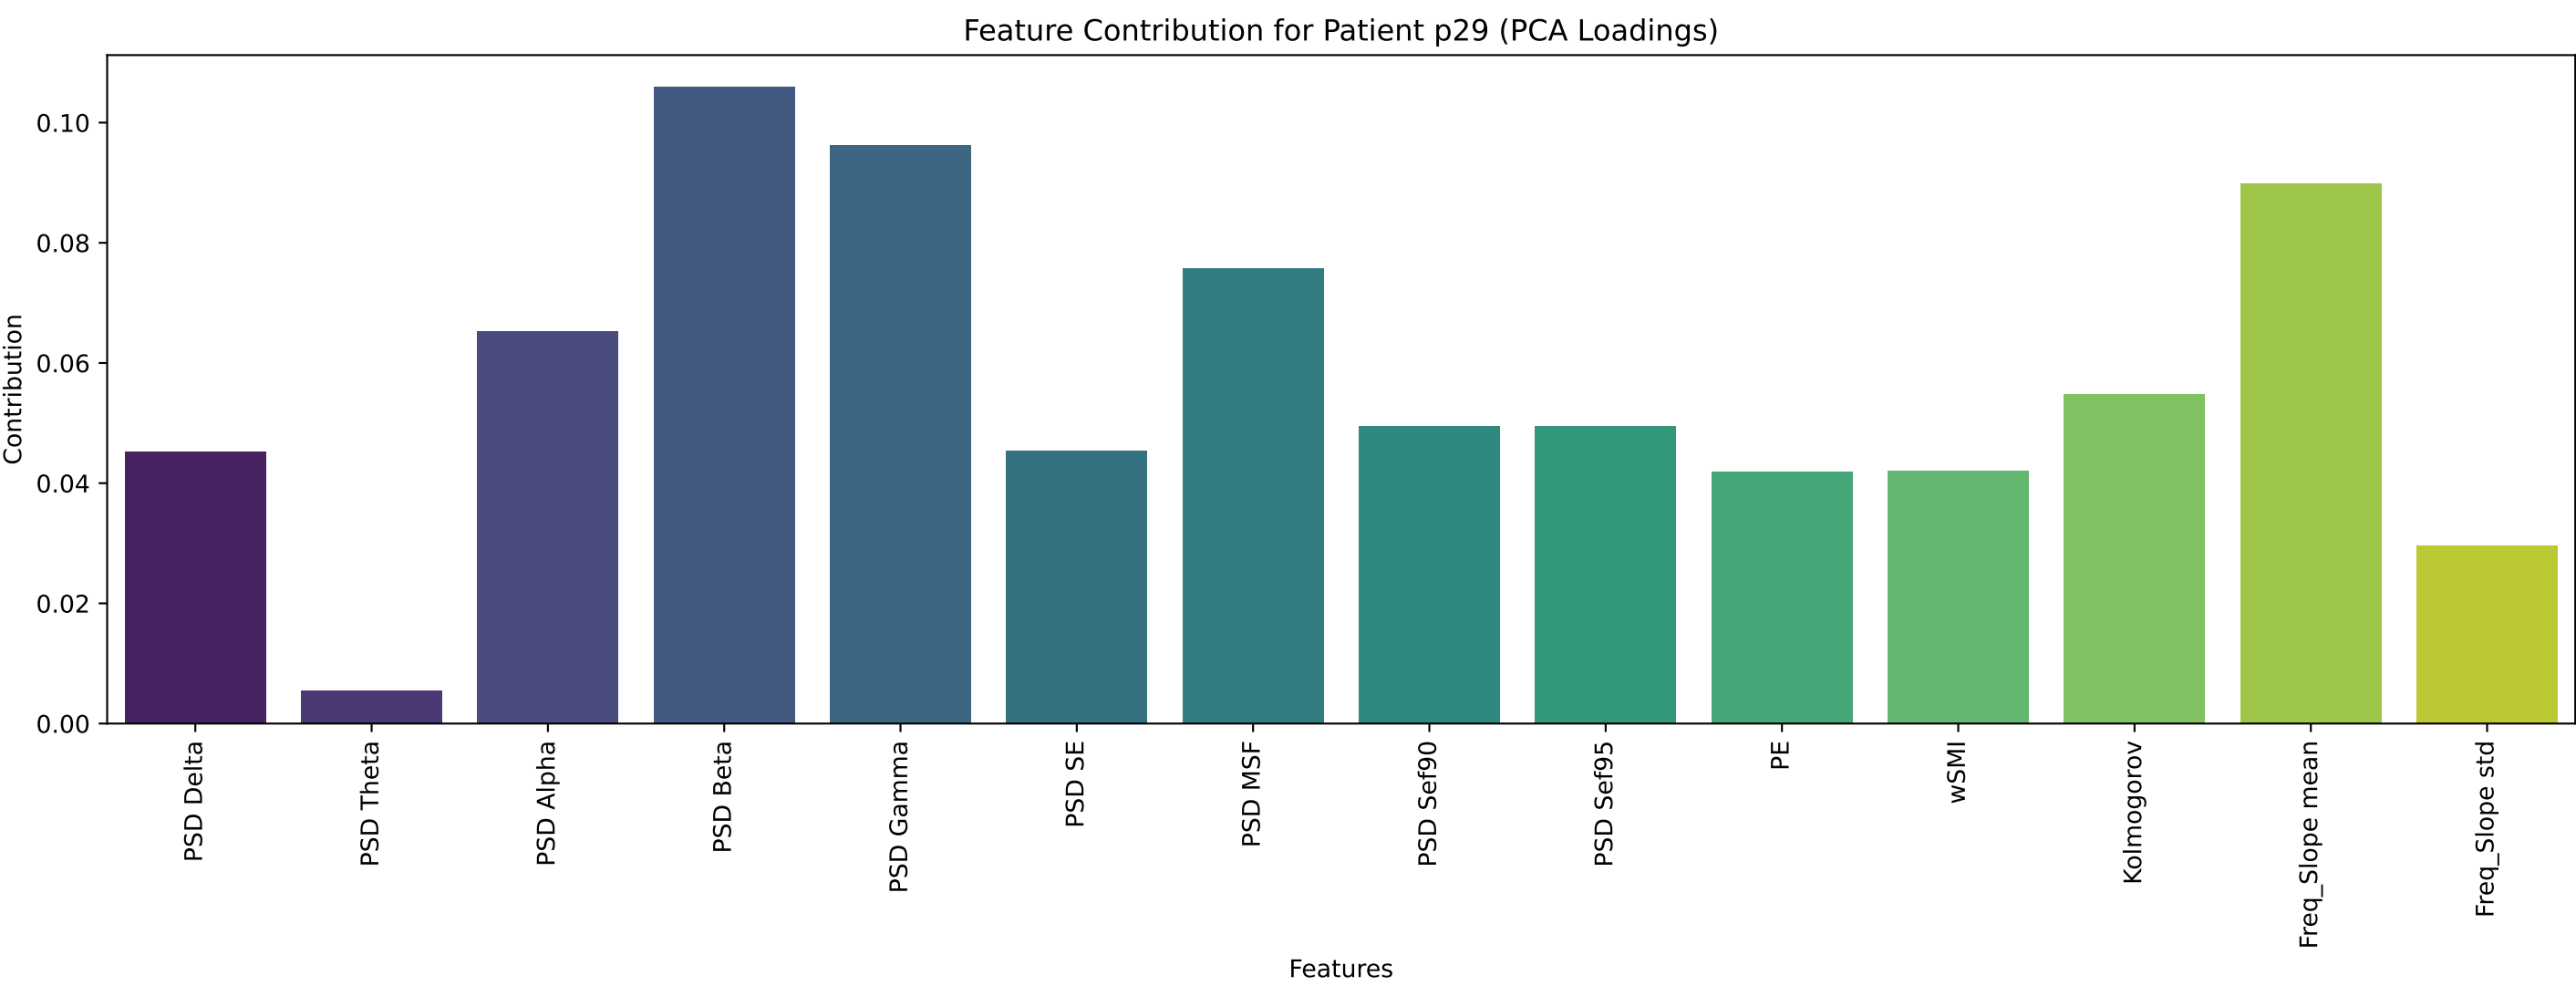

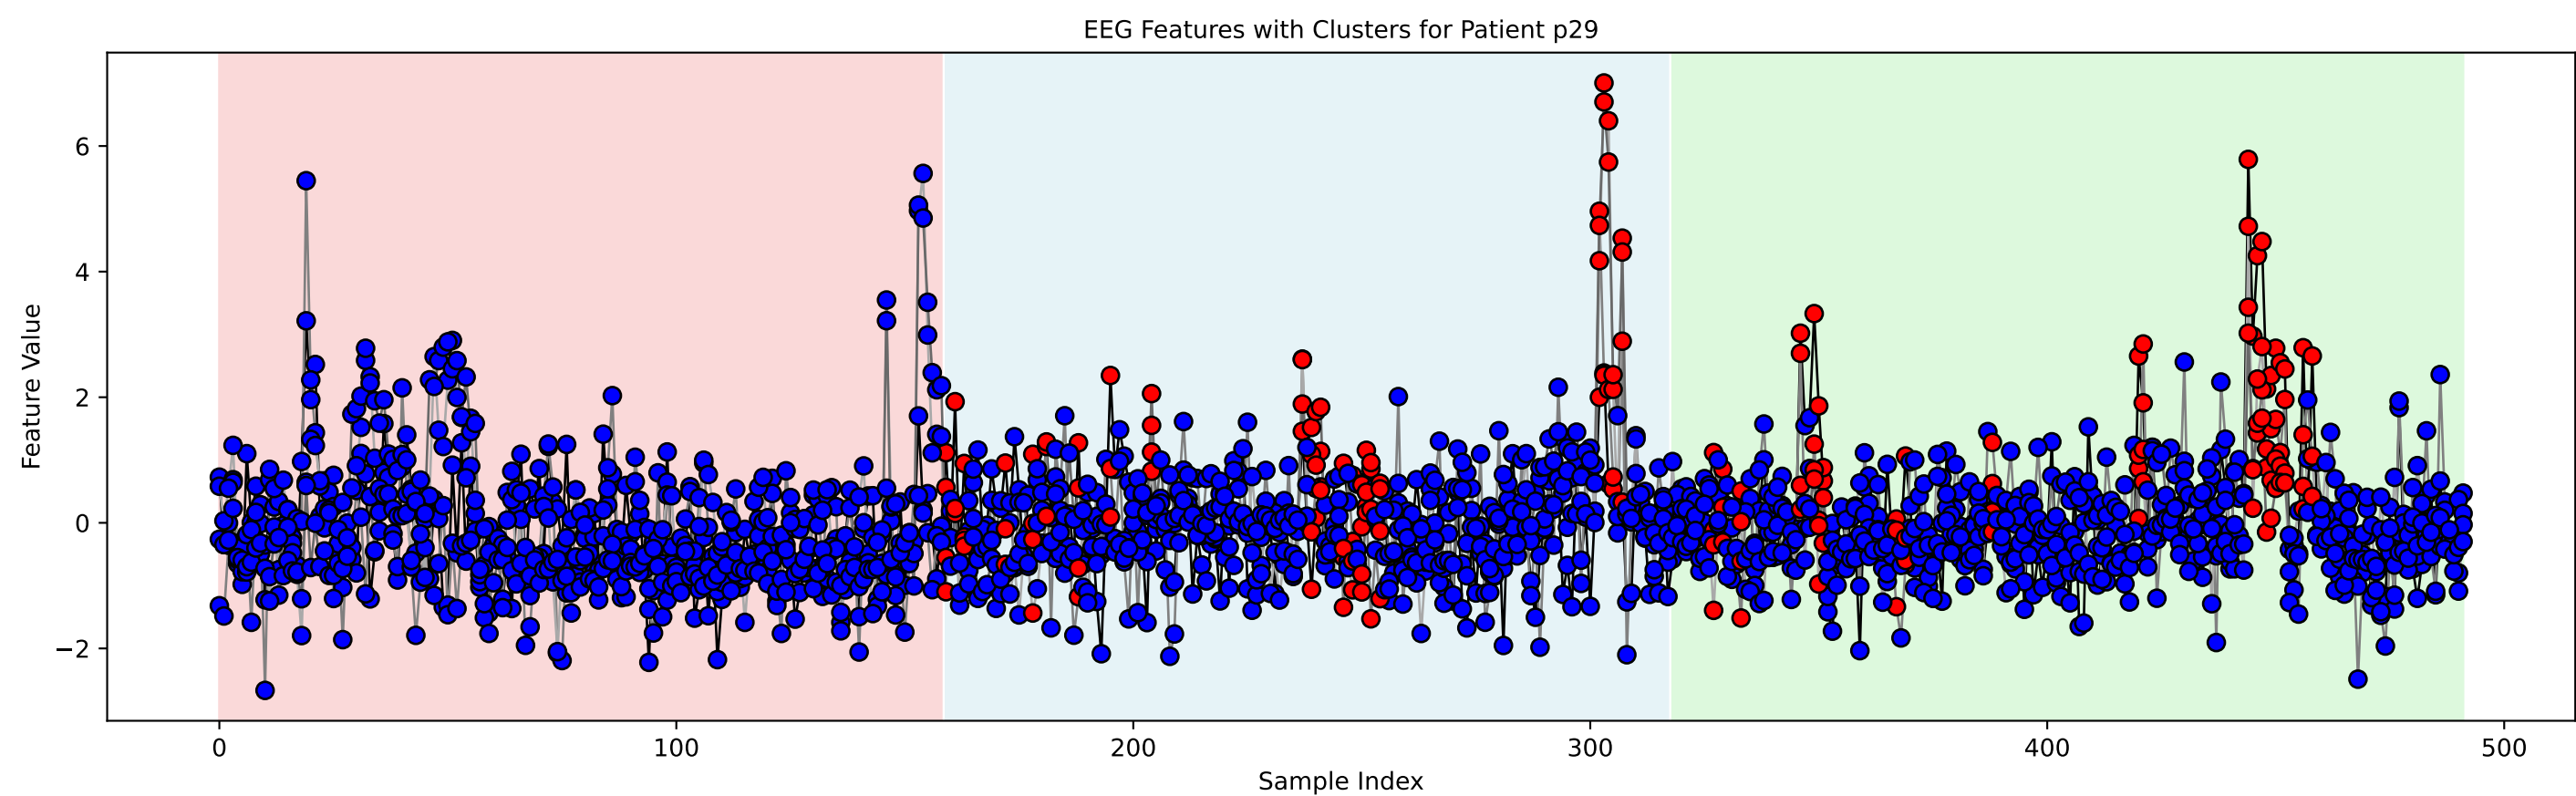

EEG Features with Clusters for Patient p28

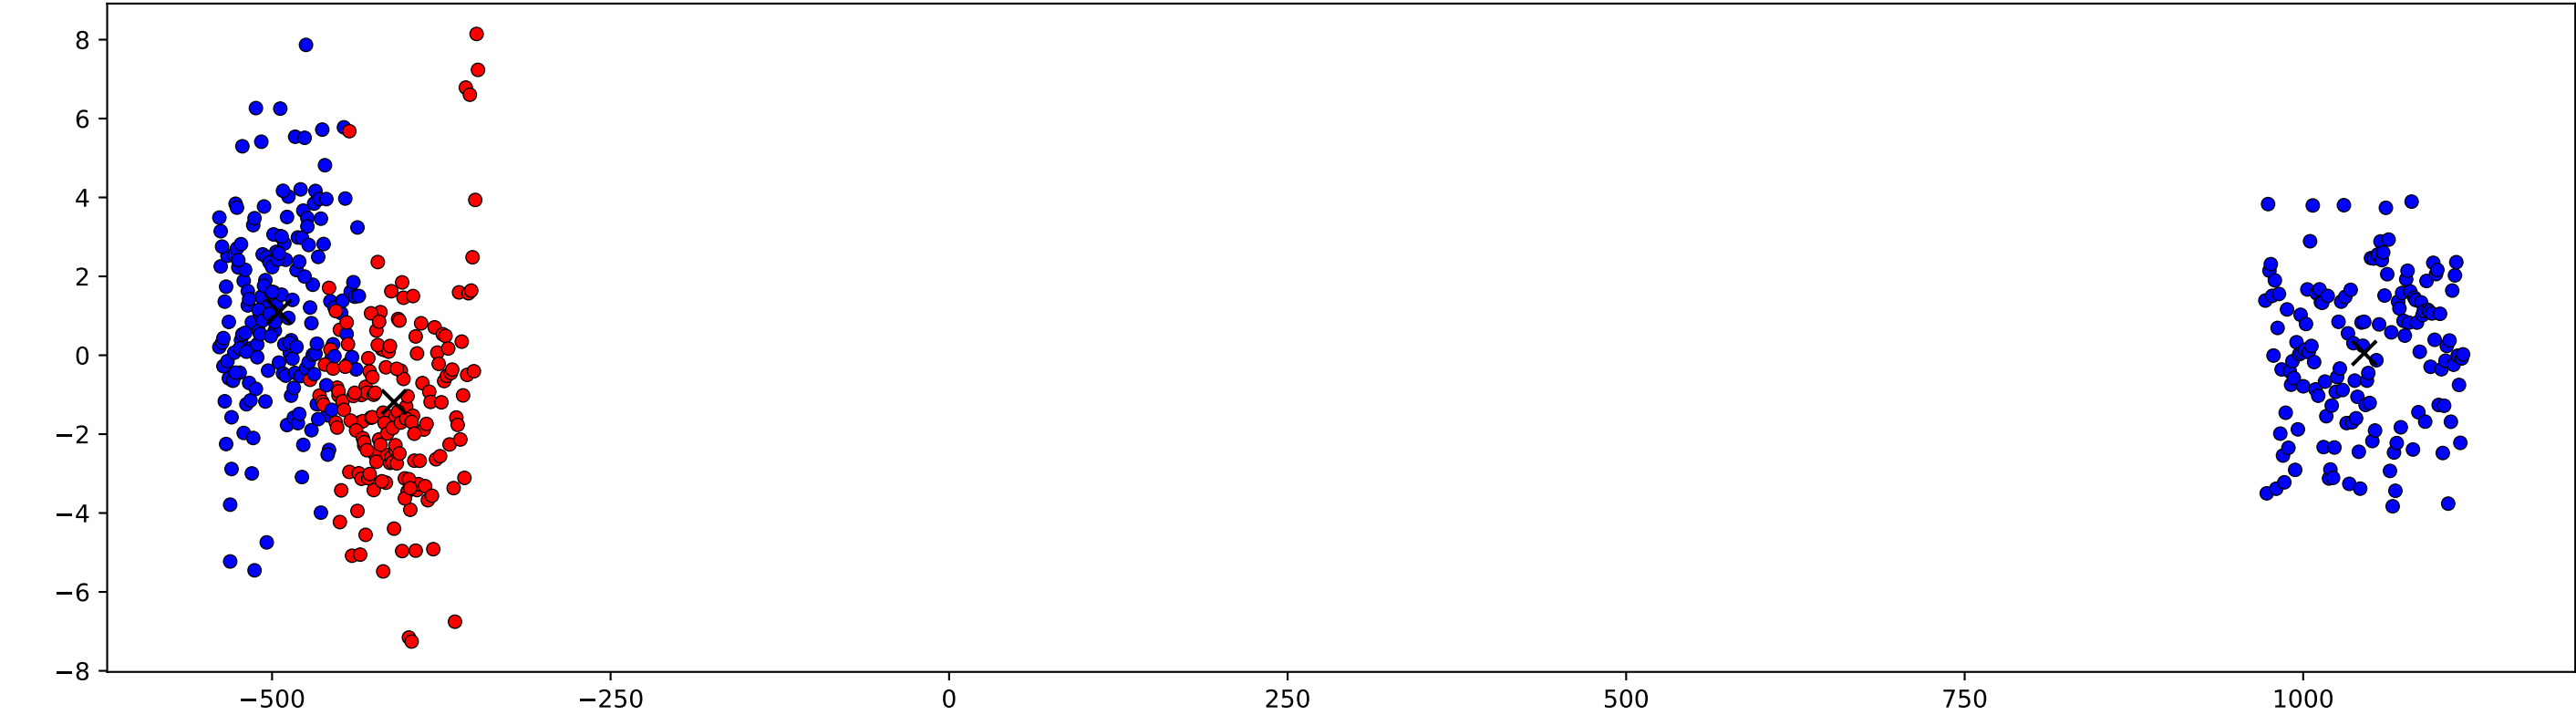

Feature Contribution for Patient p28 (PCA Loadings)

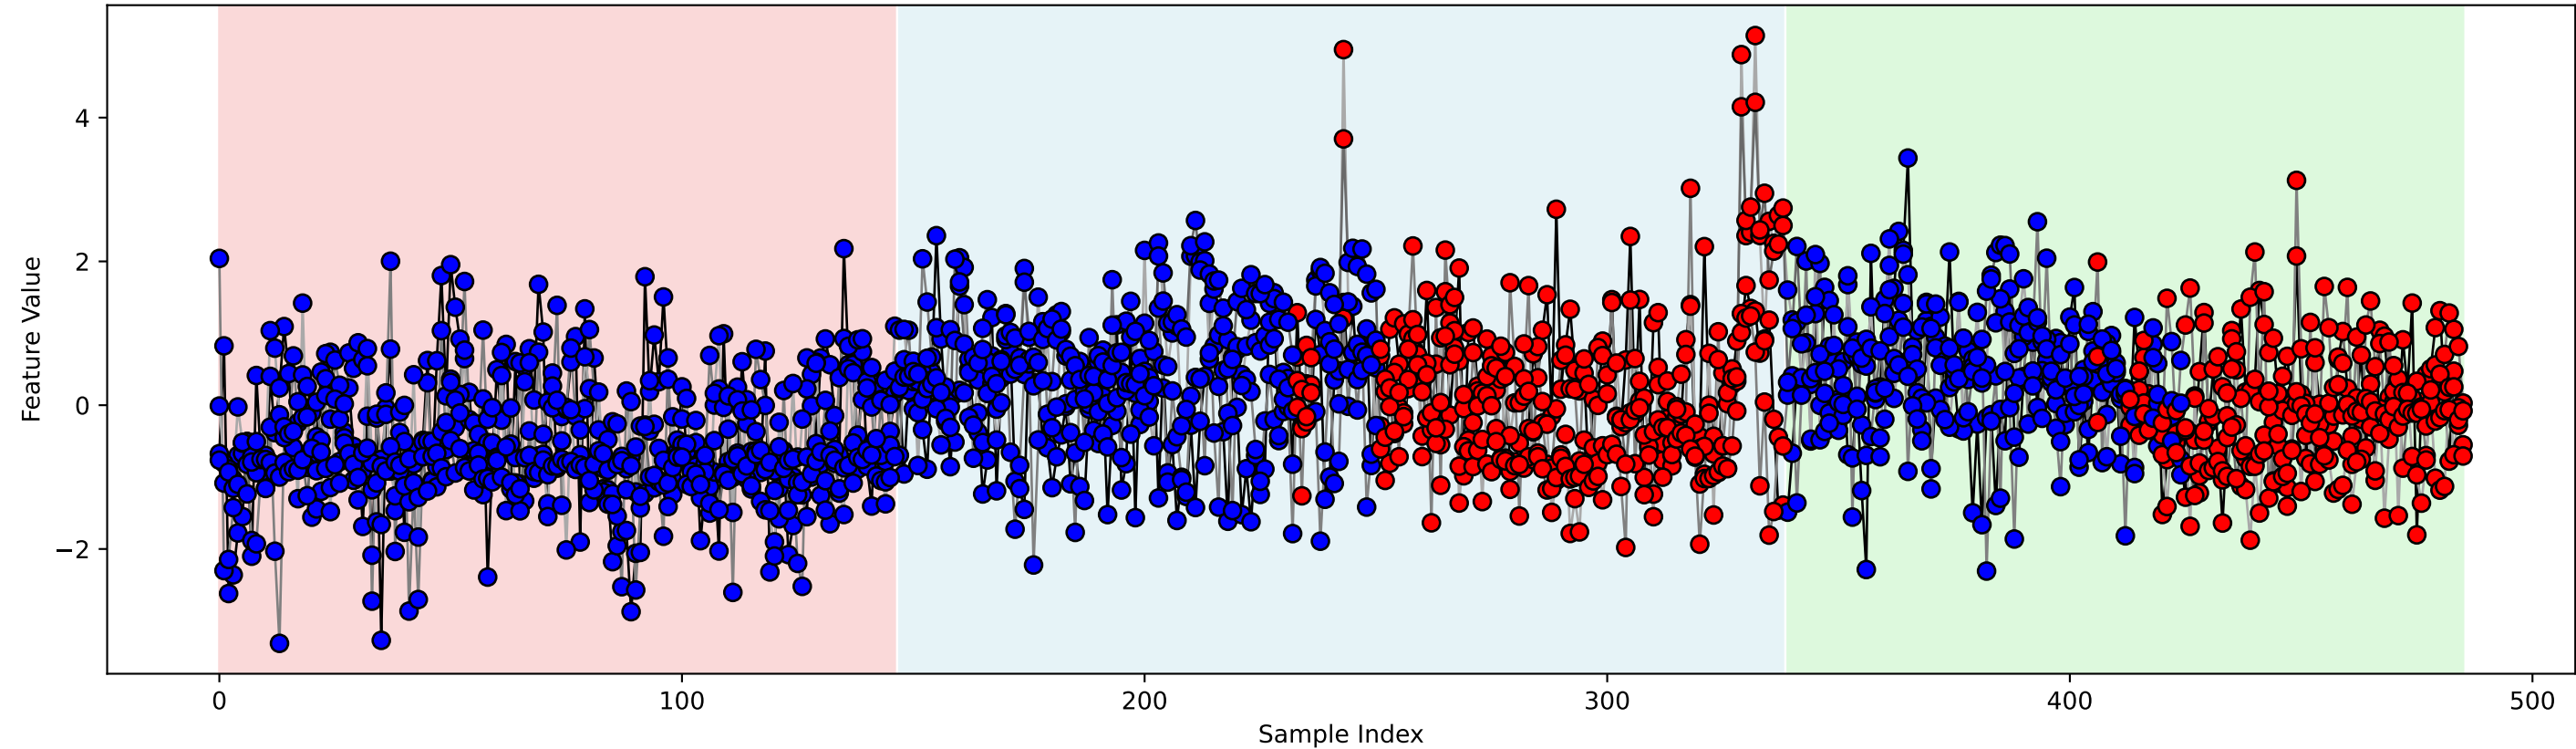

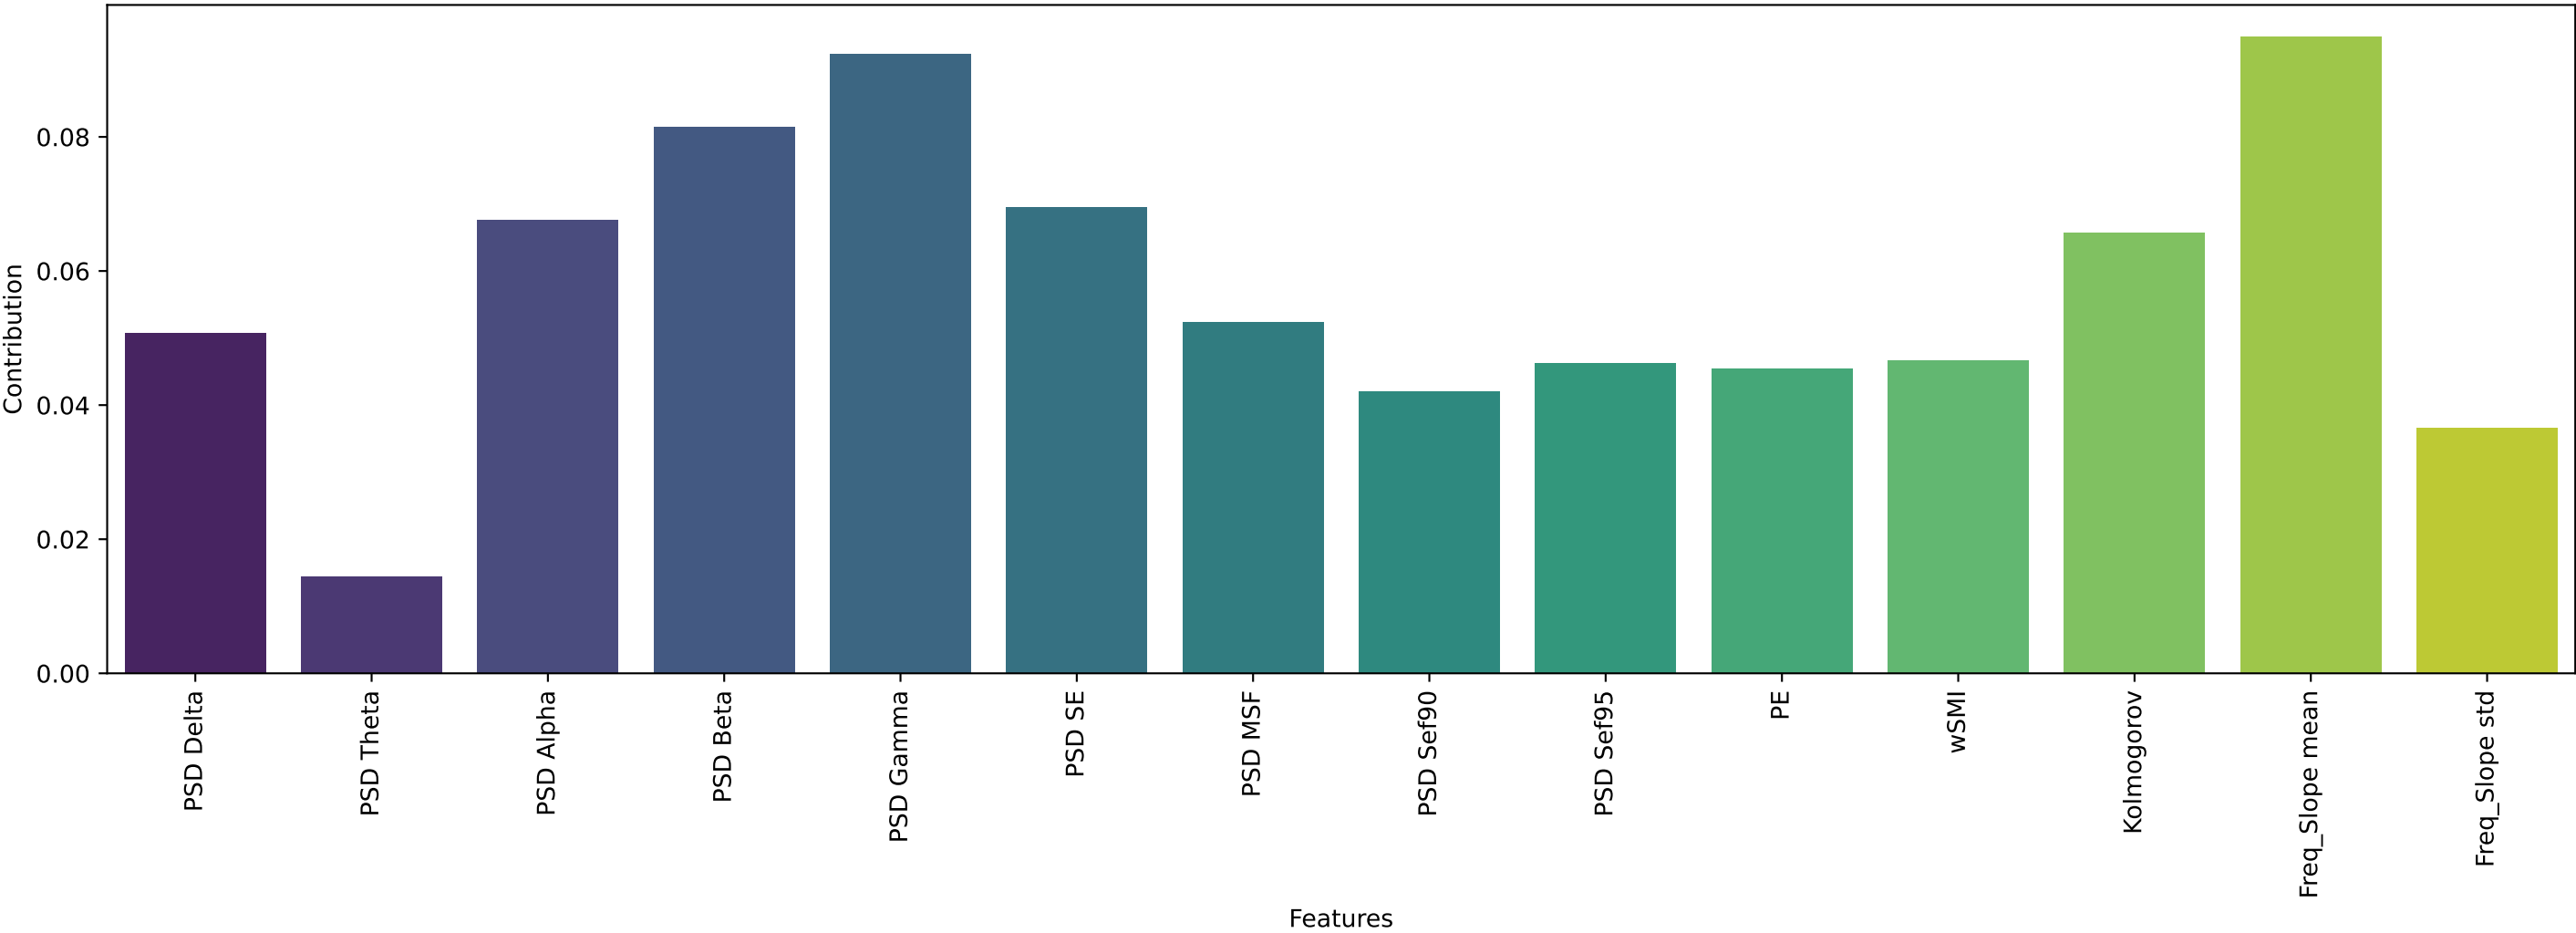

Clusters for Patient p2

EEG Features with Clusters for Patient p2

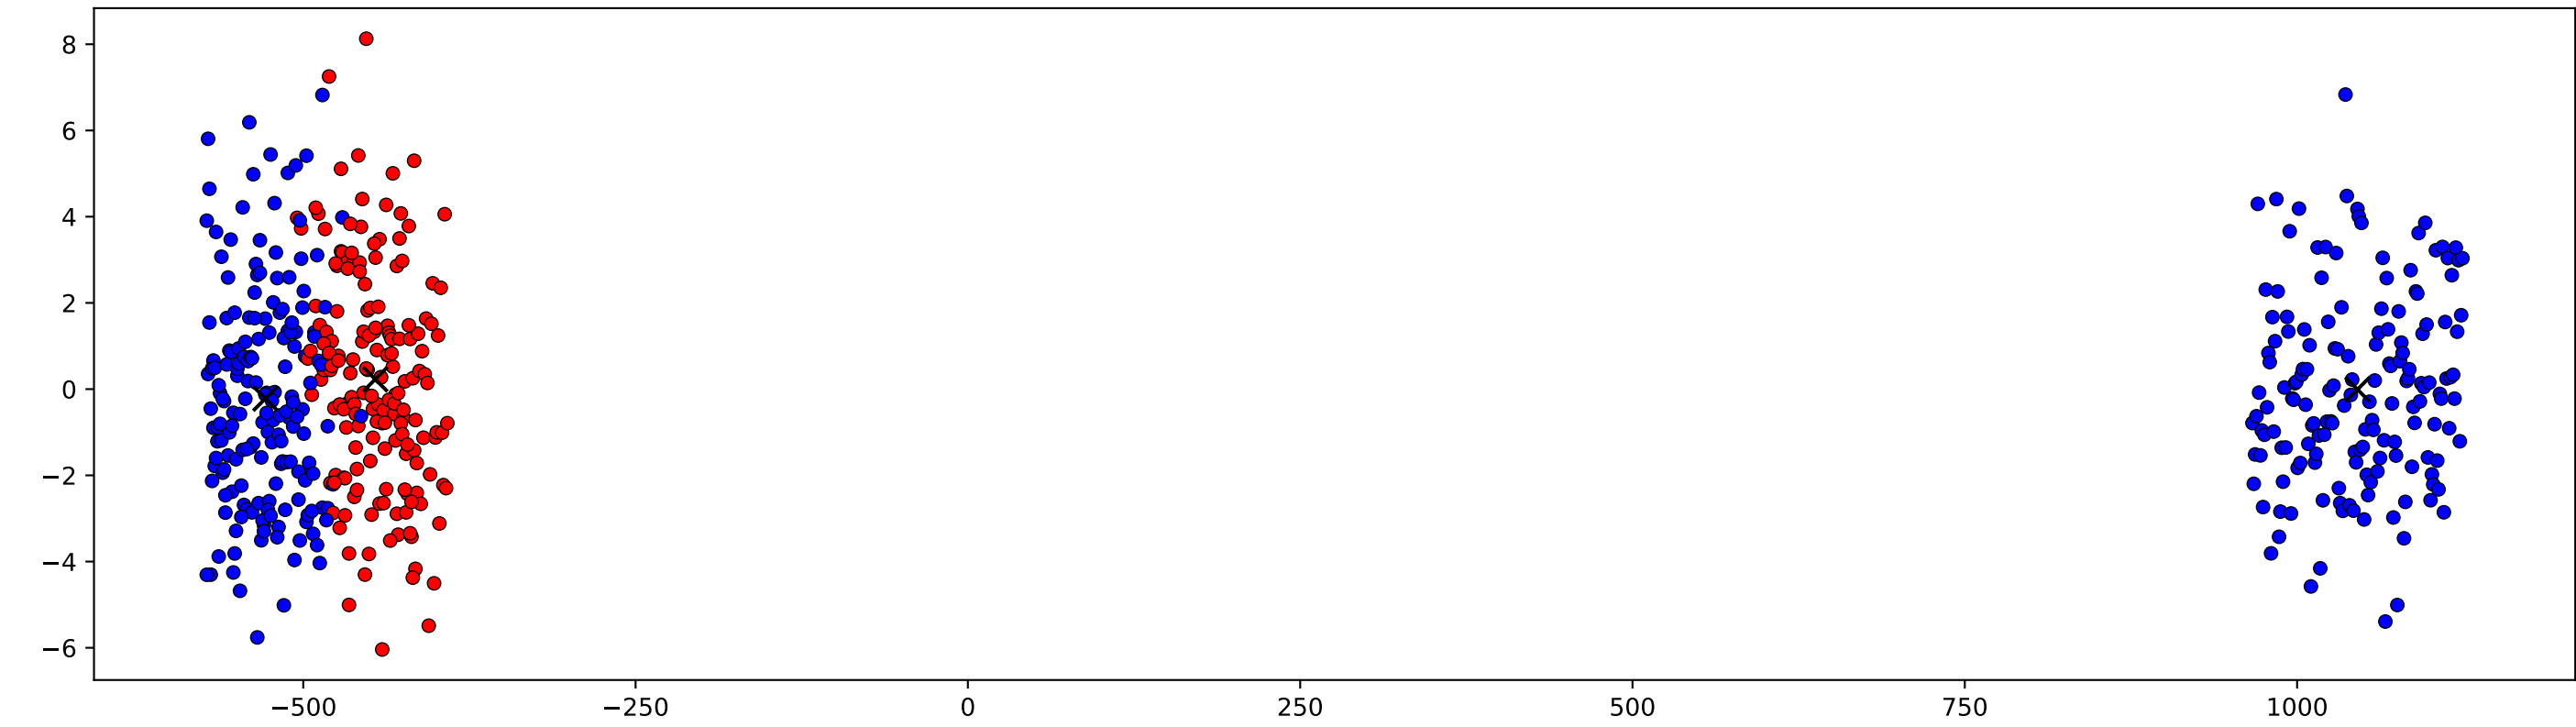

Feature Contribution for Patient p2 (PCA Loadings)

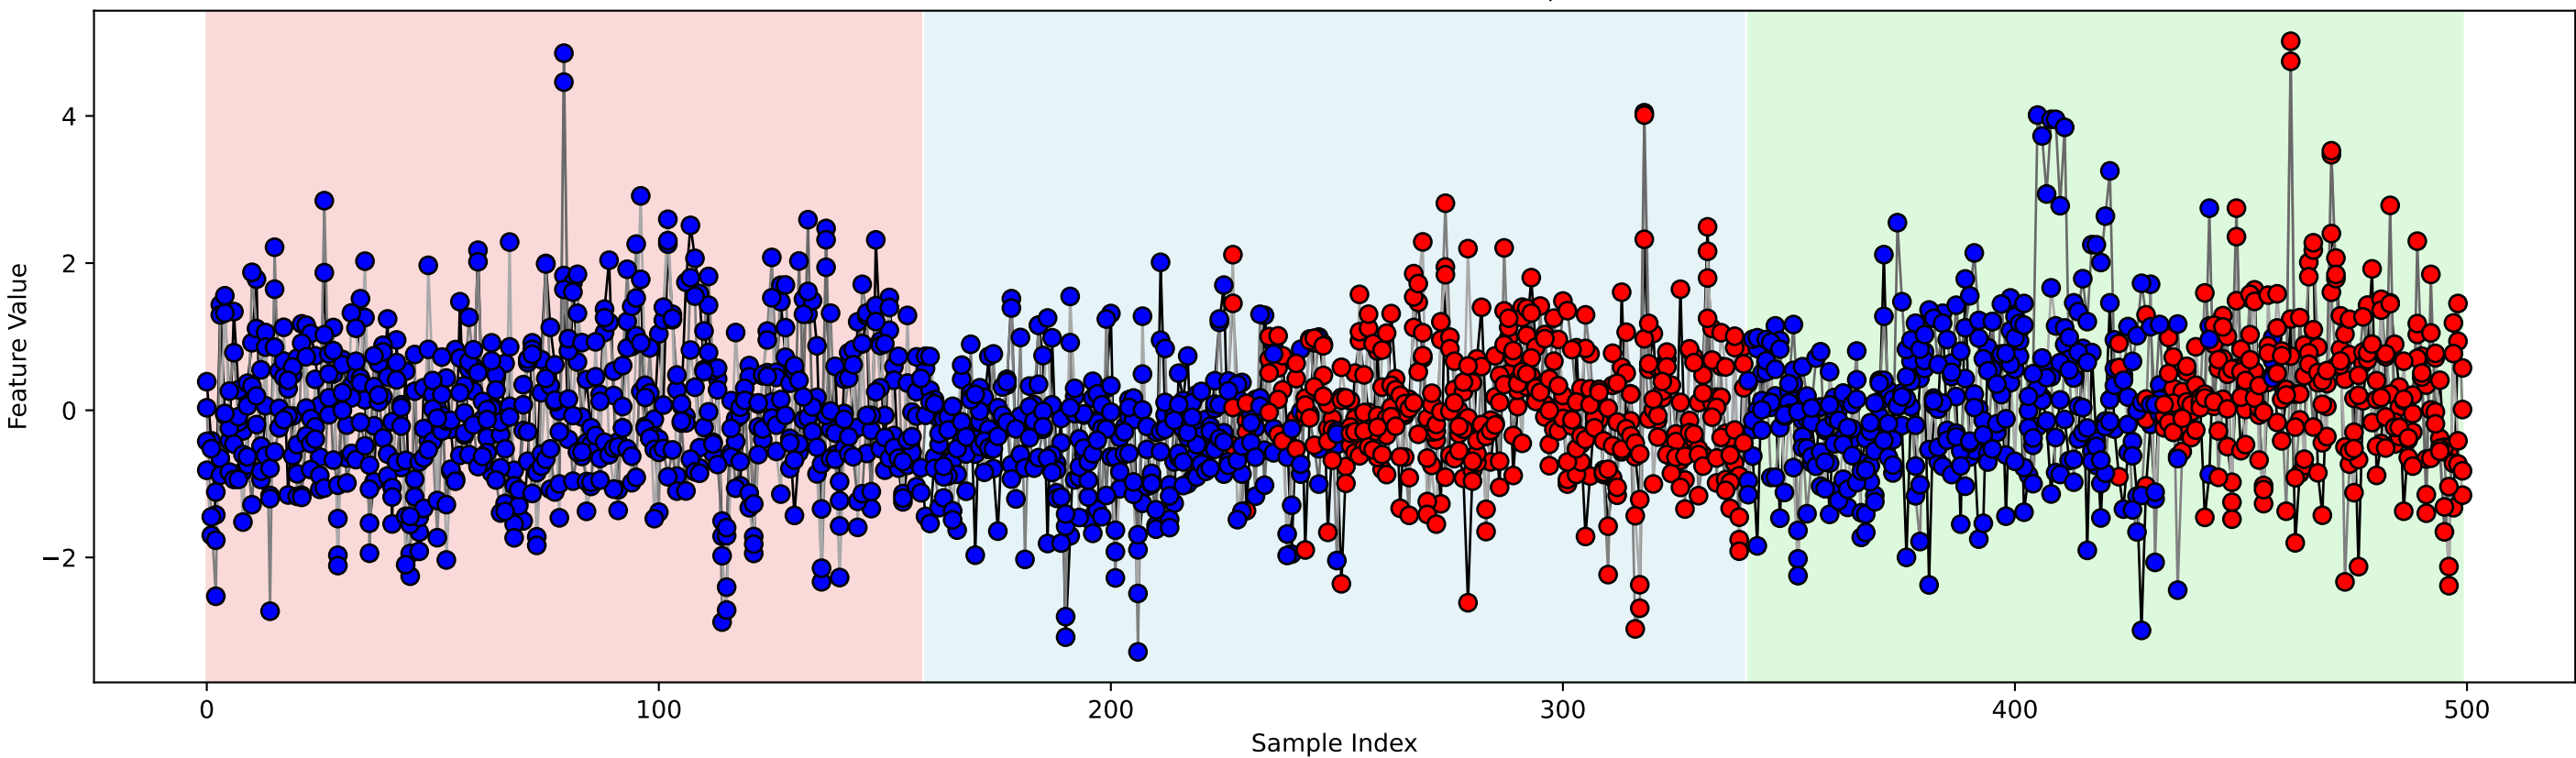

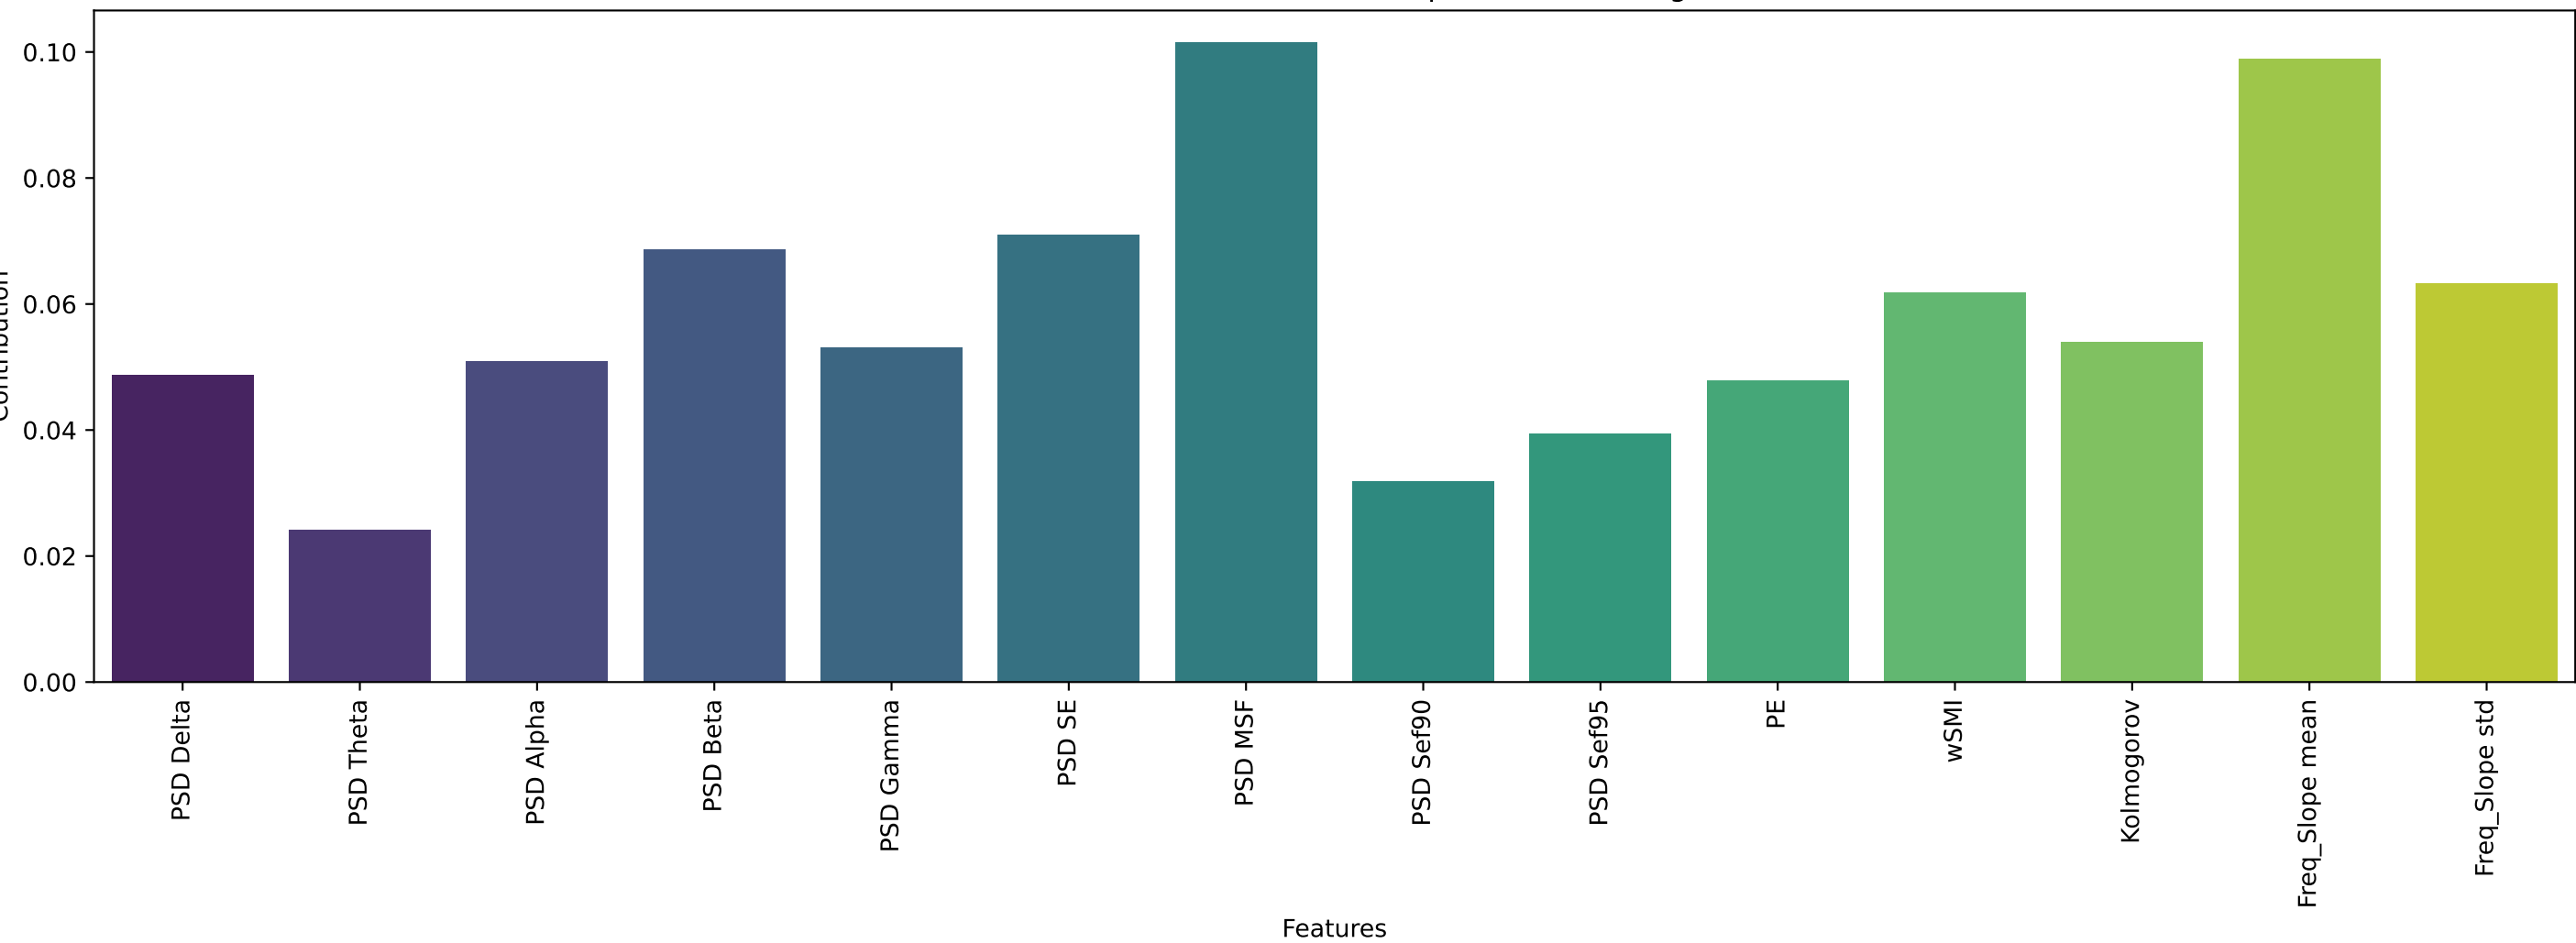

Clusters for Patient p30

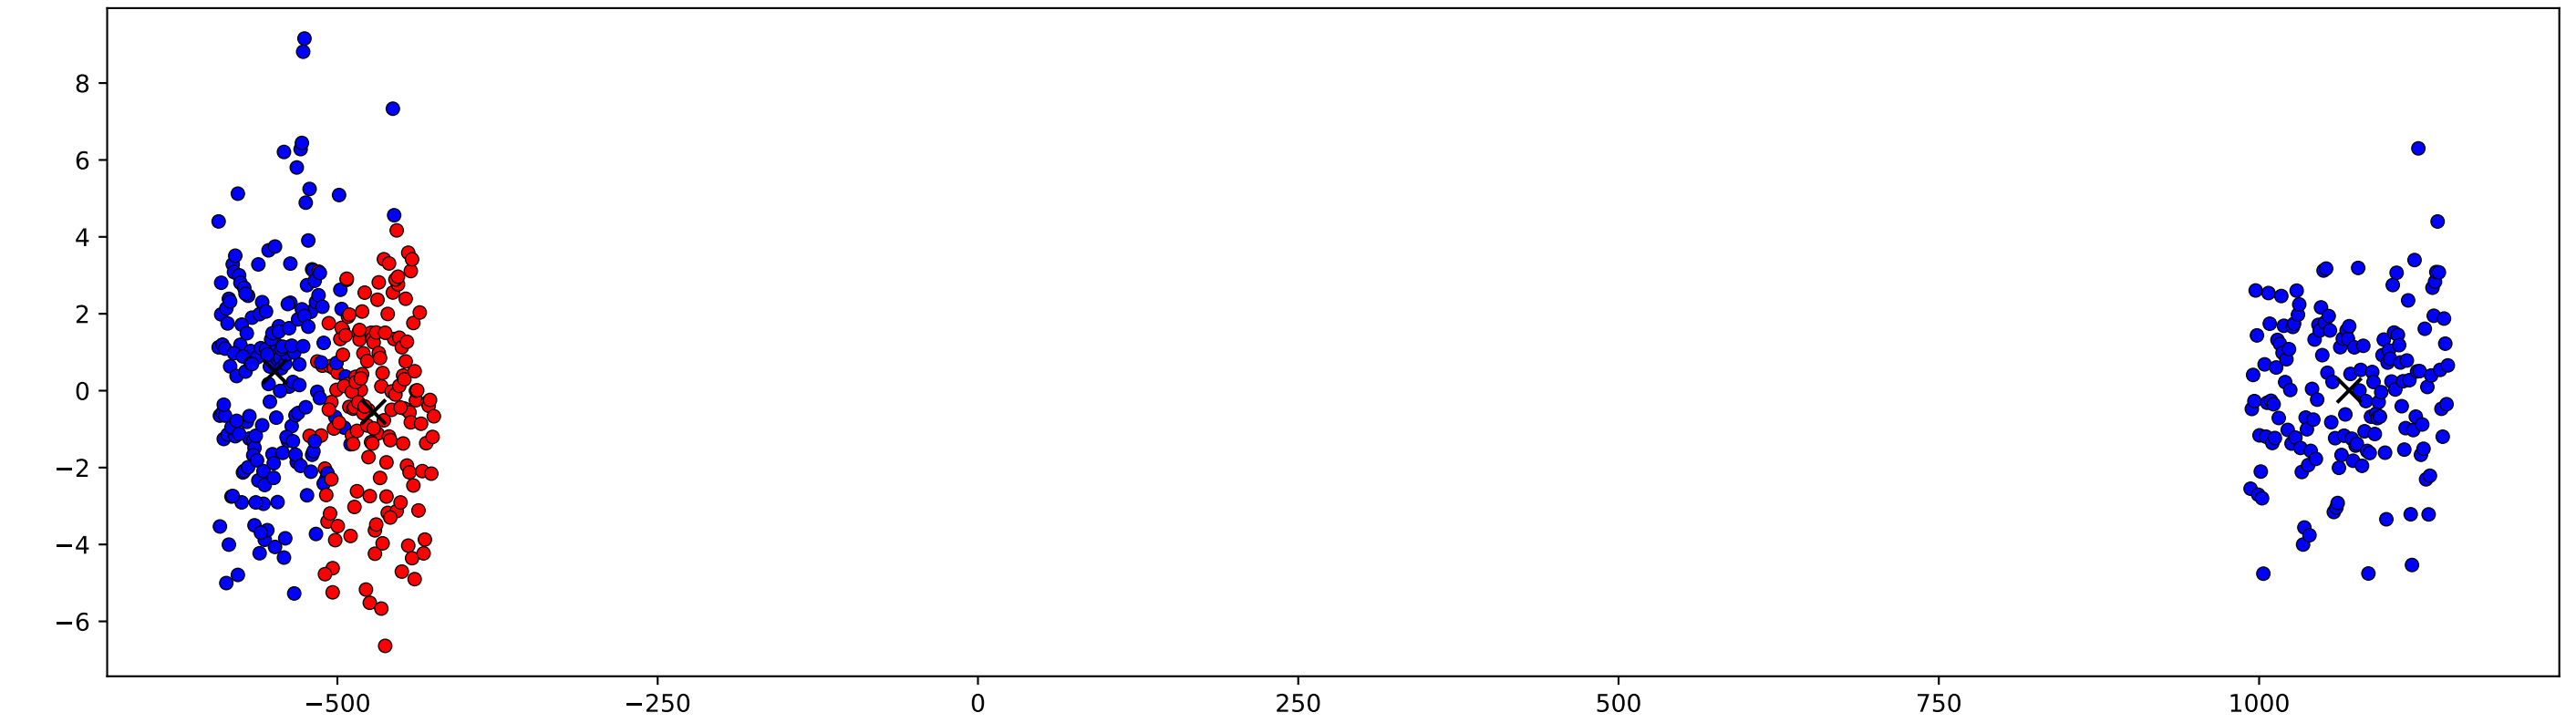

EEG Features with Clusters for Patient p30

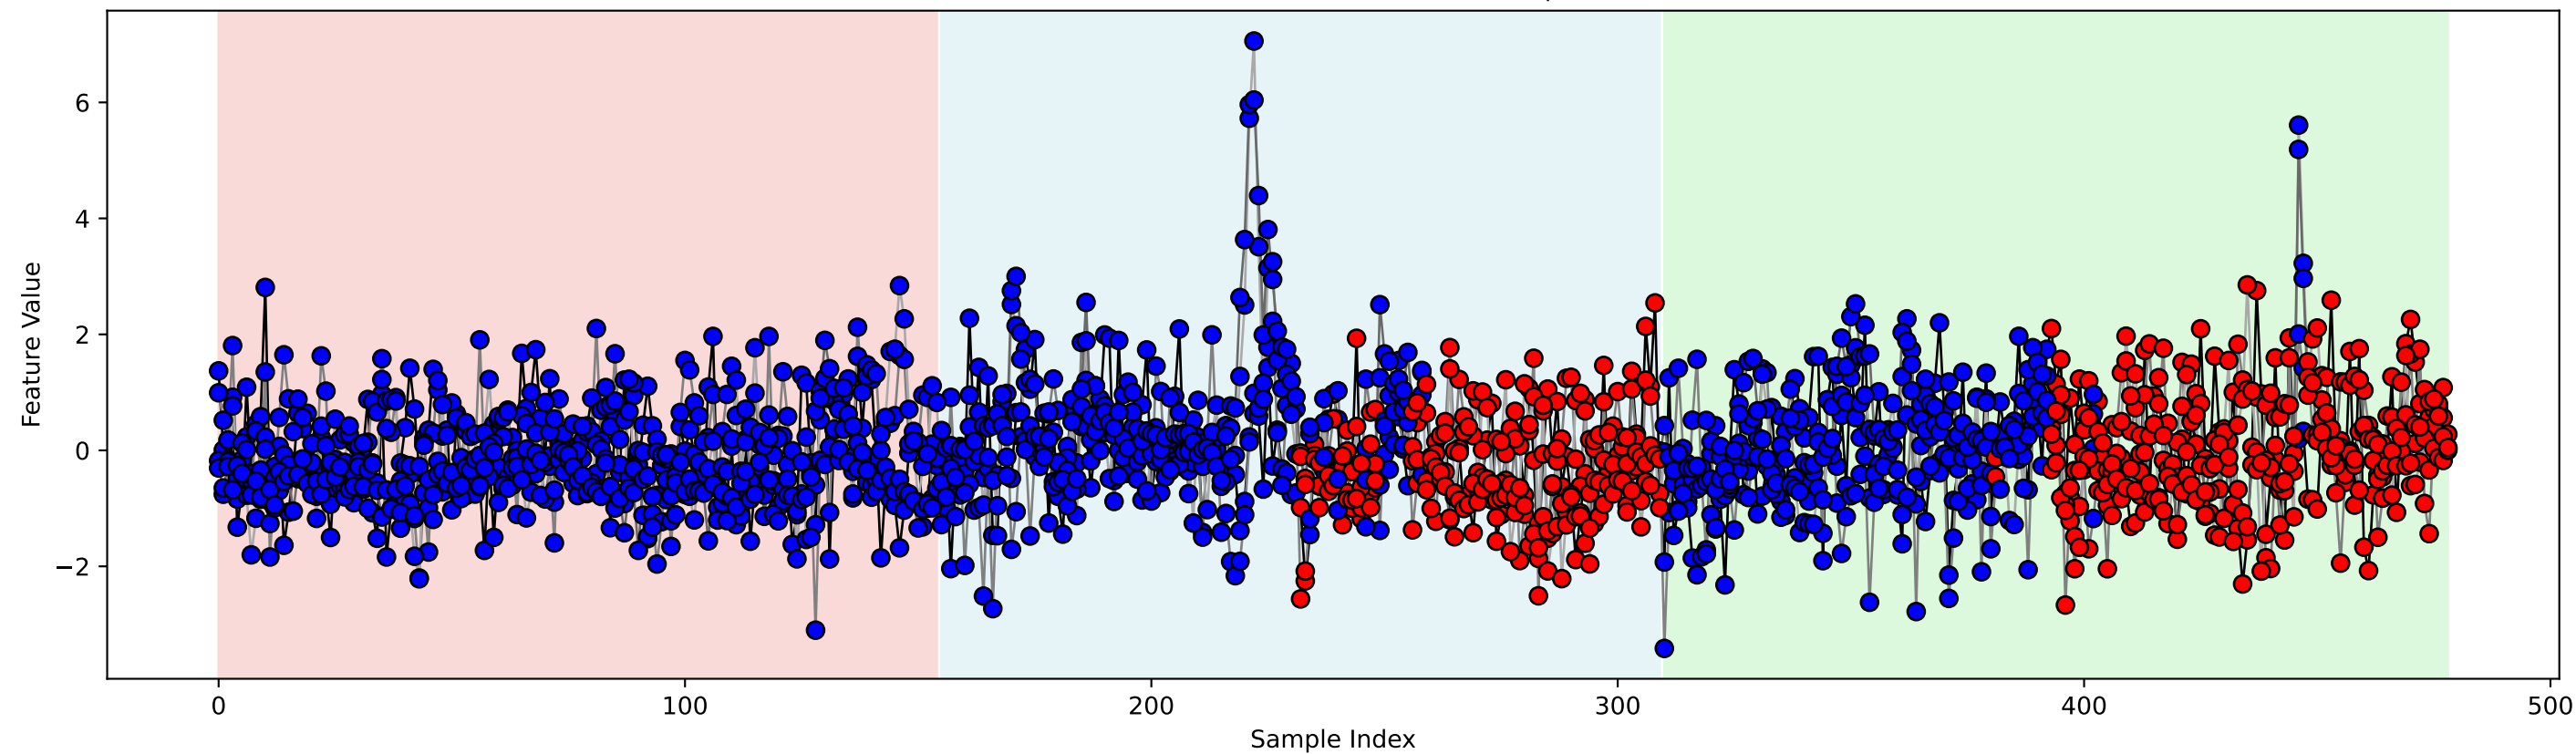

Feature Contribution for Patient p30 (PCA Loadings)

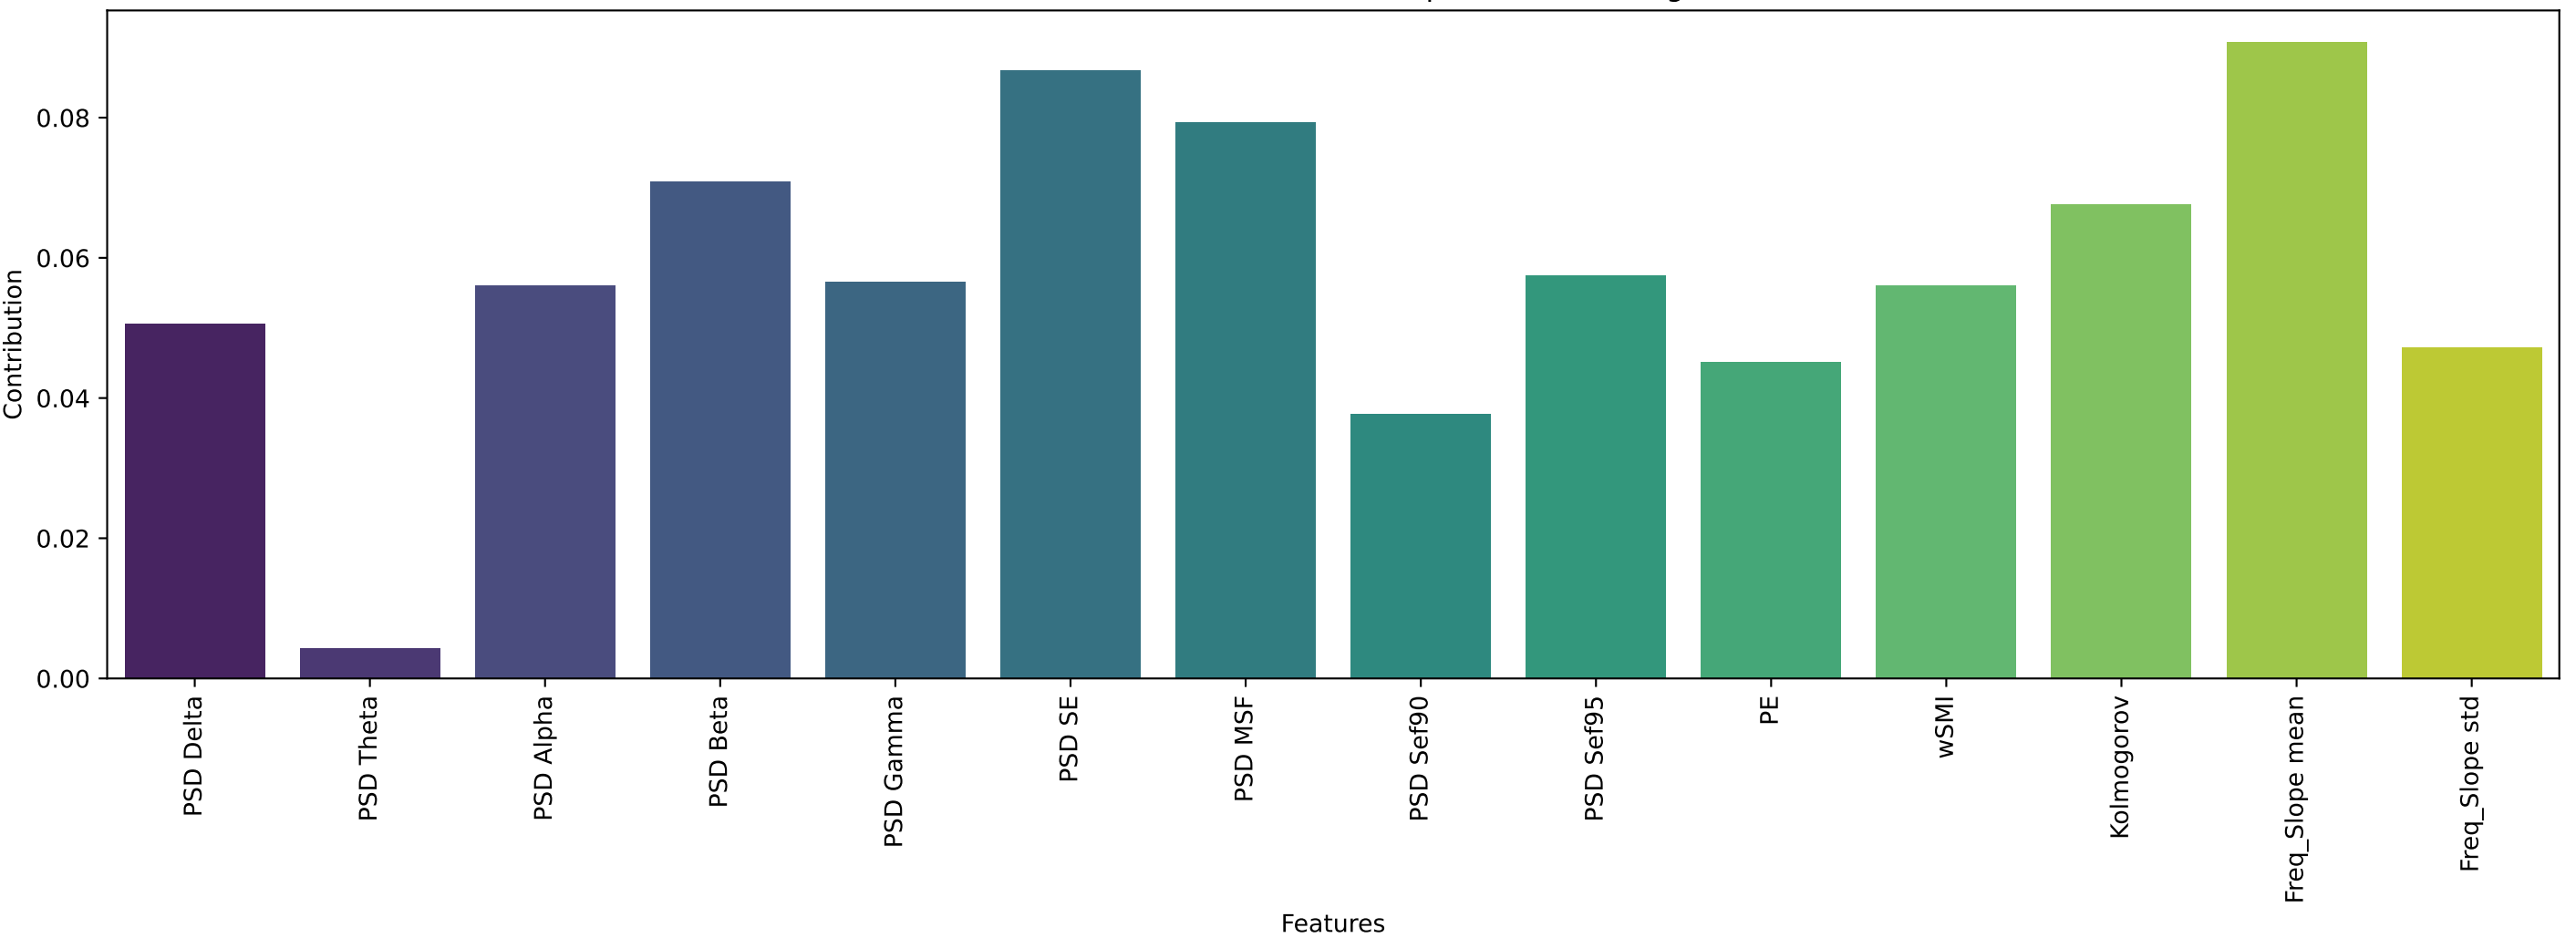

Clusters for Patient p31

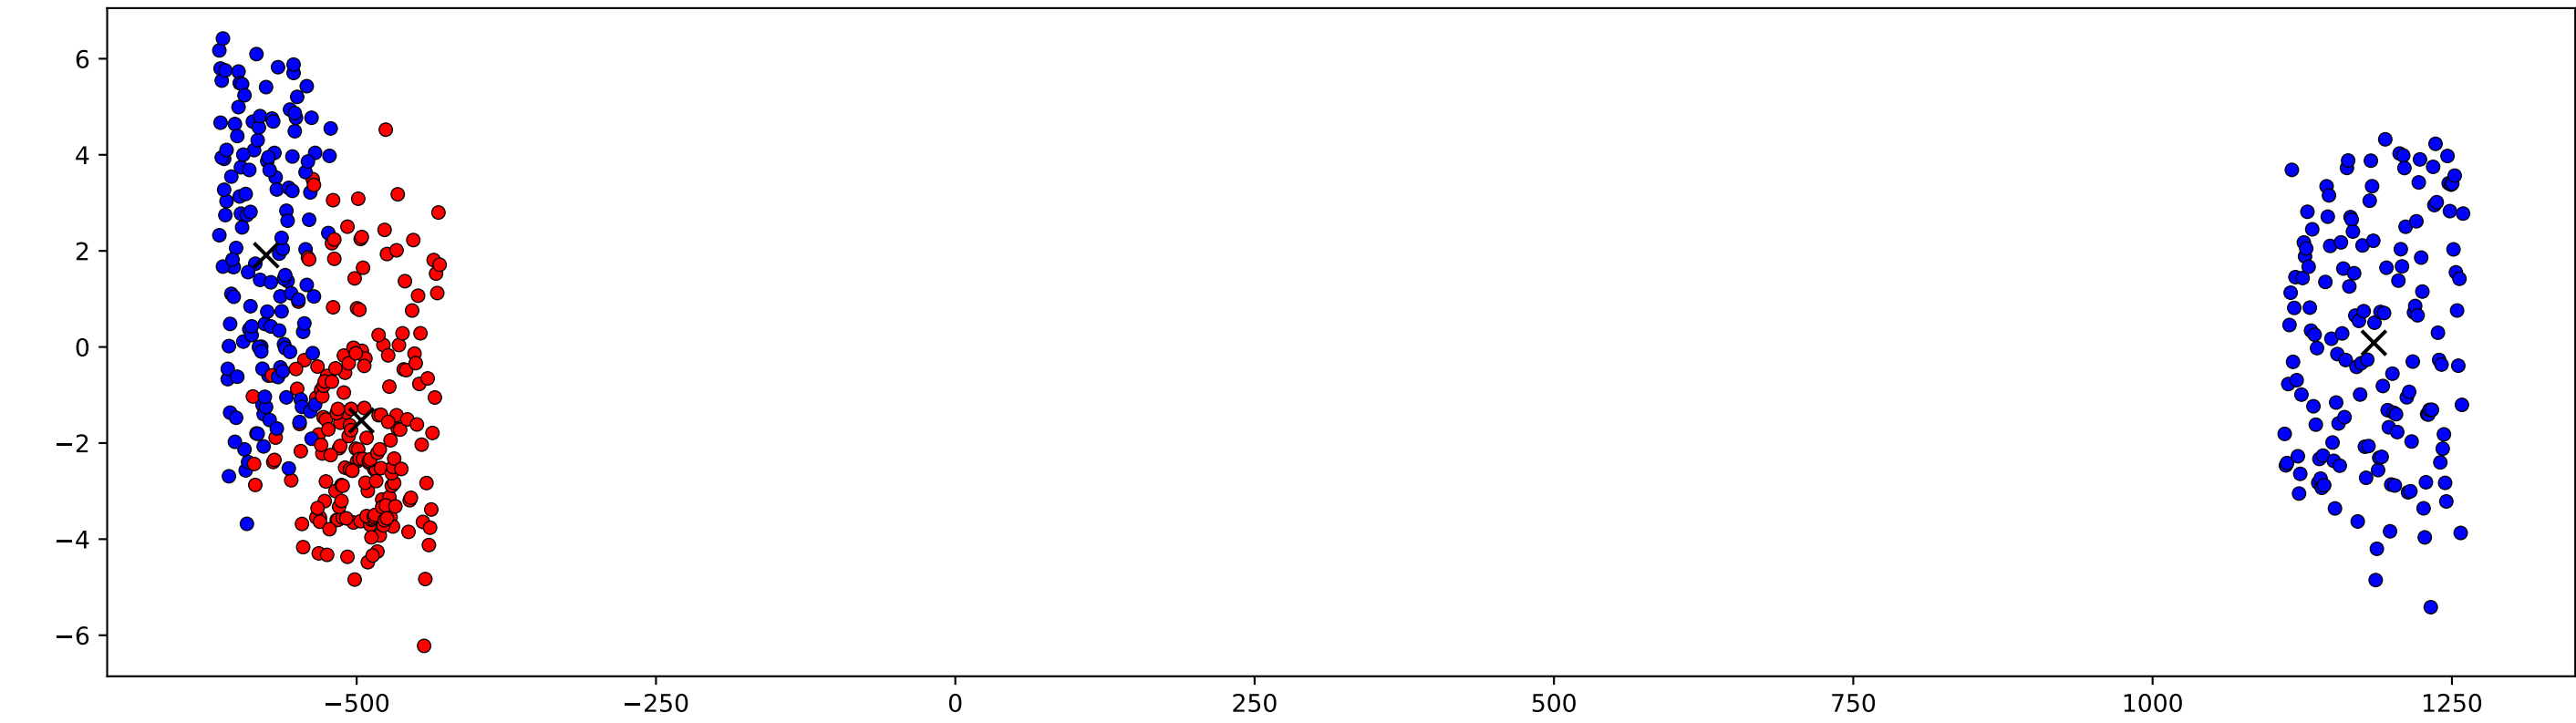

EEG Features with Clusters for Patient p31

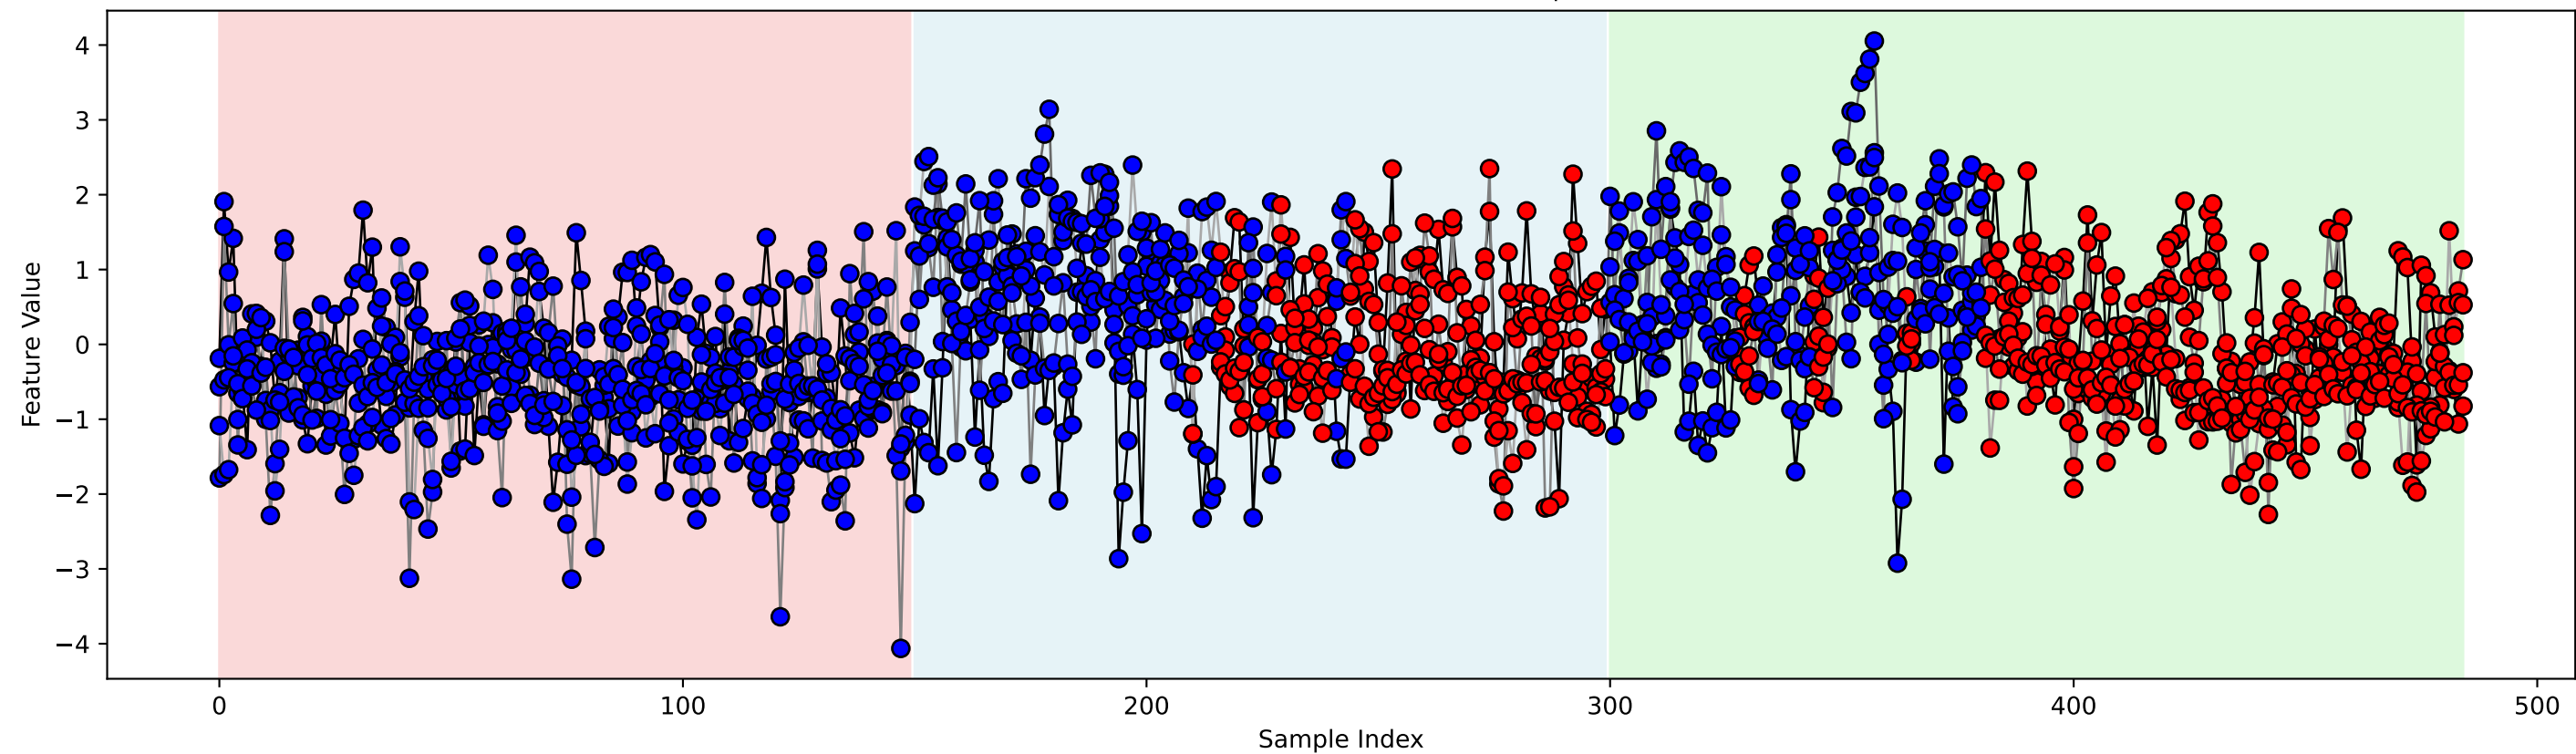

Feature Contribution for Patient p31 (PCA Loadings)

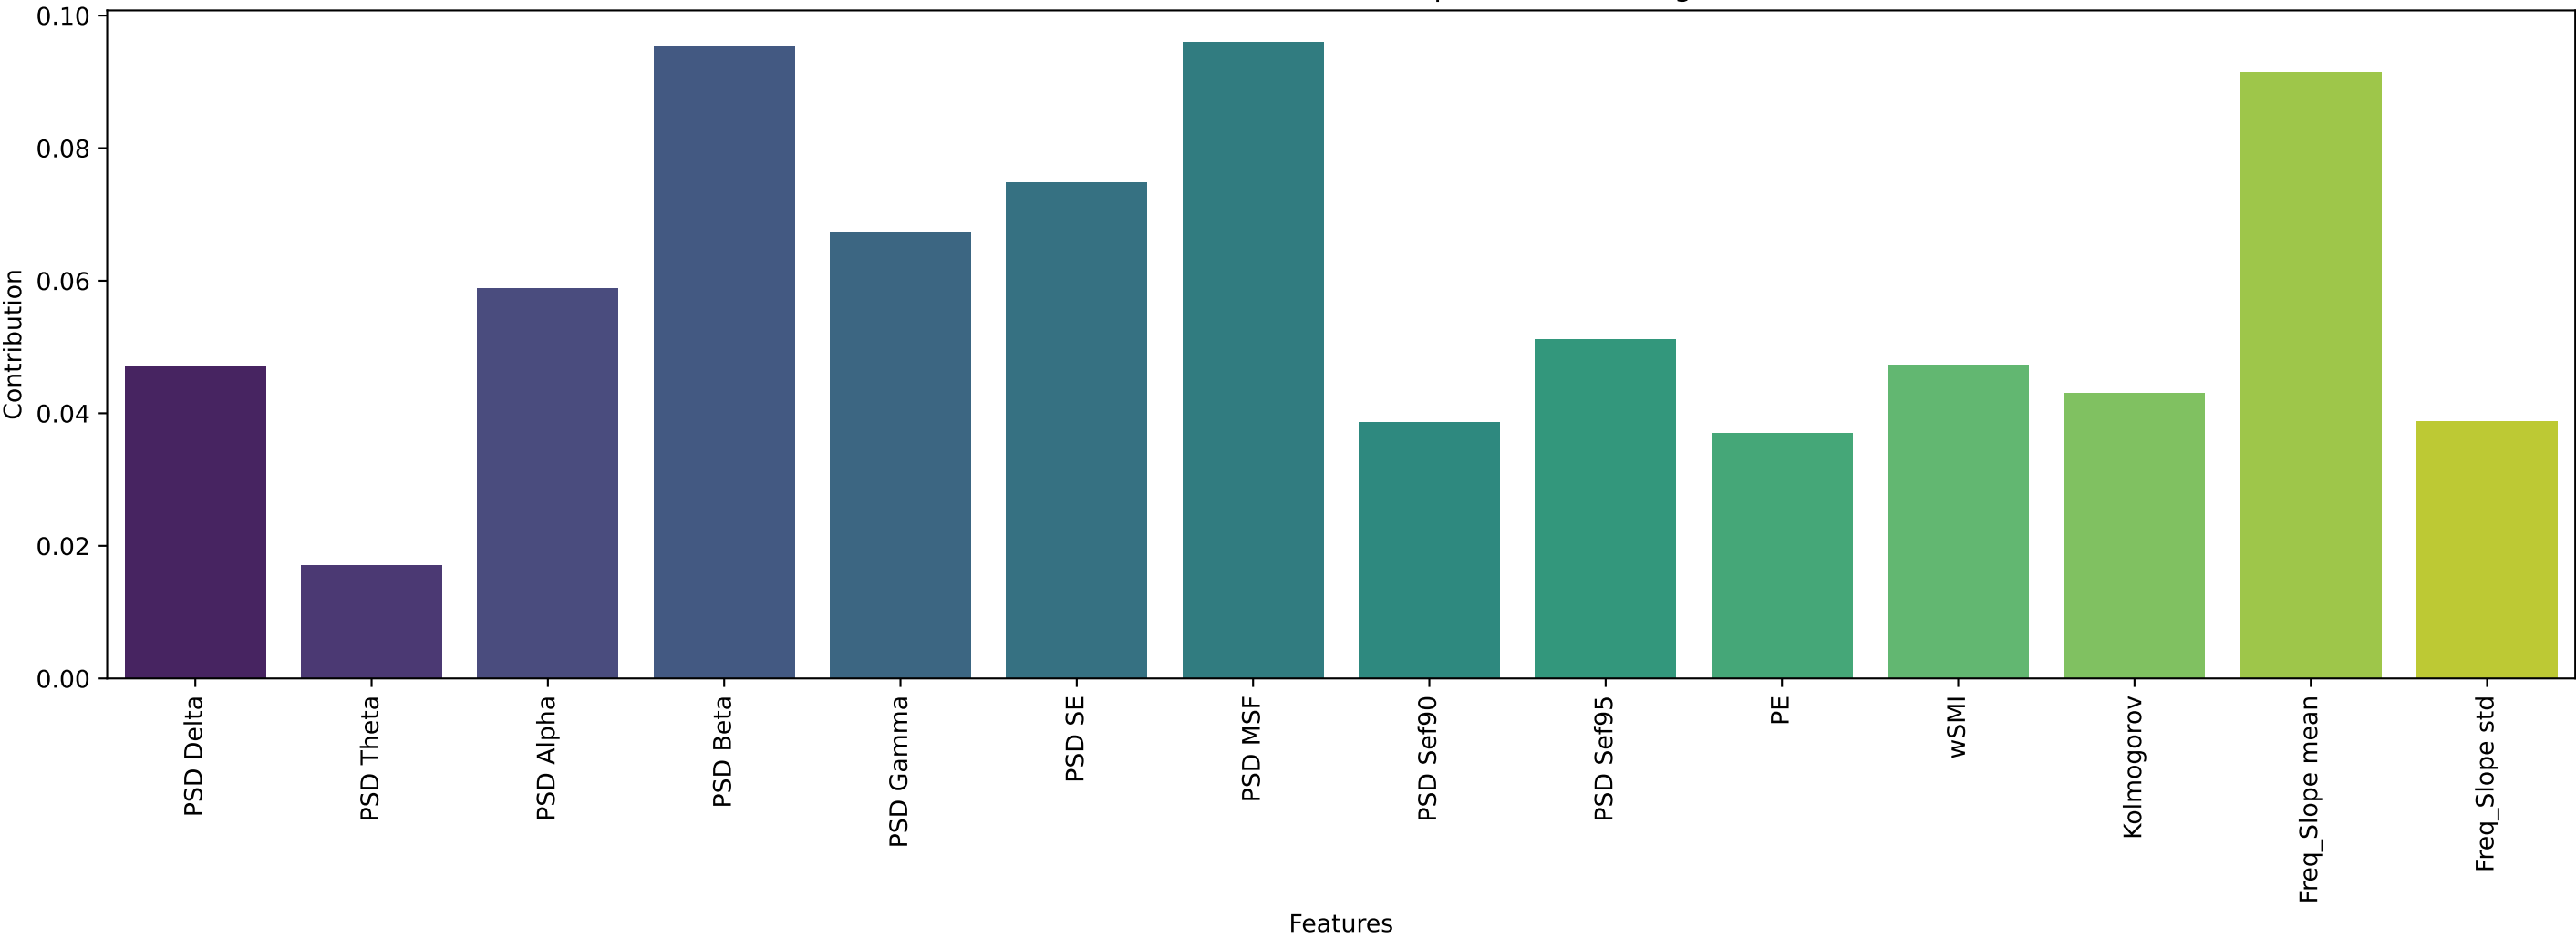

Clusters for Patient p32

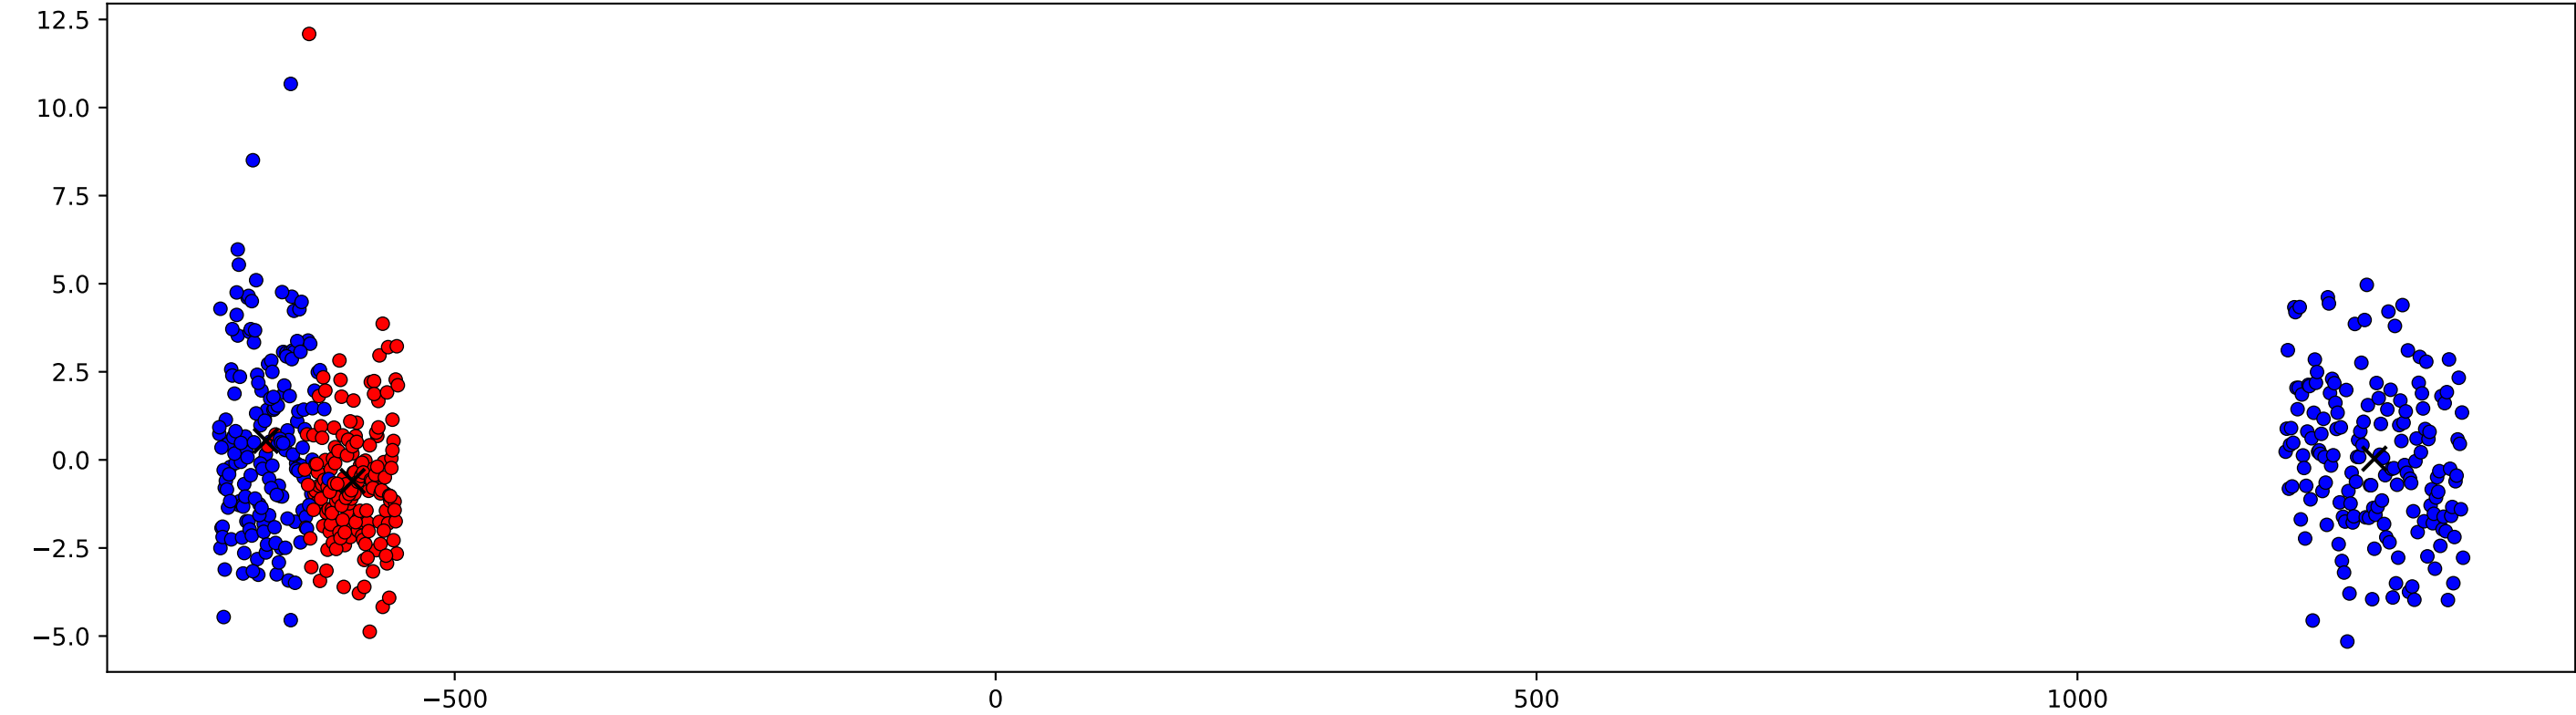

EEG Features with Clusters for Patient p32

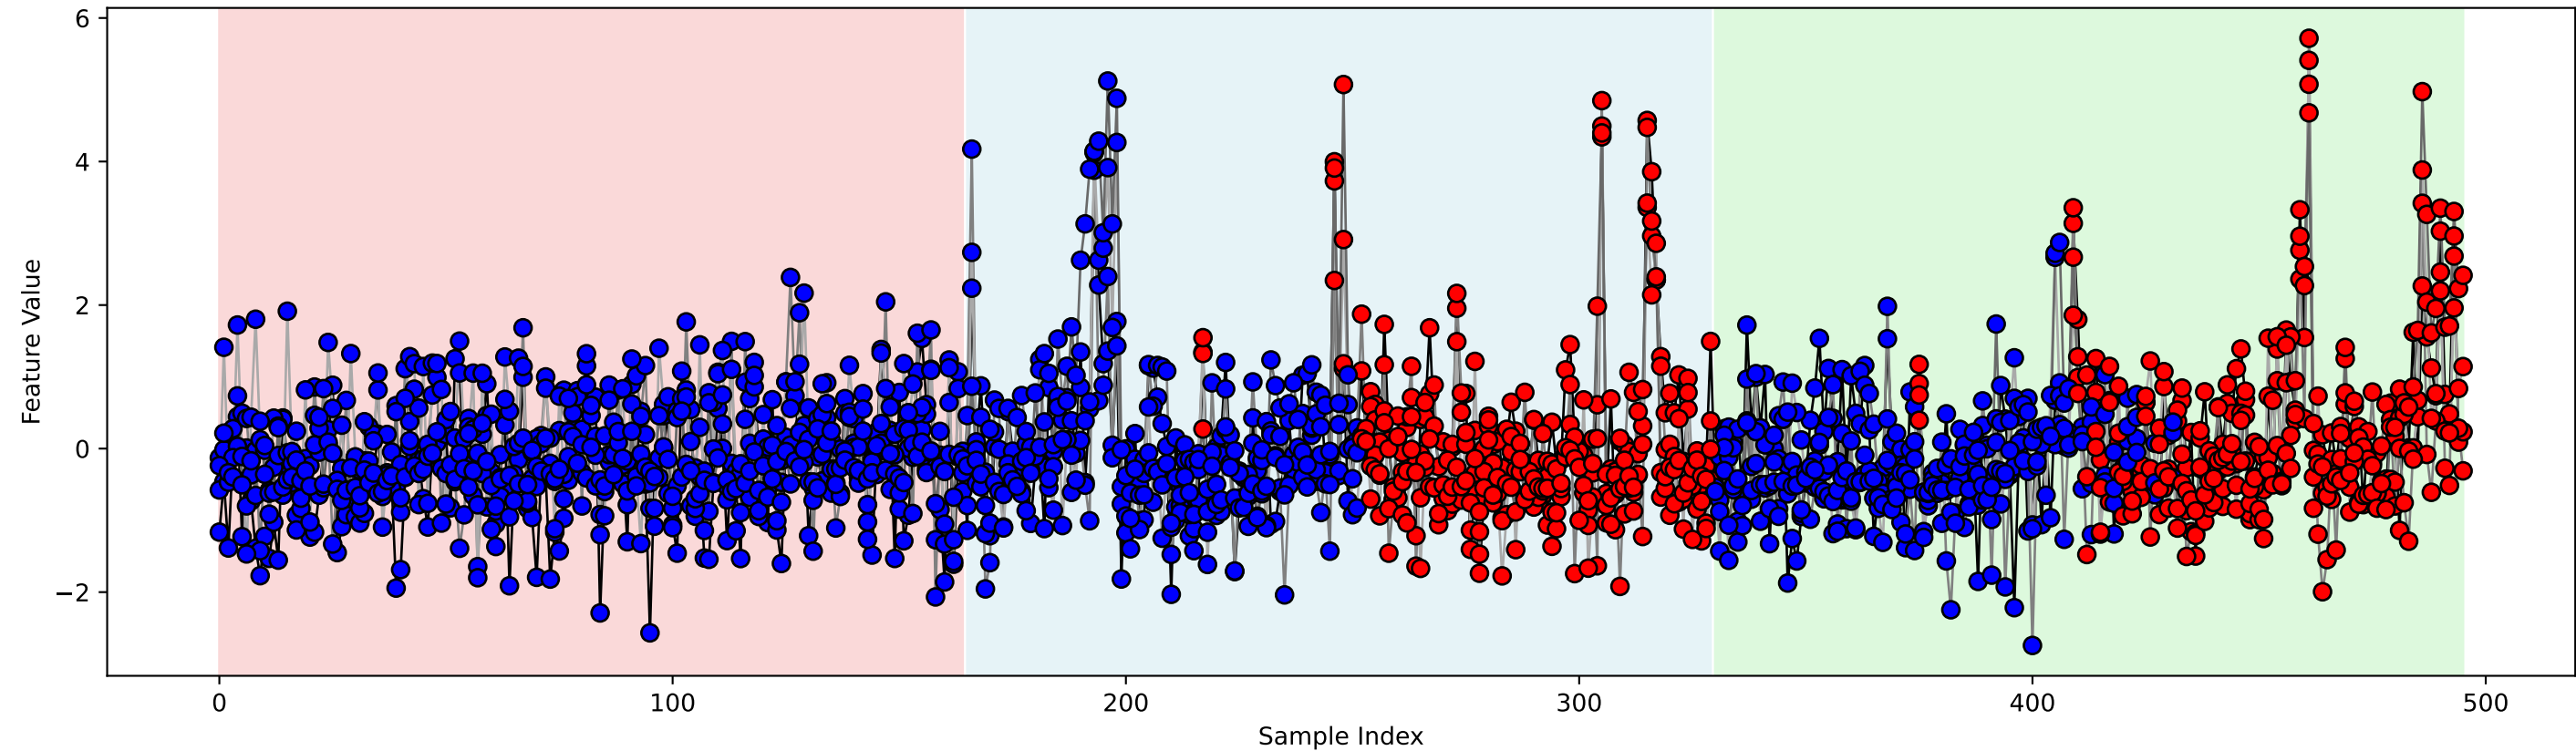

Feature Contribution for Patient p32 (PCA Loadings)

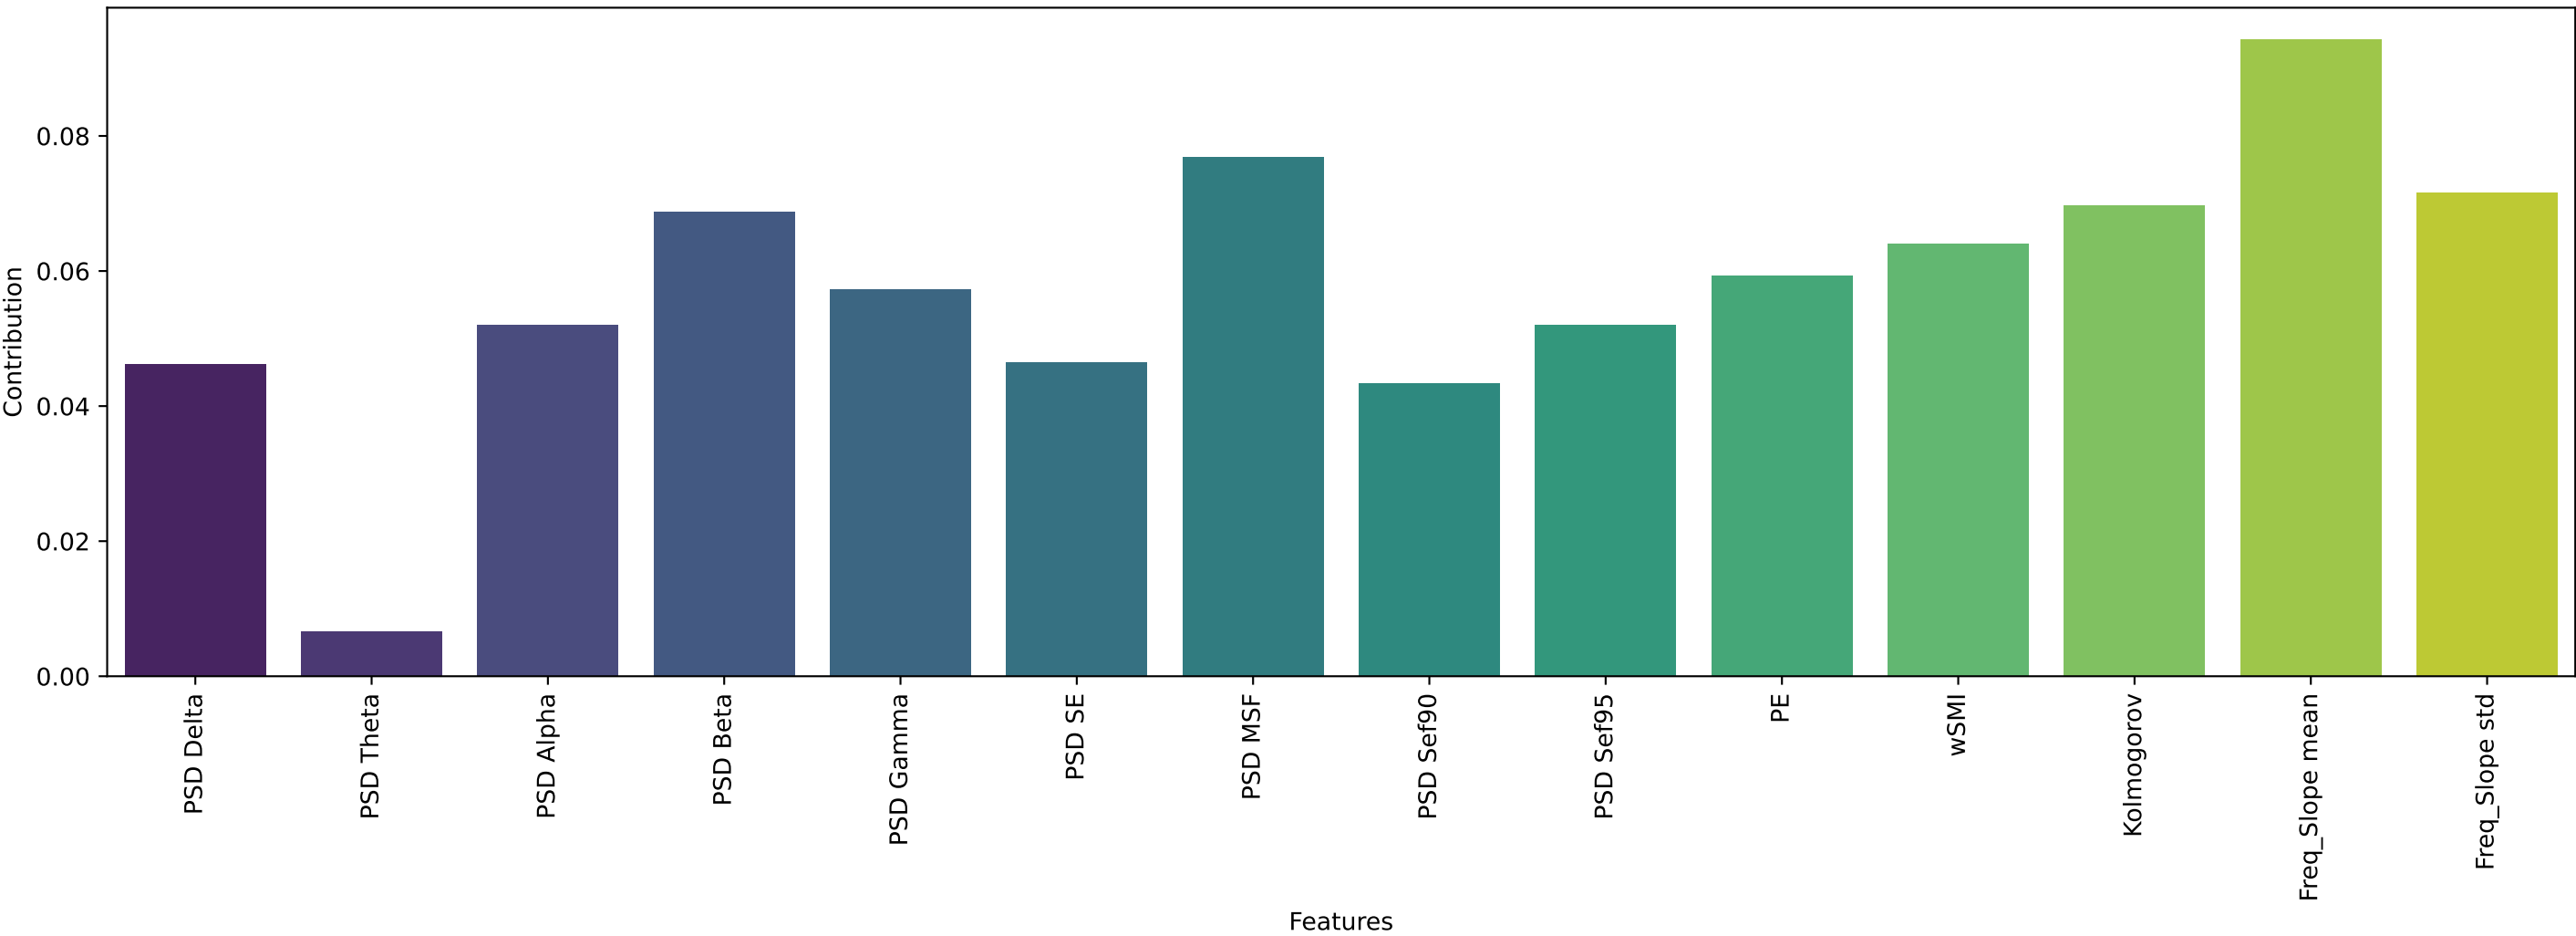

Clusters for Patient p33

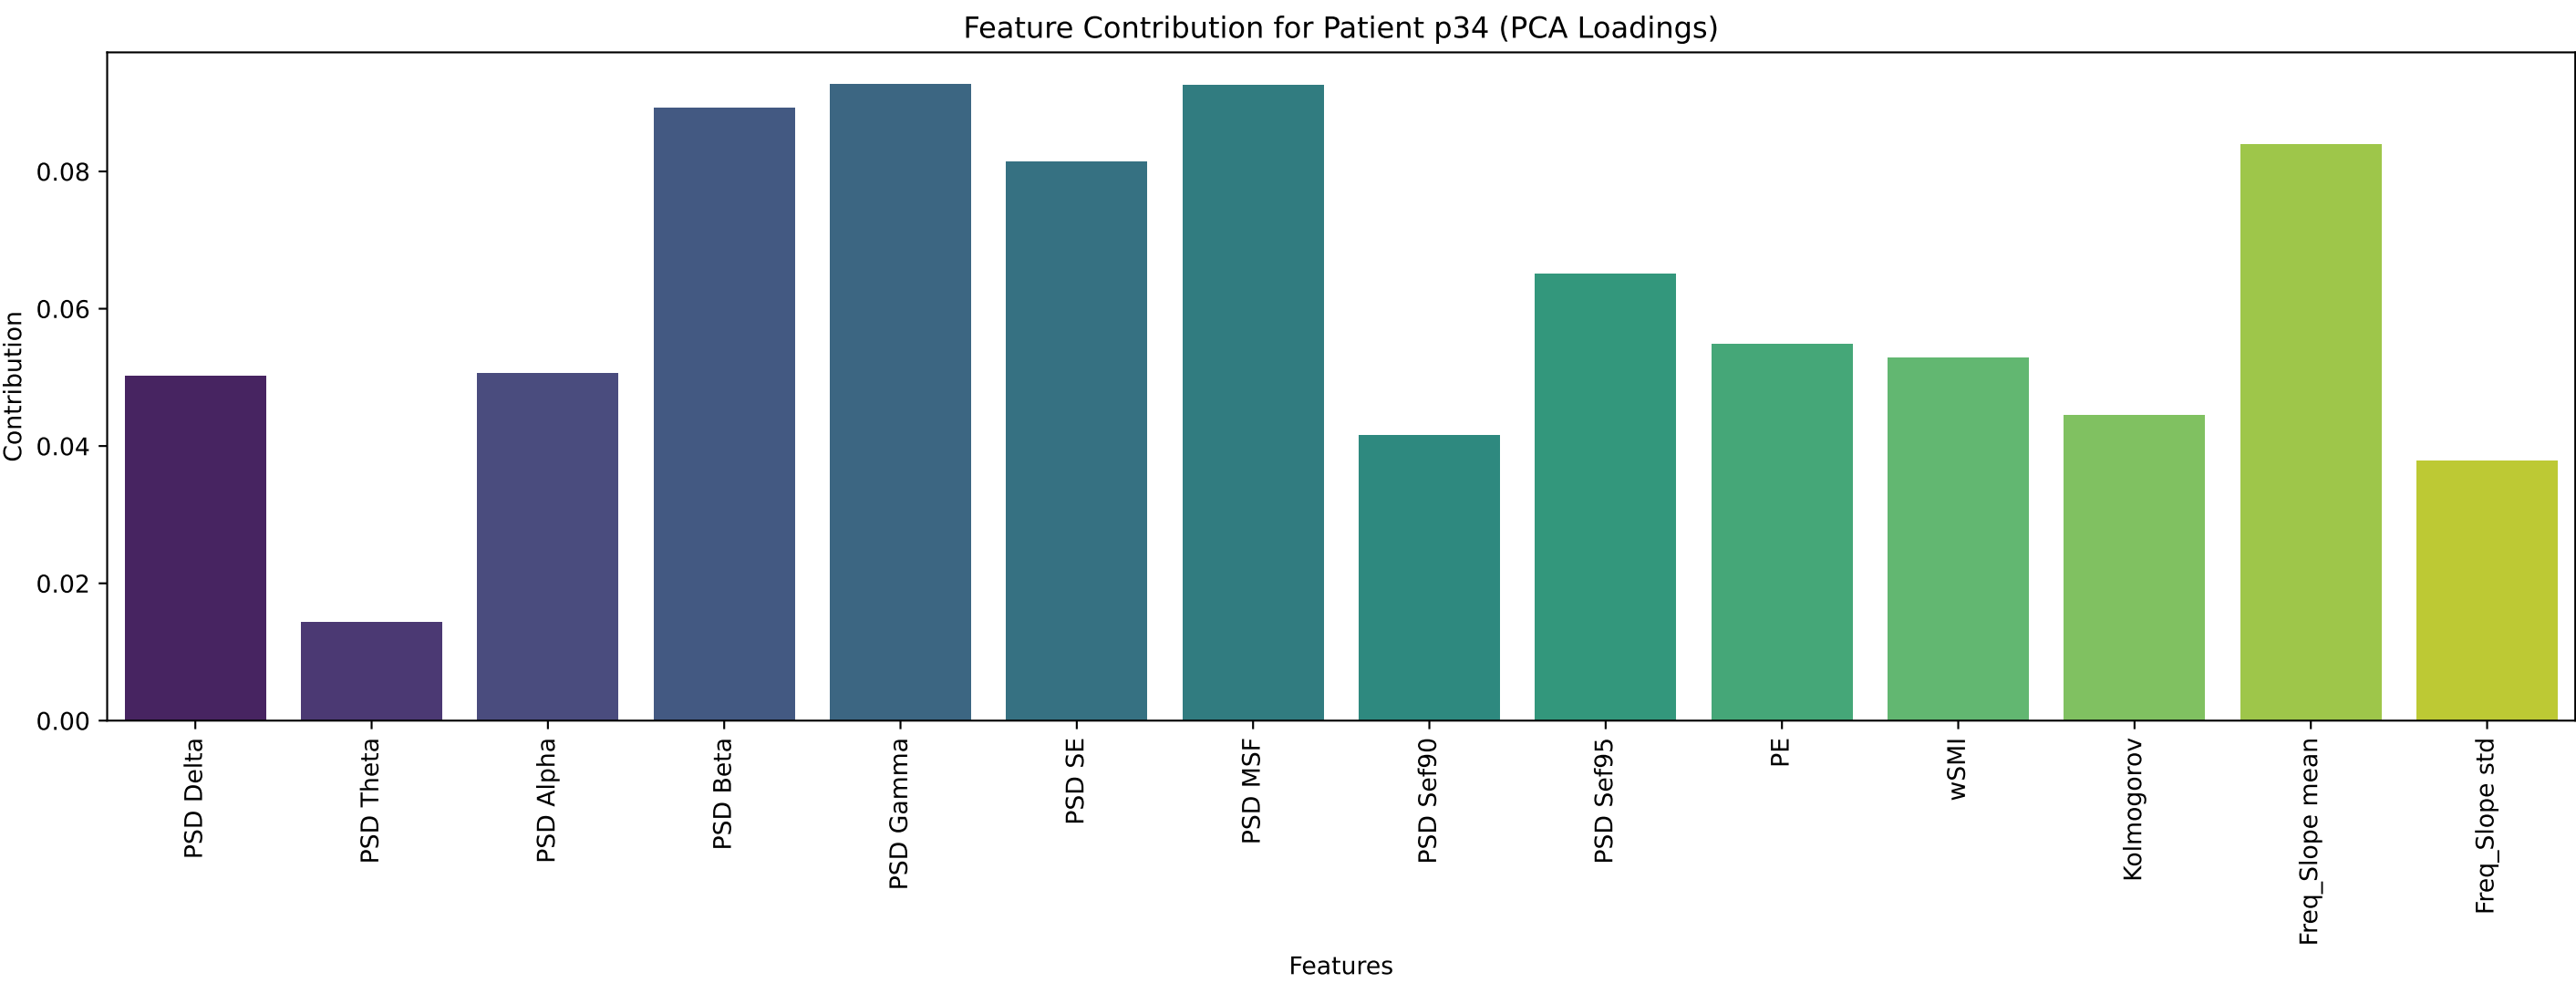

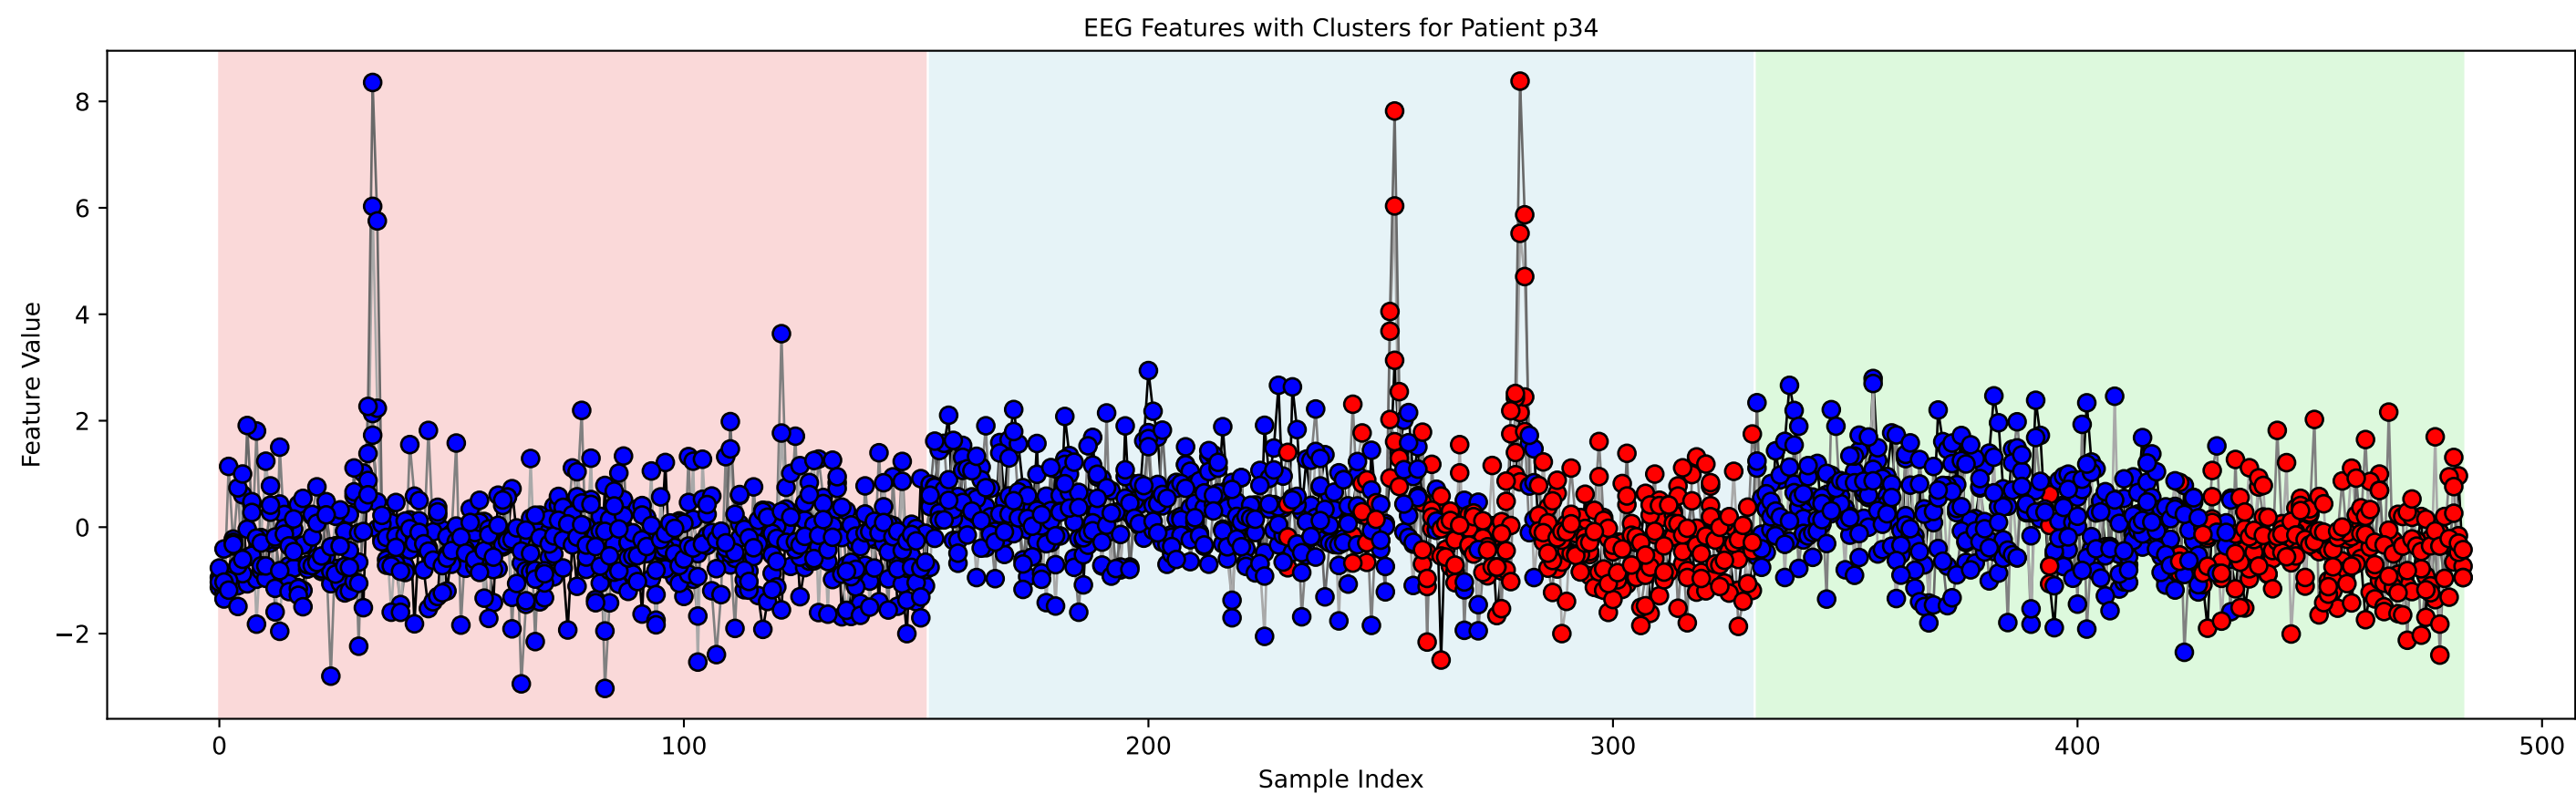

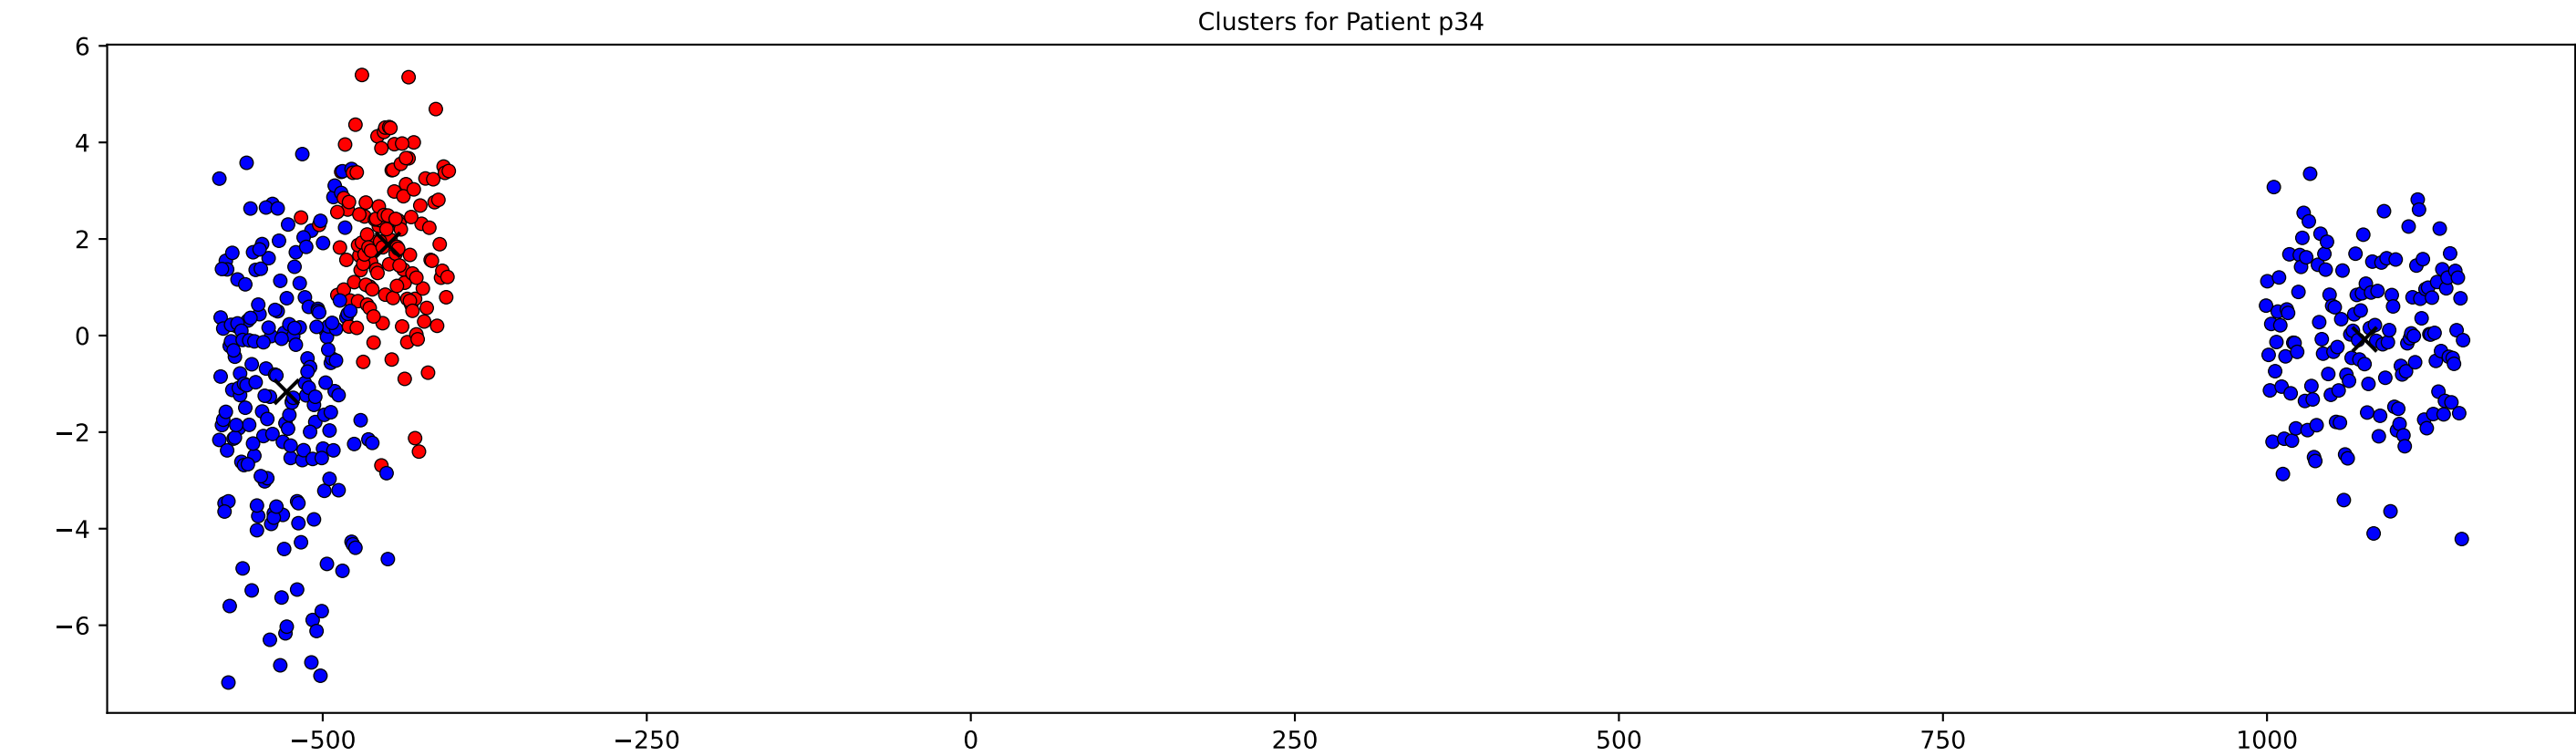

EEG Features with Clusters for Patient p33

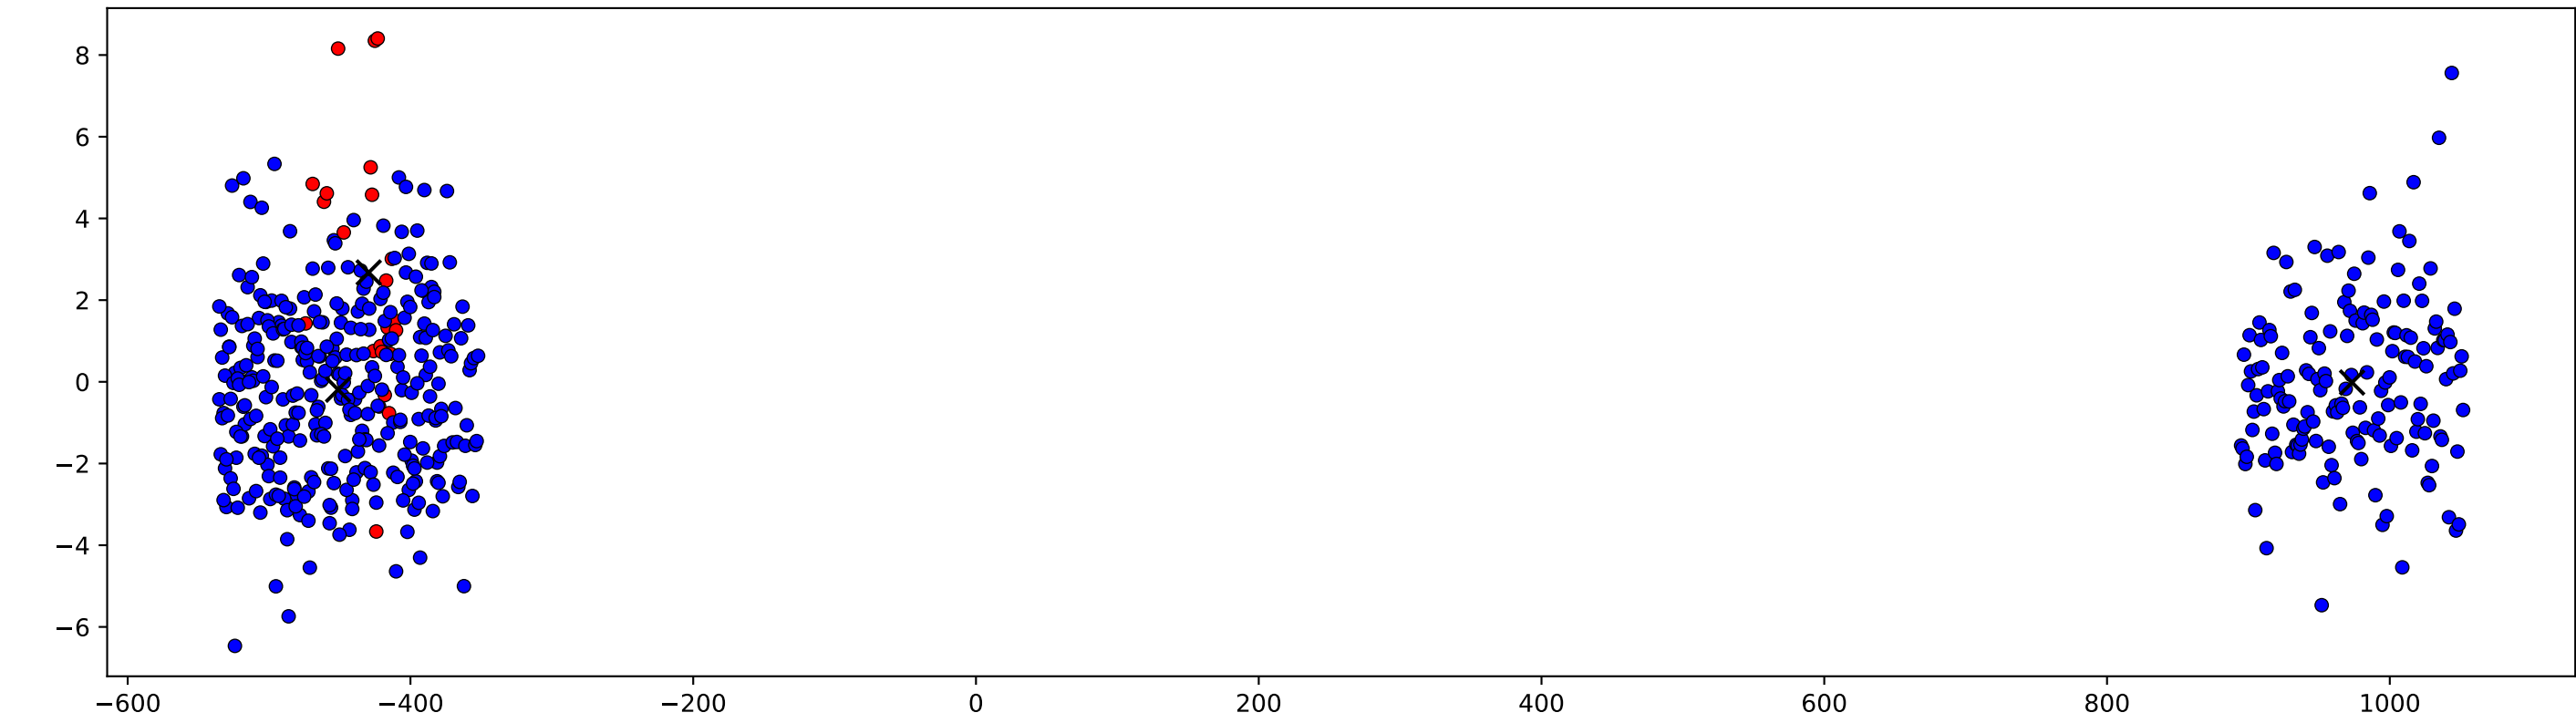

Feature Contribution for Patient p33 (PCA Loadings)

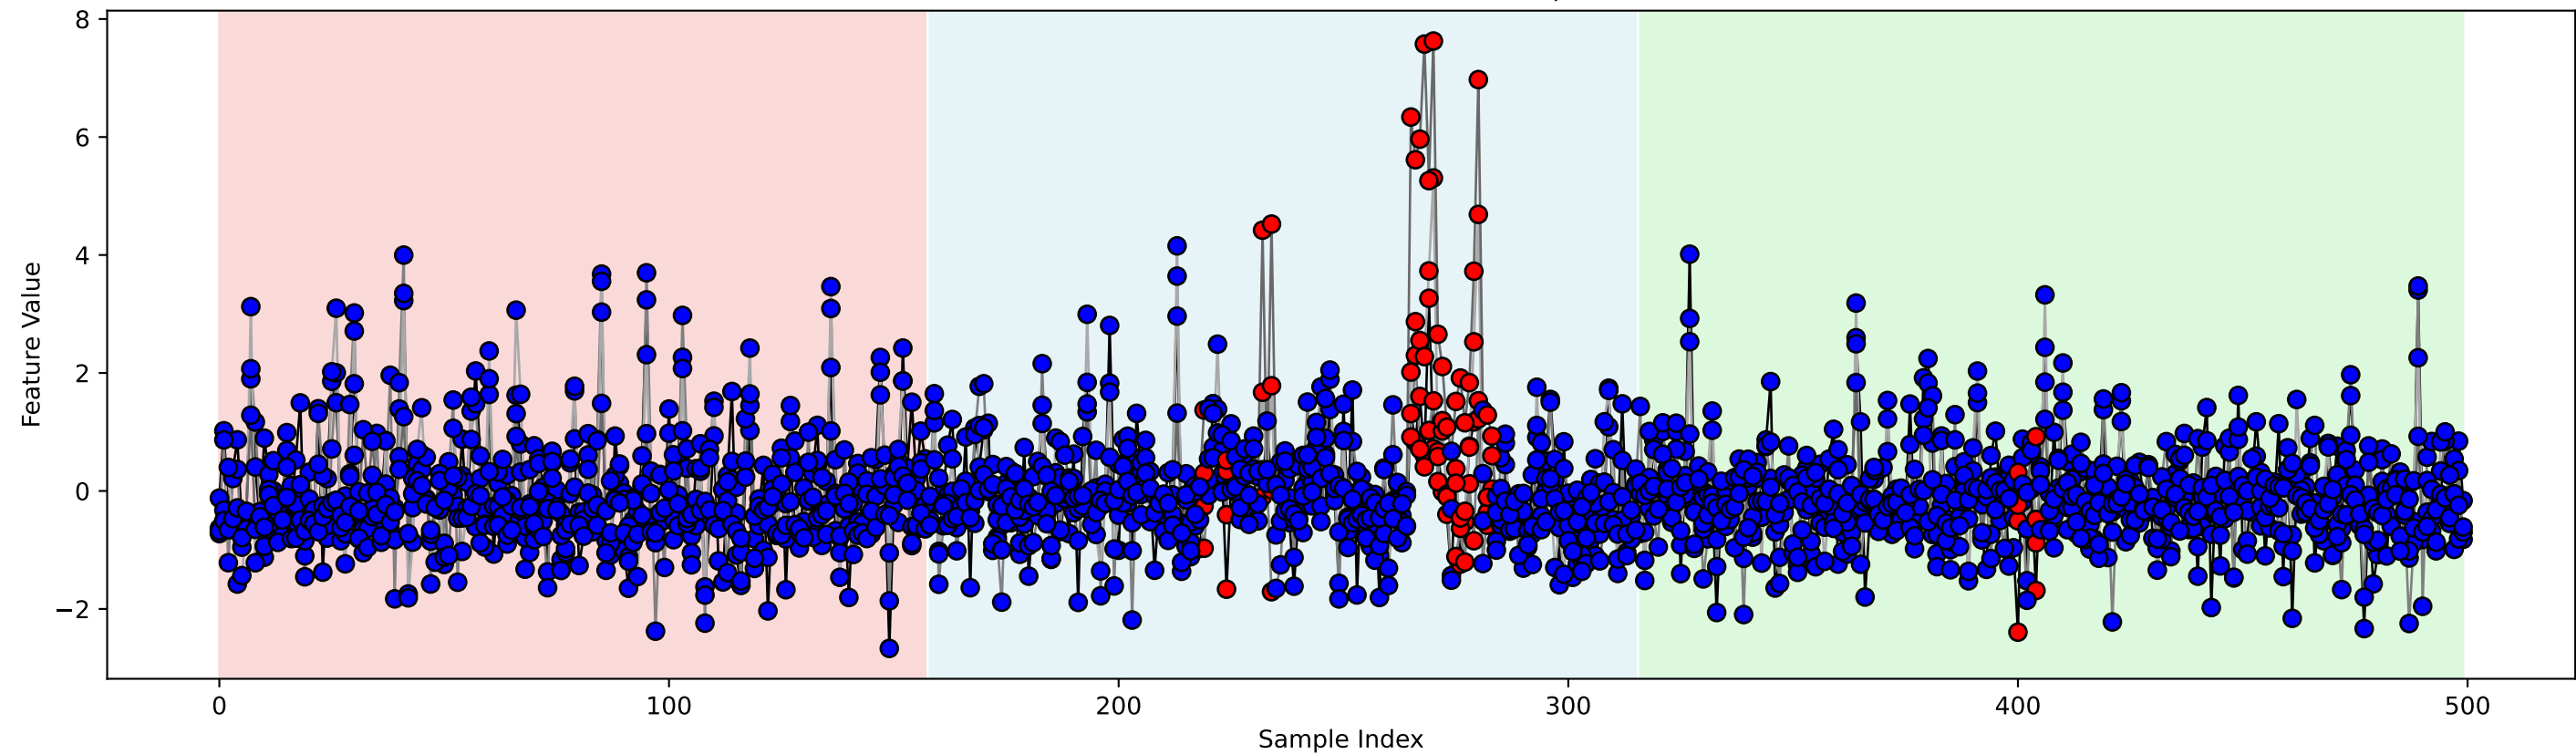

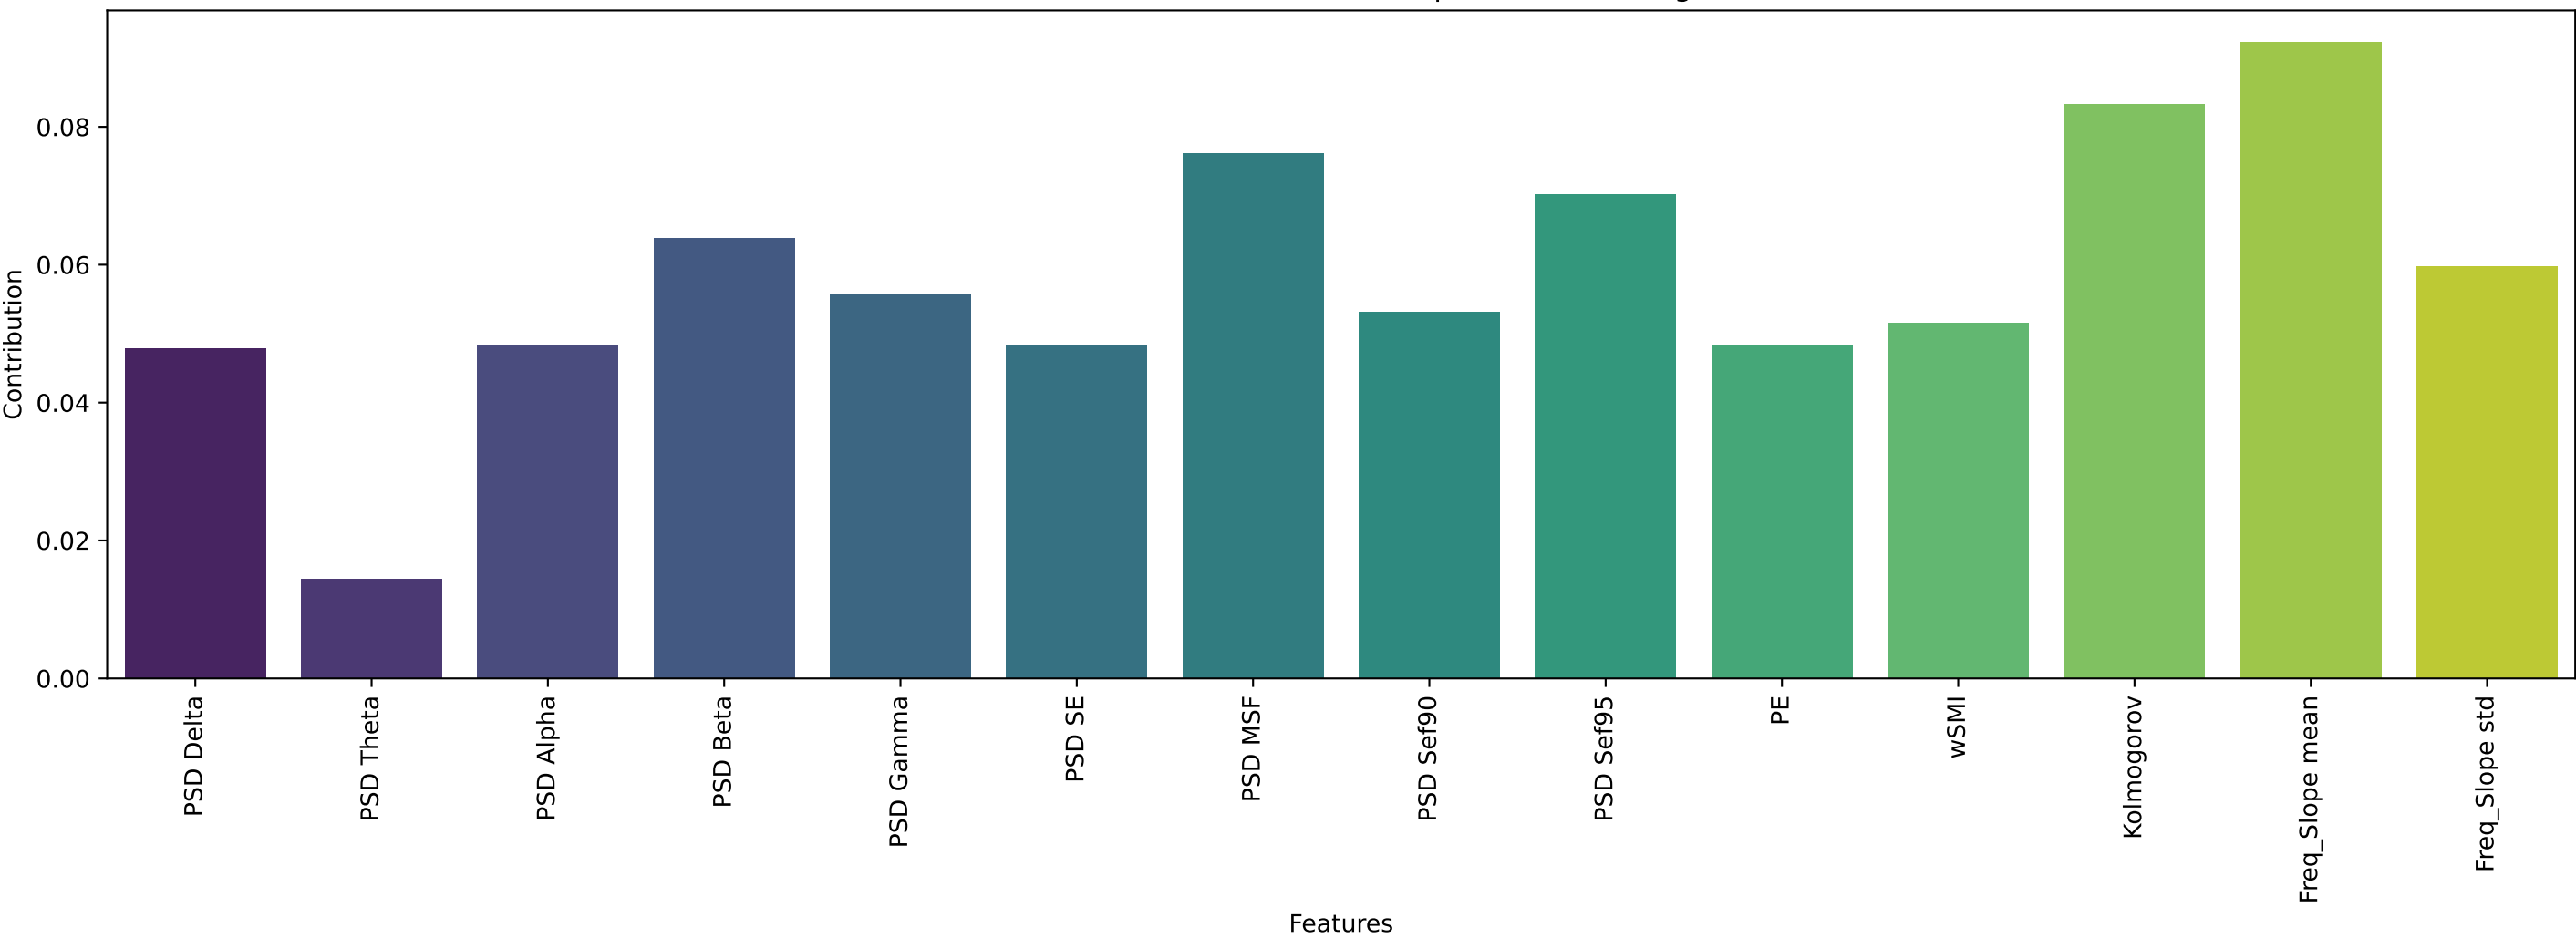

Clusters for Patient p35

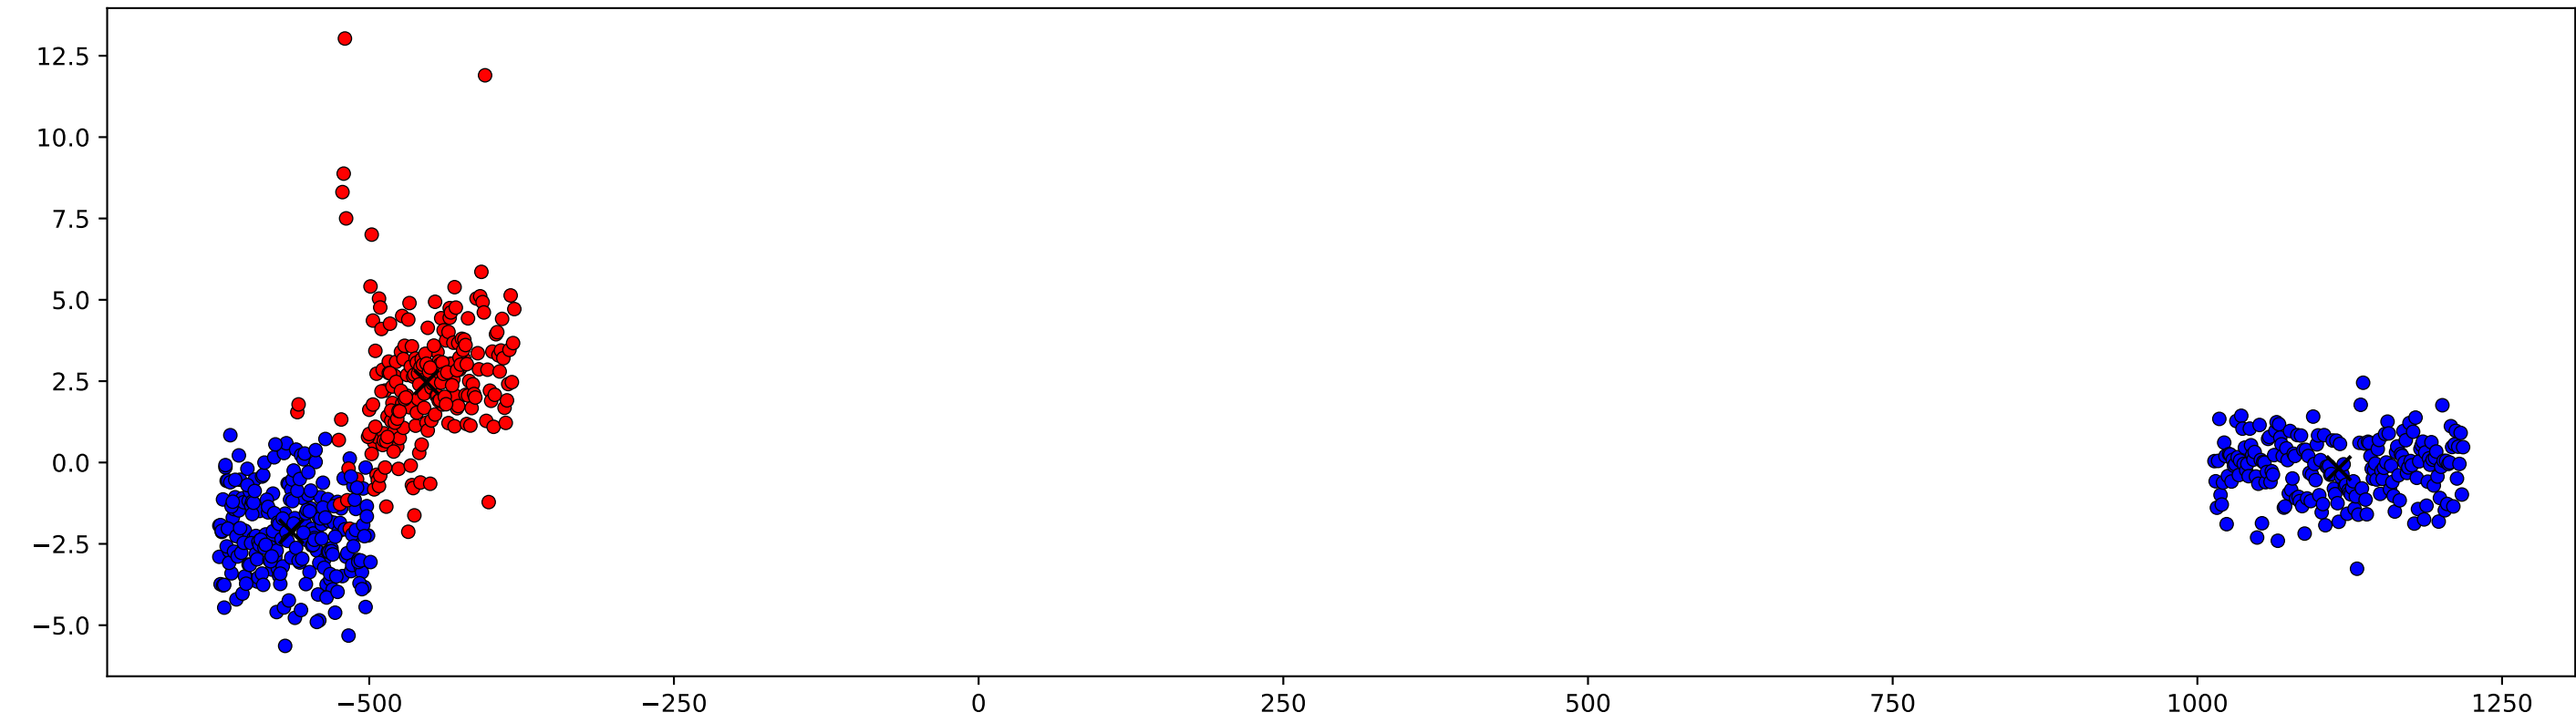

EEG Features with Clusters for Patient p35

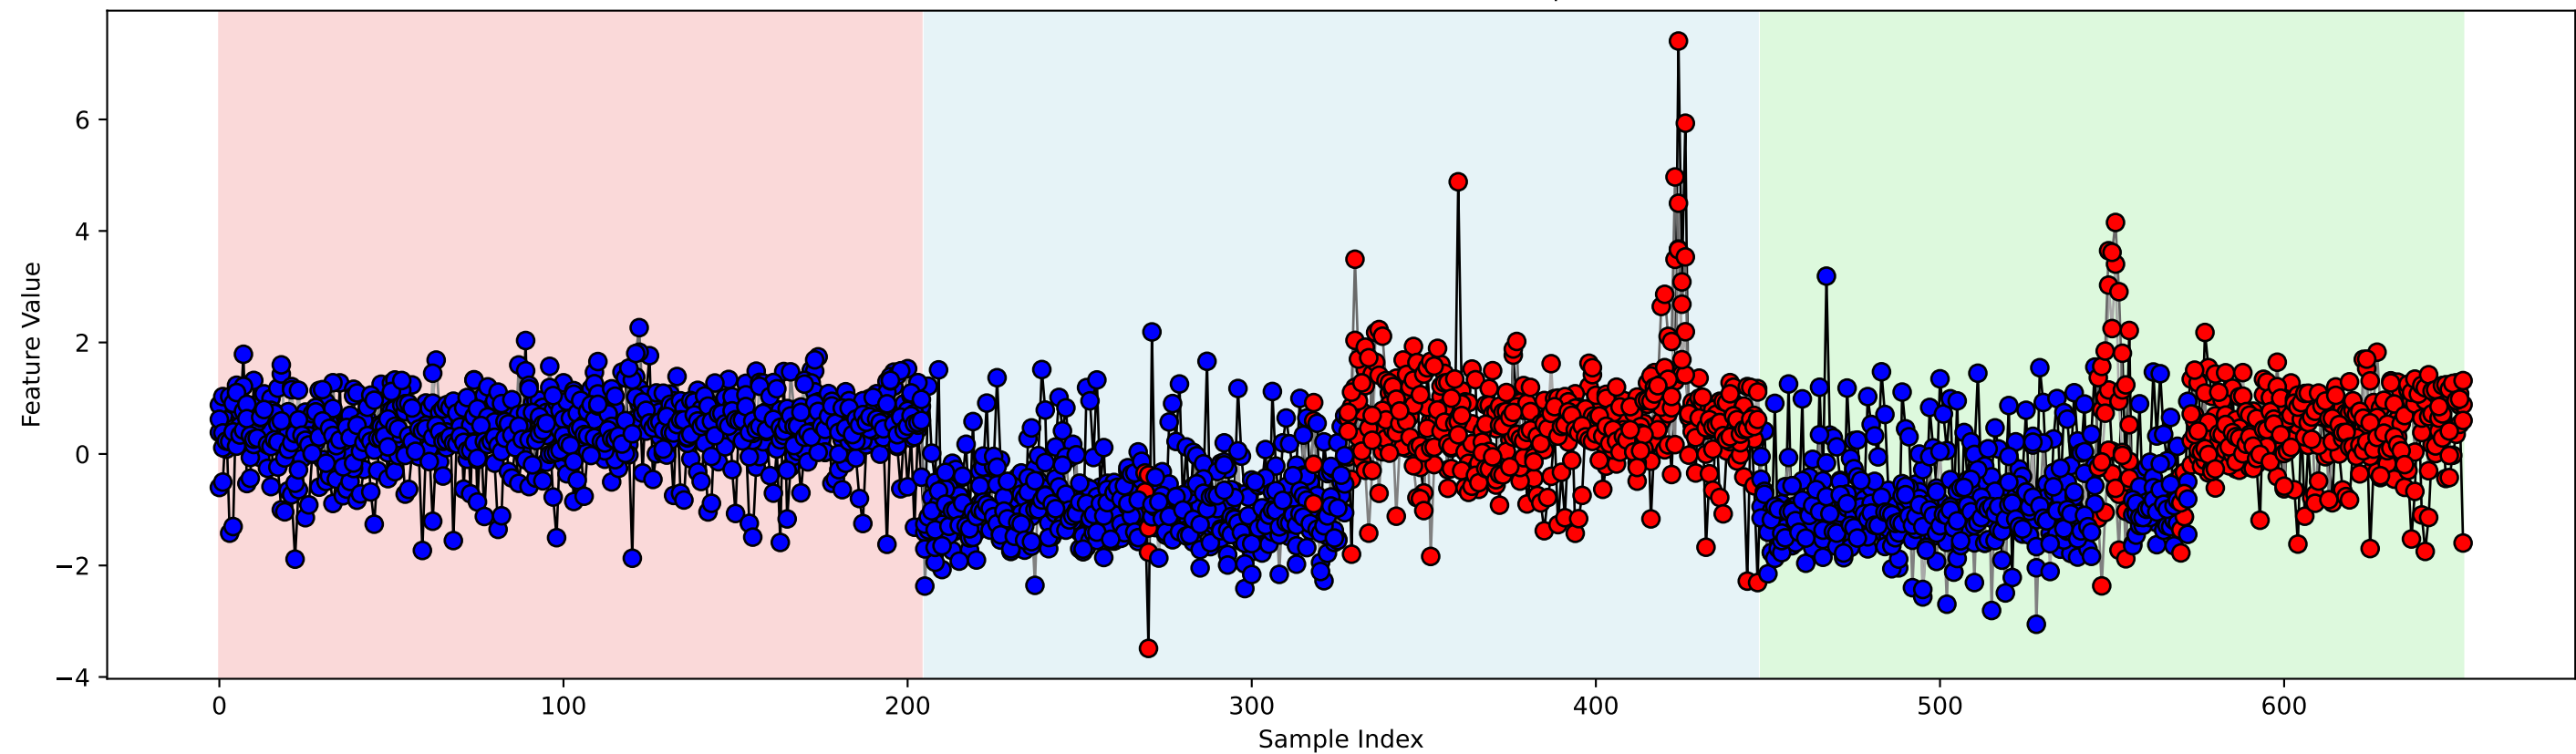

Feature Contribution for Patient p35 (PCA Loadings)

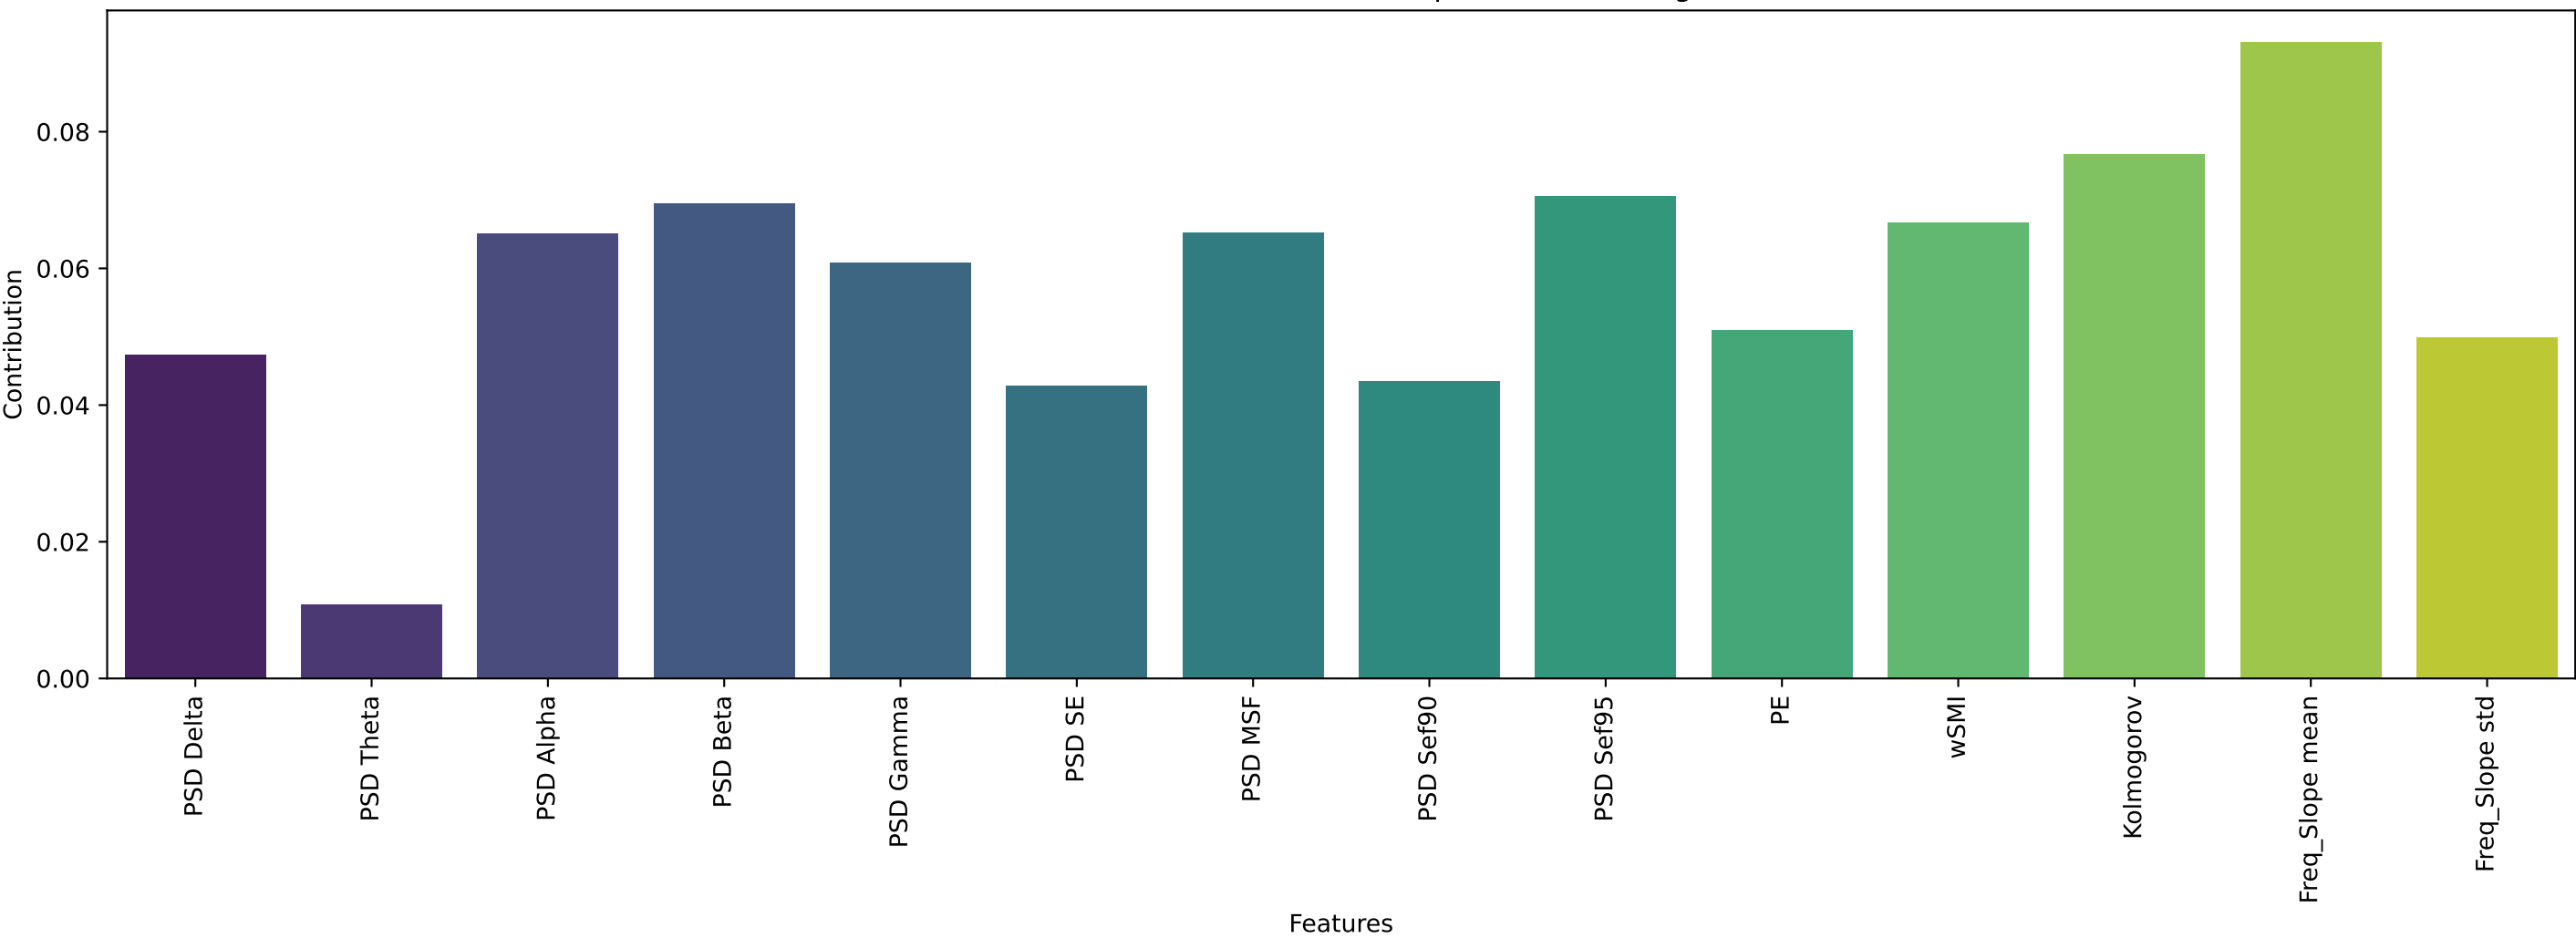

Clusters for Patient p36

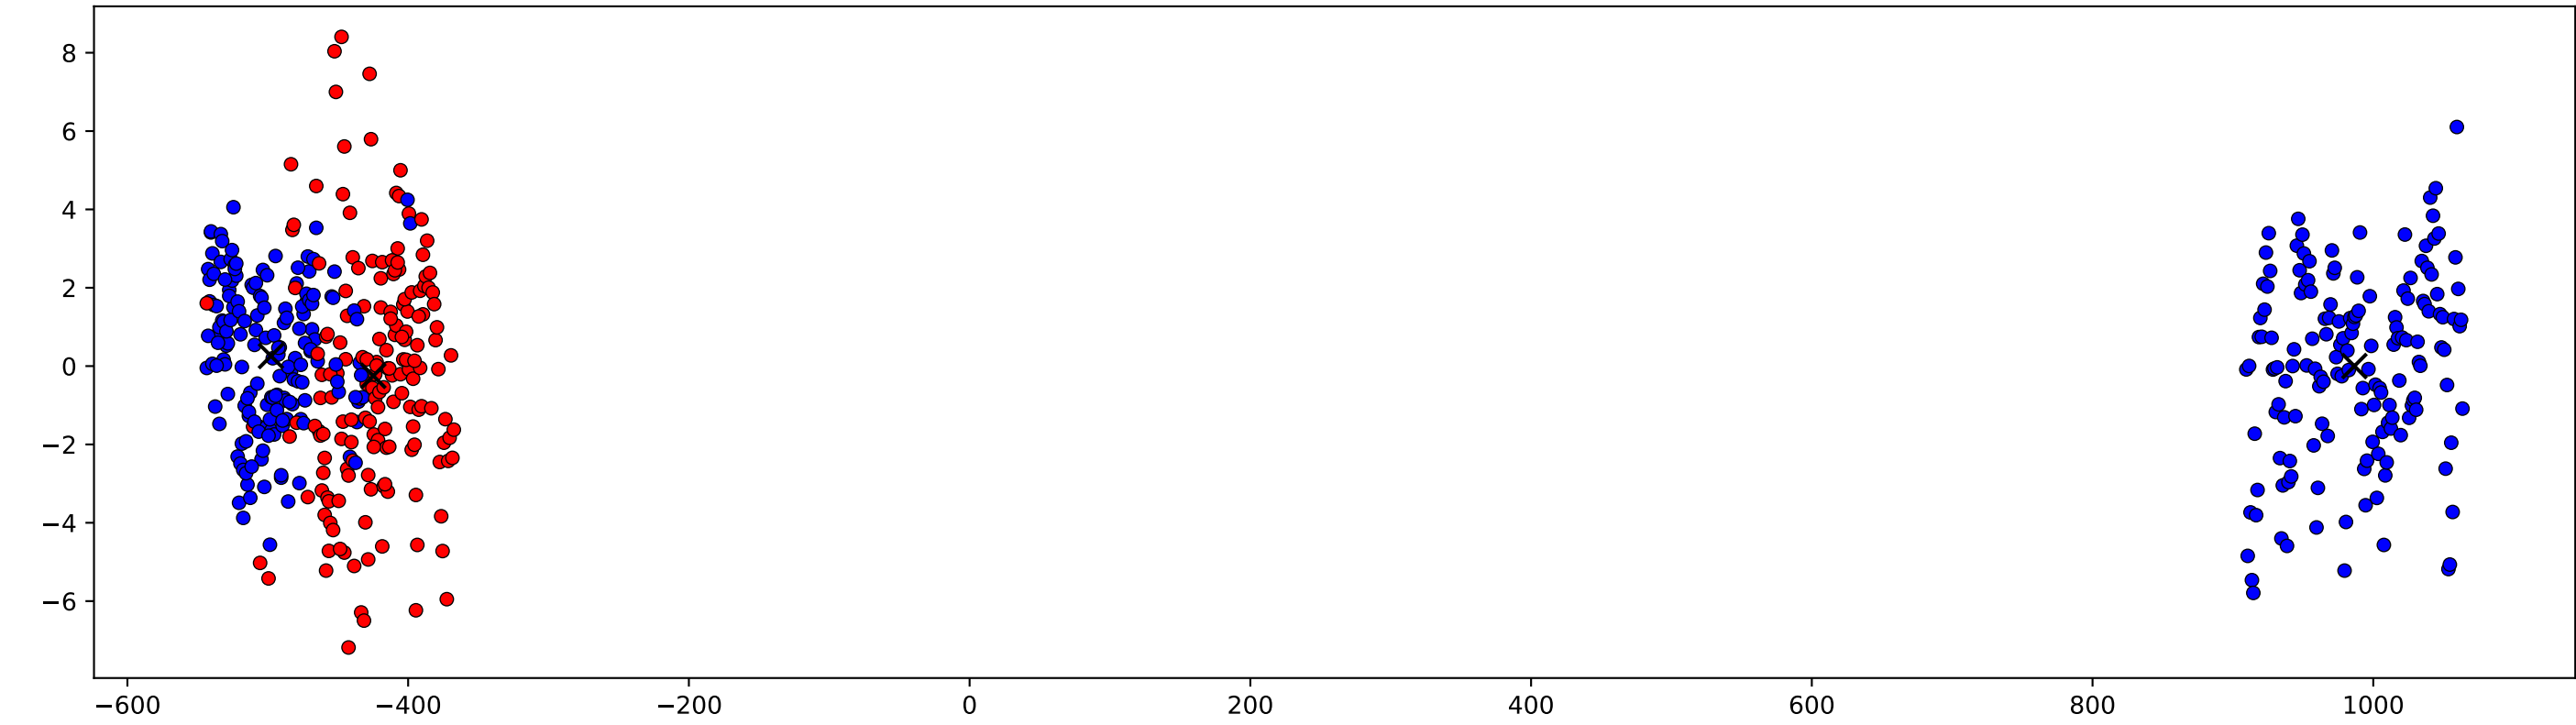

EEG Features with Clusters for Patient p36

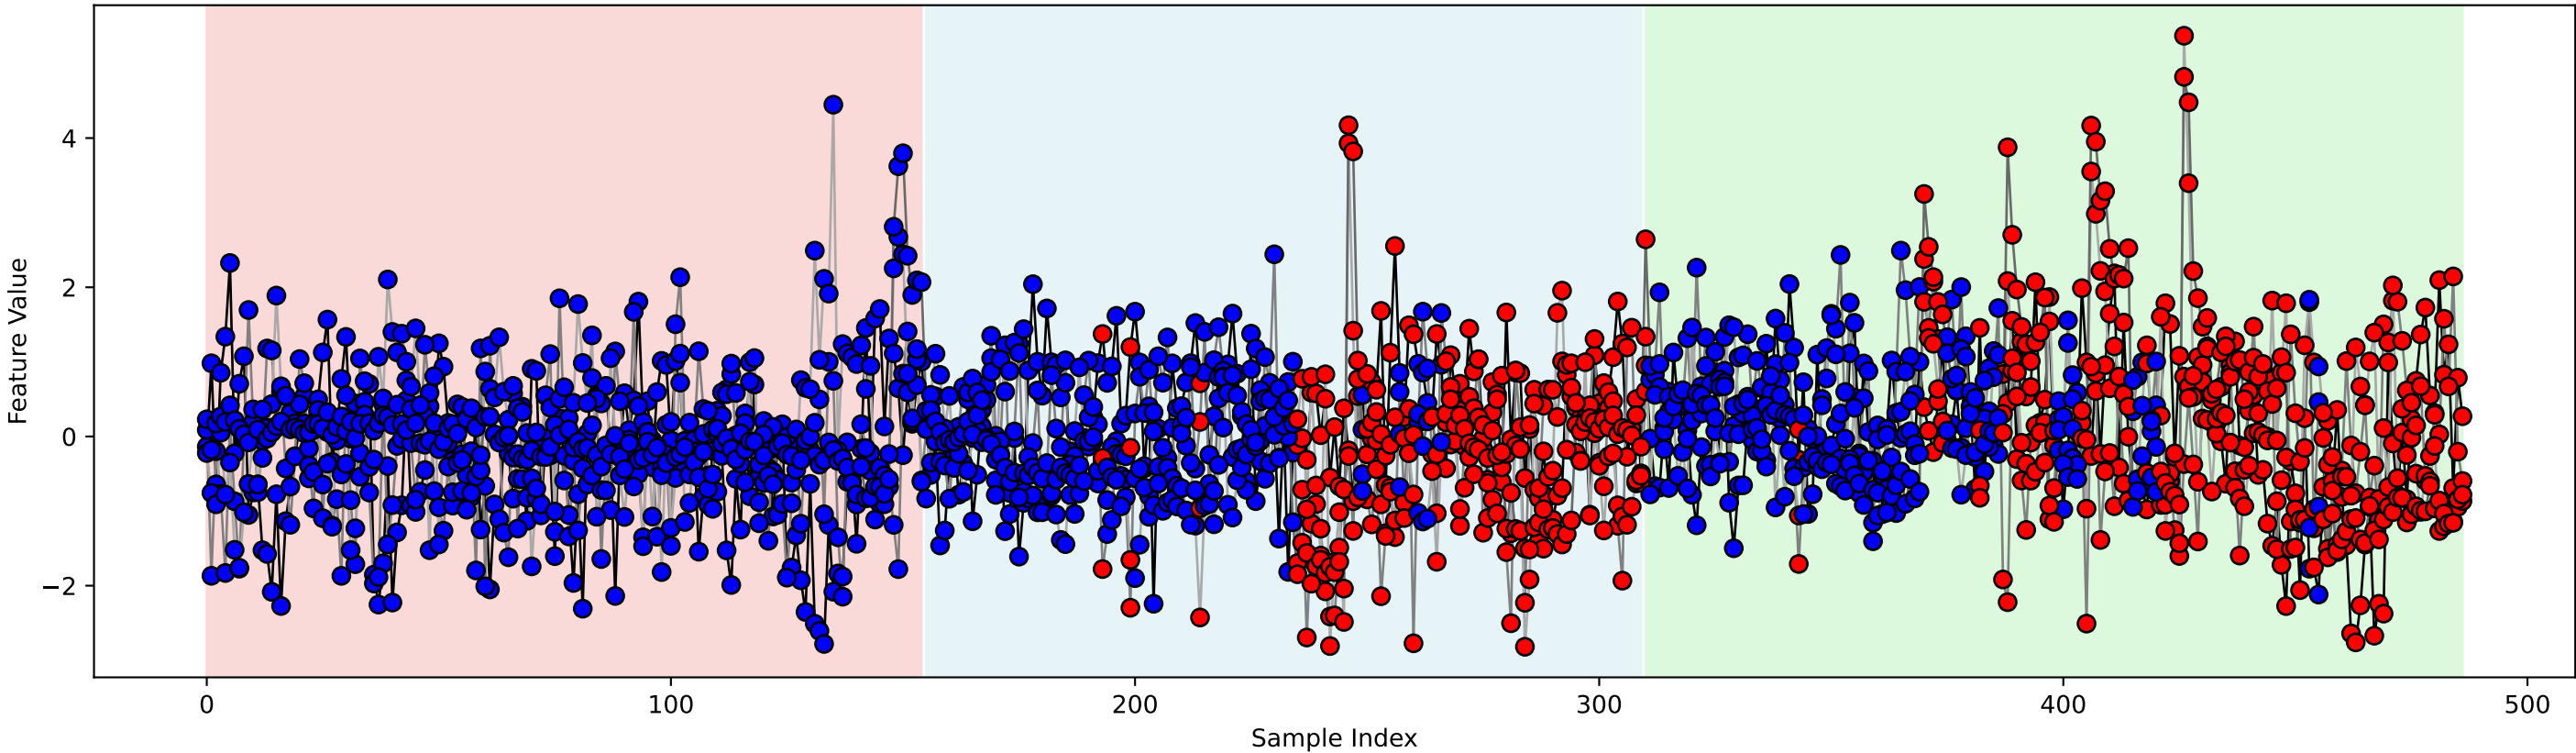

Feature Contribution for Patient p36 (PCA Loadings)

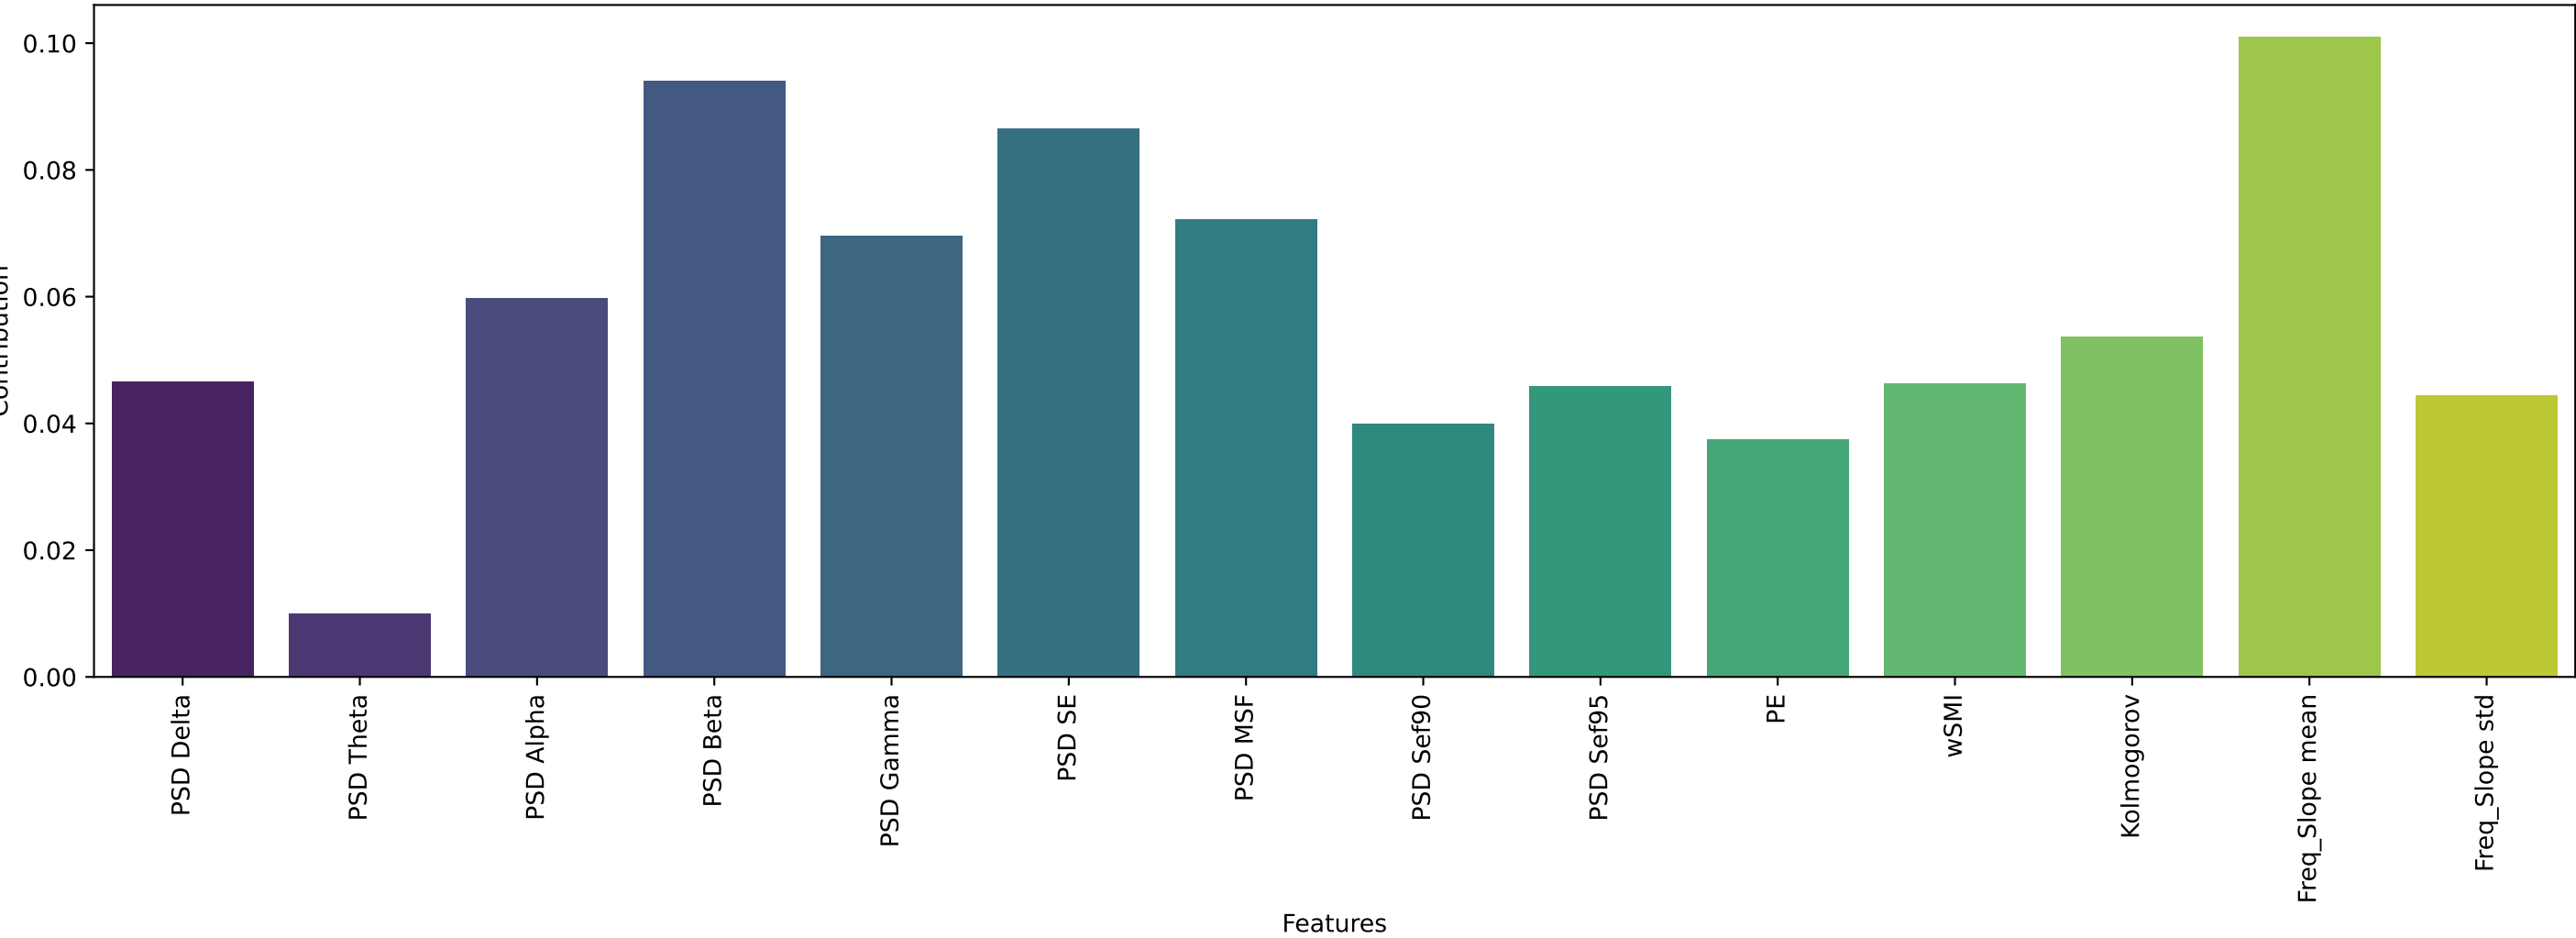

Clusters for Patient p37

EEG Features with Clusters for Patient p37

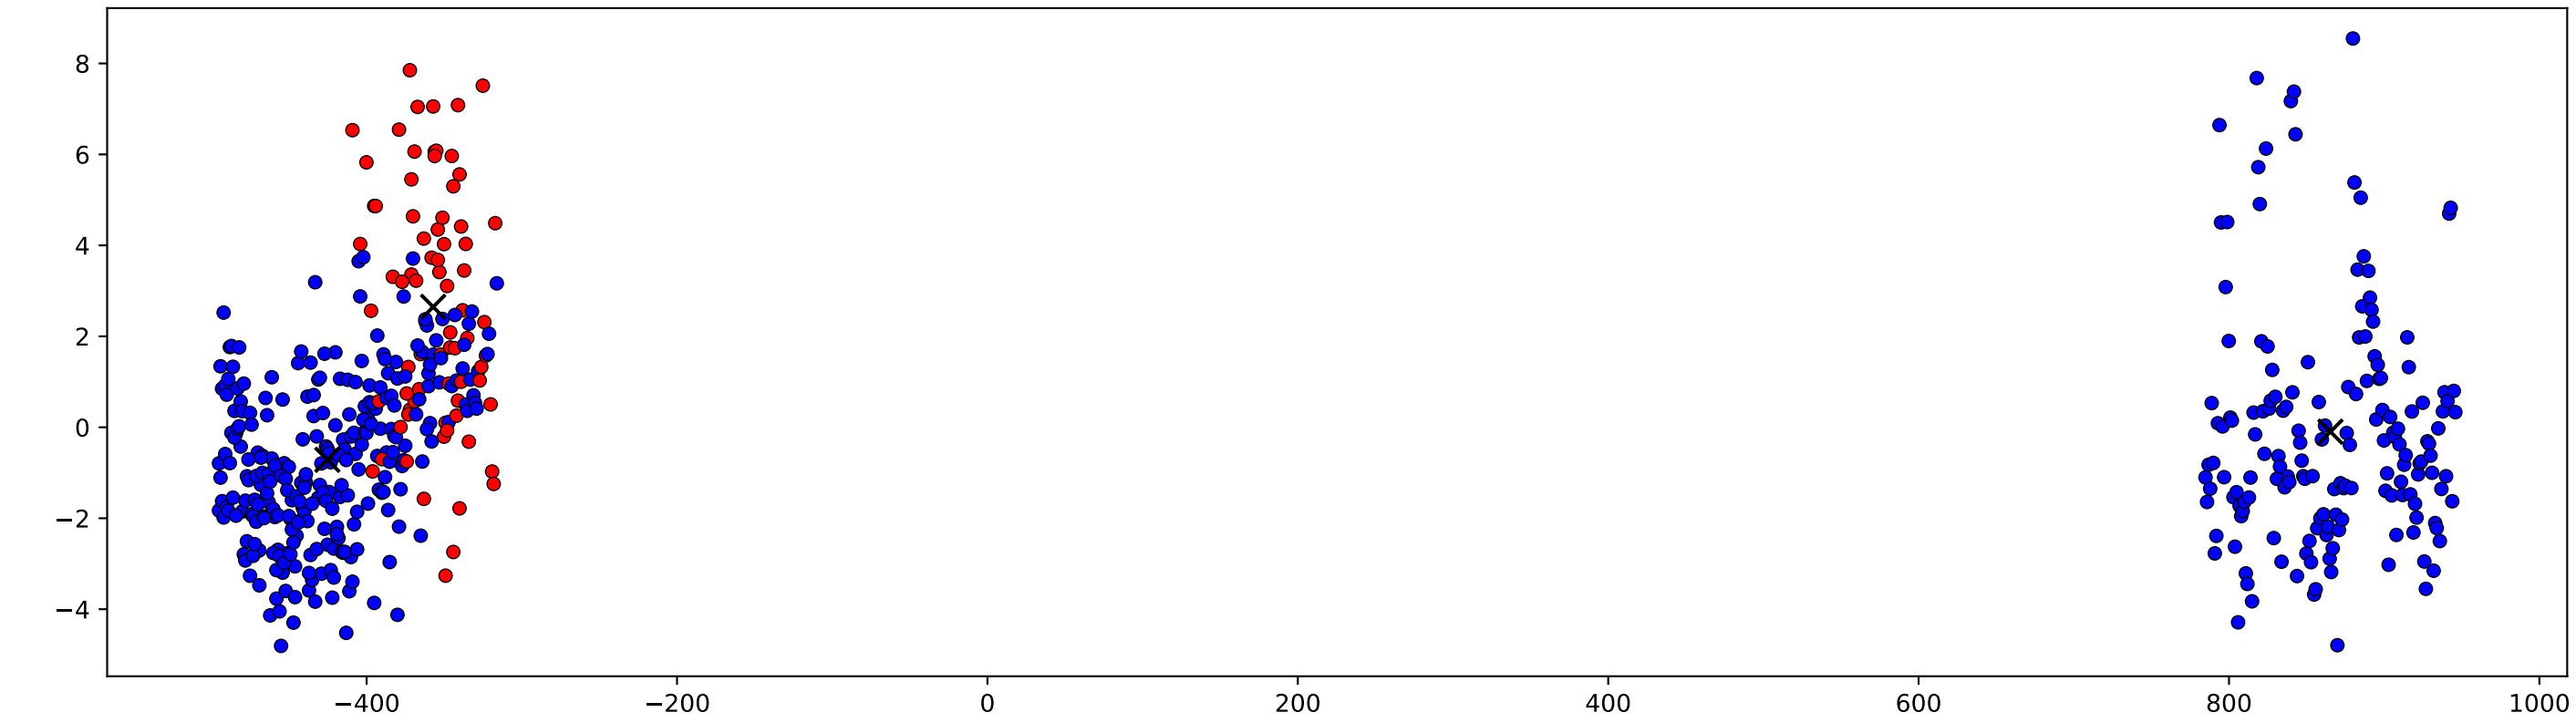

Feature Contribution for Patient p37 (PCA Loadings)

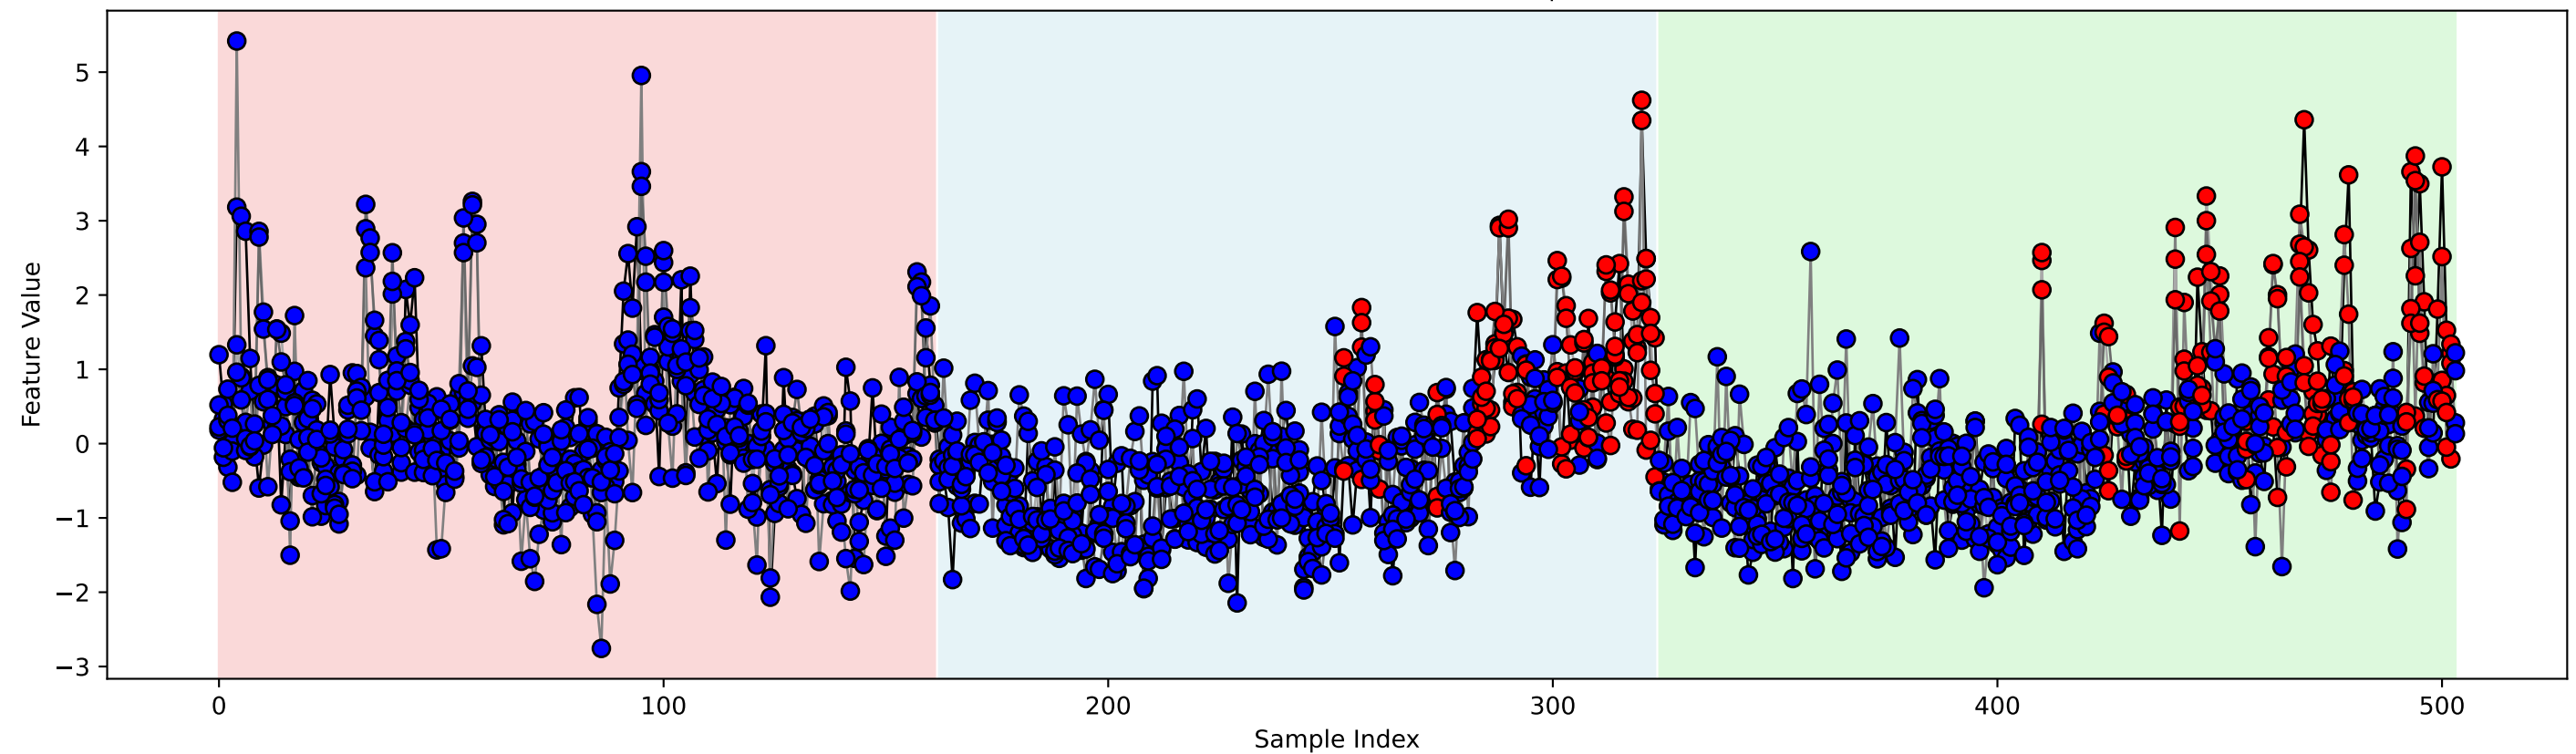

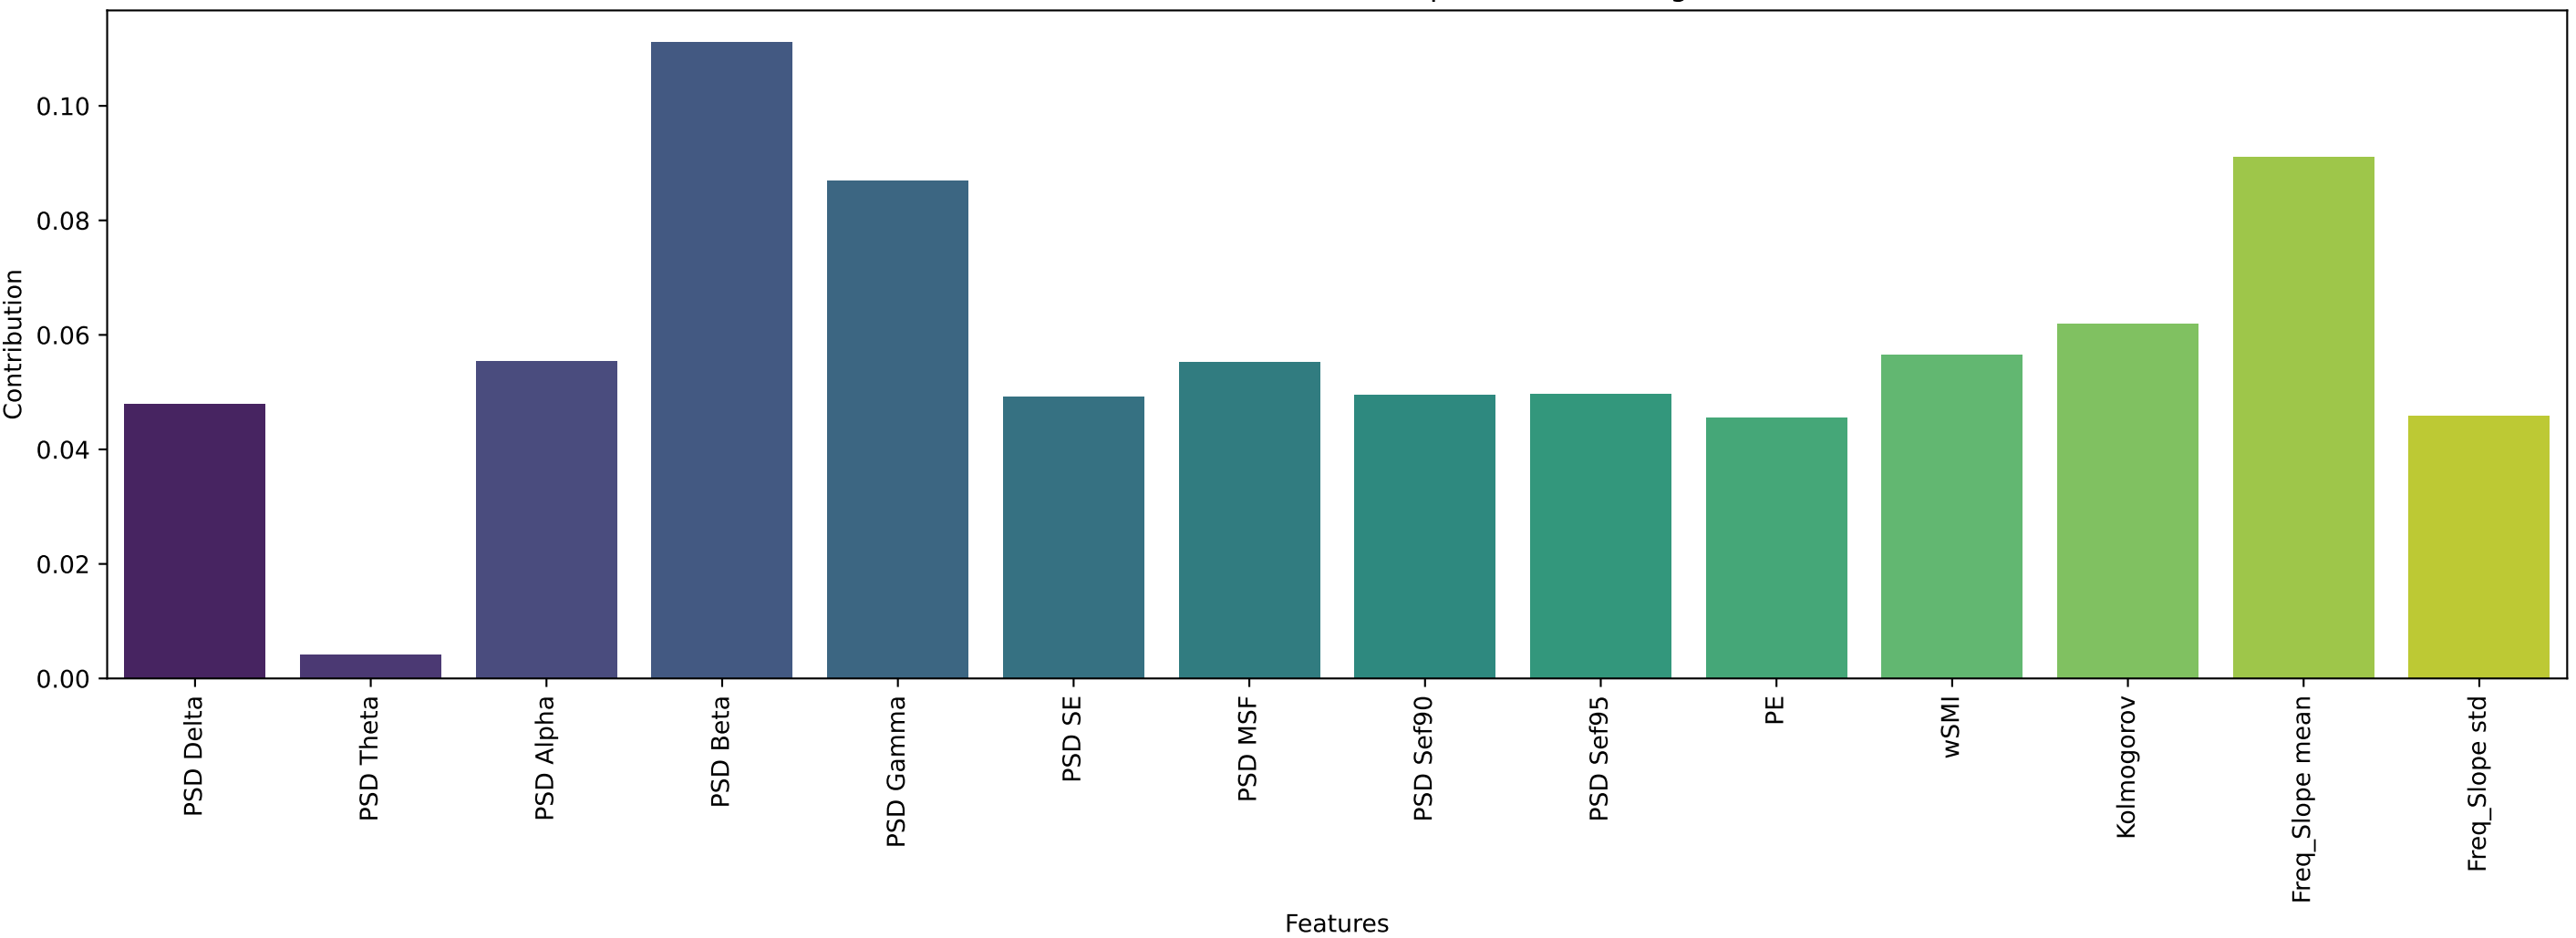

Clusters for Patient p38

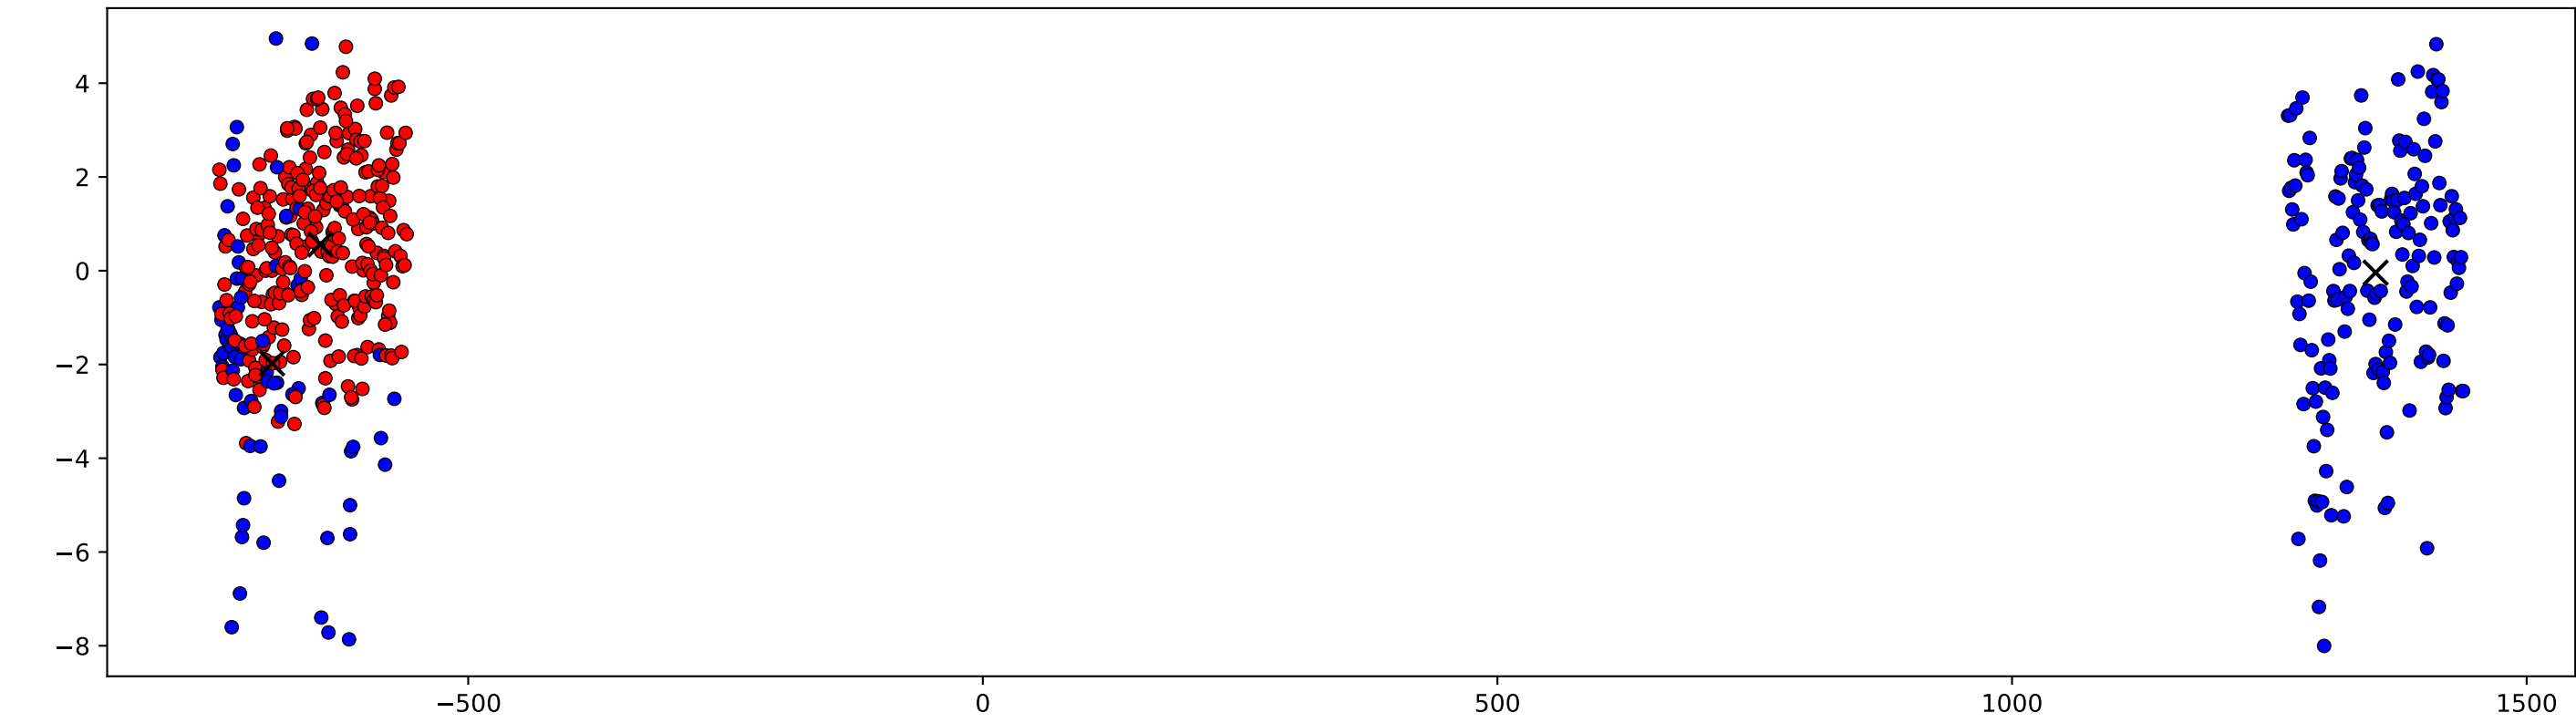

EEG Features with Clusters for Patient p38

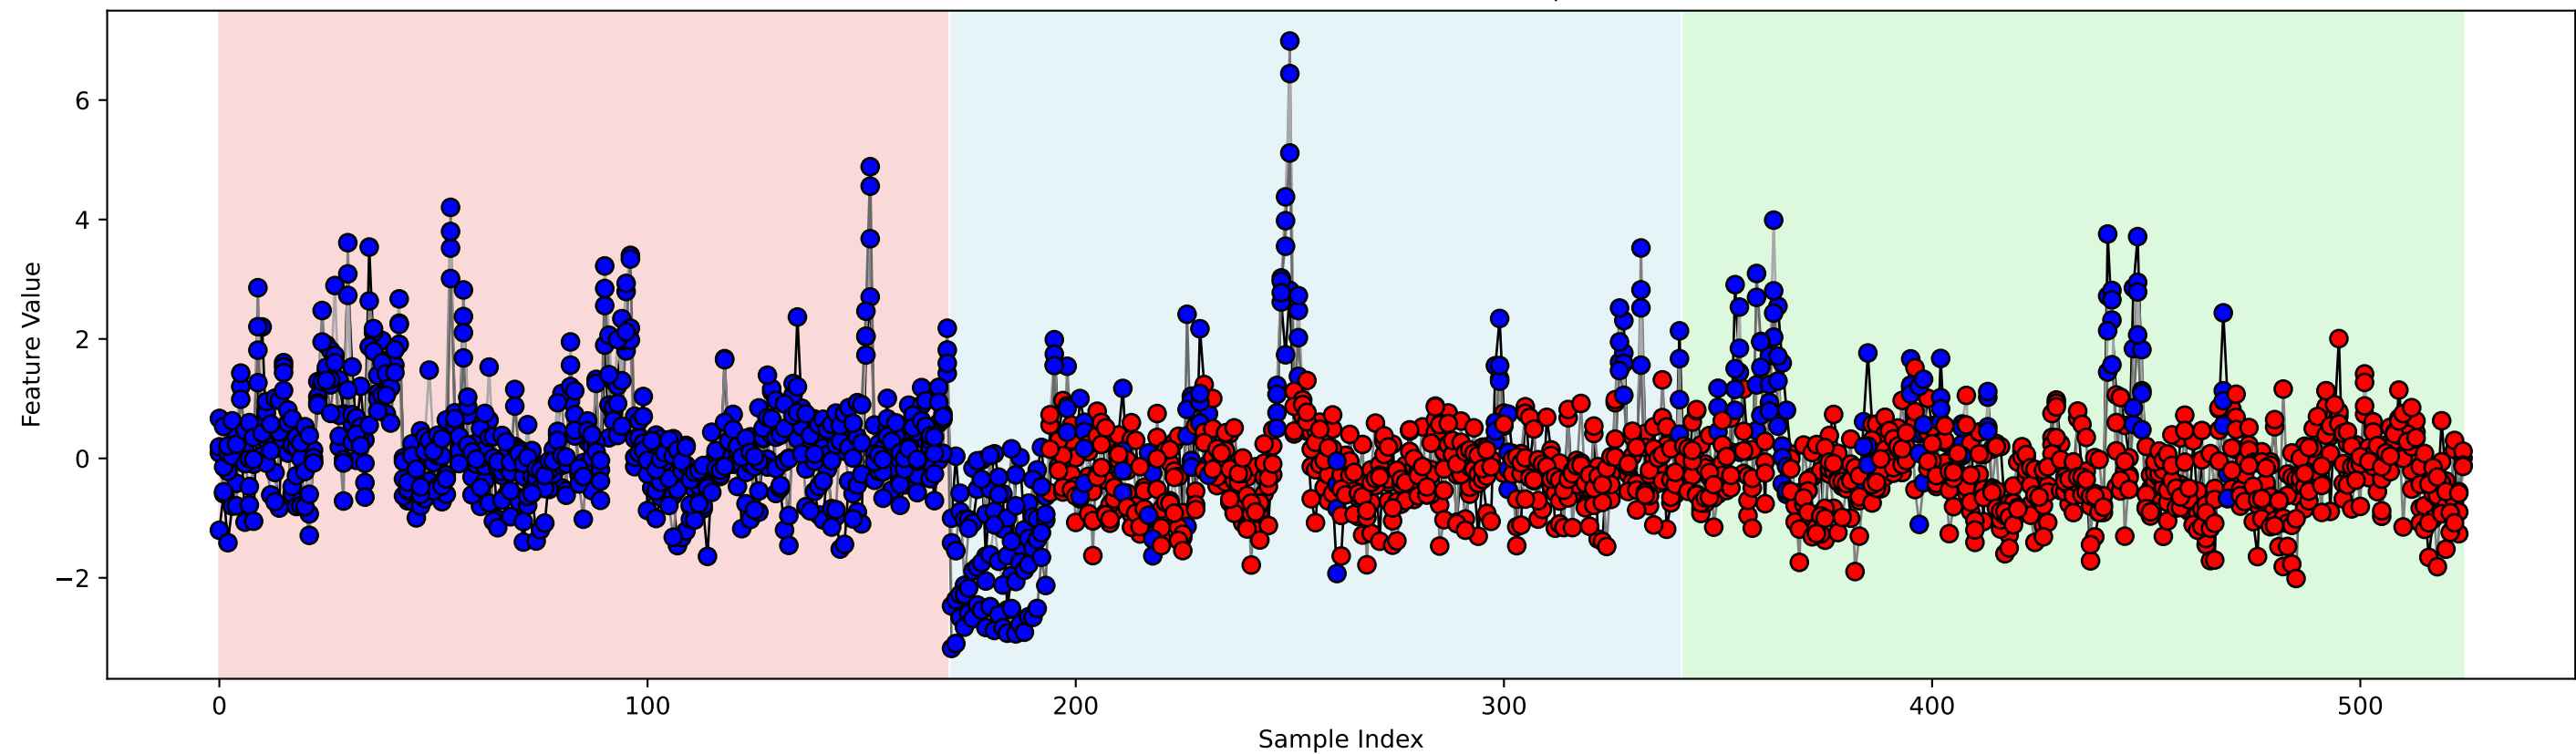

Feature Contribution for Patient p38 (PCA Loadings)

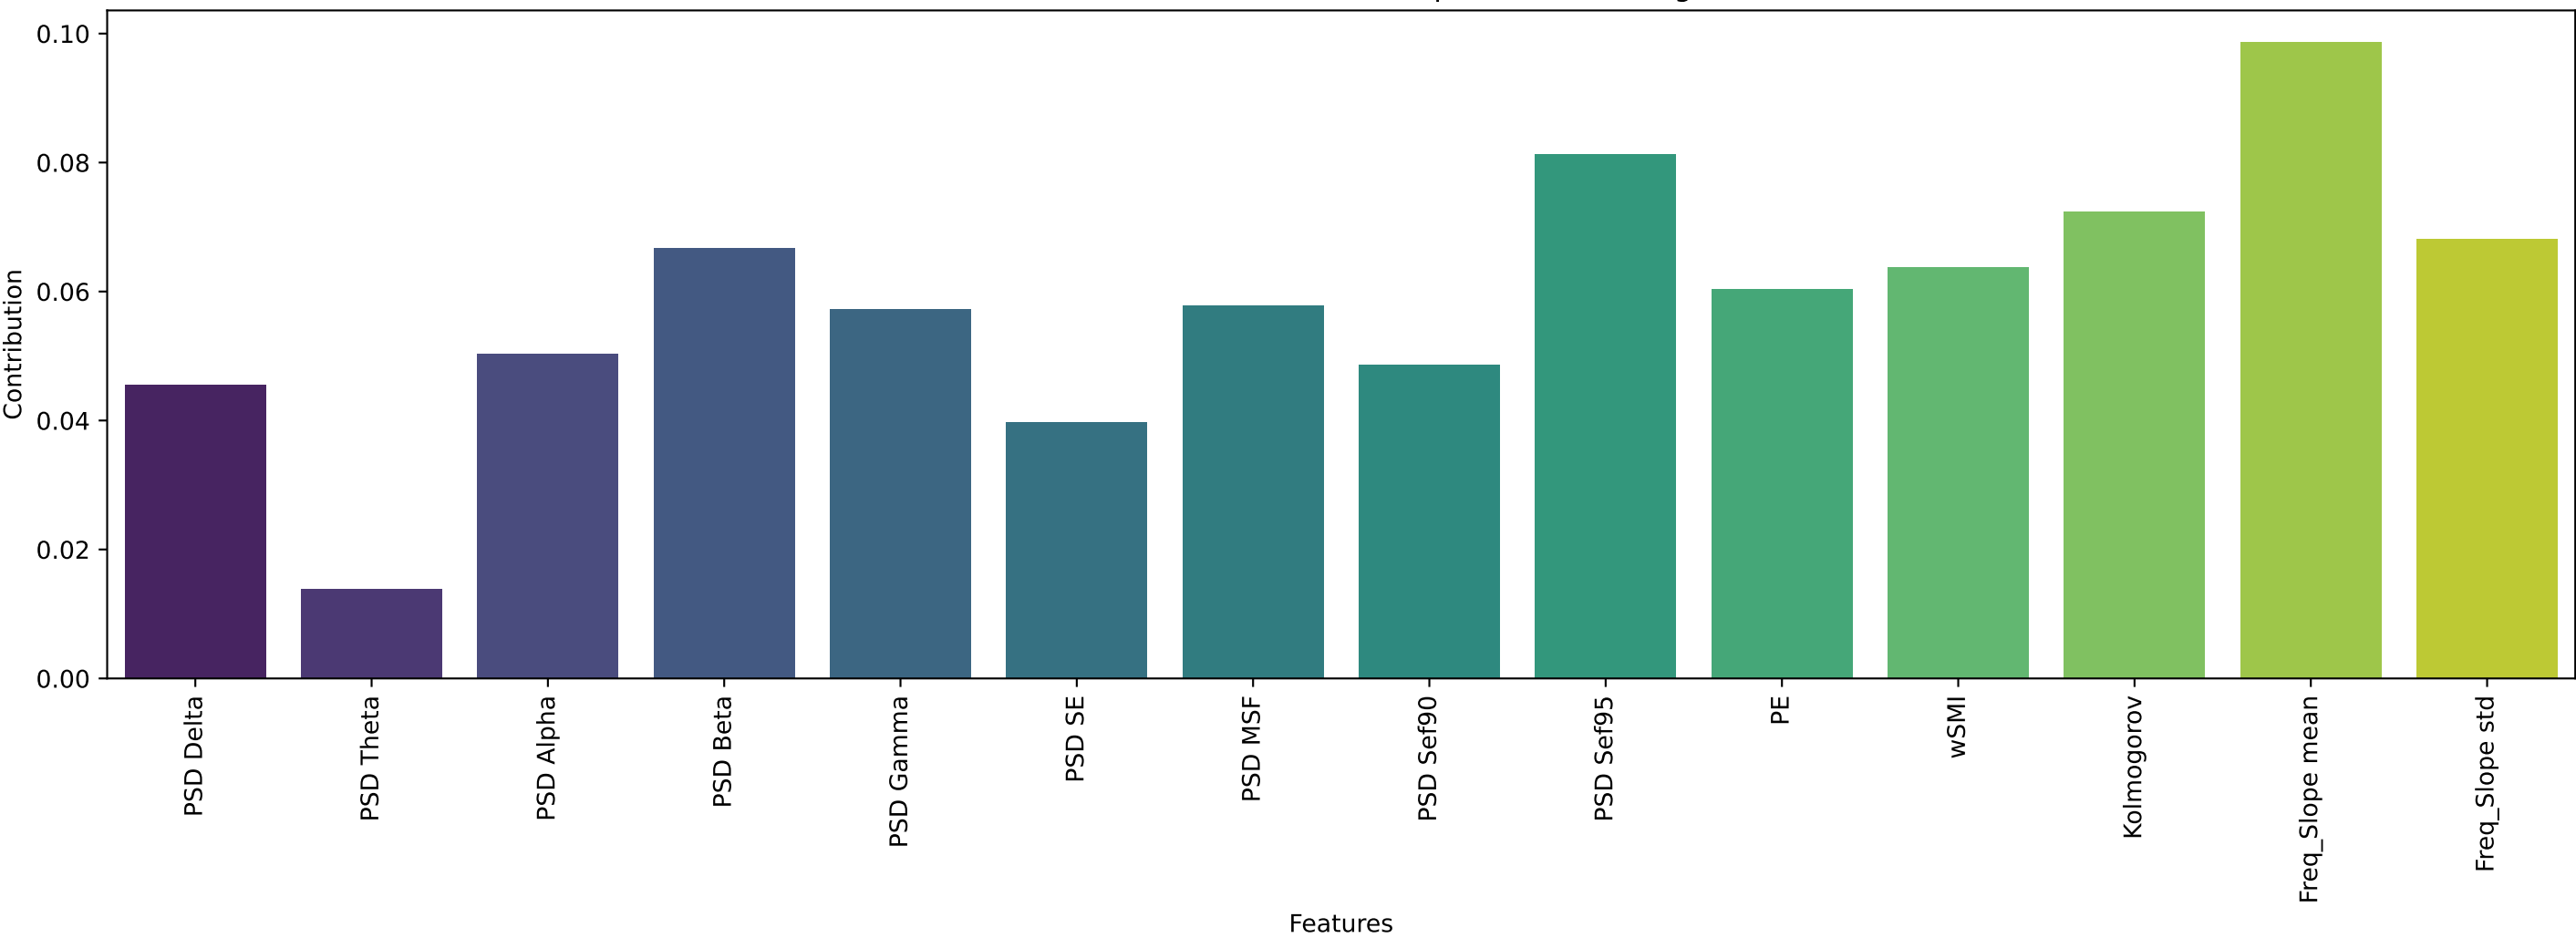

Clusters for Patient p39

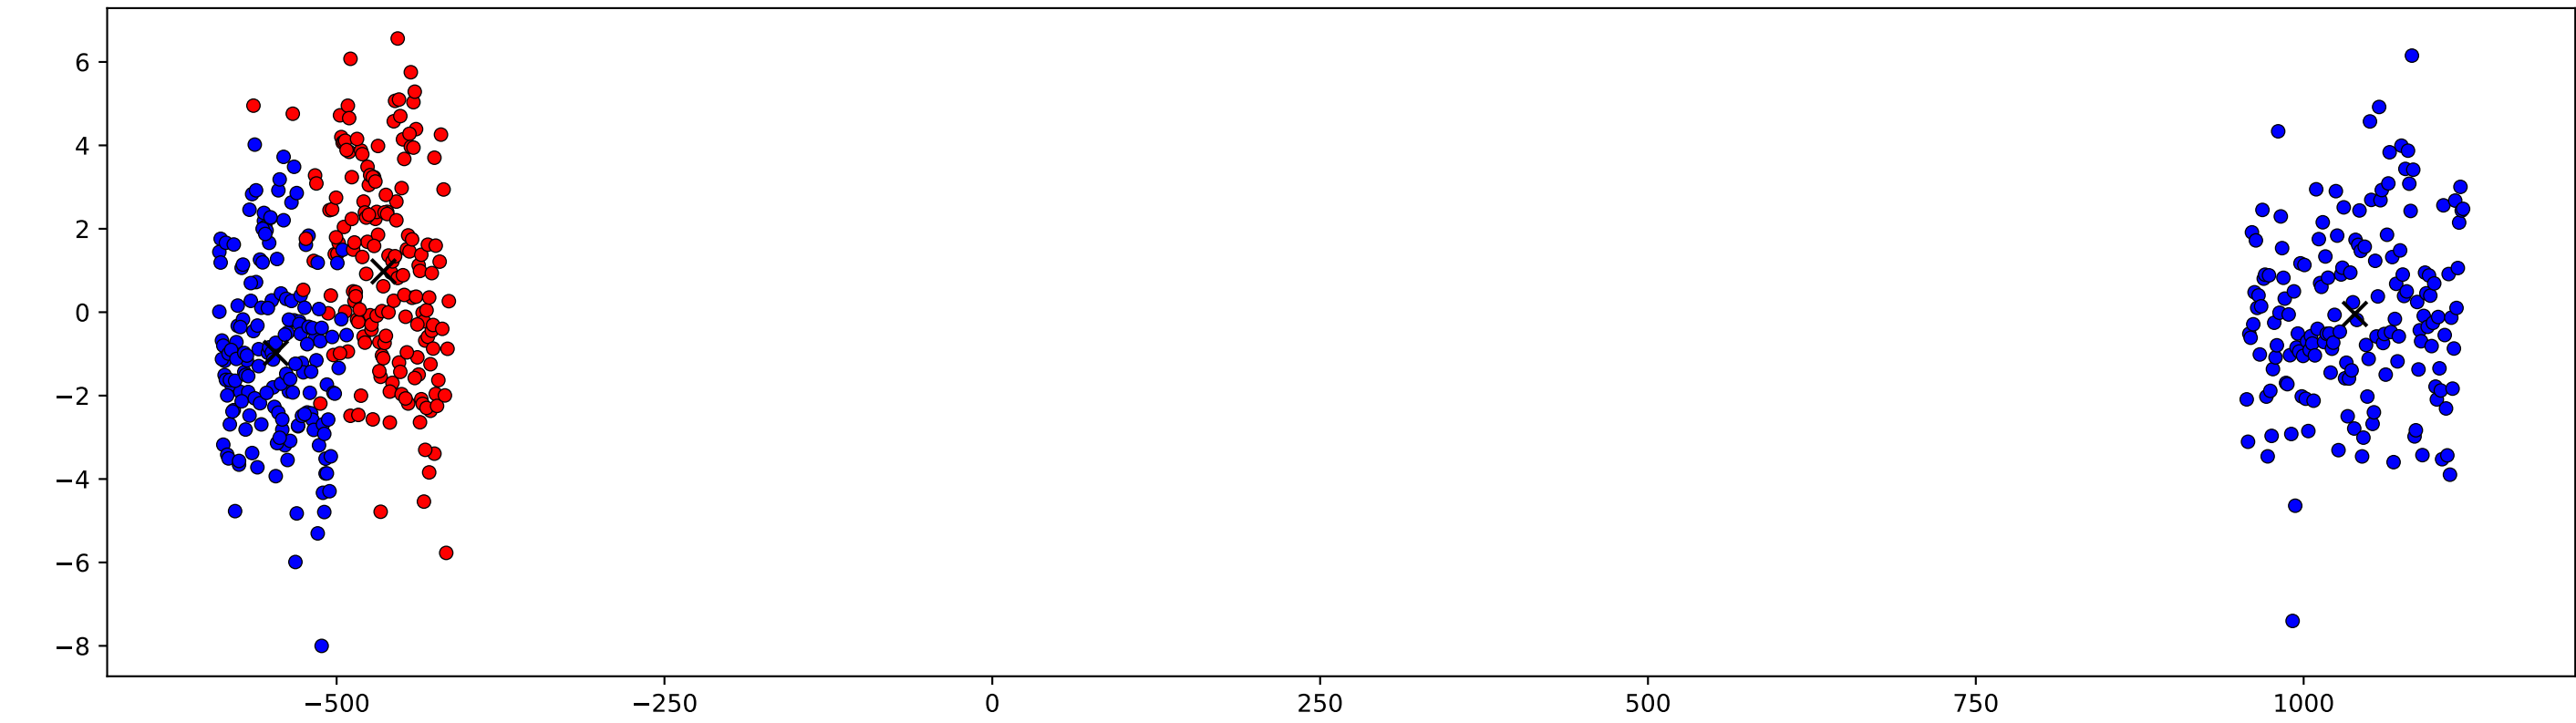

EEG Features with Clusters for Patient p39

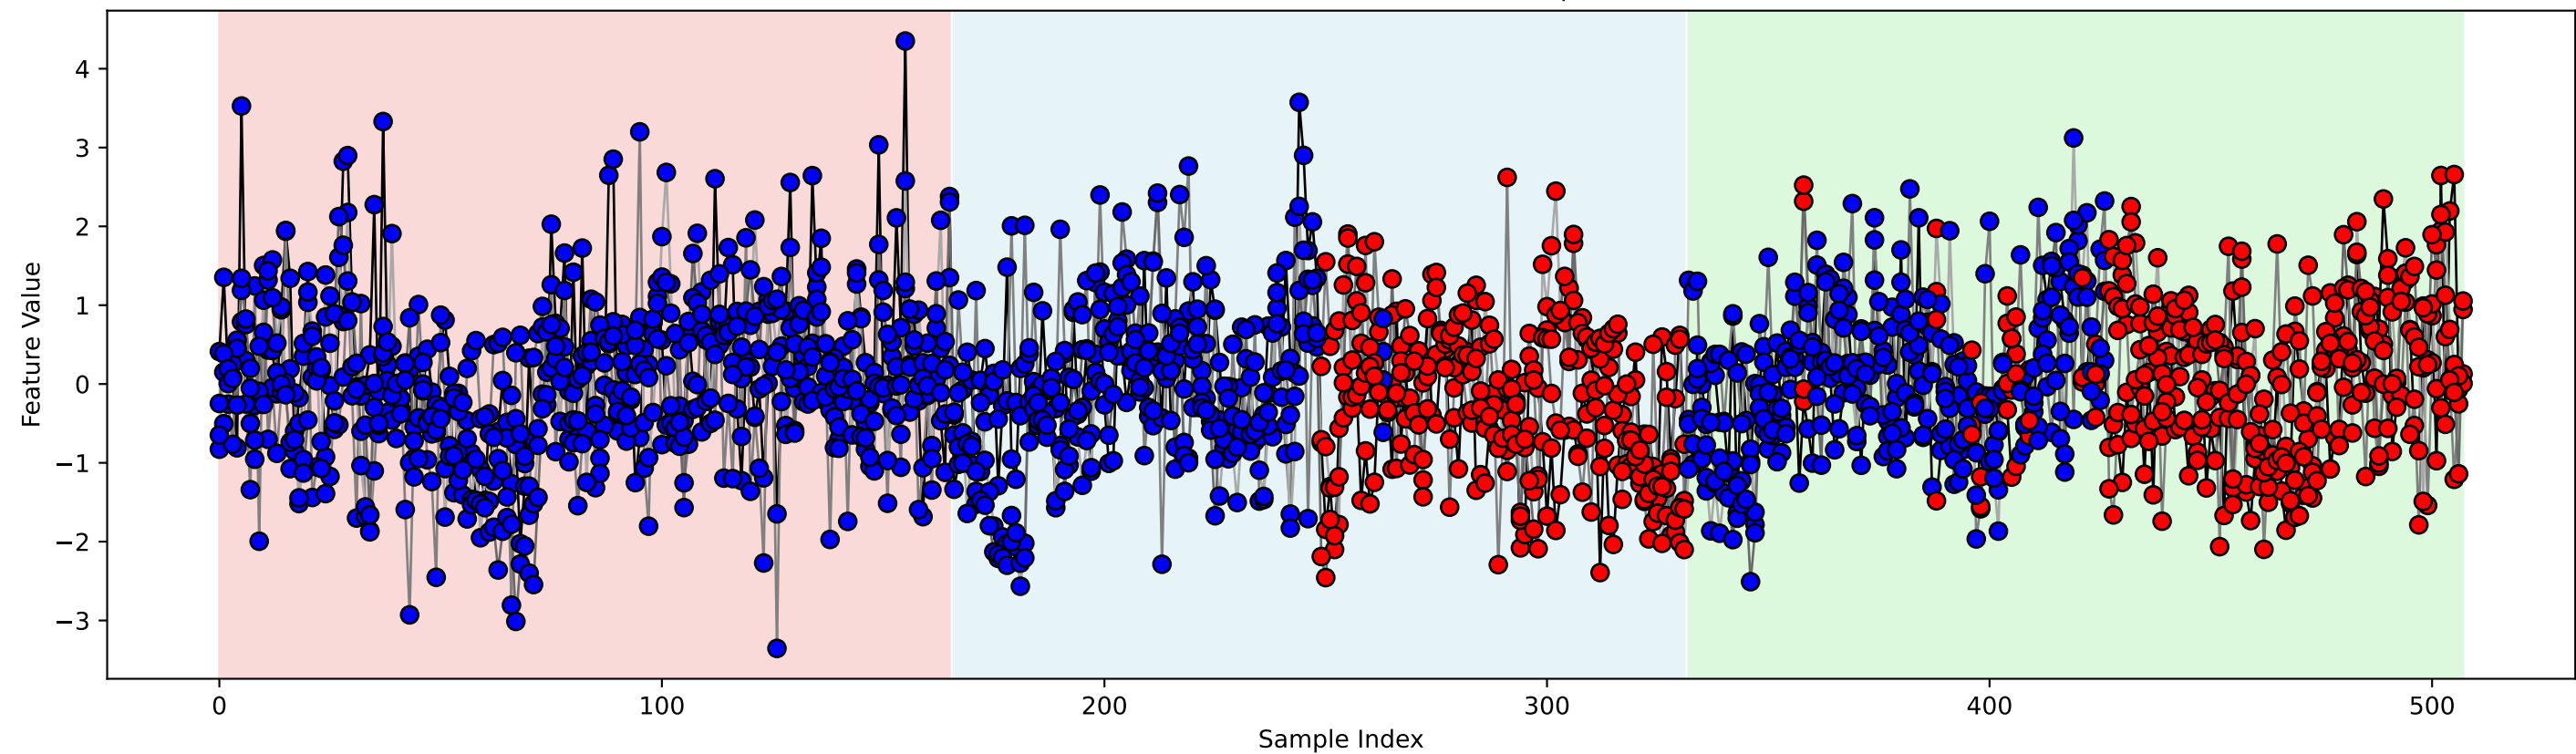

Feature Contribution for Patient p39 (PCA Loadings)

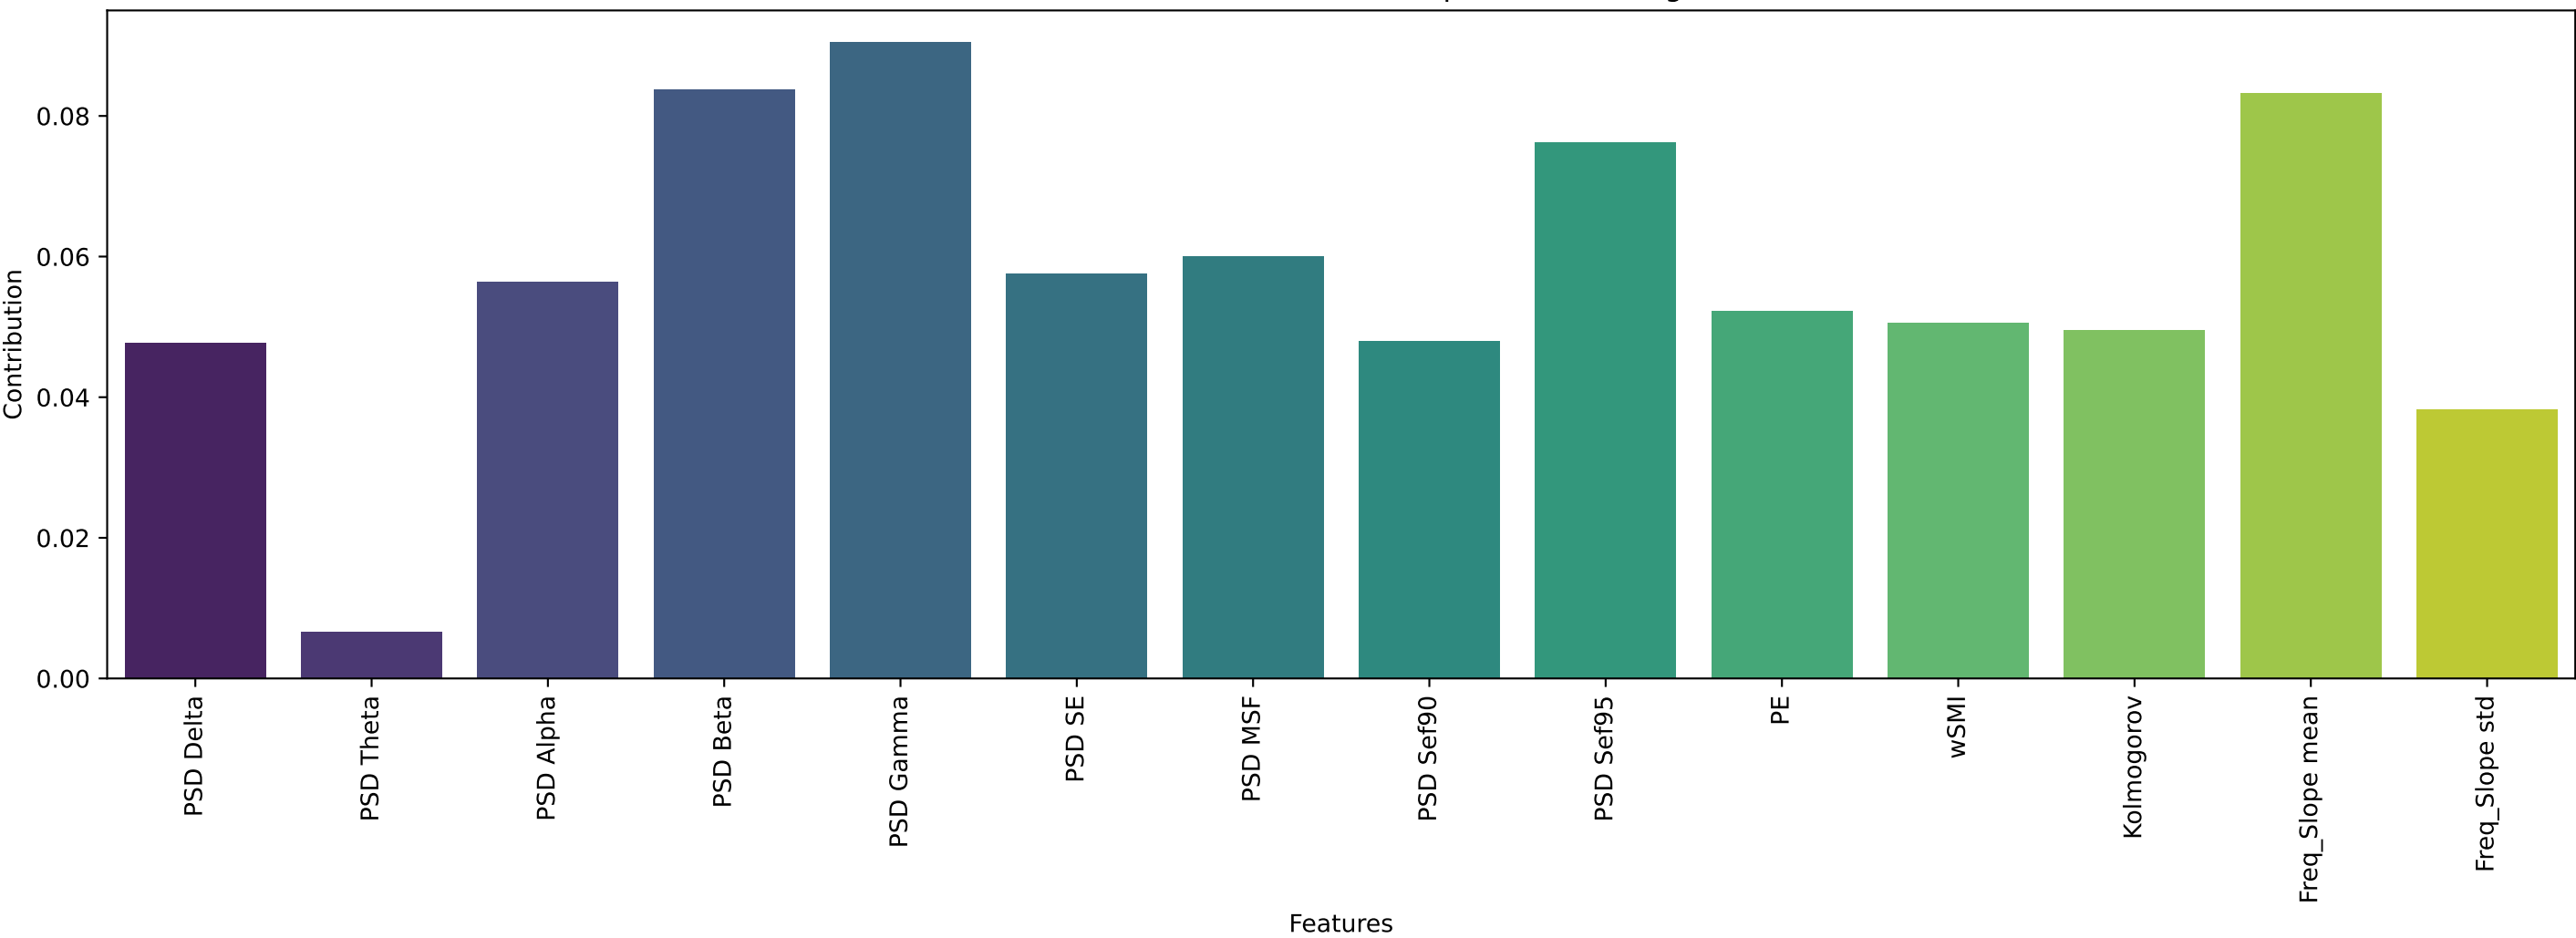

Clusters for Patient p3

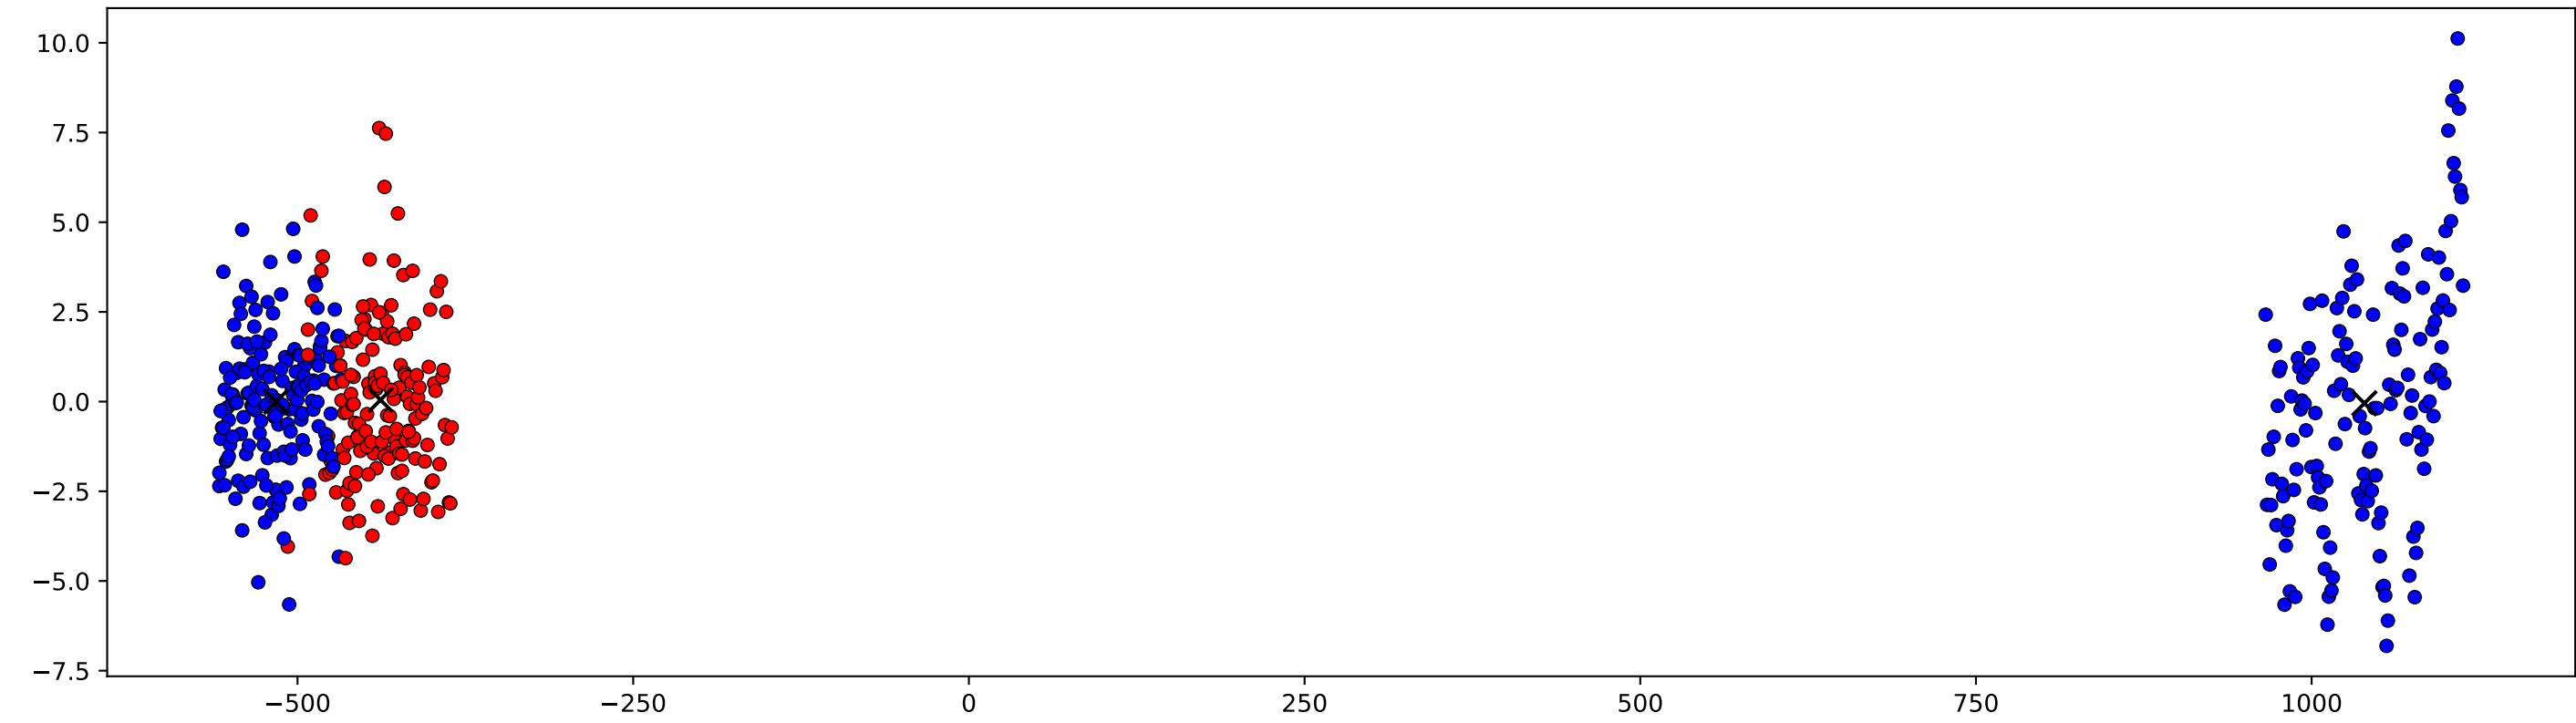

EEG Features with Clusters for Patient p3

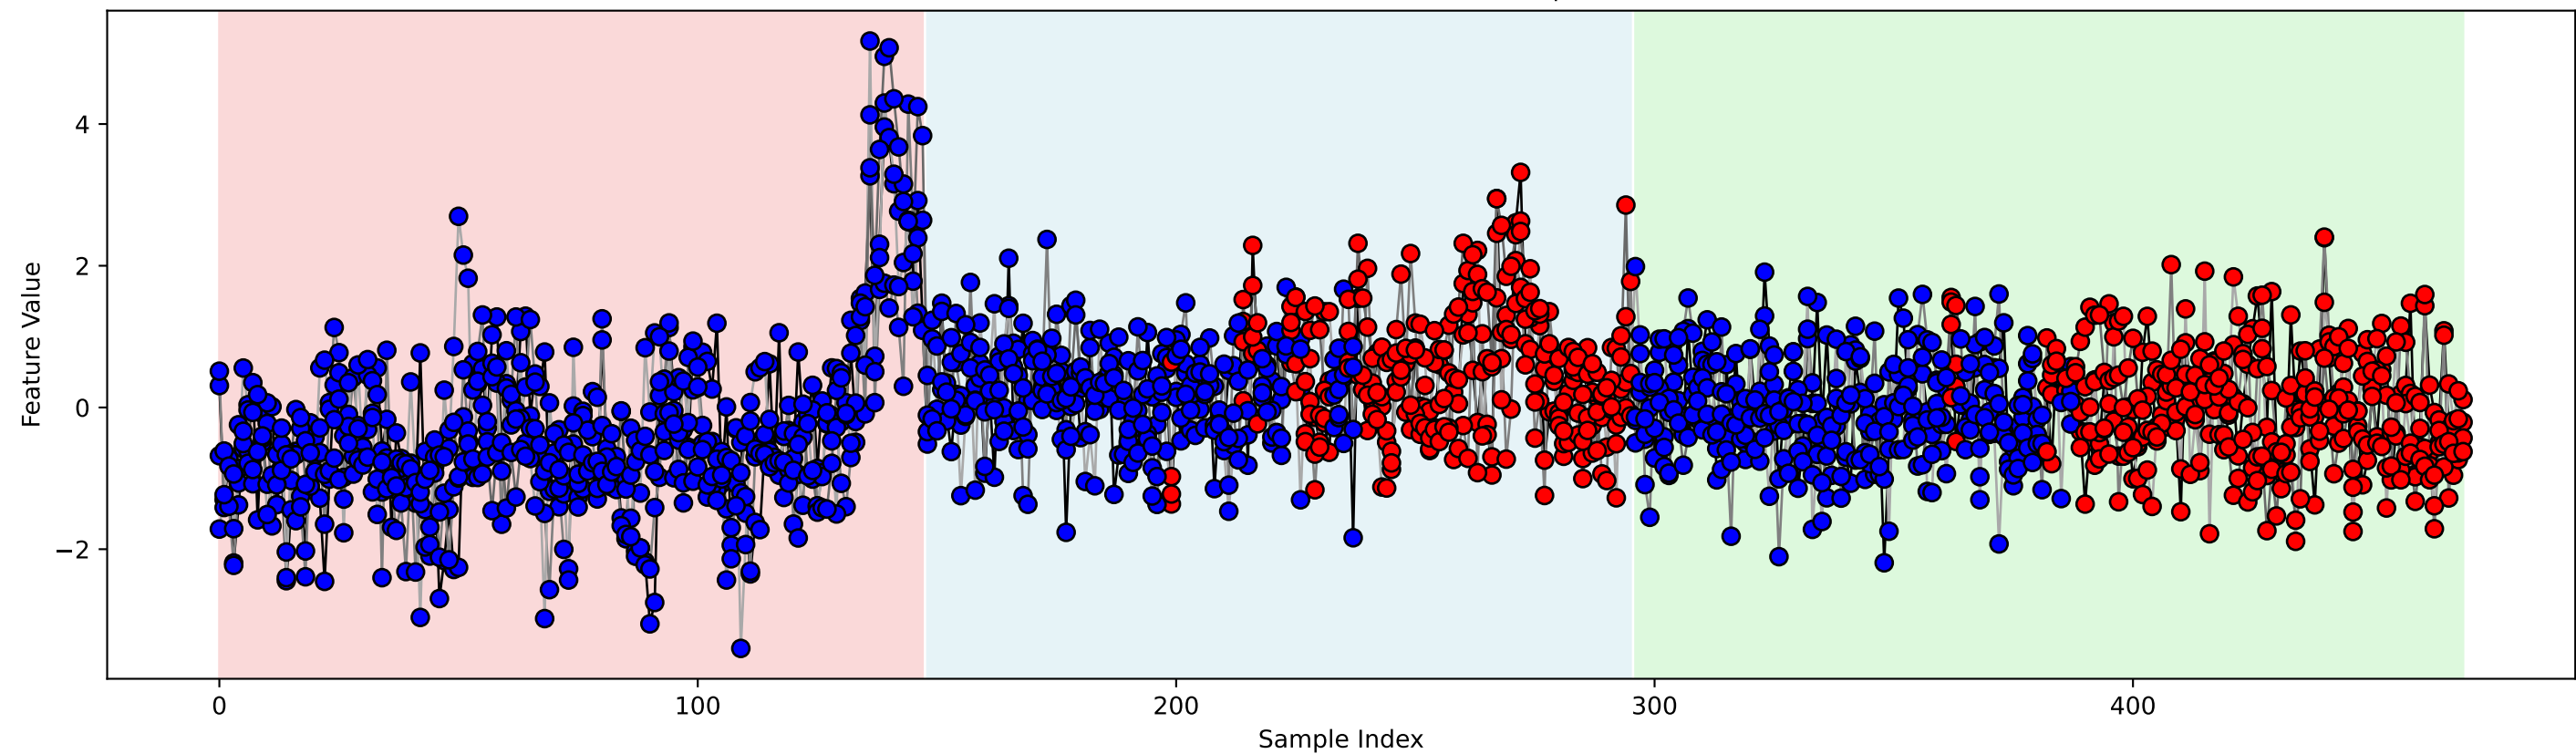

Feature Contribution for Patient p3 (PCA Loadings)

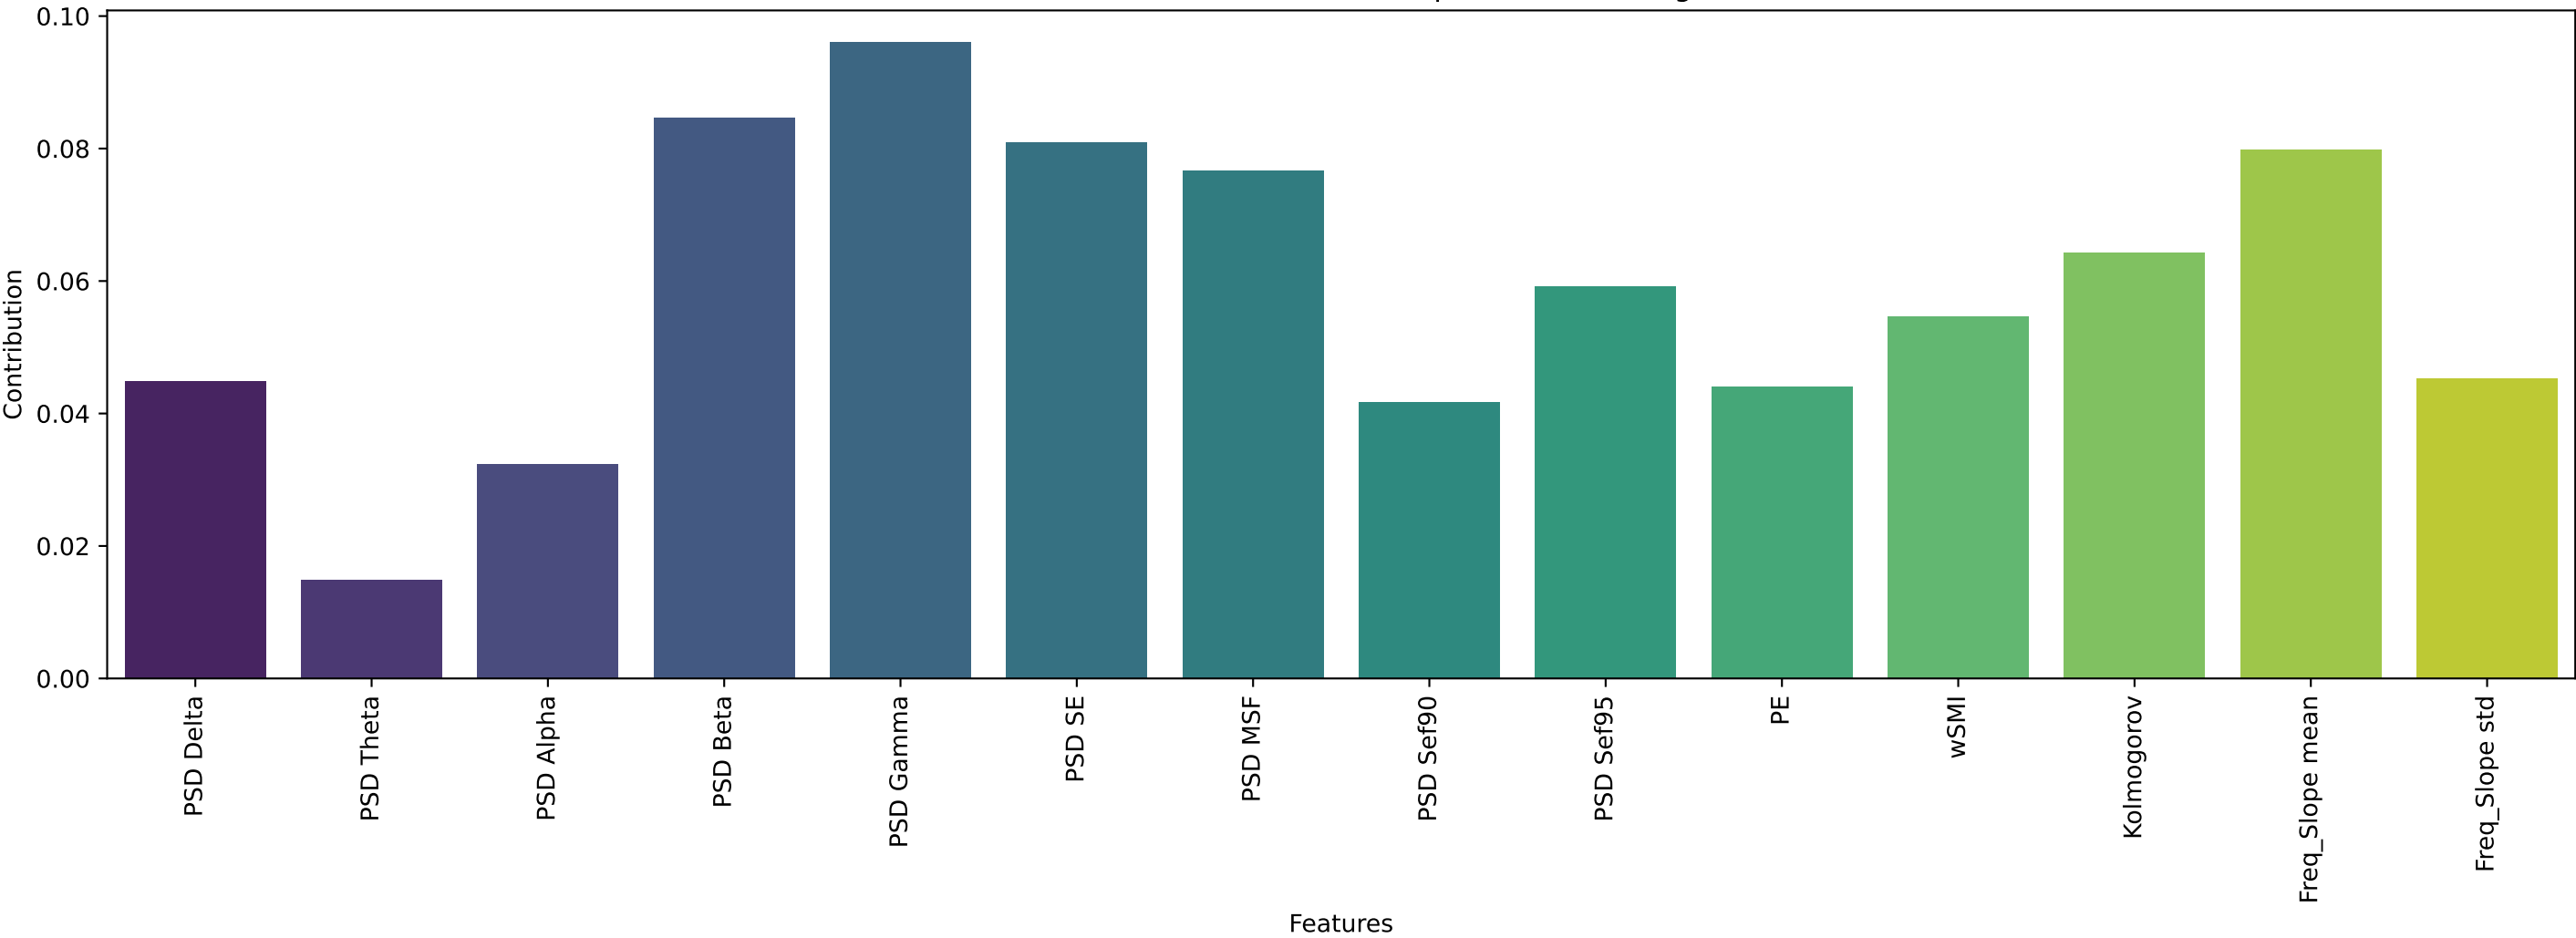

Clusters for Patient p40

EEG Features with Clusters for Patient p40

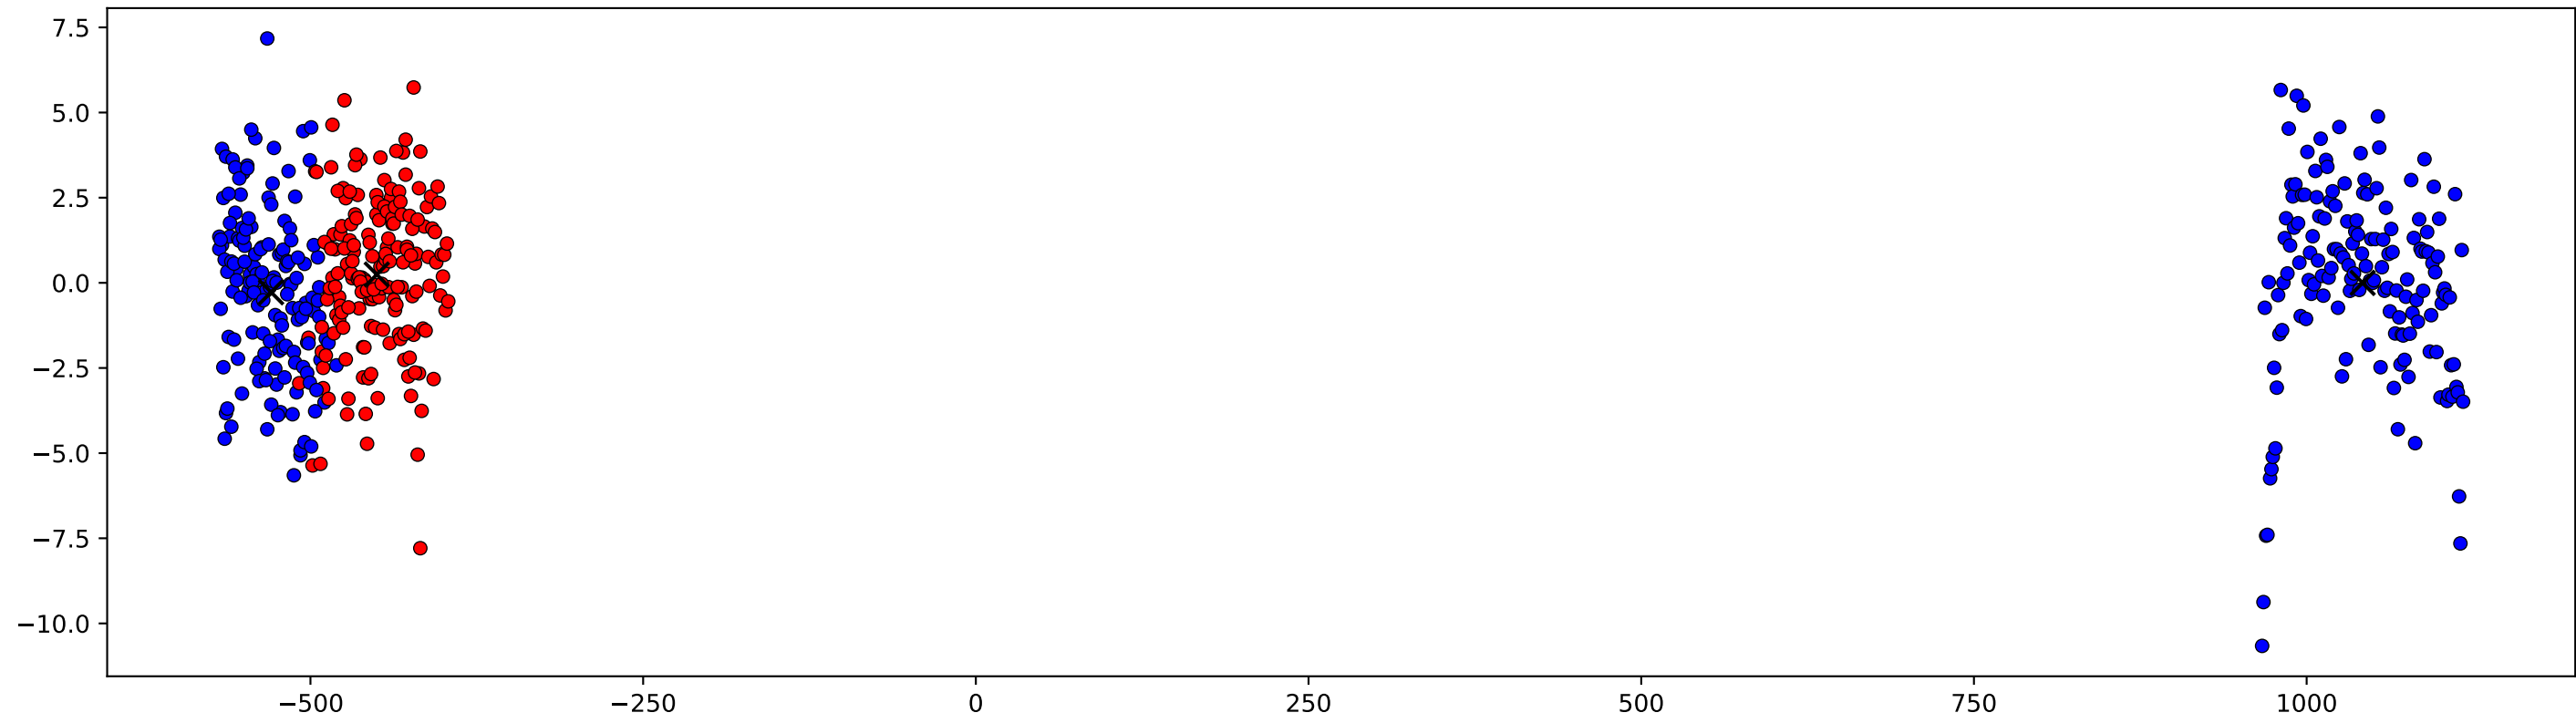

Feature Contribution for Patient p40 (PCA Loadings)

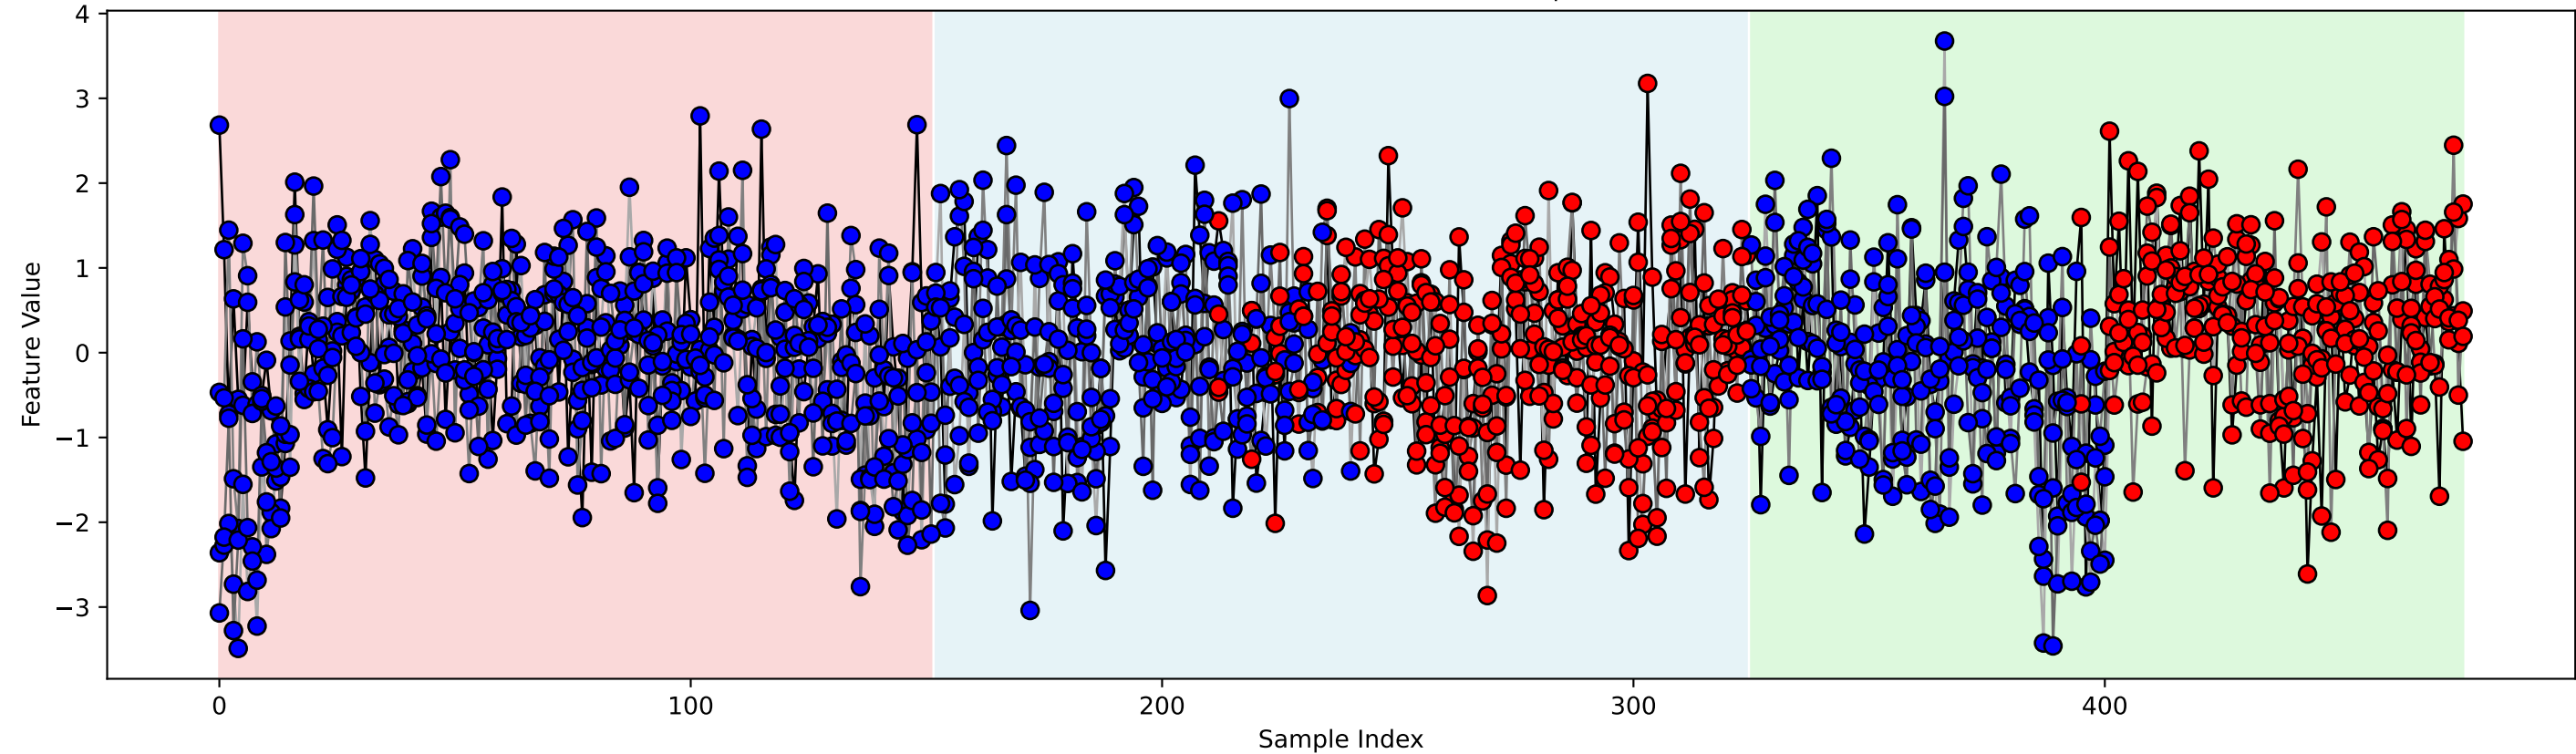

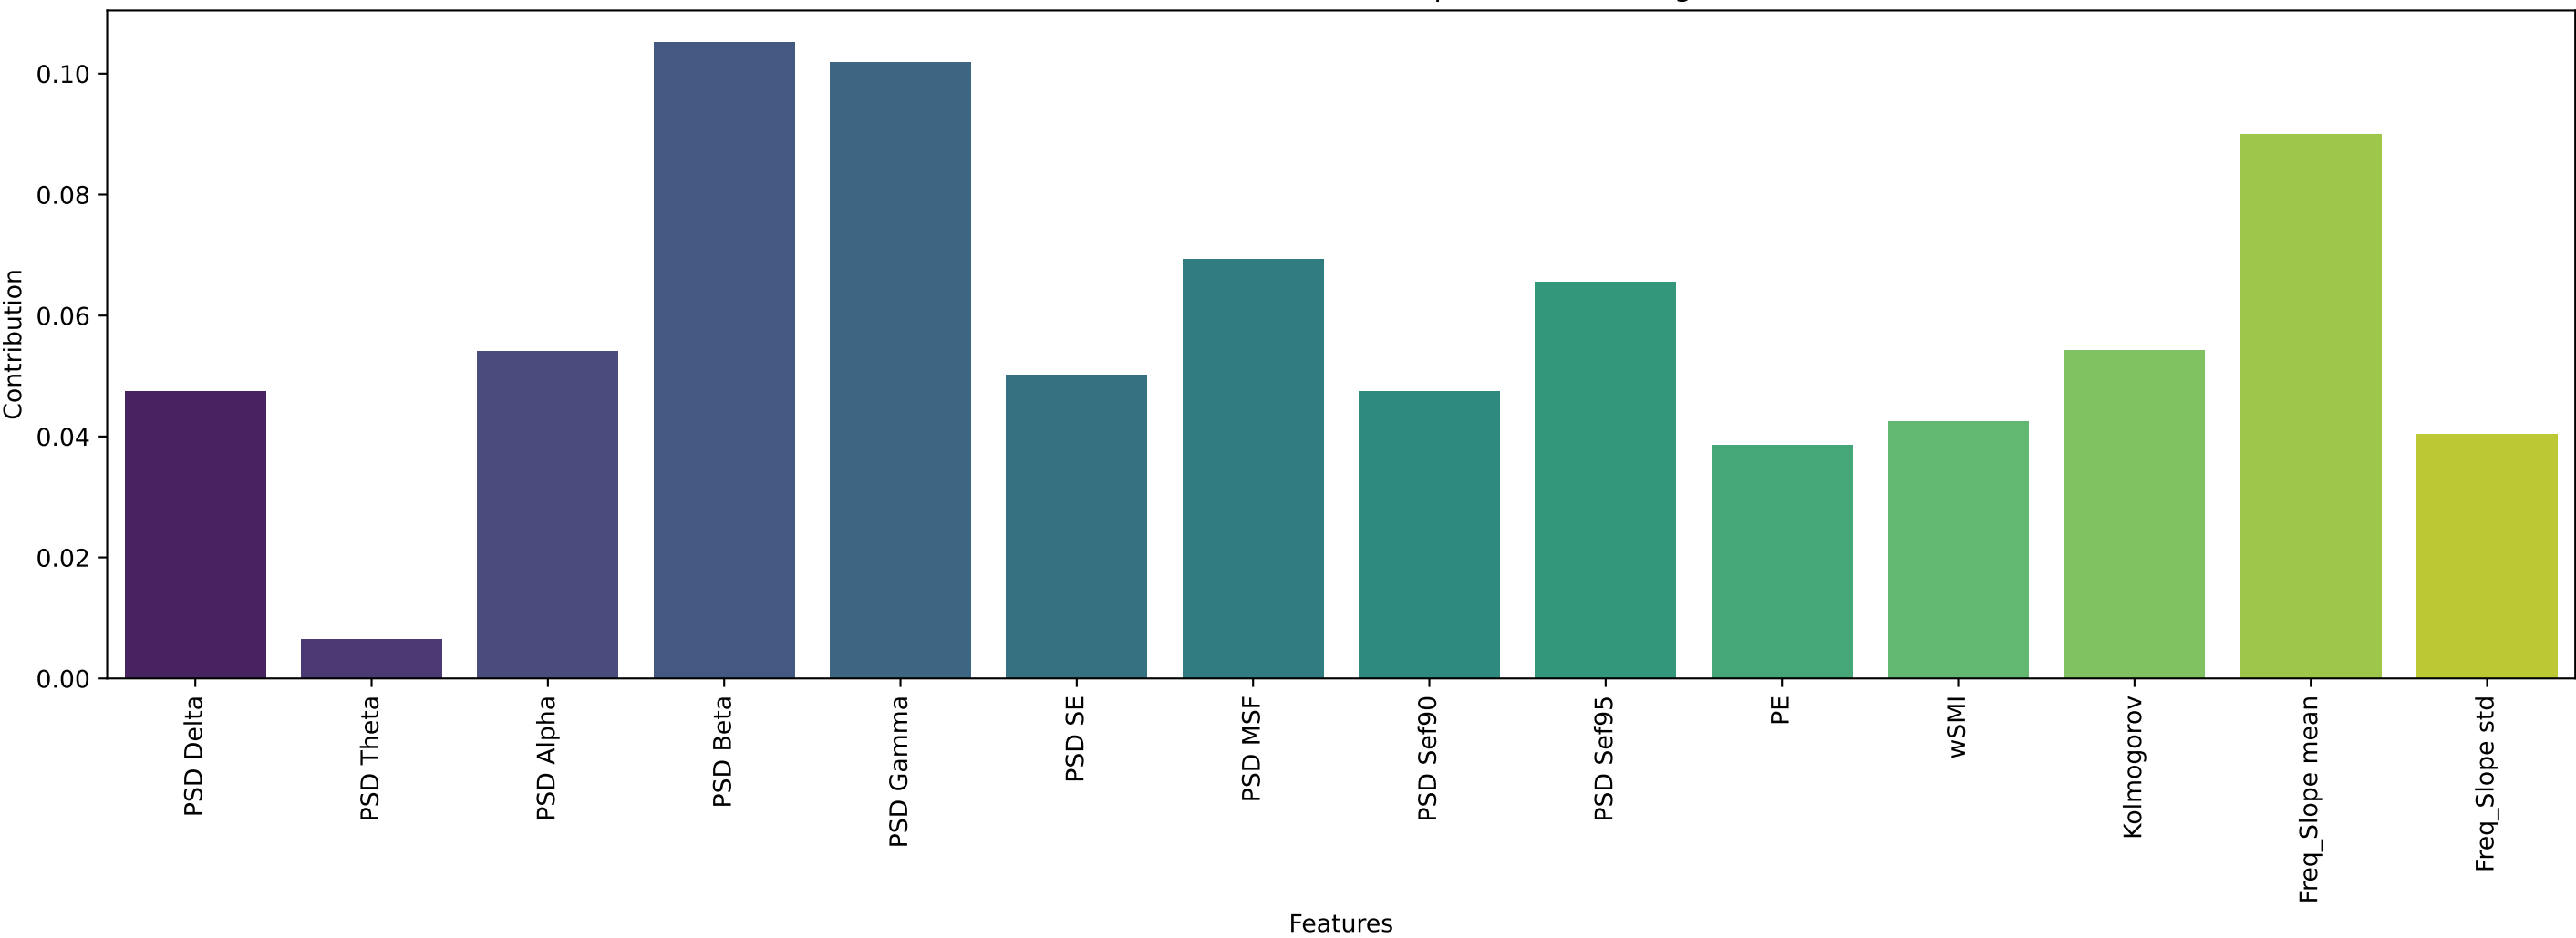

Clusters for Patient p41

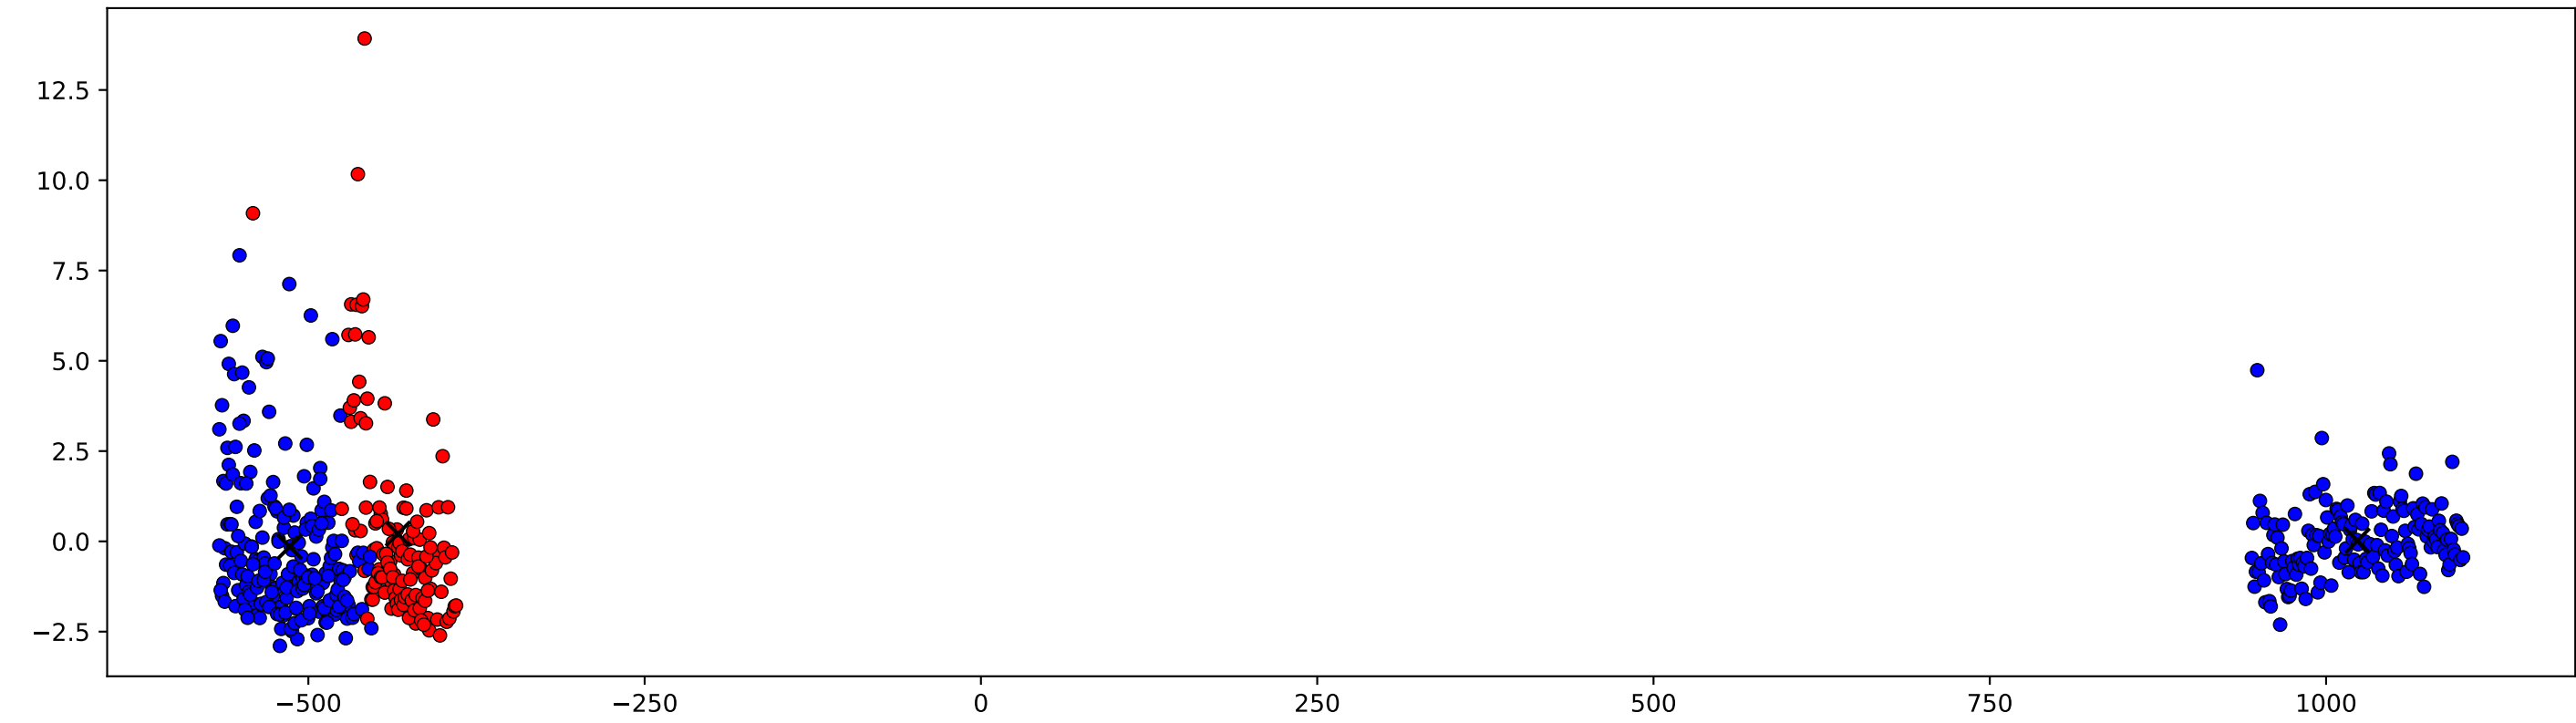

EEG Features with Clusters for Patient p41

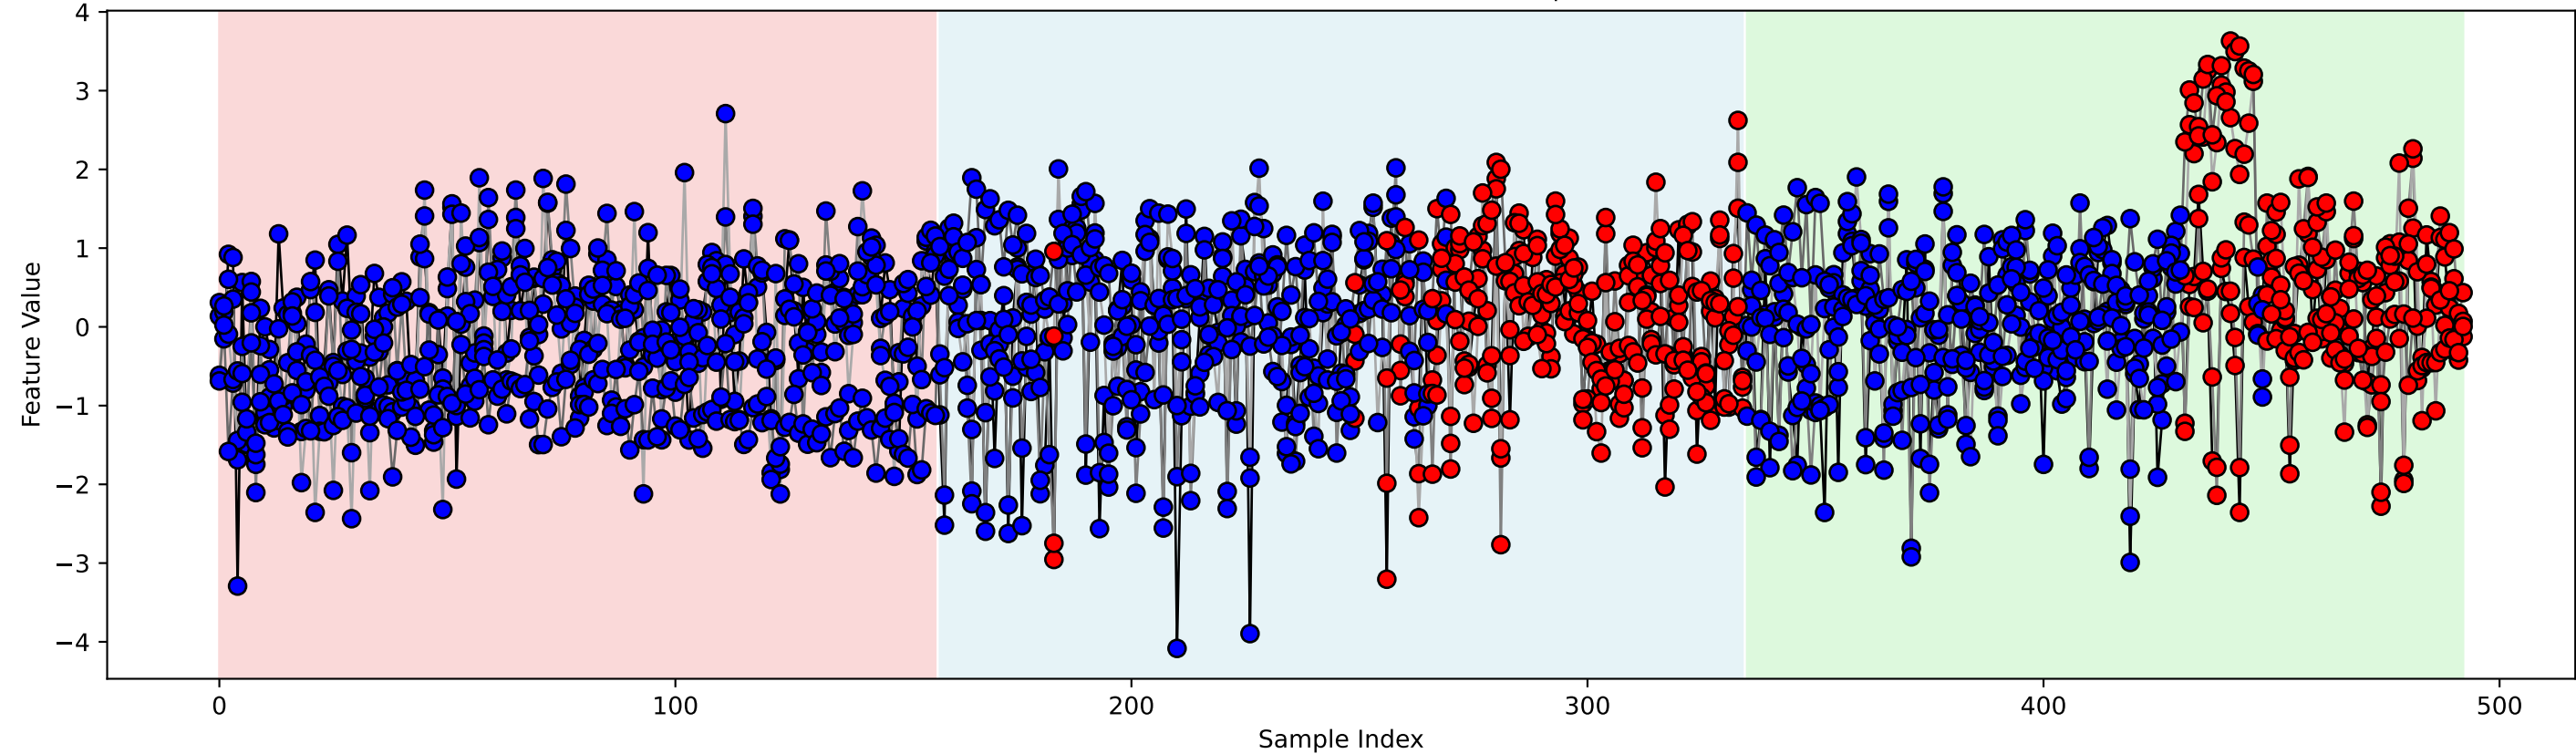

Feature Contribution for Patient p41 (PCA Loadings)

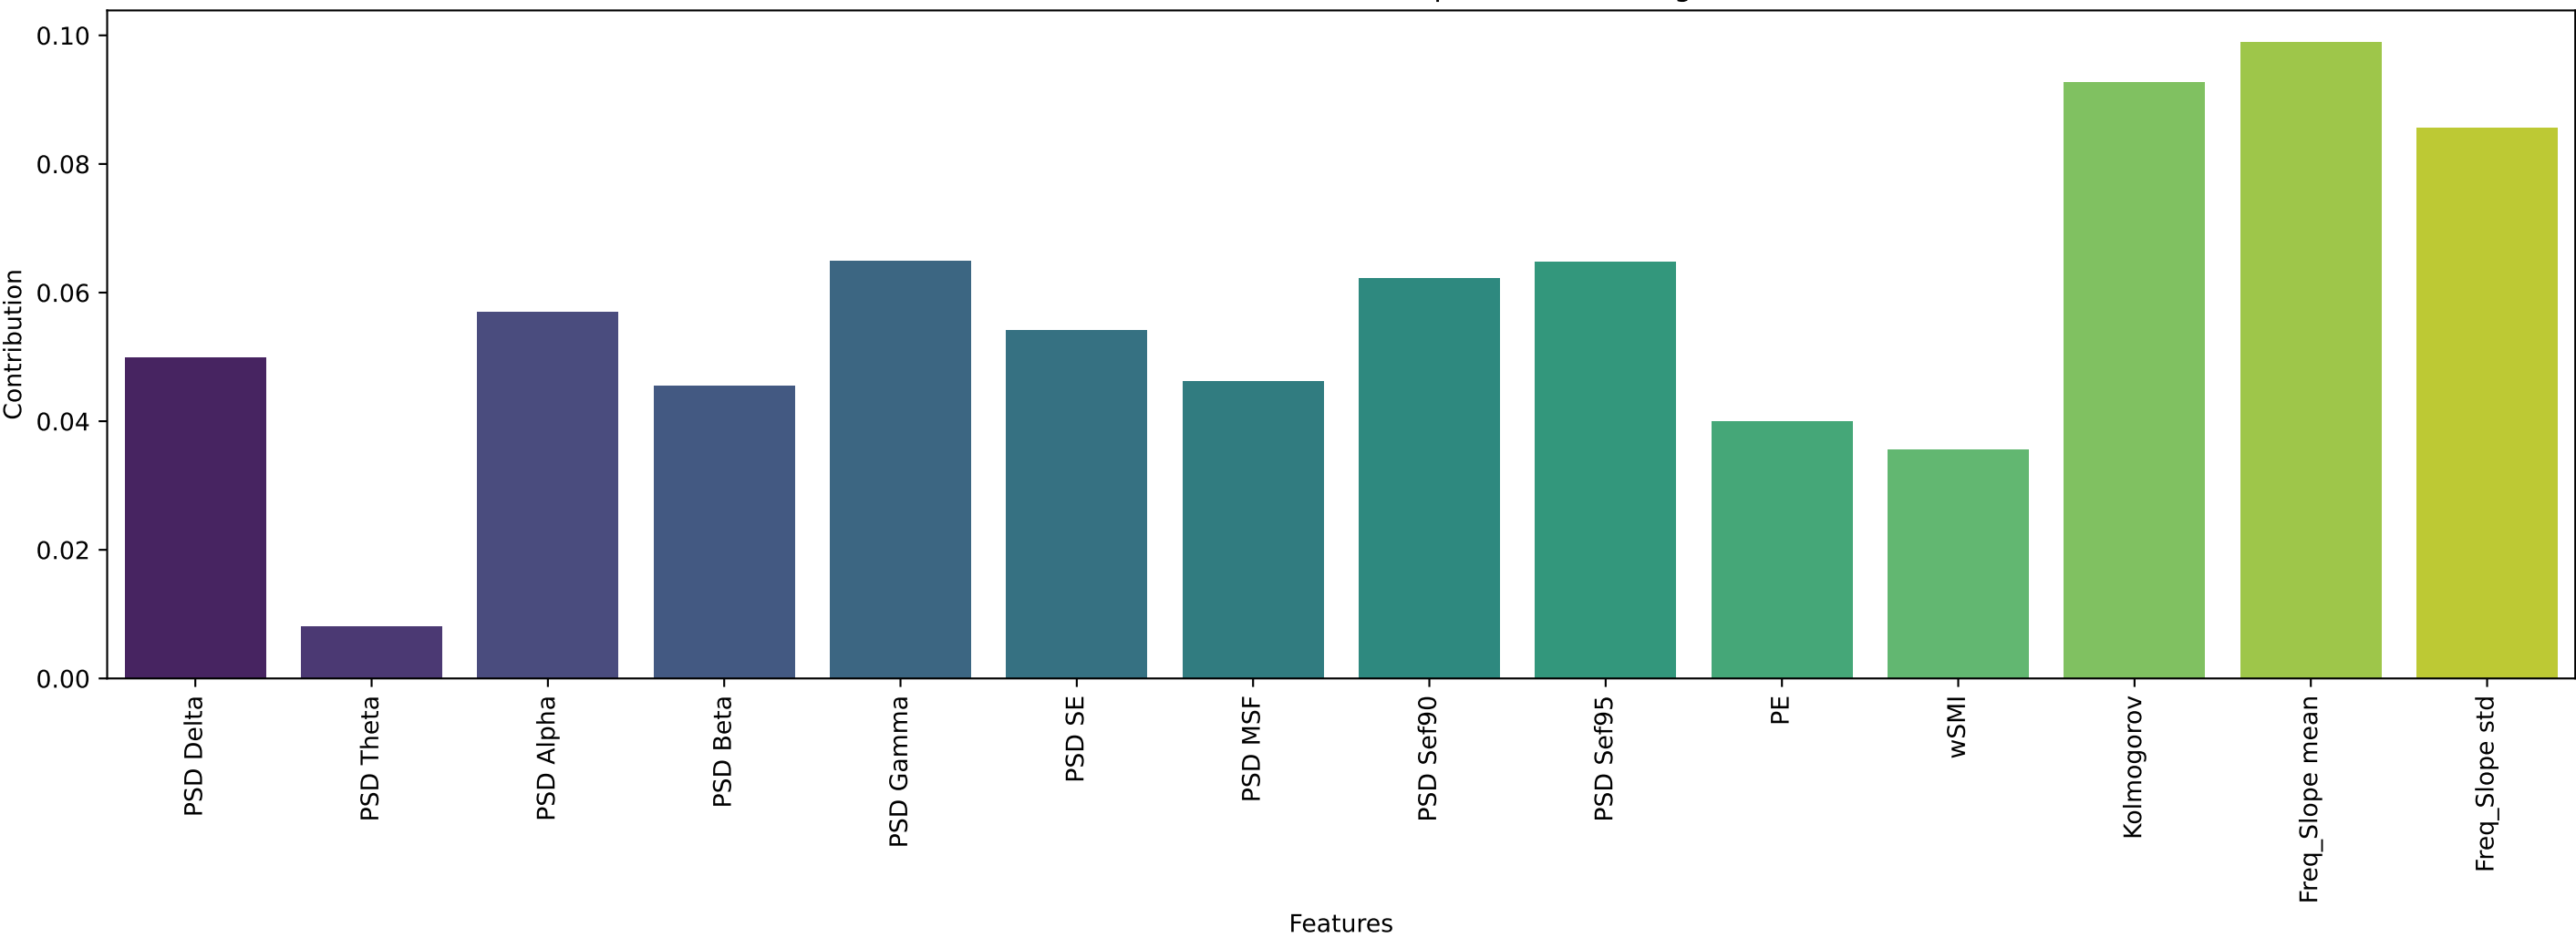

Clusters for Patient p42

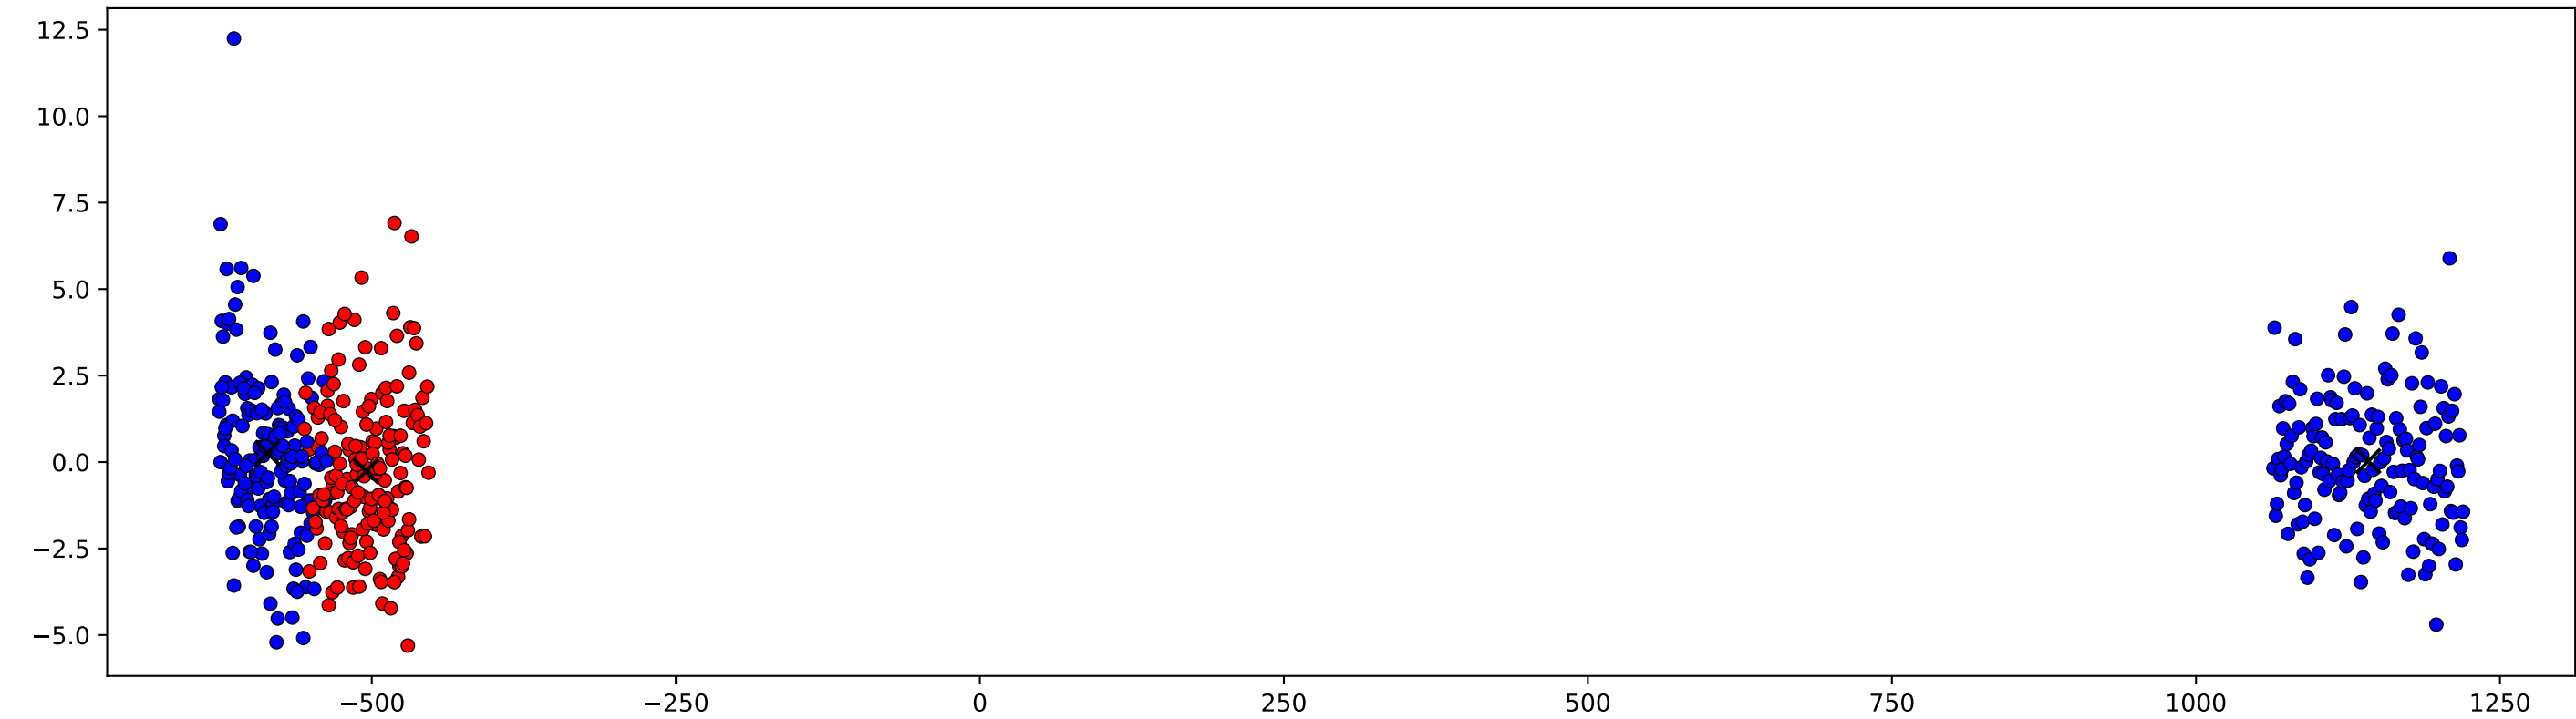

EEG Features with Clusters for Patient p42

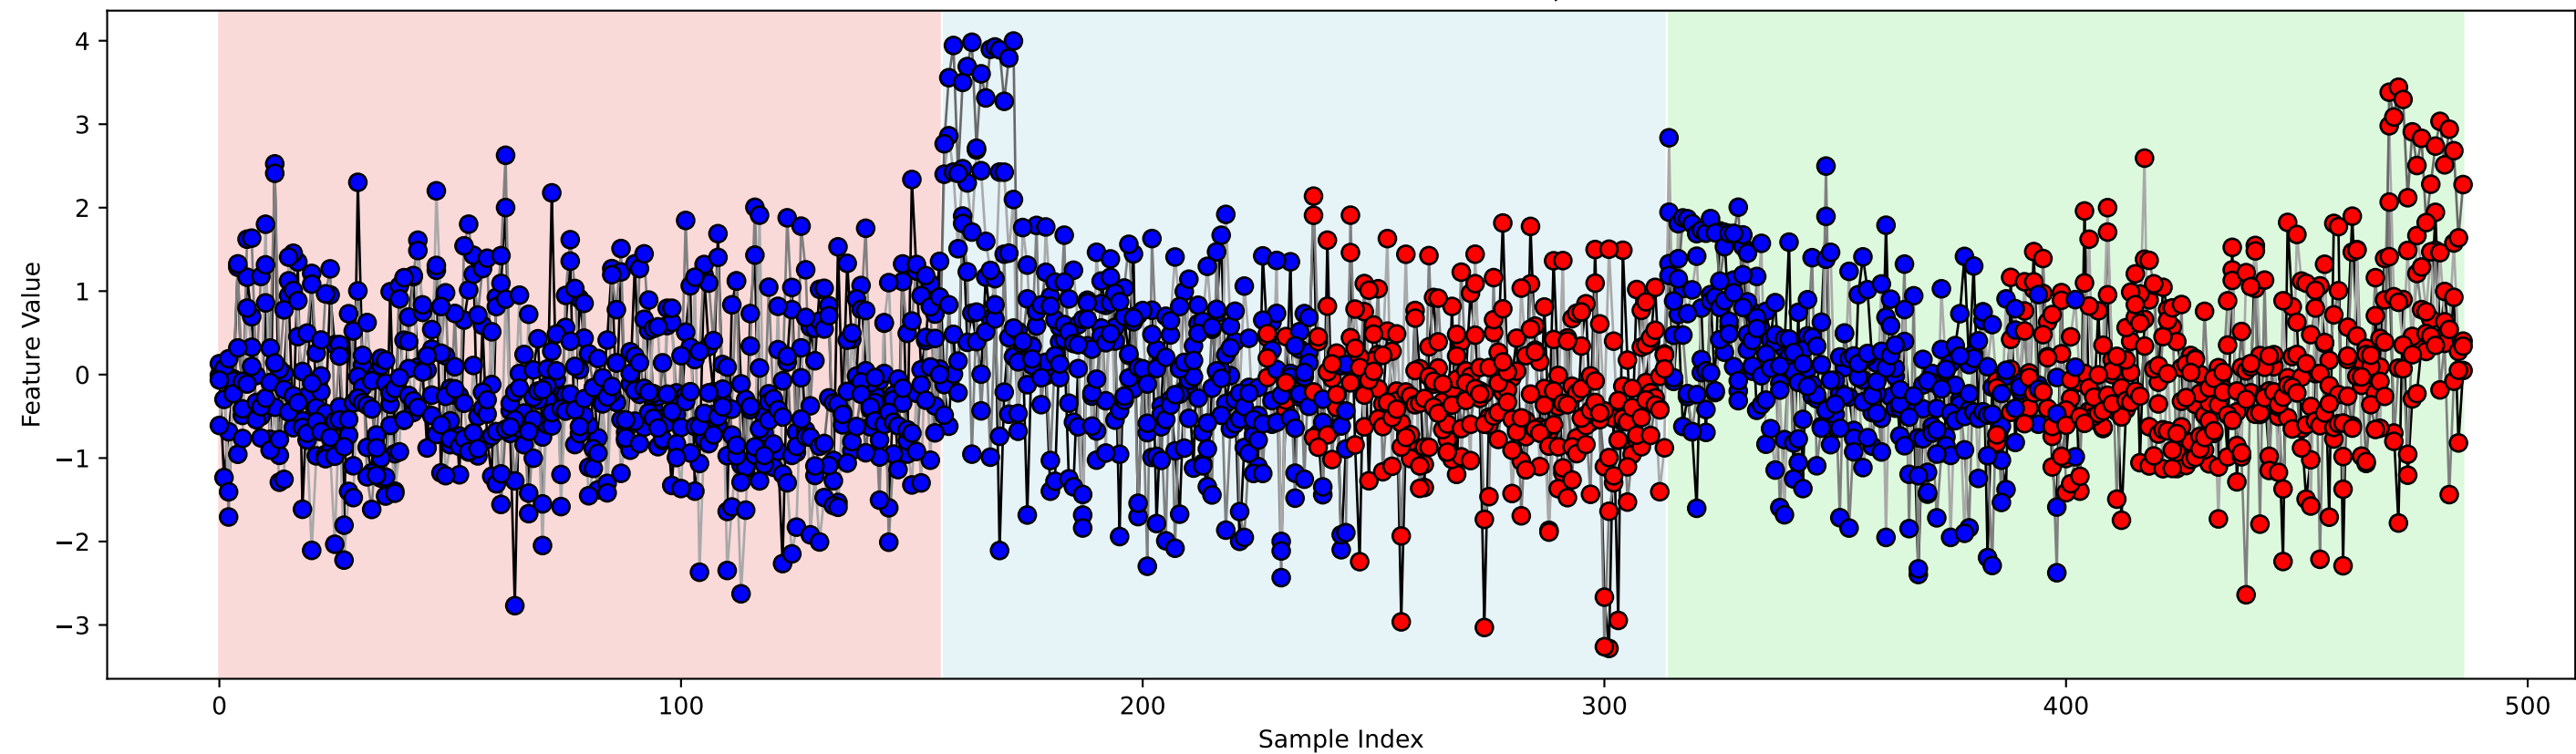

Feature Contribution for Patient p42 (PCA Loadings)

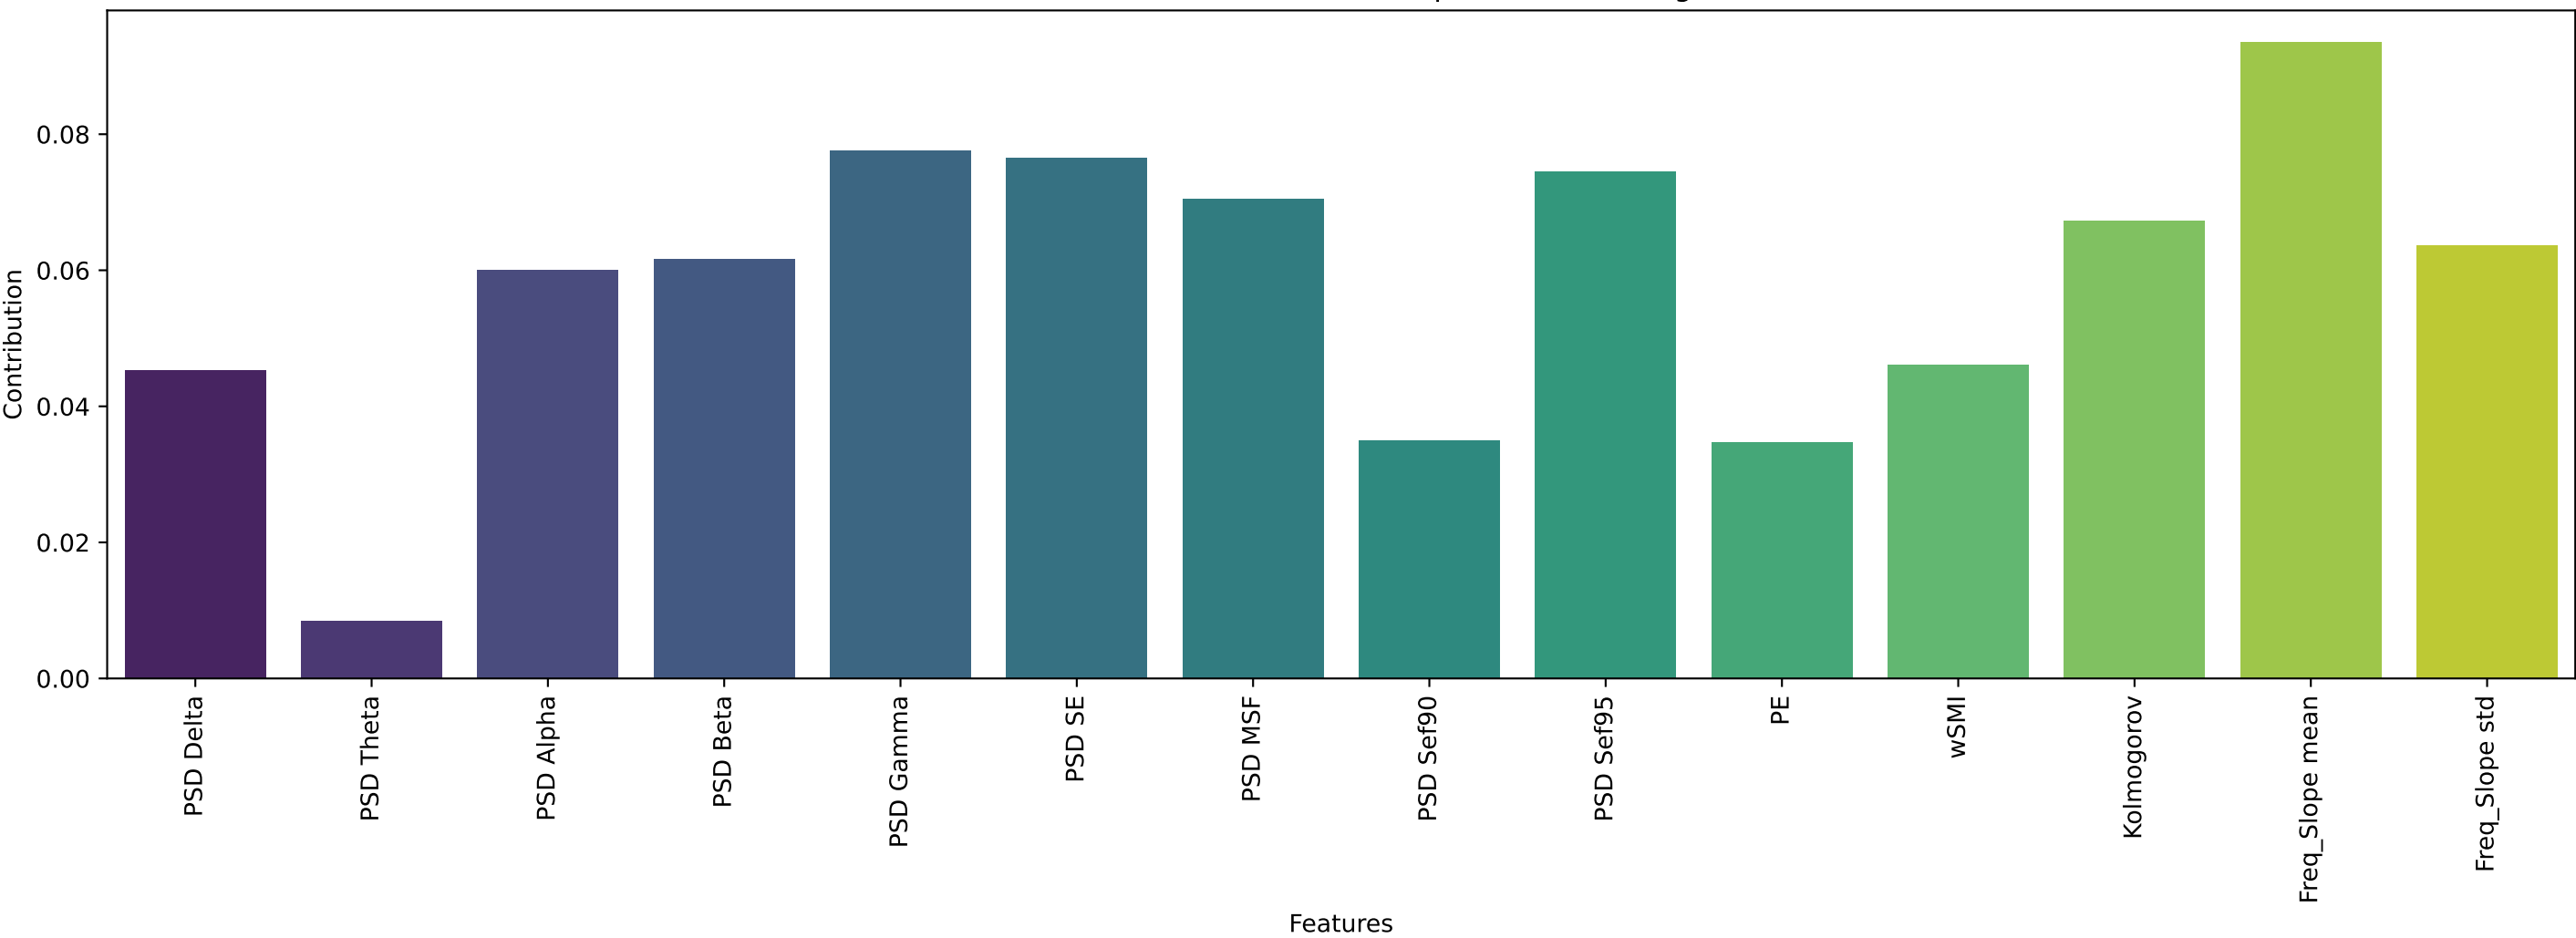

Clusters for Patient p43

EEG Features with Clusters for Patient p43

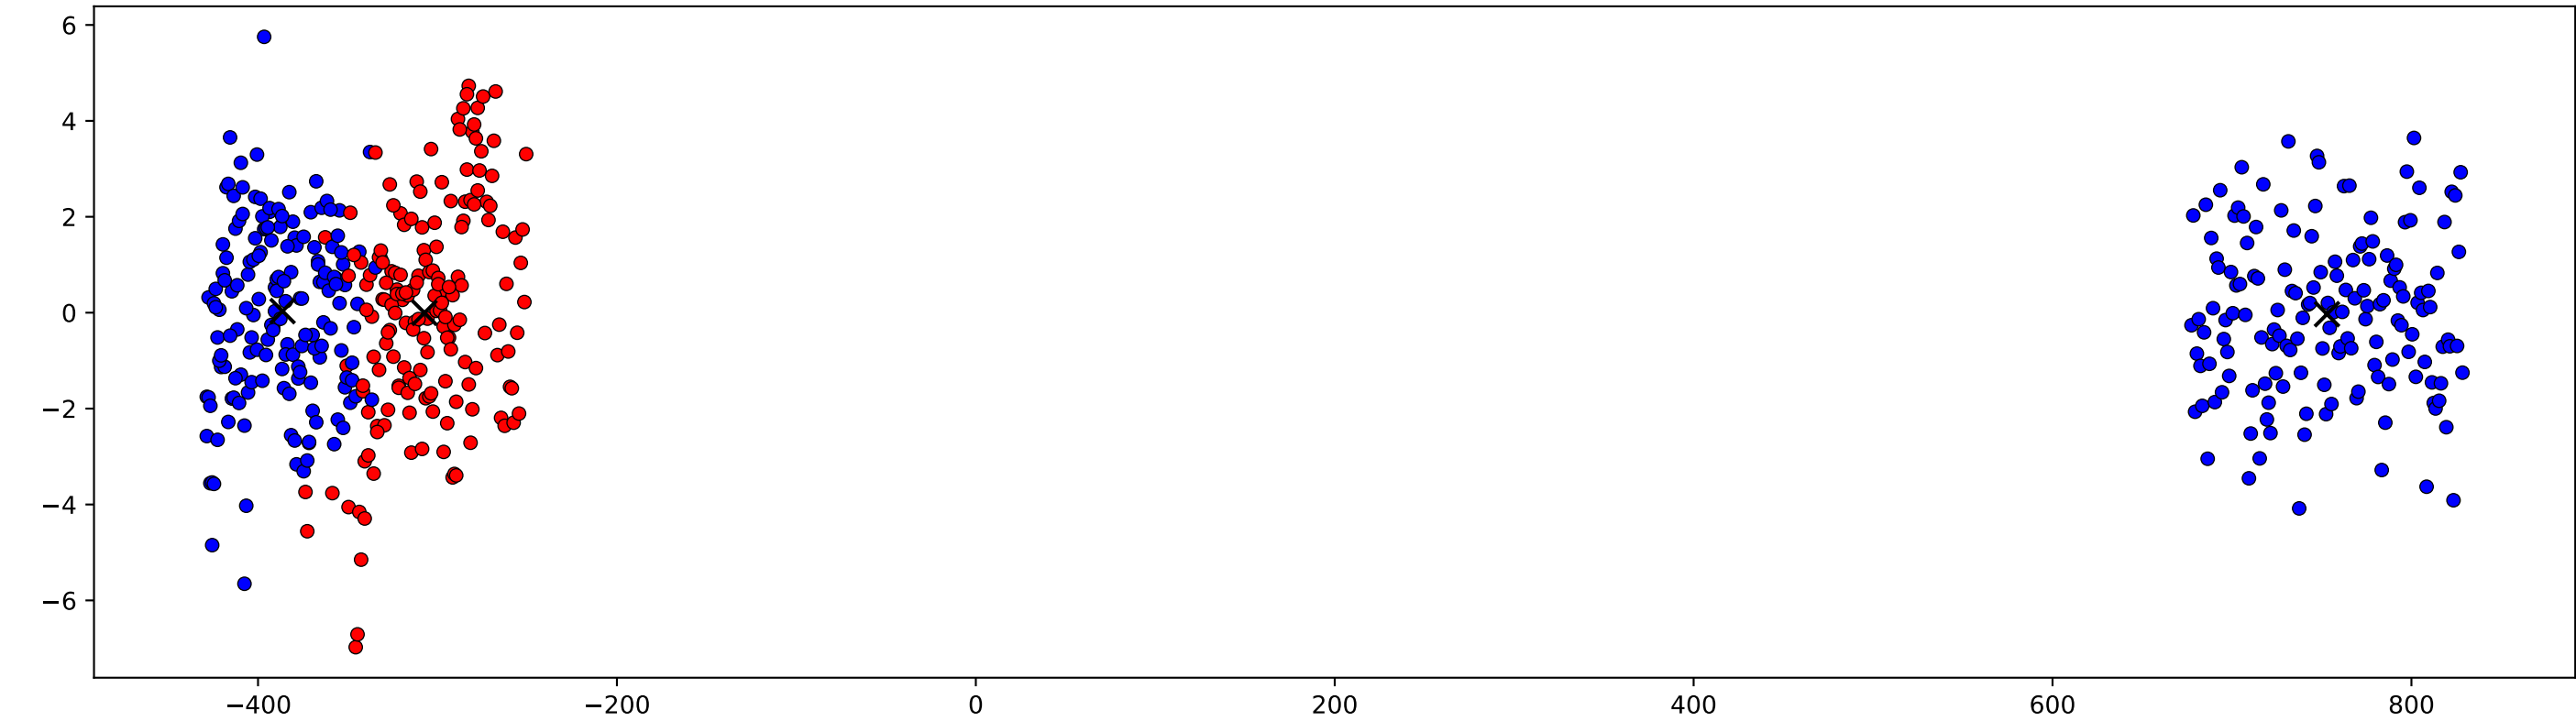

Feature Contribution for Patient p43 (PCA Loadings)

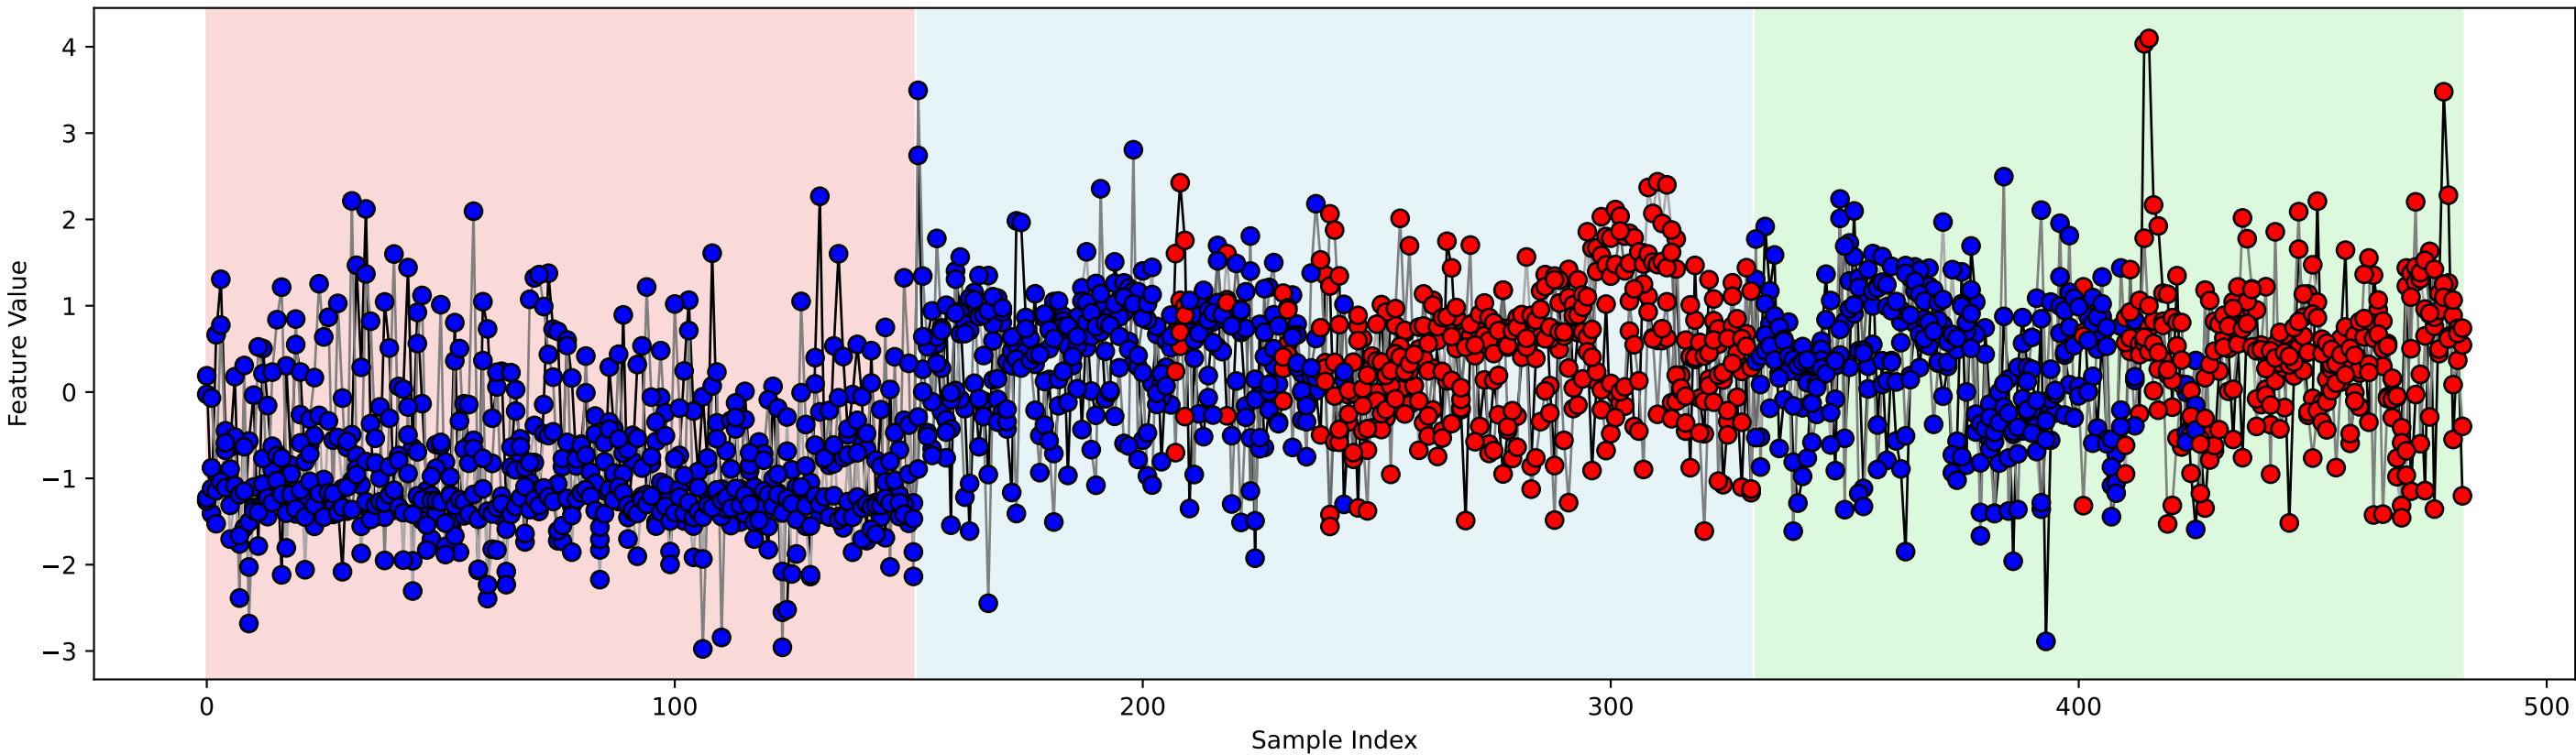

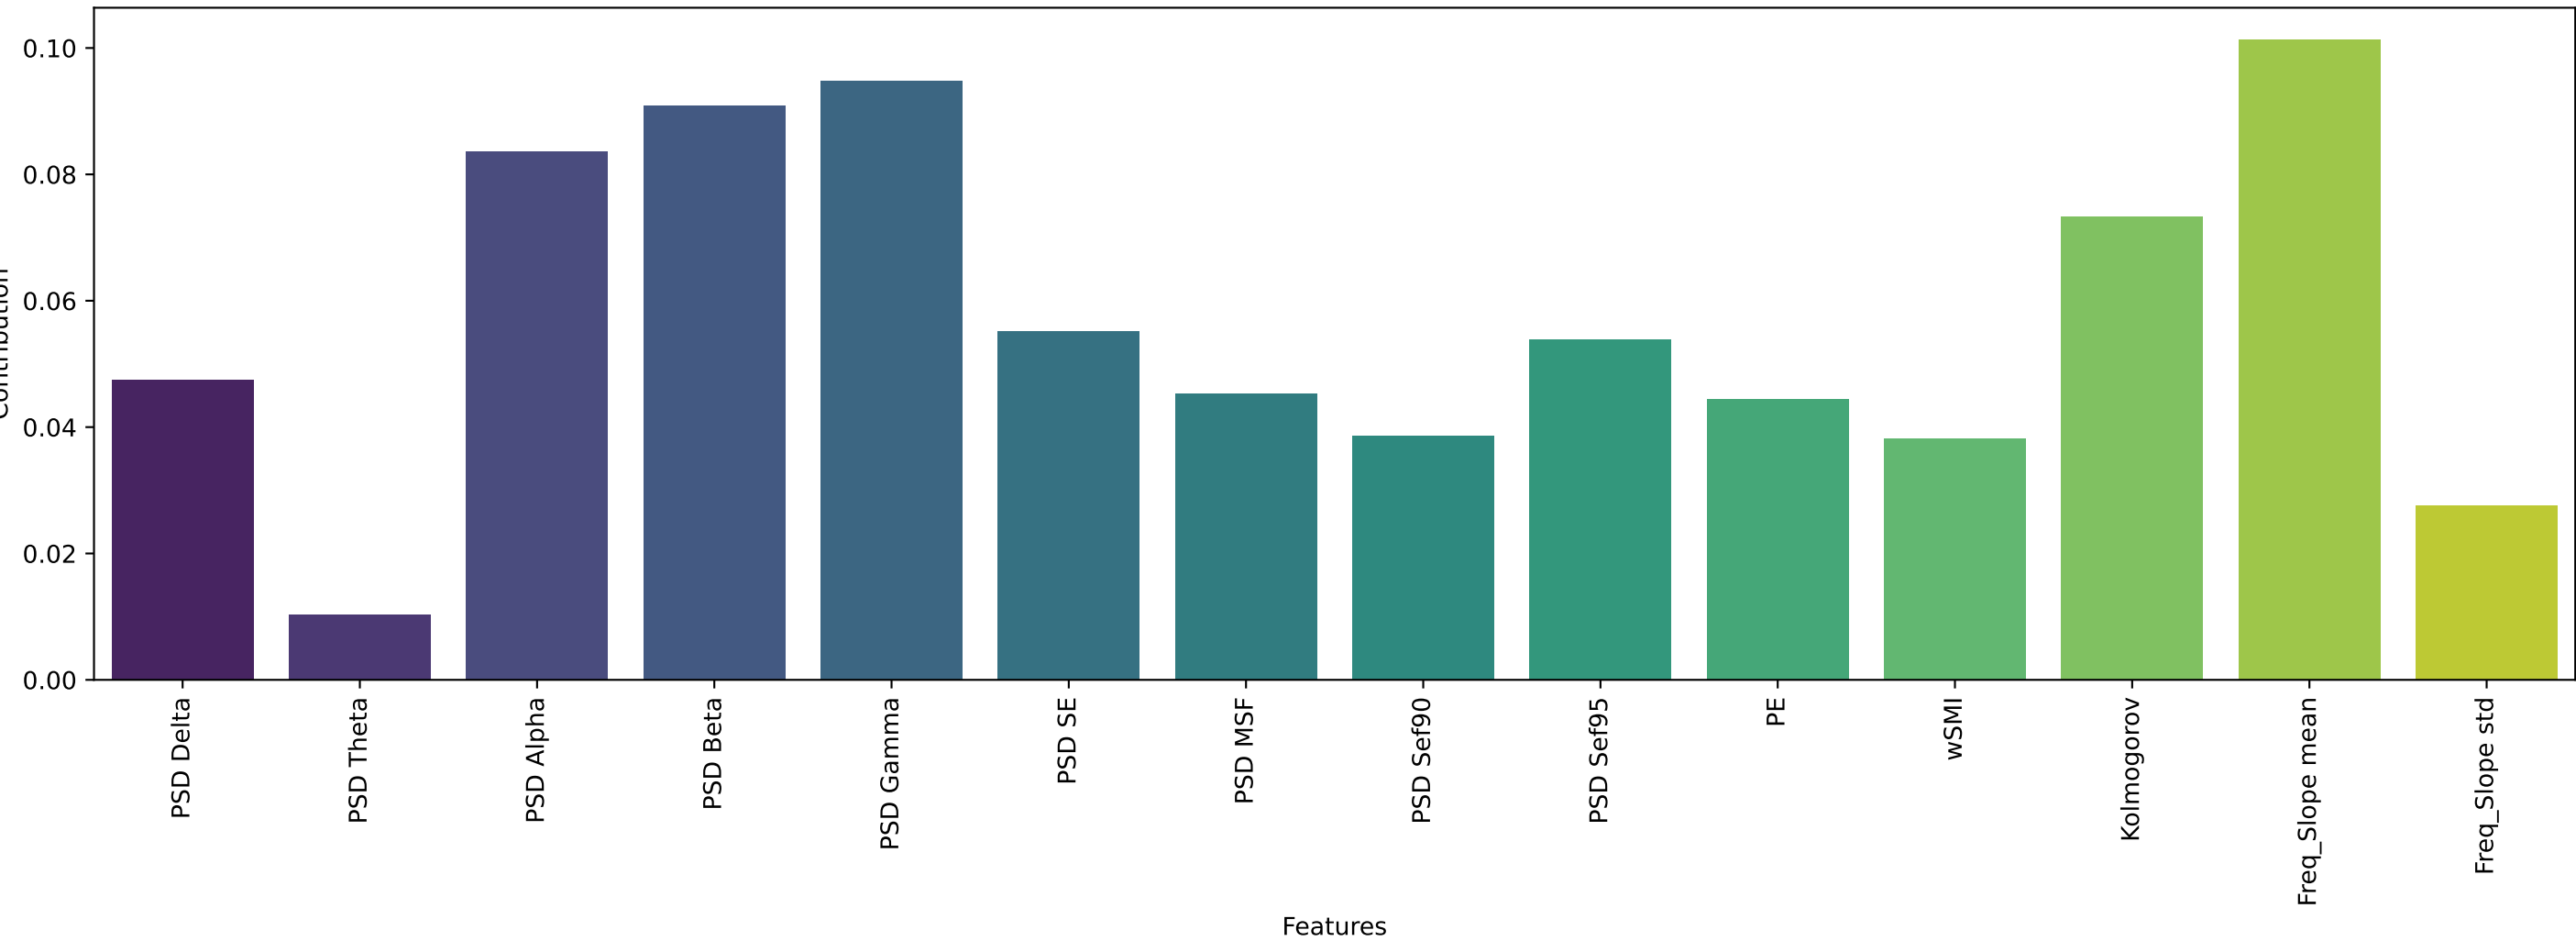

Clusters for Patient p44

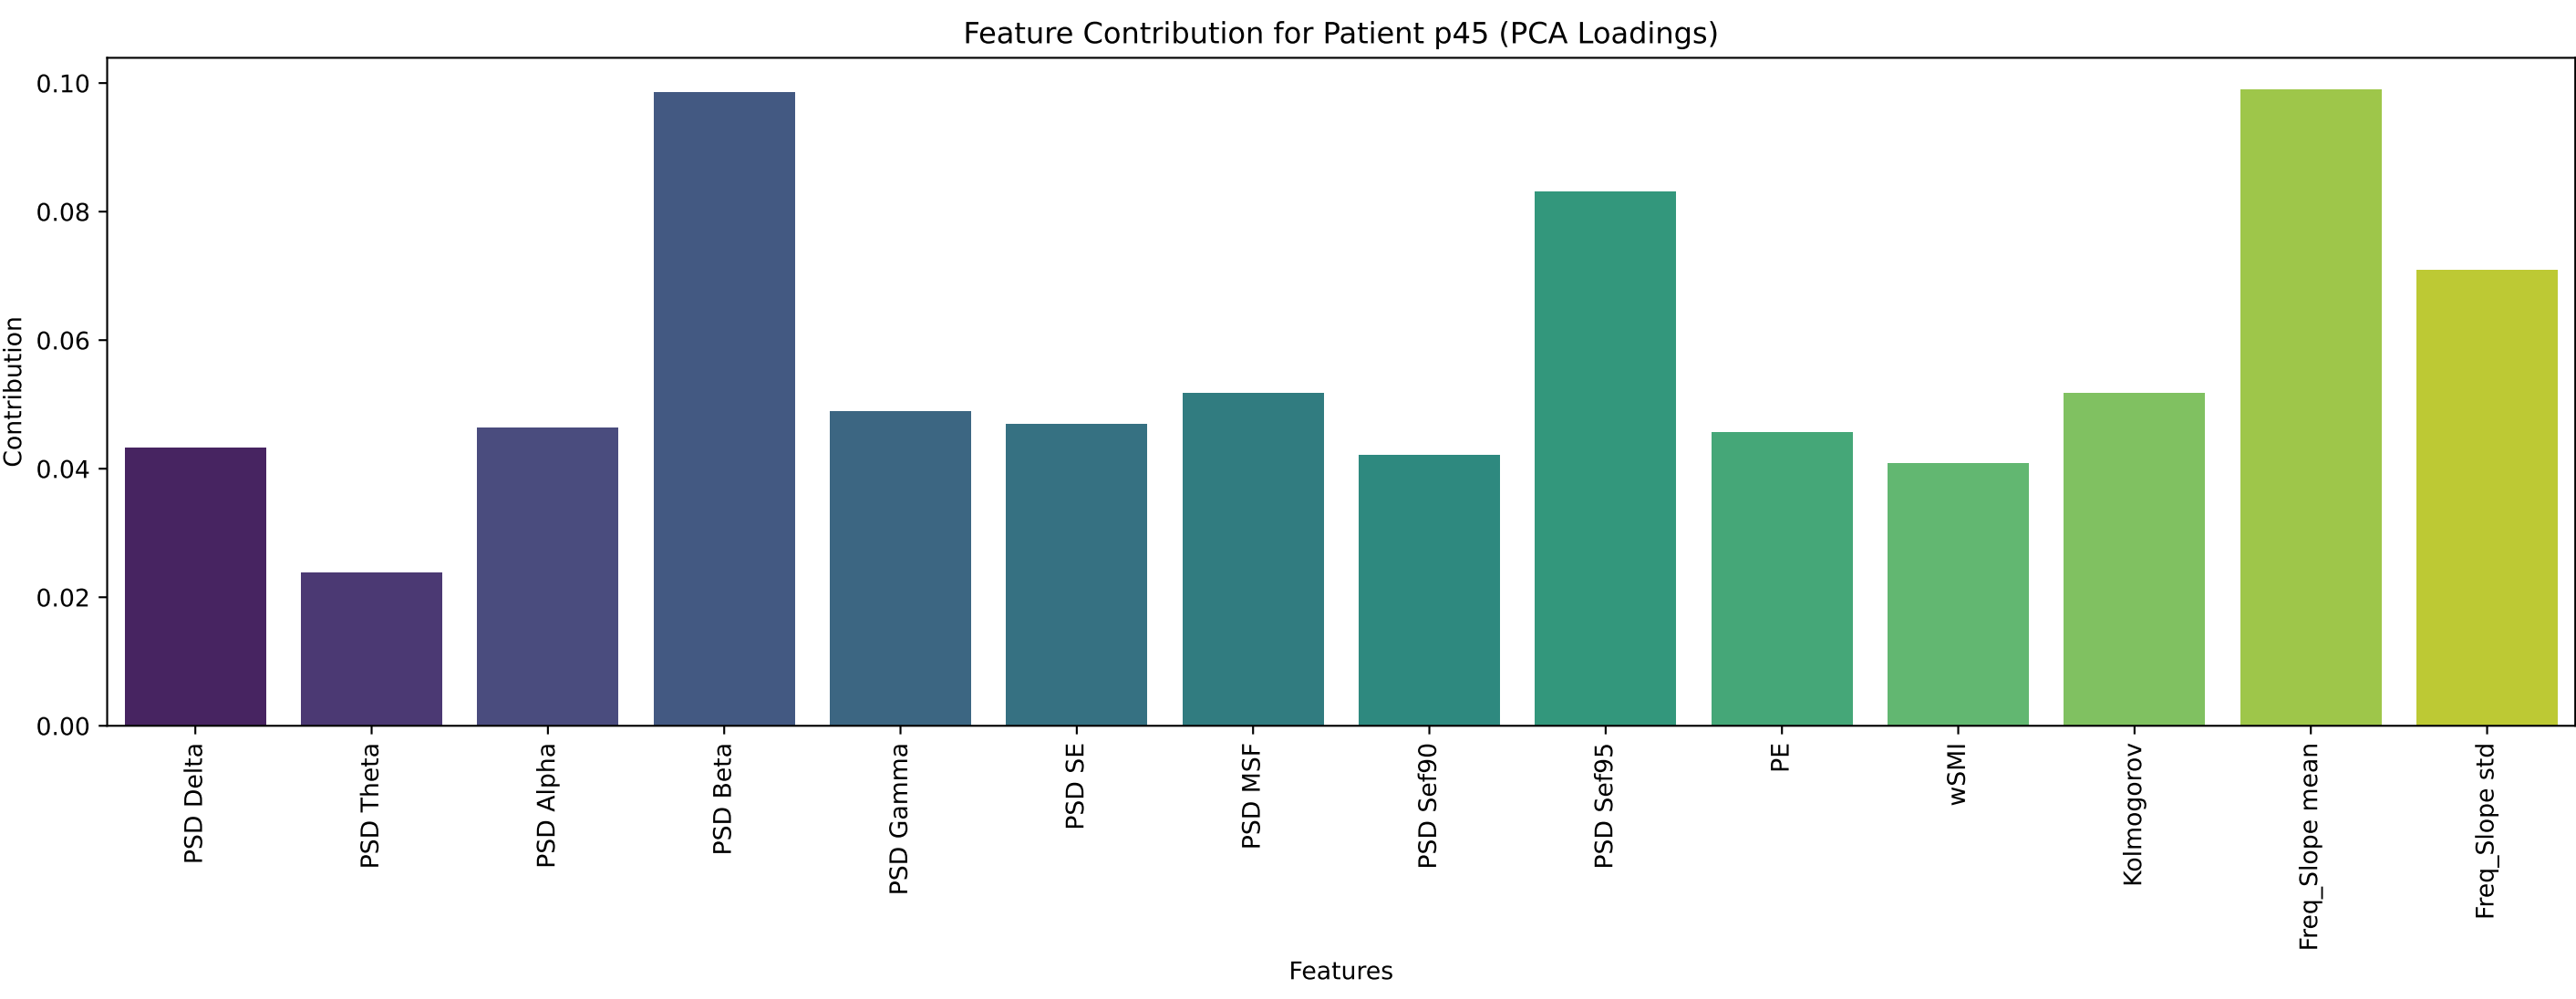

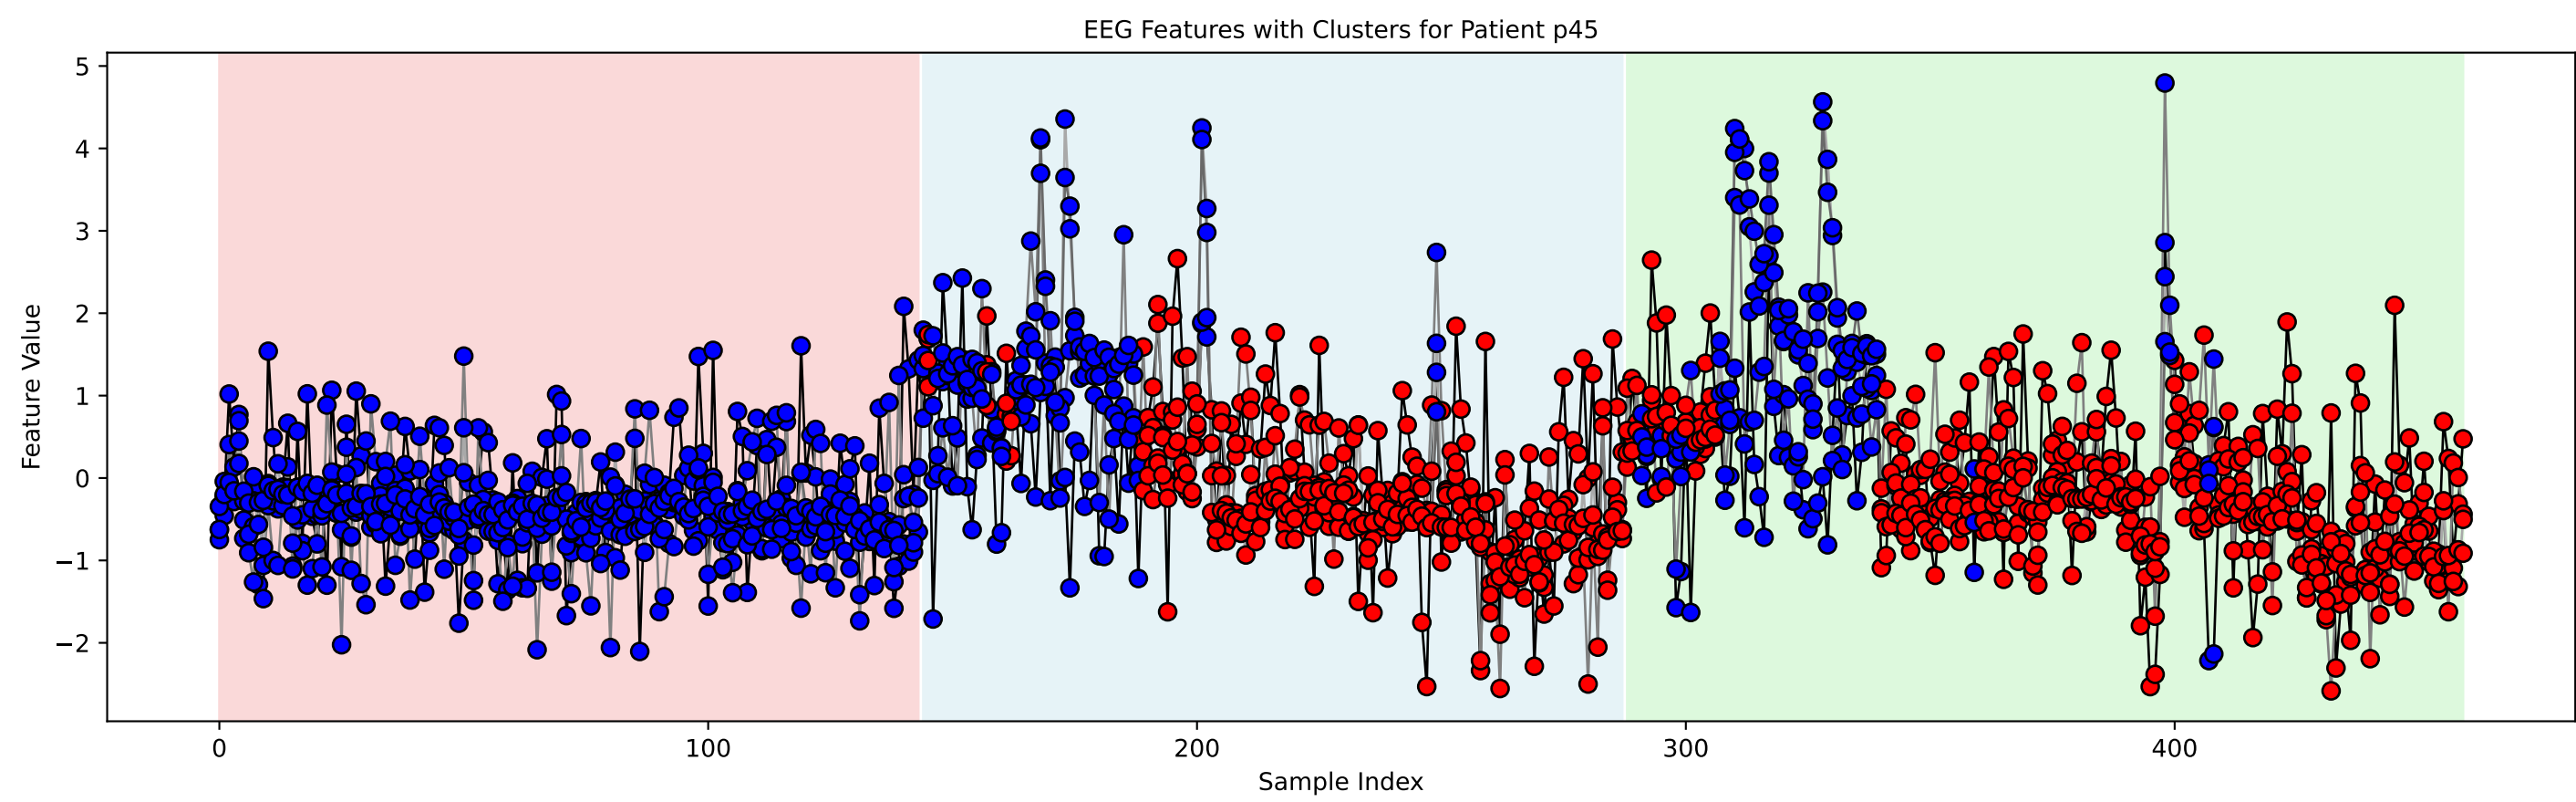

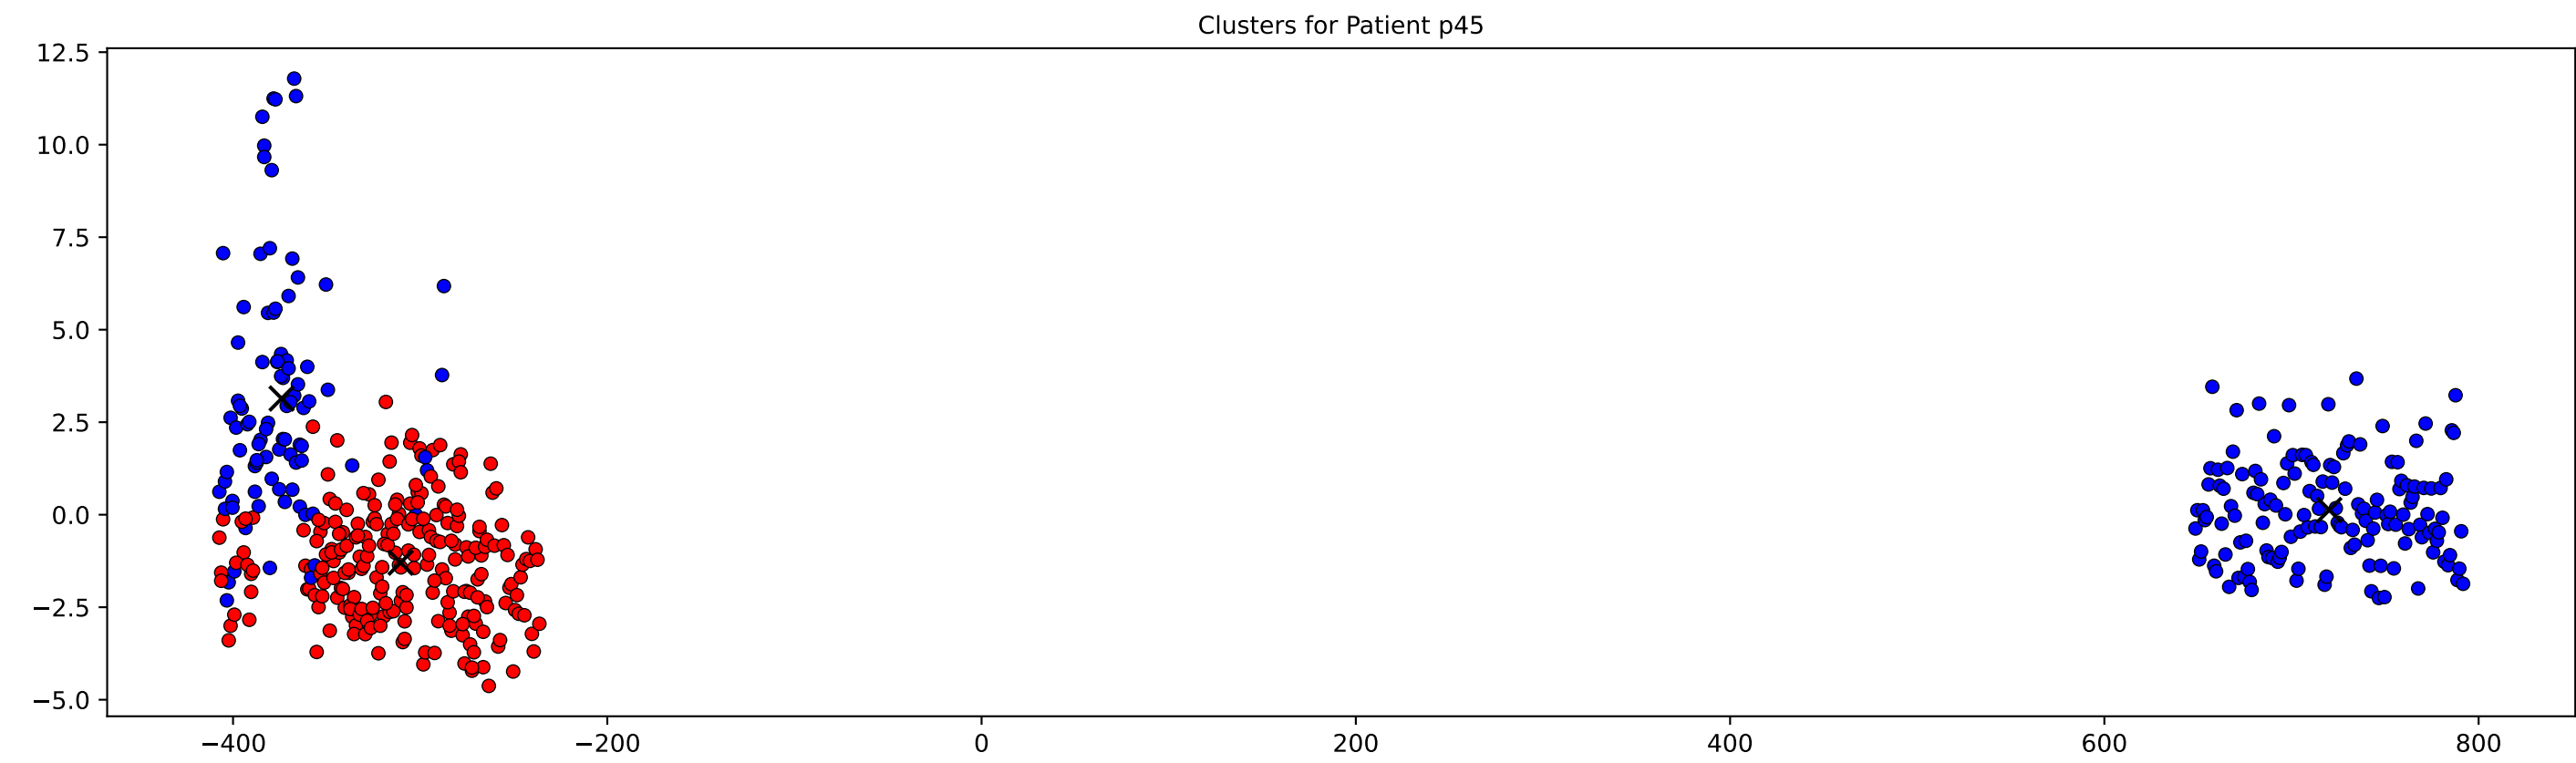

EEG Features with Clusters for Patient p44

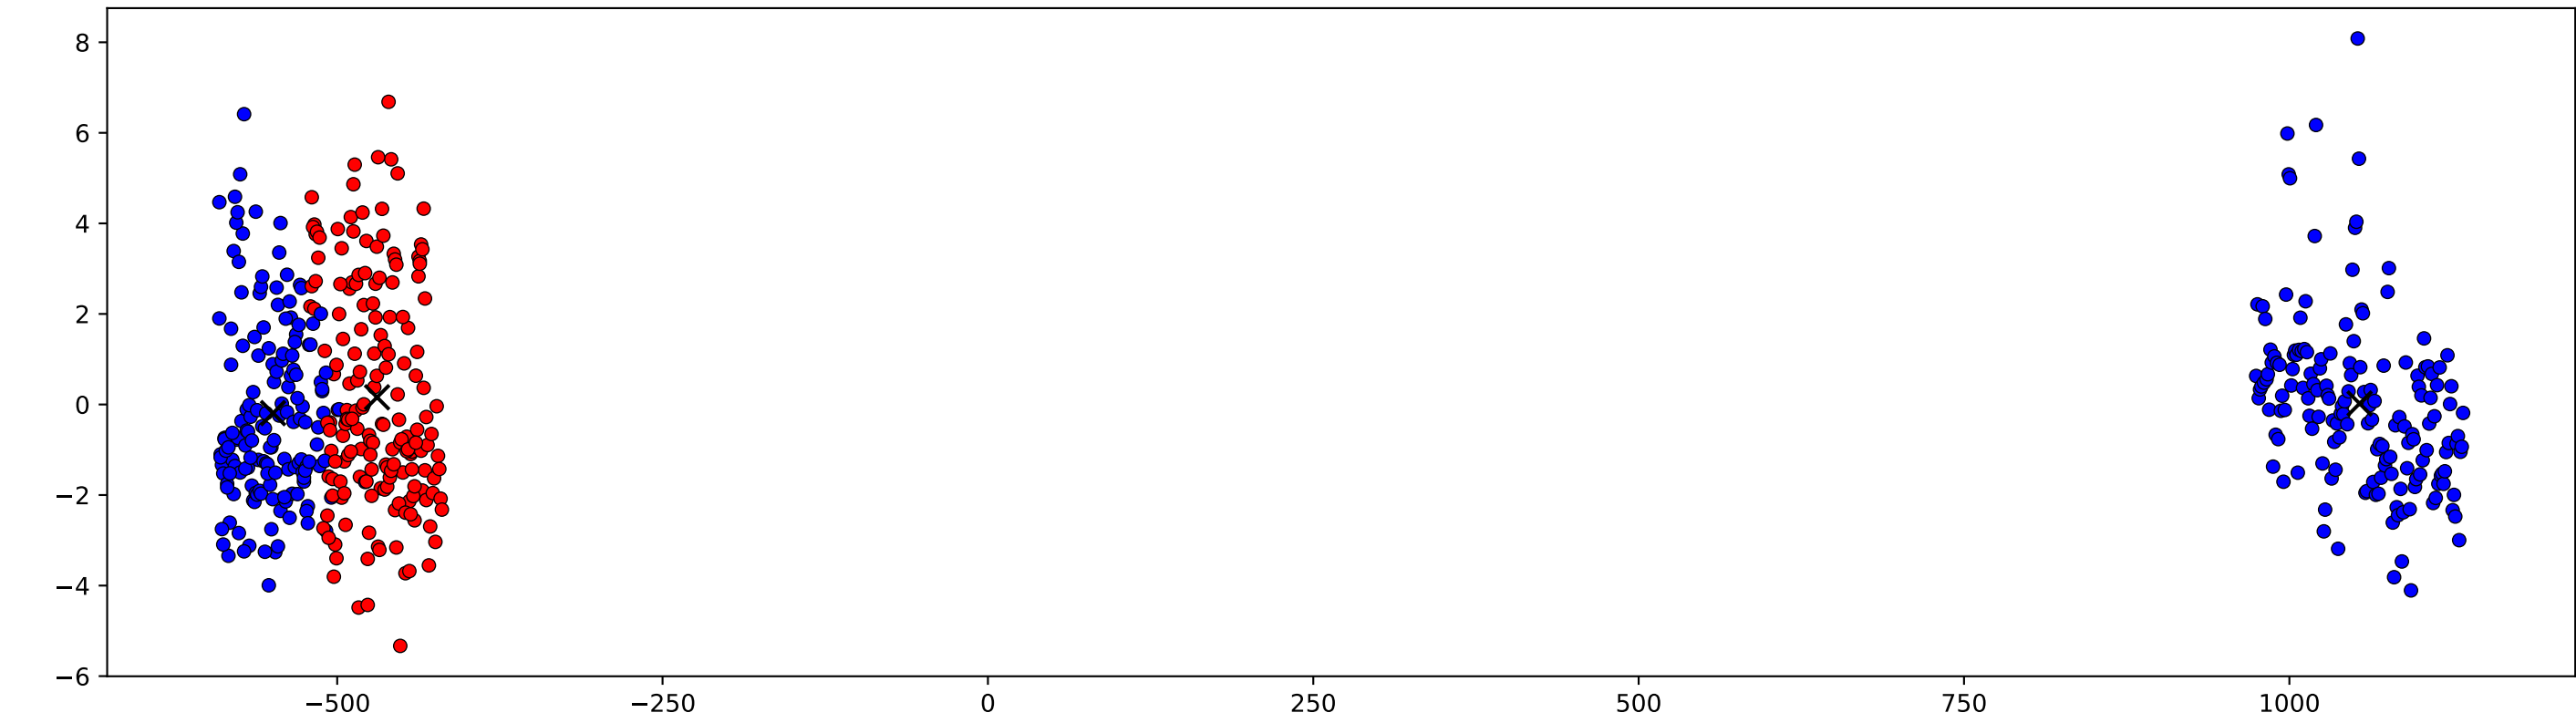

Feature Contribution for Patient p44 (PCA Loadings)

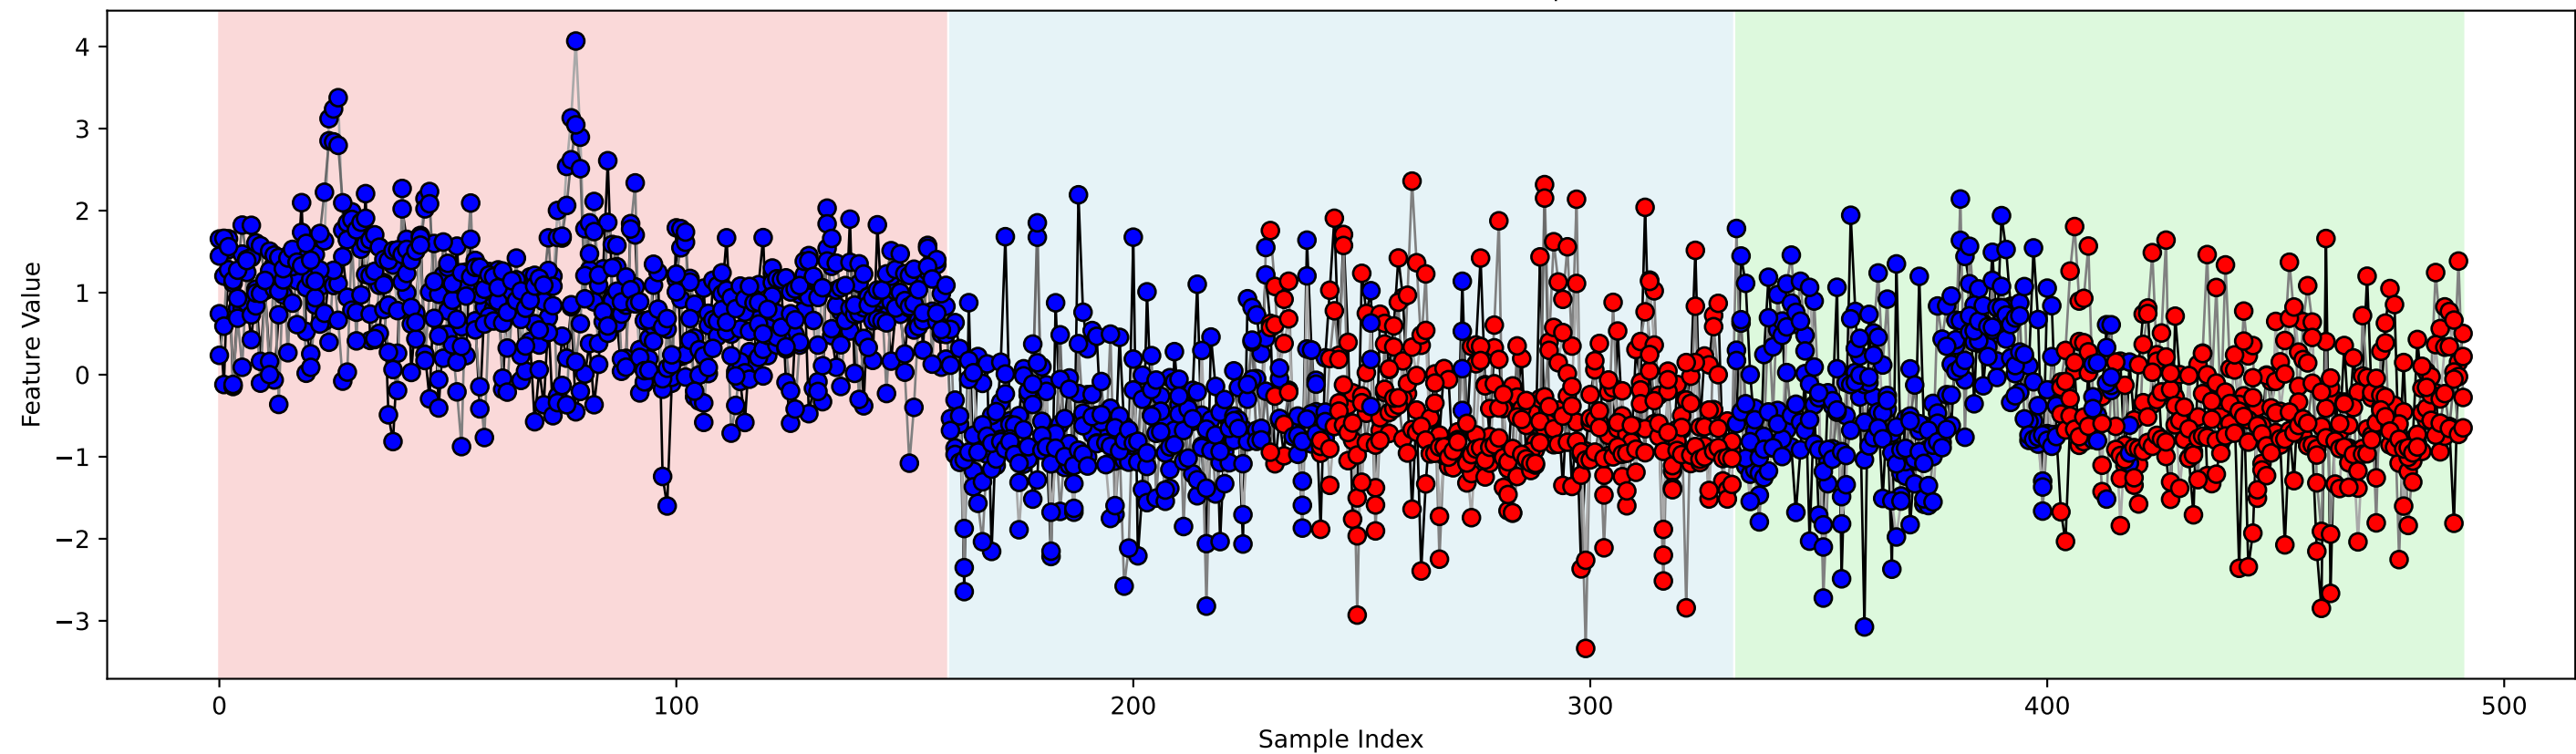

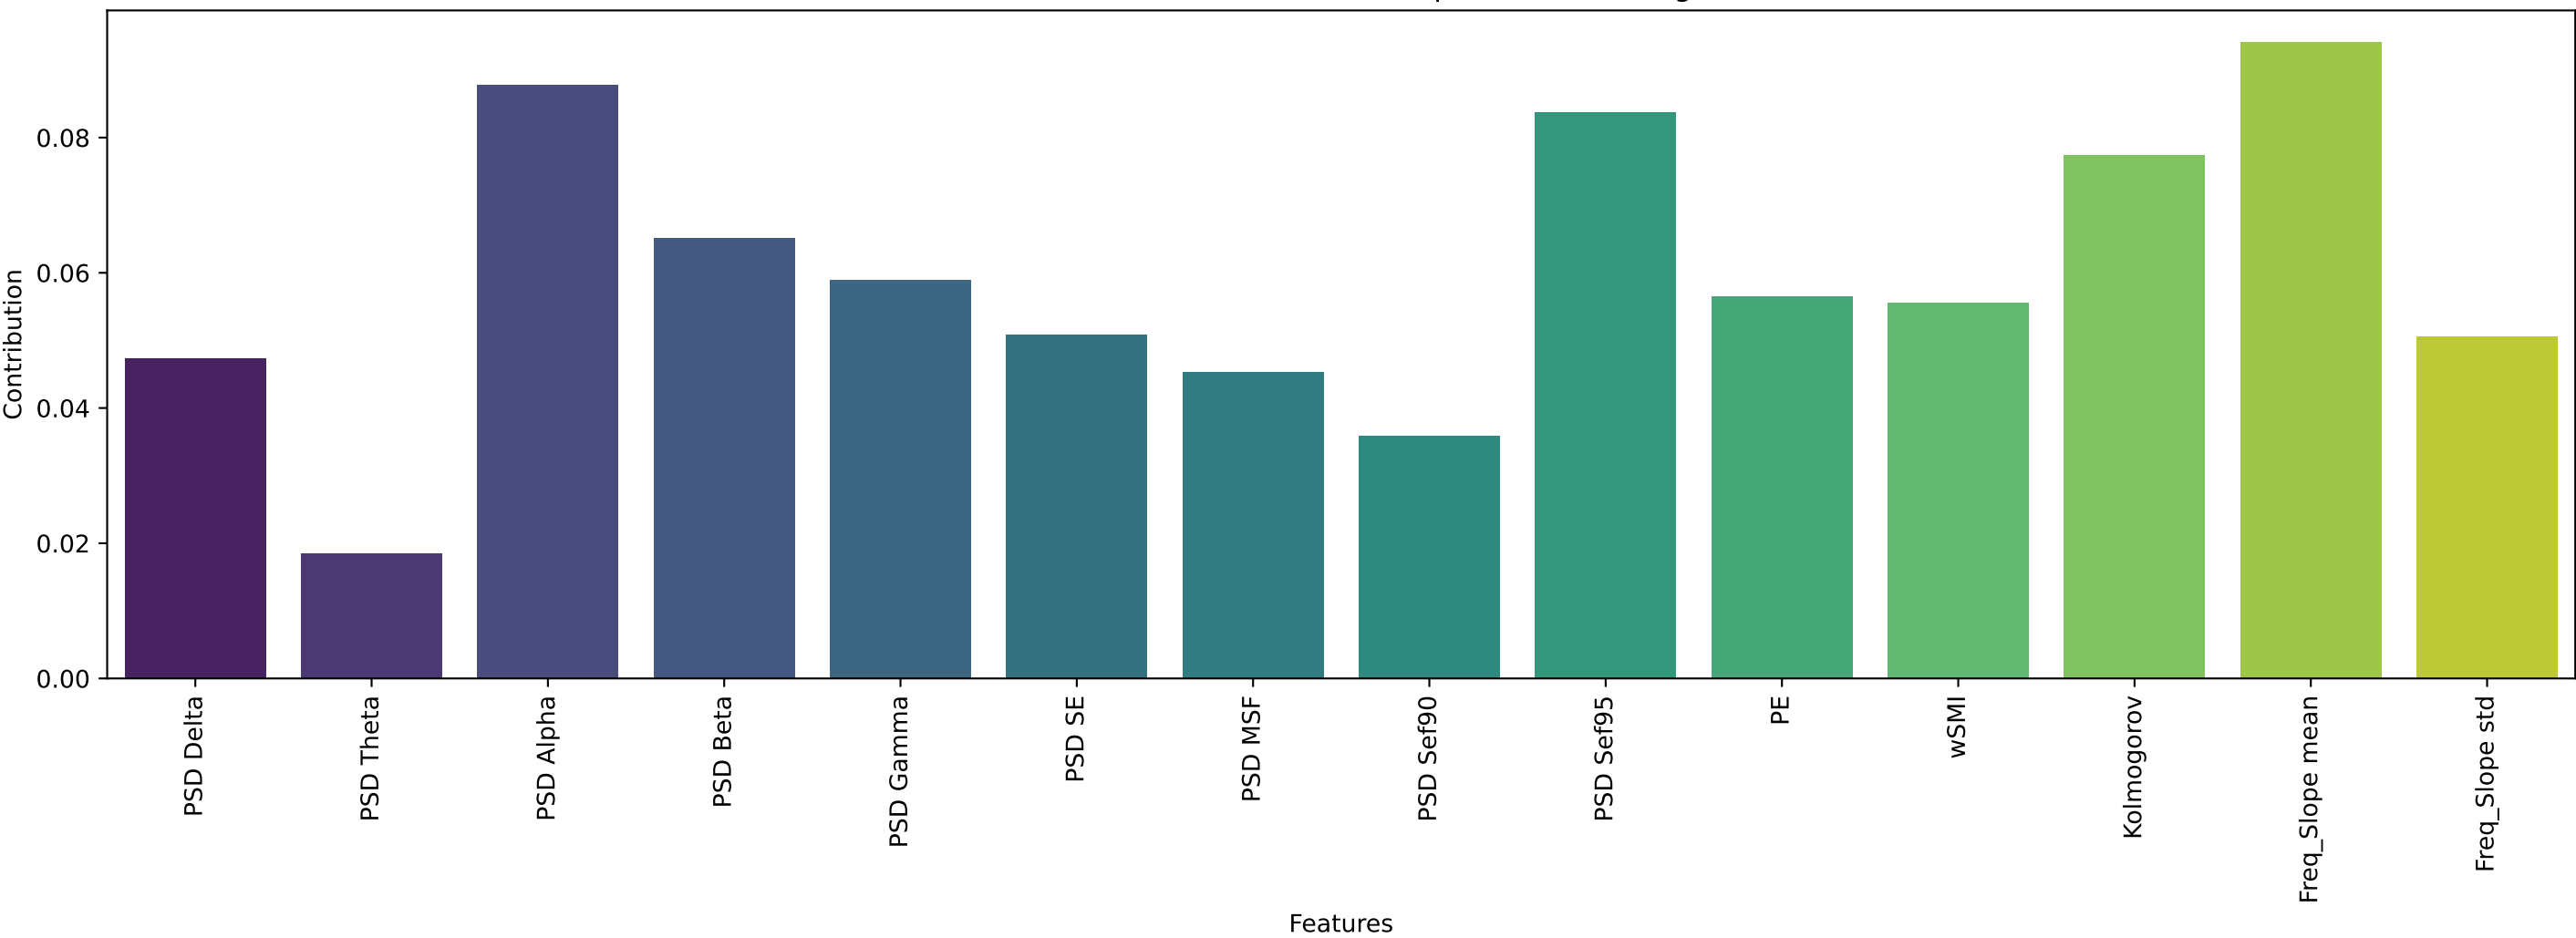

Clusters for Patient p46

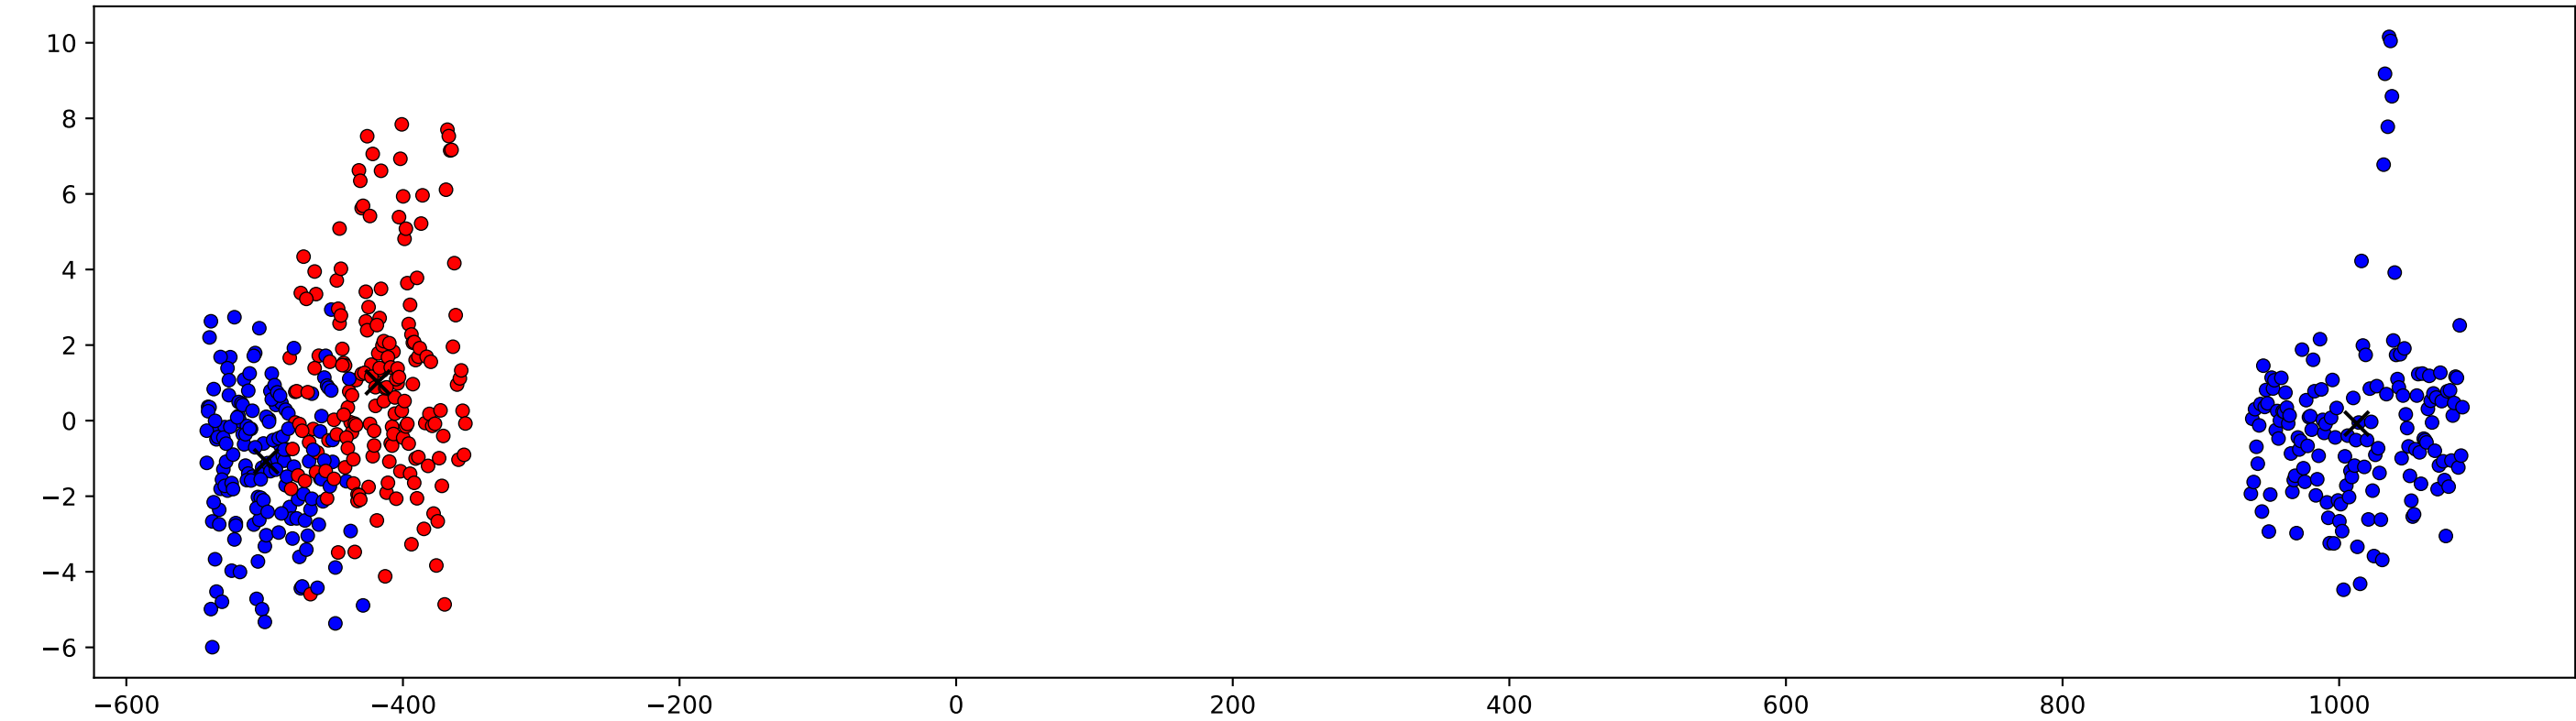

EEG Features with Clusters for Patient p46

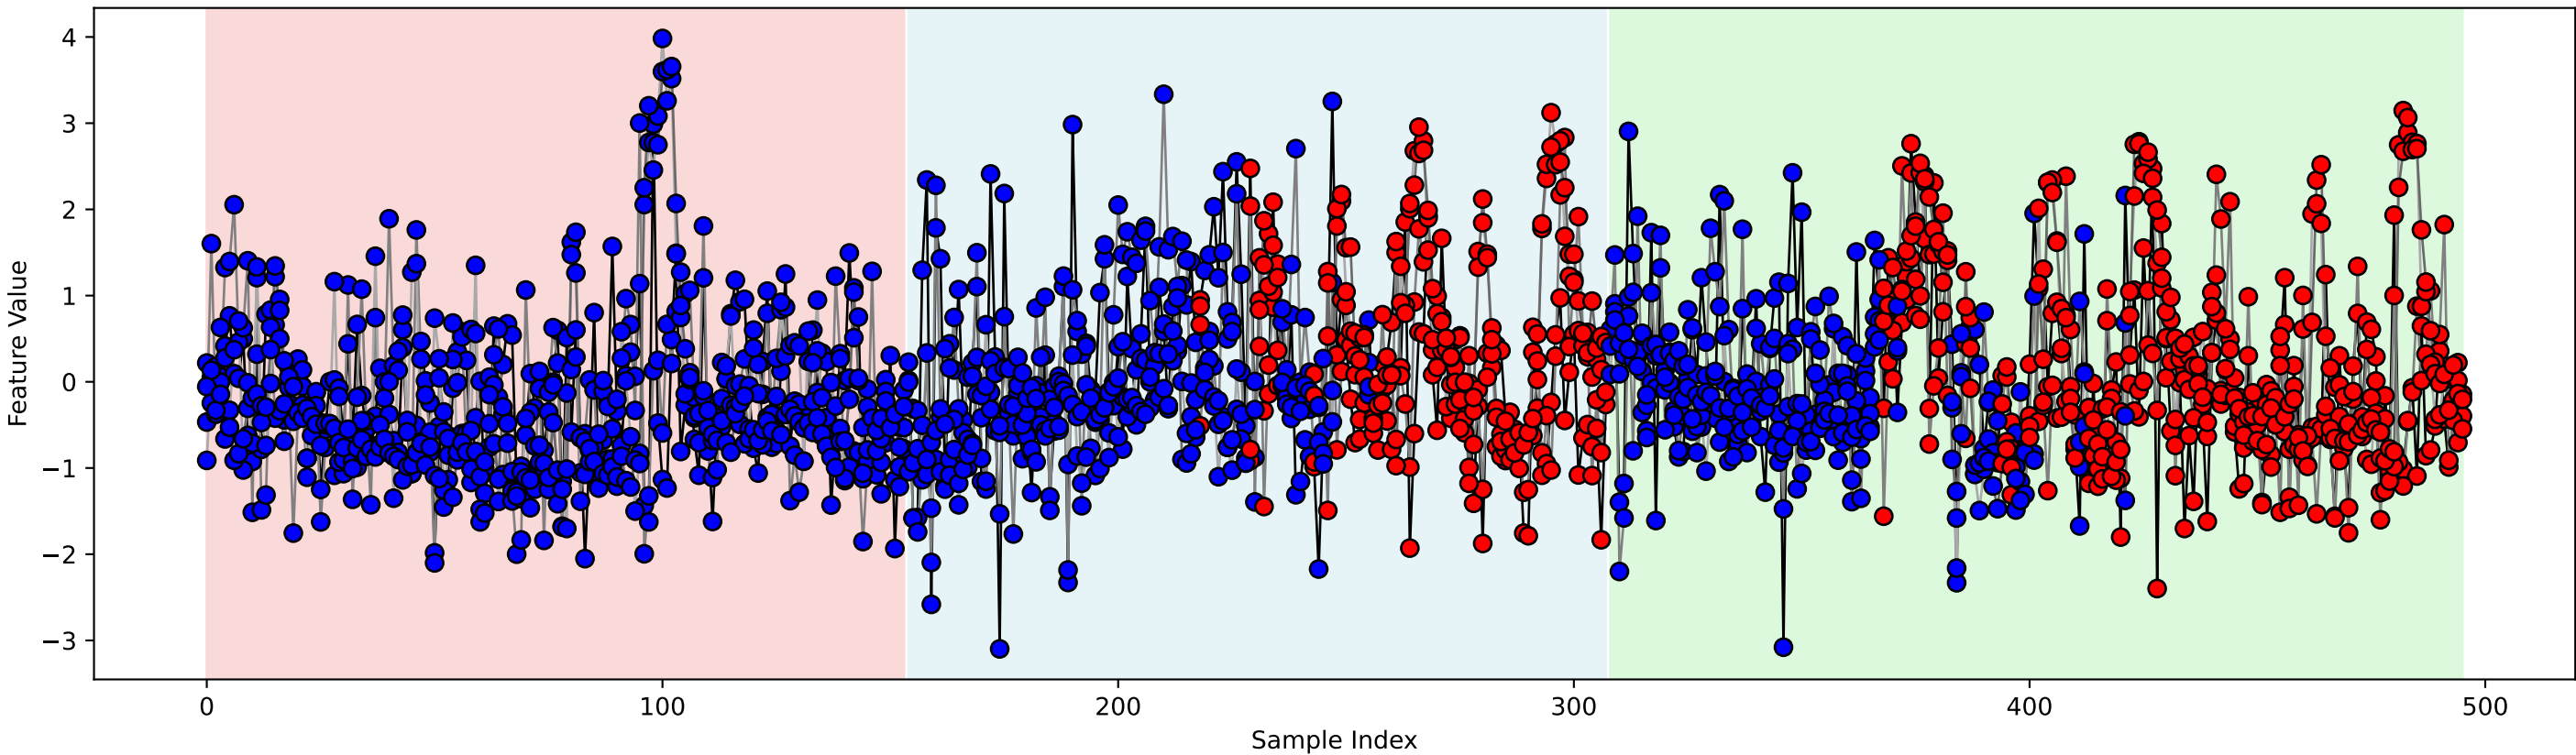

Feature Contribution for Patient p46 (PCA Loadings)

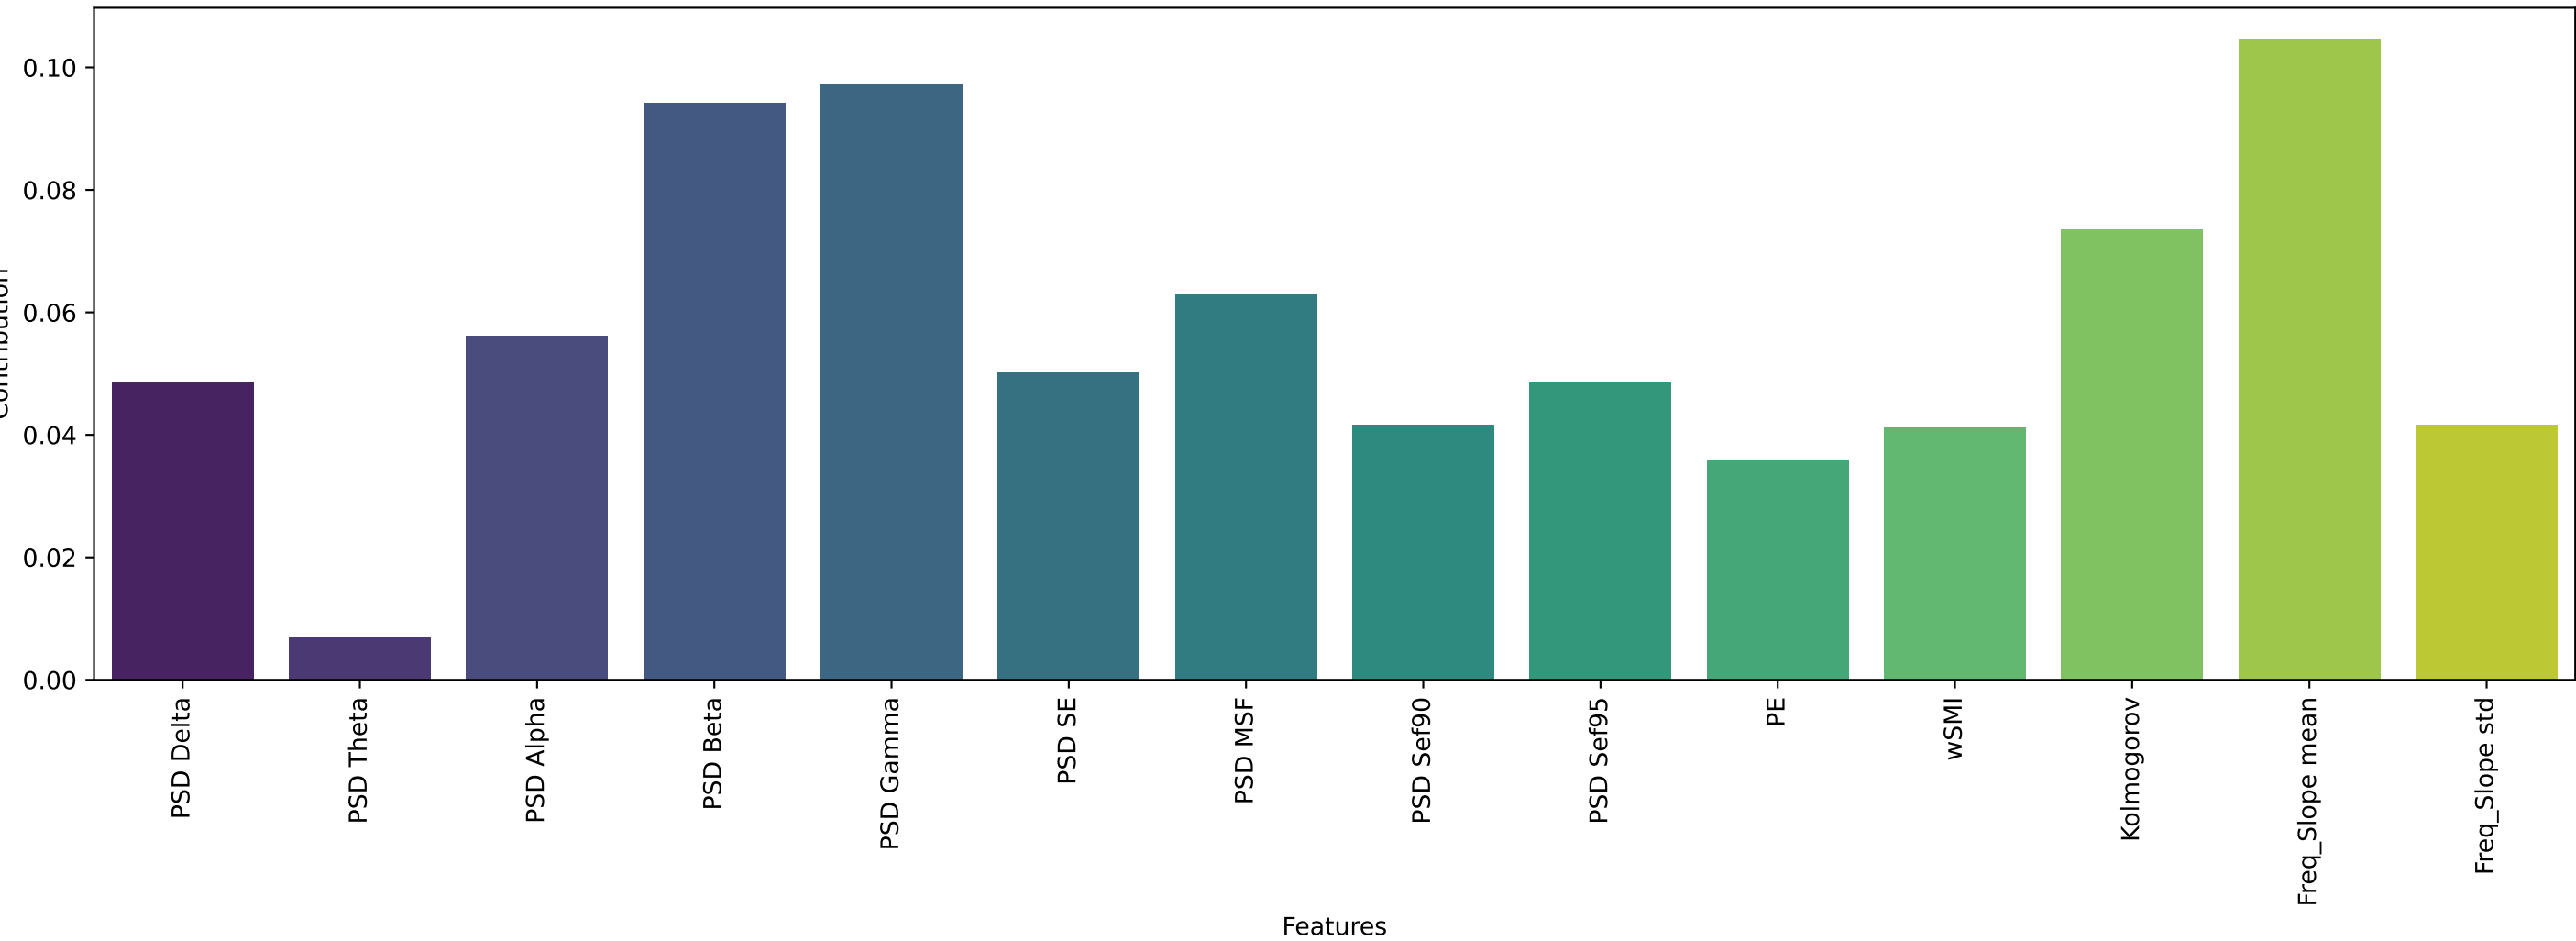

Clusters for Patient p47

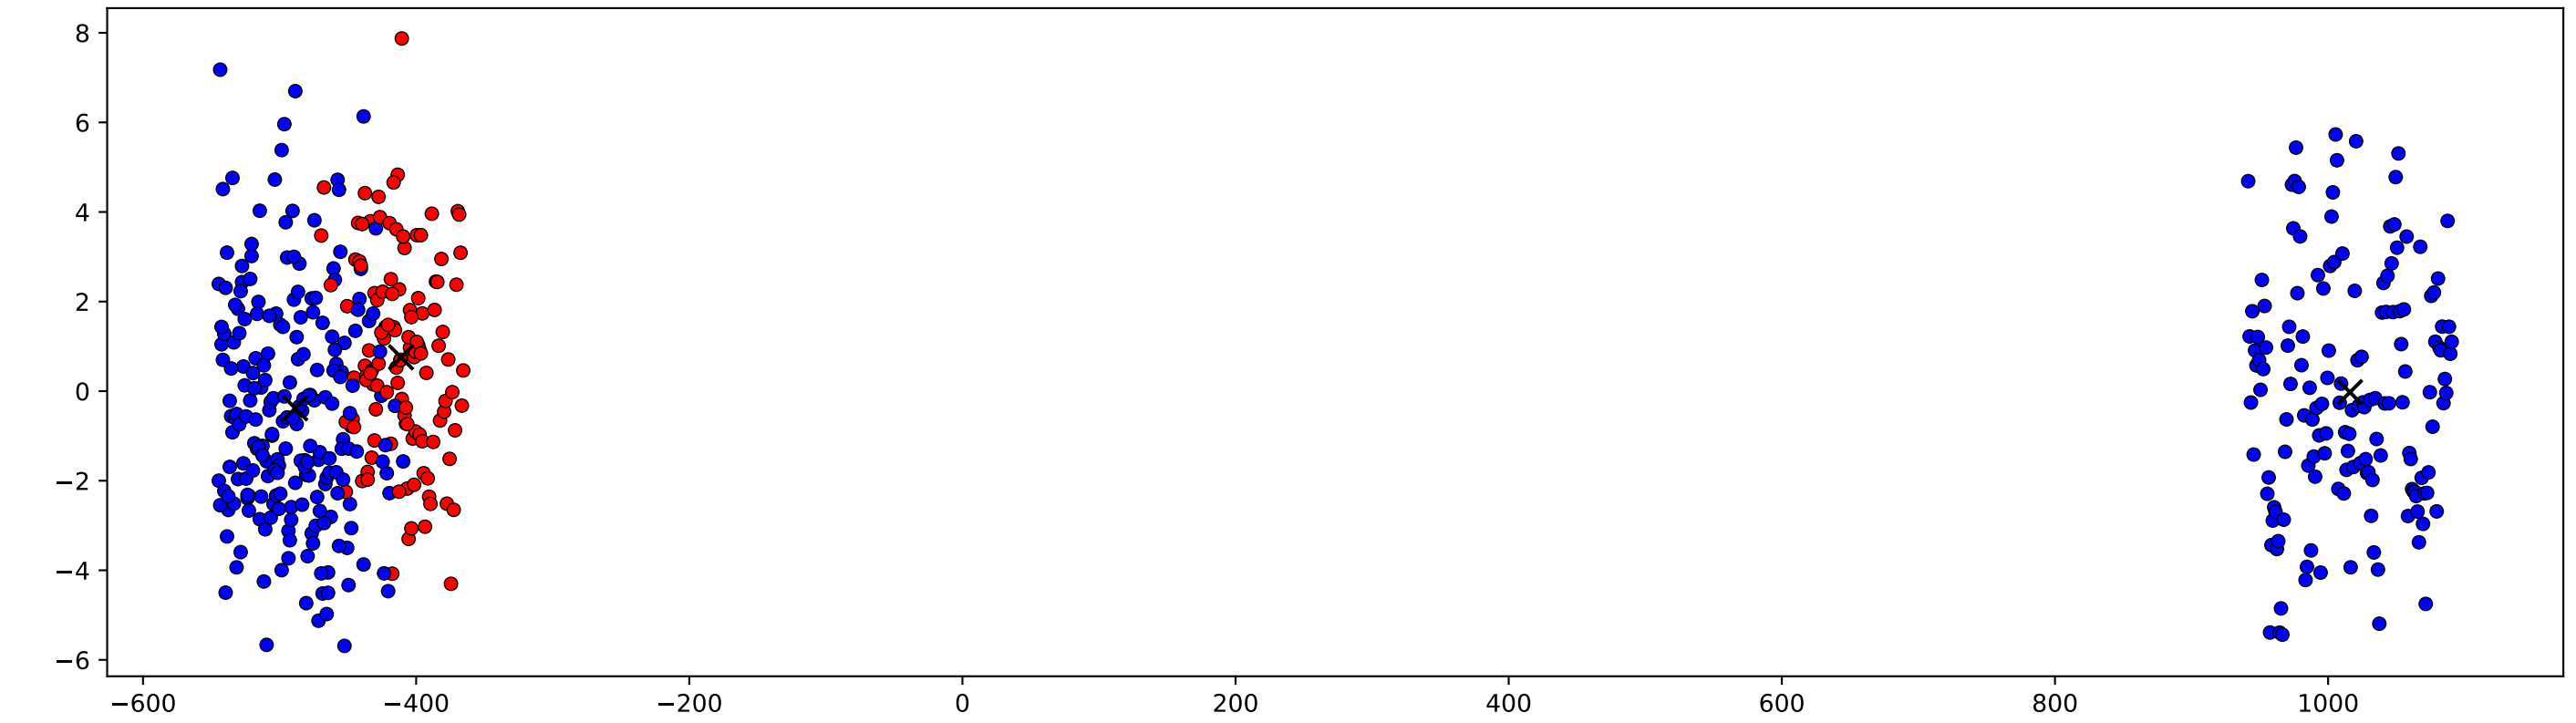

EEG Features with Clusters for Patient p47

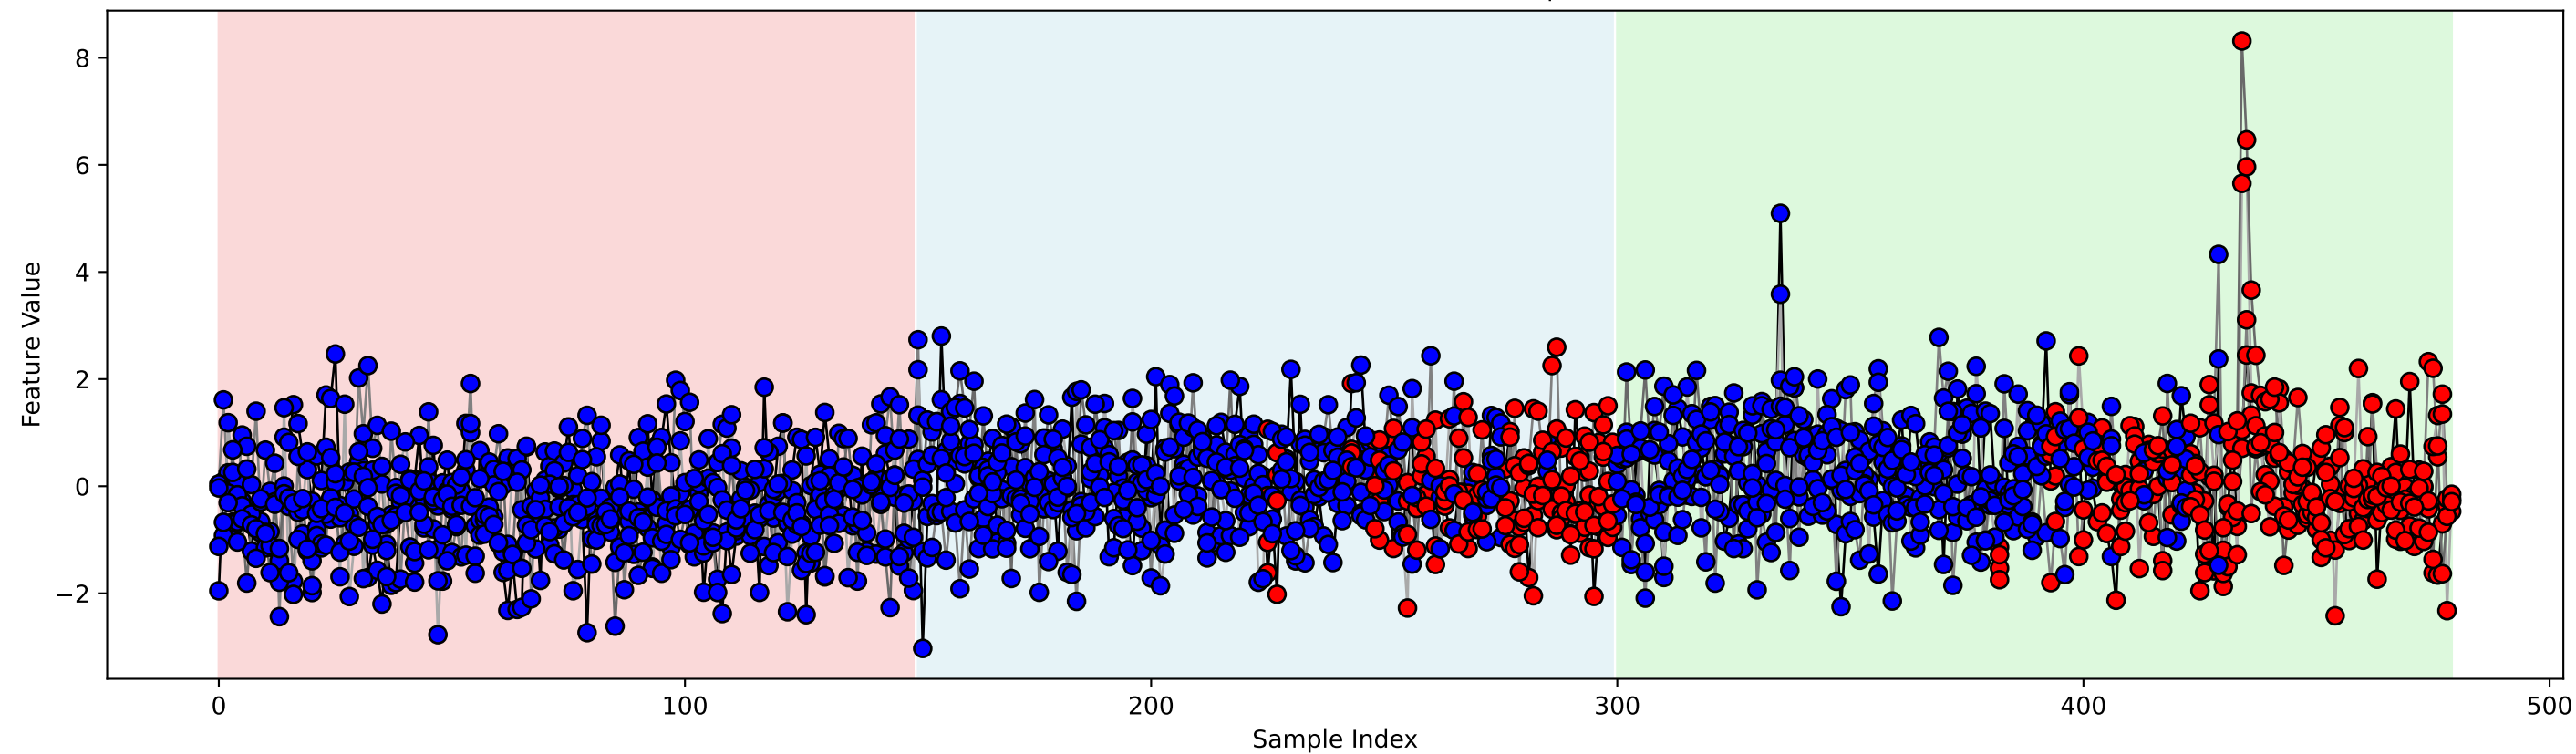

Feature Contribution for Patient p47 (PCA Loadings)

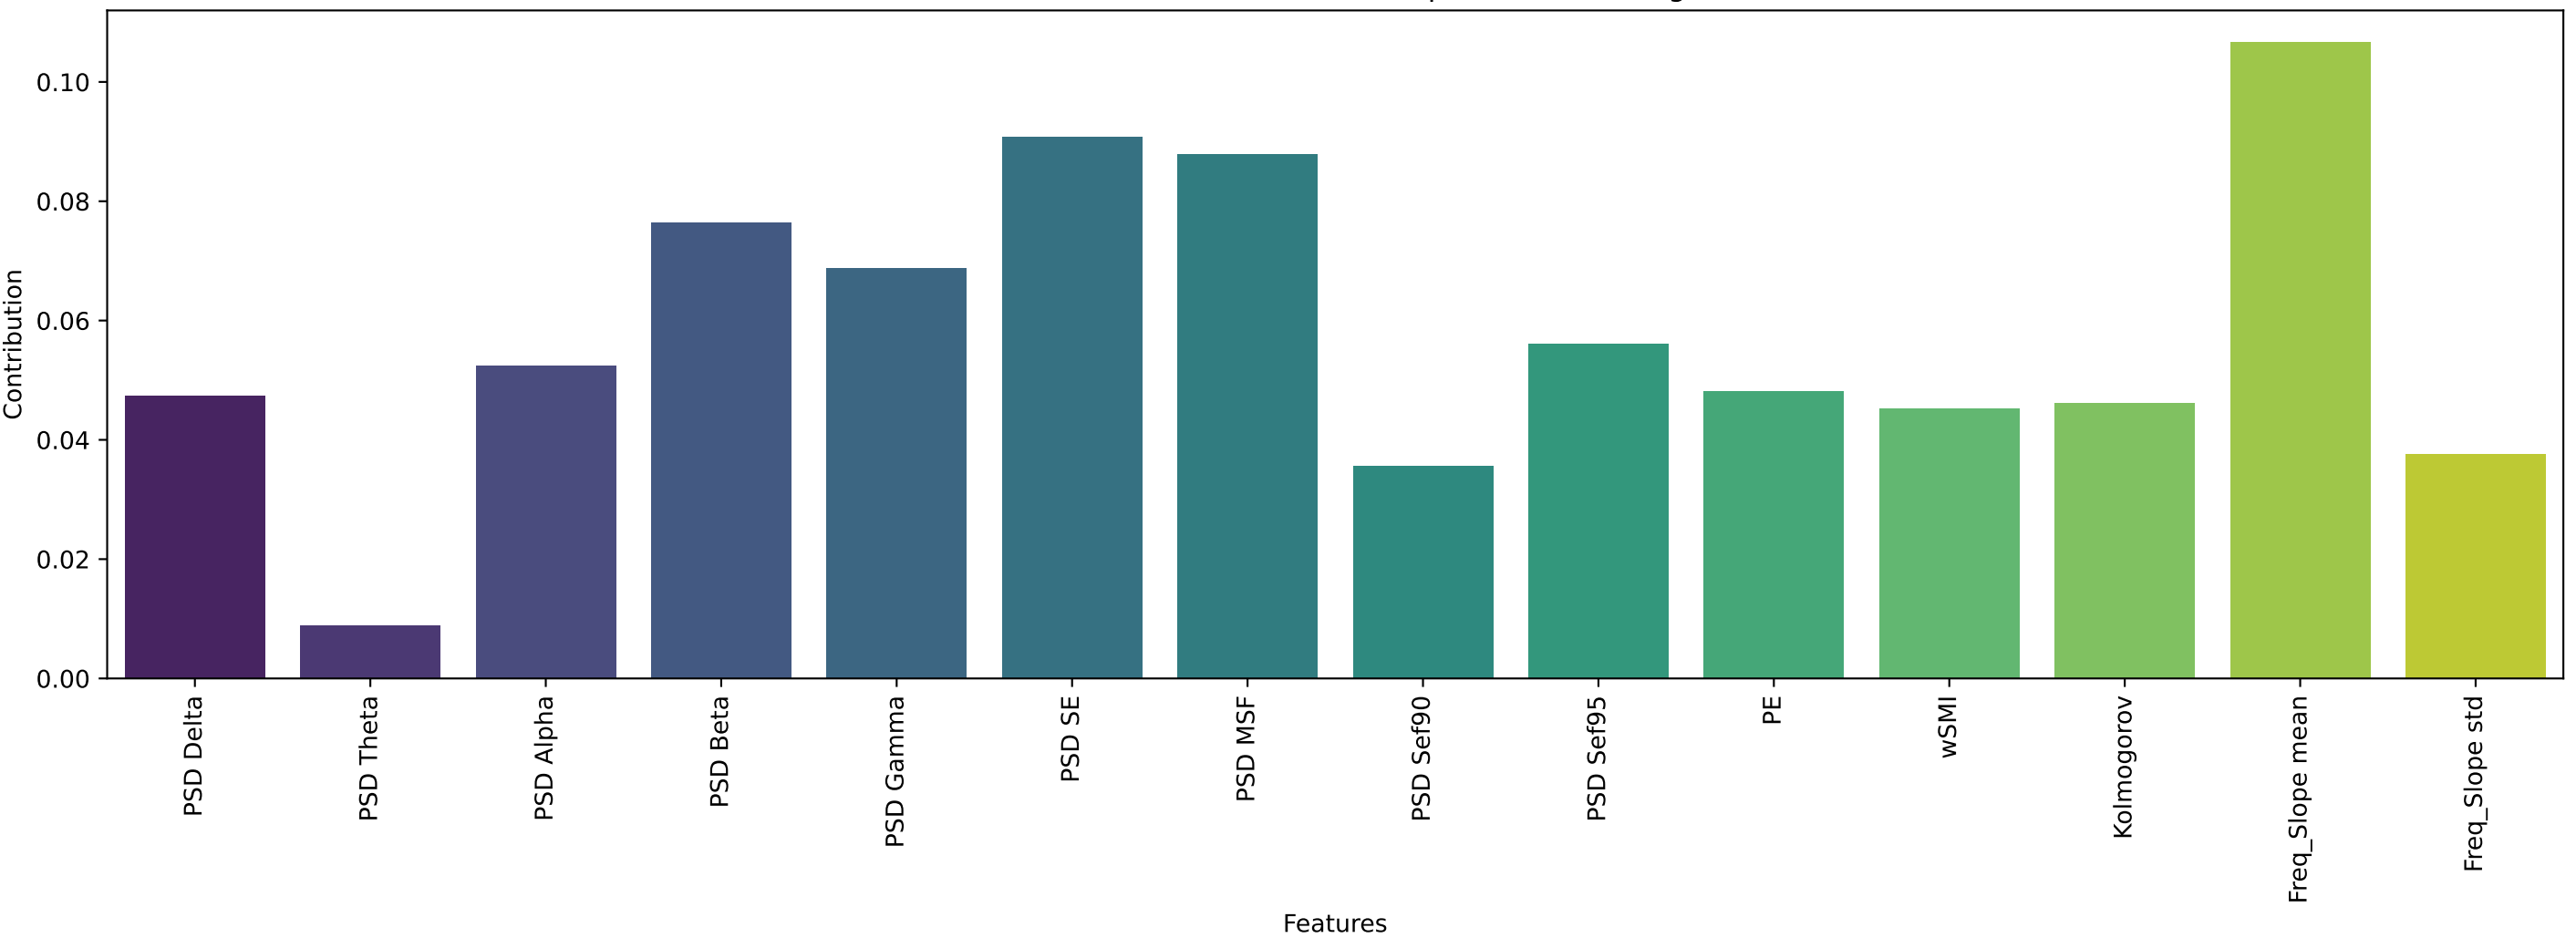

Clusters for Patient p48

EEG Features with Clusters for Patient p48

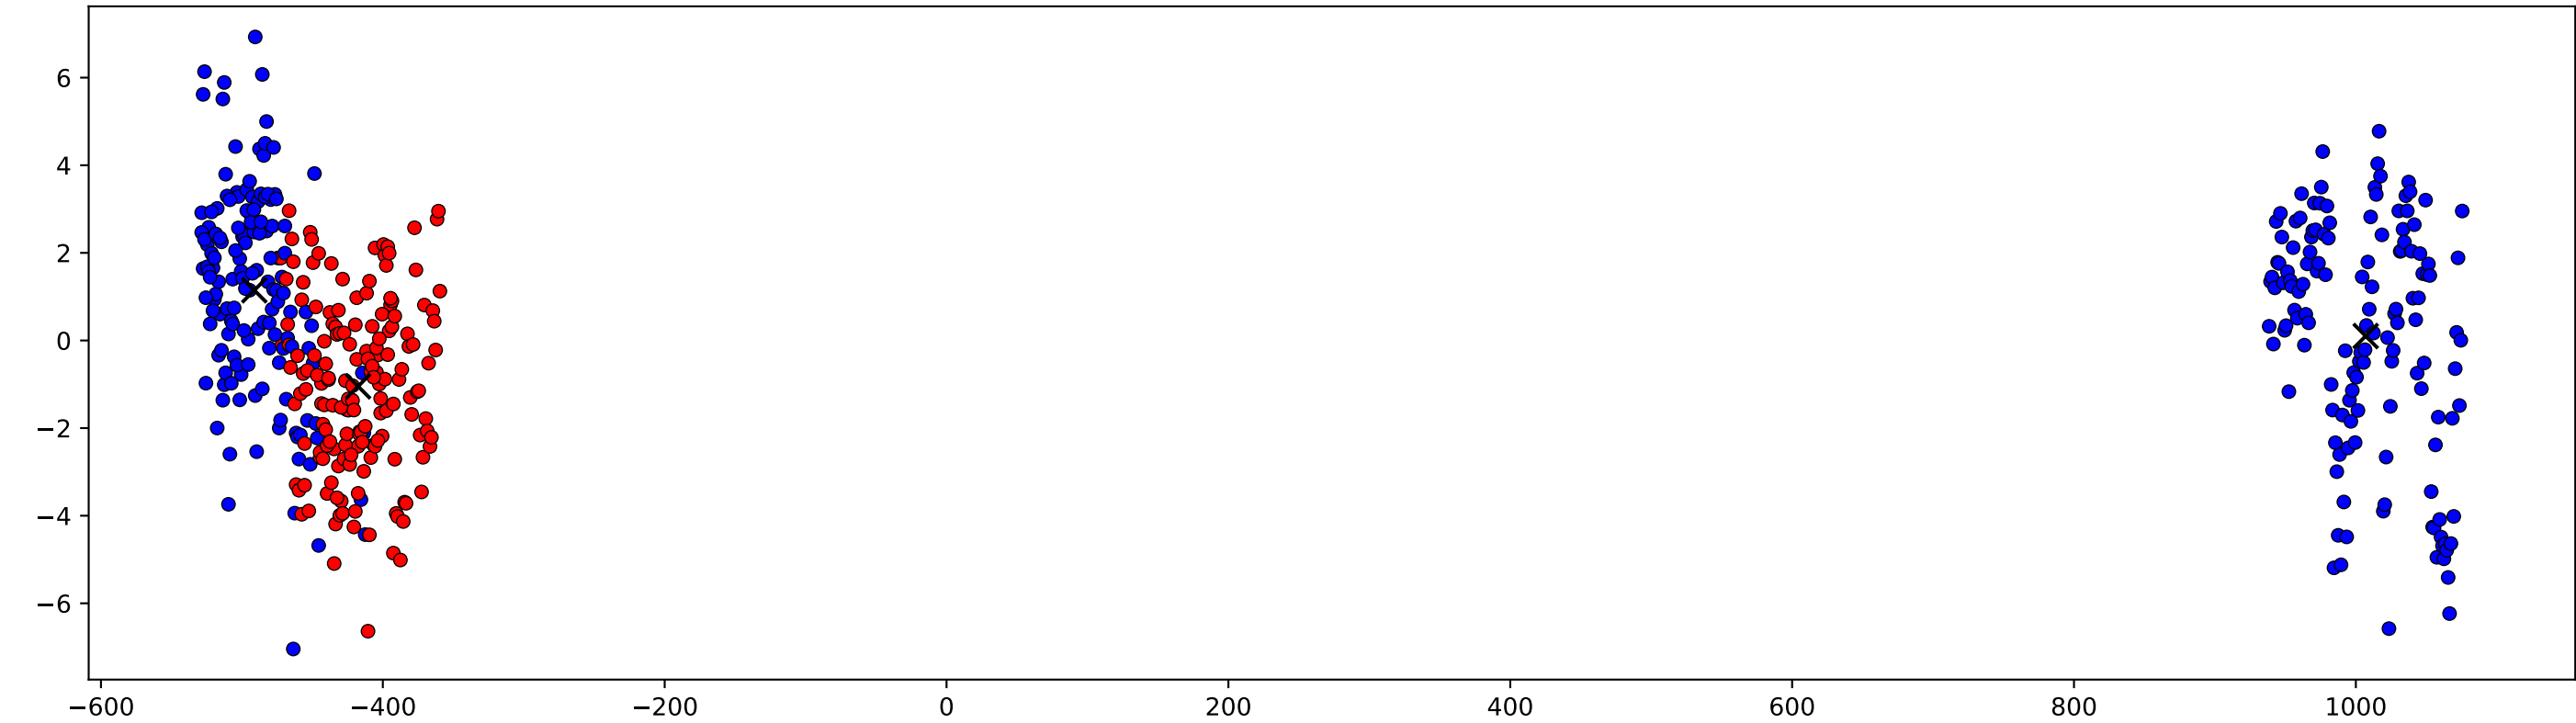

Feature Contribution for Patient p48 (PCA Loadings)

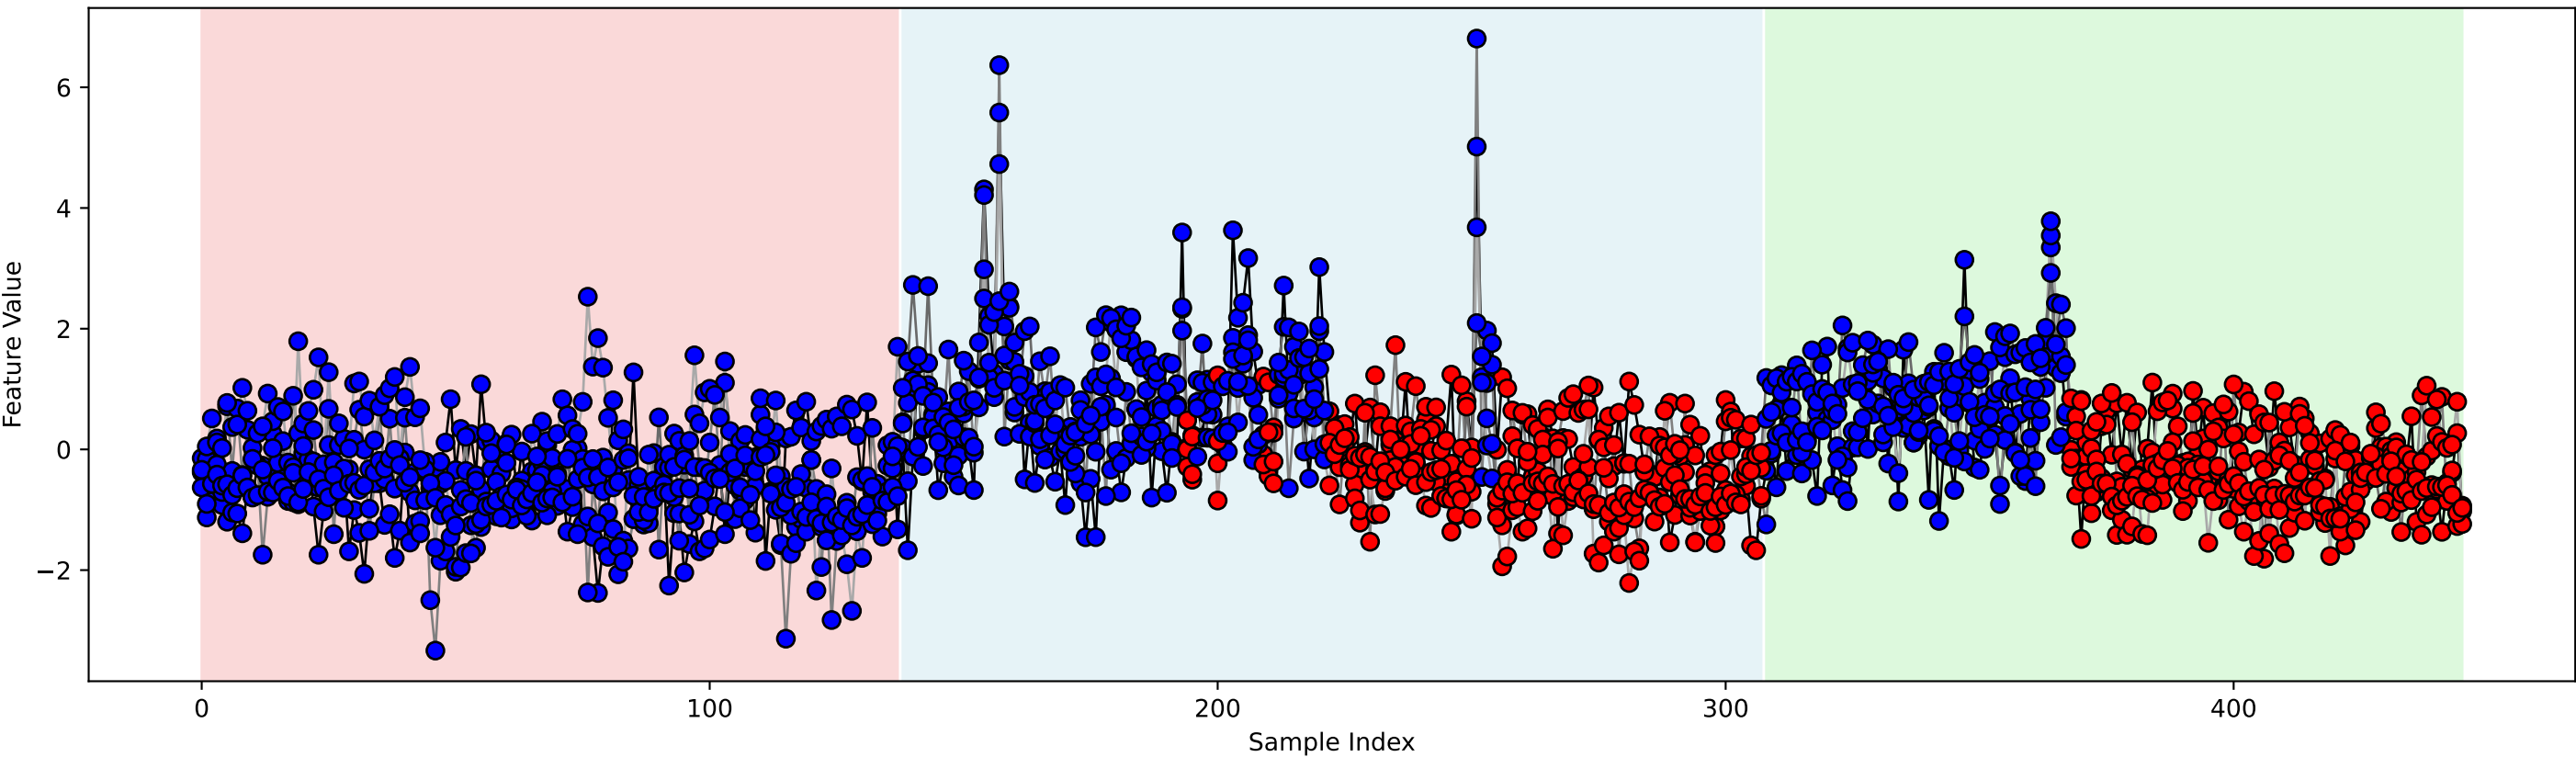

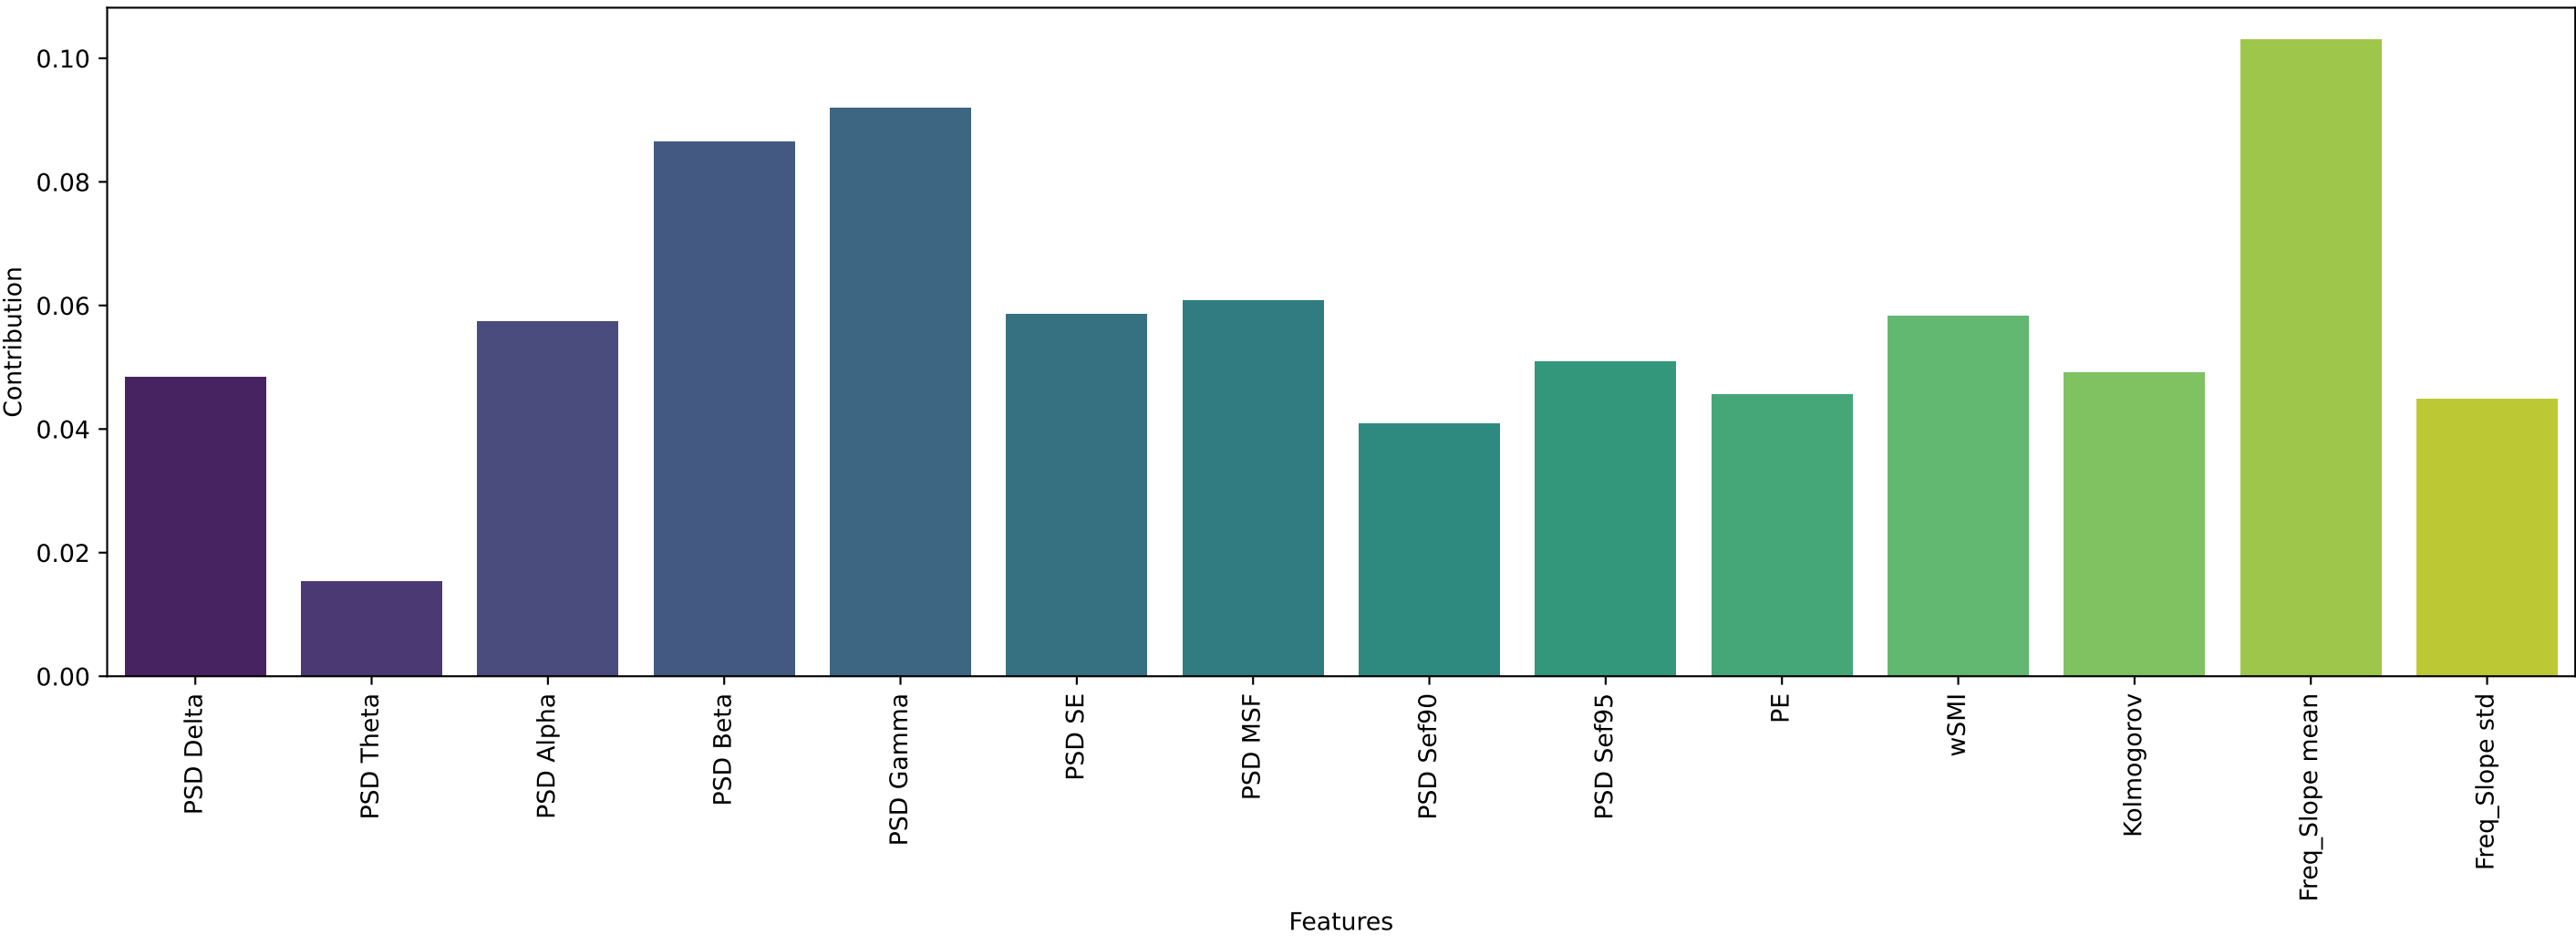

Clusters for Patient p49

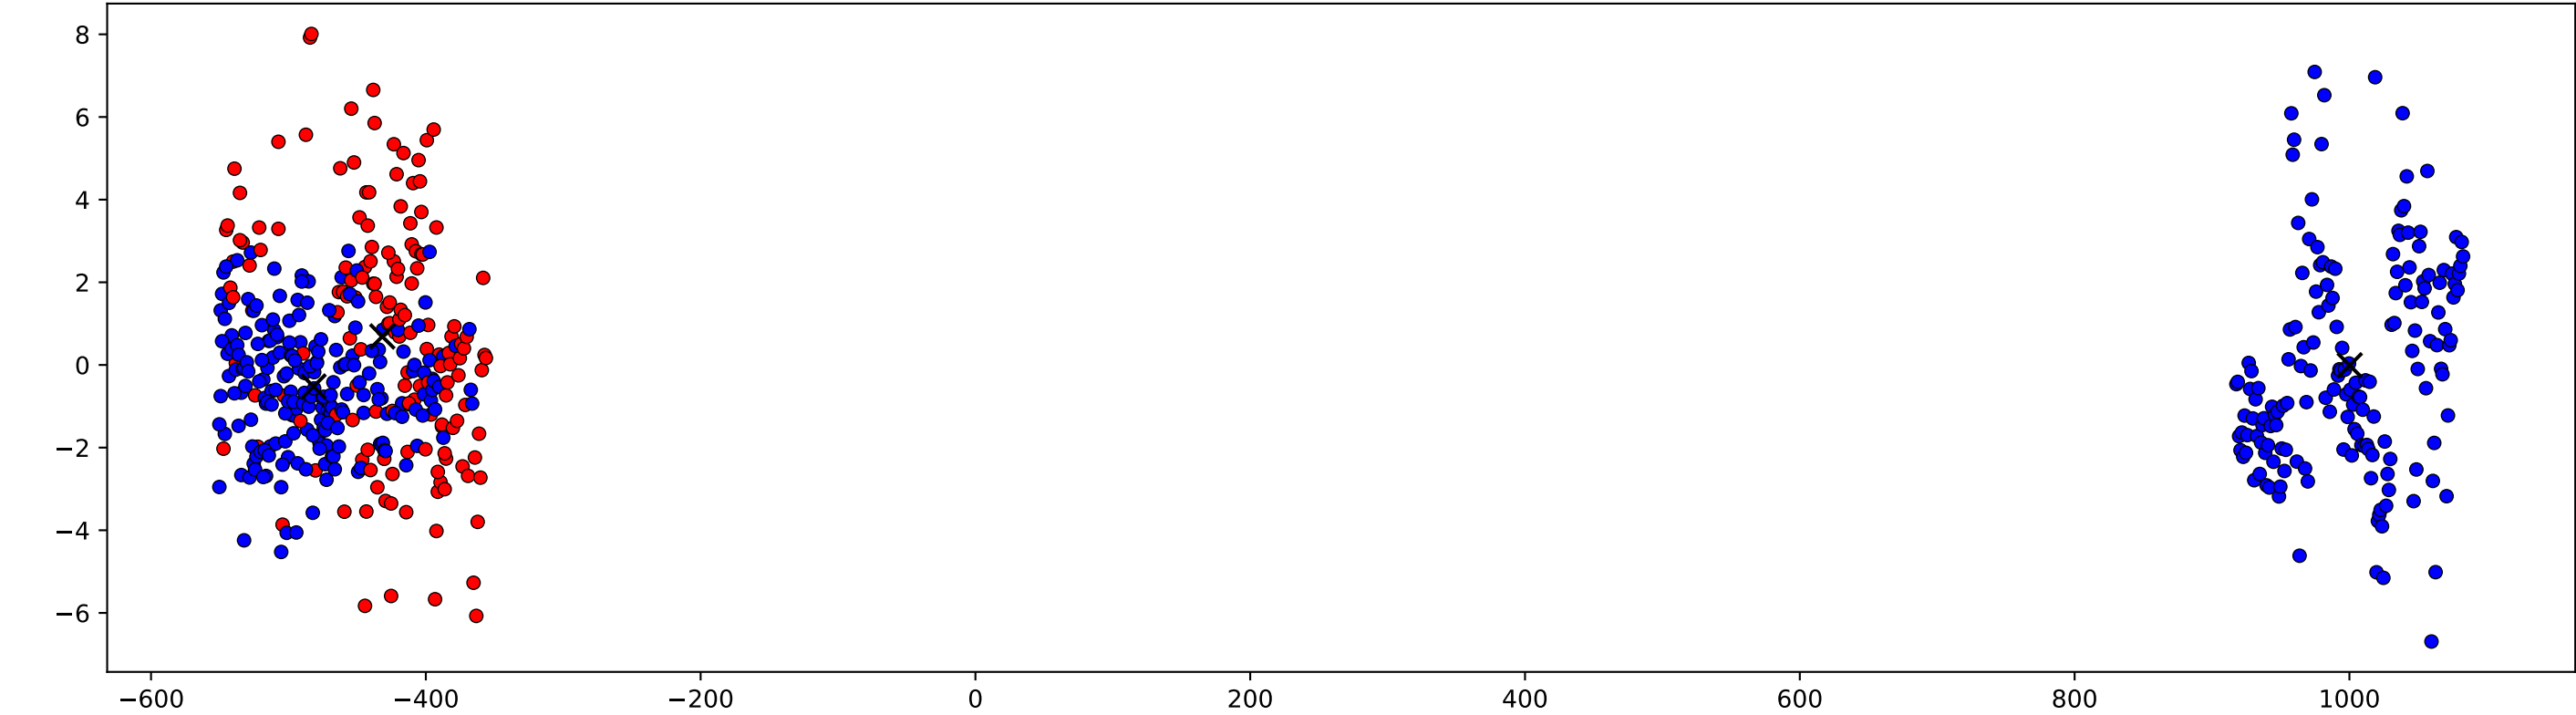

EEG Features with Clusters for Patient p49

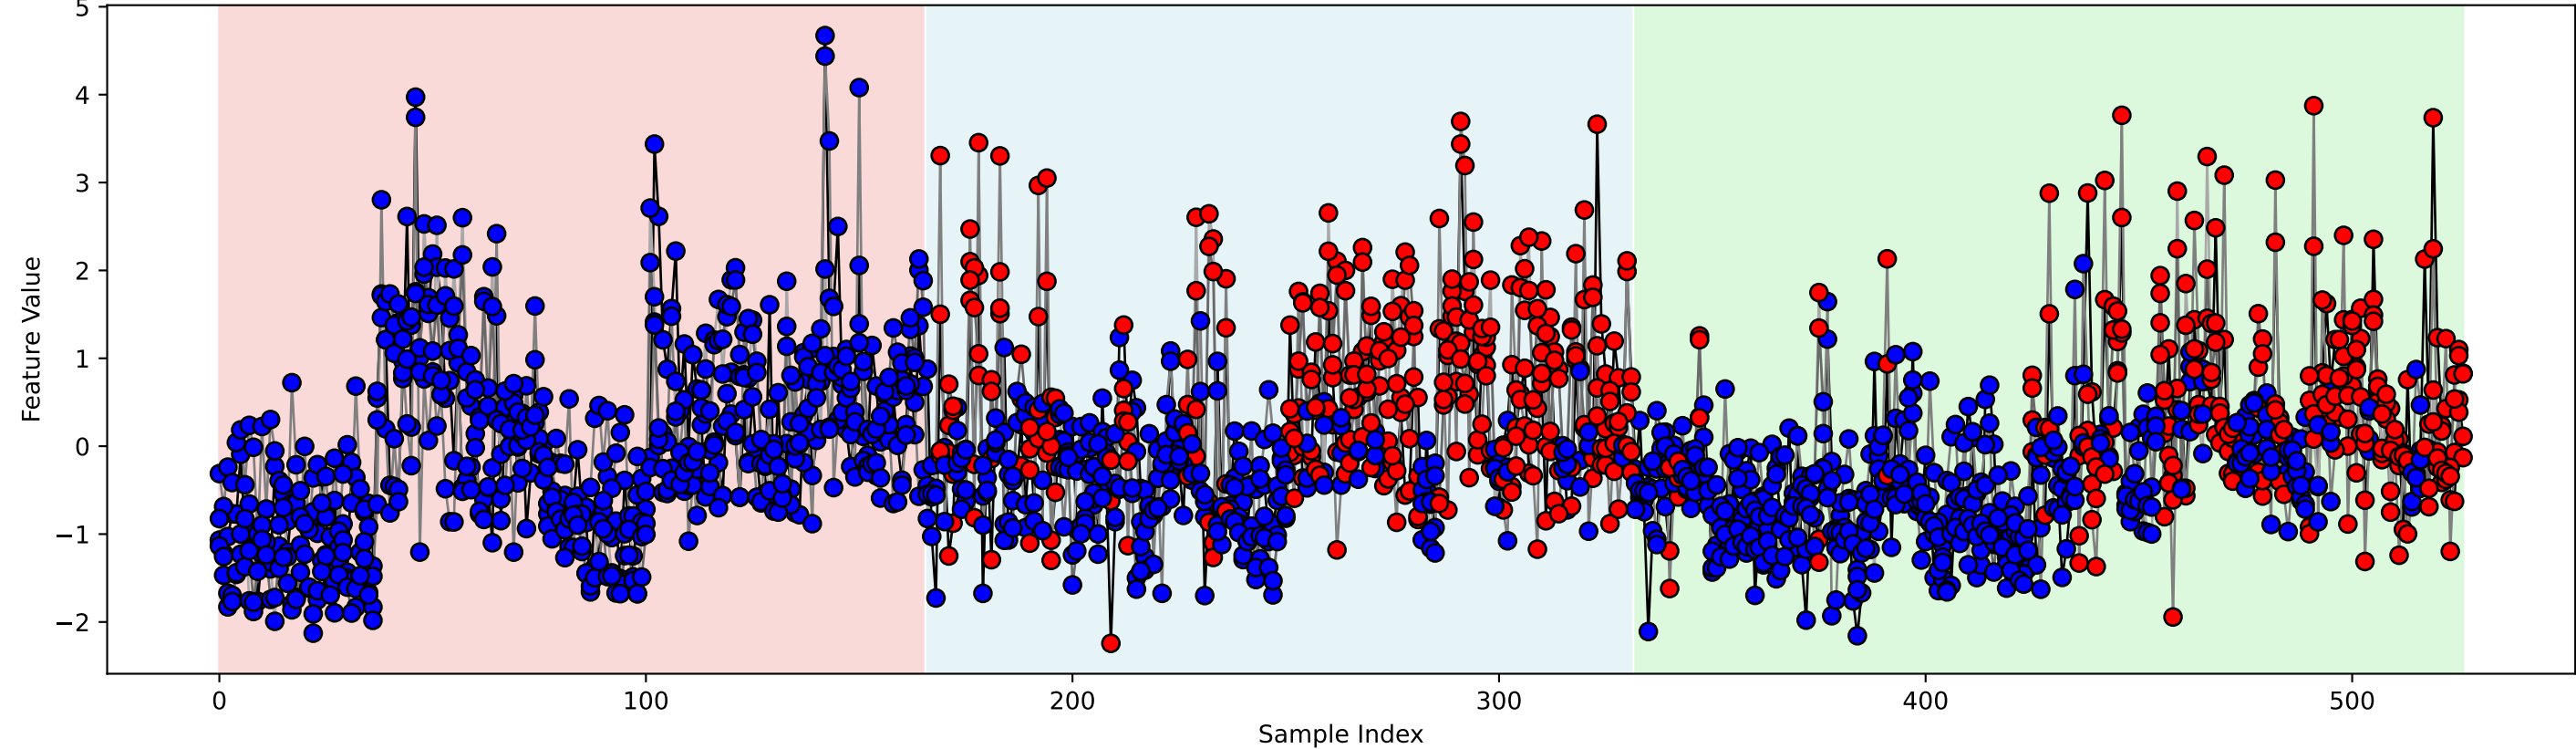

Feature Contribution for Patient p49 (PCA Loadings)

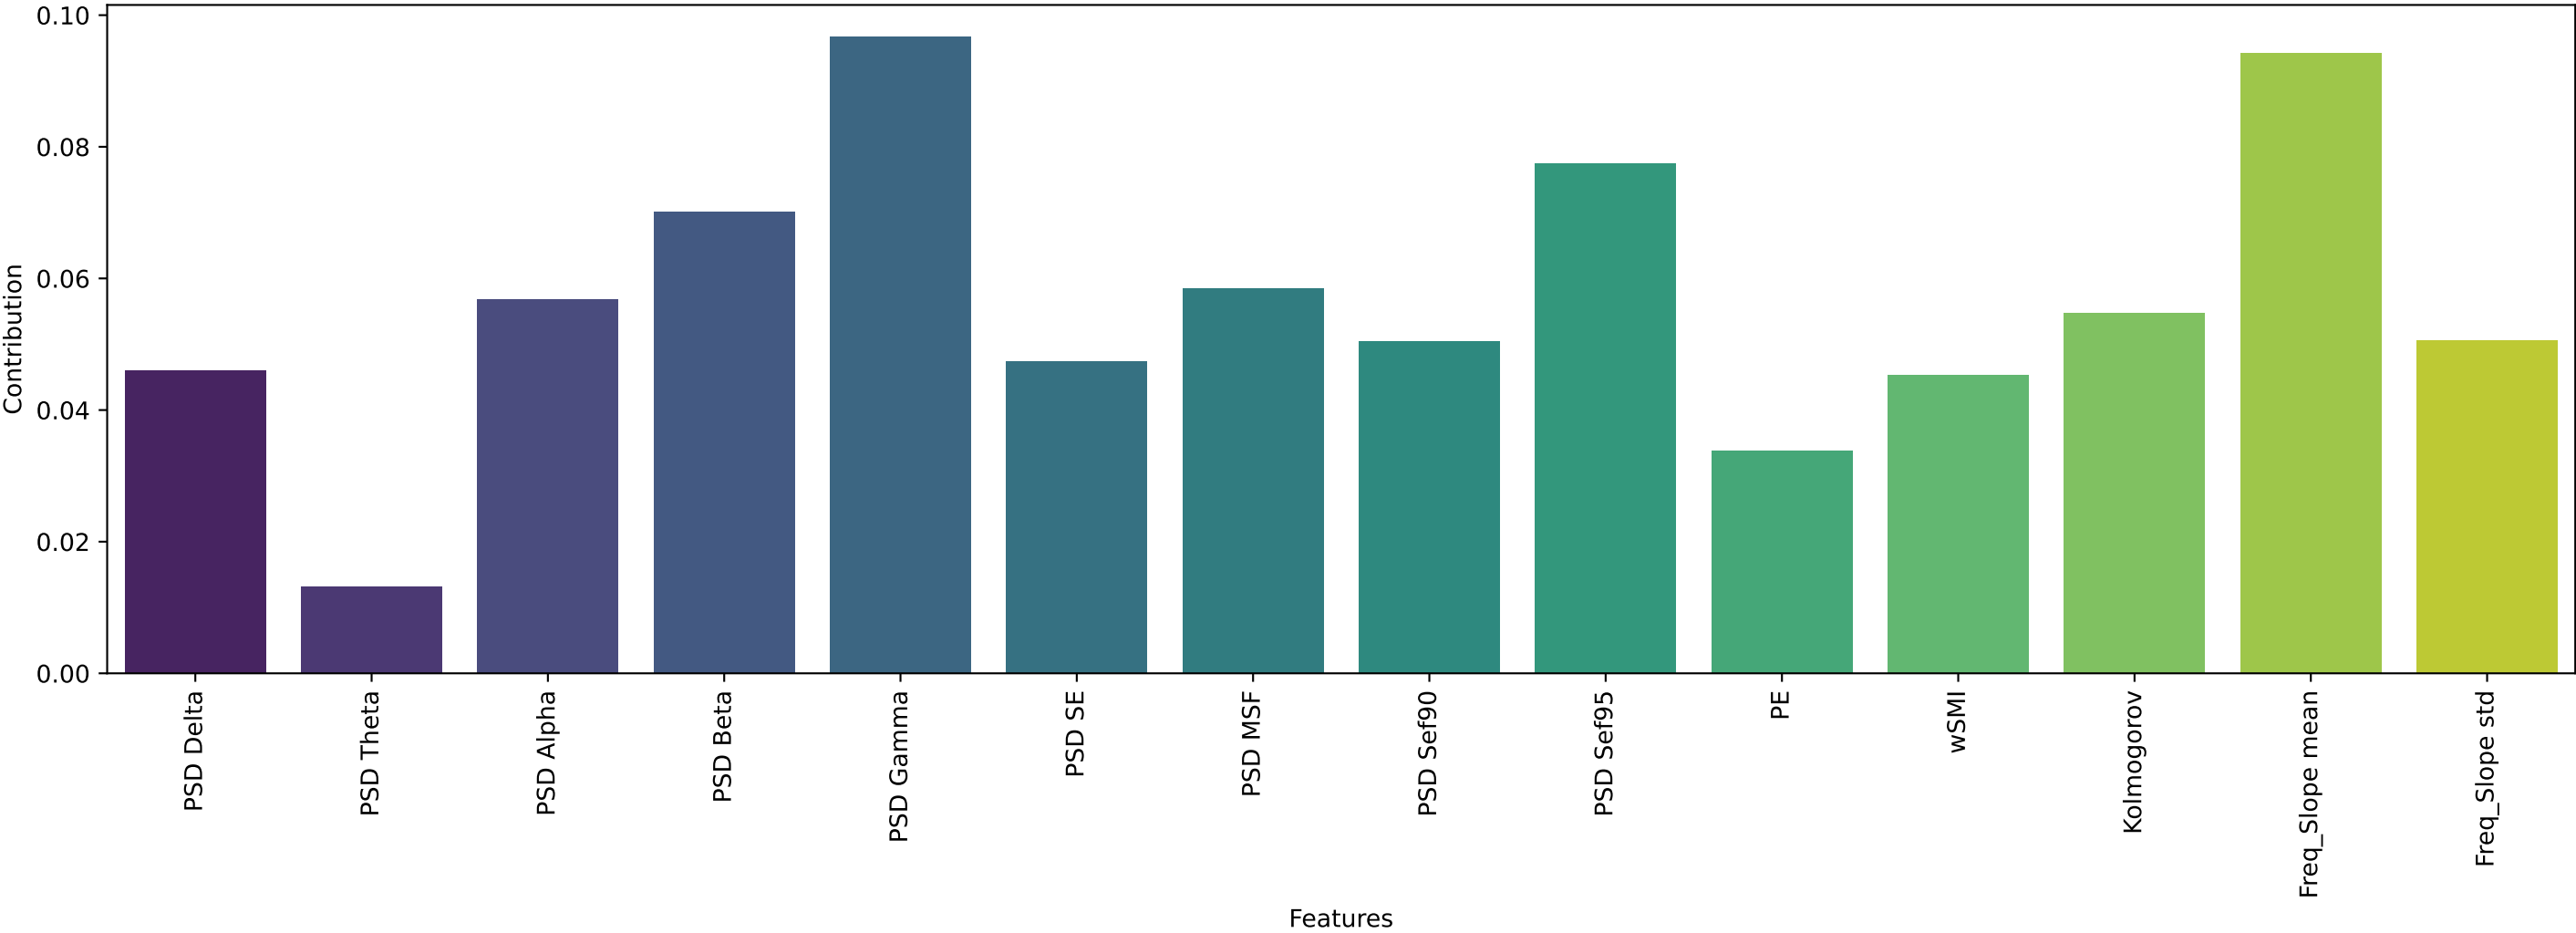

Clusters for Patient p4

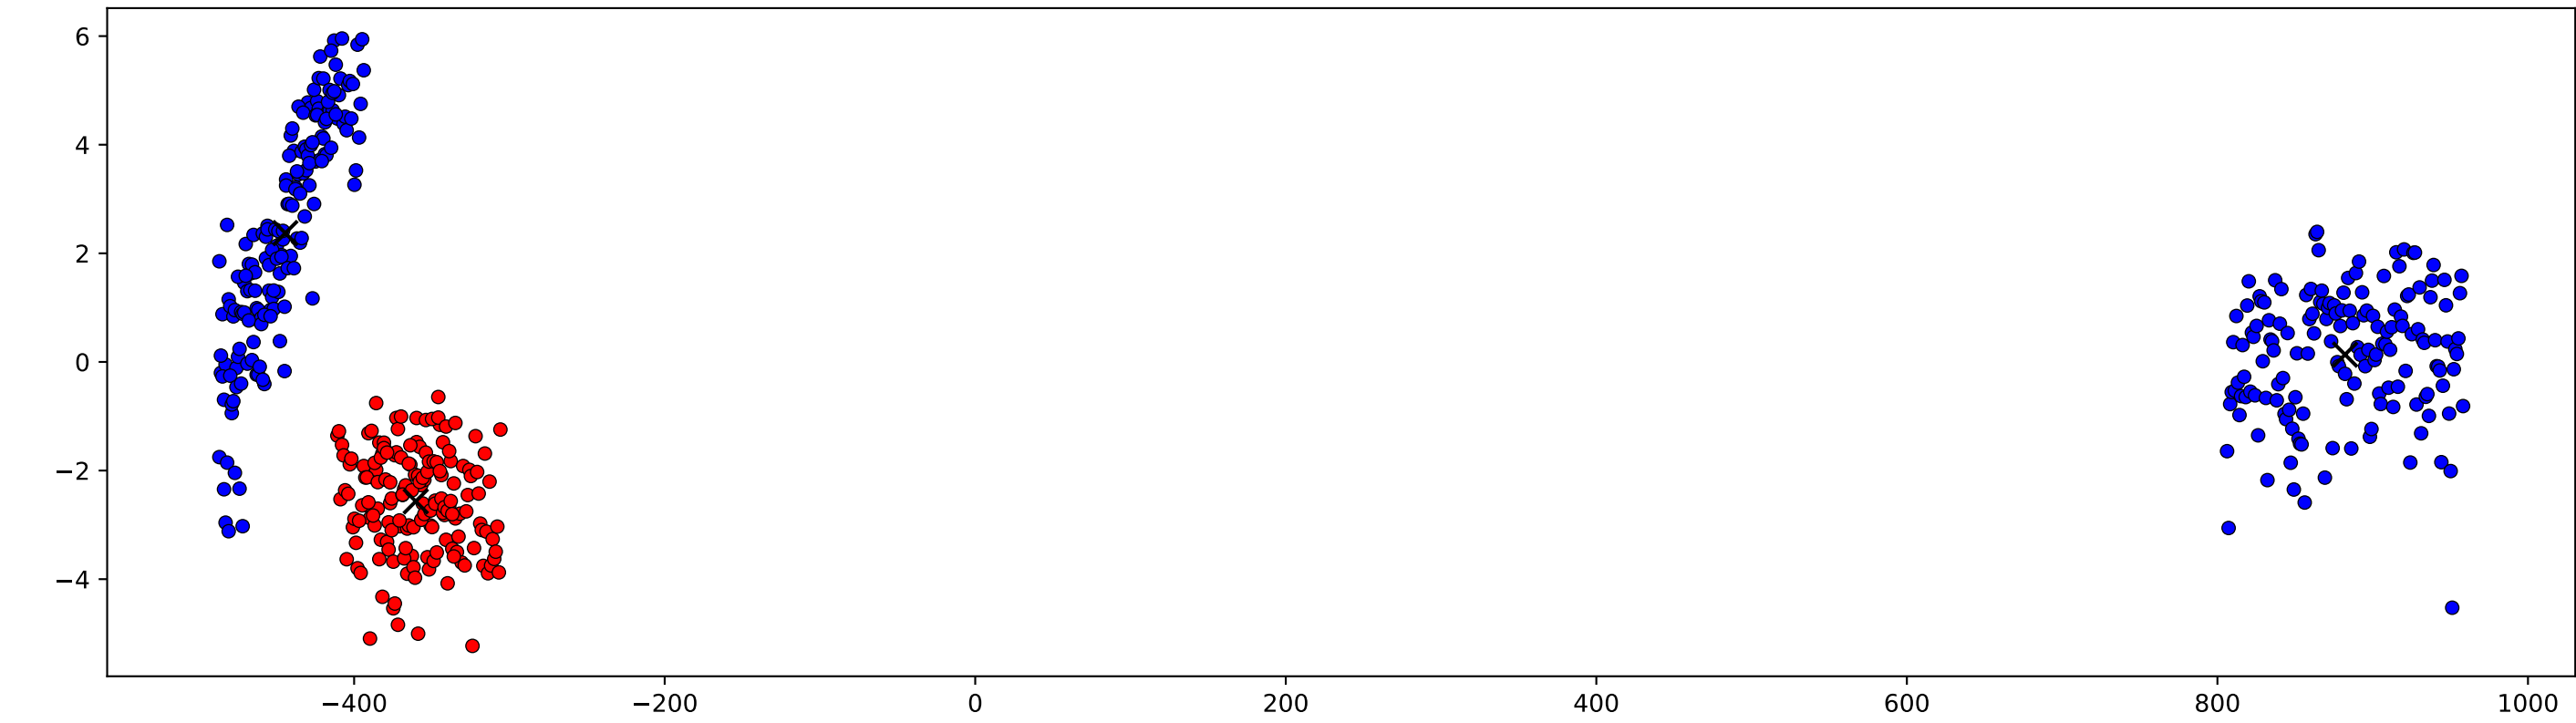

EEG Features with Clusters for Patient p4

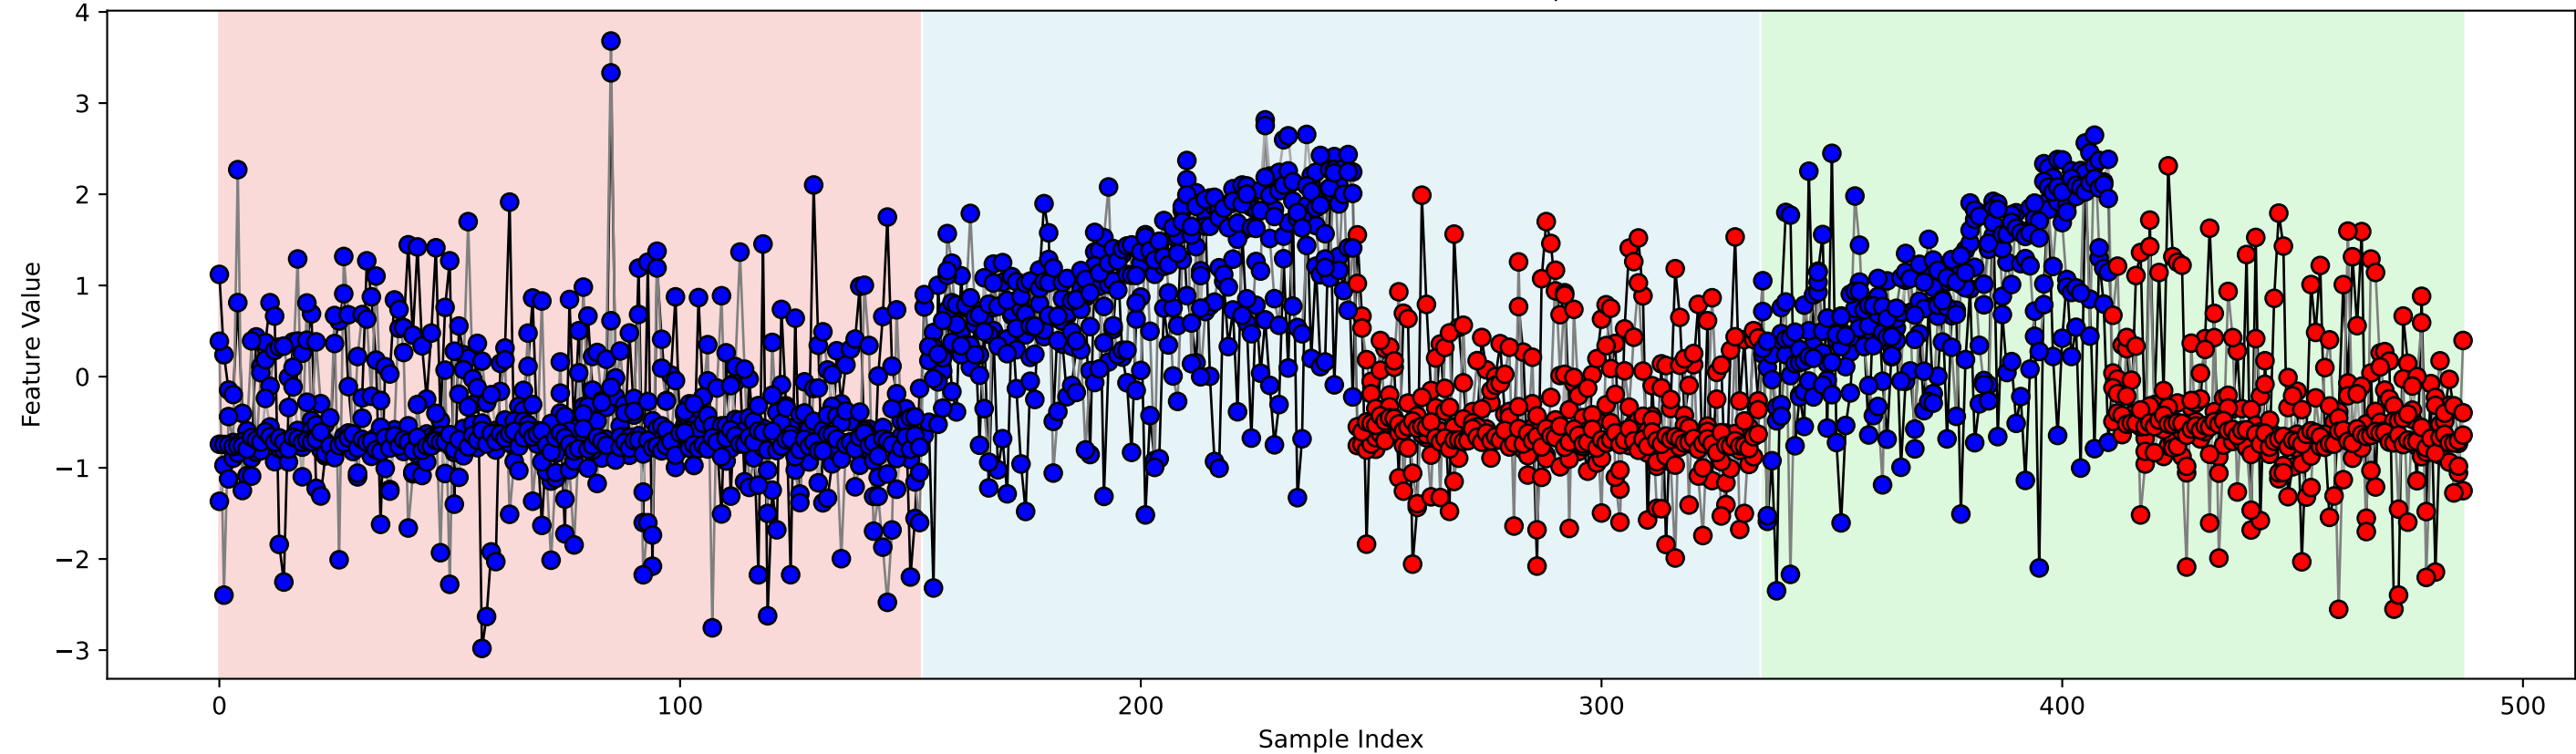

Feature Contribution for Patient p4 (PCA Loadings)

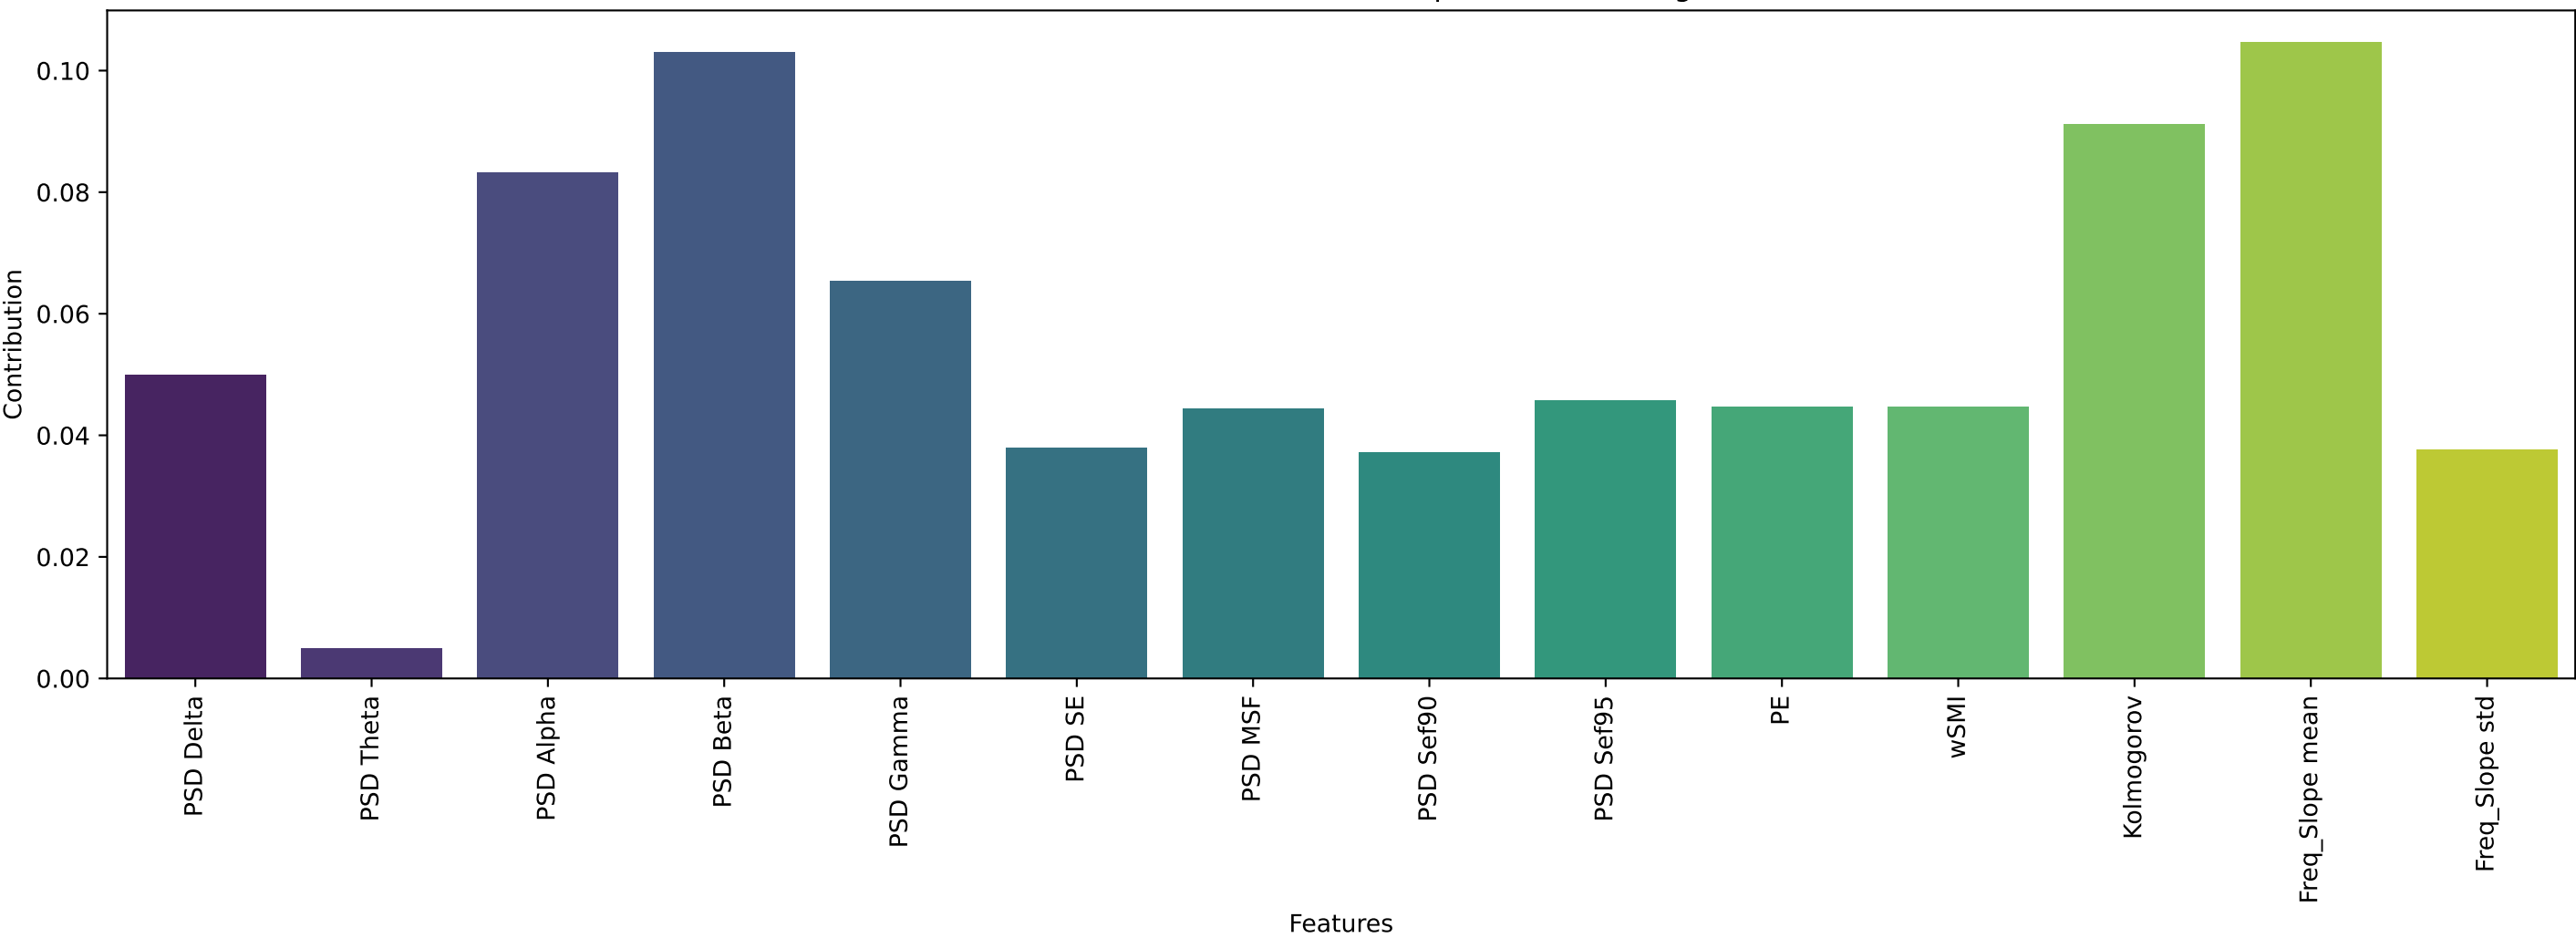

Clusters for Patient p50

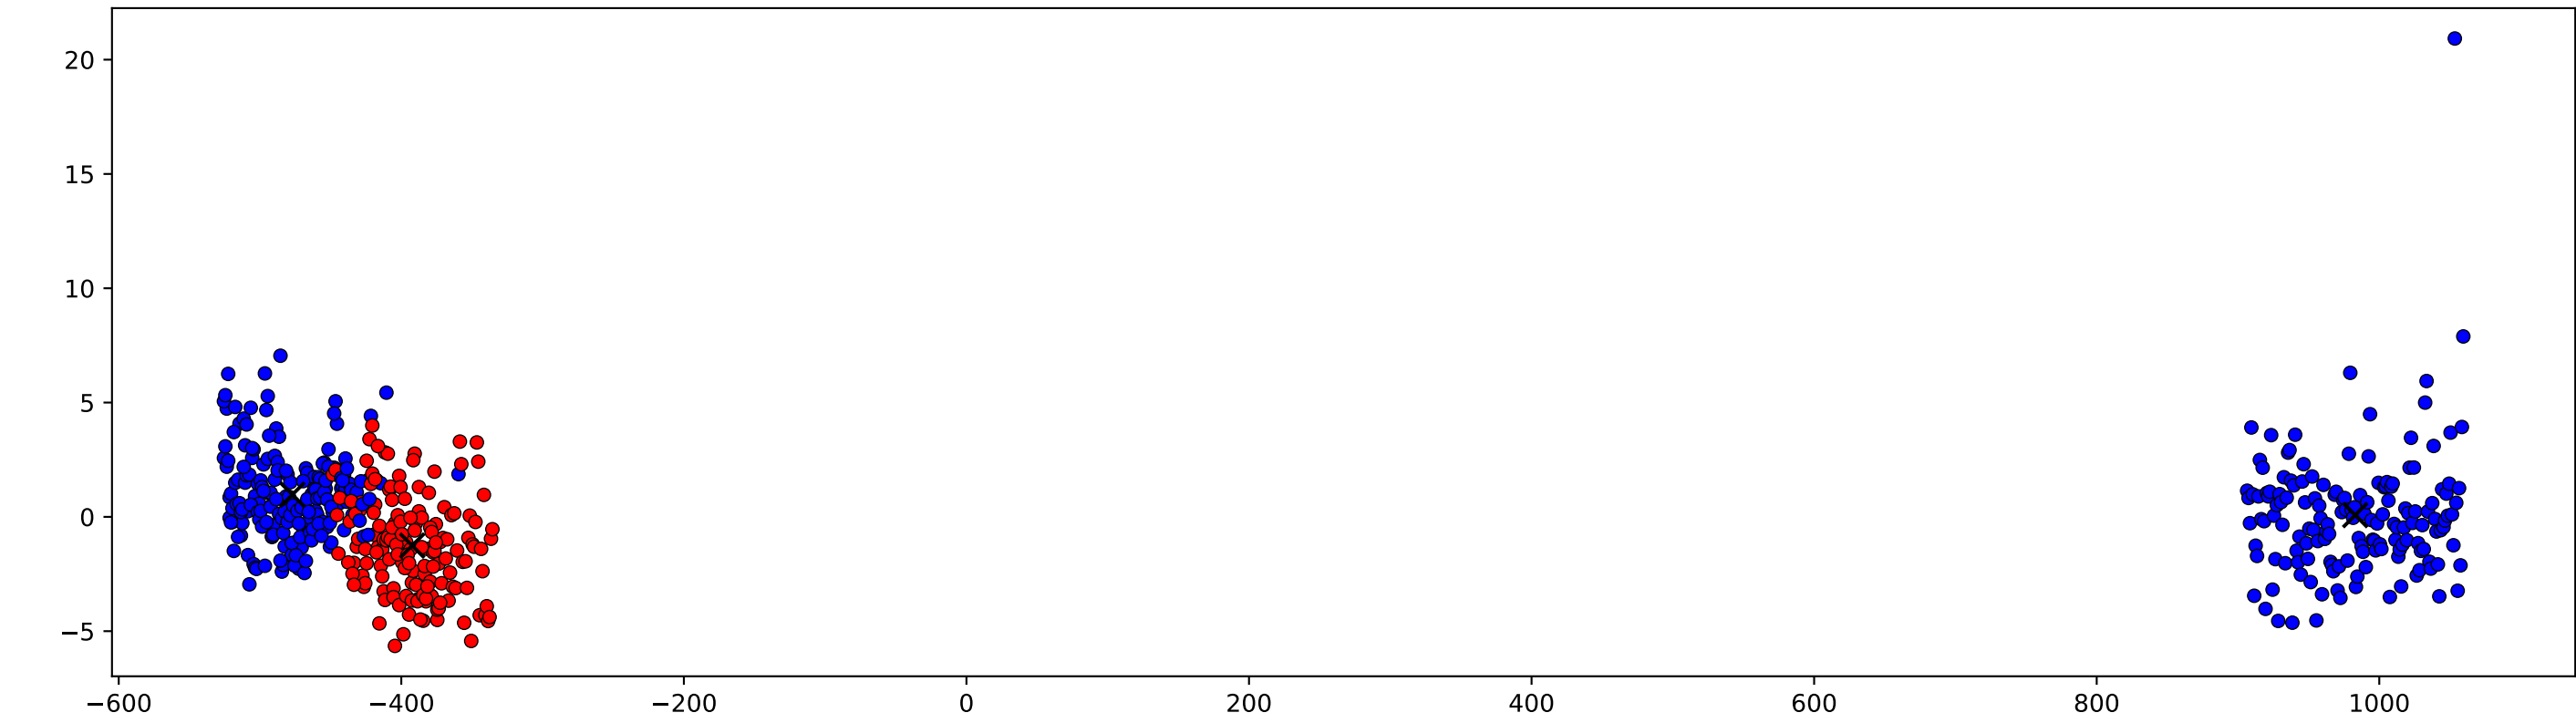

EEG Features with Clusters for Patient p50

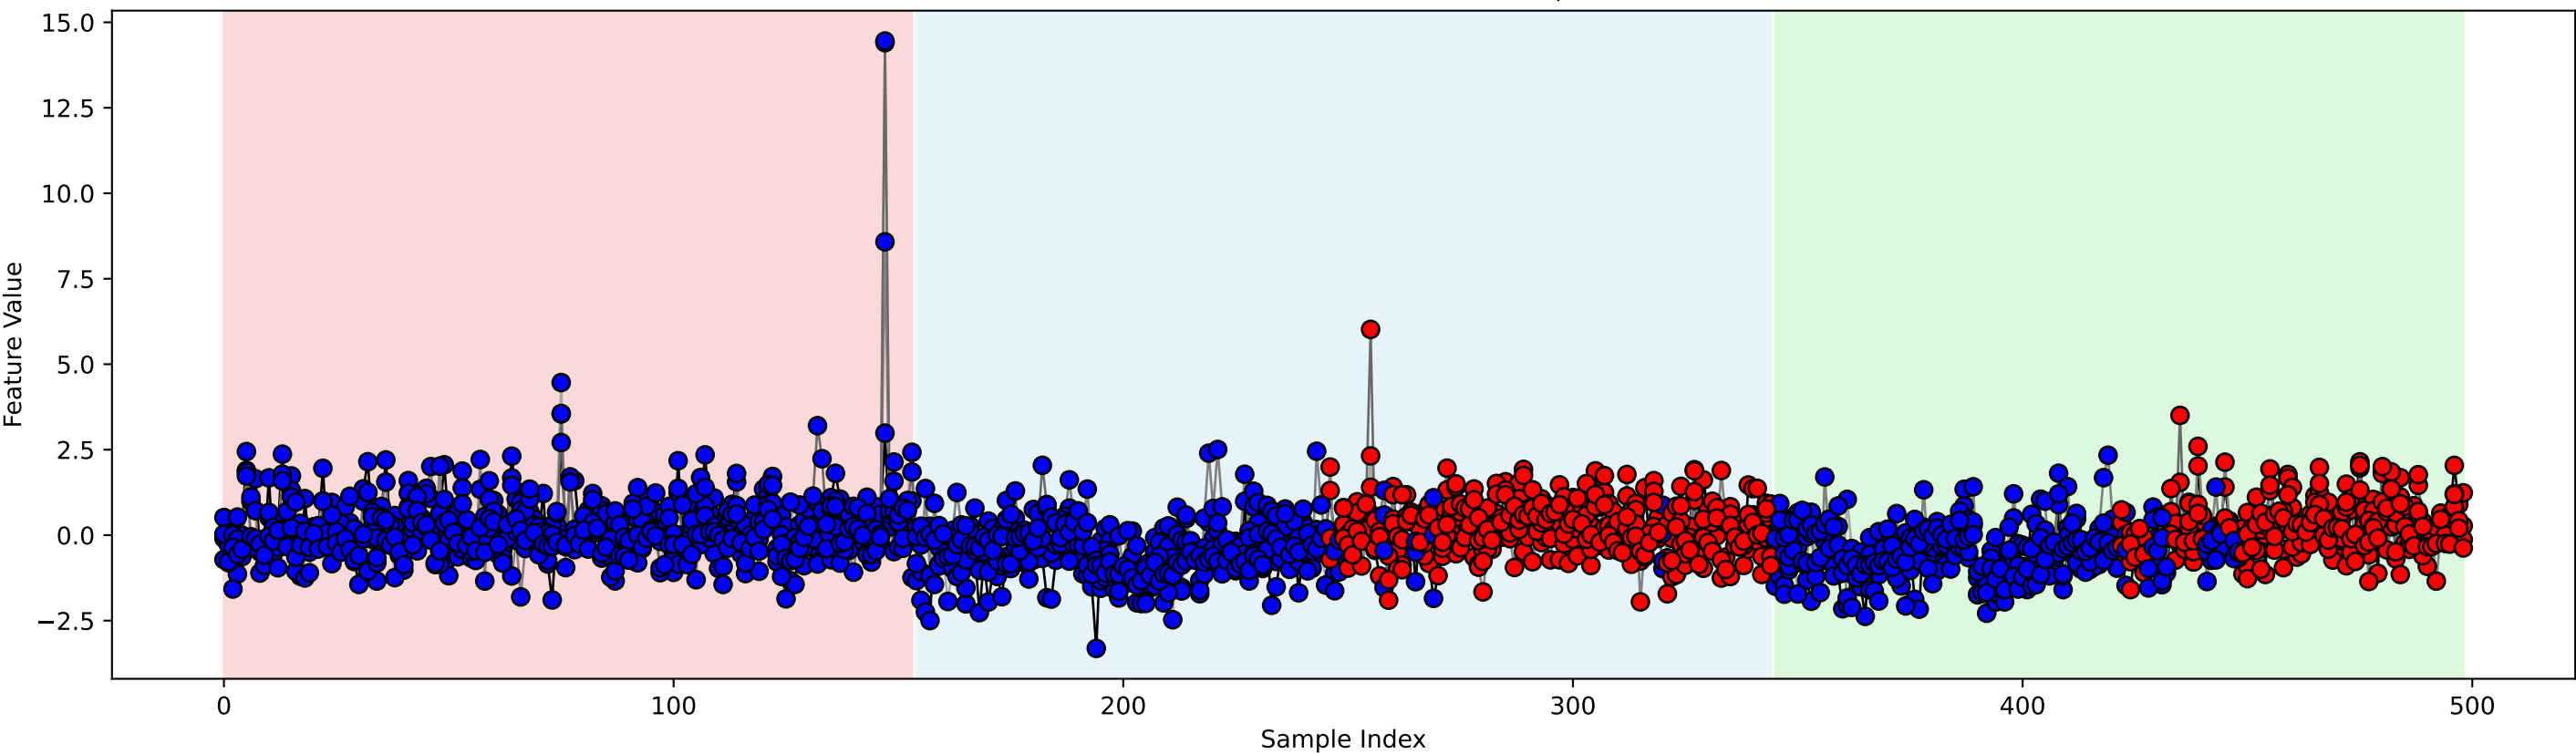

Feature Contribution for Patient p50 (PCA Loadings)

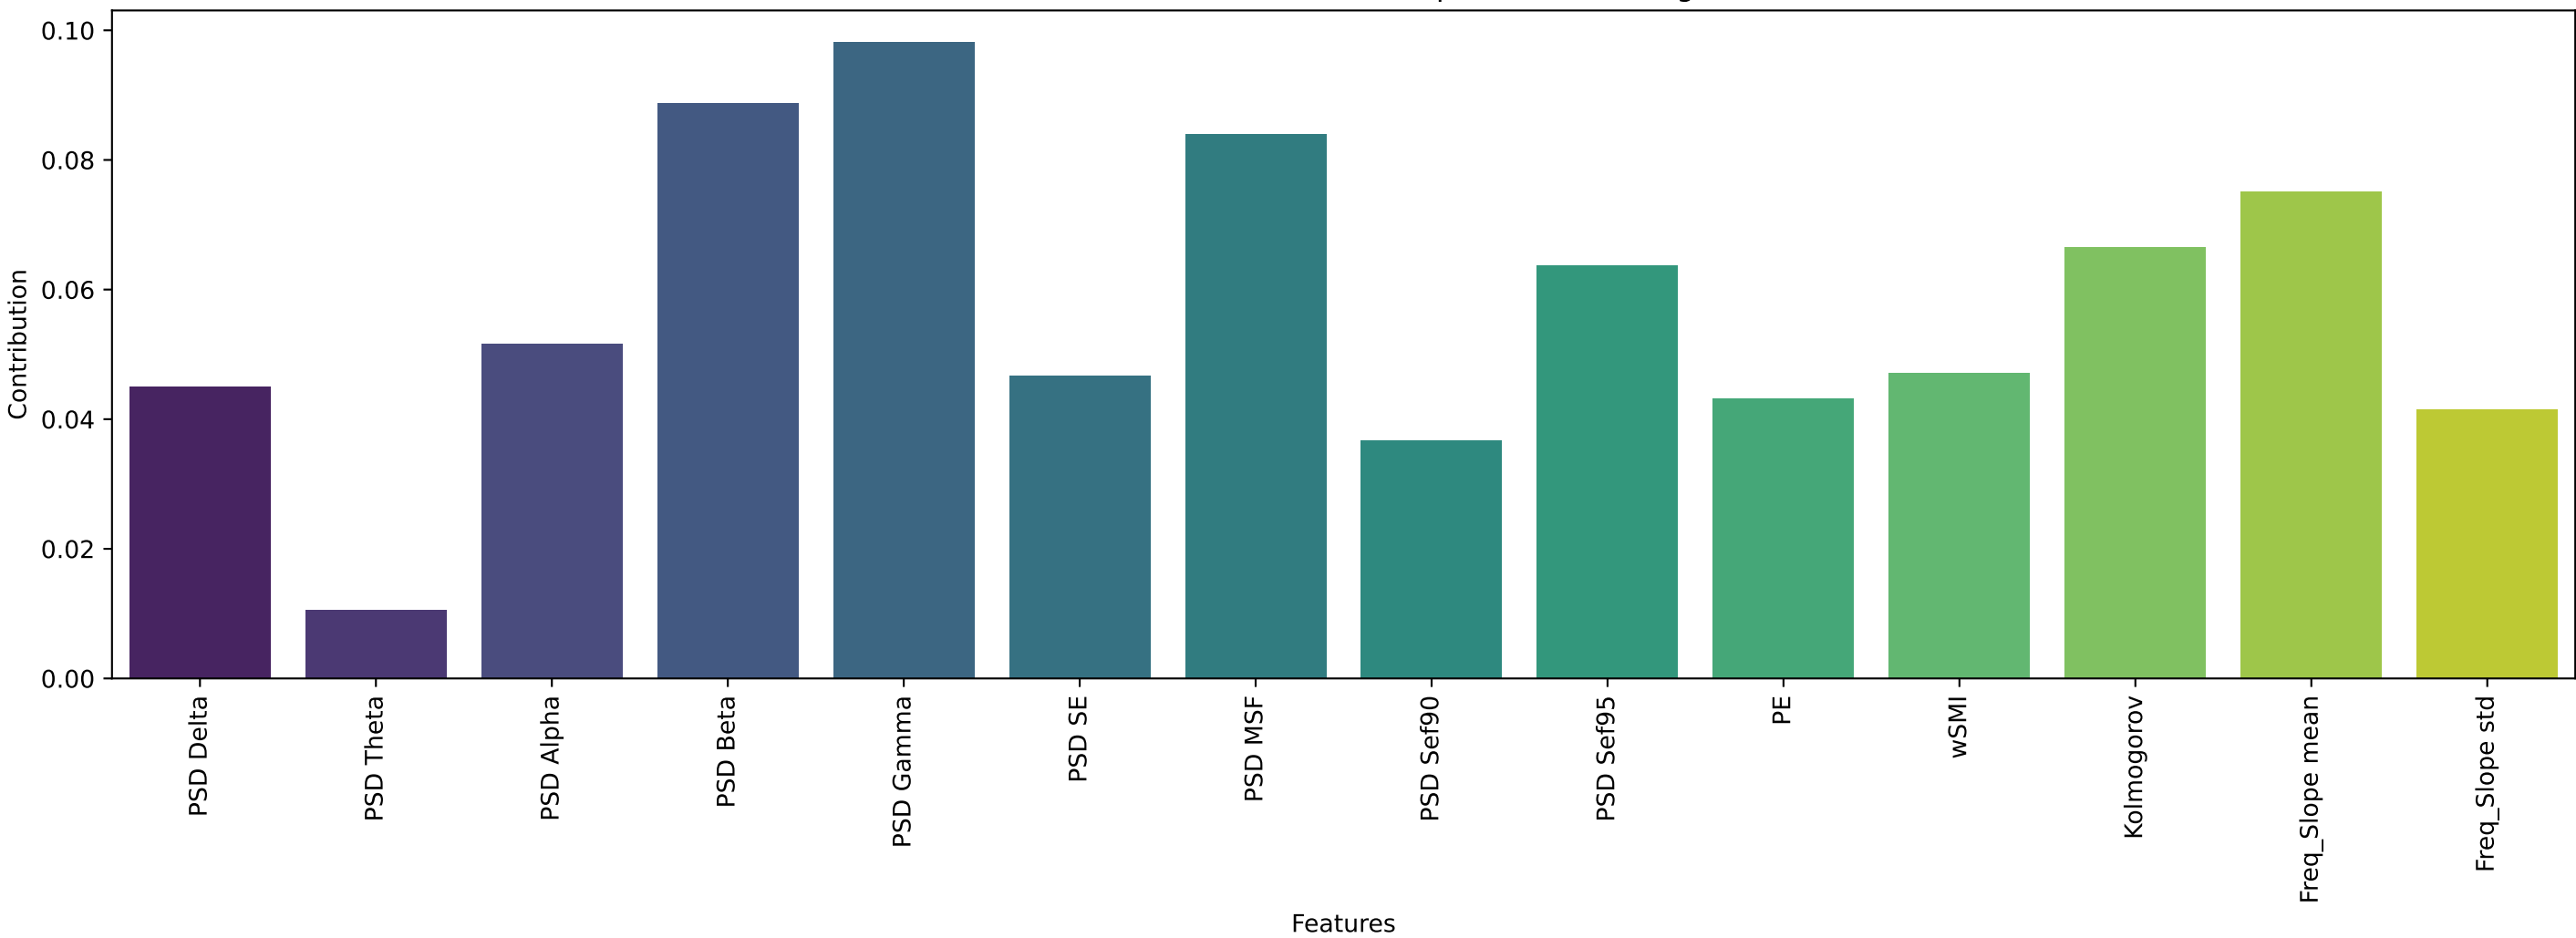

Clusters for Patient p51

EEG Features with Clusters for Patient p51

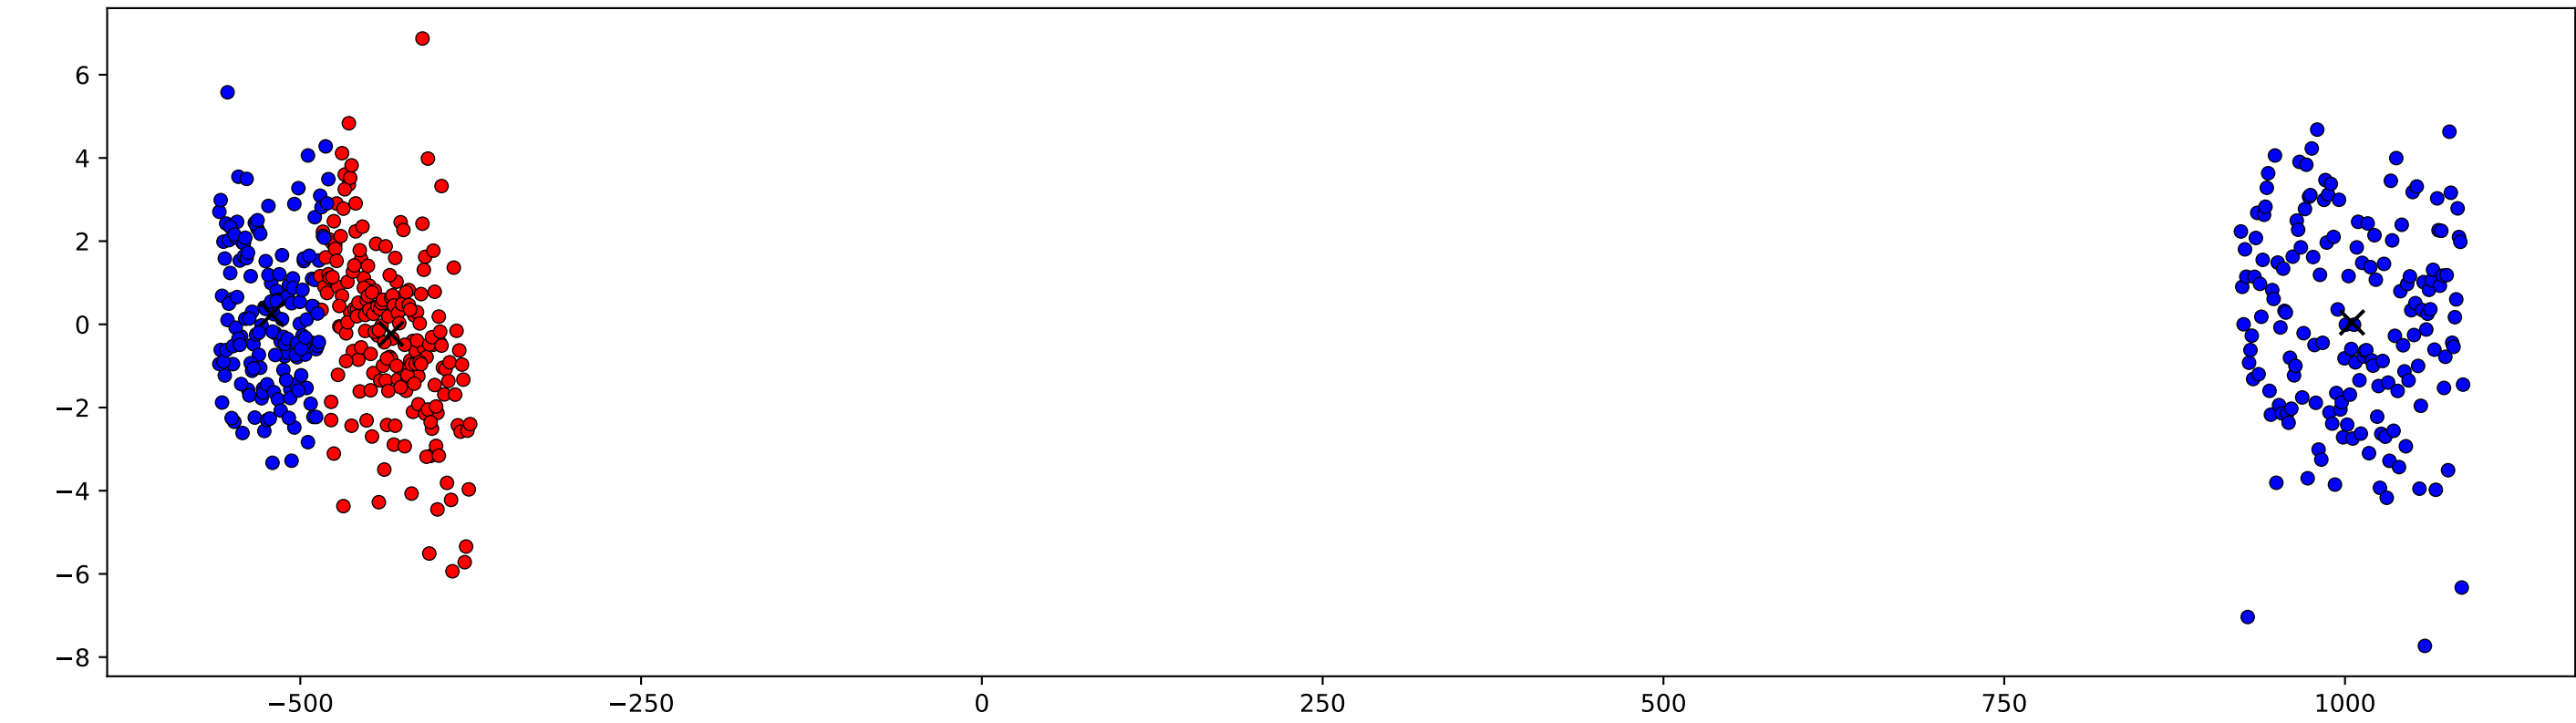

Feature Contribution for Patient p51 (PCA Loadings)

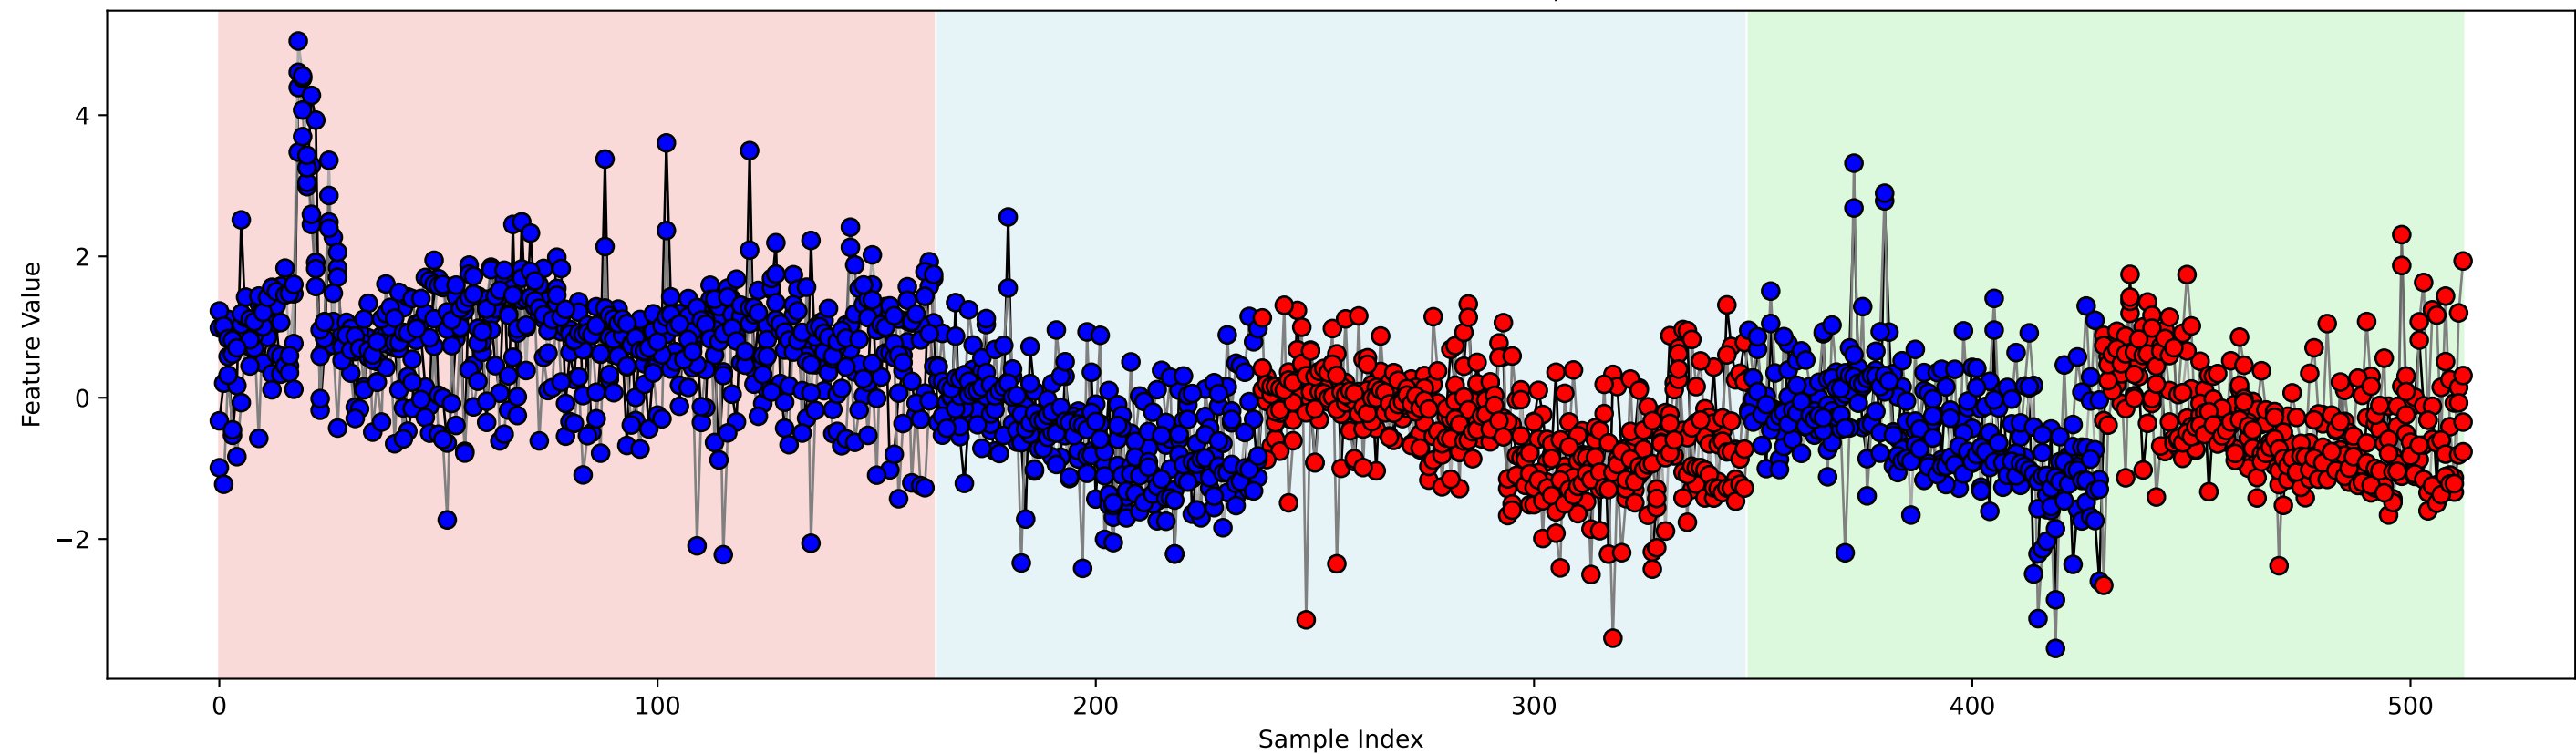

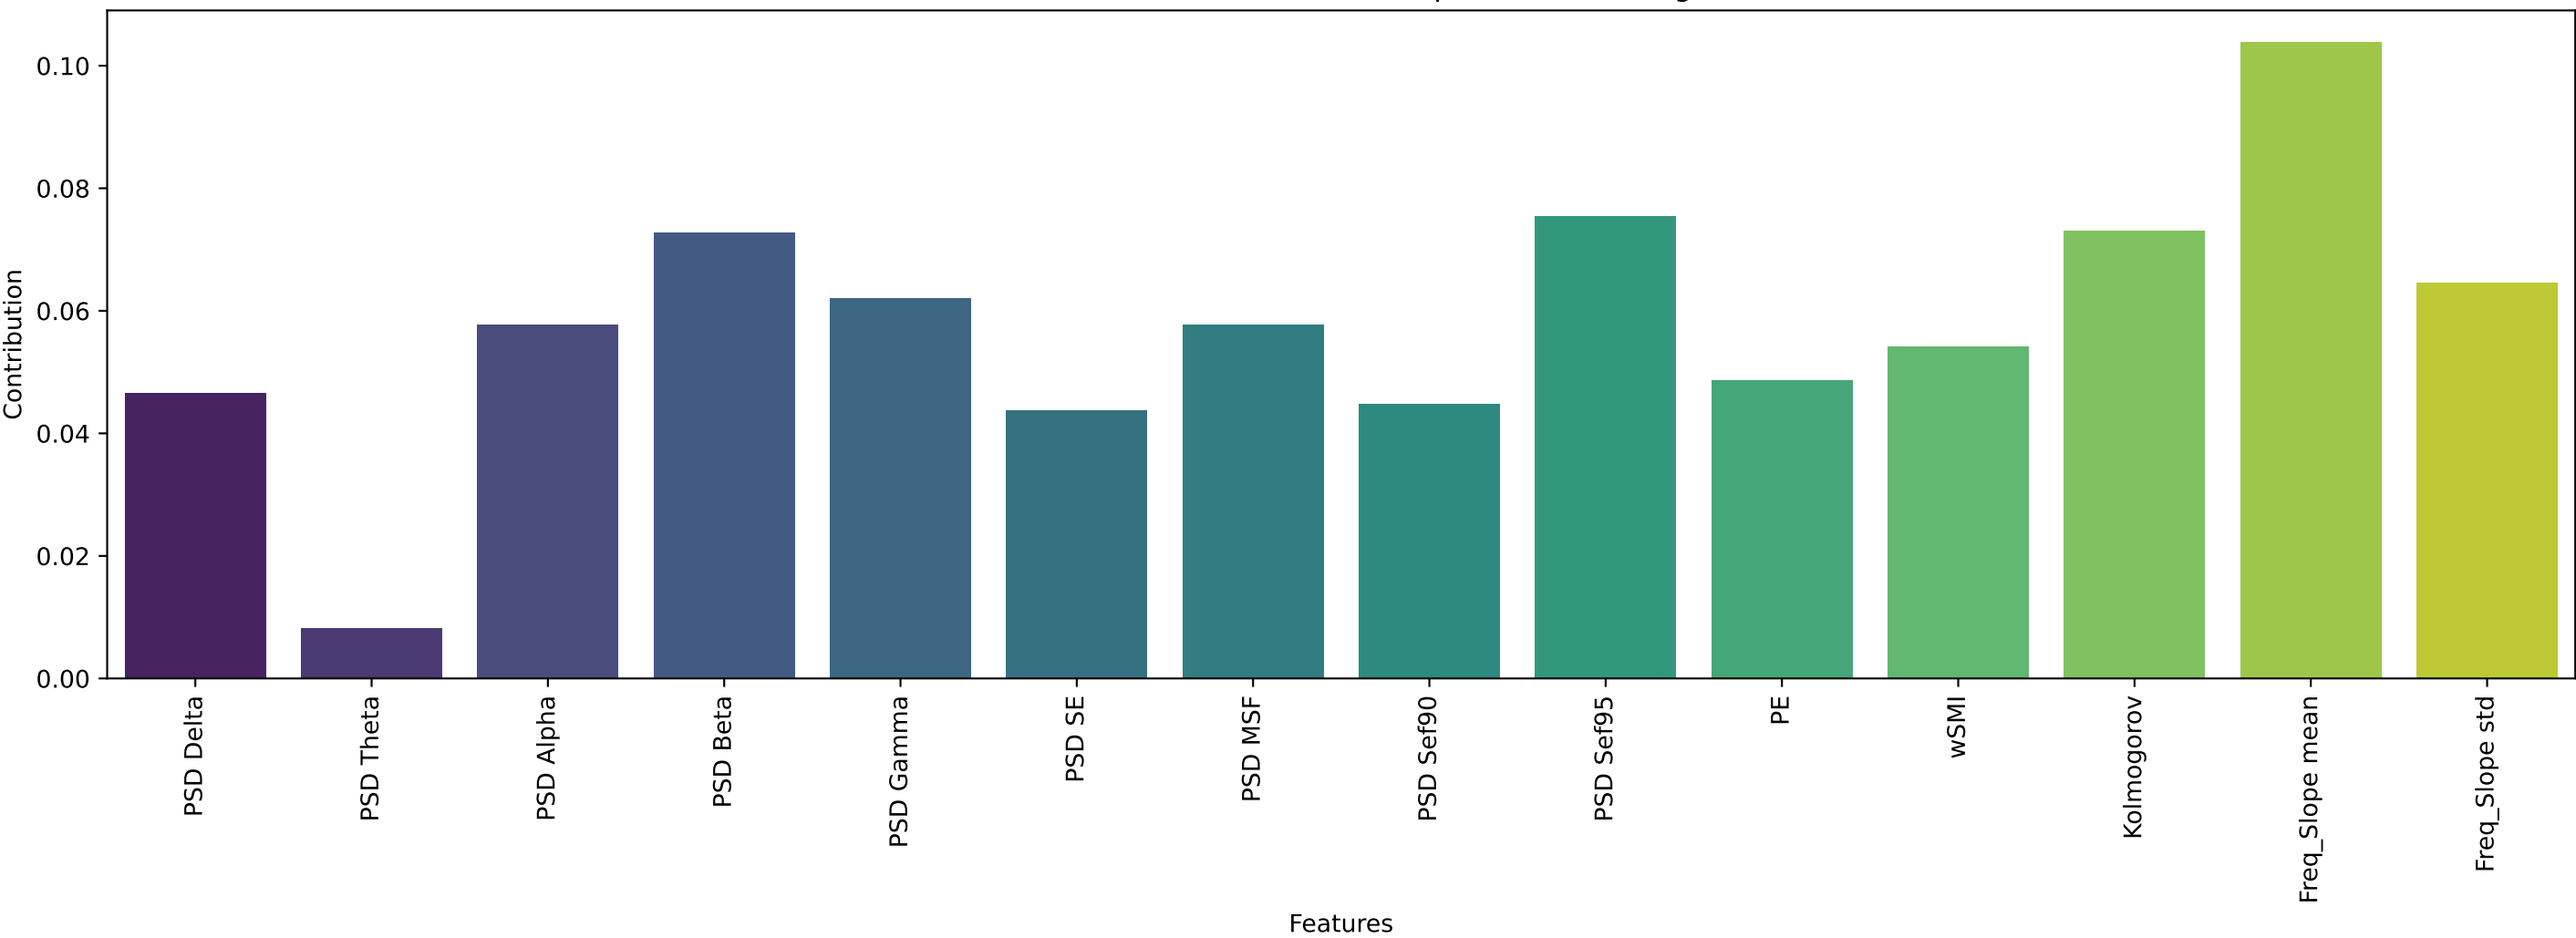

Clusters for Patient p52

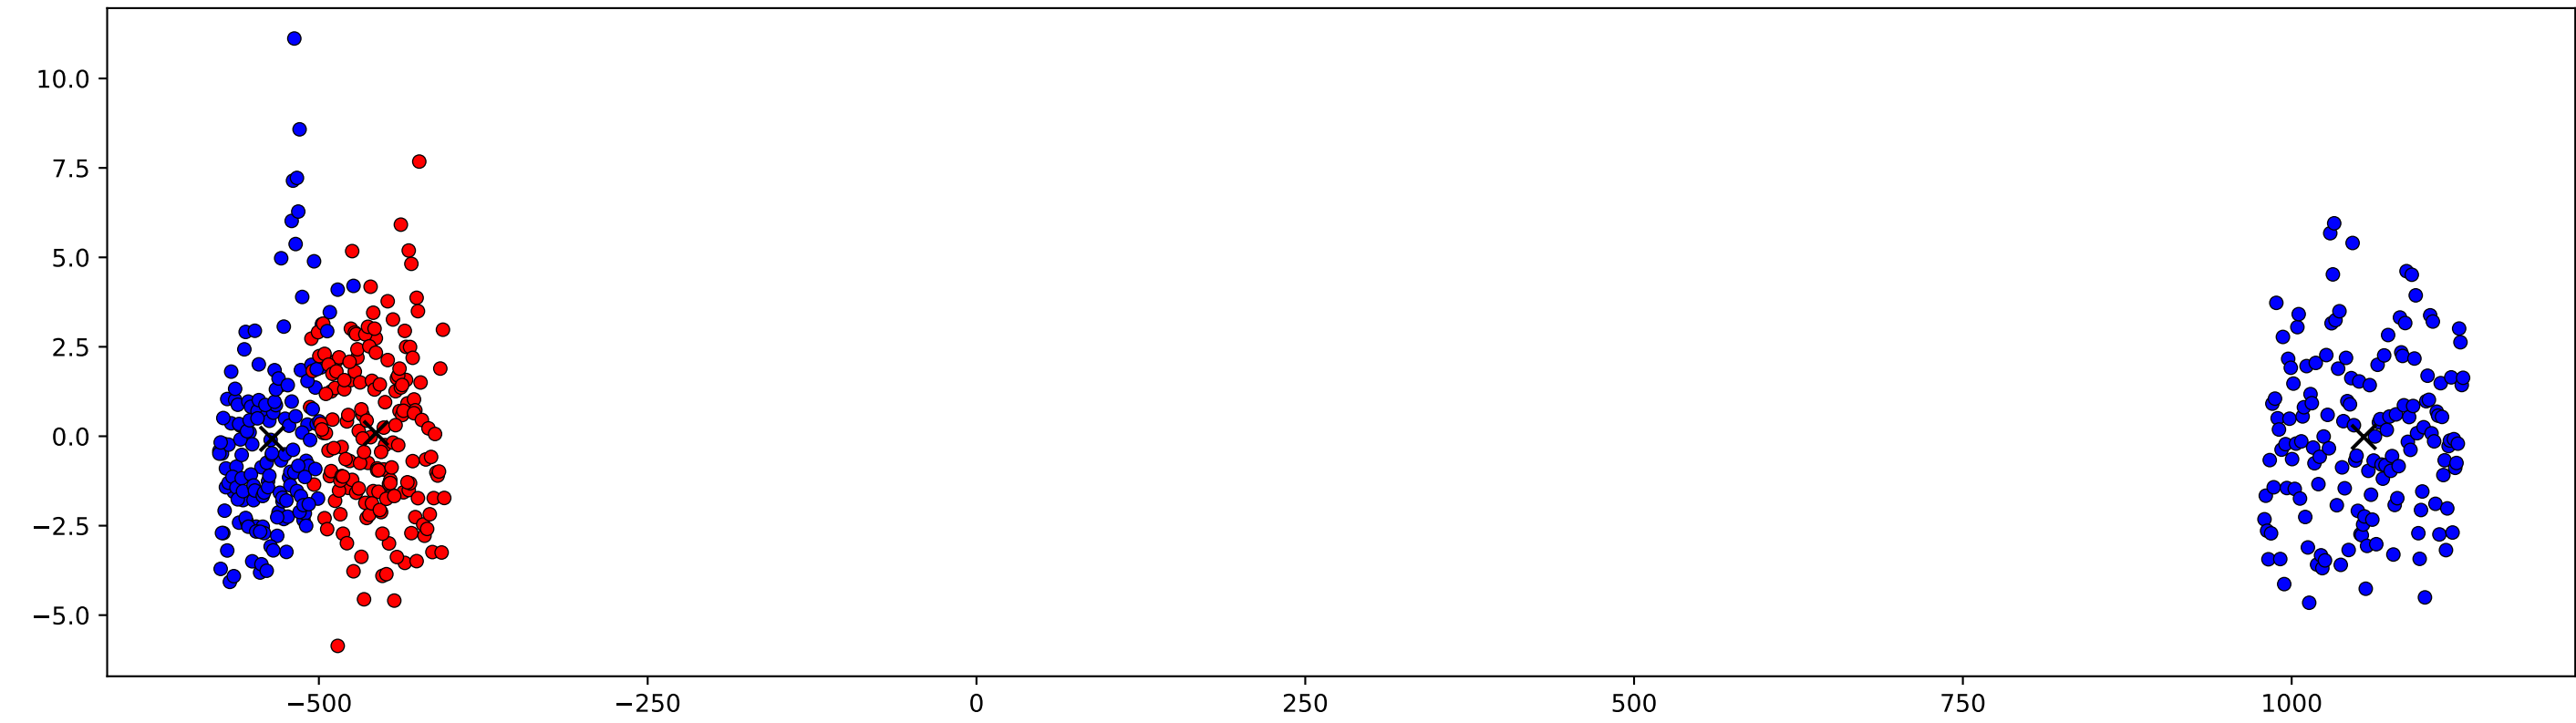

EEG Features with Clusters for Patient p52

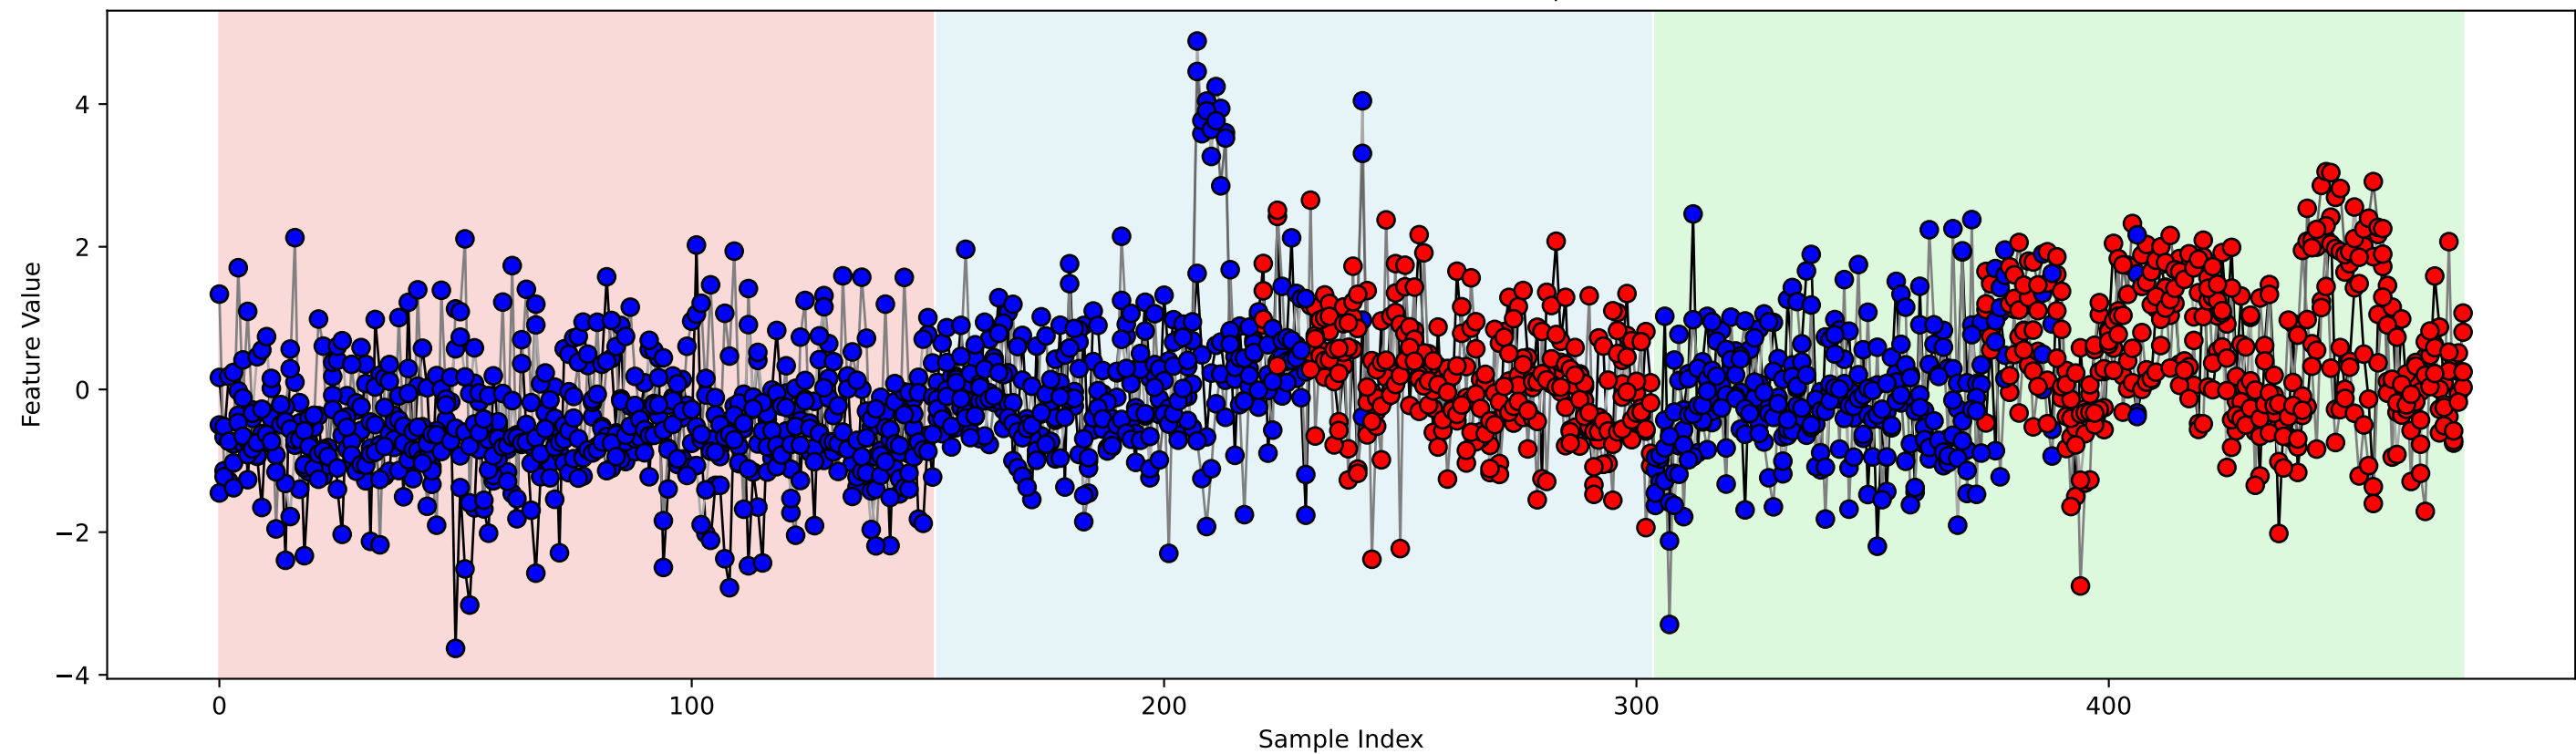

Feature Contribution for Patient p52 (PCA Loadings)

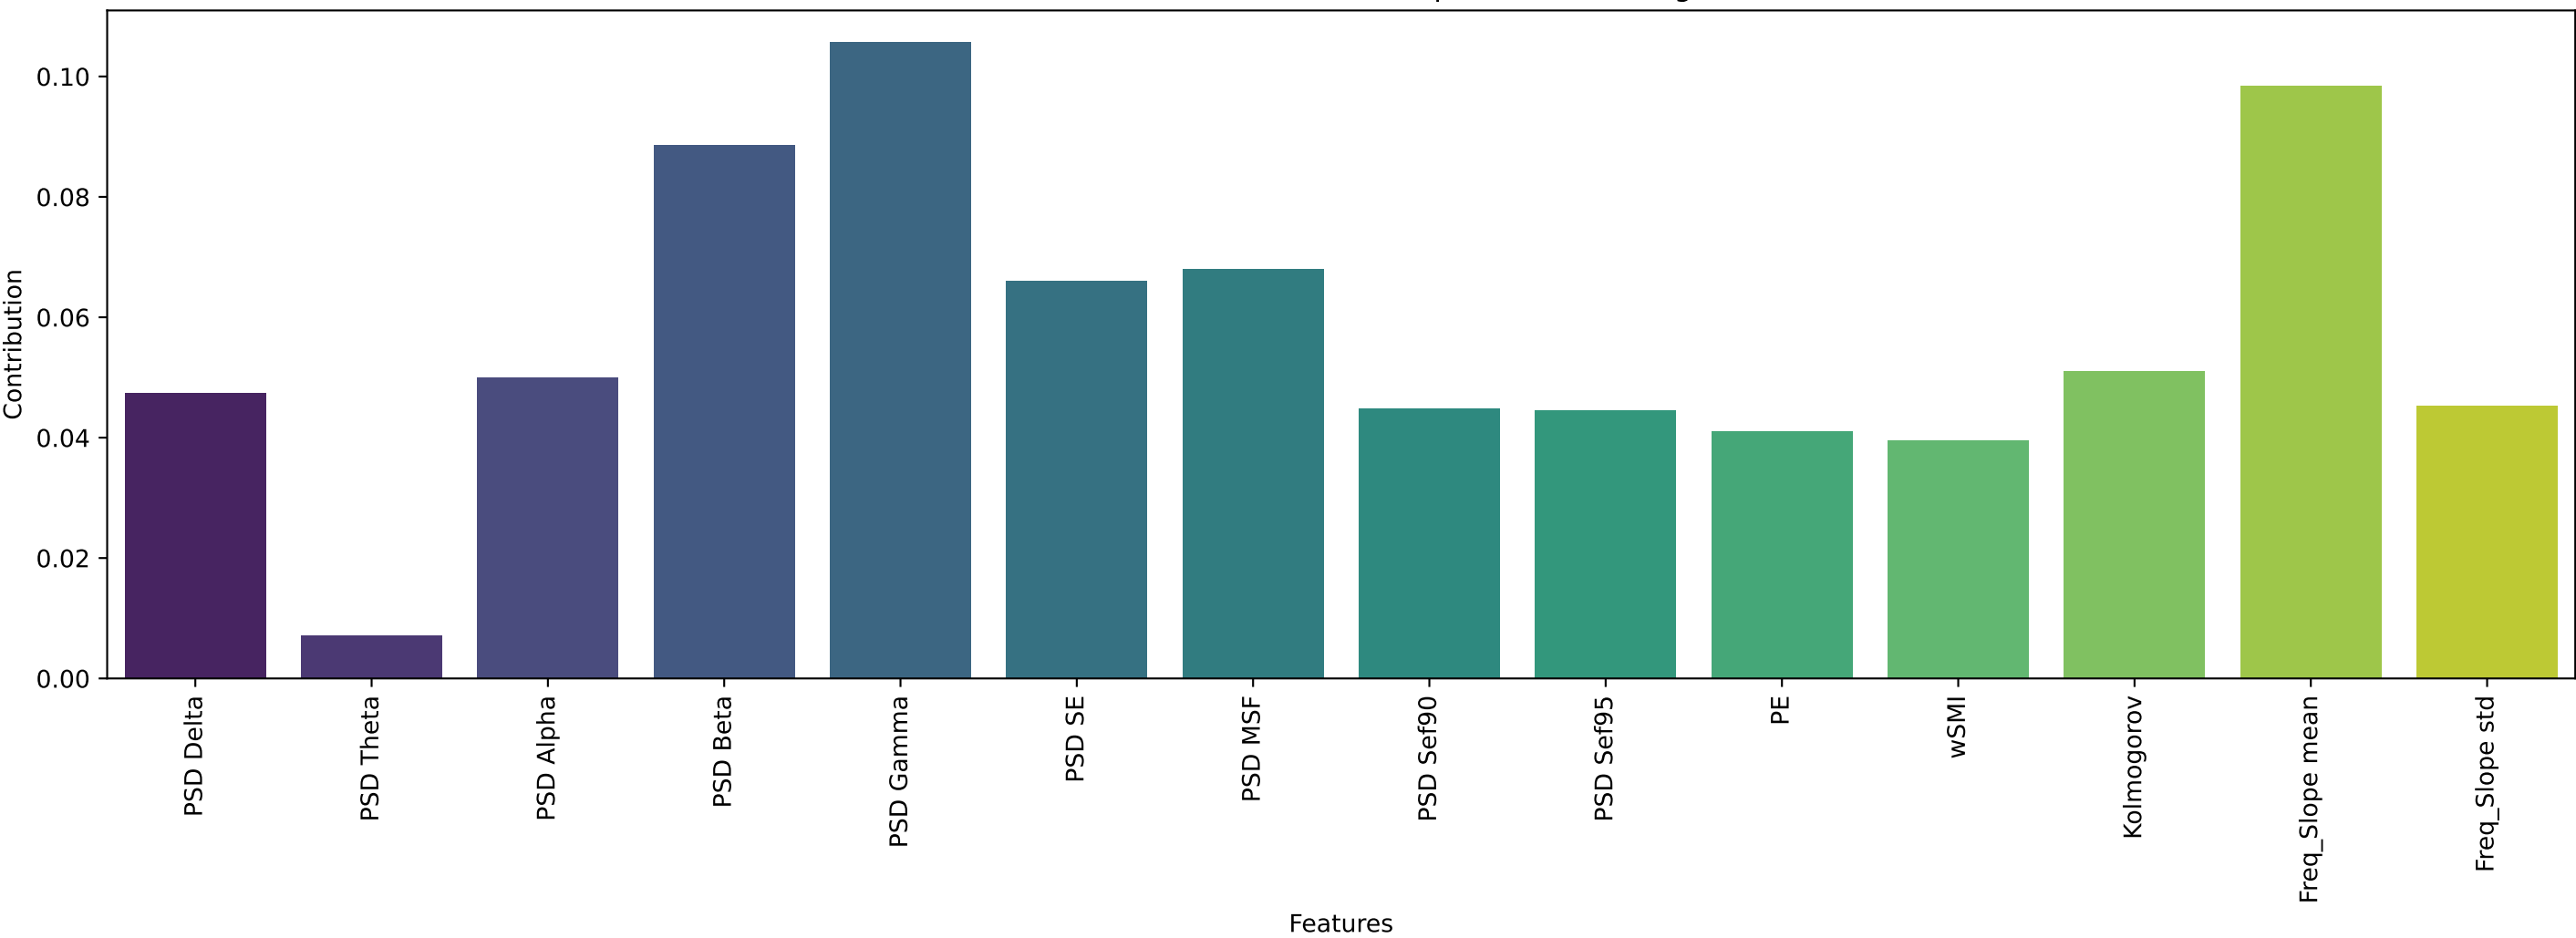

Clusters for Patient p53

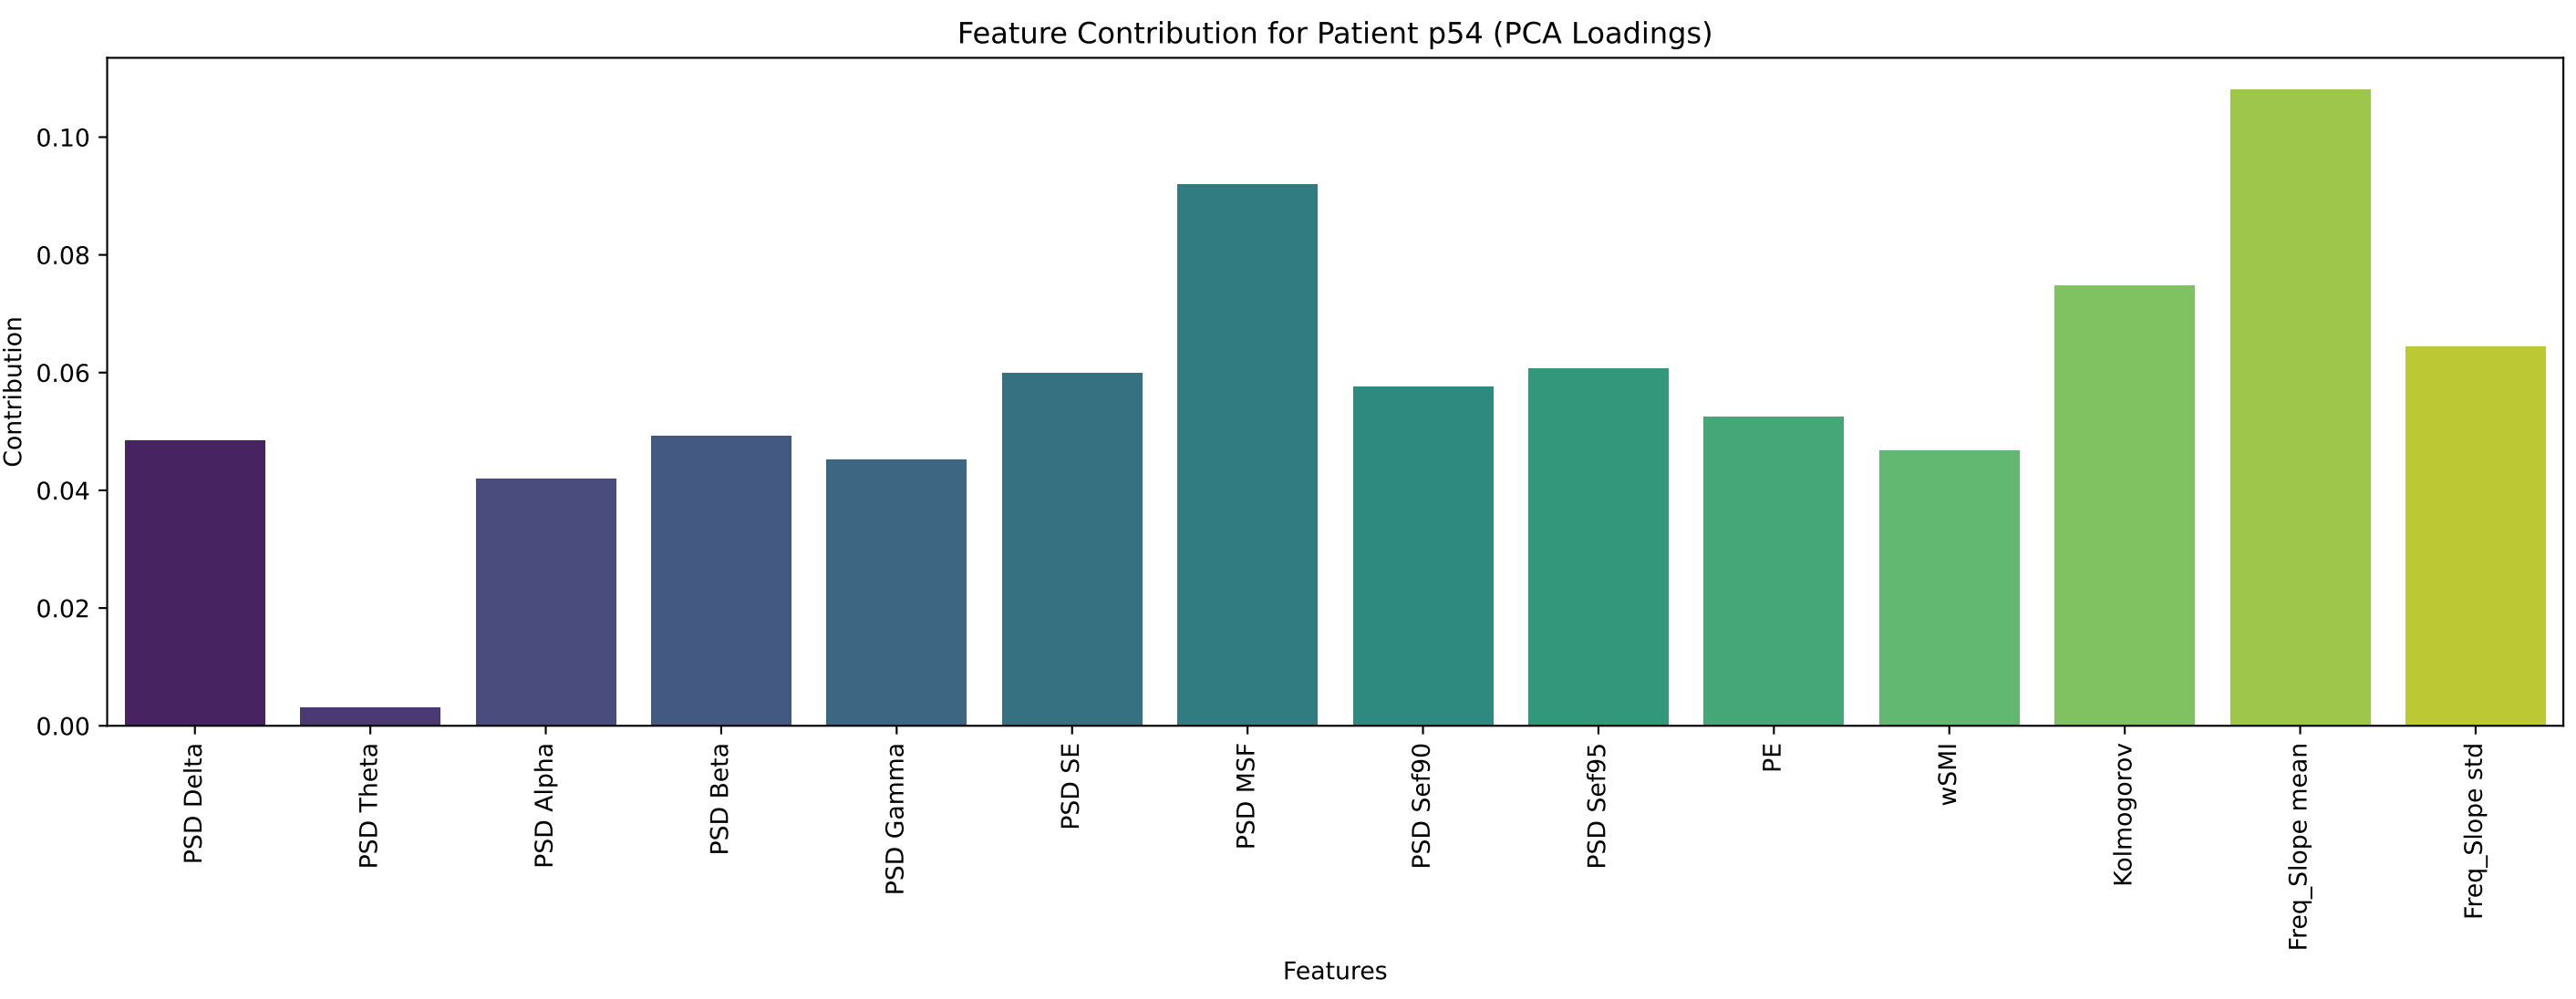

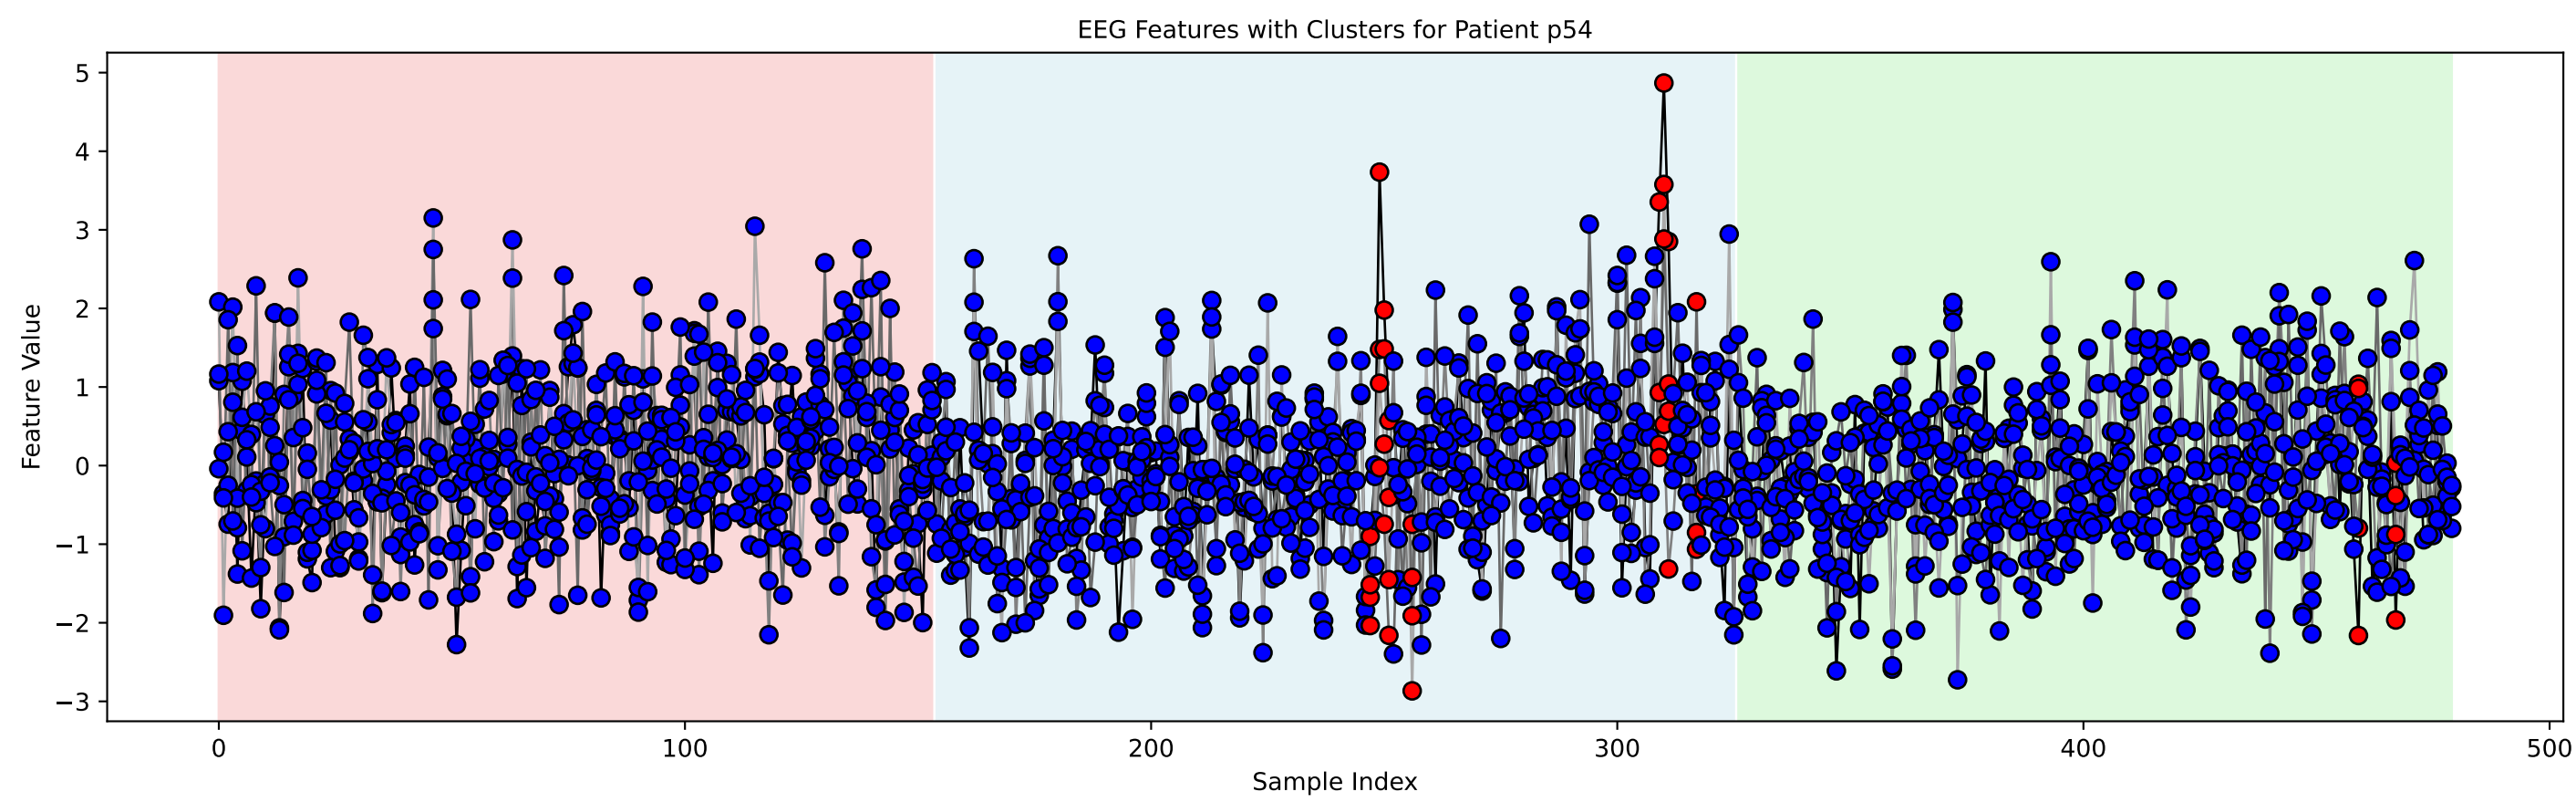

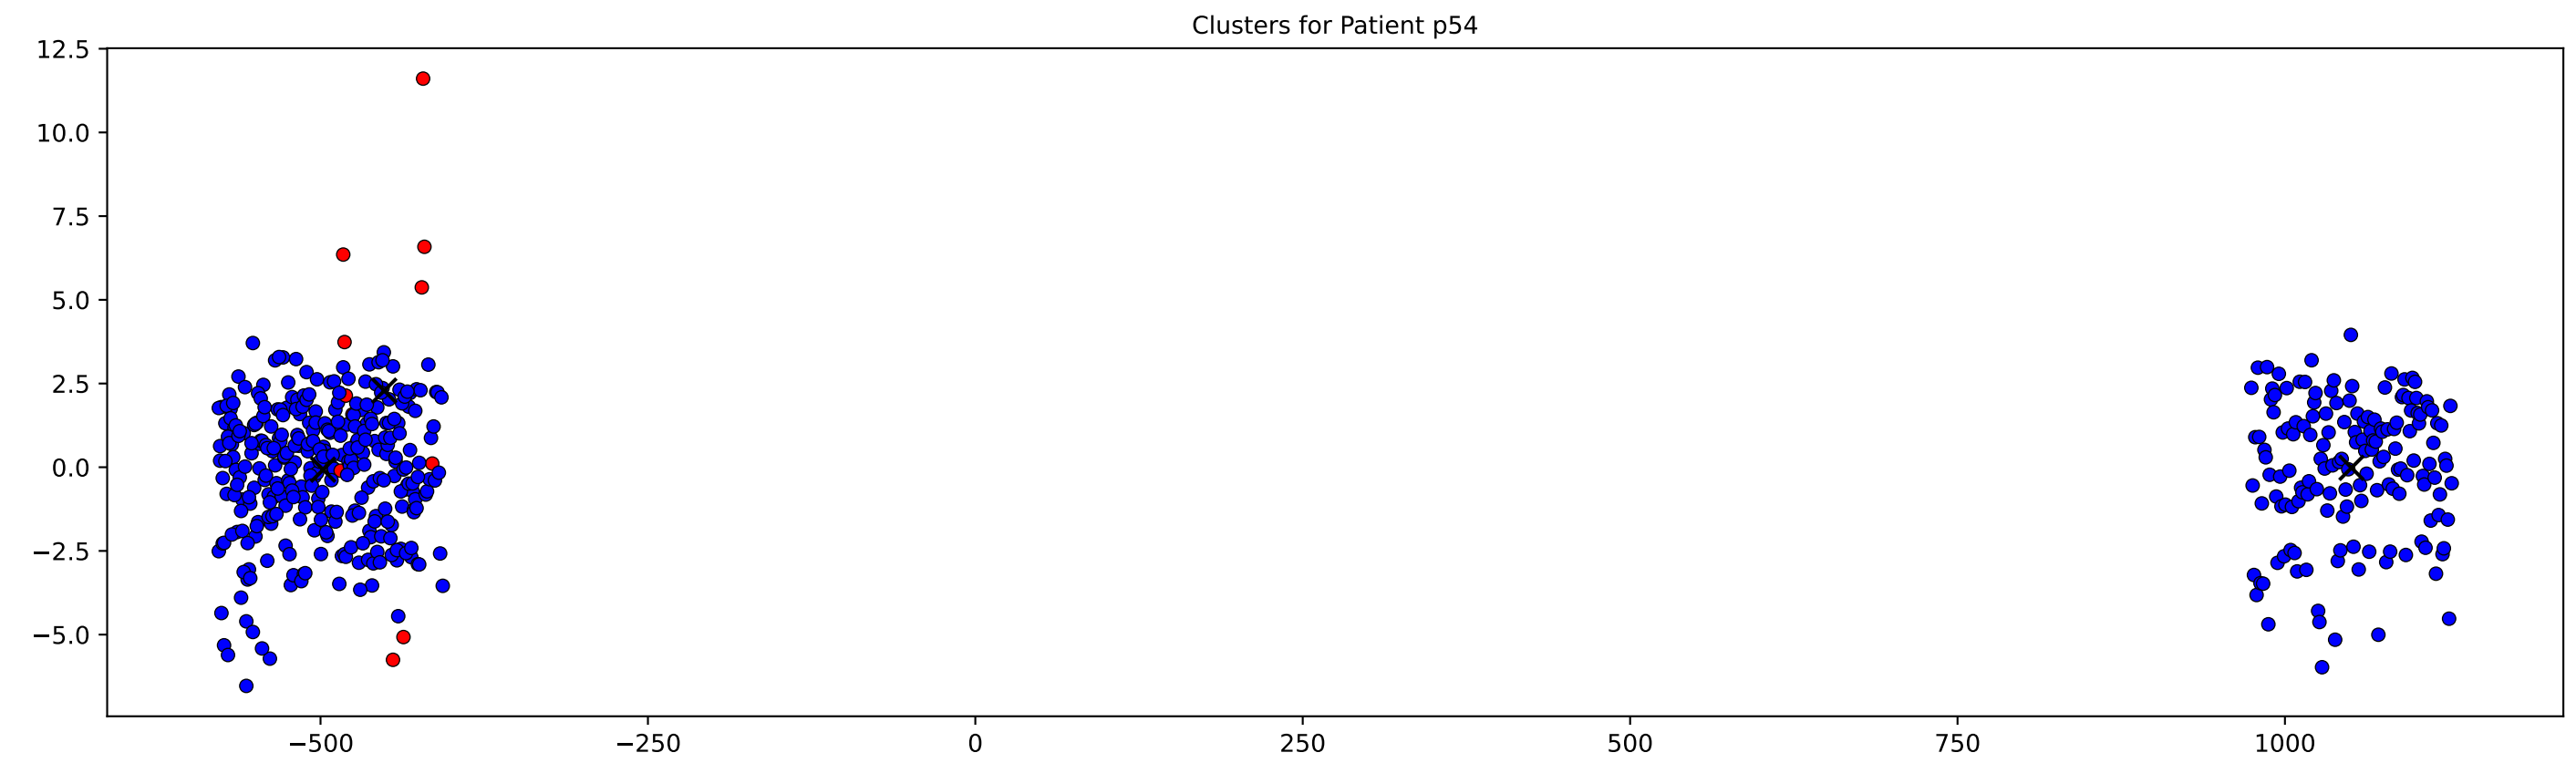

EEG Features with Clusters for Patient p53

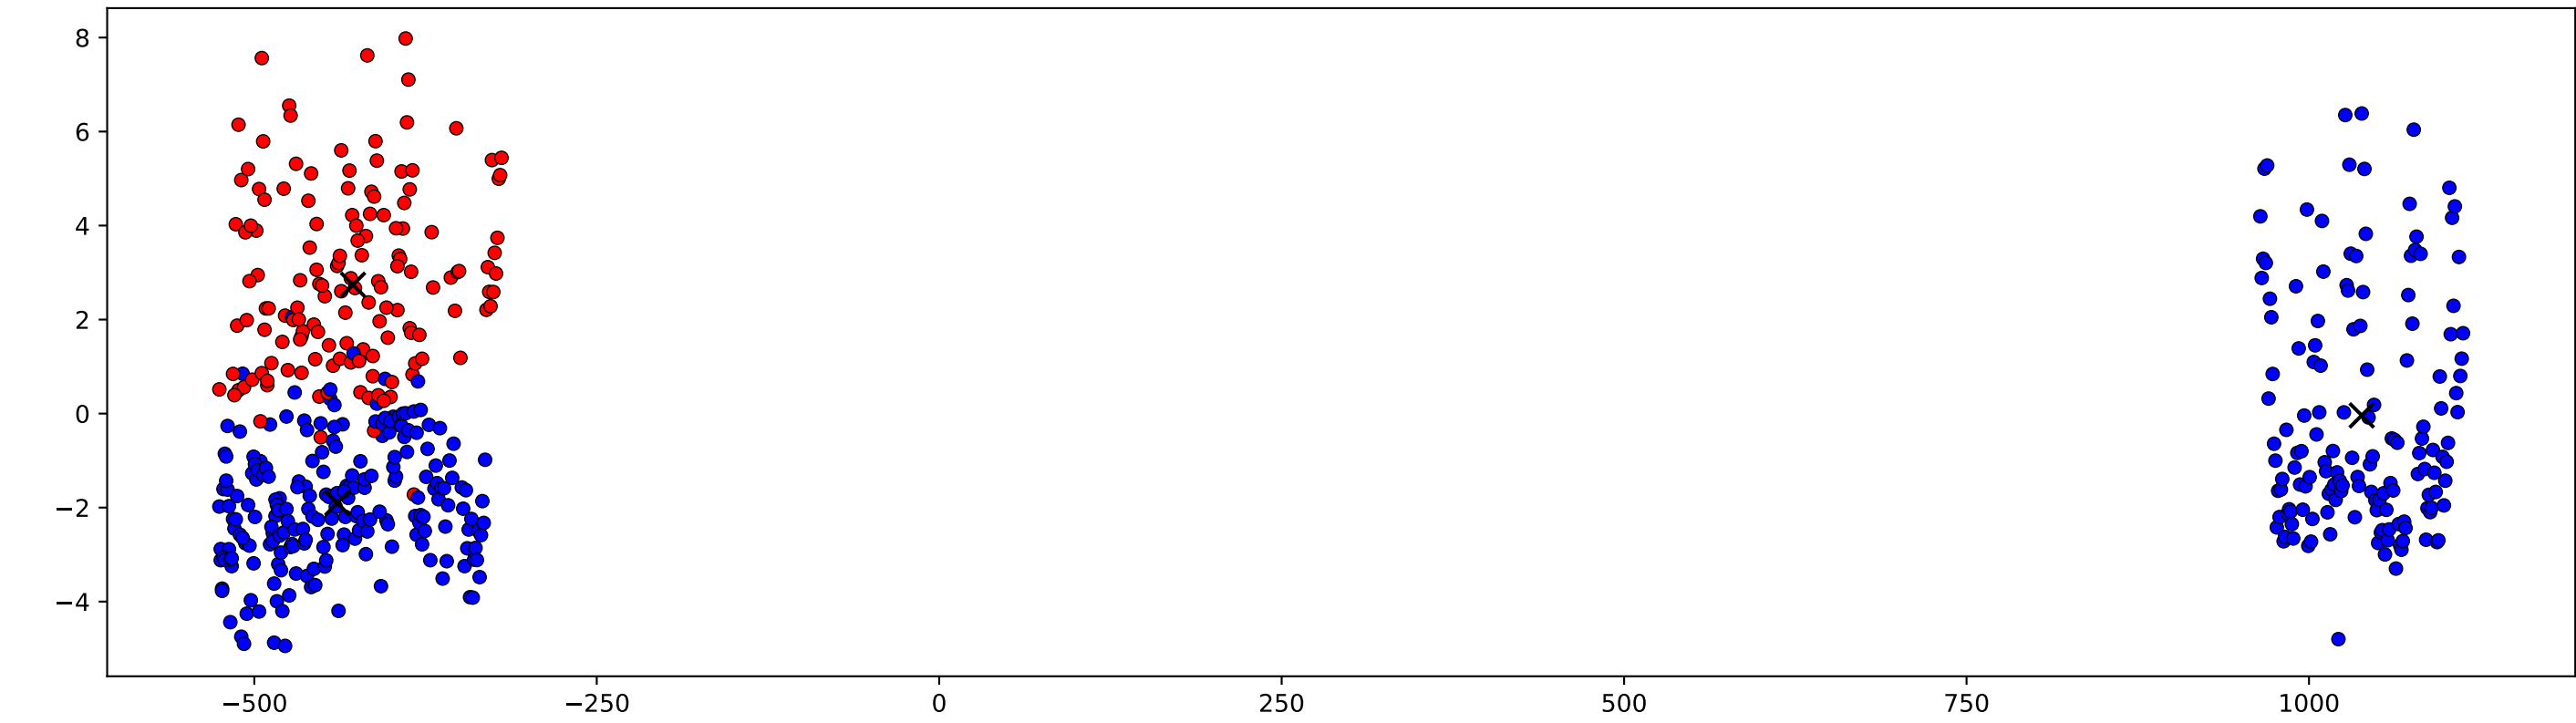

Feature Contribution for Patient p53 (PCA Loadings)

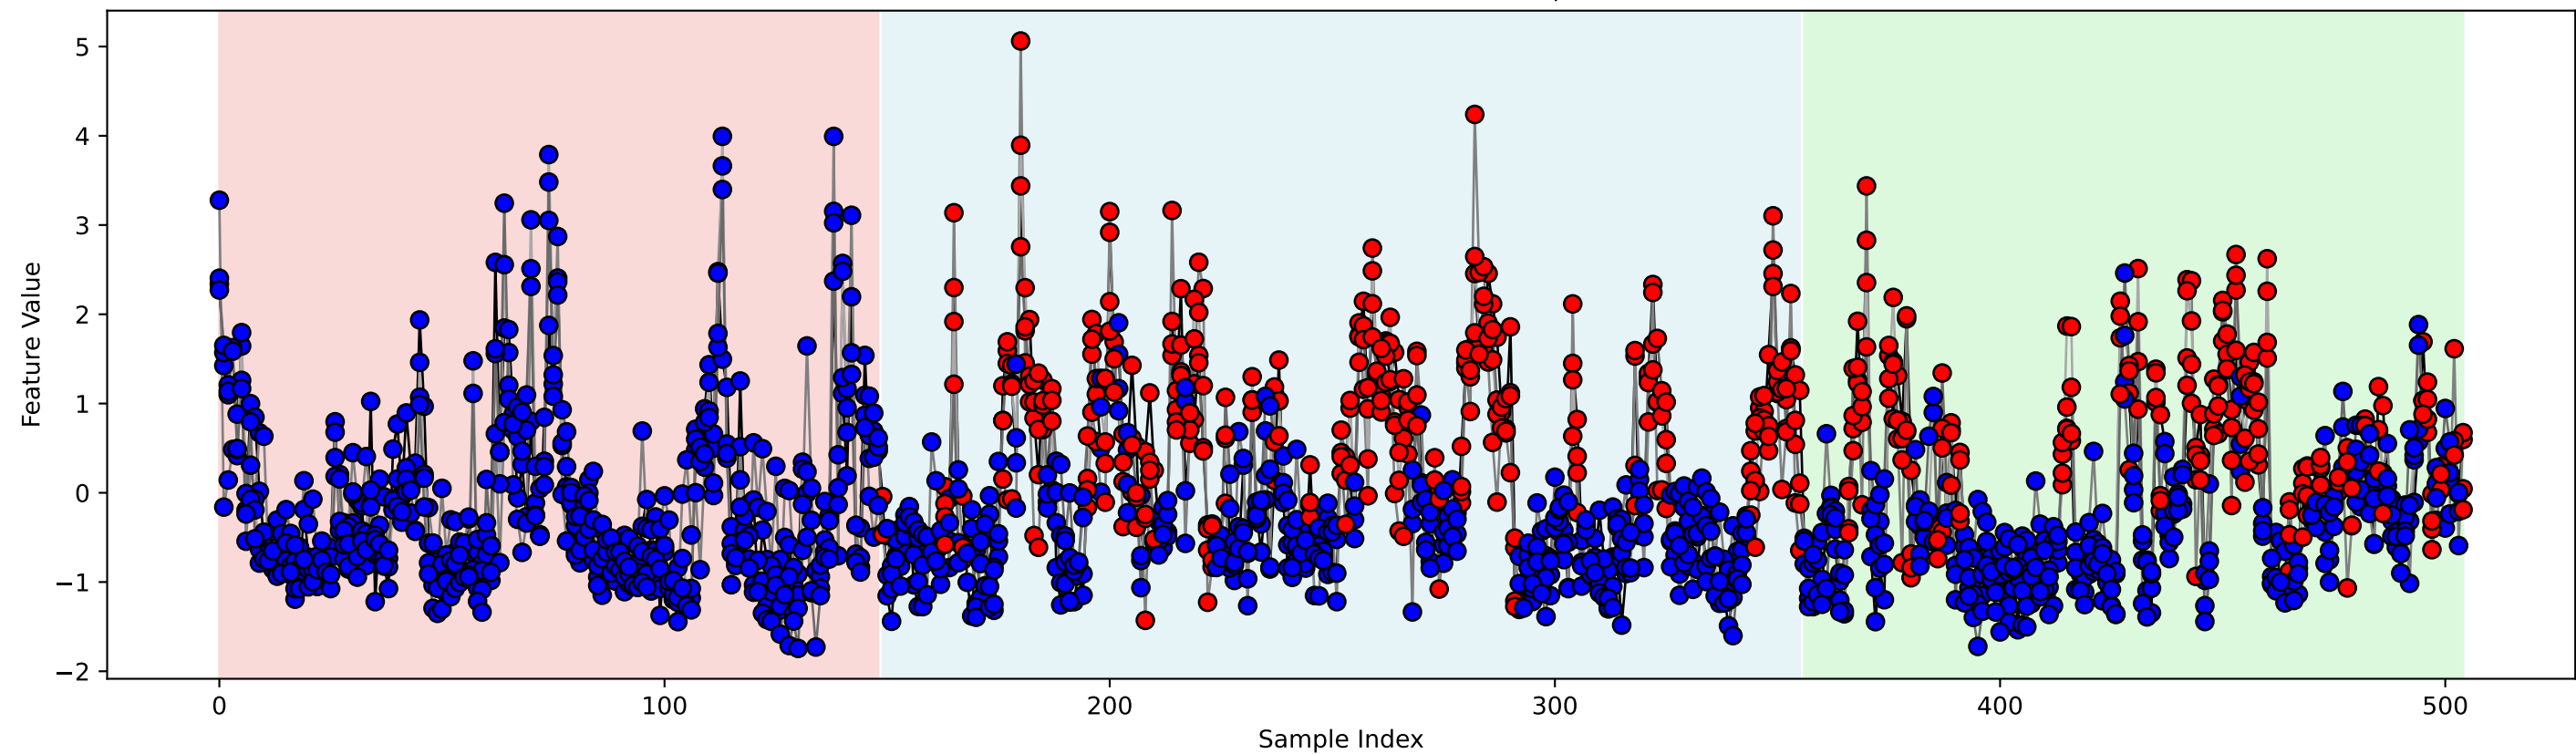

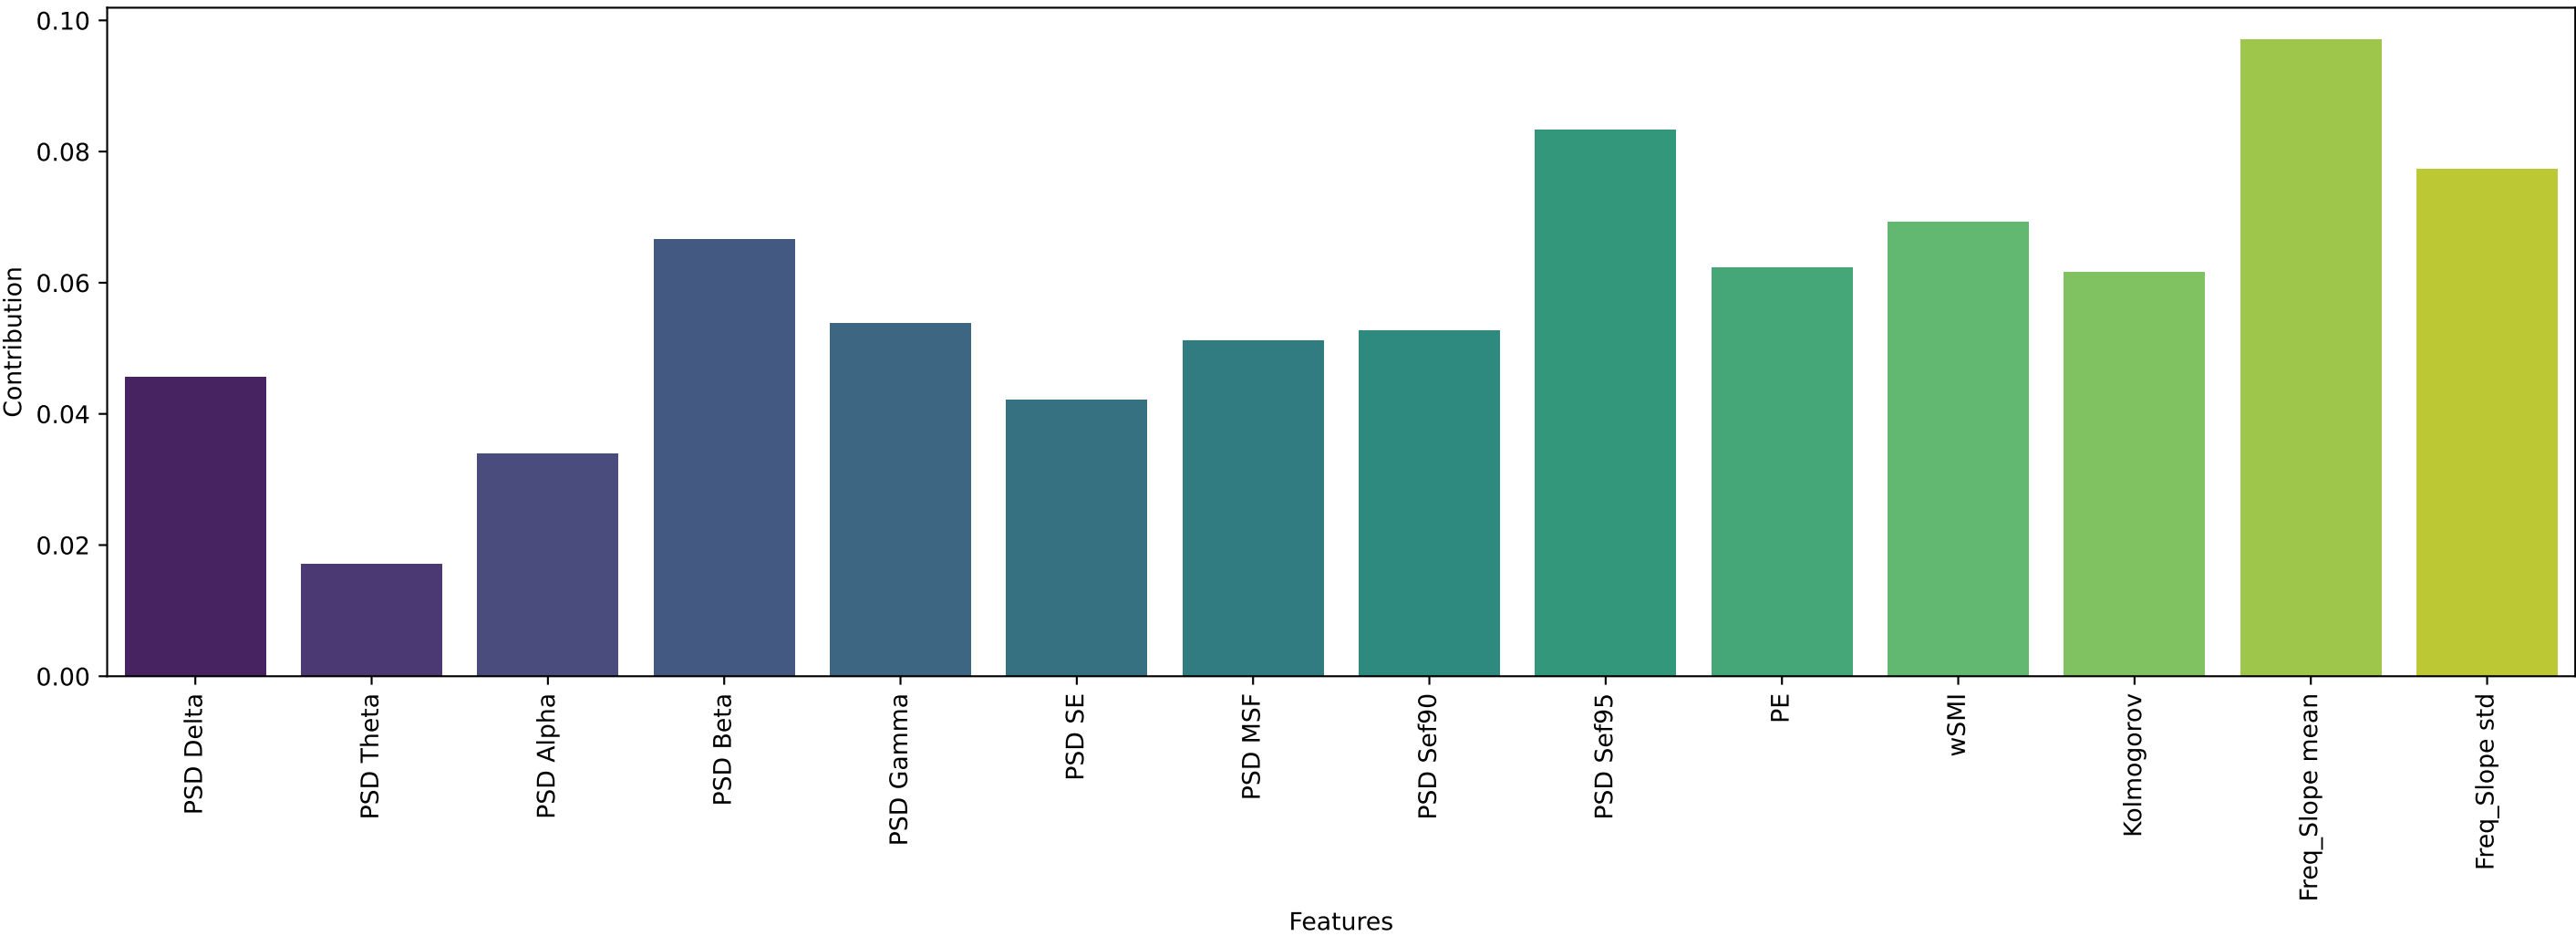

Clusters for Patient p56

EEG Features with Clusters for Patient p56

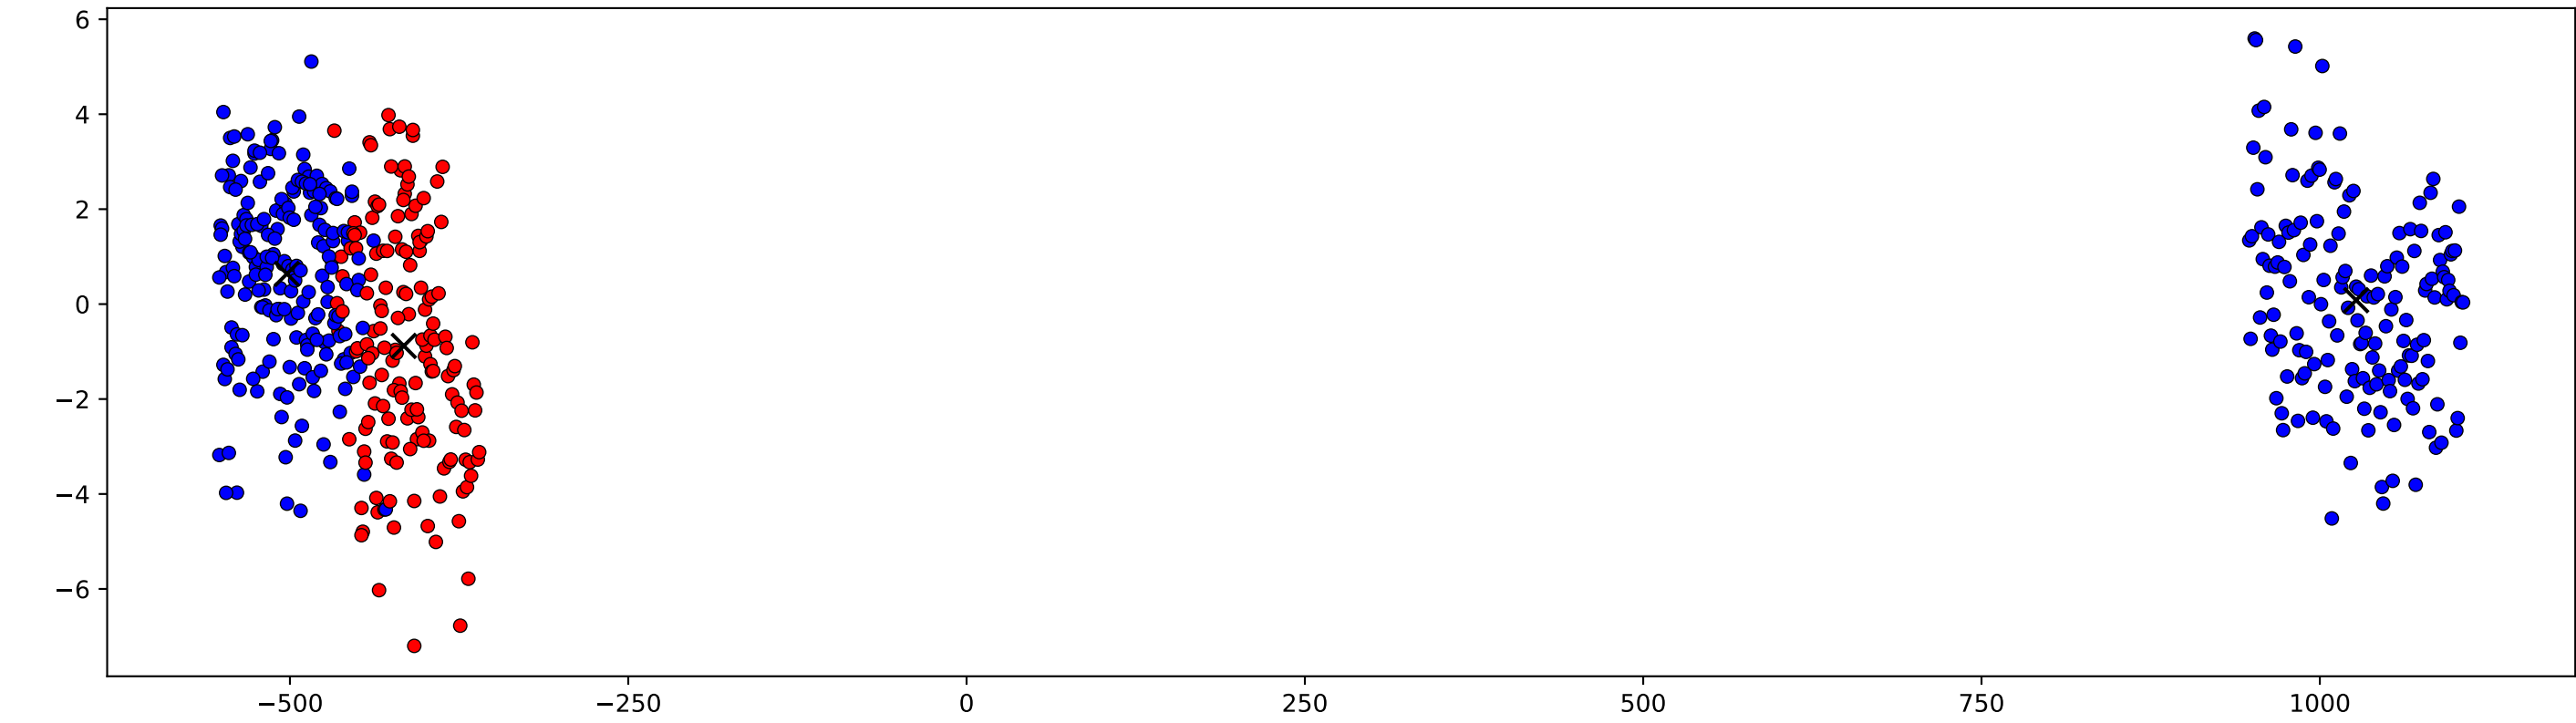

Feature Contribution for Patient p56 (PCA Loadings)

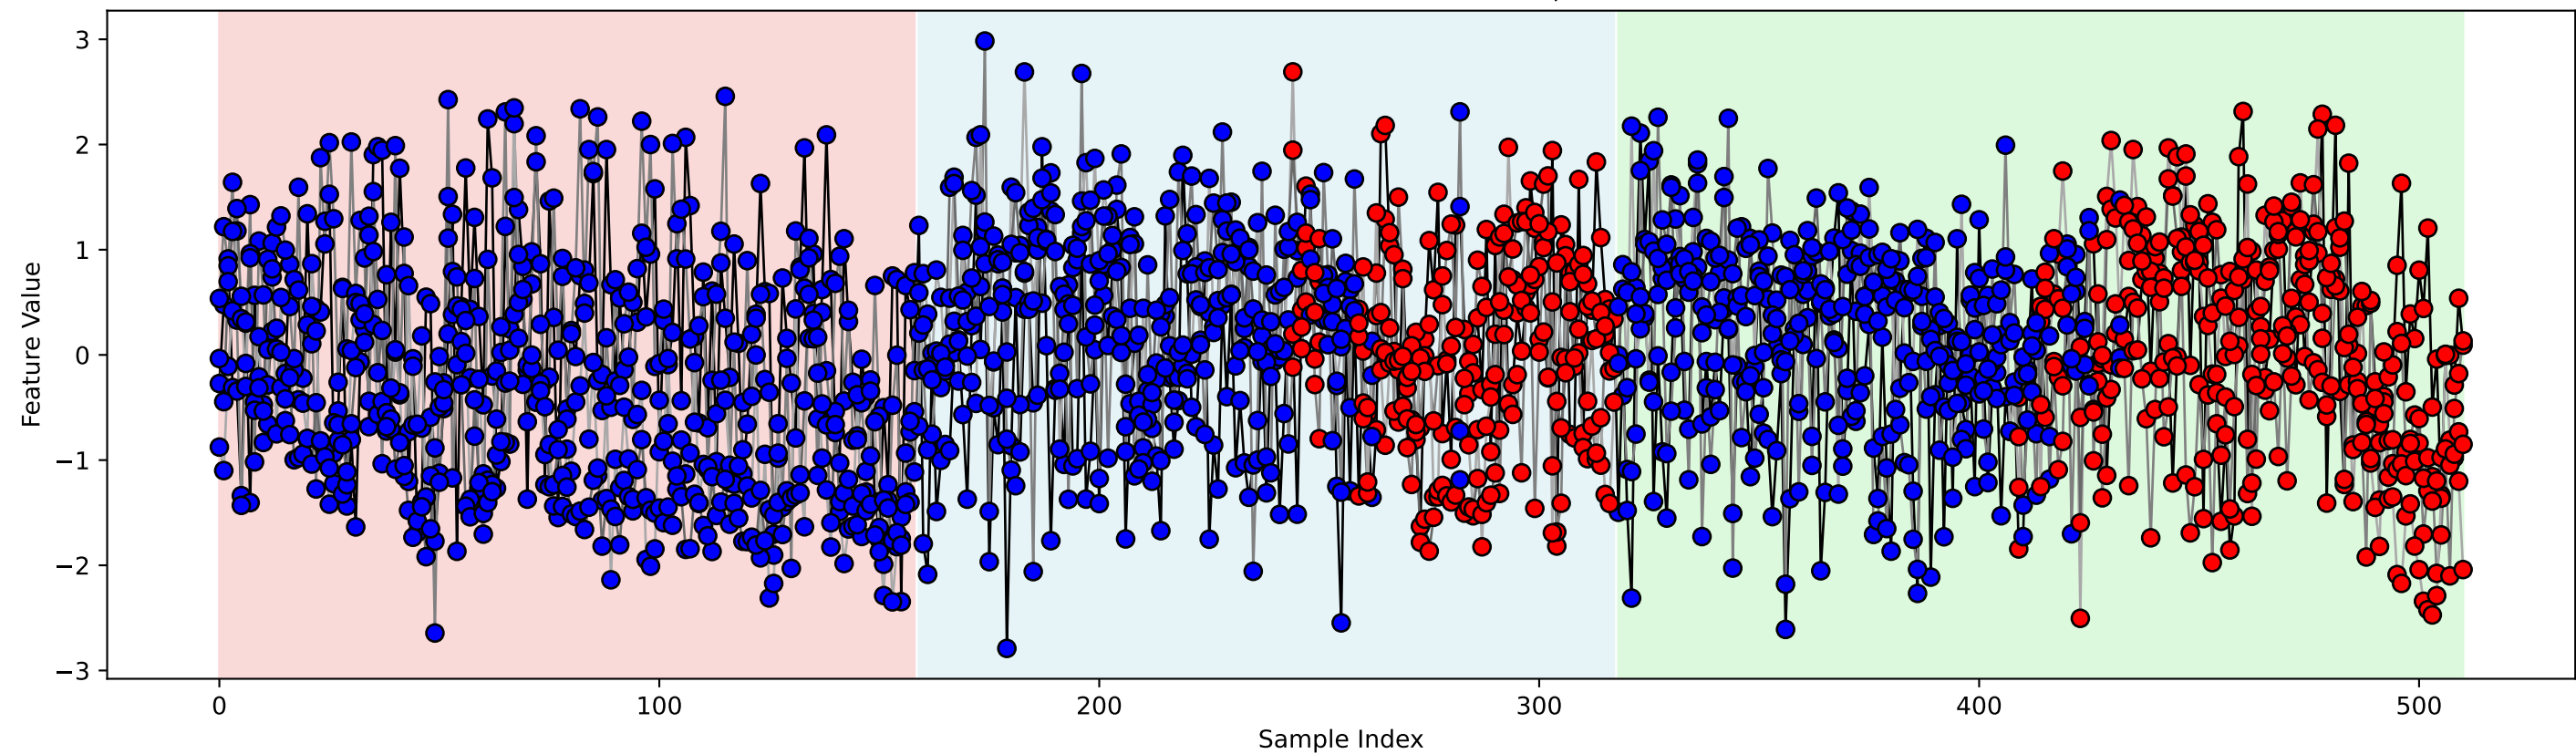

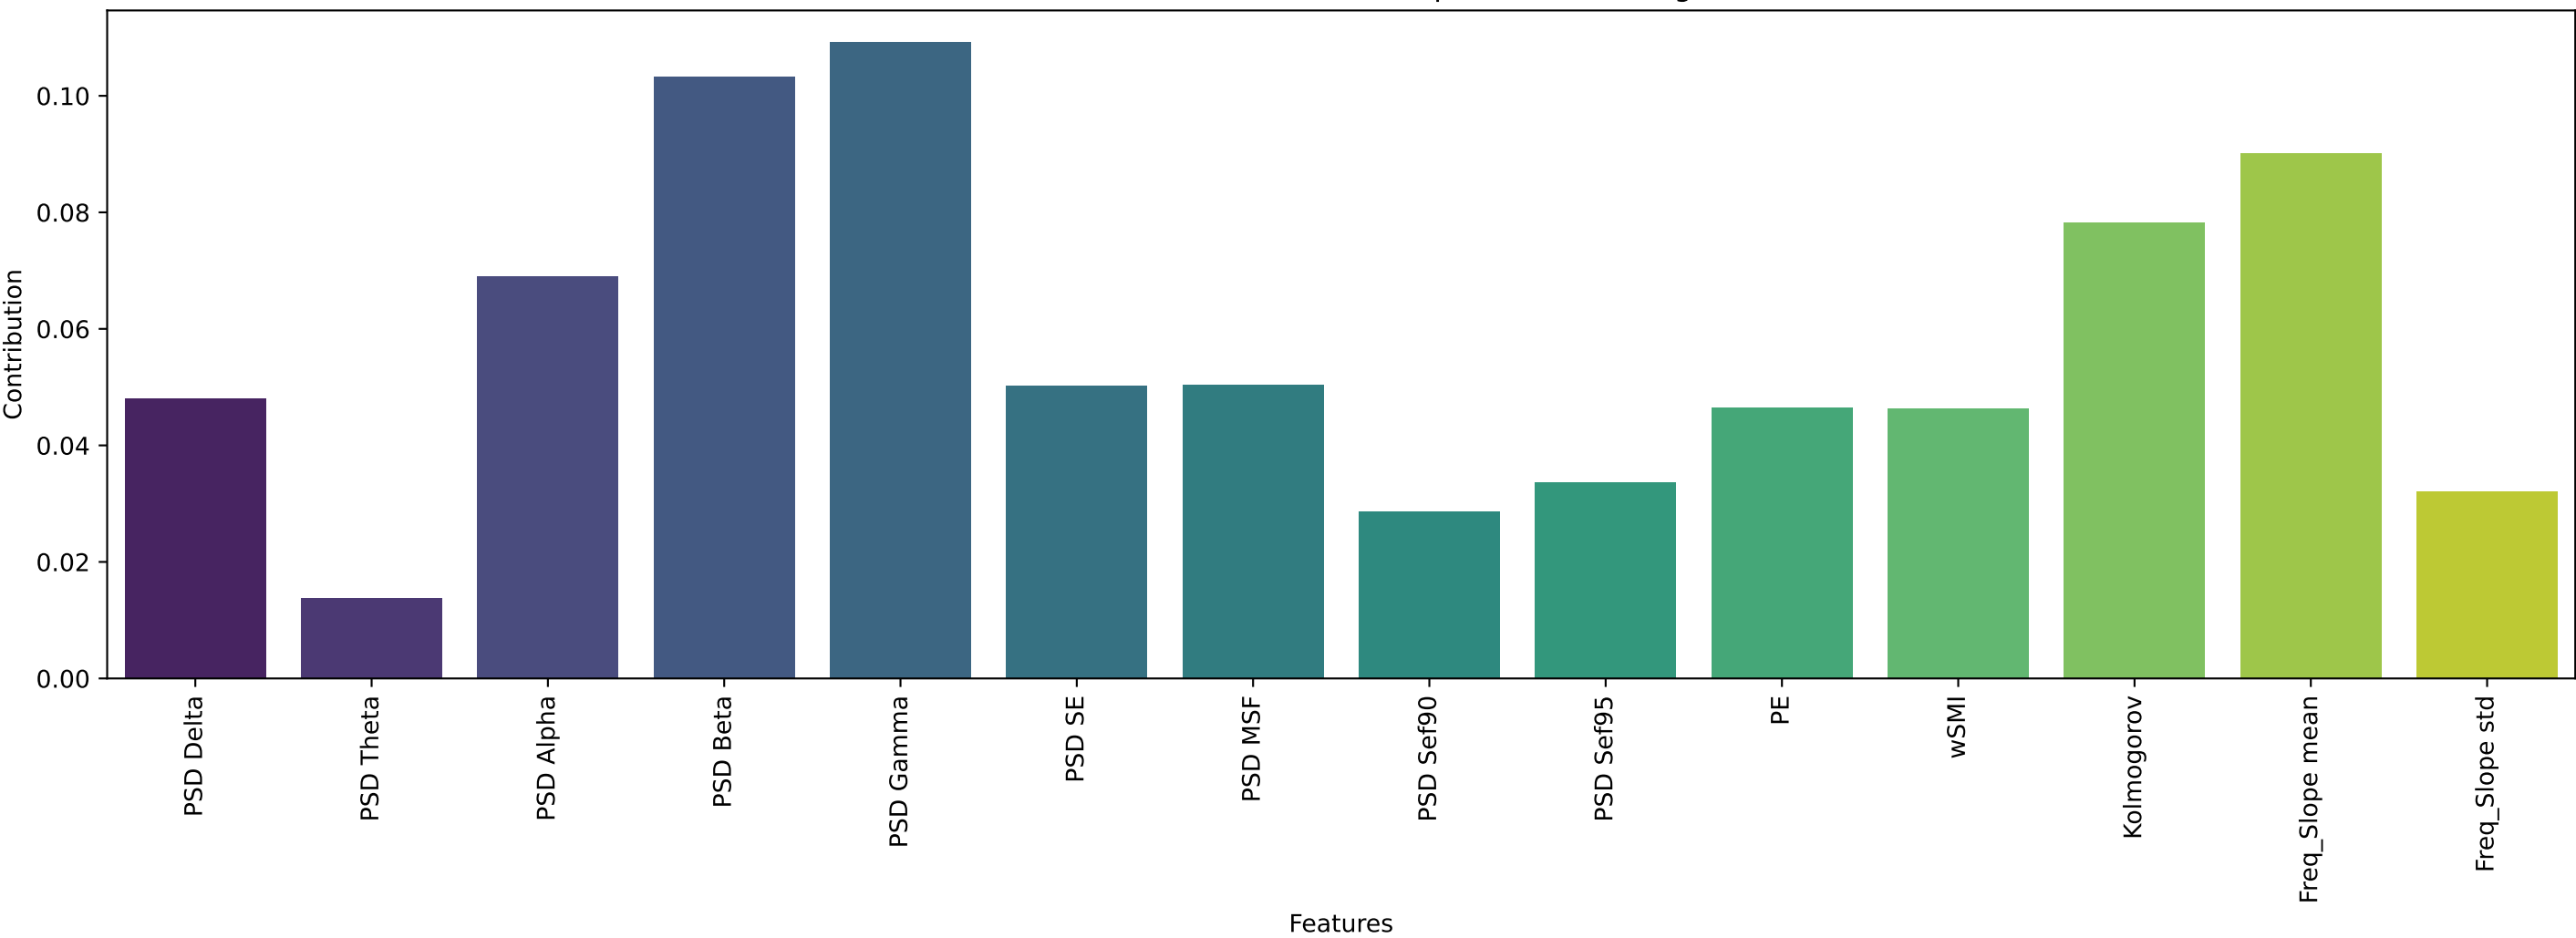

Clusters for Patient p57

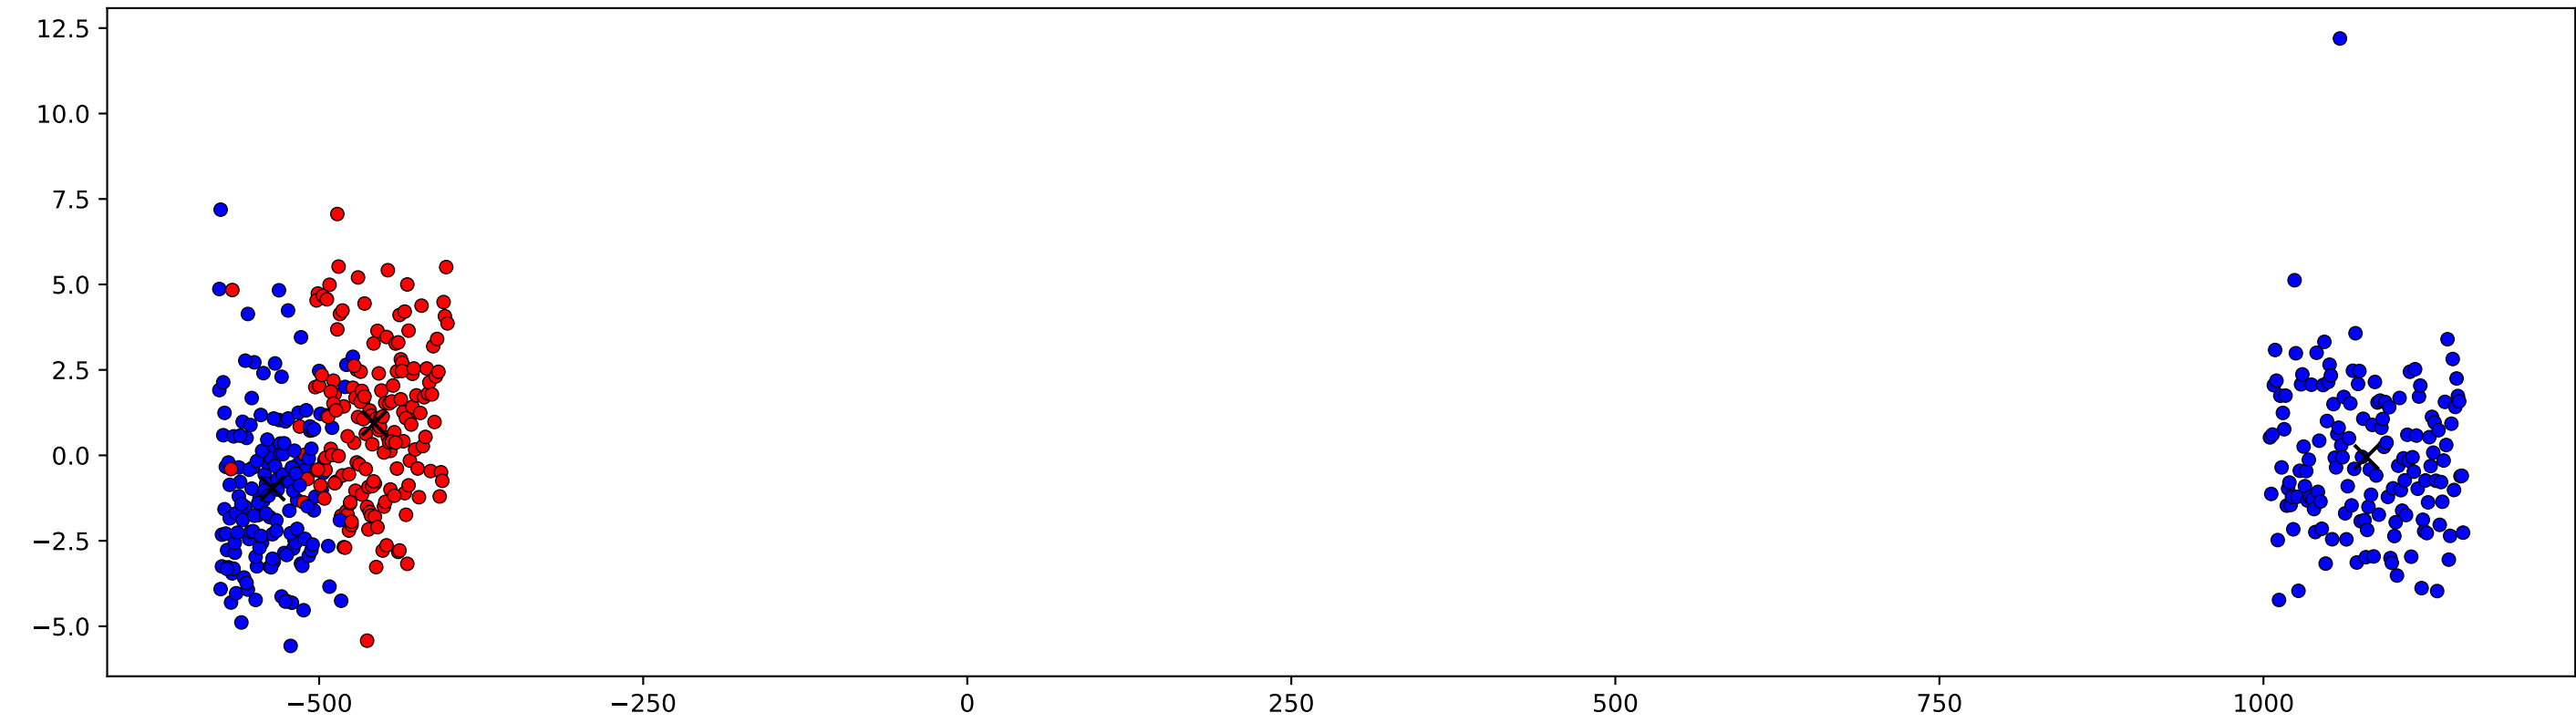

EEG Features with Clusters for Patient p57

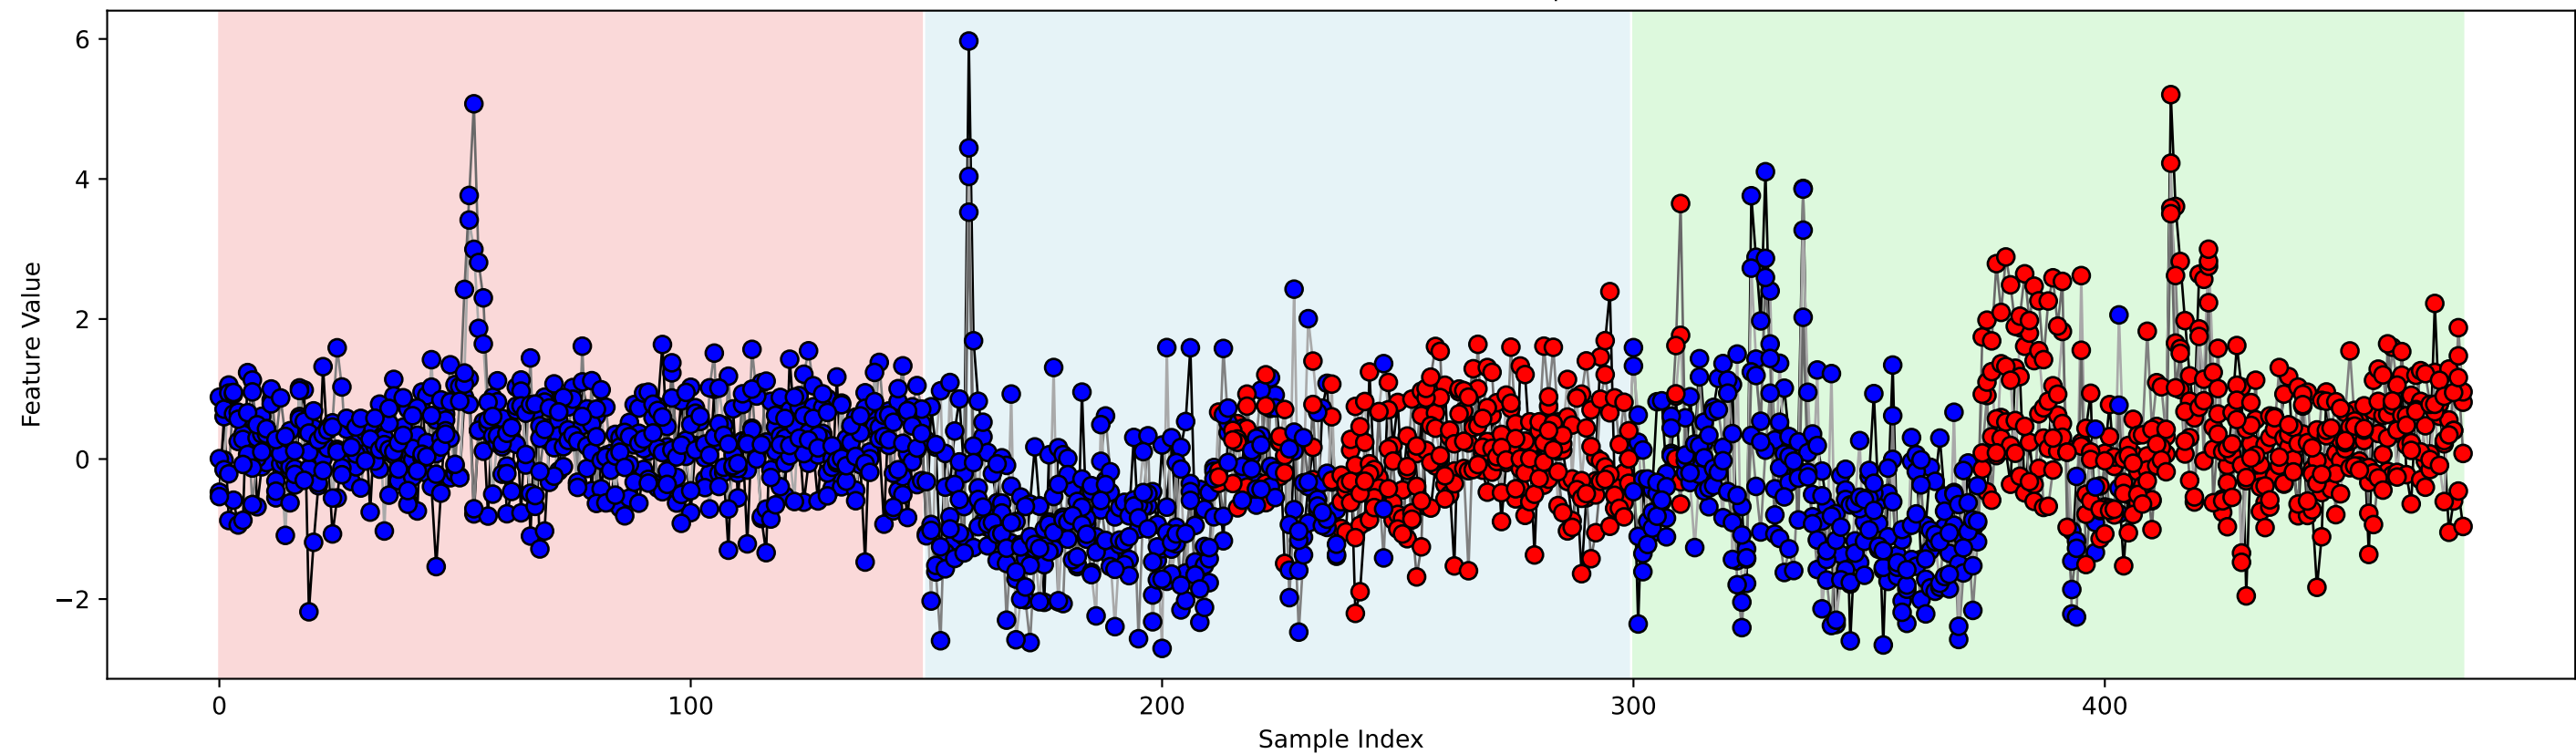

Feature Contribution for Patient p57 (PCA Loadings)

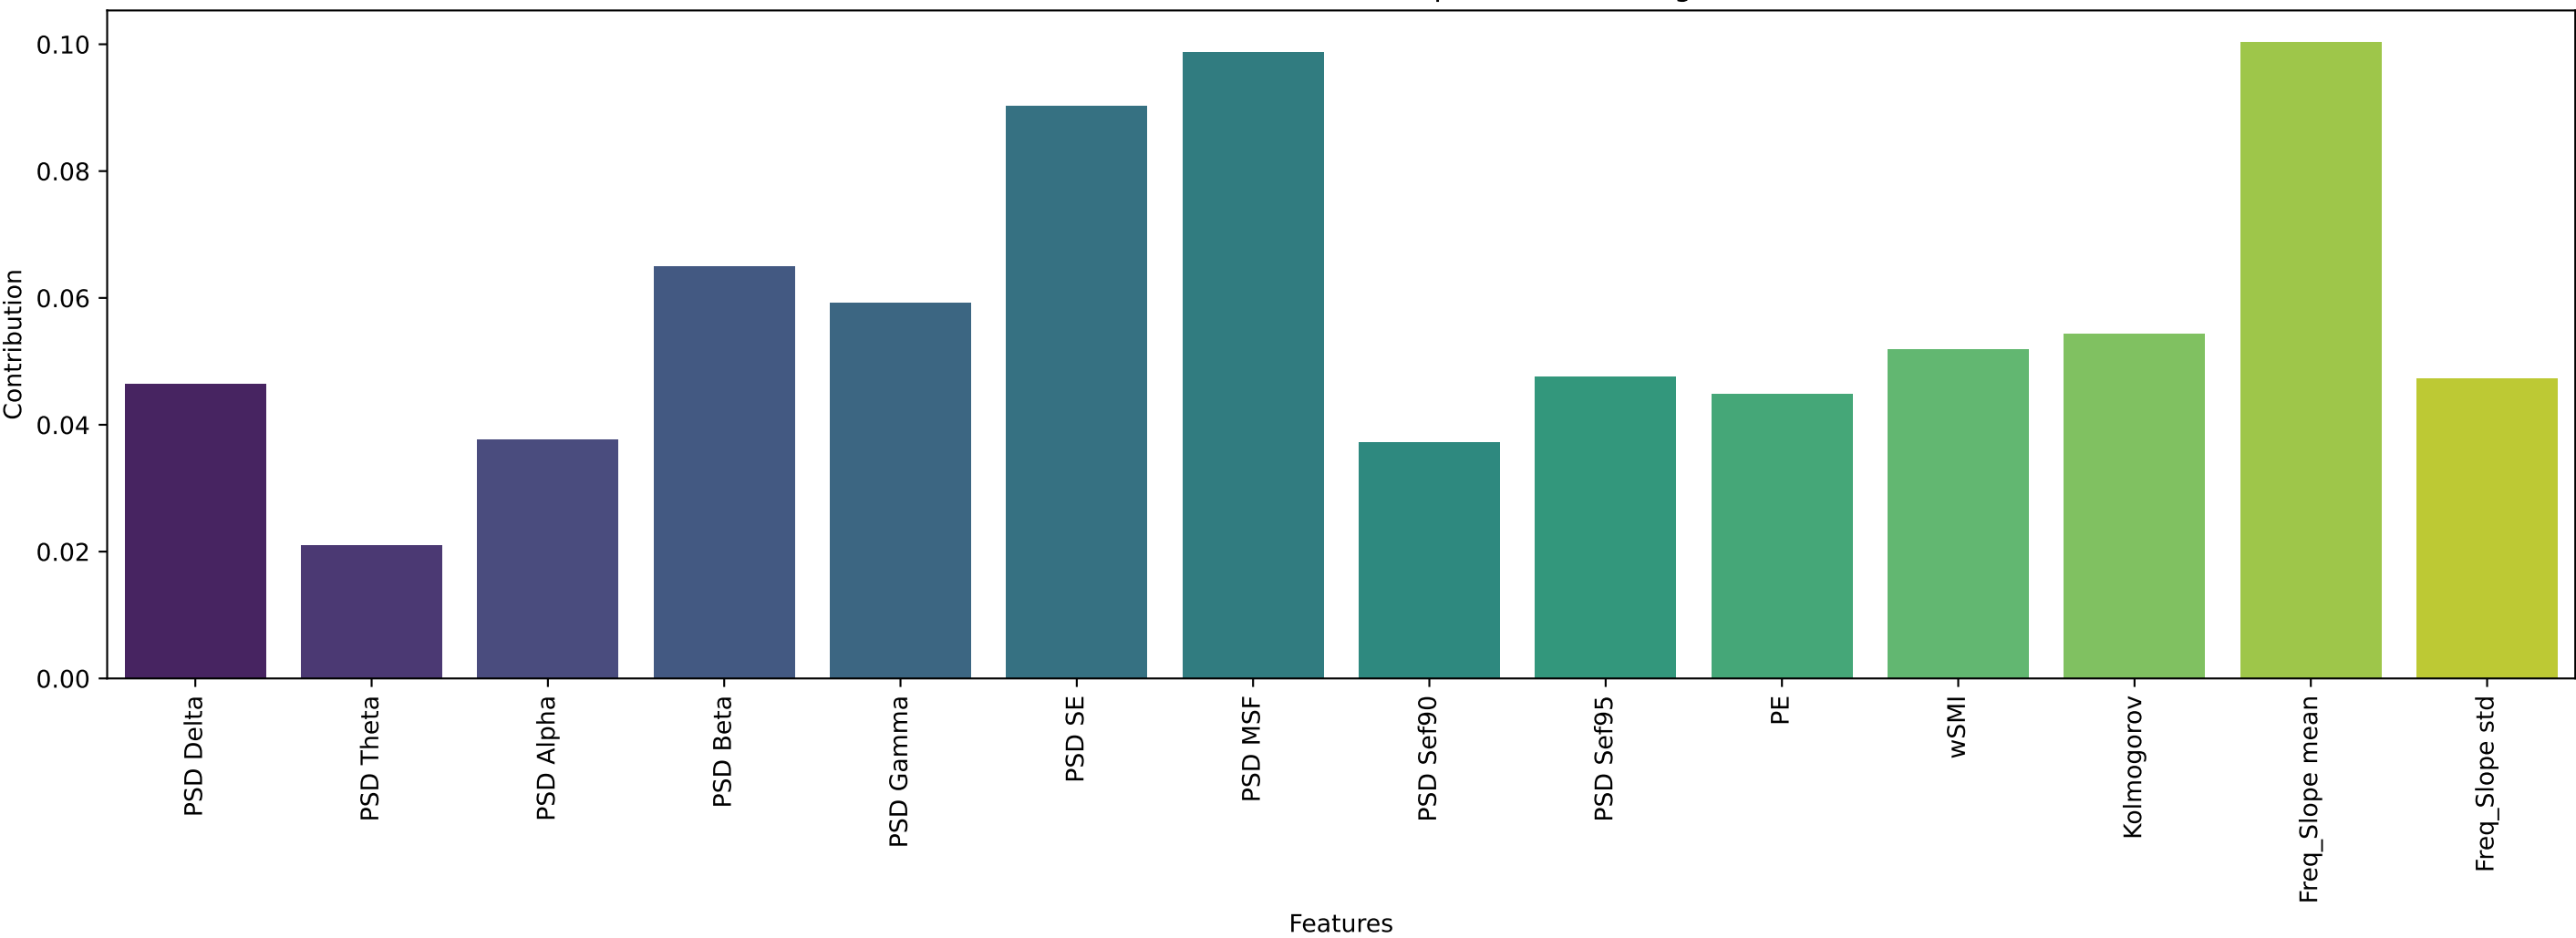

Clusters for Patient p58

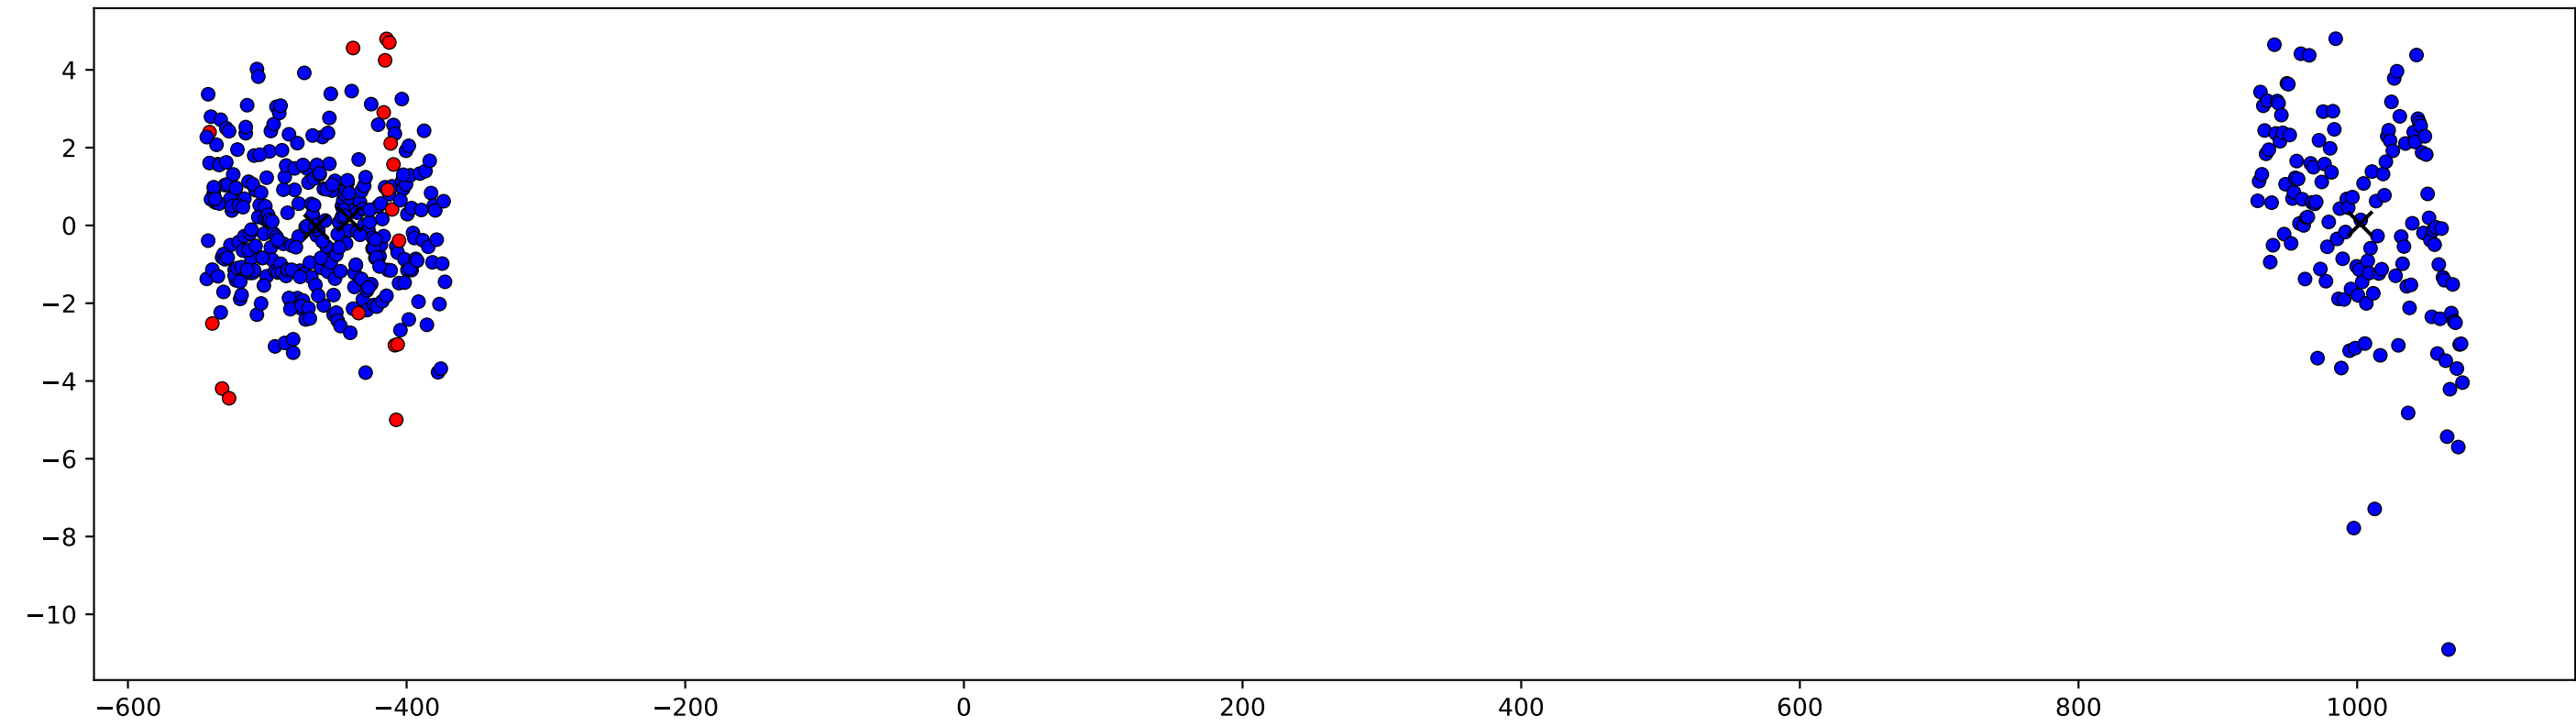

EEG Features with Clusters for Patient p58

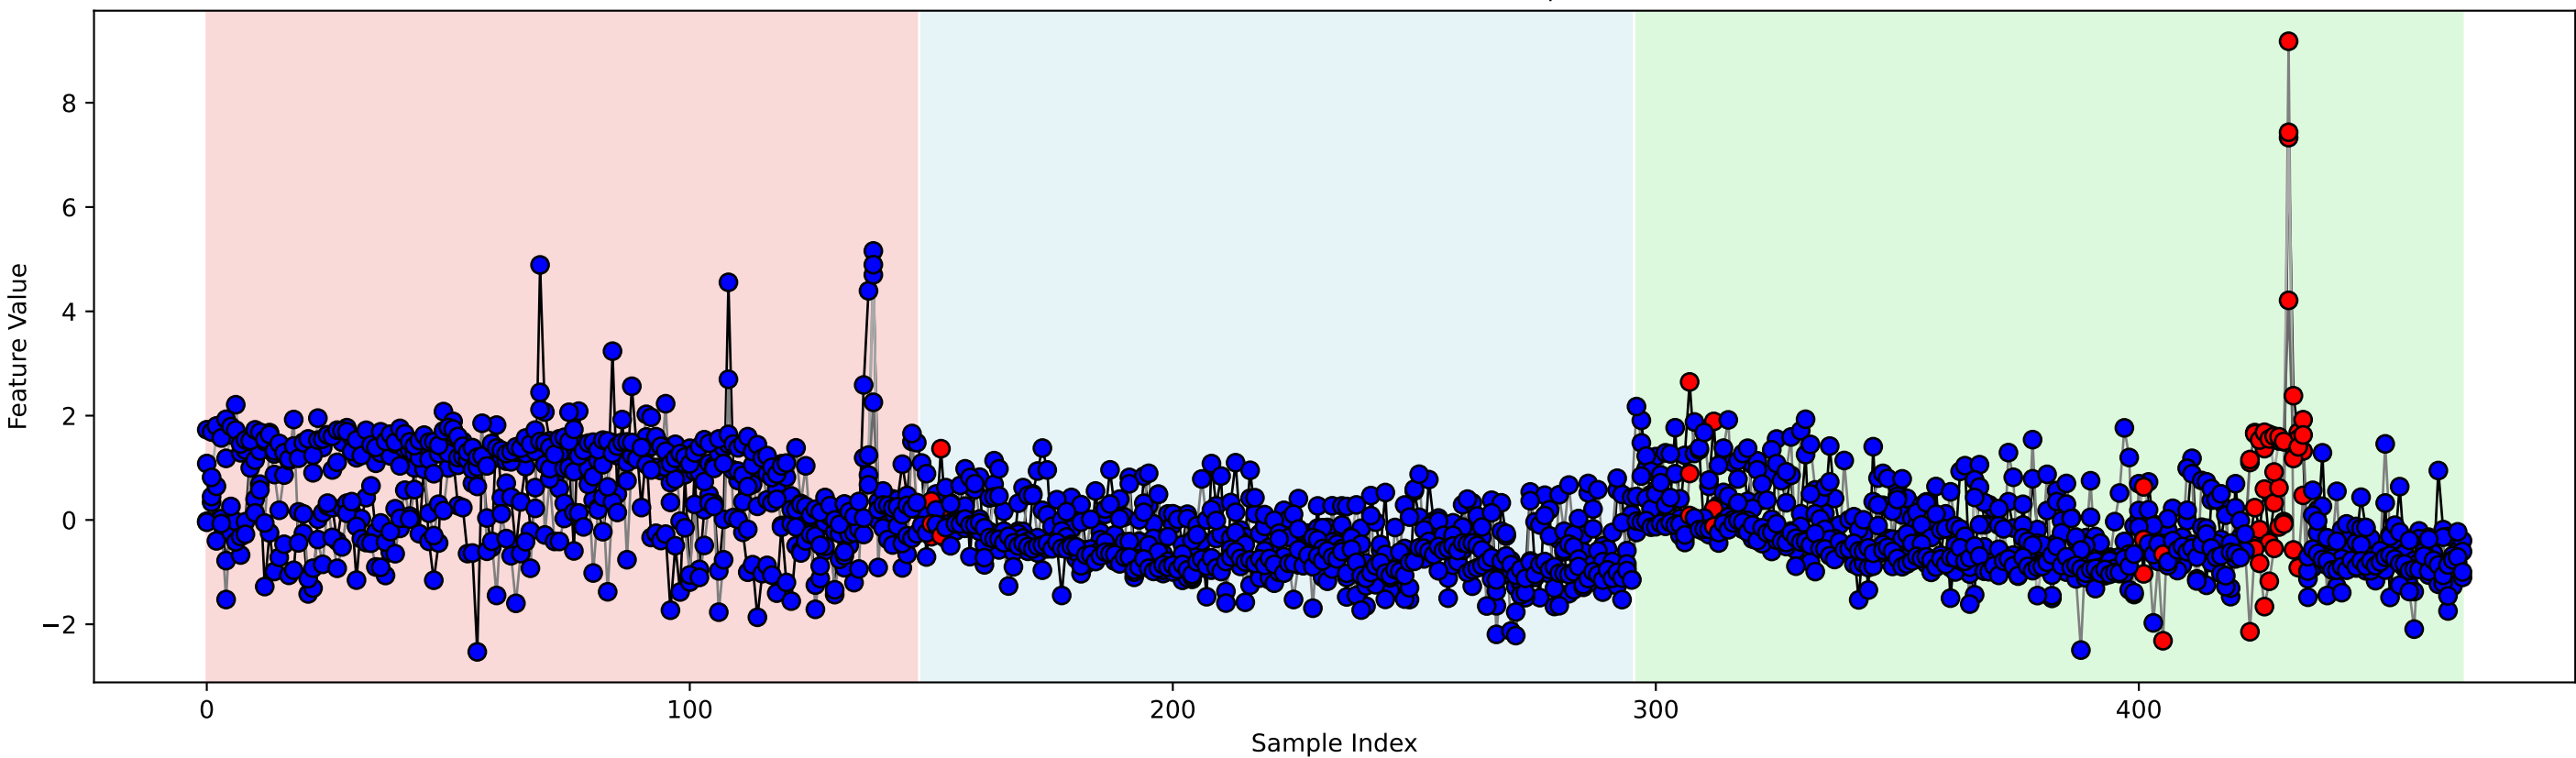

Feature Contribution for Patient p58 (PCA Loadings)

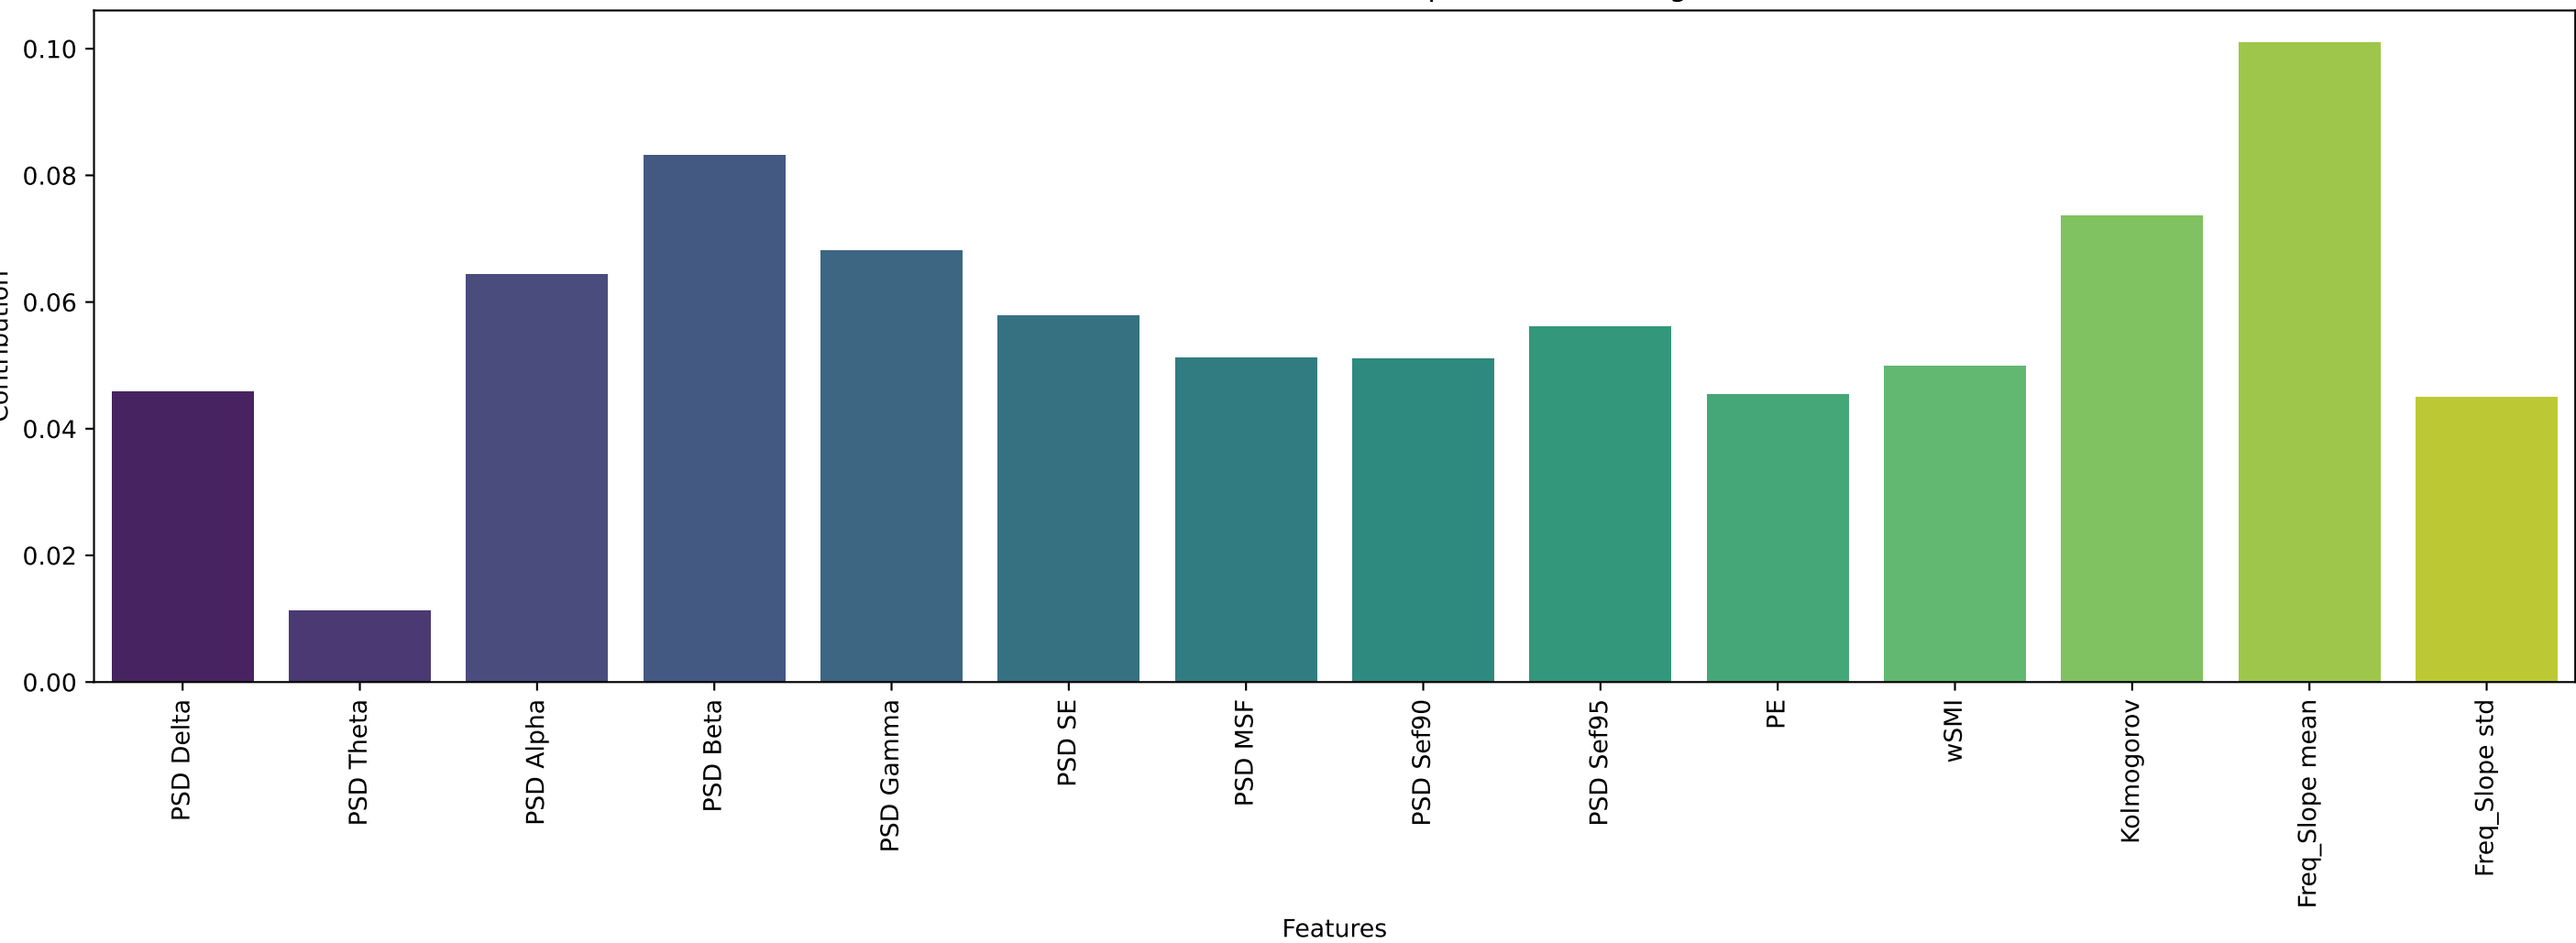

Clusters for Patient p59

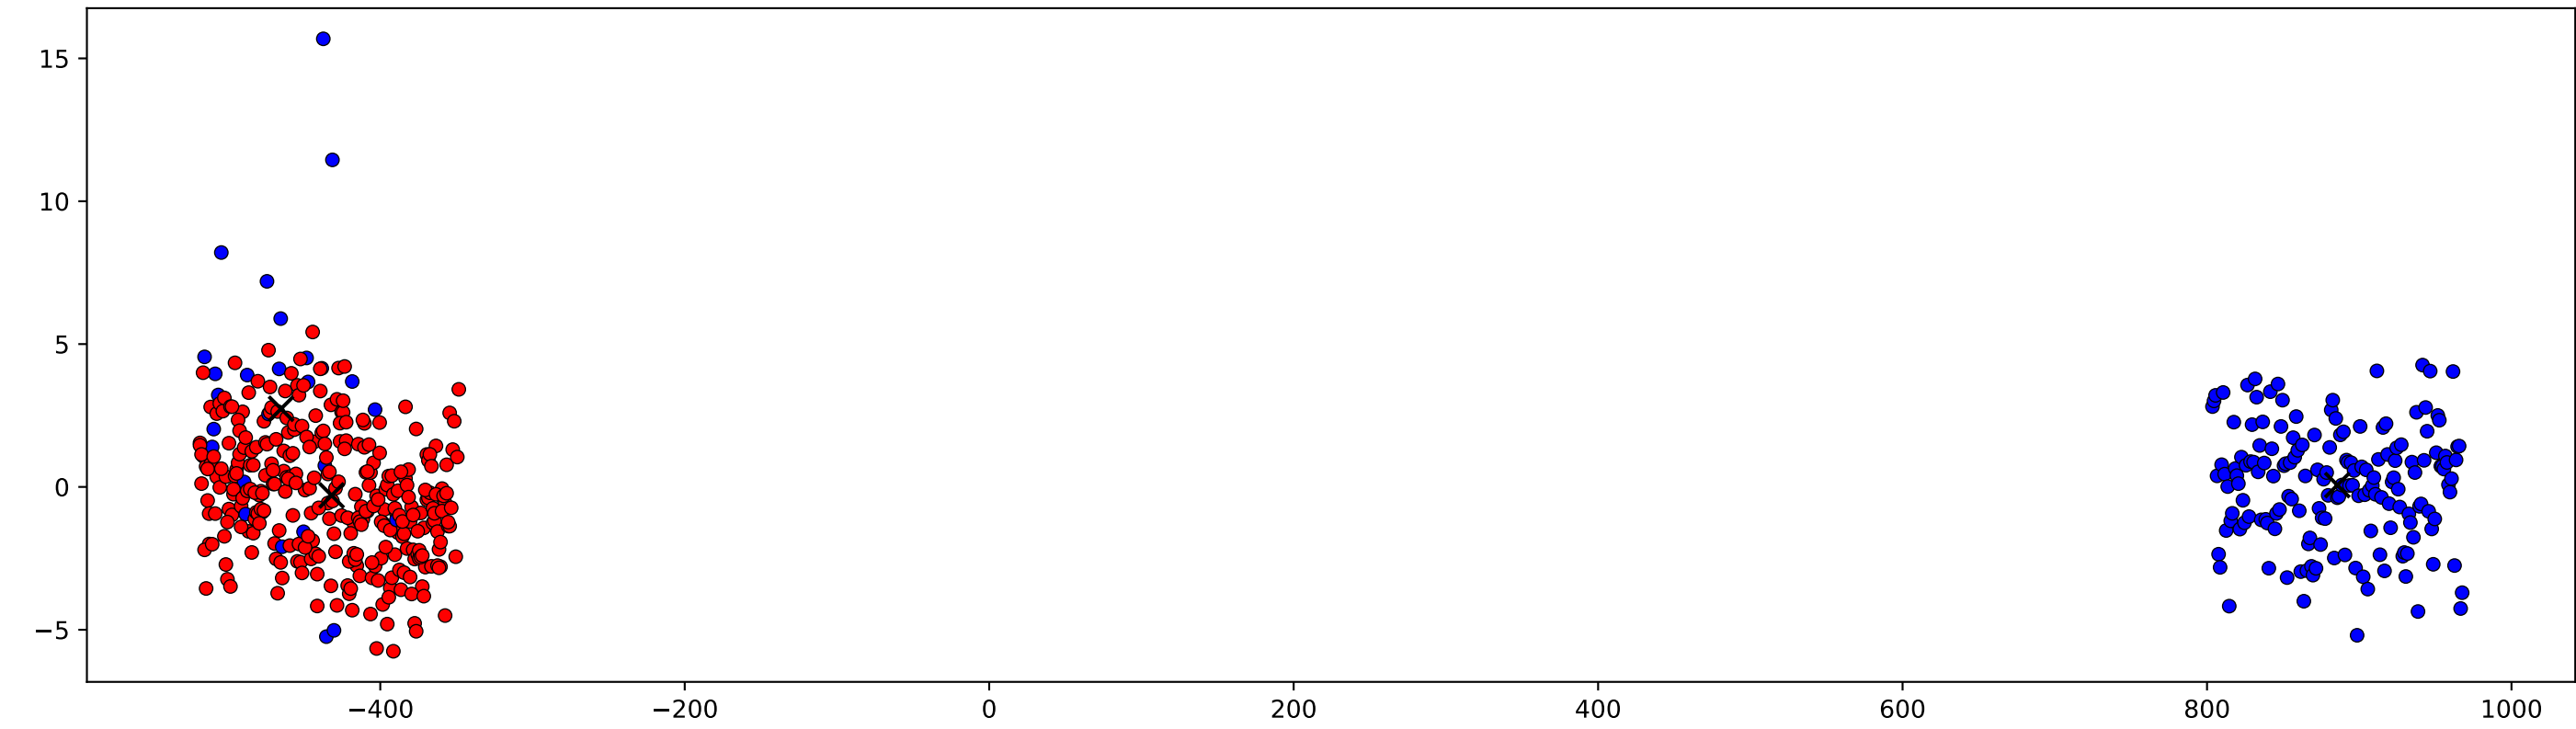

EEG Features with Clusters for Patient p59

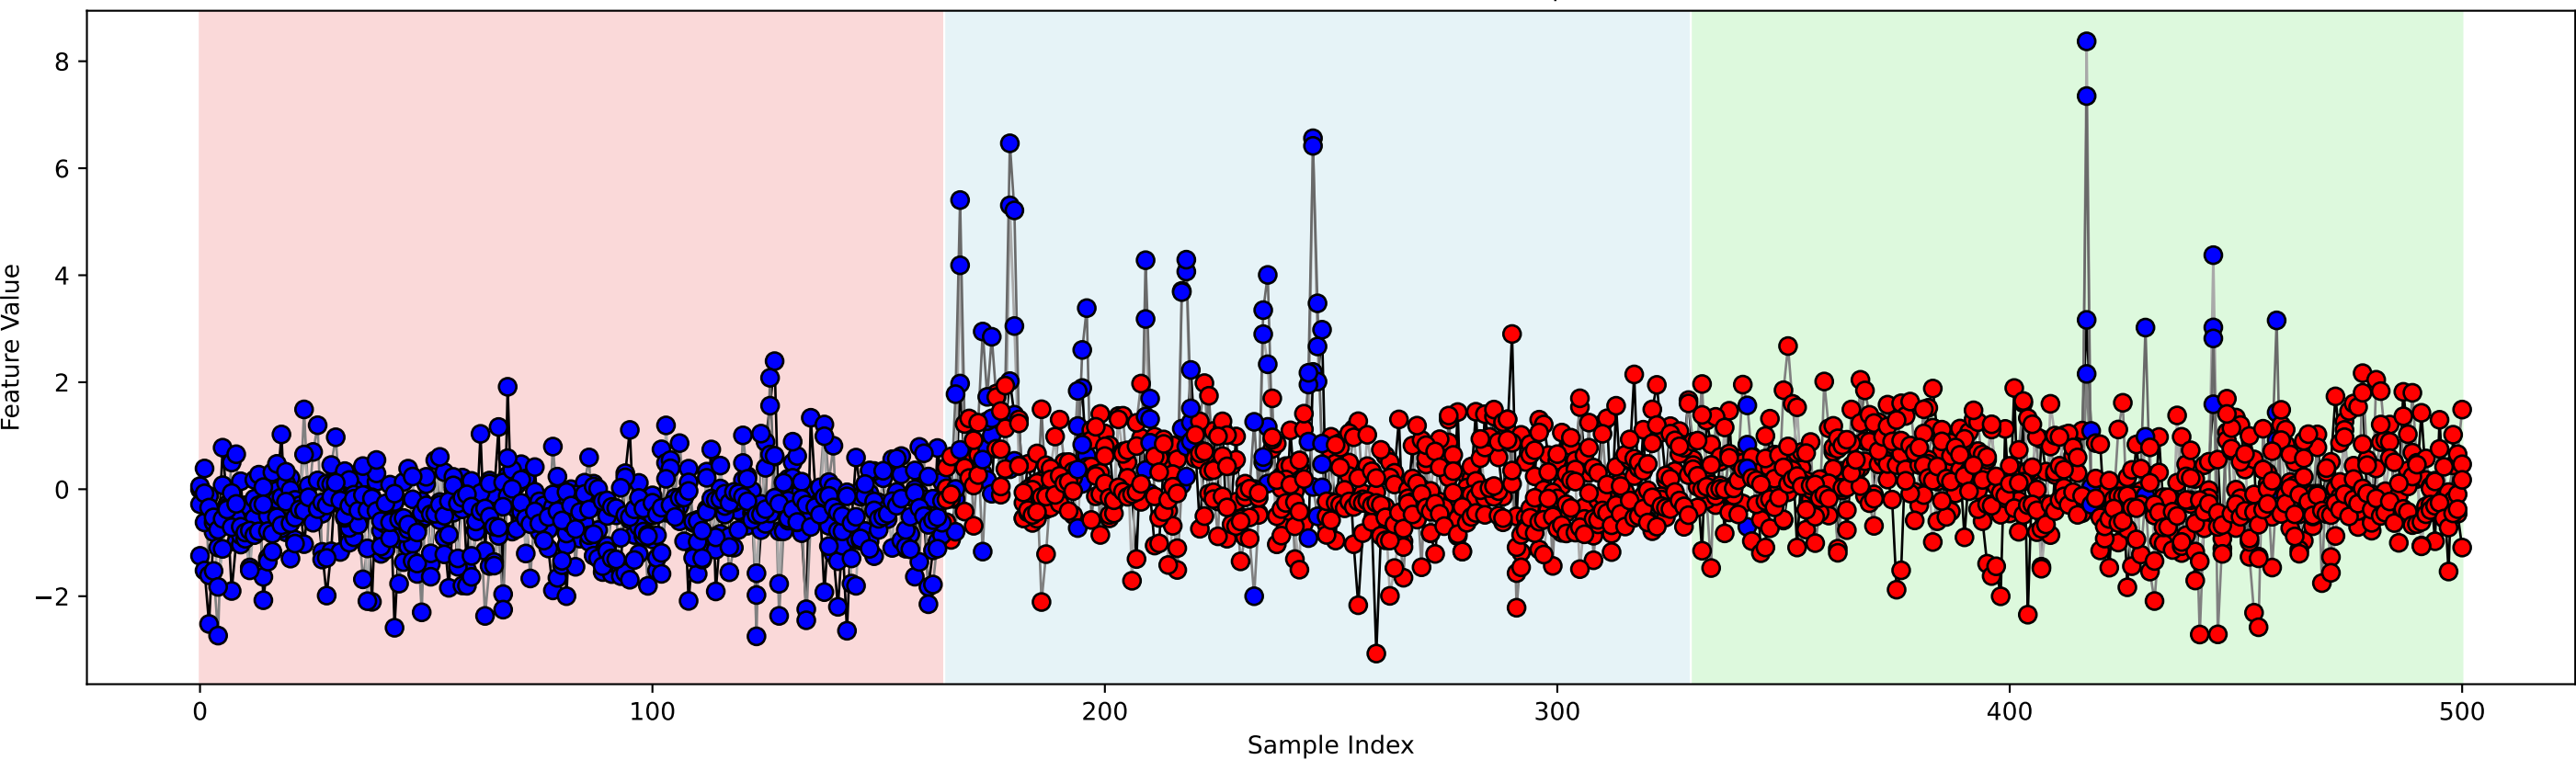

Feature Contribution for Patient p59 (PCA Loadings)

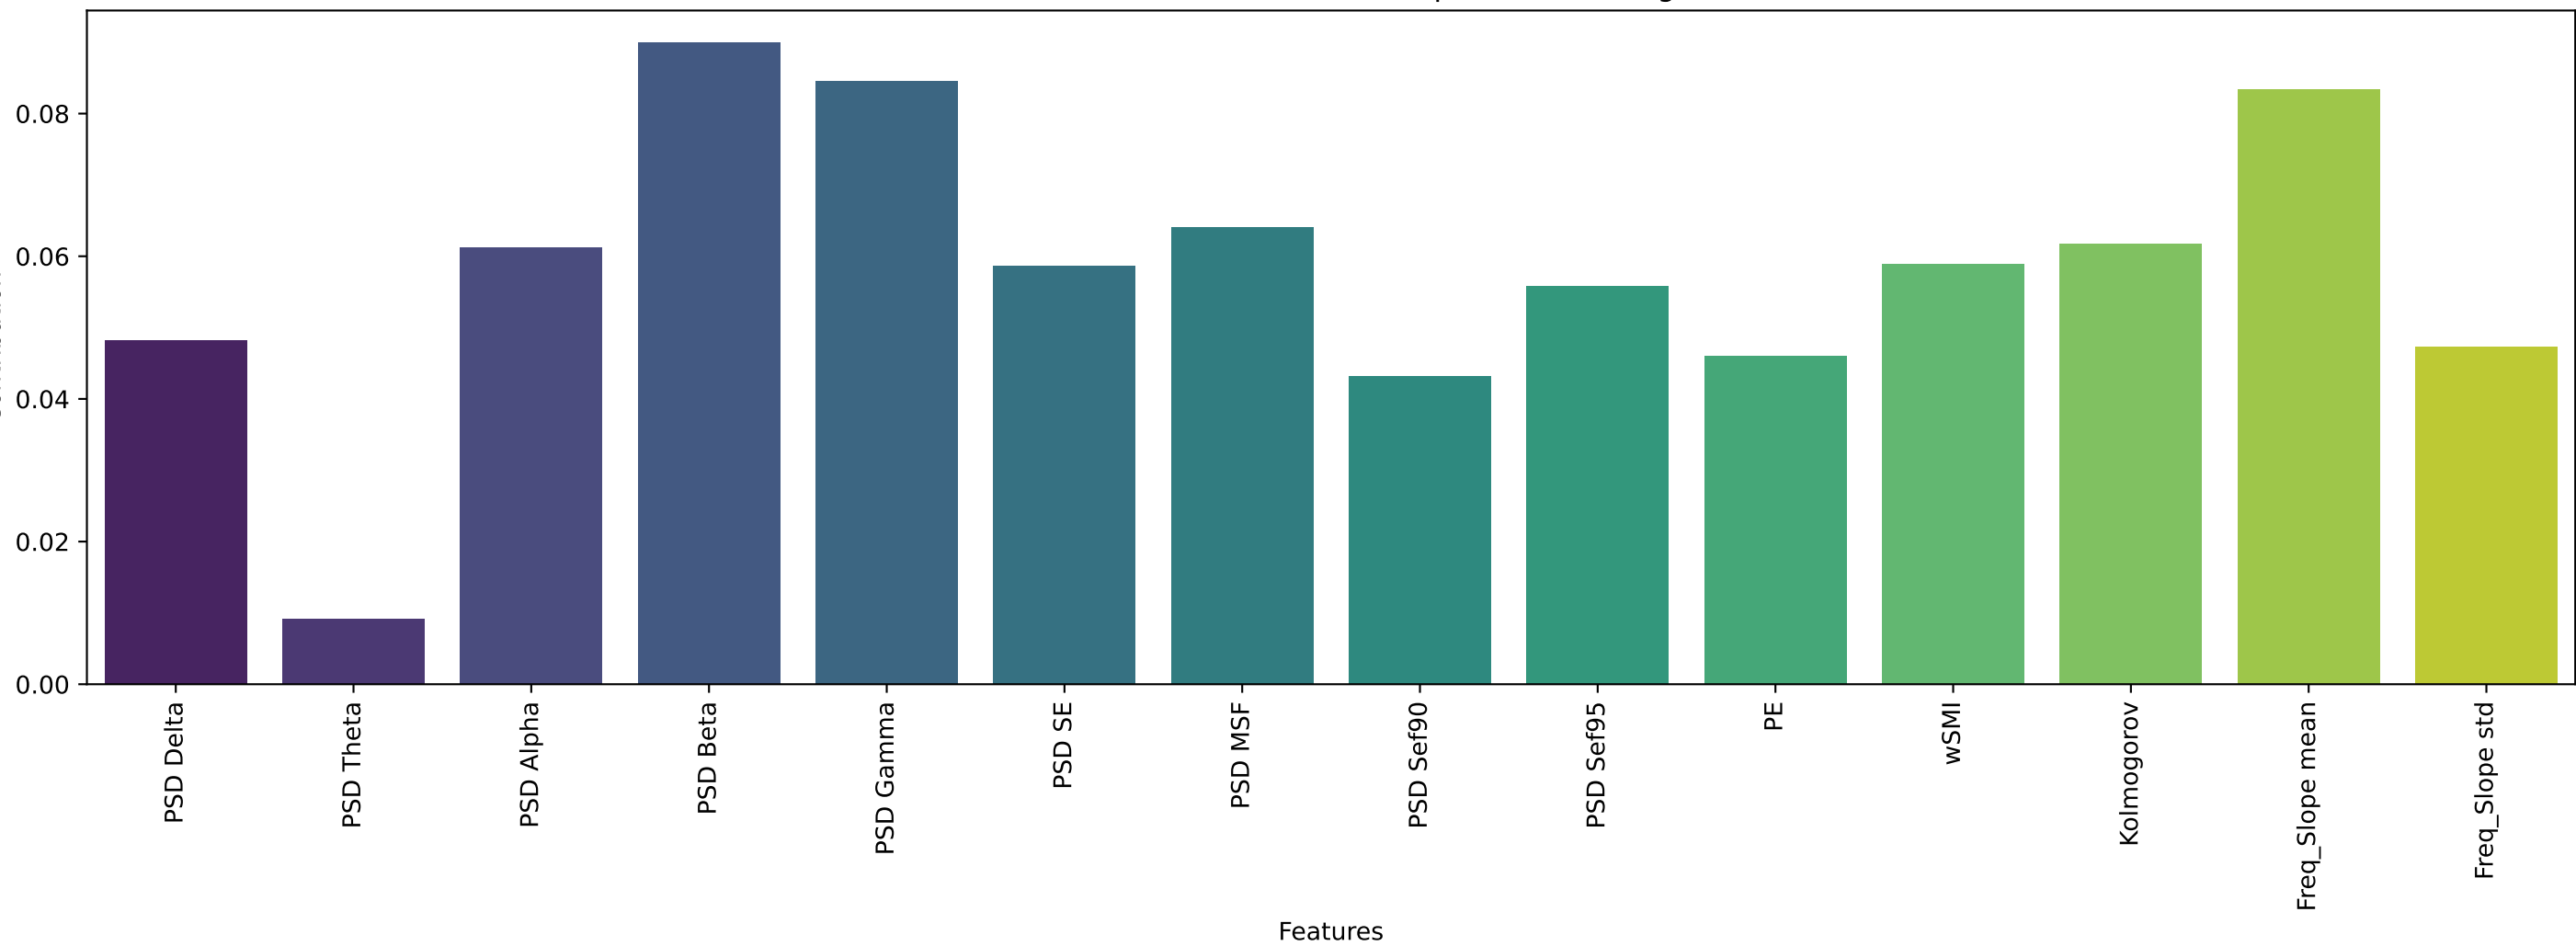

Clusters for Patient p5

EEG Features with Clusters for Patient p5

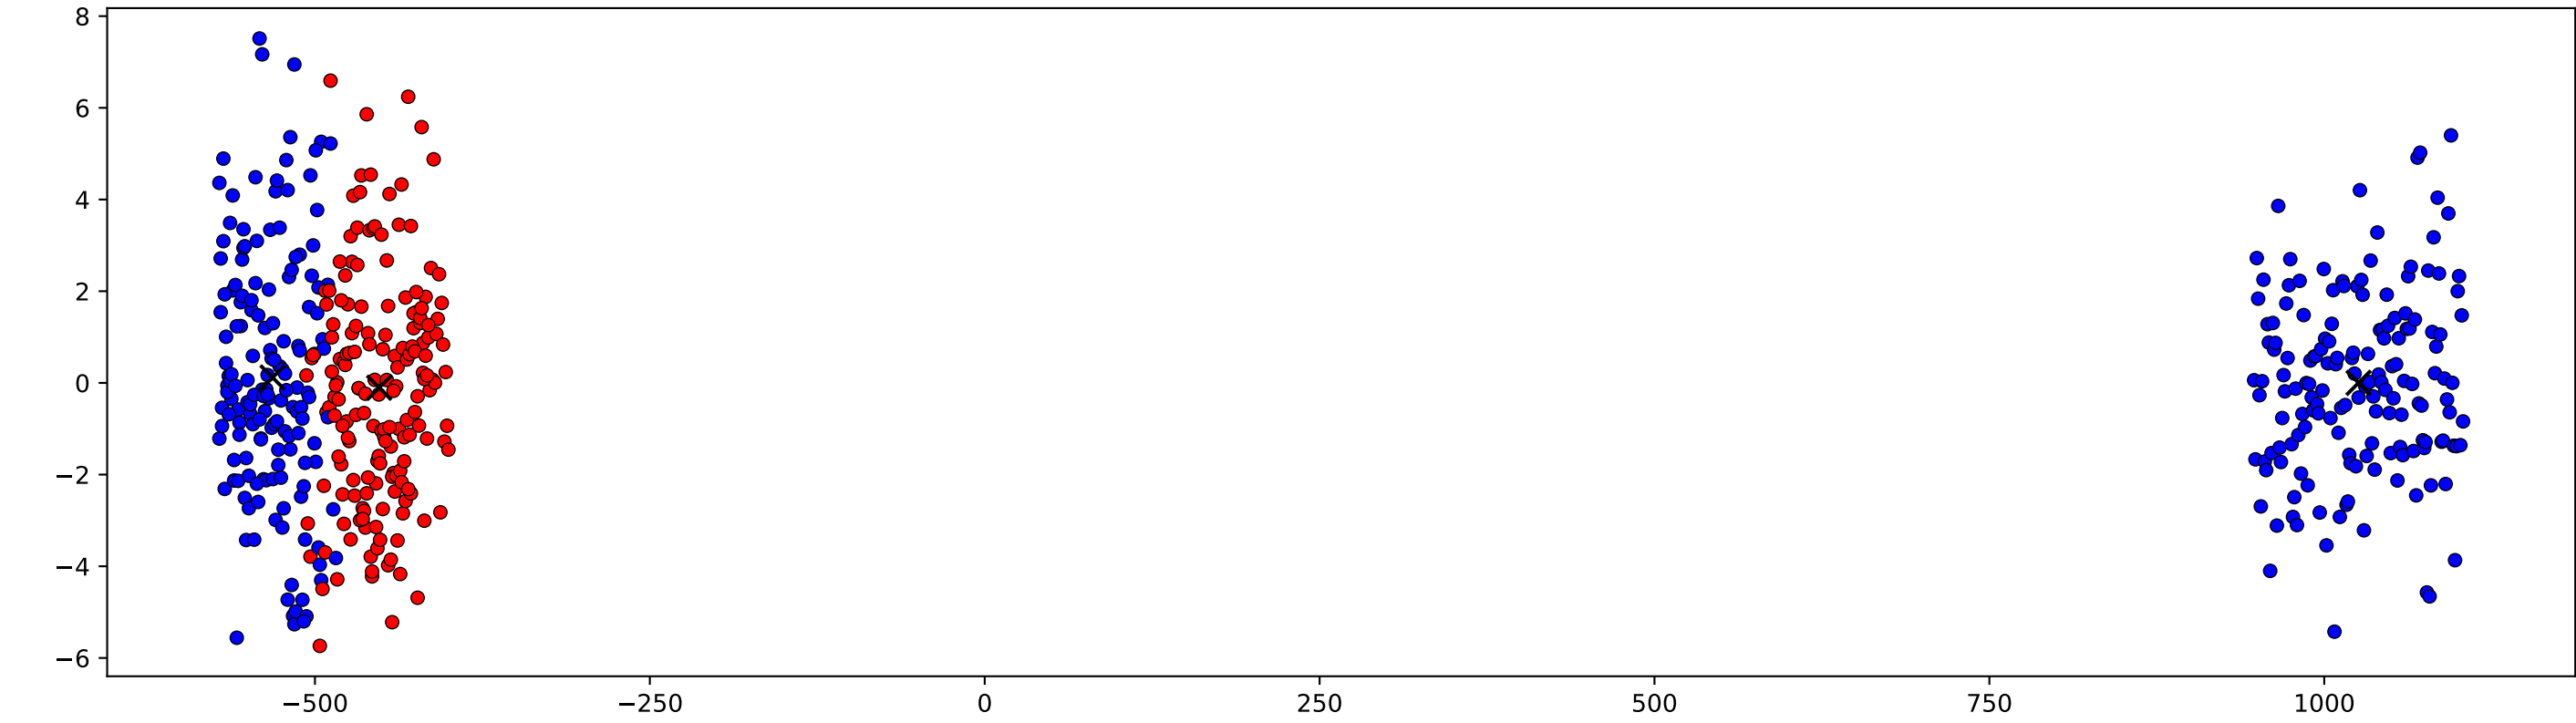

Feature Contribution for Patient p5 (PCA Loadings)

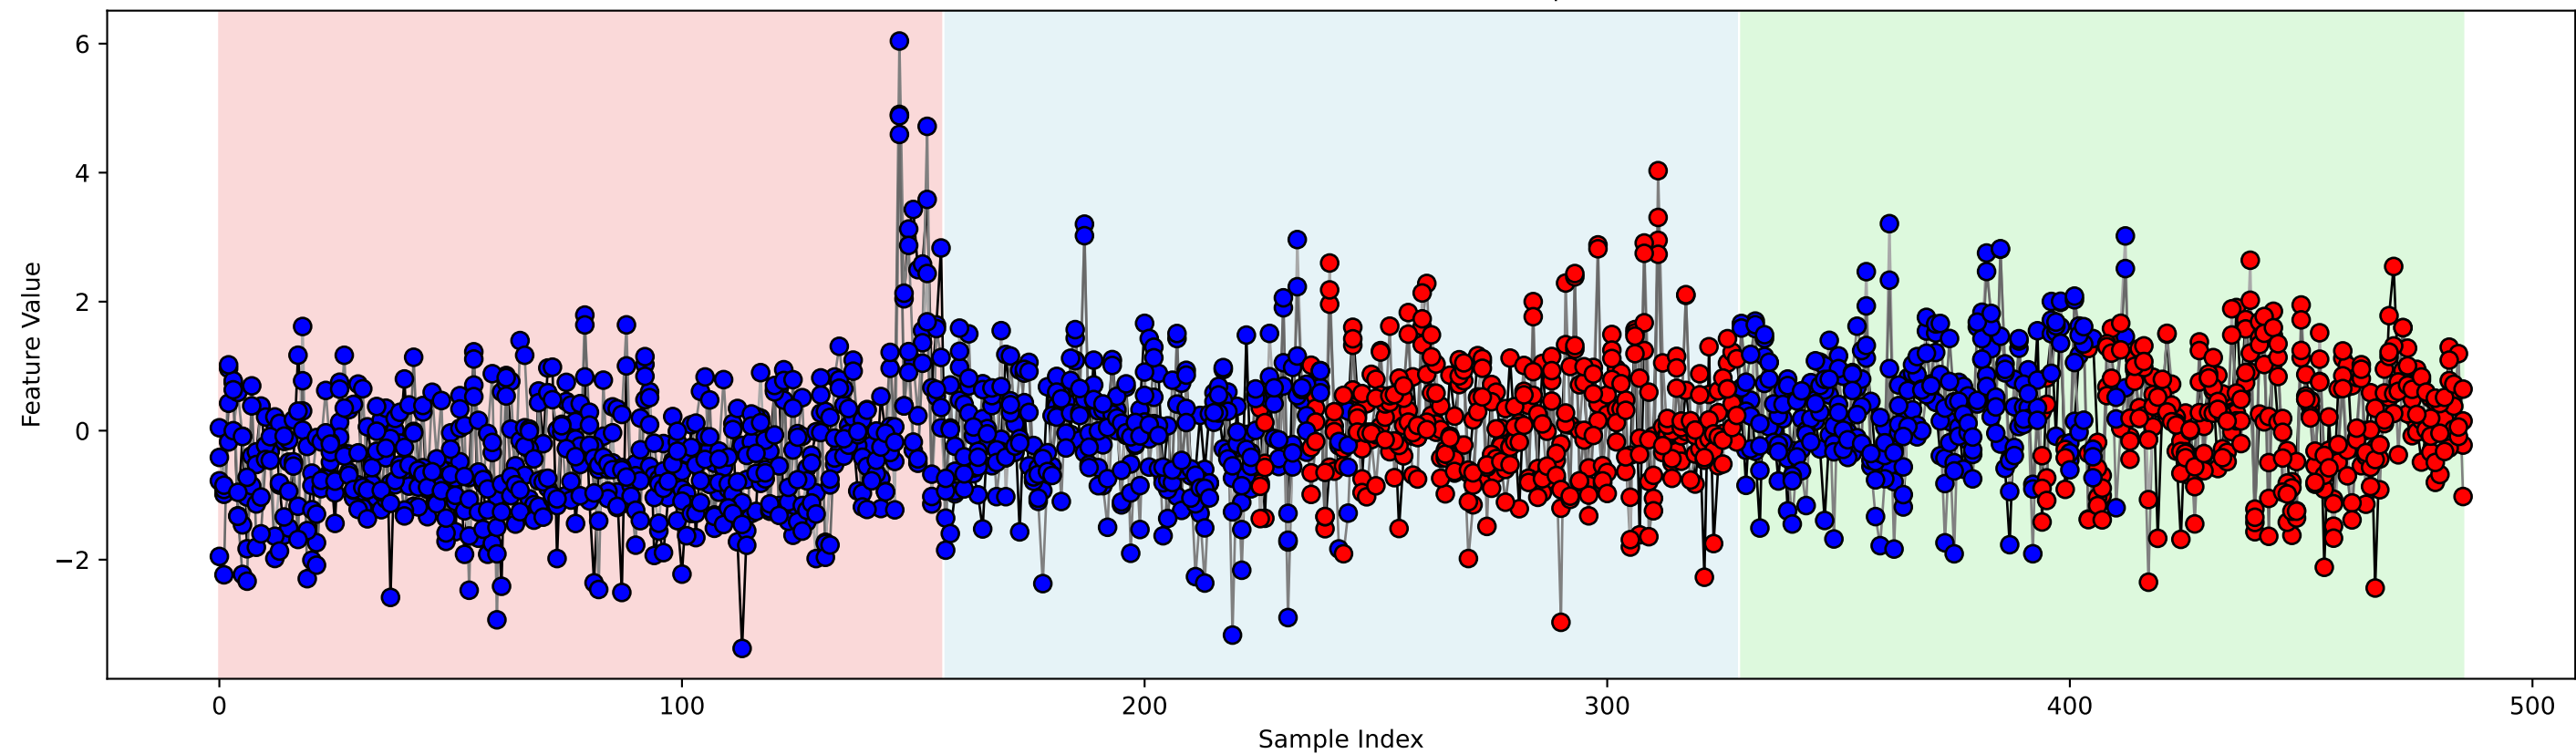

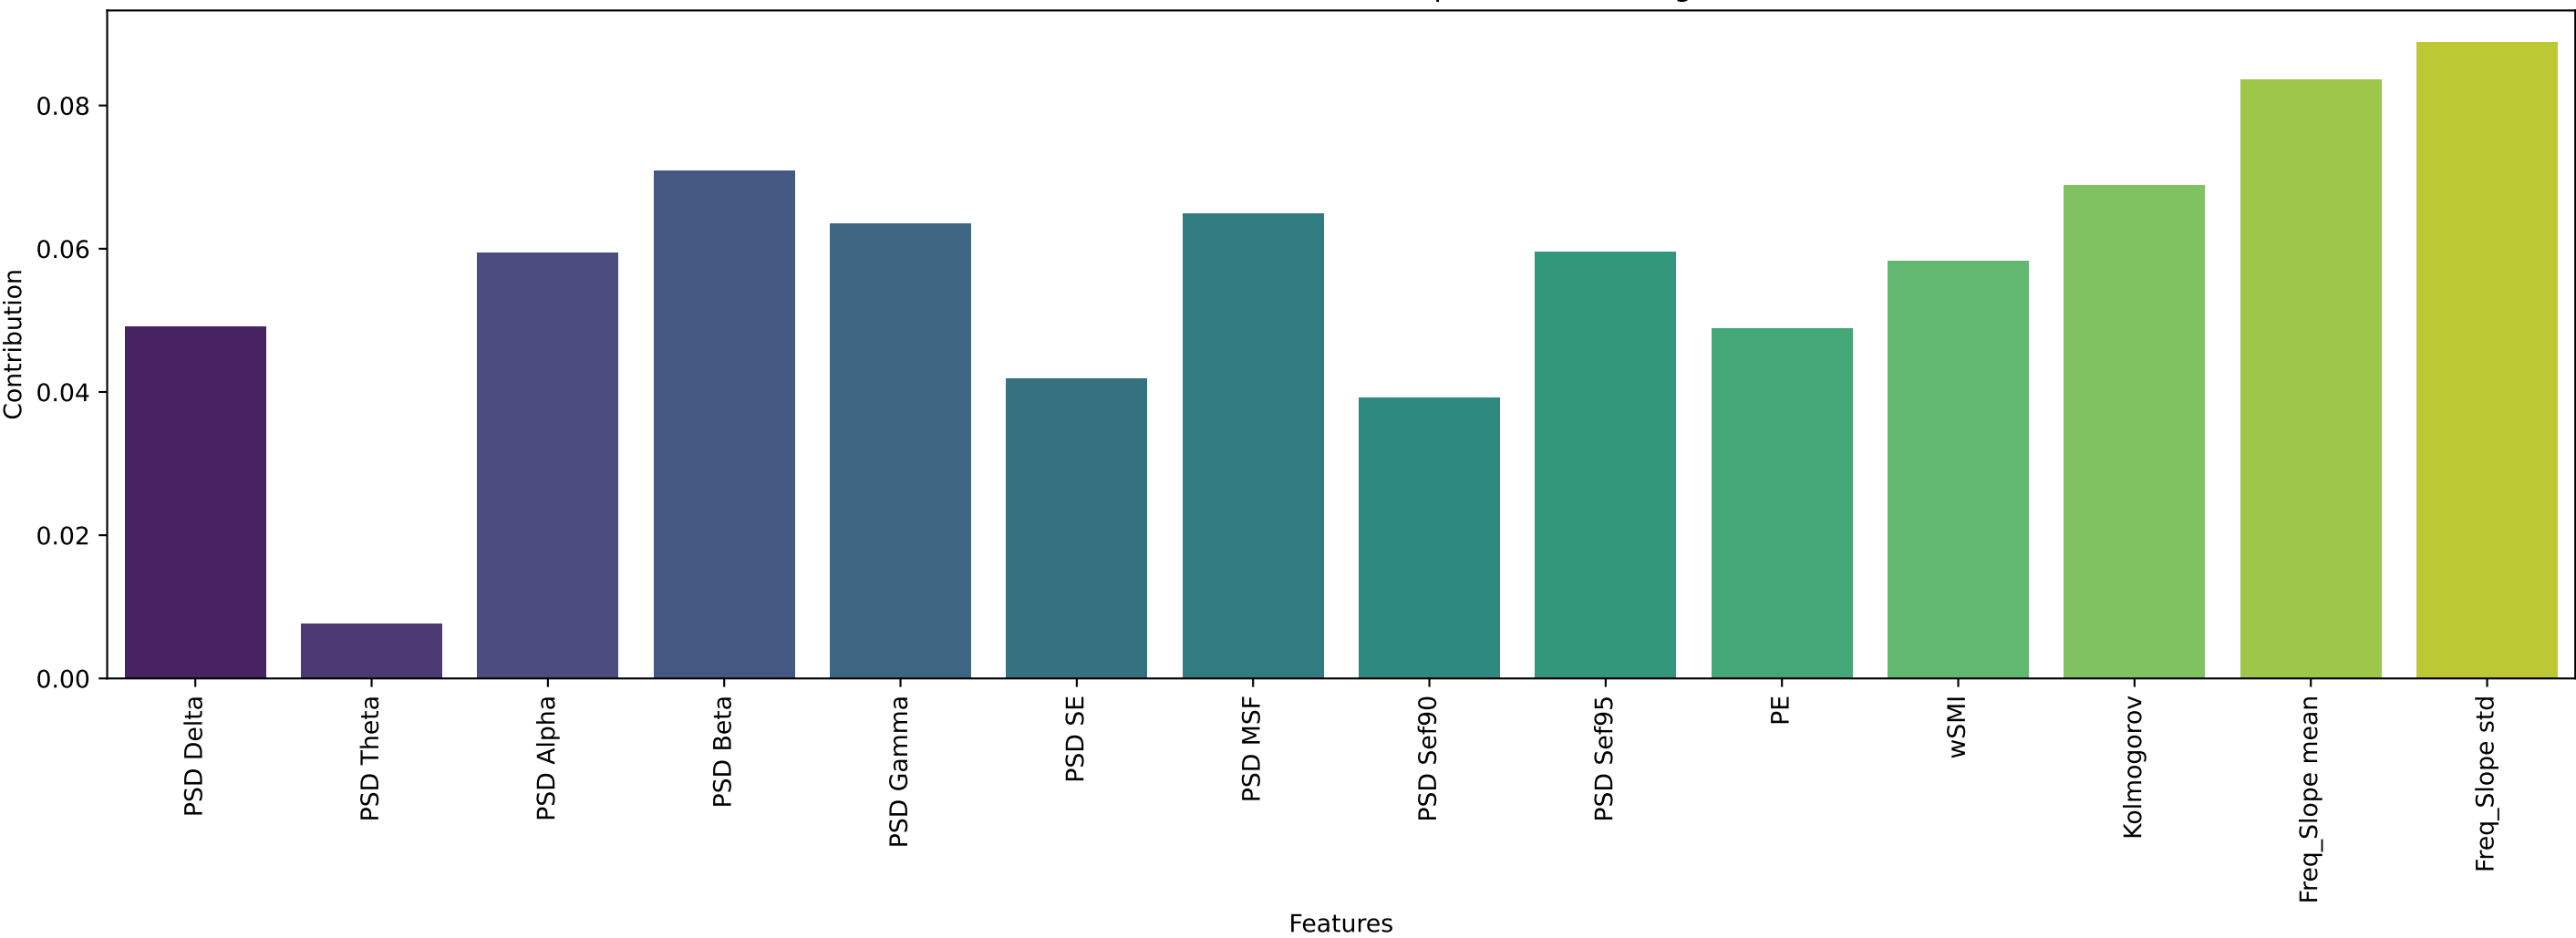

Clusters for Patient p60

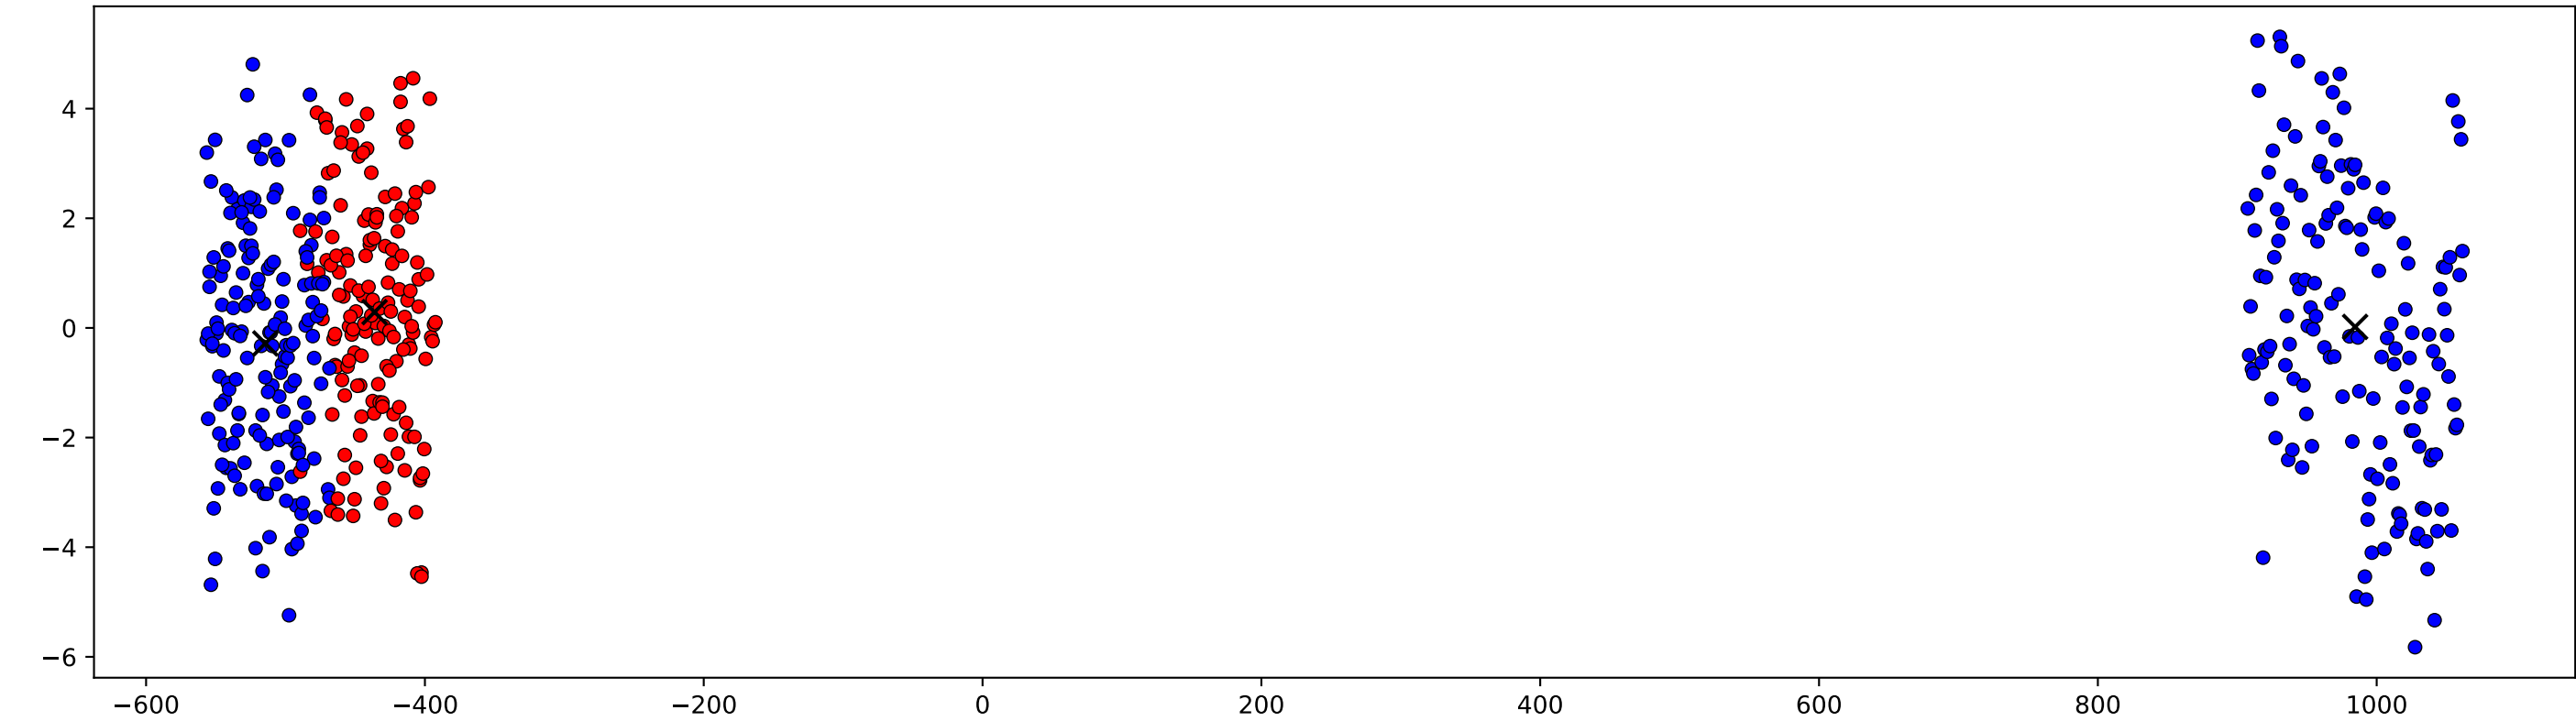

EEG Features with Clusters for Patient p60

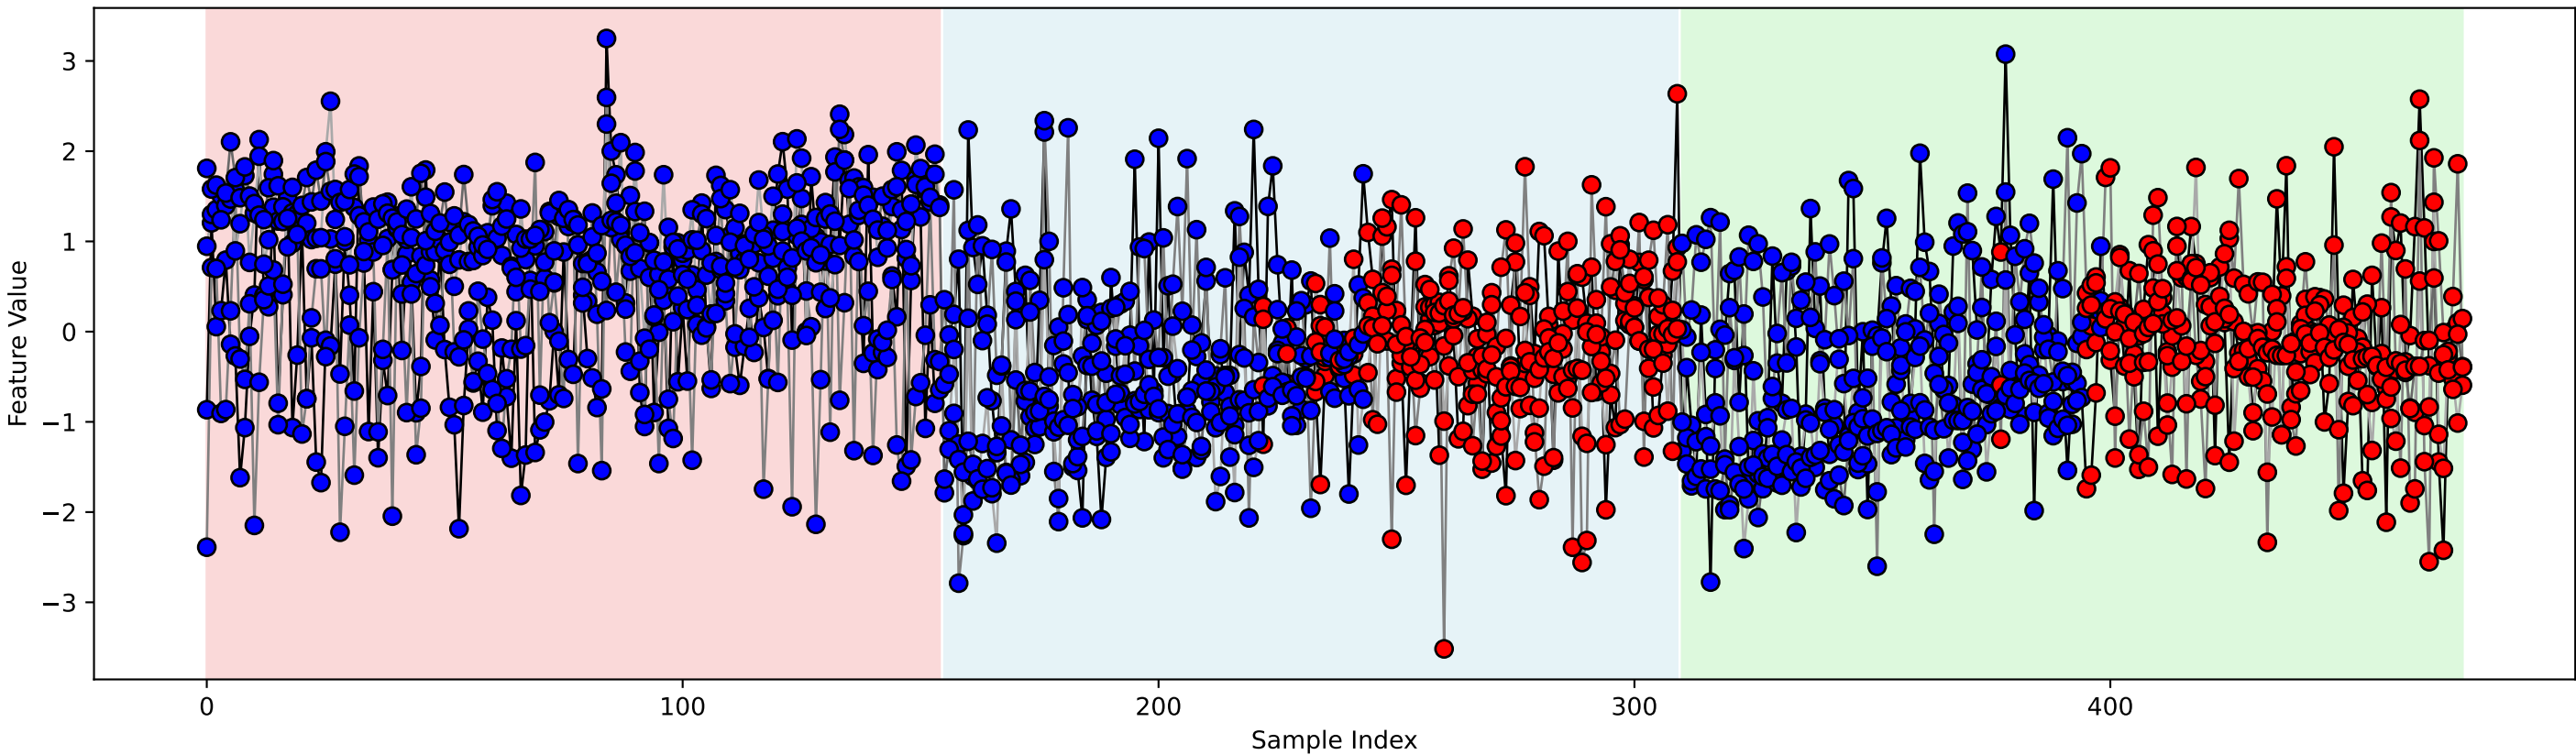

Feature Contribution for Patient p60 (PCA Loadings)

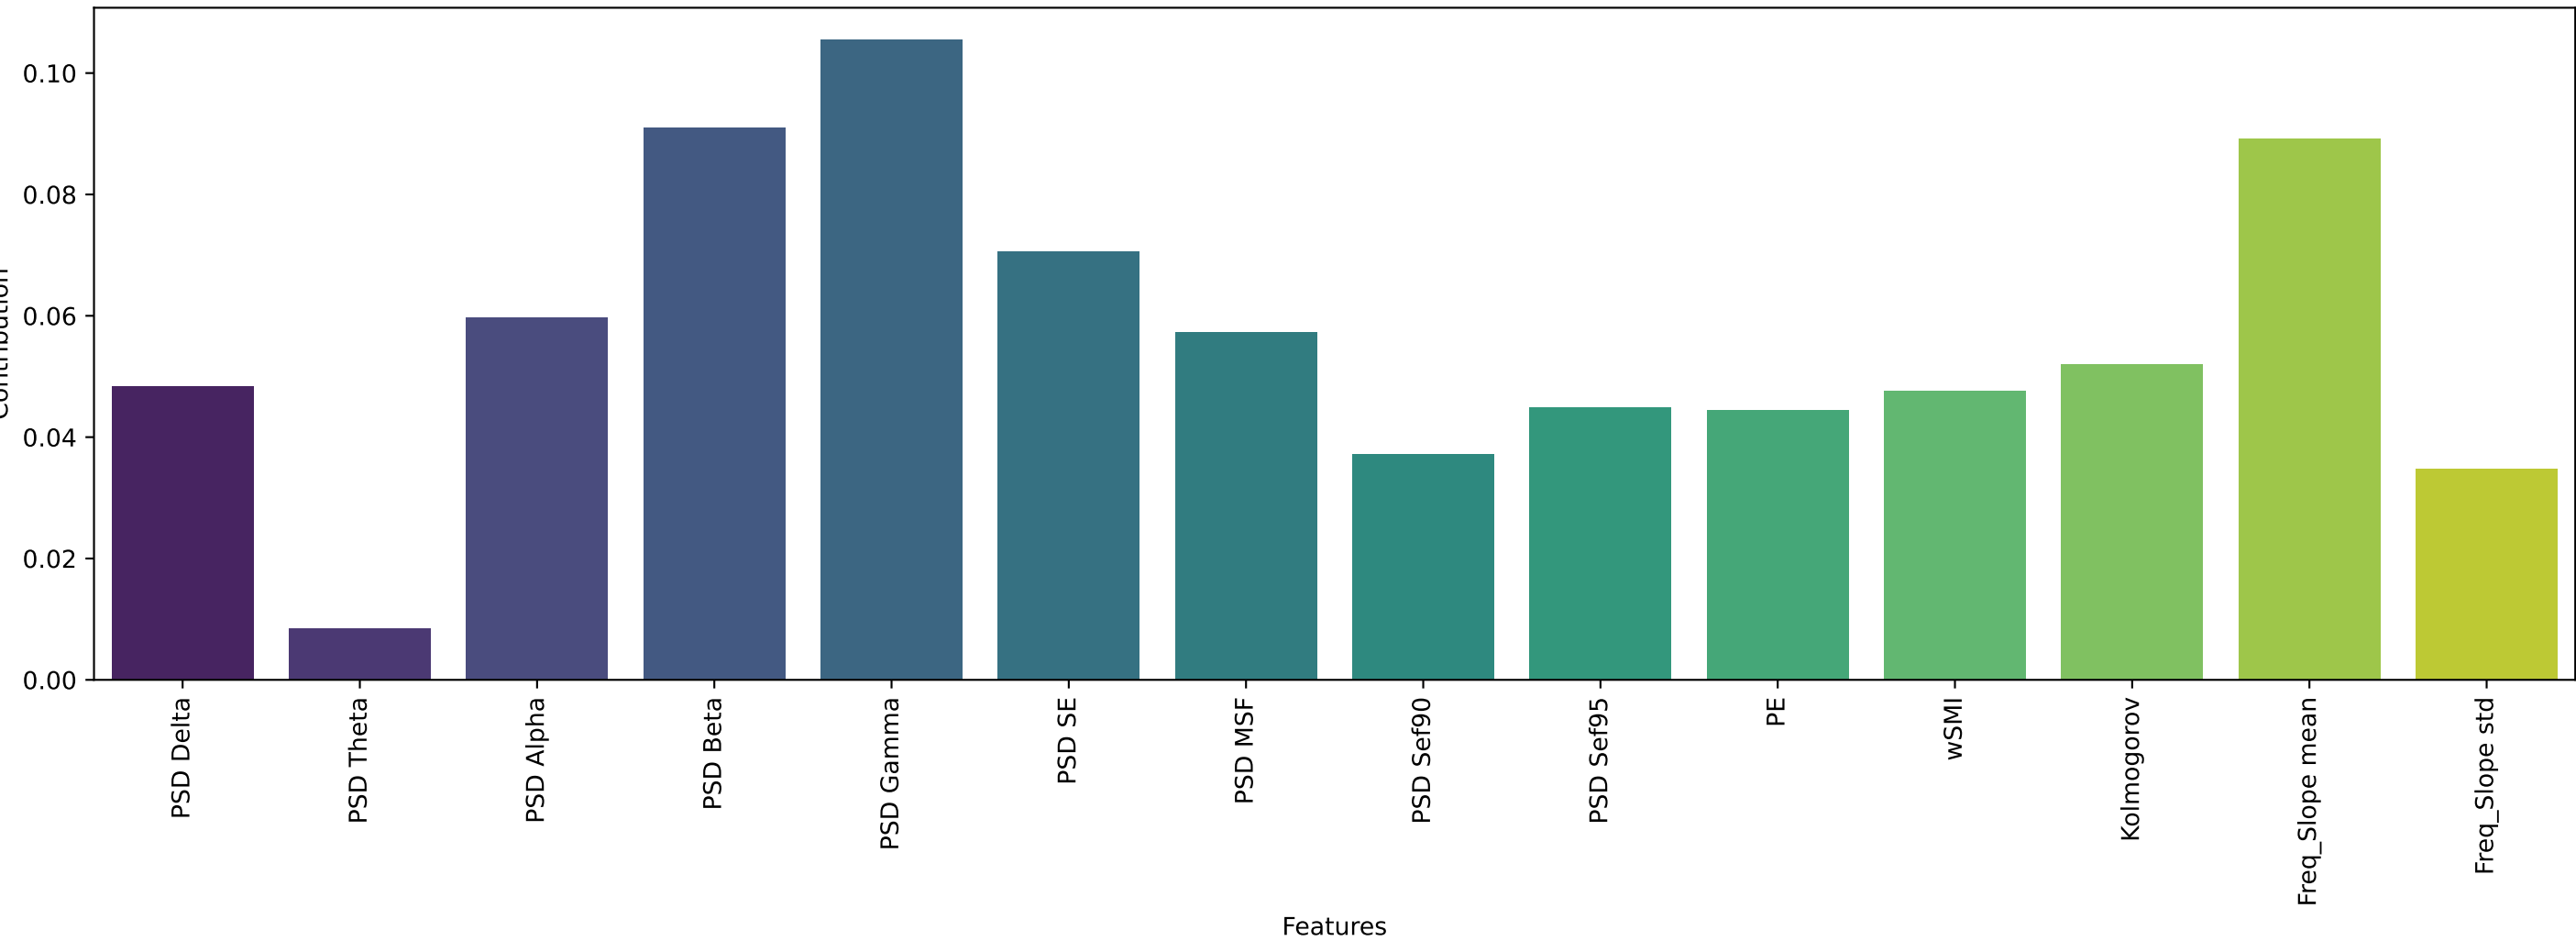

Clusters for Patient p61

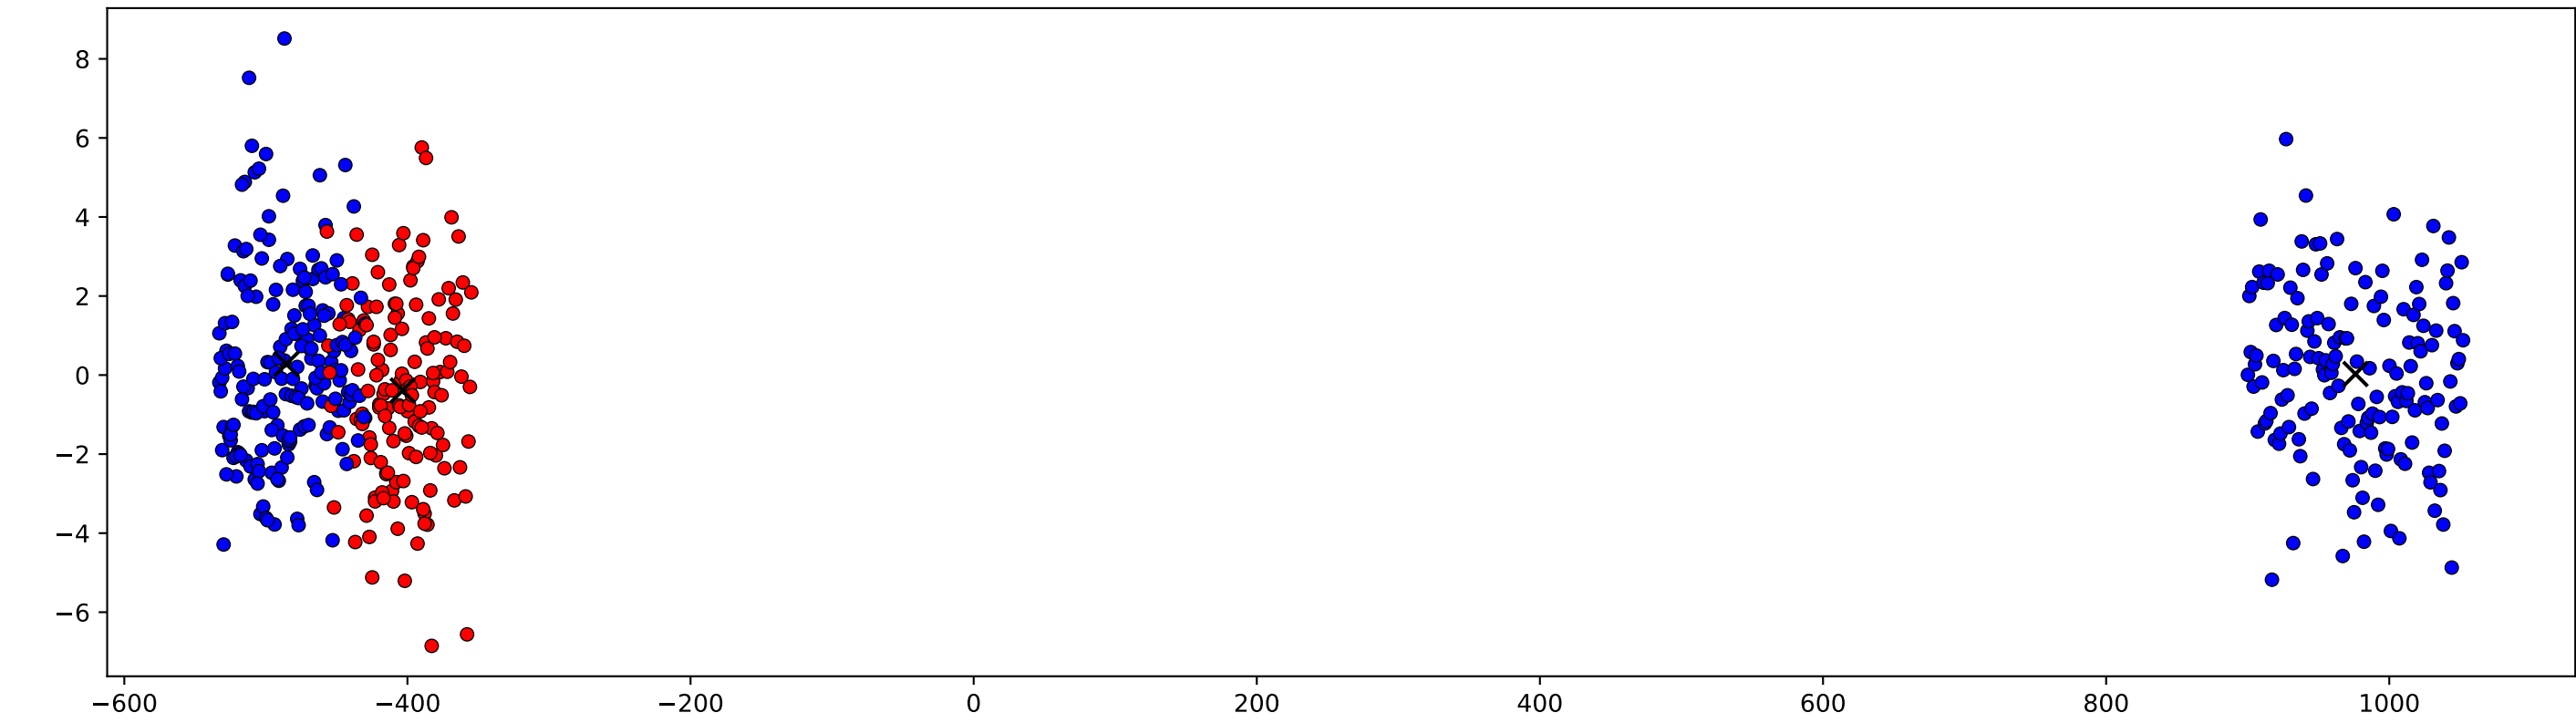

EEG Features with Clusters for Patient p61

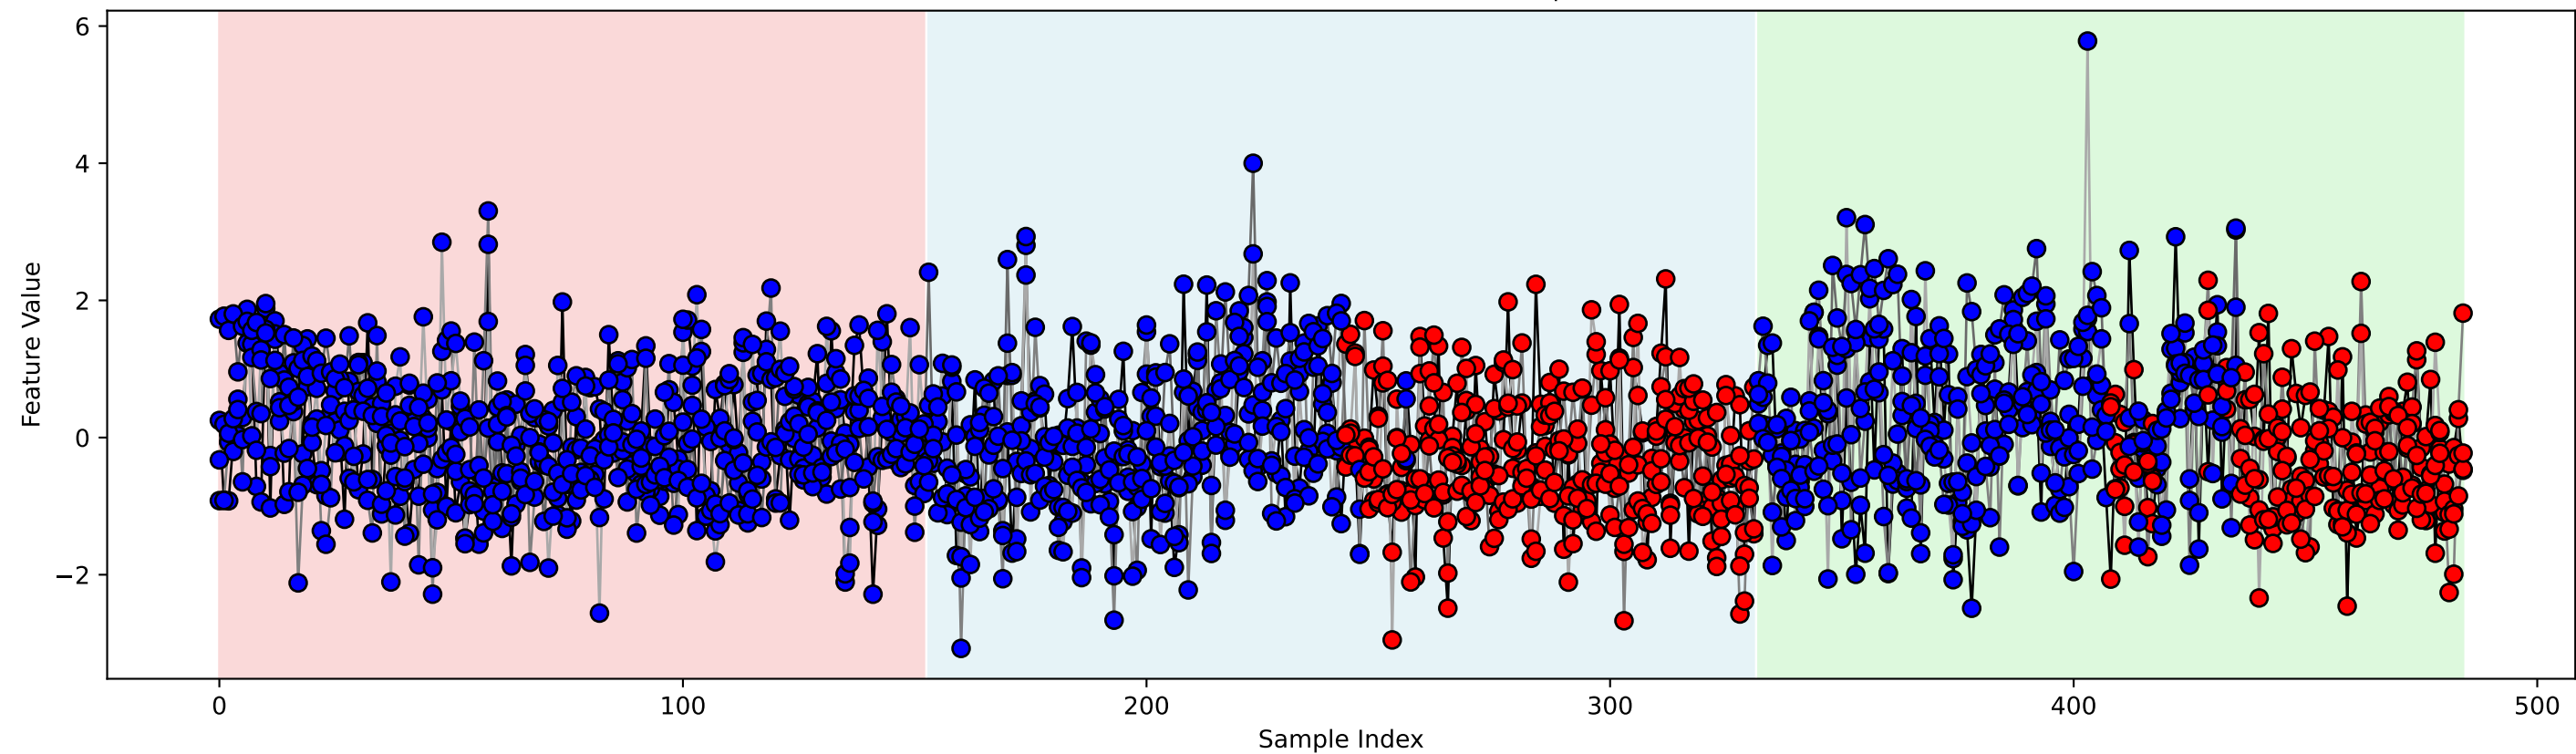

Feature Contribution for Patient p61 (PCA Loadings)

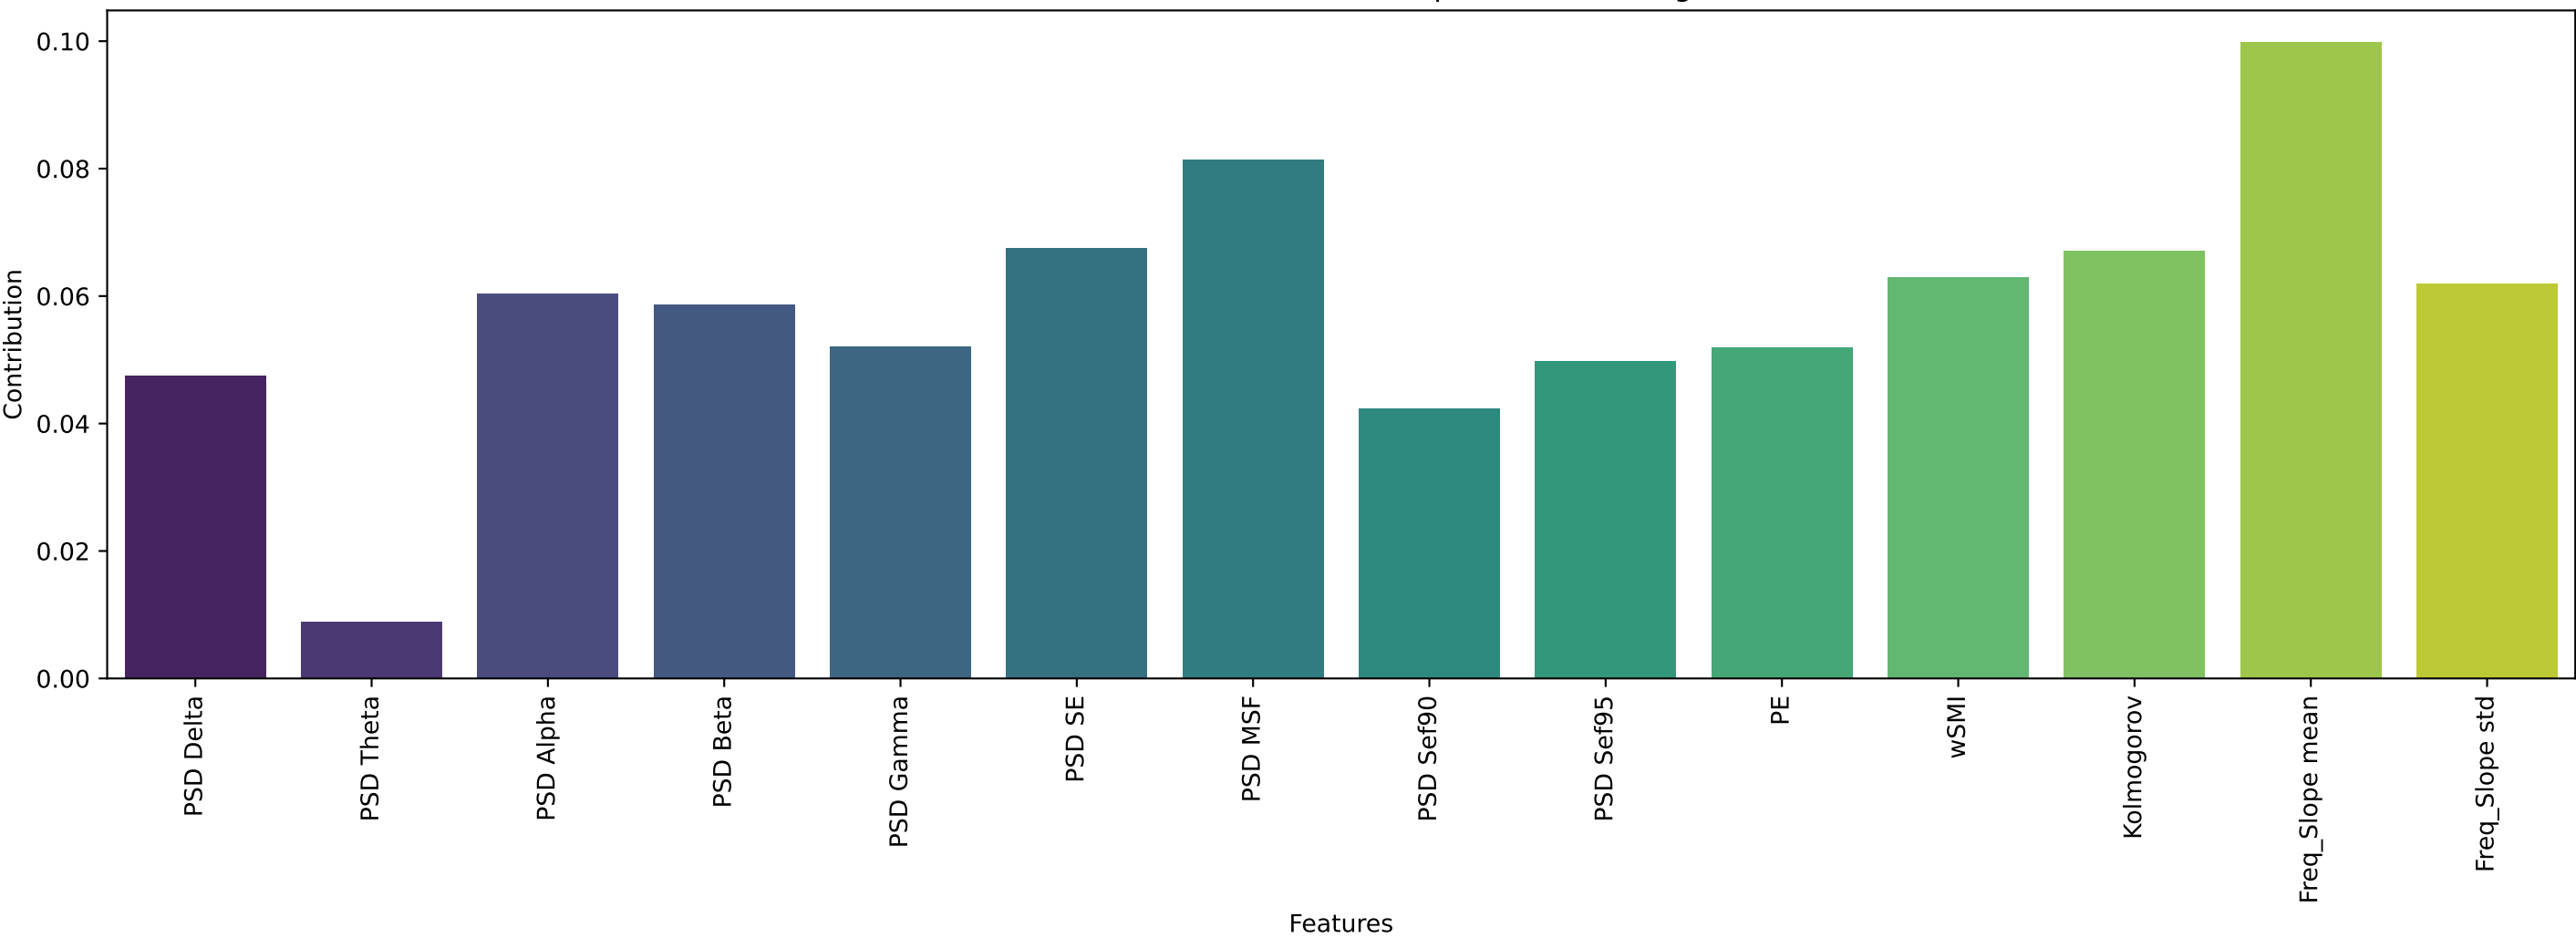

Clusters for Patient p62

EEG Features with Clusters for Patient p62

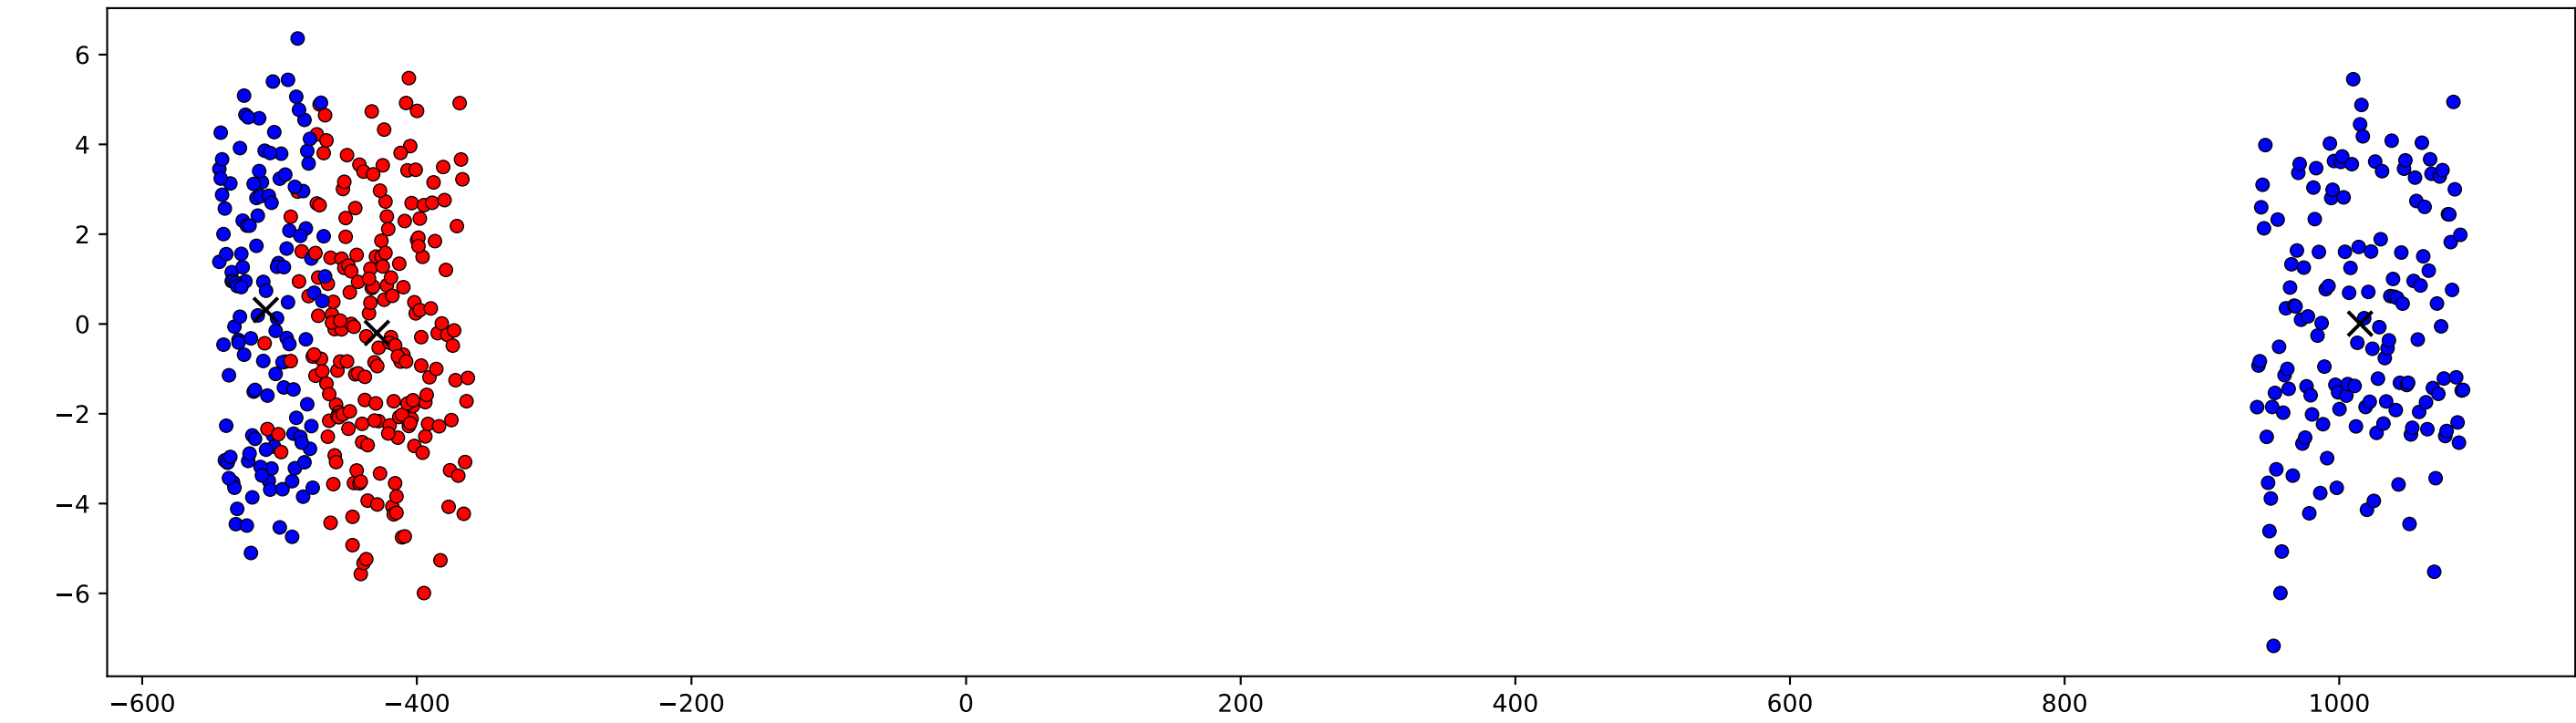

Feature Contribution for Patient p62 (PCA Loadings)
